REPORTS FROM

OUR LEGISLATORS

Sen. O'Farrell and Delegate Yingling Writes---

It seems the State Lottery Bill is generating a lot of steam in Annapolis. I seriously question the thinking of those who advocate such a bill. There are several points they have not considered.

There has always been gambling; but if, and I emphasize the word if, it is morally wrong, legalizing it does not make it morally right. I think the amount of revenue it would generate is grossly overexaggerated by the proponents. The compulsive gambler and other who play the numbers want daily action and immediate results. This type of person is not going to be satisfied with the once or twice a year payoff.

This being the case, the proposal would not cover these people, and since this is where most of the money is transacted, the State would not be in the position to capitalize on this type of gambling.

Three years ago the legislature voted to outlaw slot machines in four southern Maryland counties. If this is wrong for four counties in Maryland, how can we justify putting 23 counties and Baltimore City in the lottery business?

—Jacob M. Yingling.

With the Legislature being about half way through, we are being rushed with new legislation. The Governor will ask the Legislature for a supplemental appropriation of \$95,451 to provide for additional personnel for the State Insurance Department. These new jobs were proposed by a consultant who has studied the department's operations.

S.B. 181 introduced by Senator Curran provides for the making of loans to residents of the State who have been accepted for enrollment or who are in good standing in eligible colleges; increases from \$1,000 to \$1,500 extent of participation for any academic year; limits participation in program to not more than six academic years or their equivalent, subject to conditions; permits agreements to be made with the United States Government, private agencies in connection with loan; expands Board's rule making power with reference to participation of students in program.

BEREAN CIRCLE MEETS

The regular meeting of the Berean Circle was held Tuesday, February 22nd in the social room of the Presbyterian Church with Mrs. Mamie Ingram as hostess. The meeting was opened by a prayer, followed by a song. The minutes were read and approved.

The election of officers stood the same as the previous year. Officers are as follows: president, Miss Liza Carpenter; vice-president, Mrs. Lillian Crumbacker; secretary, Mrs. Margaret Poley; treasurer, Mrs. Robert McVaugh and news reporter, Mrs. Charlotte Martin.

Fourteen members answered the roll call. A nomination was made to send get-well cards to those who are ill. A discussion was made on the World Day of Prayer.

The Emmons Jewelry Party to be held by the Berean Circle on March 17th at 7:00 o'clock in the church social room was discussed. Each member interested in attending may bring a guest or guests. Those planning to attend, please get in touch with Mrs. Charlotte Martin.

The Flower Committee for March is Ann Harvey and Charlotte Martin. The meeting was closed by standing and repeating the Lord's Prayer. Delicious refreshments were served by the hostess.

The next meeting will be held at the home of Mrs. Nancy Crowder on March 22nd at 7:30 P. M.

Children's Pictures Taken Free and Published in The Carroll Record

It is an undisputed fact that the responsibilities of tomorrow's world, our Nation, and Community will rest upon the shoulders of the children of today. Since this is true, the publishers of this newspaper would like to give you a good look at these future "World Builders."

The only way we can do this is by publishing pictures of them in a feature series. To assure the latest and best reproduction pictures they must all be of uniform size and quality.

An expert children's photographer with all the necessary equipment for this specialized work will be here Monday, March 7. Pictures will be taken at the Fire Hall, Taneys Town and the Studio will be open from 2:30 P. M. to 8:00 P. M.

No Charge to Parents

There is no charge to the parents. There are absolutely no strings to this invitation. It is bonafide in every sense of the word. Parents do not have to be subscribers, nor even readers of this newspaper to take advantage of this feature. Neither are they obligated to purchase pictures after they are taken. Those who want some additional prints may obtain them by arrangement with the Studio representative when they select the pose they want printed in the paper. It is entirely up to them.

The More Pictures, the Better

The Record simply wants pictures of all the youngsters and the more, the better. Children who have been photographed for this feature in previous years are especially invited to return, so that we may see how they have changed. So the Mothers and Fathers of the community in which this newspaper circulates should remember the date: Monday, March 7 at the Fire Hall, Taneys Town and not fail to bring their children to the photographer.

You will be mighty glad, afterwards, if you did, and very, very sorry if you do not permit your children to participate in this event. The kiddies will have much fun and both Mother and Dad — and the youngsters, too — will be very proud to see their pictures in print later. No appointment is necessary. There is no age limit.

If you wish to make an appointment, phone MRS. DOLORES RUPPERT at PL 6-6339 in the evenings. You may come at any time during Studio hours. All children must be accompanied by a parent or guardian. Photography will be handled by the Dansville, New York office of Woltz Studios of Des Moines.

Meeting of Taneys Town Lions Club

The Taneys Town Lions Club held their regular meeting at Taneys Inn on February 22. The dinner meeting, opened by Lion President Donald Lawyer after the singing of several songs, was the annual Farmers Night.

A visitation team from the Union Bridge Lions Club was recognized. Program Chairman Donald Gent then asked each member to introduce their guest for the evening. Over 25 farmers enjoyed the meal and program. Speaker for the evening, Mr. Ray Lehr of the Central Soya Corporation, spoke on the "Changing Image of the American Farmer."

Mr. Lehr showed a very entertaining film on the growth and importance of one of our most vital ingredients of feed, soya beans.

