## LIONS NEWS

The Taneytown Lions Club held their regular dinner meeting at Taney Inn on Tuesday, July 27, 1965, with Lion President Donald Lawyer presiding.

Lion Stanley King, who had charge of the program, introduced Gary Neiderer. This local youth recently attended Boys State at Annapolis, Maryland. Gary gave a very enlightening talk on the activities and pleasures he enjoyed at Boys State. The Taneytown Lions sponsored this youth through the local American Legion.

Lion Glenn Bollinger, chairman of our annual Calendar Project, then gave us the details of this activity. This project consists of selling calendars with listings of birthdays, anniversaries and special meets in our community. Our calendar for 1966 will have a picture of the Taneytown Swimming Pool, which was made possible by the local Jaycees. We urge all community support on this project so we may continue to serve our area with worthwhile deeds for the benefit of others.

Lion Homer Myers gave us a report on the Lions International Convention that he recently attended in Los Angeles, California. Lion Myers, one of over 30,000 representatives, presented us with color slides of the Lions' activities and of the surrounding country.

Lion President Lawyer reminded the members of our annual community Crab and Shrimp Feed to be held at Memorial Park on August 24, 1965, prior to adjourning the meeting.

The Board members announced the award of a \$150.00 scholarship to a local girl to the Washington County School of Nursing at Hagerstown, Md. This was the second scholarship that was due under the previous administration headed by Past President Thomas Smith.

## Republicans Meet

The West Carroll Republican Club met July 6 at the Union Bridge Community Center. There were many members present as well as guests from New Windsor, Westminster and New Market. President Edward Wilbur presided.

Mr. James Scott reported that maps of the voting district will be canvassed in a house to house campaign for voter registration. The group discussed the possibility of starting a Young Republican Club in the West Carroll area.

The speaker for the evening was Mr. George Finley of the Westminster area. Mr. Finley pointed out that our guaranteed Constitutional freedoms are at stake now, more so than at any other time in the history of the United States. Can we accept compromise without conscience? Is "unity" really better than disunity? Can 27 million voters be counted out? Is it really being accurate to discount these people of a minority group of the electorate? After all, 13 colonies fought and won against the British Empire; 12 men battled and won following Christ and why did they stake their lives and fortunes, big and small? Because of their beliefs and principles the Christians died following Christ and the colonial men and signers of the Declaration of Independence died so we would remain free. How free are we? Are you free to succeed or fail? There are Civil Rights laws, Voter Rights laws, and now they want to repeal Right to Work law, no prayer in school, rent subsidy program, poverty program.

Cradle to Grave security. Our freedom is at stake and time is running out. Mr. Finley concluded by saying that the Republican Party must live its principles if we want them to be believed and then we can achieve unity in the party for a better country.

The group would like Mr. Finley back again in the very near future. His entire talk was very inspiring. After adjournment of the business session a social hour with refreshments was enjoyed by all those present. The next regular meeting will be held August 3 at 8:00 at the Union Bridge Community Center. Anyone interested in the Republican Party will be more than welcome.

## Taneytown Prominent at State Legion Convention

Taneytown received recognition at the State Convention of the Department of Maryland American Legion held from July 21 through the 24th in Baltimore, with headquarters at the Lord Baltimore Hotel.

On Friday night a mammoth parade lasting for two and one-half hours moved from the Fifth Regiment Armory south on Howard Street past the reviewing stand at City Hall. There were three divisions in the judging category: Legion units, military units, and all other units. The Taneytown High School Band was judged the best appearing of all other units and will receive an engraved plaque in recognition of this honor.

The band journeyed to Baltimore in two buses, and transportation costs were underwritten by Hesson-Snyder Post #120. There were 68 members who made the trip, including Mr. Jerald Myers, Westminster, their director.

Stanley W. King, a member of Hesson-Snyder Post #120, was elected as Senior Vice Commander of the State, along with a slate of officers which included Robert E. L. Eaton, Commander; R. O. Reese, Junior Vice Commander; R. J. Wilson, Junior Vice Commander; Charles Law, Baltimore, Treasurer; Donald Miller, Hagerstown, Judge Advocate; the Rev. ## "HEAD START"

Head start, a successful addition to the Carroll County education program, is rapidly approaching halfway an eight-week session for 190 pupils in ten centers.

The program inaugurated by the Board of Education is drawing its operating expenses from a \$30,281 Federal grant. The Federal government is providing 90% of the finances and the Carroll County school system, as sponsor, is participating for the additional 10 per cent through the use of facilities.

The aim of the Head Start program is to improve the child's health, increase his understanding, broaden his experiences, and to adequately prepare him to begin the first grade in September. The children participate in indoor activities, playground recreation, and numerous field trips.

