The bronze dedication plaque has arrived and was installed this week on the bathhouse.

The Executive Committee of the pool met July 29, at 9:00 P. M. at the pool, with 13 members present. Treasurer, Harry Dougherty, Jr., reported that \$912.00 in pledges to the Pool Fund still haven't been paid. Ten per cent of the total construction cost of the facility has been withheld from payments to the Ira C. Rigger Co., pending satisfactory operation of all equipment and construction. The Planning, Design and Construction sub-committee met Tuesday, August 3, to determine exactly what work needs to be completed by Rigger and will make these demands known to the contractor immediately.

Pool Manager, Richard McPartland reported that fencing is needed around the filter plant, that the wading pool chlorinator needs adjusting, that the flow meter is not working properly, and that the deck is not draining properly around the wading pool. These conditions will be rectified as soon as possible. The doorways and vending machine area have been roughened to avoid slipping on the cement. He stated that to date 8,567 admissions to the pool have been recorded, with the highest attendance recorded July 14 (Wed.) when over 400 used the pool.

The basket rental price has been lowered to 10¢ for August to encourage patrons to use the baskets rather than clutter up the bath houses with clothing and valuables. The baskets are a patrons' protection against loss or theft.

A third dusk-to-dawn pole light will be installed by the Park Board at the front of the bathhouse.

10-DAY CELEBRATION AT LITTLESTOWN

200th Birthday of the Town Observed with 10-day Program

Littlestown (Penna.) is celebrating its 200th birthday with a Bicentennial. A full 10-day program was planned—with three more days to go—ending on August 8th.

"THE LITTLESTOWN STORY," the big pageant presentation to be staged five nights of the Bicentennial, is expected to be the biggest event on the calendar. A fireworks display rivaling the best of the July 4 Independence Day fireworks will be the nightly finale to the climatic scenes of the pageant.

The final days of the program are: The second Kangaroo Court will be held in pure fun on August 5 at 6 P. M. after which the crowds will move to Memorial Field where, to help celebrate "Ladies Day," the minuet will be danced as a pre-pageant entertainment by members of the community.

This is the day to comb your beards and trim your mustache, men. There's going to be a beard judging contest, the preliminary judging to take place after the pageant on the carnival grounds.

Agriculture and industry will be saluted on August 6 and emphasis again will be shifted to the appropriate displays at St. Aloysius hall and grounds, and tours of Shriver Homestead and Hanover Shoe Farms will be conducted.

The pre-pageant show for this night will be a home talent show and the post-pageant entertainment will consist of the final judging of the Brothers of the Brush. The esteemed—and hairy—winner will appear in Saturday's parade.

Events of "Look to the Future Day," August 7, will begin with the Adams County Firemen's Convention at 10 A. M. At 1 P. M., a time capsule ceremony at the community center will see Bicentennial mementoes placed in a permanent container and buried to be reopened in 2065.

At 3 P. M., the big and colorful parade will begin its 1½ mile route. Entertaining the crowds will be 60 antique cars, 30 floats, 14 musical units, 18 marching units, 700 horses and horse units, comical units, and 50 fire trucks. A special unit from Virginia, the "Old Guard Fire and Drum Corps" will be on hand as will Congressman Craley, one of the acting Marshals, and Representative Worley along with several other dignitaries.

On August 8, one more event will make the week's celebration complete. On the Carroll-Adams Riding Club Show Grounds at 12 noon a Civil War Re-enactment will be performed by 512 men coming to Littlestown from Ohio, Virginia, West Virginia, New York, Delaware, and Maryland. With these men will be 12 cannons, 2 hospital wagons and all the weapons and gear it takes to make this entertaining and educational performance as authentic as possible.

So, at this season of the year when thoughts turn to vacations, the community of Littlestown is proudly waving her banners as she plans, instead, to host thousands of visitors who will come to share in the holiday spirit, the feeling of fun, of jollity, of hilarity, of celebration.

MAYOR AND CITY COUNCIL MEET

The Mayor and City Council held their regular monthly meeting on Monday evening at 7:30 P. M. with all members present.

Officer Boone reported 51 parking violations, 21 warnings and 9 state summons.

The Clerk Treasurer reported a balance of \$4,612.23 in the General Account and \$368.48 in the Parking Meter Fund.

There were several large expenditures during the past month—Sewer Bond interest amounting to \$20,175.00 was paid, \$8,065.70 was paid to George Harner as part payment on the new water line extension in the West end of town. As a matter of information to the public the electric bill for the town amounts to approximately \$1200.00 per month.

One delegation appeared before council relative to curb and street work in a residential area.