Lion Glenn Reeve, program chairman, met with the committee chairman for this feed following the regular meeting. The feed is to be held on March 8, at St. Joseph's Hall in Taneys Town.

Lion President Lawyer held a Board Meeting following the adjournment of the regular meeting.

LADIES AUXILIARY MEETING

The regular monthly meeting of the Ladies Auxiliary of the Harney Volunteer Fire Co. was held Tuesday evening, February 22, 1966 at 7:30 P. M., with the president, Katherine Hall, presiding.

Scripture was read by the Chaplain, Miss Treva Ridinger from St. Luke, chapter 22, verses 39-46 followed by prayer. The minutes were read and approved followed by roll call with eight members in attendance. The treasurer reported a balance of \$987.95.

The Ladies Auxiliary are planning to serve a banquet to the Cumberland Valley Firemen Association on March 27, 1966.

The Carroll County Ladies Auxiliary will hold a banquet in St. Joseph's Hall, Taneys Town, Saturday evening, March 19, 1966. Mrs. Doris Slaybaugh, Mrs. Katherine Hall and Mrs. Lake Ridinger will attend from the Auxiliary.

The ladies voted to send a donation of \$20.00 to the Bessie Marshall Hospital Fund and \$5.00 for the Susan Fund.

The committees were appointed for the month of March: Card Party—Thelma Mummert and Louise Strickhouser; Dining Room for Supper—Katherine Hall and Doris Slaybaugh. The "kitty" was brought by Mary Ridinger and won by Katherine Hall. The proceeds were \$2.00.

Being no further business the meeting adjourned, all praying the Lord's Prayer.

The next meeting will be March 29, 1966 at 7:30 P. M. All members and guests are cordially invited.

MEETING OF SENIOR CITIZENS

The monthly meeting of the Taneys Town Senior Citizens was held on Monday, February 21, at 7:30 P. M., in the Firemen's Hall. The vice-president, Mrs. Charles Gossnell, presided. Scripture was read by Mrs. Gladys Null, followed by the Lord's Prayer. There were 19 members and one visitor present.

Mr. George Fream spoke to the group about the project, "The Wishing Well," in connection with the "Easter Seals for Crippled Children" campaign. It was voted that we would sponsor this worthwhile project.

The beautiful colored film, "Wonderful World" was then shown through the courtesy of the Coca-Cola Co. of Westminster, by Mr. Petry. This feature was thoroughly enjoyed by everyone.

The hostesses, Mrs. Elsie Reindollar and Mrs. Hubert Null served delicious refreshments consisting of assorted cookies, coffee and Coca-Cola to all present.

The idol of today pushes the hero of yesterday out of our recollection; and will, in turn, be supplanted by his successor of tomorrow.—Washington Irving.

Scout Paper Drive in Taneys Town this Sat., Feb. 26

A drive for rags, newspapers, and magazines will be conducted in Taneys Town, weather permitting, on Saturday, February 26, by Boy Scouts of Troop 348, whose sponsor is Hesson-Snyder Post 120 of the American Legion. Well-tied bundles will promote efficient handling in the short time available for these large collections. In addition to Taneys Town itself, the roads to Mayberry, Copperville, Key Village and Bridgeport will be covered, as well as the Baptist Rd. to Starnes' Dam and the Harney Rd. to Pinner Creek Bridge. Every effort will be made to carry out the drive on the day scheduled, but in case of enforced postponement due to bad weather, a new date will be selected and publicized.

Ice Hockey at Hershey

Winners of the 1965 patrol contest and the two tying runners-up attended an exciting ice hockey game at Hershey between the Bears and the Quebec team, the winning Eagles with all expenses paid by the troop, and the second-place teams at half price. Those participating were: Patrol leader, Donald Hahn; Assistant patrol leader, Harold Wantz, Michael McKinney, Thomas Monthley, and George Stonesifer of the Eagles and the following from the other two groups: Robert Eckert, leader, Richard Tracey, assistant, and Steven Smith of the Foxes; Brett Fleagle, assistant, Charles Barnhart, Jr., Wayne Fleischman, and Steven Wantz of the Raccoons, Scoutmaster and Mrs. Wilbur O. Thomas, and Senior patrol leader, Philip Martin. Eligible, but unable to go, were Douglas Dayhoff, Raccoon leader, and Preston Hommerbrocker and Paul Sell of the Foxes.

Even now a new contest has begun and the Eagles lead again. Closely following are the Foxes, Panthers, and Raccoons, while the Flaming Arrows, though in the rear, are climbing fast. The race promises to be hotly contested.

Membership and Program

At the Charter review recently, where Chairman Francis E. Lookingbill, Committeemen Kenneth A. Bair, Clarence A. Harner, Robert K. Miller, Jr., Robert F. Wantz, and the scoutmaster met with John E. Hailey representing the Baltimore Area Council, the past year's performance was reviewed and 1966 goals set, and 28 Scouts were registered. Since then two new ones have been added, both in the Raccoon patrol, Michael Stover through Tenderfoot review by the Green-Bar leaders' council, and Steven Meyer by transfer from Troop 155, Baltimore. Others are scheduled to appear before this body shortly, and yet there is room — for the Raccoons now are the only unit up to their full eight-member complement. It is hoped that Cub Scouts graduating from the Webelos den of Pack 718, St. Joseph's Church, will also swell the troop's ranks.