A ratio of teachers to children has been established so that personal attention may be given. For every 15 children, there is one full-time qualified teacher and one full-time student teacher. In addition, county nurses, extension agents, parent aides, and volunteer workers assist in the program.

Ten buses travel over 600 miles daily, Monday through Friday, in transporting the 190 pupils to school centers at Charles Carroll, Elmer Wolfe, Freedom, Hampstead, Manchester, Mount Airy, New Windsor, Sandymount, Taneytown, and East End in Westminster.

The enthusiastic acceptance of the program by the parents, the happiness and growth of the pupils, the willing work of volunteers, and the interest and dedication of the teachers has been most gratifying to the sponsoring organization.

Interested citizens, representatives from community organizations, and parents are encouraged to visit the centers before the closing date of August 20. Volunteers will be welcomed into the program at every possible level, to visit and to participate.

## "SPICE 'N' EVERYTHING NICE" (Your Chatty Column)

With all my heart, I wish you every morning a smile that shall last until the next day's dawning. I wish you health—life's greatest wealth; I wish you always near so that I may help to cheer. Each future day and in some way—help to bring you happiness!

How sad my heart felt as well as to thousands and thousands of other individuals learning of the sudden death of the grand and noble person, ADLAI STEVENSON! No other person could compare with him! One Republican said to this Democrat, "He was too smart and wise to be the President of these United States!" Think of that, Folks! With all the disappointments he had had in life, he always seemed to keep his chin up. His words were always as precious as pearls and when he spoke at any time regardless of the function he said a mouthful and always such eloquent speeches! That very first night, I phoned the White House and asked to speak to our President but he was not available at that time and someone else took my message which was one requesting that the people here in the East should be privileged to have the last honor of walking past the newly draped casket. I was told that it was not the family's request but then I think it should have been up to our President and that it should have been a must!

I'll always keep the two personal letters he wrote to me!

Remember, Folks when after losing the election for the Presidency, a Reporter asked him how he felt and this was on TV his reply came as quickly, "I felt like a little boy who was ready to cry!" And now, I am crying!

In last week's Column, Folks as to losing five lbs. "For A Lost Weight Week-End!" I did not state that one must cut every bit of fat from those lamb chops and one must not eat the following for those three days or as long as you desire to keep up the diet, so here they are: bread, butter, cake, candy, cereals, chocolate, crackers, cream, custard, gravy, ice-cream, jellies, jams, noodles, nuts, oils, pastry, potatoes, pudding, rice, thick soups, spaghetti and sugar. As to exercise along with this diet which would be most beneficial, bend down one dozen times to the floor each night without bending your knees and the following week double it and keep it up for a month and you will not want to stop!

If you possibly can secure that little booklet which is called "DIET" for the small sum of 50c at your drug store, by all means get it for it just has about everything worthwhile in it, and the best FIFTY CENTS I ever spent! It even has exercises, hair-do's, the proper garments for you to wear as you are slimming down—all which will make you even look thinner. "Diet Treasury" by Esquire Inc.—first out in 1957.

Now, here's to the Southern Hotel in Baltimore that was going to be made into a home for the Elderly. They are trying to work out a plan to be paid monthly instead of a down payment upon entering. This is, I think a much better plan.

Now, here's to that grand sign of "Leo" the "LION" those born from July 20 to August the 20th inclusive. They are ruled by the Sun—the life-giver of all things. It not only represents the heart of Humanity but the heart of the Universe as well. It gives to its subjects great charm and personality which enables them to make friends wherever they go and are naturally emotional and have happy dispositions, they bring much sunshine and happiness into the lives of their friends. These people of both sexes never seem to grow old, in fact, they really appear to grow younger as they become older! All Leo people are courageous, impulsive and fearless and they always achieve their goal! They have quick intuition and remarkable insight. They make natural leaders and rulers. They have talent in so many directions being gifted in art, poetry and dramatics and have great respect for intellect. In music they should find gratification and success combining brilliancy of technique with ready inspiration. With their wonderful insight into human nature, it is best for them to carry out their own ideas in their own particular way and not to follow the dictation of others. These people are born lovers and can never exist without sympathy and affection just as a plant without water, light and warmth and their love is most loyal as it is intense. They resent a reflection upon the object of their regard with the utmost vigor. They have excellent memories and long remember an act of kindness and are ever grateful to those who bestow courtesies. President Herbert Hoover, Ethel Barrymore, Bernard Baruch and many famous and noted people were born under this wonderful sign.

Have a grand week-end, Folks. Love one another for that is all that is necessary and life will be beautiful! Until next week D. V.

I am,  
Faithfully,  
YOUR OBSERVER.

Mother: "Do you know what happens to little boys who tell lies?" Johnny: "Yes, mother; they travel for half-fare."

