The telephone at the Taneytown Community Swimming Pool has not been installed yet, but will be June 28. It will be a semi-public pay phone and the number will be available from information to those wishing to call the pool.

The Executive Committee met Tuesday evening at 9:00 P. M. and found pool management and operation highly satisfactory. Manager Richard MacPartland, reported a need for more storage space for chemicals and cleaning equipment. The Jaycees will be asked to donate the Santa House formerly used at holiday time in the business district since Santa now prefers to visit the children in the stores and "uptown" rather than in his house.

MacPartland also reported one injury resulting from a wind-borne life-guard umbrella. The umbrellas are now securely fastened in their bases. Also, that there is a need to encourage patrons to refrain from leaving clothing and valuables lay on bathhouse benches; hooks will be installed in each dressing room and patrons are reminded to use the locker baskets to check valuables at a fee of 25 cents per day.

Family and individual season tickets, and pledge payments and pool fund donations, may be purchased and made at the pool office, during regular pool hours; the pool opens daily at noon and closes at 9:00 P. M.

The Carroll County Board of Health has inspected the pool again and finds it satisfactory for public use. However, the inspector recommends more pressure at the one water fountain and a check of the flow-rate in the pool. The contractor, Ira C. Rigger, will be required to adjust the flow rate to meet Health Department Standards immediately and also to adjust variations in chlorine levels in different parts of the pool per the construction contract.

Parents are urged to keep children away from the filter unit; during the first few months of operation it is necessary to have the lid opened during operations so frequent readings of apparatus can be made. There is danger of injury if a child gets too close, falls in the filter, or tampers with the lid support beams!

The Red Cross Learn-To-Swim program will be conducted July 12-23 at the Taneytown pool for students in the Taneytown School District. Registration will be held at the pool at 9:00 A. M. July 12. There is no charge for these lessons.

Cecil Lewelling will investigate methods of roughening the concrete in the vending machine area and in the bathhouse doorways where water makes it slippery and dangerous. Patrons are asked to walk carefully until the concrete can be improved.

Average daily attendance for the first three days of this week was about 210. On Tuesday, for example, there were about 280 persons at the pool.

Report of Maryland Municipal League Conference

The seventeenth annual Conference of the Maryland Municipal League got underway at the Commander Hotel in Ocean City, Md., on Sunday, June 20, at 2:15 P. M. with delegates Mayor Perry and Councilman George Naylor, Jr., representing Taneytown.

Sunday afternoon's topic was on Tools for Planning Implementation with Workshop on Planning Implementation following the topic. Baltimore City's Deputy Director of Planning, Joseph M. Copeland, spoke on the many planning problems they have had in their planning for the future. Planning procedures were discussed and could be adopted to situations by towns of any size. Many procedures discussed were actually used in the planning and construction of Taneytown's own swimming pool project. Comments were made to the effect that the success or failure of a project reflects the planning that preceded the success or failure.

Sunday evening featured a reception for all delegates in the Beach Lounge, dinner and an address by the Honorable Carlton R. Sickles, Member of Congress. Congressman Sickles spoke on federal, state and local governments and suggested an additional member to the President's cabinet representing urban areas since 75 per cent of our people live in urban areas. He spoke of the expected megacities predicted for the Boston to Norfolk area.

Monday morning, Mayor Hugh Cropper of Ocean City welcomed all to the annual Conference and commented on Ocean City's annexation problems and bus service problems. These have now been solved by actual annexation north to the Delaware line and by taking over the bus franchise and now the operating of three transit buses by the City of Ocean City.

The topic for the morning session was Municipalities and Sanitary Services. The speaker was Senator William S. James of Harford County. Problems discussed were water pollution, land pollution and sewerage problems. Many towns throughout the State have no sanitary sewers and many of the present sanitary sewers are inadequate. Problems in regards to subdivision septic tanks were discussed.

Monday afternoon, the War on Poverty was discussed as it applies to all cities and towns in the State of Maryland. One out of every five families are poor in income, housing, health, education or job training. It is up to all the various levels of government to plan for the future of these families in what is now the richest nation in the world.

A Panorama by the National Association of Home Builders was presented to show how necessary it is to have orderly development in all of our new housing developments if we are to have attractive cities and sufficient recreational facilities. After viewing these films, the citizens of Taneytown are quite fortunate to have the recreational facilities available in our own Taneytown Memorial Park. Taneytown's facilities can be rated along with the best in the State of Maryland.

The annual Clam Bake was held in the evening followed by a dance in the Beach Lounge—courtesy of the Town of Ocean City.