The committeemen met for the February Troop Board of Review and advanced to the rank of First Class Scout Assistant patrol leaders Tracey and Gary Wantz. The latter will also shortly be invested as Patrol leader of the Panthers in place of Samuel Cassell, on leave of absence until Summer.

Two popular games of Guardian patrol leader and British bulldog were chosen by Harold Wantz at last week's meeting, while an examination in estimating unreachable heights and widths constituted the evening's theme and contest under the scoutmaster's direction.

Rickey W. Clingan, former Senior patrol leader, was present last week, and it is hoped that he and Ronald G. Martin will both take open leadership positions which should be filled.

Scout Sunday

Church services on Scout Sunday were attended by members of the troop at St. Joseph's Roman Catholic Church, the Rev. Joseph A. Kenney, Pastor, officiating at the 8:30 mass.

Paper Collection

Scouts able to help with the scrap drive Saturday are requested to report promptly by 7:45 A. M. In the event of unsuitable weather, such as continuing rain or snow, a new collection day will be chosen and announced.

25th Wedding Anniversary Observed

A surprise 25th Wedding Anniversary was held Sunday, February 20, at the Harney Fire Hall for Mr. and Mrs. Theron Clabaugh, given by their son, Larry. They were married February 19, 1941 at St. Joseph Catholic Church, Taneys Town, by the late Father Arthur Murphy. Their attendants were Mrs. George Winemiller, Mrs. Clabaugh's mother and the late Mr. George Clabaugh, Mr. Clabaugh's father.

The table was beautifully decorated by the catering service of Mr. Thomas Albright of the Taneys Inn, Taneys Town, and consisting of the three-tier wedding cake, Miss Sandra Clabaugh and Miss Bonita Vaughn, nieces of the honored couple, served the punch.

Those attending were Mr. and Mrs. Fred Shorb, Baltimore; Mr. and Mrs. Thomas Mason, Mr. and Mrs. Francis Reaver and Douglas, Taneys Town; Mr. and Mrs. Raymond Clabaugh and Sandra, Littlestown, Pa.; Mr. and Mrs. Kenneth Shorb, Mr. and Mrs. Everett Hess, Terri and Debbi, Mr. and Mrs. Theron Clabaugh and Larry, Baptist Rd. and Mrs. Stuart Dom, Mrs. Oharo Clabaugh, Mr. and Mrs. Fred Spangler, Fred and Cindy Lou, and Mr. and Mrs. Ralph Vaughn, Bonita, Yvonne and Michael. They received many beautiful gifts.

"SPICE 'N' EVERYTHING NICE" (Your Chatty Column)

With all my heart, I wish you every morning a smile that shall last until the next day's dawning. I wish you health—life's greatest wealth; I wish you always near so that I may help to cheer. Each future day and in some way—help to bring you happiness!

Sunday, February 13th, and the hail and the rains, were just as the Almanac predicted. The lightning whipped across the windows here and actually cracked!

Calling all school teachers! It is the 150th Anniversary of that wonderful George Washington statue in the center of Mt. Vernon Place and N. Charles St. The lobby is now completed, as previously, it meant just a climb to the very height of the monument but it is very attractive and interesting for the children to see and read so many of the most important and historical papers right there from the time of the agreement with Robert Mills, the architect in the year of 1813. His design was chosen from many others. It was carved by Enrico Causi and set in place in 1829 and the cost was \$200,000! All school children would be delighted to visit the monument which is the tallest in these United States! The construction lasted for twenty-seven years! The wonderful part to think about is that the cornerstone was laid on July 4th! That was called "INDEPENDENCE DAY" and the year was 1815. An excellent Guide is a Mr. Brooks who knows Guide is a Mr. Brooks who don't put it off! It is open daily from 10:00 A. M. to 4:30 P. M. (excepting Christmas and New Year's Day.)

And to remind you right there will be the "Flower Mart" in May, so do try and plan for the entire day (hope to be seeing you!)

Hope you did not miss the TV program, of one full hour, on Friday evening, "The Voyage of the Yankee," for it truly was a "Special" with Capt. Irving Johnson, a New Englander. The entire program was excellent and most interesting and fascinating as he set forth in his ship with his wife and friends. They sailed from Gloucester, Mass., and it took just 18 months! It was a rare tribute to television and there was much excitement as to seeing those natives on a South Pacific Isle. (That I would not have wanted to miss!)

Thinking of TV and that very talented Lucille Ball—there's a gal, regardless of age, and talent, should never wear shorts, or as she did in the Gay Nineties she has the most ugly pair of limbs I've ever seen! If it is a real musical you desire to see, don't miss, "When the Boys Meet the Girls," at the local theatres — with old tunes, but catchy ones, "Embraceable You," "But Not for Me," and "I Got Rhythm!" It recalls the musical entitled, "Girl Crazy" and it is sort of a College Musical. Liberate is in it and he is best in a number alone for he just did not seem right to have him there! Sue Ann Langdon was really the best in the cast as the brassy singer. Well, it is good all around and you will enjoy it!

That White House Chef who was asked to resign recently said, "The Johnsons' liked too much Chili" (but you know the mother of Mrs. Johnson was a real Mexican woman) and as to the story "Lady Bird" in the book it stated that she never spoke any English whatsoever at any time. One can easily see the Mexican features in Mrs. Johnson and the two daughters. Also the big dark brown eyes.