"Why does cream cost more than milk?" "Because it's harder for the cows to sit on the small bottles."

## HANDS OFF

Judging by the increasing rate of  
juvenile delinquency, too many par-  
ents are leaving to the schools or  
the police departments the job of  
training their children in concepts of  
right and wrong. Thus parents are  
delinquent before their children are.

It is now being proposed that cour-  
ses in ethics or rules of behavior be  
added to the curriculum of American  
high schools. That would be a good  
thing.

But before that, every child at  
home and in grade schools and high  
schools should be impressed over and  
over with one simple rule, namely,  
"Keep your hands off other people  
and other people's property."

If this simple rule were followed  
through life, the record of crime we  
see in the papers each day would be  
practically nonexistent.

Next to the parent, the schools  
should drill this rule into the head of  
every student, not just occasionally,  
but every day when classes open. Ex-  
amples taken from the daily news  
could be used to show how following  
that simple rule would save inesti-  
mable suffering and grief for juve-  
niles and families.

## "FACTS AND OPINIONS"

Anthony Harrigan writes in Na-  
tional Review: "It would be foolish  
for Americans to believe that Japan  
and the United States have a com-  
plete identity of national interest.  
The U. S. is only in part a Pacific-  
oriented nation. But the two coun-  
tries have certain problems and needs  
in common. We are Japan's No. 1  
customer; in turn, Japan is our chief  
customer, after Canada. It is to the  
advantage of both great Pacific na-  
tions to maintain that relationship.  
In addition, both countries need to  
keep the sea lanes open, to block  
Communist China from dominating  
the islands and rimland of Southeast  
Asia, and from turning the Indian  
Ocean — around which are rich  
trading opportunities — into a Red  
lake."

In the first four months of this  
year, electricity generated by nu-  
clear power in this country was 69.5  
per cent ahead of the comparable  
1964 period. More than 14 billion kilowatt  
hours have been generated from  
atomic sources since the program be-  
gan in 1957.

The Association of American Rail-  
roads reports that piggyback, a tiny  
part of railroad operations just a  
few years ago, is headed for its first  
million-carload year. Railroads were  
averaging nearly 19,000 flatcars  
loaded with highway trailers each  
week through the first half of 1965  
— an increase of nearly 16 per-cent  
over last year's piggyback pace. Some  
21,000 special flatcars are available  
for piggyback operations.

Columnist David Lawrence writes:  
"Former President Eisenhower says  
that national political conventions are  
disorderly and undignified and that  
they should be reformed. But he  
doesn't go far enough. Actually, na-  
tional conventions have outlived their  
usefulness and should be abolished.  
For they are undemocratic and un-  
representative. They are controlled  
by cliques and factions and by big  
city bosses."

According to the Pharmaceutical  
Manufacturers Association, the time  
spent on developing just one new, ef-  
ficient, drug product—if only one  
person were involved in all the study  
and research—would require 19  
working years, or 58,000 hours, of a  
research chemist's life.

The president of the International  
Committee of the Red Cross says

that his organization now has the  
dual role of preventing as well as  
lessening human suffering. The work  
of the Committee, he adds, is "to see  
to" the application of the Geneva  
Conventions in time of war or armed  
conflict and to work as an inter-  
mediary to aid victims. These Con-  
ventions, which have been accepted  
by most nations, including all the  
major powers, provide for the protec-  
tion of civil and military victims of  
war, sick and wounded on the battle-  
fields, prisoners of war in enemy  
hands, and the civilian populations in  
enemy occupied territory.

A statement of the Arizona Farm  
Bureau Federation offers the opinion  
that there probably is no greater  
threat to the family farm than gov-  
ernment commodity programs that  
restrict the full utilization of fam-  
ily and farm resources and attempt  
to manage resources by rationing  
the right to produce on the basis of  
some historical formula or on the  
basis of government determined fair  
shares. It adds that these programs  
are rooted in the past and thwart the  
shifts in production necessary to meet  
changing consumer needs and limit  
the opportunity of family farms to  
compete for expanding markets.

A Blue Cross of Oregon newslet-  
ter says that recent medical advances  
have reduced the mortality rate from  
infectious diseases to such a low  
level that persons between ages one  
and 35 must now be more concerned  
about fatal mishaps than about dis-  
ease. At these ages, the leading cause  
of death is accidents.

### CURRENT EVENTS FIFTY YEARS AGO

A fine rain, this Thursday night, did a great deal of good to the cornfields, which were in serious need.

William H. Flickinger is building a new dwelling along the Westminster state road, at the Oregon school house cross road — an excellent location.

William H. Overholtzer, wife and son of Wichita, Kansas, are in this section visiting relatives. They made the trip of 1,442 miles by auto, encountering a great deal of rain on the way.