Wayne Baumgardner, Chairman of the Swimming Pool Committee, Richard McPartland, Pool Manager, and Murray Baumgardner, Insurance Agent for the town appeared before council to give reports relating to the Pool. It was learned that 8,500 persons have used the pool in one day. Daily admissions have amounted to \$1,700.00, and the pool has a balance of \$4,650.00 in the treasury with bills outstanding of \$4,050.00. At the moment it appears as though the pool will break even during this year in which the pool should have the least amount of income on which to operate. Another dusk to dawn light will be installed at the pool and a fence will be installed around the filtration plant.

Two fire plugs will be ordered to have on hand as spares.

Several speed signs will be installed on George Street near the High School. High School traffic has been presenting problems on this street and will have to be stopped.

The Mayor and City Council have been invited to the Firemen's picnic on August 14th.

A building permit for construction of a home within the city was approved. All builders are reminded that permits must be secured and approved by the Mayor and City Council before actual construction begins.

The meeting adjourned at 11:45 P. M.

VIEW FROM MY KITCHEN WINDOW

It is a muggy August morning, and as I look out at the sere brown fields and silent, dried-up stream, I think what a serious problem the current drought is presenting to the entire Eastern seaboard. Four years in a row seems almost too much, especially for farmers and those in the canning business. But then, it seems to me that life is made up of problems, of one kind or another. Some can be solved, others solve themselves, still others must be accepted and endured.

Many of us, I think, labor under the delusion that money is the magical answer to everything. How wonderful it must be, we think, to have a fat bank account, a new car, a lovely well-appointed home, a chic wardrobe! And yet, very often the wealthy people have the most problems, and are the most discontented. They never know the challenge of working and saving to put a son or daughter through college, or even to buy a new winter coat. Everything comes too easily for them! They become blasé and bored with life in general.

No, wealth will not solve our problems, simply because we ourselves create too many of them. Lack of discipline and self-control are so often the culprits here. People eat too much, drink to excess, lose their tempers too quickly, work too hard, and fail to make good use of their leisure time. How many problems of health and happiness stem from all of these!

Then, of course, there are conditions over which we have no control—our age, our jobs, infirmities, family relationships, and many others. These, I believe, we must either accept or improve upon. And every now and then, a problem will, by some means or another, work itself out to a satisfactory conclusion.

But of this one thing we can be certain—each and every one of us has a problem of some kind. It may not be apparent or discussed, but it is there. If all of us would try to remember this, there would be much more kindness, understanding and good-will in this old world, and less criticism and ingratitude. In essence, it all boils down to Jesus' commandment, "Do unto others as you would have them do unto you."

"Tips by Tootie"

Put new life in your old electric range burners economically by lining them with aluminum pie plates (ones you bring pie home on). They reflect uniform heat for greater efficiency. My old 15-year-old range is working like a new one. Try it.

Use your husbands old partly worn out undershirts to make dusting cloths. Spray them with Endust or something similar. Store in a pint jar or a plastic bag and keep one handy in the cleaning closet on each floor of your home. It saves you time and steps.

Take pride in your home and your daily chores will become lighter. A homemaker's job isn't one of the best paying jobs but it can be one of the most rewarding. Until next time, "Happy Housekeeping."

Children's Night at Ball Game

The Annual Goodwill Industries Children's Night and Ball Game will be held on Thursday, August 19, 8:00 P. M., when the Orioles meet the Boston Red Sox.

The Baltimore Baseball Club, according to Mr. William Van Arnam, Frederick manager for Goodwill, has set aside this date for the annual affair. Five thousand tickets have been allocated for distribution to youngsters, sixteen and under, who provide Goodwill Industries with a bag of useable clothing, a wheel toy or a repairable electrical appliance.

Contributions that can be repaired and renovated by Goodwill employees can be taken to the Monocacy Valley Goodwill Industries, 10 S. Bentz Street in Frederick, where they will be exchanged for a free game ticket.

Mr. Van Arnam said that the Goodwill Industries is very grateful to the Baltimore Baseball Club for giving the Industries the opportunity to obtain the materials which give employment and independence to Maryland's handicapped citizens.

NOTHING IS FREE

Numbers of people, apparently, be-
lieve the government gets its money
out of thin air or from some mysteri-
ous source that has little to do with
themselves.

This, basically, was the thought of
Congressman Lipscomb of California
when he said: "It should come as no
surprise to anyone that the money
the federal government spends must
ultimately come from the people,
though all too often it seems that this
fact is overlooked or ignored."

One reason for this is that except
for income and property levies, most
of the taxes we pay are hidden. Ev-
erything we buy, from an article so
small as a loaf of bread to one so
large as an automobile, carries a mul-
titude of taxes levied at the raw ma-
terial, manufacturing, processing,
transporting, retailing and other lev-
els. And those taxes, like all the
other costs that enter into the pro-
duction of goods and services, must
be paid by the consumer.