How disappointed the public was to learn that Luci will not be married in the White House, for after all, she is in comparison with a Princess in foreign countries. Eh? Luci Johnson has ordered all her silverware from our Kirks of Baltimore! The last daughter of a President to be married in the White House, who was the daughter of Teddy Roosevelt. A color was adopted those days called, "Alice Blue" and one hears of it now and then, today!

And remember this by Thomas Edward Brown:

My Garden

A garden is a lovesome thing, God wot!

Rose plot,
Fringed pool,
Ferned grot.

The veriest school
Of peace; and yet the fool
Contents that God is not—
Not God! In Gardens! When
the eve is cool?

Nay, but I have a sign;
This very sure God walks in
mine.

So long, folks until next week D.V. when I'll be seeing you and remember—"No smile is so beautiful as the one that struggles through tears!" P. S.—"I hope to be seeing you next week at the Merv Griffin Show."

CALLING ALL CHILDREN!

This is a reminder to the children of the area to attend the World Day of Prayer Service for Children tomorrow, Friday, Feb. 25, at 8:45 in Trinity Lutheran Church.

Come, join boys and girls around the world in a short period of worship and prayer and to hear Miss Kay Belloni tell of her work as a missionary to France.

Transportation will be provided from the Elementary School to the Lutheran Church.

We'll be looking for you!

People think of the Golden Rule as something mild and innocuous, like a baby lamb. But when they suffer an infringement of it, they think they've been mauled by a panther.—Francis Wren.

HELD FOR RANSOM

All of the United States was shock-
ed by the ruthless strike on the mu-
nicipally-owned New York transit
system.From the standpoint of blockading
a city, we have had a mild taste of
what it would be like to live on the
communist side of the Berlin wall.
There was perhaps one difference—
you weren't shot if you tried to get
in or out of New York City. But a
handful of individuals flouted court
orders and imprisoned the city.Such acts are revolutionary in char-
acter. They are no true part of union-
ism. They represent disrespect for
law and order. It is merely a matter
of degree as to how far they can go.
Can they be allowed to tie up a city,
a state or the nation? It was even
suggested by one of the official strike
backers that the State of New York
pay part of the city ransom. The city
was held for ransom just as surely
as were castles or cities in medieval
times.If we haven't laws suitable to pro-
tect the people in a case like this, it
is high time we enacted some before
the ransom idea spreads to other
cities, the states or the nation. Surely,
the people can be protected from
ruthless acts endangering the public
health and welfare.

THE COST OF WELFARE

"Even in the Great Society, it would
be cheaper to send the unemployed
to Harvard."That wry editorial comment comes
from the Charleston, South Carolina,
News and Courier. It has to do with
some revealing facts concerning train-
ing projects in Virginia, as disclosed
by Senator Robertson of that state.
Examples: 36 unemployed kitchen
helpers were being trained at a cost
of \$33,601. Sixty unemployed persons
were being trained as nurses' aides at
a cost of \$78,390. Eighteen unem-
ployed workers were being trained as
bricklayers at a cost of \$70,579.Senator Robertson did a little arith-
metic and found that it cost \$3,921 to
train each bricklayer and \$5,497 to
train each plumber's helper. Even in
these days of inflation, you can get
a good deal of college education for
that kind of money.You may be for or against the anti-
poverty and other welfare programs,
but one thing is crystal clear: The
costs, largely because the fine and
grasping hand of politics is always
present, run inordinately high in the
light of the results obtained. And
those costs are almost invariably
greater than the optimistic prelimi-
nary estimates.

FACTS AND OPINIONS

David Lawrence writes, in U. S.
News & World Report: "There is
every reason for the establishment of
competent tribunals of arbitration so
that the legitimate demands of labor
will be recognized and adequate com-
pensation will be paid for the specific
tasks set forth by the city or State
authorities. Once this is done, how-
ever, government must not be im-
periled and its services interrupted
just because of the stubbornness or
misguided tactics of union leaders.
Members of unions often find them-
selves unable to restrain the unwise
acts of their leaders. In private in-
dustry the calling of a strike should
be allowed only when all members
have had a chance to debate the
issue and to vote on it by secret bal-
lot. But the calling of a strike against
any government body should be ban-
ned in all cases."As of a recent date, student en-
rollment in U.S. colleges and uni-
versities totaled some 5.5 million, of
whom three out of five attended pub-lic institutions and the remainder
were enrolled in private institutions.
All totaled, there were some 2,168
colleges and universities, costing more
than \$10 billion a year to staff, main-
tain and operate. Tax money pays
for almost half of this annual cost.An editorial in the Rocky Mountain
Medical Journal says: "U.S. drug
manufacturers reinvest the equiv-
alent of half their profits—after taxes
—in research and development. Un-
like such industry categories as air-
craft and missiles, or electrical equip-
ment and communications—pharma-
ceutical research is underwritten al-
most entirely by the industry itself."General James F. Collins, president
of the American Red Cross, has an-
nounced that first aid training hit a
new 22-year high mark in 1965. Cer-
tificates issued for completion of
ARC first aid courses totaled 1,111-
230 in the fiscal year which ended
last June 30, the largest number since
the World War II year of 1942-43. A
major area in which the Red Cross
greatly expanded its teaching of first
aid was in the building trade unions,
which are regarded among safety ex-
perts to be among the most hazardous
fields of work.Eugene P. Foley, Assistant Secre-
tary of Commerce, says: "Depressed
areas and regions must become self-
sustaining economic entities. They
must have the means to get in step
—and stay in step—with the free
market system."From the Railway Employees Jour-
nal: "Protection of public right to
transportation services at low cost
was a primary purpose when federal
regulation of railroads started. In
recent years, it has been employed to
interfere with railroad rate reduc-
tions to meet the competition of com-
peting carriers unable to provide ser-
vice at as low cost. . . . Without re-
vision of regulations, recognizing
current competitive conditions, it will
be increasingly difficult for railroads
to regain the share in the country's
total freight traffic to which their
efficiency as low-cost carriers entitles
them."According to the American Gas As-
sociation, costs of drilling a gas well
may run anywhere from \$100,000 to
more than \$2 million, depending on
depth and the difficulties encountered
in drilling. The main cost stems from
the fact that only one exploratory
well in nine turns out to be a pro-
ducer—and only one in 44 eventually
becomes a profitable producer.In Barry Goldwater's view: "When
the economy is booming, government
should be taking the edge off infla-
tion by paying its debts instead of
piling up record-breaking new ones."