Tuesday morning, Dr. Paul D. Cooper, Director of Maryland Bureau of Fiscal Research, spoke of the inequities of our present State taxation structure, the need for additional revenues for municipalities and the report of the Cooper Commission set up to review the present tax structure. Various municipal representatives spoke on how municipalities would be affected by the interim report and how additional revenue would be given back to the municipalities under the recommendation of the Cooper Commission.

Senator Harry R. Hughes of Caroline County gave a legislative review of the last session of the legislature and called attention to those things affecting the towns and cities of the State of Maryland.

At the annual luncheon, the Attorney General of Maryland, Thomas B. Finan, spoke on legislative reapportionment and the effect it would have on municipal governments.

The theme of the entire conference was on Community Planning and Development in our Changing Times and to keep abreast of the population explosion. The program as set up was interesting and quite informative. Like problems in different towns of Maryland were topics for discussion in small groups of delegates both before and after meetings; a very worthwhile get-together. The conference adjourned at 2 P. M. Tuesday afternoon of this week.

75th ANNIVERSARY OF FEED COMPANY

A Full Week's Program Held at Taneytown Grain & Supply Co.

The 75th Anniversary and Customer Appreciation Days, celebrated by the Taneytown Grain & Supply Company, culminated the week's activities with the attendance registration of 475. Some of the highlights of the week's activities was the beautiful float decorated by the Taneytown 4-H Girl's Club in honor of the 75th Anniversary of the Taneytown Grain and Supply Company. On this float with the Maryland State Dairy Princess, Miss Jane Amos, with her court of eight 4-H girls, depicted June Dairy Month and encouraged the use of more dairy products.

The voting for a 4-H member to receive a calf in the popularity contest came to a close at 3:00 on Saturday with the awarding of the registered dairy heifer calf to David Hohman receiving 115 votes and Sylvia Stonesifer as runner-up with 75 votes. There were 21 names in competition, getting a total of 435 votes.

The Carroll County Ramblers entertained of good music and fun products and cookies, in a good mood all afternoon. The remarks by Mr. Norman Baumgardner, Mayor Raymond Perry, the City Council Chairman, Neal Powell, assistant County Agent, Walter Bay and Mr. Norville Shoemaker, who is President of the Board of Directors of the Company, pointed to the fact that the stable management's thorough planning and steady growth have been the main factors of the 75 years of life of this company.

The stage prepared for this occasion in front of the office building of the company was beautified with the presence of the newly selected Dairy Princess from Frederick County, Miss Sue Carole Adams and the new Carroll County Dairy Princess, Miss Carole Ann Armacost. Refreshments were served by the Dairy Princesses, consisting of dairy products and cookies.

The Master of Ceremonies, Mr. James Lee, district representative of Ralston Purina Company, introduced the activities and made presentation of drawing prizes throughout the afternoon.

Franklin Fair was introduced to guide a tour of the mill and buildings of the company which included the facilities of grain handling, the erection of grain dryer and grain storage, facilities of grinding and mixing and immense quantities of building materials and supplies, kept to give good service to customers.

The attendance of the afternoon activities was affected due to the fact that the week preceding was damp and poor for haymaking. The bright sun and brisk air was a temptation for the haymaker and barley harvester. The six calves that were consigned for the afternoons sale did not prove to have the buyers to value them by auctioneer, Gus Shank, as they were animals with good history and fine frames for show cattle.

A number of the older attendances at the Saturday afternoon affair were spirited with the square dance demonstration by eight senior members of Carroll County. Memories and fun with spike driving contest, pie eating contest, and rolling pin throwing contest kept the attendance in good spirits and made them feel that an afternoon was well spent.

The strikers are asking for, mainly, a new contract with the factory officials and they claim they are making some progress.

'SPICE 'N' EVERYTHING NICE' (Your Chatty Column)

With all my heart, I wish you every morning
A smile that shall last until the next day's
I wish you health-life's greatest wealth;
I wish you always near so that I may help
to cheer
Each future day and in some way—help to
bring you happiness!

Believe it or not, the heat's on! And it is quite comfortable this cool, cool dismal day. There will be plenty of hot ones to come! Have you noticed that we do not have the delightful "Spring" any more for it seems that the Winters go right in the Summers?

Was so sorry to have missed the "Pool Dedication" but due to a wedding at 2 o'clock it was impossible.