These are truisms that should be
known to every schoolchild. But they
tend to become lost in the face of the
widespread belief that government
"gives" us things. The truth is that
government can "give" nothing. It
can only take the money from the
people, now or on some future date,
to pay the costs — and, also, it tacks
on handsome sums to cover the ad-
ministrative and bureaucratic over-
head.

Nothing material in this world is
free — government least of all.

"GRASSROOTS OPINIONS"

RIVERTON, WYO., RANGER:
"Farm field labor is a skill, just like
any other specialized job. We well re-
call the ridiculous statement of a
Dept. of Labor employee in Casper at
a labor meeting some months ago
when he said flatly, 'We can teach a
teen-ager to be a sugar beet field
worker in 30 minutes.' Fortunately,
Wyoming has escaped an emergency
situation in our beet fields because
enough Texas labor turned out to be
available."

WEST POINT, MISS., TIMES
LEADER: "The U. S. Supreme Court
has nullified the federal law which
bars communist party members from
serving as officers in labor unions.
That's what we said! Don't you know
the Kremlin is pleased with that one!
Come to think of it, we frequently
get the impression that the com-
munists have a Supreme Court in
this country . . . and it's about time
we Americans got one of our own!"

CUSHING, OKLA., CITIZEN: "The
road to the Great Society may be
paved with good intentions but pot-
holes are popping up along the right
of way . . . It would be unfortunate,
indeed, if strategic planning from a
bureau in Washington were allowed
to override as a matter of course the
people who have been in the front
lines of the war on poverty for a
great many years. Charity began at
home in America. At least some of it
ought to remain there."

NEW MARKET, VA., SHENAN-
DOAH VALLEY: "Christians have
no reason to be smug about the pro-
gress the Christian Church has made
in the past 2,000 years. The world is
still only a small fraction Christian-
ized and the unChristian part seems
to be growing in numbers much the
faster. If all of Christianity were to
join wholeheartedly in carrying out
Christ's command, we might be hard
put to hold our own percentage-wise
in the race for world acceptance at
that."

LITTLETON, N.H., COURIER:
"Don't expect the government to re-

duce highway traffic accidents — it's
up to you."

TONGANOXIE, KAN., MIRROR:
"One of the best things that can
happen to a 14-or-more-year-old now
that school is out is a part time job,
which is also an educational experi-
ence in real life. We have listened
too much to social planners about the
evils of child labor. A worse situation
is the evil of idleness for a young-
ster bubbling over with excess ener-
gy. It is very likely that any so-called
juvenile problem is due to this
situation as much as any lack of par-
ental concern."

OAKDALE, CALIF., LEADER:
"Other nations have also laughed and
sneered at the predictions that their
money was coming to be worth more
as a fuel than as a medium of ex-
change. These predictions HAVE
come true, and they can and will come
true in the United States unless some-
one in authority begins to 'do some-
thing about it.'"

LA GRANGE, ILL., CITIZEN:
"It is a sad commentary upon Ameri-
cans and American practice that special
legislation should come to be
needed to assure minority group
members equal opportunity. In the
event that such laws are necessary,
we urge that they be ones that pro-
ceed from and confirm Constitutional
principles, rather than slip through
loopholes of the Constitution and
work to strengthen one area of rights
at the expense of another."

CHESTERTOWN, MD., NEWS:
"There is little argument against the
belief that all who are qualified are
entitled to as much education as they
can and wish to absorb. It is tradi-
tionally true, too, that no one with
ability has been denied an education
in the United States. The pages of
history are filled with examples of
the poor who have become great by
working their way through the loft-
iest institutions."

HARLOWTON, MONT., TIMES:
"Our forebears had to rely on their
own endeavors and by working hard
they achieved independence. It's an
old-fashioned heresy to advocate
having to root for a living, but we
still think it's a better answer than
Appalachian Aids, Wars on Poverty,
etc., etc."

CORRESPONDENCE

We desire correspondence to reach our office on Wednesday, if at all possible. It will be necessary, therefore, for most letters to be mailed on Tuesday morning. Letters mailed on Wednesday may not reach us in time.

KEYSVILLE-DETOUR

Greetings to you:

Detour has surely been a busy place this past week in more ways than one. When I mailed in my news last Tuesday (7/27), I discovered men working down at the bridge. They are still there and I understand it has something to do with re-enforcing it. Carroll Dougherty broke up and replaced the pavement and curbing in front of the Post Office. Work still continues on the remodeling of the former Dayhoff house next to The Village Store and—excitement galore!—the firemen were called to town again. A sofa in the home of Clarence Hahn was the source of the fire and quickly taken care of by the firemen. Knowing the situation in Detour, however, the fire companies really respond with a will and there were trucks from Union Bridge, Taneytown, Rocky Ridge and New Midway. Fortunately they were not all needed but it really gives one a good feeling, knowing that so many are ready and willing to respond when needed. Fire is probably the one thing the majority of us dread and fear the most.