Meditation is the tongue of the soul and the language of our spirit; and our wandering thoughts in prayer are but the neglects of meditation and recessions from that duty; and according as we neglect meditation, so are our prayers imperfect, meditation being the soul of prayer and the intention of our spirit.—Jeremy Taylor.

Glad to know Mrs. Robert (Kathryn) Stine near Keysville is doing better. Learned recently that she had been ill for two weeks. Hope she has completely "shook the bug" by now. Sorry to report, too, that Earl Roper of the Keysville Road is quite ill again and is now a patient at Annie Warner Hospital. Cards would be appreciated, I'm sure.

Hasn't February turned out to be quite a month donation-wise? It is always Heart Fund month and last year and this there has been Seminary Auxiliary Scholarship Fund. Last week we received a letter about the Fund Drive for the Rocky Ridge Fire Company this week and on Monday along came another of those books the Annie Warner Hospital sends around for a donation. Wonder if March will be any better? It is Cancer Month and of course the Department of Motor Vehicles will expect "donations" from all of us with vehicles. Any others?

Mr. and Mrs. Henry Walther of Washington Grove were Tuesday afternoon visitors with Mrs. Ralph Fleharty and the William Fleharty family, near Detour.

I can't help wondering how some of you readers feel about the "fuss and ado" going on at Emmitsburg about the intersection where 97 crosses the new 15. I have crossed there a number of times and I still cannot understand why it has had to get such a reputation and so much publicity and even a visit from the Governor. The State Engineer tells us that the number of accidents that have taken place there have been due to "driver error" but no one seems to pay any attention to him; especially John Funk, chairman of the State Roads Commission. The area is fairly level and one can see for yards and yards in all directions. Anyone who is fool enough to drive out in front of oncoming traffic there certainly does not deserve to have a driver's license. Now they have added "rumble strips" on 97 on either side (nasty areas they are, too) of 15 and installed yellow blinking lights as well as the original stop signs. Now it seems that "they" are going to go into some more money-spending at that same location. In the meantime so many other roads that badly need repaired — and often replaced — will continue to go begging with the old sad story given: lack of funds. Undoubtedly there are many areas in the state like one right here near us. Referring of course to 75 from Union Bridge to Keymar. A number of meetings were called, intelligent discussion was held and the completion of the road from New Windsor to Union Bridge took place. I suppose we shall have to have a serious accident — perhaps involving one of our school buses — before Mr. Funk pays any serious attention to our situation. Perhaps we just need to drag his name through some long and loud publicity like Emmitsburg did? (Of course the county is full of roads, like our own Keysville Road, that were built — as I heard one gentleman say — back in the horse-and-buggy days and never done over since; but that is another story. . . .) What do you think?

Cub Scout Banquet

The annual Blue and Gold Banquet was held by Cub Pack 459 of Union Bridge on February 18 at the Church of the Brethren in Union Bridge with Thomas Dimeler, Assistant District Executive of the Baltimore Area Council, as the speaker for the evening.

Mr. Dimeler stressed the Cub Scout motto, "Do Your Best." We should all strive to do our best, he said, and went on to talk about scouting and how the programs are set up to have fun. Fun is the method used to build character and to learn how to live and work together as a unit. He closed by reading "The Scoutmaster," a poem by Edgar Guest.

Each of the five dens presented skits for the evening's entertainment. Mayor William, as Institutional Representative, received the Charter and he, in turn, turned it over to Pastor Bowser of the Church of the Brethren which sponsors the Pack.

Cubmaster Berman Weeks gave the following awards: Bobcat pins to Jeff Harvey and Fred Yingling, Bear badge to Bradley Bowman, Johnny Stambaugh and David Buffington; gold arrow under Wolf to Michael Stambaugh, Glenn Edwards, Jackie Brown and Tony Yingling; silver arrow under Wolf to Bruce Fleharty, Tony Yingling and George Ricketts; gold arrow under Bear to David Buffington and George Ricketts; silver arrow under Bear to George Ricketts and Jeff Yingling. Assistant Denettes stripe to David Buffington, Danny Zile and Tony Yingling.