Twenty five years ago, my minister and I were guests at the wedding of the bride's father and mother! The wedding was in St. Elizabeth church in Baltimore and the bride of 18 years of age was really a dream. She models wedding gowns exclusively so you may know the type of gown she selected for herself! She is also a secretary and is a beautiful blonde. The great grandparents were Polish people but all the remaining generations were born in Baltimore on the bride's side of the house and yet it was all carried out in a Polish manner as to their big feast at the hall. The young priest who officiated had the most wonderful personality as he performed the ceremony. He had a beautiful smile and was so very different from the real serious type. We had a delightful conversation at the real Polish meal. He appeared the most as 22 years of age and was just 32! As the meal was almost finished, relatives remove the bride's veil and a very sacred hymn is sung by all those present in Polish with the meaning that the bride is no longer a girl but a woman and the Blessed Mary should Guide and protect them! Everyone was in tears—those who understood the words. Then a little cap is placed on her head. After that everyone wants to dance with the bride and as they do so another relative stands with a large apron in which money is placed by the dancers for the couple. The wedding cake was the largest and most beautifully decorated I have ever seen (and you know, folks I have been the guest of many weddings, especially where and when my Minister performed the ceremony.) It was all over at 8:00 P. M. and the couple would not reveal their wedding trip to anyone. Cute!

And here's a cute one that really happened. . . . A school teacher with a group of children in the museum said, "Come on, children, let's get moving, if we stop to look at everything, we won't see anything!" As to that grand, "Sound of Music" went to see it over again on Saturday and I really loved it all the more and a lady sitting in front of me and who sits in the same pew in church was there and this is what she said before the show started, "I have seen this twice and this is my third time!"

Then the grand sermon in our church, Mt. Vernon Place was entitled, "Mental Renewal" and without a doubt it was one of the finest I ever heard! Then, the Minister brought in as to Maria being so confused in the show of "The Sound of Music" and then said, "All of you go to see that beautiful movie!"

Now, folks here is to those born from the 20th of June to the 20th of July until midnight — "The Crab". This sign is governed by Luna — the Moon which rules over the breast and reflective faculties. As well as giving mechanical and constructive ability. They delight in speculation, especially the men. In fact, all games of chance. When the sun reaches the sign of Cancer on its annual journey through the Zodiac, it then reaches back on its course until it reaches the Fall equinox. Like the crab, whose progress forward seems to result from a backward motion—they are retrospective. The women born in this sign are the most feminine of all the signs and are sweet. They make the ideal mothers. They are most attractive and are quite talkative while the men are very quiet and have many acquaintances but few close real friends. The men are daring and very brave, often enduring many hardships in life. They are grand listeners. Both the men and women are very kind, sympathetic and most devoted to their families. Their mental attitude changes greatly when the night comes on even the difference of a clear and rainy day! This means many times they have a tendency to change frequently to give up one job and embark on another. They are very restless and have a roving nature. They look back over the past and being very slow to adopt new methods, retard their progress and many times are quite melancholy and despondent. It is best if these people wait until a little later in life to marry as many times they are fickle. Yet these people are most tactful and diplomatic! They must learn (especially the women) to keep their family secrets to themselves! The women love home and entertainment and always are delighted in giving parties in their own homes. There really is much, much more to The Crab Sign.

Have a grand week-end, folks and be sure and make someone else happy.

Until next week D. V.

I am,
Faithfully,
YOUR OBSERVER.

Times change: the tough-minded boss used to make the help stand around; today the help stands around without being told.

HERE COMES SUMMER

Summer is here! For those interested in exactness, it made its official appearance at 9:56 A. M., Eastern Standard Time, June 21.

It's the season of vacations and fun. Almost everyone welcomes and eagerly awaits it. But, every year, that fun is brutally, bloodily and instantly ended for great numbers of people—because of careless, thoughtless and overenthusiastic practices.

The dangers are varied—but they all can be averted. For instance:

Highway driving will be at its height, and congestion will be common. Adjust and adapt your driving habits accordingly.

Sunbathing is a happy and somnolent pleasure. But too much exposure can make your vacation a time of pain—and even put you in the hospital. Take the sun in moderate doses, particularly at the beginning.

Swimming is Summer's classic exercise. Tragically, drownings run well into the thousands each season. Swimming alone, overestimation of ability and endurance, diving into unknown waters are some of the potentially lethal practices responsible.

The boating boom has reached enormous proportions. Improper boat handling, over-loading, failure to have the proper safety equipment aboard, a lack of knowledge of the rules of the road—such needless hostages to fortune as these take a heavy toll of health and life.

So—have fun this Summer. But know what you're doing and do it the right way. That is the safe way!

"GRASSROOTS OPINIONS"

PORT GIBSON, MISS., REVEILLE: "Now that the Johnson Administration is being firm in its dealings with communists in Vietnam and Santo Domingo, let us have full cooperation from the Administration, including every phase of it, in dealing firm with communists who are infesting our own country. Those who fail to see the work of communists in the civil rights movement and in education, particularly many of our large universities, have only to read of the findings of the FBI and the Senate Internal Security Committee. Such information has been given, along with the names of some of the subversive leadership in the movements."