Timmy Seibert of Clear Spring is spending this week with his sister and family, Mr. and Mrs. Richard Wilhide and Susan of Forest and Stream Club Road.

Beth Wilhide is spending several days this week visiting with her aunt and uncle and cousins, Mr. and Mrs. Francis Fry and children of Baltimore.

Mr. and Mrs. Gilbert Stine, Nancy and Roxanne near Keysville were visitors at the World's Fair in New York several days last week.

A watermelon party was held Sunday evening at the home of Mr. and Mrs. Cecil (Bob) Priest and "Angie" of Forest and Stream Club Road with Mr. and Mrs. Carroll Wilhide, Jane and Beth and John Rinehart and Mr. and Mrs. Richard Wilhide and Susan and Timmy Seibert helping to finish off the "Georgia Rattler."

Sunday visitors with Mrs. William Weishaar and Randy of the Forest and Stream Club Road were Mr. and Mrs. Kenneth Slenker and Danny and their granddaughter Juliann Slaseman of Mt. Wolf, Pa., and Mr. and Mrs. James Weishaar, Bobby and Billy of Detour.

Mrs. Hugh Heaps and son Glen and his friend John Santini of Silver Spring spent Tuesday with her parents, Mr. and Mrs. Charles Clutz of River Dale, Farm near Keysville. Other callers this past week were Mr. and Mrs. Arthur Clabaugh of Detour with his mother, Mrs. Harry Clabaugh of Taneytown and her mother, Mrs. Mary Coulson of Hanover, Miss Donna Yingling, Mrs. Audrey Ridinger and daughters Robin, Dawn and Maurie of Harney; Mr. and Mrs. Guy Bolter of Rocky Ridge, Mrs. Byron Stull and Mr. and Mrs. Robert Stine near Keysville with Mr. and Mrs. Robert Hummel and children of Steelton, Pa., and Mrs. Roy Baumgardner of Terra Rubra, Floyd Wood and Charles Knox and his daughter of Emmitsburg. Pastor William Markley was a luncheon guest on Friday after giving communion in the morning.

Know you are interested in how Mrs. James Coshun of Detour is coming along. She told me this morning she is trying to follow her doctor's orders to do next-to-nothing and is due to return to the hospital on Thursday (5th) for x-rays. These will be repeats, for some of the first ones taken were not clear. Sure you all agree that "not knowing" is one of the hardest things to "put up with" and hope and pray that she will soon be able to feel like herself again.

There was a good turnout for the family picnic held at Rocky Ridge Park last Thursday evening but a lot of members were absent. They sure did miss a fine time. Of course, the sliding board was the point of interest for most of the children and the men had a ball game going.

Mrs. Richard Wilhide near Detour was guest soloist at the Church of the Brethren in Union Bridge on Sunday. In the afternoon she, her husband and daughter Susan were visitors with Mr. and Mrs. Thomas Dolly and son in Fairfield, Pa.

House guest with the Clyde Wilhide family on the Keysville Road last week was Miss Gladys Ault of Accident, Md.

Don't forget the Festival at the United Church of Christ in Keysville on Saturday evening (7th).

Union Bridge Boy Scout Troop 330 will have their next meeting on Monday, August 9. This is the deadline for the balance of their money due for camp. The 9th is also the meeting date for the Union Bridge Parish Joint Council at 8 P. M. at St. James Church.

Happy Birthday wishes next week to Mrs. Roy Baumgardner on the 13th. Sandra Reynolds was a recent overnight guest and her sister Terry spent several days with her aunt and uncle and cousins, the Carroll Wilhide family near Detour. Sandra and Terry are the daughters of Mr. and Mrs. John Reynolds near Rockville and the grandchildren of Mr. and Mrs. Charles Minnick of Union Bridge.

Mr. and Mrs. Richard Stonesifer of Rockville were weekend visitors with her parents, Mr. and Mrs. Russell Stonesifer of Keysville.

After an afternoon trip to the markets in York and Lancaster and a drive through some of that Amish country, Carol Wolfgang and William Burr of Washington were callers in the evening with her sister and family, Mr. and Mrs. William Fleharty near Detour.

This is canning and freezing season for sure. Beans and beets have been available and now the limas, corn and

tomatoes are ripening rapidly. Lots of work now but surely do help the food budget during the winter.

Communion was served at Keysville Lutheran Church on Sunday with Pastor Markley being assisted by his father, Pastor Raymond Markley.