Service Stars were awarded to Bobby DePew, Timmy Munshour, Johnny Stambaugh, Michael Stambaugh, Tony Yingling, Ray Conaway, Tony Johnson, Dale Yingling, Danny Johnson, Kenny Black, Danny Zile, Jeff Yingling, Mike Carioffe, Bradley Bowman and David Buffington. Also to Den Mother Mrs. Roger Stambaugh and Den Chief Sam Fleming. Mrs. Stambaugh presented Cubmaster Weeks his Service Star for his sixth year.

Certificates of Appreciation were awarded to retired Den Mothers Mrs. Ruth Rigler and Mrs. Yvonne Stultz, Steve Wetzal, Alfred Dowell, Ronnie

Garber and Richard Stultz, all members of Scout Troop 330, received Den Chief Cords for their work with the Pack.

Special thanks were extended to the members of the Union Bridge Girls' 4-H Club for helping to serve and being "clean up" for the occasion.

Boy Scout Troop 330

Tenderfoot ceremonies were held at the meeting of Union Bridge Boy Scout Troop 330 on February 22 for new members David Edwards, Eddie Stultz, "Kit" Plympton, and Kendall Stoner with their parents as guests.

During the month of March the theme will be "Emergency Preparedness." The patrols are now learning how to assemble as a group at the designated place and time in the event of an emergency. Movies from the Department of Civil Defense about the Alaska Earthquake in 1962 is planned for the end of March. It describes how all units acted in the emergency.

Thanks to all those who helped in contributing to the paper drive on the 19th. Special thanks to Charles Trout and Ira Albaugh, Jr., for use of their trucks.

Troop members and leaders will go swimming again at the Frederick YMCA on March 5.

Dear God for These Things I Thank Thee. (by George Goodwin.)

For morning sun that shines into my face,

For strength to work and earn my daily bread,

For churches, God, and Jesus' loving Grace,

For Heaven's arms to take me when I'm dead.

For peace and rest, and right to speak the truth,

For freedom from oppression and from fear;

For memories of middle age and youth,

For the feeling every hour that thou art near.

For America and all her wonderful span,

Her heritage of justice under law, Her love of peace — her fellowship of man,

And visions that the Pilgrim fathers saw,

For cheery fireside and place to sleep,

For guidance as I go along my way,

For the laughter and the happiness I reap,

For these, dear God, I thank thee this day.

Little Things (selected)

The big moments seldom come, the great deeds are rare, most of the elements that go into the making of a human life are in themselves infinitesimal and of small consequence. The unmediated word, the spontaneous action, the glance and the smile that we think nothing of, are the strands of which a life is woven. Our character is determined by the sum total effect of all these small things upon us. Life is mostly chores and the one who conducts himself faithfully when he thinks no one is observing is the one whose life will total something worth while. Let us be faithful, then, in small responsibilities; let us seize the small opportunities. If we take care of the little things in life, the great things will take care of themselves. A year is only a conglomerate of many odd moments. The little odds and ends of time and effort make the pile which we call our life.

THE WAY I SEE IT . . .

Observations on the World of Sports — John Breth

BOB COUSY, one of the greatest players in the history of the National Basketball Association, thinks that the pro game could stand some alterations. Cousy no longer is an active participant, but he still is very close to the game as coach of Boston College and a commentator on the N-B-A's televised game of the week.

During Cousy's 13-year pro career, which ended after the 1962-63 season, he scored nearly 17,000 points, had nearly 7,000 assists and gained unforgettable fame as a superb playmaker and ball handler. He also appeared in 13 straight All-Star games, winning the mid-winter classic's most valuable player award twice, and he made the All-League team 11 times.

Cousy says he would like to see more ball handling, more strategy and elimination of the 24-second rule in the N-B-A, but he isn't sure how they can be accomplished. He says strategy is going out of the pro game because there is no necessity for it. Cousy says:

"Why set up intricate plays for a shot a pro can get with his own moves?"

On ball handling, Cousy says: "I'd like to see more handling in the pros. But it's the ability of the guys that defeats it. Everyone is so good. Everyone can jump. Everyone can shoot. They don't have to pass the ball around 35 times to get an opening."

Of the 24-second rule, Cousy feels that elimination of it would bring back the intentional foul and a dull parade to the foul lines. But he thinks it might work except in the last two or three minutes of a game.

Elimination of the 24-second rule — except in the closing minutes of a game — seems like a sound idea. It would remove the continuous pattern of run, jump and shoot that has characterized pro basketball since the rule was adopted and make for a more varied game, something that pro basketball fans have been seeking for some time. It would also lend itself to the other two Cousy suggestions — more ball handling and more strategy.

The 24-second rule is something the N-B-A officials should think about — and act upon — at their next rules meeting.

For anybody who remembers JOHNNY MIZE as a hitter a statement he made in a recent interview rings a bell.

Talking about the art of batting, big John, a 312 lifetime hitter, made this statement: "I guess the main thing is not to be afraid of getting hit with the ball. You can't bail out when a sidearm pitcher throws. You've got to stand up there at the plate."

When Mize dug in at the plate nobody chased him out of the batter's box. He would wait on an inside pitch until the last split second. Then if it was too close, he would pull back just enough without moving his feet.

This gave John a chance to swing on inside curves that might chase a more fidgety batter away from the plate. And a lot of those inside curves were hit to faraway places.

Mize was a great hitter with the Cardinals, a formidable hitter with the Giants and a dangerous pinch-hitter with the Yankees.

He hit 359 home runs during his Major League career and had 2,011 hits.