An auto operated by Charles E. Goodwin, of Westminster accidentally struck a son of Edward Hively, Thursday evening on the state road, near town, while he was driving a heifer. We understand his injuries were not too serious.

Detour . . . H. H. Boyer and wife, accompanied by John Brewer and wife and son, Carroll, Miss Beulah Troxell, Lewis and David Reifsnider and families, of Keymar, started on Sunday morning for Harper's Ferry, but owing to an auto accident, North of Lewistown, David Reifsnider's car turned over, injuring them to such an extent that the assistance of Lewis Reifsnider was needed to take them home. Only the first six named were able to finish the trip.

Harney . . . Mr. and Mrs. Amos Zentz spent Sunday with Mrs. Zentz's brother, Emanuel Fuss and family . . . On Monday night, about 10:00 o'clock, Samuel Fox's barn was struck by lightning and burned. All the stock was saved but one horse.

Frizzellburg . . . Our Smith, Wallace Eckard, went to housekeeping this week, and took possession of the house once owned by Daniel Caltrider and known for years as an old school-house . . . Mrs. Foster Warehime is ill with Catarrh of the stomach . . . Jacob Null was 71 years old last Sunday. All the children and grandchildren were home to help make the anniversary a pleasant one.

### Red, white, and blue green-stuff

Uncle Sam has a couple of plans to make your money as easy to save as it is to spend. There's the Payroll Savings Plan where you work. And the Bond-a-Month Plan where you bank.

Easy as pie, but the best part of the idea is that there's a bigger cut of the pie for you, the longer you hold onto your Bonds. When they mature, you get \$4 back for every \$3 you invest.

There's no state or local income tax on Series E Savings Bonds. And you may defer payment of the federal income tax until your Bonds are cashed.

While your bankroll grows, freedom throughout the world grows a bit, too. And your Bonds are helping this cause more than a little.

Get in the U. S. Savings Bonds habit, and before you know it, you'll have a pocketful of red, white and blue green-stuff that'll come in mighty handy just when you need it most.

#### Quick facts about Series E Savings Bonds

- ✓ You get back \$4 for every \$3 at maturity
  - ✓ You can get your money when you need it
  - ✓ Your Bonds are replaced free if lost, destroyed or stolen
  - ✓ You can buy Bonds where you bank, or on the Payroll Savings Plan where you work
- Buy E Bonds for growth—  
H Bonds for current income

It has been quite some time since any accidents have occurred here at this place. Last Sunday, July 25th, an ice cream truck called the "Good Humor" ran off the road into a ditch while passing another car going in the opposite direction and in trying to bring it back on the road the driver lost control and it crossed the road and rolled over on its side in a corn field. The driver escaped with a slight cut on his cheek and a little shook up.

Speaking of accidents, in the Monday edition of the Hanover Evening Sun we read of a bad accident which took the lives of four persons and injuring six others which are listed in fair condition. One has to be afraid to go out on the highways.

Please don't forget the FROCK reunion this Sunday, August 1; a basket lunch at 1:00 o'clock at the Memorial Park, Taneytown. Be sure and come and enjoy the day with us.

There are so many problems these days one hardly knows how to cope with them. In reading a poem written by Nance Nolan I find these words, so I pass them on to you.

Dear God:

If I could ease a friend's distress,  
If I could spread more happiness,  
If I could lighten someone's load,  
If I could help someone's road,  
If I could write a verse to soothe,  
If I could someone's pathway smooth,  
If I could someone's burden share,  
If I could lighten some despair,  
If I could tell me how,  
If I could do some kindly act,  
If I could learn to speak with tact,  
Please tell me how.

Casualties at the second day Battle of Gettysburg were lighter Sunday than in 1863, but reenactment of the Famous Encounter near Rocky Ridge saw its share of injuries. An estimated 237 members of the Blue and Gray Association recreated the second day of the fateful Civil War battle with troops from Maine to Florida and as far West as Ohio. As the fighting raged anew across the rolling hills a Penna. Col. suffered a bruised arm when his horse charged into a tree as he led his men to battle. He received first aid treatment.

An overzealous Confederate Unit made an unscheduled charge against a union cannon position and capturing the weapon. The surprised union commander rallied his men for a counter attack and leading the charge with the battle cry, "Come on all you dead men, get up as we have got to get that cannon back." But the lighter moments of the pageant; only a small part of the pageant which was staged to bring the flavor of the history of the Civil War clearer for the generations of today. This was the first that the second day of the Battle of Gettysburg a turning point in the war between the state when both sides lost over half their men in action.

They hope to refight the Battle of Gettysburg every Summer in a different state — next year in upper New York. The group has been invited to Fitzgerald, Ga., by the Blue and Gray Memorial Association to stage a nationally televised battle reenactment.