PETALUMA, CALIF., ARGUS-COURIER: "The New York Times recently printed the following news item: 'Accrington, England—Derek Jopson, 25 years old, was informed by health authorities recently that he could have his tonsils taken out soon at the local hospital. He has been on the hospital's waiting list for ten years.' Is this what we can look forward to under Medicare in the United States?"

CORVALLIS, ORE., GAZETTE-TIMES: "There are 47 million families in the United States. One fifth or 9.3 million of these families have an income of less than \$3,000 a year and are classified as living in poverty. Federal, state and local welfare programs total \$44 billion which, if divided without all the bureaucratic strings attached, could be apportioned so that each family now making less than \$3,000 could have \$4,400. But then how would we support all those unemployed bureaucrats? There are undoubtedly many good things about the poverty program and if we ever wake up in a positive mood, we may recall some of them."

AZTEC, N. M., INDEPENDENT-REVIEW: "The government is worried over the unemployment of youth, not seeming to realize that laws and regulations, and taxes for benefits,

make it almost impossible to hire youth."

ST. LOUIS, MO., LABOR TRIBUNE: "A recent Associated Press release from Moscow told of the sad tale of Alexei Medushenko, a self-taught village fiddler. . . . An examination of the rich-toned instrument Alex played for 43 years carried the following inscription: 'Nicolo Amati, Cremona, 1645.' Thus it was learned that Alexei's violin was a priceless Amati—the teacher of an even more famous violinmaker—Stradivarius. So, for art's sake, the U.S. S.R. took Alex's fiddle away and put it in a museum where it can be looked upon but not played. Now, had Alexei lived in our communist called rotten 'capitalistic' America, he would have kept his violin, and probably been featured on TV as 'Al and His Amati' at a weekly four-figure salary; or sold the instrument for a 'hundred grand' or more, minus the 25 per cent capital gains tax, and lived comfortably ever after."

LITTLE VALLEY, N. Y., HUB: "President Johnson has asked all citizens to stay at home this year and 'see America' in order to get a better balance of payments and less outflow of gold. But the President's daughters have stated they will tour Europe this Summer. . . . Will someone please explain this for us?"

LONDON, OHIO, MADISON PRESS: "Obviously, each generation should pay its own way in life. It is grossly unfair for one generation to pass laws that impose staggering burdens on the next generation. In the case of war, in which a country is fighting for its life, one can understand the accumulation of debt. But for a country to go deeper and deeper into debt, when it is at peak of prosperity, is a cruel and unfair act directed at the young."

NORWALK, CONN., HOUR: "More than 350 Americans have been killed in Viet Nam, and the total grows almost daily. . . . In the last three years, exports by America's allies to the Viet Cong aggressors have increased 25 per cent, and their purchases from North Viet Nam have nearly doubled. . . . What the United States needs more than sympathy is allies. Perhaps the welcome announcement by Australia that it is sending 800 troops to help U.S. combat forces will cause some soul-searching among those who speak one loyalty but practice another."

KEYSVILLE-DETOUR

Greetings to you:

Our sincere sympathies are with the families of Mrs. Baxter (Nannie) Haugh and Ralph Weybright. Aunt Nannie died last Wednesday and was buried on Saturday, and Mr. Weybright, who died Saturday, was buried Wednesday. Most of you knew them or of them. This is an especially dark time for his daughter, Mrs. Dixon Yaste, for her mother's death was in April. It is true that time helps to heal the wounds of the death of a loved one, but how slowly time seems to pass when the wound is a fresh and new one.

Mrs. Clyde Wilhide and her mother, Mrs. Emory Yoder, were helpers last Thursday with the moving of the Walter Gill family at White Hall. White Hall remains the Gill's mailing address but they now live five miles from their previous farm. On Sunday, Mr. and Mrs. Carroll Wilhide returned her mother, Mrs. Yoder, to her home with the Gill family at their new place. On their return home, the Wilhides called on his mother, Mrs. Maurice Wilhide, and his sister and family, Mr. and Mrs. Francis Fry and children of Baltimore.

Demonstration Day coming up at Key High School for Carroll County 4-H'ers on June 29.

Speaking of 4-H'ers, a meeting was held on the 16th at the home of Mrs. Charles Martin near Middleburg with the hopes of beginning a club for the girls in the area who are interested. A meeting of the mothers is planned for July 2 to determine whether or not a club can be formed and carried on. Mrs. Patricia Stabler, Extension Agent—4-H and Youth, presented 4-H to the girls and their mothers at the Martin home and had three recent members of the Melrose Club with her to demonstrate what can be possible by being a member.