Sure everyone noticed the "rosy glow" over the third pew from the front where the newlyweds were sitting. Mr. and Mrs. Larry Hively returned from their trip to the Eastern Shore and the Skyline Drive on Friday. They are now at home on the Keysville Road next door to her parents, Mr. and Mrs. Clyde Wilhide.

Mr. and Mrs. William Fleharty and family were among those who enjoyed the family picnic held by his office, the Plant Department of the C&P Telephone Company in Westminster, at the Forest and Stream Club on Sunday. There was swimming, some boating, games and just plain visiting enjoyed by a dozen families.

A picnic was held under the trees last Saturday evening at the Carroll Wilhide farm. Guests included Mr. and Mrs. Richard Wilhide and Susan, Mr. and Mrs. Myron Wilhide, Denise and Renee, Greg Clabaugh, Mr. and Mrs. Lee Rinehart, Nancy and John of Mt. Union and Lee's sister Dorothy as well as six of Nancy's classmates from Marion College in Virginia. Laura Lee Booze of Midway, Tenn.; Carol Truax of Baltimore; Sharon DiBello of Philadelphia, Pa.; Ellen Brown of Rural Retreat, Va.; Vicki Engelhardt of Linticum Heights, Md.; and Carolyn Wheeler of Saluda, South Carolina. On Friday evening, Nancy, her classmates and Jane Wilhide went down to Carter Barron Amphitheater in Washington to see and hear Peter, Paul and Mary and Peter Nero.

The Keysville Lutheran Church Women met on Monday evening with Mrs. Edward Coshun and Mrs. Dennis Myers as leaders. Their topic was "The Church's Mission Among Nations" and they showed the film "Harambee" which means "forward together." This film showed some of the ways the young people in Africa and Malaysia are helping themselves to make a better life for their people and country. They look ahead and try to do things together for the betterment of all in Christian way. One special for the evening was the singing of "Jesus, Only Jesus" by Joanne Glass, Shirley Keitholt, Darlene Bowers and Linda Schaffer accompanied by Mrs. Leonard Reifsnider and the other was the reading of a poem, "The World Is Mine" by L. J. Methe, by Mrs. Carroll Dougherty.

Discussion was held during the business meeting about the stand for the Stull sale on August 28. Mrs. Ralph Stummaker is chairman. Date for Mission Study will be October 31 and there will be no regular November meeting. A motion was made and seconded to donate five dollars to the Building Fund in lieu of flowers for Harry Clabaugh. Next meeting will be September 6.

Letter To The Editor

Dear Editor,

Among the things we didn't realize here in Washington, the home of "managed news" until reminded of it by Editor John M. Miller of the DODGEVILLE (Wis.) CHRONICLE, is that of "Freedom of the Press Day."

Since the occasion was still in the future when Mr. Miller spoke of it, he was careful to point out that it "doesn't mean you get your paper free that day." What it does mean is, in his view, that:

"It is a day for old-time editors to think back to when they could write that a no-good so-and-so was a no-good so-and-so."

In those days young thieves were named for the protection of the community and not protected from law-abiding society.

"Those were the days when a drunken bum was not referred to as a sick man."

"In those days members of minority groups who got out of line were given the same publicity as anyone else."

"That was freedom of the press."

"There were no libel suits years ago. If the irate reader was bigger than the editor, the latter left town for a few days — or was carried away."

Still and all, maybe it wasn't quite that simple. The picture Editor Miller paints suggests the need of a horse and buggy at the Court House hitching rail to make it complete. And it should be remembered, too, that there was a socket on the dash of every buggy and it usually contained a device for stimulating the horse — and sometimes horse-whipping the editor. Advertisers and politicians were doubtless just as avid to take advantage. And whatever newspaper cost, the editor was just sure then as now that it would go up.

But the duties of the editor and his responsibility to his community were no different in those days nor was the freedom of the press less vital. That this freedom is less jealously guarded in some quarters in these days when our Government leaders are actually devising programs of ultimate total disarmament, when a World Court threatens to supersede our own, and a pork barrel social "revolution" rewards those who see no evil, hear no evil, smell no evil, and most particularly, speak no evil, is our peril and our shame.

Without the freedom of the press, there will be little freedom for the people as we have known it. And if the freedom of the press survives, our gratitude belongs to the fearless editors who—in the main—are to be found in the grassroots newspapers.

—Bob Taylor.

TIGERS SHOOT DOWN BOMBERS, 13-0

Art Caple Hurls One-Hitter

THE WAY I SEE IT . . .

Observations on the World of Sports
—by John Breth

TONY HORTON of the Boston Red Sox is back for another try at big league pitching. Last year, the opposing pitchers won out in that constant battle for survival that goes on in the Major Leagues. This time, Horton has brought along a heavy war club to help him stay in the big time.