The battle was fought for hours. The Confederate troops were led by Col. J. Franklin Fox of Rocky Ridge on whose farm the reenactment was led by Col. Arthur J. Taylor of Westminster, whose men also reenacted the battle of Round Hill, Devil's Den and County Ridge.

Each participant in the reenactment will receive a Gold Medalion and Life Membership in the Blue and Gray Association. The Blue and Gray Association is one of the two organizations formed from the Frederick County Civil War Centennial along with the Francis Scott Key Memorial Foundation. It hopes to preserve Civil War memories from generation to generation. The group is headed by Col. Fox of Rocky Ridge with Captain James Shaw of Hagerstown as Deputy Commander and George W. Wireman, Jr., of Thurmont, as secretary. Lester G. Brown of Alexandria, Va., is Quartermaster. A Board of Directors represents all of the states in the union with Civil War units participating in the battle reenactment. Units participating in the battle reenactment for the Confederacy included the 1st Tenn. Volunteers from Oak Ridge, Tenn., the 17th battery from Alexandria, Va.; the 1st Maryland Infantry from Frederick; the 14th Georgia Artillery from Falls Church, Va.; also the 1st Georgia Infantry from Georgia; a North Carolina regiment from Morrisville, N. C. The 3rd Virginia Infantry from New Market, Va.; and the 2nd Nurses Corps from Westminster, commanded by Lt. Kathleen LeGore.

Union units participating in the battle included: the Carroll Greard of Westminster, the 2nd Md. Volunteer from Hagerstown; the New Hampshire Sharpshooters from Keens, N. H.; New York volunteers from Tonawanda, N. Y.; the 1st N. J. Volunteer, the 1st Penna. Artillery from Harrisburg, Pa.; the 2nd Penna. Reserves from Hollidaysburg, Penna. and the 87th Penna. Volunteer from Gettysburg, Penna. Southern officers were amused that there were more reactivated Southern units from Northern States participating in the battle than there were units from the North.

"We have known and believed the love that God hath in us. God is love; and he that dwelleth in love dwelleth in God, and God in him."

This verse from I John will be included in the Christian Science Lesson-Sermon on "Love" this Sunday. A number of illustrations from the Bible will also be used to show the nature and power of God's love.

Mankind's need to bear witness to this love will be emphasized in this passage from the Christian Science textbook: "Simply asking that we may love God will never make us love Him; but the longing to be better and holier, expressed in daily watchfulness and in striving to assimilate more of the divine character, will mould and fashion us anew, until we awake in His likeness" (Science and Health with Key to the Scriptures by Mary Baker Eddy, p. 4).

"Household Hint: When everything else fails, read the instructions." — B. J. Dahl, Chewelah (Wash.) Independent.

## WALT DONOHUE PITCHES SECOND NO-HITTER

Story and Caple Twirl shut-outs over Bulldogs

Tiger ace Walt Donohue pitched his second no-hitter of the season and nearly got his second perfect game except for the misplay of a ground ball in the sixth inning as the Tigers whipped the Bonneville "A's" at Memorial Park last Wednesday night.

Walt faced only 22 batters in winning his seventh game of the year and his fifth shut out. At bat, he also collected two hits, one of them a double, and drove in two runs.

Hitting stars for Taneytown were Don Favorite, Ernie Combs, Arvin Bollinger, Neal Hoffman and Walt Donohue who each collected two hits.

The hitting of Don Favorite and twin shut-out pitching of Morgan Storey and Art Caple carried the Taneytown Tigers to two victories over the Brushtown Bulldogs Sunday at Memorial Park.

Don collected six hits in the two games to drive in five runs to aid in the 9-0 and 4-0 wins.

In the first game, Taneytown got three runs in the fifth on an error, Don Favorite's single and Walt Donohue's safety and were never headed. Art Caple was in complete control all the way, backed up by a great defense.

Once again Don Favorite was the batting star with two hits and two RBI's.

Taneytown got all four runs in the sixth frame on a single by Don Favorite, Ernie Combs base knock and Jim Head's safety. Other Tigers with two hits were Jimmy Myers and Jim Head who also collected a double for the game's only extra base blow.

**THE WAY I SEE IT . . .**

**Observations on the World of Sports** —by John Breth

Any Major League scout will tell you what it takes to get up to the big leagues as an infielder or outfielder and stay there.

You have to have quick reflexes, speed on the basepaths and in the field, a good arm, and you have to be able to hit the curve ball. Those are the things they'll tell you. But, there's one more thing that many of the scouts don't mention. A thick skin. If you want to stay in the big leagues for any length of time you have to have a tough hide, tough enough to withstand the arrows the fans sometimes shoot your way. Because, its not always cheers and applause that come out of the stands, not even in your home ball park.