Visitors last Tuesday with Mr. and Mrs. Richard Wilhide and Susan and Mariann and Johnny Seibert were her grandparents, Mr. and Mrs. Kiefer Seibert of Clear Spring. Mrs. Seibert stayed on with them until Thursday. Thursday afternoon visitors in this same home were Mr. and Mrs. Steve Lee now of Lexington Park in St. Mary's County. Steve and Richard are friends from college days and Steve returned recently from a stay in France.

Callers last week at the home of Mr. and Mrs. Charles Cluts of River Dale Farm near Keysville were Mr. and Mrs. Guy Boller of Rocky Ridge, Miss Geraldine Boller of Thurmont, Mr. and Mrs. Arthur Garrett near Hampstead. Sunday evening visitors were Mrs. Madeline Stull and her

children, Amelia, Guy, Jr., and Dwight of Thurmont. Their daughter and grandson, Mrs. Hugh Heaps and Galen of Silver Spring, along with Fred McGraft (also Silver Spring) and Deryl Bowman of Canton, Ohio, spent Monday with them.

Pastor Harold Redcay was again guest speaker at Keysville Lutheran Church and spoke of taking God seriously. Do we take God seriously, he asked. Certainly our hymnals do; and he quoted from a number of them. We need to move on in our Christian education programs and hold to the fact that He is always ahead of us. When we appreciate this (that He is always ahead of us) and act accordingly, then truly do we take Him seriously! For the morning anthem, Mrs. Arthur Clabaugh sang "He." This is a lovely song and was well rendered.

The Luther League of the church met in the evening at the home of the Edward Cosuhun family near DeTour for a weiner roast as well as their meeting.

Good to report that Pastor Markley is making good progress. He started learning to use crutches last Friday and was released from the hospital on Saturday. We all hope and pray that he continues to improve and has no more setbacks.

Mr. and Mrs. Richard Wilhide and Susan, Mariann and Johnny Seibert, Jane and Beth Wilhide were Sunday afternoon visitors with Mr. and Mrs. Thomas Dolly and new addition, David Andrew, of Fairfield.

Wednesday, June 30, 7 P. M., will be the covered dish meeting of the Keysville-Detour Homemakers Club. Don't forget to bring along your place settings.

Several people have made comments to me that will undoubtedly be helpful in planning for future Bible School sessions and my thanks to them. Anyone else with ideas or helpful hints, please come forward.

Somewhere above this troubled world Safe beyond all grief and care, My husband rests in heavenly peace God grant some day I'll meet him there.

LETTER TO THE EDITOR

Dear Editor, Publisher Frank R. Mills of the CHRONICLE-HERALD of Hoopston, Ill., regaled his readers recently with a digest of an article, "Living on \$15 a Week," which he found in a 1902 magazine called the "Brown Book." It seems unlikely at this date that any library in the country has another copy, so, as a public service, we quote Mr. Mills condensation of the story of a young man who saved \$5 a week out of his \$15 salary (some \$200, then asked the girl, married her weeks \$8) until he had a fund of and set up housekeeping to live happily ever after.

The young couple planned to furnish the home partially as their capital would not do the complete job, except with shoddy furniture. They figured they should buy good quality to last longer. Consequently the kitchen cost \$37.60 This included a drop-leaf table, apple-parer, meat chopper, flour-sifter, all utensils and a 'gas cock' (sic) for cooking. The furnishings for two bedrooms amounted to \$108.

The living room was a 'cosy dream' with lace curtains and a ball-and-claw round table at \$16. Five chairs, leather-covered, and a neat sideboard amounted to \$36. They splurged on a carpet and 'drop lamp' at \$26.

"After marriage, they discovered that two could live as cheaply as one, and the \$5 a week saving continued. The budget included \$15 rent, \$25 for table and carfare, leaving \$20 for savings.

Thus ends Mr. Mills recital of the magazine article, but he proceeds with his own comment that is more significant even if less entertaining. "Today," he continues, "the idea of this routine would find amusement, but no acceptance. True enough, inflation throws the arithmetic all out of kilter, but not the formula. I believe a young, unmarried man would have no problem at all in saving a third of his salary.

"But that is not the custom today. Instead we work on the theory of how much can we pay a week on the TV, washer-dryer and sport car.

"Of course, that's what makes business good and fills our junkyards with a million new junks a year. But, could there not be a slight compromise toward saving a buck or so against a few rainy days?"

"It may seem harsh to recall that a man used to be required to prove he could support a family before he fathered one. When I was sparking the girls the prospective father-in-law looked over the romantic swain with a cold and jaundiced eye. The young man must first give assurance of honorable intentions, and some indication of his bank balance. . . . In other words, if you wanted to have a family, you first made plans to support one.