Horton looked like a promising hitter for the Red Sox last year until the pitchers found his weakness. He had trouble hitting inside pitches. Once the pitchers learned that, of course, Horton could just as well have begun packing his suitcase, because it was only a matter of time until he was sent back to the minors to try and find a solution for that problem.

He thinks he found that solution at the Red Sox's instructional school last winter. Some of it is based on that heavy bat he now carries around. Horton spotted someone taking practice cuts with a bat that looked like something a cave man might have used to go hunting dinosaurs. The player said he used that heavy bat to help give him a faster swing. He explained that when he switched to a lighter bat in a game, the lighter bat felt like a broom stick by comparison and he could get it around much quicker.

Horton tried it and it worked. He reasoned that a faster swing would help him with those inside pitches. He wrote to a bat manufacturer and ordered two of the heaviest bats the company makes. They sent him a pair of clubs which weigh 44 ozs. each.

Horton used them in practice, then switched to a 32-ounce bat once the game began. The idea worked fine for Horton at Toronto this Spring, and his hitting improved to the point where the Red Sox felt he was ready for another try in the Majors. He was brought back last week, and promptly came through with a couple of key hits.

Horton is not relying on a faster swing to solve the entire problem of those inside pitches. He now stands closer to the plate than he did last year, and he feels this too will help him. It's up to the opposing pitchers to find out if Horton really has solved his problem.

A comeback at the age of 26 . . . that's the story of MIKE MCCORMICK, left-hander of the Washington Senators.

Mike is fighting his way back from the never-never land where the pitchers with arm miseries go. He's not all there with arm back yet but he is part way there and traveling fast.

Mike looked like a first-class major league hurler on last Sunday, tossing a two-hit shutout at the Yankees as the Senators took a 3-0 victory. The game was impressive on three counts . . . one, the way he did it . . . two, the fact that the Yanks appeared to be on the move and he flashed a red light to stop them. . . and, three, the fact that he had to shake off a 54-minute delay in the game occasioned by rain.

If there is one thing that figures to knock a sore-armed pitcher out of the box it is a damp wait of almost an hour between innings.

But Mike survived it all. It was his first complete game of the year and his first shutout in four seasons. Mike was a bonus rookie with the Giants at the age of 17 when they were still in New York. That was in 1956. A couple of years later he was a regular starter and for a few seasons he appeared to be on his way to stardom.

That's when the arm trouble started and it stayed for a few years. He was traded to Baltimore, couldn't make it there, went down to the minors and then came up again to Washington.

He worked hard all last winter and it is beginning, to produce results. His manager at Washington, Gil Hodges, remembers Mike as a young strong-arm with San Francisco when Gil was with the Los Angeles Dodgers.

Says Hodges: "He's not the young thrower we knew with San Francisco. Now he's a grown-up pitcher."

REMEMBER WHEN DEPT. — One of the least effective pitchers against the Orioles has been Dick Stigman with a won-lost record of 3-11.

TODAY'S SPORT LAUGH — Phil Linz of the Yankees made sports news last year with his harmonica. He was telling his friend that he learned to play "Way Down Upon the Swanee." The friend said, "Don't you mean 'Way Down upon the Swanee River'?" Linz replied, "No, I'm not that far yet."

WITH THE ARMED FORCES

ALBANY, Ga. — Airman Third Class Gary E. Lovell, son of Mr. and Mrs. Sterling C. Lovell of Rt. 1, New Windsor, Md., has been selected outstanding Airman of the month for his Strategic Air Command (SAC) unit at Turner AFB, Ga.

Airman Lovell was chosen for the honor in recognition of his exemplary conduct and duty performance. He is an administrative specialist and is a member of SAC which keeps the free world's mightiest missile and jet bomber force ready to counter the enemy threat.

The airman is a graduate of Mt. Airy (Md.) High School.

Art Caple pitched a one-hitter and won his third shut-out victory of the season as Taneytown collected six extra-base hits in defeating the Harney Bombers last night at Memorial Park by a score of 13-0.

Caple struck out six, walked four and allowed but one hit in winning his fourth victory of the year without a setback. The Tigers chipped in with only eight hits but made them count for thirteen runs.

Taneytown tallied three times in the first inning and were never in real trouble. In the batting department, "Scooter" Pfoutz collected two hits and three RBI's, as did Arvin Bollinger.

In the extra base division, they were added by Pfoutz, a double; Don Favorite, a double; Ernie Combs, a two-bagger; Arvin Bollinger, a double and a triple; Walt Donohue, a double.

God Accessible

Lesson for August 8, 1965

Background Scripture: Mark 1:35; Acts 2:46-47; Colossians 3:16-17; Hebrews 10:19-23
Devotional Reading: Psalm 84:1-10.