The latest example is the case of RICHIE ALLEN, the All Star 3rd baseman of the Philadelphia Phillies. He's the best hitting third baseman in the National League, and, he is one of the main reasons the Phillies are in contention right now. He was Rookie of the year last year, and he is likely to be Sophomore of the year this time.

But, Allen has just finished one of the roughest weeks any Major Leaguer has gone through in a long while. Rough from the standpoint of crowd reaction. The hometown fans in Philadelphia scorched his ears with boos and catcalls — their reaction to Allen's run-in with Frank Thomas.

Allen's case certainly isn't unique. Several other players in other cities have been getting the same treatment from their hometown crowds. And the practice is not new. Ted Williams heard boos during his greatest days in Boston, and Al Rosen, the all star third baseman of the Cleveland Indians received similar treatment when he played. Those are just a couple of names that come to mind, but there have been many more.

Allen says he doesn't mind the boos, but that's difficult to believe. Yet, like all the top pros before him who received similar treatment, Allen has gone about his business of getting hits and driving in runs.

How do the other ball players feel when hometown fans let loose like that? Someone asked Frank Thomas, who lost his job with the Phillies because of his run-in with Allen, and he said, "I never got hurt because I was so flabby."

Now that man has learned to move faster than sound, women are at a distinct disadvantage.

## Others

Lesson for August 1, 1965

Background Scriptures: Romans 14: 1-12  
Devotional Reading: 1 John 2:7-14

THERE WAS no one in the great world-capital city of Rome who had had Christian training in a Christian home. Christianity was very new. And yet it was so much the answer to the problems of mankind that converts were coming into the Christian church from all walks of society. What Christianity had to say struck people where they lived; it spoke to the problems of mankind.

Dr. Foreman blems of all. So when Saint Paul wrote to the Romans, whom as a church he had never seen, he could write as a friend of long standing. He didn't know them, but their trouble he knew very well.

## Other People

One of the problems, probably the most serious, about which Paul writes to the Romans, is the problem of fellowship. A good deal of the problem can be put into focus by calling it the problem of other people. If you don't think that's a problem, you should try living with them a while. It is easy to be resentful of other persons. Somebody always seems to get to the post office window before you do, somebody else got the job you wanted, some one else got the praise you deserved. A contemporary has put it sharply: "Other people are hell." What he means is that even if only one other person were living on earth, each would be a threat to the other. Each one would hate the other. A theatrical critic once put his philosophy into this one sentence: "The world is my orange; and I intend to SQUEEZE IT." (The gentleman has since become a Christian and presumably has left that savage philosophy behind him.)

## Special Christian fellowship

Clubs, societies, fraternities, — stamp clubs and clubs for swapping baseball cards, — most gatherings of human beings have selfish reasons impelling persons to join. They exist for the improvement and comfort of the members. The Christian impulse goes deeper than self-interest and self-promotion.

## Breaking the Fellowship

Fellowship — the thing, not the word — is a precious gem, but like all jewels it is easily lost. Some of the best things in life, the truly best, are terribly fragile. Christian fellowship is an example. What trifles lead to quarrels in the church! Paul suggests the kind of thing that can break down even the church itself. One source of difficulties (or even death) in a Christian fellowship ("church" for short) is a habit too many people, including Christians, indulge in: namely the habit of criticism. It is easier to judge a person unfairly than fairly. It comes naturally to find fault. Paul does not mean that one should never criticize others or their work. In that case we should have to abolish schools and teachers, and fire all the supervisors in industries. What Paul means is constant nagging criticism, or maybe excellent criticism which has no love in it. Constant criticism and counter-criticism has killed large numbers of churches. The other poison of which churches die is breaking of fellowship by inducing others to go against their conscience. Many a man has blood on his soul tonight for putting temptation before some young man, some temptation that the older can resist without trying but the younger man or woman can't. This is the kind of thing Paul calls putting a stumbling block to weak Christians. The true fellowship in Christ often has to pick up the pieces left by "strong" Christians who so often suppose the fellowship is composed entirely of persons who can stand off temptation as well as they can. So by this fellowship the weak Christian grows; but also by imitation fellowships he can break his soul.

## Salads To Supplement The Barbecue Meal

As soon as the sun shines warm enough on the patio, barbecue grills get cleaned up and rolled out of doors once more. Whatever the meat chosen for the barbecue, the question of what else to serve that will be easy and yet satisfying is always something of a problem. Salads have a double advantage — not only can the salad replace any other vegetables for the meal (except, perhaps, corn on the cob), but if the barbecue fire is temperamental and dinner delayed while the coals slowly, slowly develop their white ash, the salad can always serve as the first course.

Salads of mixed vegetables or of fruit and vegetables are particularly delicious when marinated beforehand in a mixture of Spanish olive oil, vinegar and delicate seasonings. The following salad is a favorite with American tourists at the Castellana Hilton Hotel in Madrid, whose salad bar is famous.