Mize had one of the most level swings of any batter in the history of baseball. It was a picture swing. If a batting coach wanted to illustrate the proper hitting technique he might well use films of Mize swinging a bat.

Mize did not really try for homers. He had much too straight a swing for that. But he told a story recently of one time he felt certain he would hit a homer and it happened in a world series game.

John was batting against preacher Roe of the Dodgers in the 1952 World Series between the Yanks and the Brooklyn Club. It was the 9th inning and Roe had a three-run lead with two out and a count of two balls and no strikes on Mize.

Johnny figured that the last thing Roe wanted was to give him a walk and possibly light the fire under a rally. In a situation like that a walk is as damaging as a home run. Mize knew that Roe would give him a pitch he would have to swing at. Preacher did. Mize swung. It left the park in fair territory . . . a home run.

Today's Sport Laugh — Baseball hall of famer, Sam Rice, is 74 years old, but he still gets out once in awhile for a round of golf.

The other day he was introduced to another golfer on the course, and the man who made the introduction pointed out that Rice had been a baseball star.

The man shook hands with Rice, but commented: "You know, you don't look like a ball player."

YOUTH BASKETBALL

League leaders were again upset as the Bullets defeated the Globetrotters by a score of 28 to 15 and the 76ers took the Tigers 21 to 15. The upsets have created a three-way tie for 1st place between the Globetrotters, Bullets and Tigers.

Sidney Naylor scored 10 points for the winning Bullets but was ably backed by his teammates, Brian Etzler, George Greeny, George Motter and Greg Garvin. The Bullets, during the game, stole the ball often, pulled many a fast break and completely controlled the backboards.

In the 76er-Tiger game, defense was the key to victory for the 76ers. The Tigers enjoyed an early lead by turning 76er mistakes to their advantage. After the shaky start, the 76ers regrouped to win their second game of the season. The 76ers re-

ceived a good team effort from its 7-man squad with Bernie Decker the leading scorer by notching 7 points.

THE BURDEN ON SMALL BUSINESSMEN

More than 120,000 corporations are presently engaged in interstate commerce. According to the subcommittee's study, about half of these companies have fewer than twenty employees, while a substantial number have fewer than ten, and a significant minority have less than five.

Similarly, the majority of companies dealing in interstate commerce probably have annual sales volumes under one million dollars, with a significant minority falling beneath even two hundred thousand dollars. Small businessmen such as these simply do not have the administrative assistance, and the legal and accounting help, to comply with all the tax laws to which they are subject.

Man Redeemed

Lesson for February 27, 1966

Background Scripture: Romans 8:1-11; Ephesians 2:1-10; Titus 2:11-14; 1 Peter 1:13-25.
Devotional Reading: Romans 5:1-11.

WHAT CANNOT be put into words can be attempted in a picture. Every language is supplied with picture words — we may call them drama words or story-words — not so much to compass the whole truth as to point out the direction in which we may look for truth. The more important a truth is the more necessary these story-words are to express it. The Bible is no exception. Most of our words about God are such words, and when we come to what God does for men in redemption, only story-words will do. Let us see what we can make of the word used in the title above — the various words "redeem", "redeemer", "redemption".

Dr. Foreman

tion. Most of our words about God are such words, and when we come to what God does for men in redemption, only story-words will do. Let us see what we can make of the word used in the title above — the various words "redeem", "redeemer", "redemption".

Back in the family again

These words are fair translations of words found in both Old Testament and New. The Old Testament "redeem" referred to a custom now passed away but then very important and familiar to all. When an ancient Hebrew got into trouble, let us say got into debt so far he could never pay his way out, his creditor or creditors would take him over as a slave. That he might have a wife and children made no difference to the creditor, who had no other way of getting his money back except to make a slave of the debtor. Now it was the duty of the next-of-kin, if it was at all possible, to go to the creditor and buy back his relative by paying his debt and thus restoring him to his family and friends. This buying-back was called redemption and the self-sacrificing relative was called the redeemer.

The cost

"You were ransomed (redeemed)," writes St. Peter, "not with perishable things such as silver or gold but with the precious blood of Christ." What is the price Jesus paid for being a redeemer? Years ago in the days when the white man was pushing the red man back and back away from their old homes, some U.S. soldiers were murdered by Cherokee Indians. The troops, thirsty for vengeance, were about to destroy the Cherokees, men, women, and children, in revenge. At this point (so the story goes) a chief named Junaluska got the ear of the leader of the soldiers, and offered to bargain. If you will let my people go, he said, and give us a safe conduct across the Mississippi, I offer my life for theirs. The soldiers agreed; and so Chief Junaluska died — for his people. How would the Cherokees have felt about their chief? And what was the market value of the lives he saved? You do not offer money to one who has saved your life.

Conquest and Liberation

Another meaning wrapped up in that word Redemption is deliverance, conquest, freedom. In the last days of World War II, probably the most wretched human beings were Germany's war prisoners. Tortured, on the edge of starvation, those living corpses cheered when they heard the sounds of air raids. America ruled the skies. Freedom was at hand. Freedom came to those men so long shut off from hope. This is ransom-by-conquest. Christ is the freedom-bringing champion of those who are enslaved to evil, — the devil's prisoners, so to speak. But can you imagine one of the men thus set free, able to live where he liked and to do what seemed desirable — can you imagine such a man throwing away his freedom by clinging to the old barracks of the prison camp and refusing to leave? Or can you think happily of a freed prisoner cherishing his new freedom because it would give him an opportunity to carry on a life of crime? Saint Paul makes much of the truth that those who have been set free (redeemed) have an obligation to live as men whose lives so to speak have been given back to them.