"So it is the Administration is concerned about people having good jobs while employers are combing all possible avenues, week after week, to find people qualified to do the work. At this print shop, no qualified people have been beating on our doors, and every other print shop in the country is short of good people."

What ever happened, do you suppose to that "Great Society" we used to actually have in the United States? BOB TAYLOR

Tigers at Mid Season: 8 Wins, 3 Losses

"Team Can Go As Far As It Wants" - Manager Fogle

At the mythical half-way point in the South Penn League season, we pause now to look at where we've been and in what direction we're going. Manager Bob Fogle has tabbed

Manager Bob Fogle

this year's team, one of destiny. True, they have the potential of going all the way and with ease. But from time to time they seem content to sit back and do nothing. Currently on a string of five wins—all of them shut-outs to set a new league

record for consecutive white-washes - to tie them for the longest win streaks of '54, '55 and '63, the Tigers still face a long season filled with encounters with the leagues stronger teams like New Oxford, front-running McSherrystown and the ever dangerous Bendersville. The Tigers seemed to have shaken their error-filled nightmares which spotlighted the early games. Bob Fogle hopes these games are now out of their systems and that the team will roll now on with a full head of steam to the pennant.

Now a peek at the individuals - "SCOOTER" PFOUTZ (.416)—All-Star short stop . . . 8-game hitting streak stopped last Sunday . . . can make the most fantastic plays at short.

JIMMY MYERS (.312)—good defensive outfielder . . . good all-around ball player.

DON FAVORITE (.340)—All-Star center fielder . . . tied for lead-in runs scored . . . top defensive outfielder . . . great throws from deep center.

ERNE COMBS (.489)—leader in homers . . . tied for lead-in triples . . . leading in total hits . . . second man in r.b.i.'s and stolen bases . . . second in runs scored.

GRAHAM WILDASIN (.354)—team leader in r.b.i.'s and doubles . . . can play first or outfield . . . named to league all-star team.

FRED SHANK (.321)—used sparingly this year . . . good man to have around . . . gives 100% all the time.

ARVIN BOLLINGER (.277)—tied for lead in runs scored . . . first in stolen bases and walks . . . second in r.b.i.'s . . . playing third this season.

JIM HEAD (.421)—tied for lead in triples . . . second in walks . . . third in r.b.i.'s . . . great hustler . . . good arm.

NEAL HOFFMAN (.333)—nicknamed "Winchester" because of his great arm . . . quiet spoken but gets the job done quite well.

WALT DONOHUE (.346)—Earned run average of 1.09 . . . five wins and

one loss . . . named to league all-star team . . . one of classiest lefties in league is many a season . . . plays outfield on occasion.

ART CAPLE (.333)—Earned run average of 1.90 . . . always capable of winning the "big game" . . . record of 1-0.

MORGAN STOREY (.333)—earned run average of 2.56 . . . rookie this season . . . tremendous competitor . . . record of 2-2.

LONNY WEAVER (.1000)—sees limited action but always available for play . . . good team man . . . never misses a practice.

MICK McNAIR (.294)—due to injuries, has missed good many games . . . likes to play, but feels he isn't capable of contributing all he can.

LEE SPENCER (.000)—great team man . . . easy to coach . . . always can be counted upon.

There you are, the Taneytown Tiger team that is now in third place in the South Penn League. The tremendous fan support shown the team this year has contributed to the great early season success. You the fans, are to be congratulated.

Please note the following changes in the Tiger schedule: Sunday, July 11—Taneytown at Mummaburg.

Sunday, July 25—Brushstown at Taneytown (double header); starting time is 1:00 P. M.

Sunday, August 8—Littlestown at Taneytown.

COOKOUTS THROUGH THE AGES

THE FIRST EVIDENCE OF MAN USING FIRE TO COOK HIS FOOD CAME FROM THE LOWER PALEOLITHIC PERIOD NEARLY A HALF MILLION YEARS AGO. BUT UNTIL FIRE AND HEAT COULD BE CONTROLLED THERE COULD BE LITTLE COOKING.

TODAY FIRE CONTROL AND OUTDOOR COOKING HAVE REACHED A NEW HIGH WITH MILLIONS OF CHEFS USING THE MINERAL FIRE BASE bar-b-que TO REDUCE DANGEROUS FLARE-UPS, PROMOTE UNIFORM COOKING AND KEEP THE GRILL CLEAN.

Seeds of Disunity
Lesson for June 27, 1965

Background Scripture: 1 Kings 9:15 through 11:13.
Devotional Reading: 1 Kings 10:1-11.