## Queen's Caprice Salad

4 to 6 Belgian endives  
1 large tart apple, cored,  
unpeeled, cut in thin slices  
1/2 cup diced celery  
4 large mushrooms, (uncooked),  
thinly sliced  
1 tablespoon Spanish olive oil  
1 teaspoon lemon juice  
1/4 teaspoon salt  
1 medium can grapefruit sections,  
drained  
1/2 cup mayonnaise  
Watercress

Separate leaves of the endives, soak in ice-cold water, pat dry, then chill in vegetable freshener. Core and thinly slice the apple, combine with celery and mushrooms, toss with the olive oil, lemon juice and salt and let stand half an hour before serving. Pile this mixture in center of endive, arrange grapefruit sections around it. Sprinkle grapefruit sections with few drops of olive oil and salt. Place watercress leaves between the grapefruit sections. Pass mayonnaise. This makes 4 servings.

### Delegate Yingling Presents Citation by General Assembly

Annapolis, Md., July 8—Formal presentation was made here today by Del. Jacob M. Yingling, of Carroll County, of a commemorative copy of House Resolution No. 92, which commended Gov. J. Millard Tawes, the Maryland Economic Development Commission and George W. Hubley, Jr., director of the Maryland Department of Economic Development, for the major role each one played in bringing to Maryland the multi-million dollar distribution center of Random House, Inc., now under construction in Westminster.

During the presentation ceremony Delegate Yingling said: "I and other Republican members of both Houses of the General Assembly were happy to join with their fellow Democratic members in support of the progressive and forward-looking economic development program of the Tawes administration.

He added: "In 1959 through the leadership of Gov. J. Millard Tawes, the Maryland Economic Development Commission was created. Several outstanding leaders of Maryland were asked to serve on the newly created commission and in my opinion they have done an outstanding job.

"The Governor also showed wisdom in the selection of George W. Hubley, Jr., to act as the director of the Maryland Department of Economic Development, the administrative function of the new Commission. Mr. Hubley and his staff have compiled an enviable record of accomplishment.

"I know from personal experience that Governor Tawes, Mr. Hubley, the members of the Commission and the staff of the Department of Economic Development have taken a personal interest in any project that would help bring sound new industry into Maryland.

"Many states and their chief executives take pride in the part they have played in attracting new industries to their respective states, but, in my opinion, no Governor can show a better record than that of Governor Tawes.

"Sponsoring this resolution in the House of Delegates was, I feel, a small token of my personal appreciation for the many contributions made to the Maryland economy by the men and institutions named therein."

Presentation was made at the monthly meeting of the Economic Development Commission. Delegate Yingling originally introduced the resolution in the Maryland General Assembly during the 1965 session. It won unanimous adoption by that legislative body.

Bernard Manekin, chairman of the Economic Development Commission, accepted for Governor Tawes and the Commission and staff.

**HOUSE RESOLUTION NO. 92**  
By Delegate Yingling

House Resolution congratulating and commending the Governor and the Economic Development Commission for their fine cooperation in assisting Carroll County in attracting Random House to Carroll County.

The members of the House of Delegates of Maryland are pleased and proud to give the official welcome of the State of Maryland to Random House upon the decision of this fine publishing firm to locate a plant in Carroll County.

The Governor of Maryland, Mr. George Hubley, Director of the Economic Development Commission, and the members of the staff of the Governor's office and of the Economic Development Commission all gave fine cooperation to Carroll County and to Random House in the negotiations leading up to this gratifying result.

All persons concerned in the State of Maryland combined in a sincere effort to attract this outstanding firm to Maryland. It is a firm with nationwide and an outstanding leader in the publishing business.

The location of Random House in Carroll County and in Maryland adds much to the economic welfare of the County and of the State and in addition, the presence of this well-known national firm will be a source of credit and satisfaction to the State and all of its residents.

The officials of Random House and of the State of Maryland are to be congratulated for the successful culmination of this effort to bring this outstanding publishing firm to Maryland; now, therefore, be it

**RESOLVED BY THE HOUSE OF DELEGATES OF MARYLAND**, That the sincere congratulations and commendations of the House are expressed to the Governor of Maryland, and to Mr. George Hubley, Director of the Economic Development Commission and to the members of his and the Governor's staff for their fine cooperation and untiring efforts to help bring a branch of Random House to Carroll County and the State of Maryland; and be it further

**RESOLVED**, That the House of Delegates extends the greetings and warm welcome of the State of Maryland to Random House and its officials and associates; and be it further

**RESOLVED**, That the Chief Clerk of the House is instructed to send copies of this resolution to the Governor of Maryland; Mr. George Hubley, Director of the Economic Development Commission; and to Mr. Bennett Cerf, President of Random House, and to Messrs. Richard Kislak and Dick Bobbitt, Vice-Presidents of Random House.