EVERYBODY HAS a god of some kind. What we worship has all the marks of God, or a god. Even the professed atheist has a god of sorts. Martin Luther remarked once: whatever a man hangs his heart on and depends

on, that is his god. Sometimes a man's god is himself. Henley's poem "Invictus" shows us in a few lines the heart of a man who had been beaten up in the battles of

God in the Dark

Human beings are not to be classified into believers in God on one side and non-believers on the other. The division ought to be between those who worship and serve the true God and those who worship some other kind. One of the first questions to ask if you want to find out about a man's religion would be: Is your God accessible? There have been men in all ages, probably, who believed in some sort of god but never tried to make contact with him. In darkest Africa before the white men came, the natives in many if not most tribes had two religions, as a famous missionary pointed out. They had (so to speak) their every-day religion with doll-gods called fetiches, but they were also dimly aware of a high god, a sky-god. They seldom if ever prayed to this God, they just felt he was there.

God in the Light

The ancient Hebrews, God's Covenant people, had traces of the idea of God in the dark. The room where his "seat" was in tabernacle or temple was a room without windows or lights. No one was allowed to enter that room except the high priest and he only once a year. The mystery and even terror of that God loomed strongly in the worshipper's mind. But for all that, God was also a God of light. His people could pray to him. The very fact that they made covenants or agreements with him, whether he was visible or not, showed vividly in the prophets' messages and in other ways.

God Accessible

The writer to the Hebrews, in the New Testament, makes a strong distinction between the accessibility of God as it was in older times (the days of Moses, for example) and since the coming of Christ. Instead of being a hidden god, to be reached on special occasions by special people, he now lives just beyond the door of worship. More than once in Hebrews the throne of God is mentioned, but no longer a throne in the dark. Christ is the one who has made the throne of God accessible. God is no longer the silent god; he speaks to us; and what he says can be summed up in one word: JESUS. God does indeed sit on the throne of the universe; but that throne is as near as your next prayer. Once and for all, there has come a Light of the world, and in time this Light will control and destroy the darkness. God had been known as the Creator of men, and as the Judge of men; but now he is to be known, in a transforming way, as the Companion of men. All persons long associated with one another come to be very much alike. So those who are companions or friends of Christ come to resemble him in thought and action. If a man or woman lives deeply and intimately with the Father of our Lord Jesus, seeing life as Christ saw it, living as he lived it, Christ will be shared with more and more people. If any man would master the art of living, he must meet and live with the Master of Life.

"OPEN LETTER TO THE EDITOR"

Last Zoning Hearing

Tuesday, Aug. 10, 1965, 7:30 P. M.
Room 208, County Office Bldg., Westminster

As it stands, we will still have "spot zoning" in Carroll County. This means a \$30,000 home could have a cement plant move next to it. You may be allowed to continue to farm your land or remain in your home (if taxes permit) and be completely surrounded by industrial and commercial uses. We need zoning that is good which will protect us, not "spot zoning" to create problems for us.

Farm Buildings and Usage, Distance requirements — The way it is now stated, a person, without malicious intent, may construct or develop a use of the land such as chicken houses, pig runs, feeding pens, or saw mills within 30 feet of an adjoining lot if at present no dwelling exist. Do you think 30 feet is far enough away from your home for a pig pen? Protect the land you may wish to live on some day!

Junk Yards — Existing junk yards are not affected in any way by the new Zoning Ordinance. These junk yards at the present time cannot be touched. They can't be cleaned up. They can't be moved. They don't have to be fenced in. Nothing! Junk yards can remain where and as they are. Does this matter to you?

Industry — At the present time, industry may be scattered hither and yon throughout the County. Do you know what your area and the surrounding areas are zoned for? Check the Master Plan in the County Office Building. You may be in for a surprise!

Trailer Courts — Existing trailer courts are allowed to continue as they are and in their present locations unless they wish to extend.

Number of Members on the Board of Appeals and Voting — Change from 3 members to 5 members. Explanation: The law may provide that we have a 5-member Board of Appeals upon request to the State Assembly. Areas that have a population of 10,000 or more may have a 5-member Board of Appeals. We feel that Carroll County, because of its size and population, is better suited to a 5-member Board than the present 3-member Board. We also feel that Section 7 H of the Annotated Code of Maryland, which is the law that governs the Zoning Board, and states the number of members which must vote on any issue presented, is much more advantageous than the now existing 3-member Board of Appeals which has no written rules regarding voting procedures.

Hearing Procedures — At the present time, there are no written rules regarding hearing procedures. A set standard of procedures are vital for all hearings before the Zoning Board of Appeals. These procedures should be published. They should be available during any hearing. Most importantly, they should be adhered to at all times.