"THE MORTALITY among nations is 100%," said a disturbed professor of history. That is to say, just as there is a lifetime for every nation on the planet, so there is a death time known only to God. Before a nation dies, it shows symptoms of decay. One obvious and painful symptom of internal troubles is disunity.

The Bible is very helpful to those who study it to search for light on this problem. The little country of Judah or to give it a better name, Judah-Israel, indeed was more than a country, it was an empire. Many people looking at the royal splendor of Solomon's reign must have had an impression of splendor, wealth and prosperity. David had conquered, and Solomon had been able to hold a pretty large empire. But hardly had Solomon been dead for 24 hours when a young military man took over all the empire he could. And ten of the twelve tribes of Israel went with the rebel who took over. The once united tribes were never united again. Disunity killed the nation; it was the disease, the poison vine which had been sown years ago.

Seeds of Disunity

But what causes disunity? Americans should know, no revolt and no revolution comes overnight. But there may be a long distance from planting the seed to the time when it ripens and must be eaten. The interesting and in fact horrifying thing is that Solomon's reign had put the people in a mood for total defiance, an outbreaking rebellion. There must have been something bad about Solomon's reign, something sinister. Yes there was: nothing mysterious; the Bible makes it plain: Solomon began his administration with everything coming his way; but wound up his career with a demoralizingly bad example of an act of treason toward God. The fact is, the splendor of Solomon was mostly confined to the palaces and the Temple. (Incidentally, the great palace he built was larger than the more famous temple.) It was a reign in which the rich grew richer and the poor grew poorer. At the ceremonies where Solomon's son, Rehoboam, became king, Rehoboam made a speech in which he said, "My father chastised you with whips . . ." It can be translated into American English: You took a beating in Solomon's time.

Cause for Complaint

What was the beating to which Solomon's reign was compared? Two things mainly: One was high taxes, the other was the labor gangs made up mostly of farmers, taken away from their farms and families and forced to work without pay on public buildings or in the royal forests and mines and quarries for months at a time.

Sow the Wind

Solomon died before the fruit grew on his disunity tree. But he had succeeded in preparing the splitting of his country. That was bad enough, but the worst was his harem. It was not so much the size of it—a great man would be expected to have many big harems as a status symbol. The real trouble was in Solomon himself. Not even a wise man can live happily and wisely in all that crowd. — But what of ourselves? Disunity is a disease that can break out anywhere, any time, and in any part of the world. It needs no arguing to see—even if we believe half we read in the morning paper—that this is a dangerous condition everywhere. What can a single Christian do? Remember, every human contact is an opportunity to put unity into practice. As for unity with God, remember the story of Solomon and how his wives "stole his heart." If his heart had really been committed to God, should it have been so easily stolen?

Interim Report of May 1965 Term Grand Jury

To the Honorable, the Judge of the Circuit Court for Carroll County:

The Grand Jurors empaneled for the May 1965 term, in session from May 11 to November 9, 1965, herewith respectfully submit an interim report of their findings.

The Grand Jury has to date examined 50 witnesses and returned 25 indictments.

The Grand Jury investigated a most unfortunate and appalling condition at the Winfield Elementary School. According to the evidence presented, it appears that for the past several years janitors at this school (but not the present janitor) have been committing acts of sexual perversion on young female students. Although complaints of these acts were made by parents, no investigation was made and no positive action was taken. Some of these incidents occurred during the summer months within the school building at which time the school should have been closed to children. It is the opinion of this Grand Jury that closer supervision on the part of the superintendent and his staff to enforce school regulations is in order. Closer supervision might have brought this most regrettable situation to an earlier end. Although we do not know what action the superintendent intends to take, we have been advised that he intends to keep this situation in mind when staffing the Winfield School for the ensuing school year. We assume that he will make all necessary and appropriate changes.

The Grand Jury interviewed Commissioner Brauning and other county officials with reference to complaints concerning the building of certain county roads. The Jury is mindful that it would be exceeding its legitimate powers to condemn the acts and impugn the motives of public officials unless there is evidence of criminal conduct. The Jury does have the right, however, to comment on or condemn general conditions which it believes to exist and to point out what in its judgment is the remedy. It is with the hope of doing some community good that the Grand Jury makes the following observations and suggestions. It is noted that the present list setting forth the priority in which roads should be built is not being followed, that is to say, that very low priority roads are being built ahead of high priority roads. There was testimony which suggests that this priority list, inherited from the previous Board of Commissioners, should be revised and brought up to date. We agree that if the present list cannot be followed, then additional studies should be made and a new priority list should be established. We highly recommend that the County initiate an objective long-range road building program based on additional professional studies. Perhaps such a program could be financed and executed in five-year installments.