By the Delegates,  
March 25, 1965

The resolution is signed by Marvin Mandel, speaker, and James P. Mause, chief clerk of the House of Delegates.

With the presentation copy of the resolution Delegate Yingling presented to Hubley a personal note inscribed as follows:

"To George Hubley: A dedicated public servant who Maryland is very fortunate to have, and a very personal friend of mine, Jacob M. Yingling."

Idea seems never so twisted in one direction as when being straightened out by minds twisted in another direction."

### BOARD OF EDUCATION

Hardware Co., \$19,626.00; Geo. L. Harner, \$22,800; J. H. Allender Sons Co., \$18,900.00; I. H. Crouse & Sons, Inc., \$20,200.00; Stanley W. King, \$22,930.00. **ELECTRIC CONTRACT**, J. E. Shaeffer, \$12,400.00.

Following the opening of bids, the Board considered bids submitted and directed that the contract awards be made to the successful low bidders in each case. Orders were given to the Superintendent to see that contracts are prepared and that work begins promptly, with the hope that the addition can be completed as early as possible in 1965-66.

After consideration of bids, approval was given for the purchase of a flat bottom trailer for use by the maintenance personnel in transporting equipment from school-to-school. Successful bidder in this case was Hawk Manufacturing Co.

The Board also took action to approve the purchase by exchange of one staff automobile from the W. H. Davis Company and an additional staff car from the Westminster Motor Company, based on the low bids submitted by the interested dealers.

The Board was advised that a special meeting would be held on July 29 at 4:00 P. M. for the opening of bids on the proposed classroom addition, including cafeteria, auditorium, at the Winfield School. Further advice was given to the Board regarding plans for the opening of bids on the South Carroll High School at 11:00 A. M. on August 3. It was also noted that bids on fuel and electric supplies would be opened on August 18 and considered by the Board at a regular meeting on this date.

The Board heard a comprehensive report from Evan Bowers, currently in charge of the administration of Project Head Start. Mr. Bowers explained to the Board the purpose of the Head Start program and gave information regarding the operation and objectives of the program, which involves 180 prospective first graders, now in the third week of experience.

The Board adopted a policy in connection with bus driving by school custodians. The policy involves limiting the custodians who are driving busses when he is the contractor. The policy further provides that no bus contracts will be awarded to custodians in the future.

The Board granted a District Tuition Scholarship to Western Maryland College to Carol Yingling of the Uniontown District to fill a vacancy created by the withdrawal of one of the scholarship holders.

The Board members were furnished copies of the annual attendance and statistical report for the school year 1964-65. This report will become a part of the Annual Report of the Board of Education and is furnished to the newspapers of the county.

The Board directed that immediate planning take place under the direction of Mr. John F. Wooden with the objective of opening community college classes in Carroll County in September, 1966. Mr. Wooden will devote practically full time to this work and will visit the community colleges in nearby counties, the State Department of Education and other authorities in the field. Further reports will be made with respect to progress in this important work.

Some time was given to the consideration of future school building needs and plans, especially in the Westminster area.

Adjournment was at 12:30 P. M.

### What's New?

## Fancy Olive Crab-Burgers!

What hamburgers are to the world of meat sandwiches, "Olive Crab-Burgers" might well become to the realm of seafood sandwiches.

The filling of crab meat, ripe olive wedges, chopped celery and onion, mayonnaise and chili sauce is a combination of unsurpassed flavor. Served straight from the oven with a melted cheese topping and a skewered garnish of a whole ripe olive and a pickle, this is a super-sandwich satisfier to enjoy with potato chips and mugs of chilled tomato juice.

Shiny ripe olives are one of the most appetizing fruits around. To make their sheen even more attractive for garnishes, drain the olives until dry, then roll them in a bowl with a few drops of olive or salad oil. Positively irresistible!

### OLIVE CRAB-BURGERS

1/2 cup ripe olives	2 tablespoons chili sauce
3/4 cup chopped celery	6 hamburger buns
1 can (7 or 7 1/2 oz.) crab meat, drained, flaked	Butter or margarine
1 chopped green onion	6 cheese slices
1/2 cup mayonnaise	Ripe olives for garnish
	Small pickles

Cut 1/2 cup olives into small wedges. Combine with celery, crab meat, onion, mayonnaise and chili sauce. Split buns; toast lightly. Butter buns and fill with crab mixture. Top each with cheese slice. Bake in 350-degree (moderate) oven about 5 minutes, just until cheese is melted. Top each bun with a whole olive and a pickle skewered on a pick. Serve at once. Makes 6 servings.