The County Commissioners who will sign the Zoning Ordinance into law want to know your desires and feelings. Attend the ONE and ONLY hearing August 10, 1965, at 7:30 P. M. and tell them what you do or don't want.

Your Social Security

Now that the President has signed the 1965 Social Security Amendments, some people will want to take action right away in order to protect their new benefit rights. Most others will need to take no action at all. As legislation providing health insurance for the aged and making other far-reaching changes in the social security program became effective with the ceremony in Independence, Missouri last Friday, Robert M. Ball, Commissioner of Social Security, proposed some "Do's" and "Don'ts" for the many millions of persons who will be affected.

"First of all, let me say to the 20 million people now receiving social security benefits: you don't need to take any action at all in order to get the increased cash benefit payments the law provides. The amount of the increased cash benefit payments the law provides. The amount of the increase for the months of January through August 1965 will be paid to you in a separate check that will reach you in the latter part of September. The first regular checks reflecting the 7 percent increase will be mailed early in October, covering the month of September."

Second: social security and railroad retirement beneficiaries now 65 or over will not need to take any action to secure their basic hospital protection under the new Health Insurance Program. All aged persons now on the rolls will receive in September an October a full information kit directly by mail describing this protection, which becomes effective July 1, 1966. Before this effective date a Health Insurance Card certifying to their eligibility for the services will automatically be sent to beneficiaries 65 or over.

Third: social security beneficiaries will not need to go to the social security office about the voluntary supplementary plan covering physicians fees and other benefits. At the time they get the basic information kit, they will receive an enrollment postcard giving them an opportunity to sign up for the added medical insurance program, which also becomes effective July 1, 1966.

Fourth, a special message to people 65 or over who have never worked under social security: although not qualified for cash social security benefits, these people may qualify for the basic hospital insurance protection under the new "medicare" program. Those receiving public assistance from the States may be signed up for the basic hospital insurance by their welfare agencies. Enrollments in the voluntary medical insurance plan can be accepted beginning September 1,

1965. Therefore, persons over 65 who have not worked under social security should wait at least until September 1 before visiting their social security office. Then they can sign up for the basic hospital insurance and, also, enroll in the medical insurance program if they wish that additional important protection.

Certain other groups affected by the law do need to take action. They need only inquire at their social security office, the Commissioner said. The major groups involved are:

• Persons now 65 or over who are insured under social security but have never applied for benefits. Even though they may still be working full time, it would be desirable for these people to apply now to establish their benefit rights. This will qualify them for hospital insurance protection and will also make sure they get any cash benefits to which they may be entitled commencing in 1966 because of more liberal retirement test provisions. Under the amendments, any earnings that a person has after applying for social security will automatically be included at a later date in a recomputation of benefits if it is advantageous to the individual; therefore no one can lose by filing for benefits as soon as possible.

• Persons 72 or older not now getting benefits because they (or their husbands) had not worked enough under social security to qualify under the previous provisions of the law. These persons, if they have any social security credits at all, should get in touch with the nearest social security office right away, because the amount of time they needed to have worked under social security has now been reduced. Some persons 72 or over will now qualify for benefits of \$35 a month with as little as three quarters of coverage under social security. Benefits may also be payable to the wife or widow of such persons.

• Widows age 60 or 61 at the time the law becomes effective. Beginning September, widows can choose to have their cash benefits start at age 60, instead of age 62, but at a reduced amount. Application for this purpose may be filed immediately.

• Students 18 to 22 years of age whose social security benefits have been stopped, as well as others nearing age 18 who plan to continue in school. Benefits can be paid back to January 1965 to those who already have been dropped from the rolls, but only upon application at a social security district office. Those nearing age 18 and planning to stay in school or return to school should also visit a social security district office, in order to supply the information about their schooling which is necessary if benefits are to be paid after age 18.

• A severely disabled worker may now collect disability insurance benefits if his condition has lasted or is expected to last for 12 full months—even though he may recover. Until now, he could not collect disability insurance benefits unless his disability was expected to continue for a long and indefinite period of time, or else cause his death. The Social Security Administration plans to search its records and get in touch with those who applied for but were denied disability insurance benefits during the past year because they were expected to recover. Others who think they may qualify under this change in the law should ask about getting benefits at the nearest social security office. There is no change in amount of work required under social security for eligibility for disability insurance benefits.

"Other persons who will want to inquire about possible new social security benefits," the Commissioner said, "include widows past 60 who have remarried, and women 62 or over who were divorced after at least 20 years of marriage."

"One other important Don't for persons over 65," Commissioner Ball emphasized "Don't because of this new law cancel any hospital or medical insurance you may now have. None of the health insurance provisions of the new law give any protection whatsoever until July 1, 1966."