We also note in building one road the County failed to obtain a legally sufficient right-of-way. As a result of this failure, the County may lose the federal aid on this project in the amount of \$54,171. It is hoped that in the future procedures will be established to insure that proper right-of-way agreements are always executed.

The Grand Jury visited the County Jail and wishes to commend the Sheriff for making the best use of existing facilities. We particularly wish to commend his wife for preparing the meals for the prisoners in a kitchen which leaves much to be desired.

The Grand Jury visited the Central Laundry Correctional Camp as required by law. This minimum security institution impressed the members of the Jury most favorably. On our visit, we partook of the same menu which is served to the inmates and then inspected all of the facilities and talked with some of the prisoners. We feel that this institution is of great service both in rehabilitating the prisoner and in saving the taxpayers money. The Camp serves the practical function of doing all of the laundry for Springfield State Hospital, Henryton, Rosewood and Spring Grove.

club and noted the recognition given the chapter by the State organization. He challenged the new officers and the entire chapter to even greater heights the coming year. He called for not only good leadership, but good "followership" as well.

Retiring President C. Dean Brown gave a resume of activities during the year and pointed to some of the important accomplishments. He reported that 49 projects were carried this past year involving over 8,000 man-hours. Most important of these were the Little League Diamond which was dedicated this Spring, the Swimming Pool project which gained State-wide recognition, and the Youth Basketball program which was so successful. All Ways and Means Projects exceeded their budgets by far and participation on the State and District levels were at an all-time high. He mentioned the many State awards garnered by the Taneytown men including the Giessenber award in their population division, Community Development "Sweepstakes" award, and being named "Chapter of the Month" twice during the year.

Past President, John M. Skiles, chairman of the affair, acted as Master of Ceremonies. He presented Brown with the traditional Past President's plaque and a gift from the organization as a testimonial of a grateful organization for a job well done.

Donald M. Smith, the new President, announced that although the responsibility for the first year's operation of the community swimming pool coupled with a natural let-down after such a busy year would be obstacles to overcome, the club would carry a full schedule of projects as in the past. "Only through an active program can true leadership training be achieved," he said.

The "Jaycee of the Year" award was given to E. Wayne Baumgardner. This award is given to the member who in the opinion of the Board of Directors did most to foster the principles of Jayceemism both in the chapter and in his community. The selection is made from nominees submitted by the membership. Baumgardner was also named "Committee Chairman of the Year" for his work on the Swimming Pool project.

George Crouse received the coveted S.D.O.K.E. award given to first-year Jaycees. Spark Plug Awards were presented to Wayne Baumgardner, Dean Brown, Kenneth Crouse and James Fair, after meeting requirements as set forth by the National Organization.

Perfect attendance pins were awarded Dean Brown, Harry Dougherty, Jr., Ronald Hopkins, Dean Nusbaum, Paul Roop and John Skiles. Special recognition was given Harry Dougherty, Jr., for perfect attendance for nine consecutive years since the club was chartered.

James Fair was presented with a certificate and pin denoting his becoming an "Exhausted Rooster," after passing the age limit for active membership. He was also presented with a large rooster and gift from the club as special recognition for the service rendered over the years. Mrs. Fair was presented with a special gift and named "Most Exalted Exhausted Hen" by the Jaycees.

Barbara Baumgardner, retiring President of the Jaycees, thanked and congratulated the Jaycees for a truly sensational year of service. She stated that in her opinion the Jaycees had finally found an "Identity" of their own and proved to themselves that they could be classified as not only an auxiliary of the Jaycees, but a "service" organization in their own right. She cited Nadine Brown, JoAnn Dougherty, and Audrey Fair for four years of perfect attendance and Jeannette Lewelling for three years. Donna Roop and Carleen Skiles had perfect attendance for the past year. Mrs. Baumgardner then installed the officers and charged them with their duties. Mrs. Nadine Brown, the newly installed President, asked for full cooperation and assistance of all members.

The invocation was offered by James Fair, the pledge of allegiance was led by Harry Dougherty, Jr., and Dean Nusbaum led the "Jaycee Creed." Past Jaycee President JoAnn Dougherty led the Jaycee Creed.

Seven of the nine past presidents were introduced including charter president Edward Sauble, Robert Waddell, Harry Dougherty, Jr., James Fair, Dean Nusbaum, John M. Skiles and Dean Brown. It was noted that the Past President Robert Flickinger was busy supervising the Jaycee stands at the Taneytown Carnival and that Robert Boone was unable to attend.

Jim Vaughan, the newly elected District II Vice President, gave remarks and pledged his help and cooperation to the new administration. Following the program, dancing was enjoyed to The Twilight Three.