FAMED EUROPEAN EQUESTRIENNE RETURNING TO BALTIMORE

Widely acclaimed as Europe's most outstanding horsewoman, Madame Ingeborg Gautier Rhodin has announced her triumphant return to the center ring of the Ringling Bros., Barnum & Bailey Circus. The circus opens March 3 at the Baltimore Civic Center for an 11-day engagement.

Following her 1965 American debut, Madame Rhodin dazzled appreciative audiences coast to coast with her flawless performances astride a magnificent white Lippizaner stallion. Retained by circus impresario John Ringling North for the 96th edition of "The Greatest Show on Earth," Madame Rhodin presents a breathtaking sight as she dashes into the center ring and executes a series of intricate maneuvers styled from the Spanish Riding School of Vienna.

Additional highlights of the all-new 1966 edition include 20 newly imported acts from Europe plus the pageantry and spectacles traditional with Ringling Bros. Performances will be twice daily with three shows on Saturdays, March 3 through March 13.

DID YOU KNOW...

GOLDSMITHS WERE THE FIRST MODERN BANKERS. AT FIRST, THEY ACCEPTED DEPOSITS MERELY FOR SAFEKEEPING, BUT EARLY IN THE 17TH CENTURY THEIR DEPOSIT RECEIPTS WERE CIRCULATING IN PLACE OF MONEY ITSELF AND SO BECAME THE FIRST BANK NOTES.

BEFORE THE U.S. MINT BEGAN OPERATIONS IN 1792, SEVERAL COIN PATTERNS WERE CONSIDERED. ONE OF THESE WAS INSCRIBED WITH TWO MOTIFES: "LIBERTY, PARENT OF SCIENCE AND INDUSTRY," AND "TO BE ESTEEMED, BE USEFUL."

SMALL NOTES HAVE OCCASIONALLY BEEN USED TO SERVE IN PLACE OF COINS IN SHORT SUPPLY. A CENTURY AGO, FRACTIONAL U.S. NOTES CALLED "SHINPLASTERS" SERVED IN DENOMINATIONS FROM 3¢ TO 50¢.

and as may be necessary to conform loan, guarantee policies and requirements to requirement of U.S. Commissioner of Education; provides that borrower need not commence repayment of loan earlier than 9 months or later than one year after he ceases to pursue full-time, part-time course of study at eligible college, subject to conditions and exceptions but authorizes pre-payment of any loan without penalty. This bill would take effect July 1, 1966.

A bill was introduced by Senator Honey declaring a policy on juveniles; it provides for parent, guardian, etc., to petition for return of juveniles who have run away without consent. It also provides for return of escapees, absconders and volunteer return procedures. It generally provides for remedies, procedures in connection with Act and for amendments to Compact.

Senate Bill No. 141 was introduced sets new schedule for finance charges on certain installment sales agreements, with exception of Motor Vehicles; sets procedures in connection with execution of such agreements, including the return of payments; provides for extension of scheduling payments; prohibits seller, holder of such agreements from collection of finance delinquency, collection charges from buyer when Act has not been complied with, subject to exceptions; establishes Retail Credit Accounts Law, with definition; places requirements on seller in connection with establishment of account, procedures in connection therewith, subject to conditions; generally provides for schedule of account charges and refunds thereon; provides for penalty for violation of Retail Credit Account Law.

Senator North introduced a bill modifying election laws with reference to time of appointment of judges of election, change in registered voters registration, striking of names from roles and of notices in connection therewith, meetings of Board of Registry for revision purposes, changes of address, objections to registration of voters, meetings of Board of Supervisors of Baltimore City, filing of certificates of candidacy; sets procedures for filling of vacancy with respect to any office or delegates to convention, under certain conditions and subject to exceptions; modifies time for filing of certificates of nomination with Secretary of State; revises time in which candidates withdrawal must be made; authorizes Board of Supervisors to procure temporary substitute ballot boxes.

The writer submitted a bill correcting an error in the law relating to transfer or assignment of certain alcoholic beverage licenses in the County. Also a bill setting boundaries of such subdistricts in Senatorial District No. 2 comprising Frederick and Carroll Counties.

Another bill introduced by me provides that law concerning use of flashing lights shall not apply to farm tractors or other slowmoving vehicles devoted to farming uses; makes correction in the existing law.

A bill introduced by Senator Harry Hughes, President of the Finance Committee, provides for additional Chesapeake Bay Bridge generally parallel to existing bridge, between Sandy Point and Kent Island; enlarges existing legislation so as to provide for issuance of bonds therefor for expenditure of monies in connection therein; provides also for expenditure of revenues accruing from such bridge and for the payment of preliminary expenses; authorizes State Roads Commission to provide for issuance of revenue refunding bonds of State for purposes of refunding certain outstanding bonds under act.

Legislation has been introduced to raise the Sheriff's salary, County Treasurer, States Attorney's, President of Board of County Commissioners, Trial Magistrate and Judge of Orphans Court. This is being done to bring the salaries more in line with present day salary scale.

—Thomas R. O'Farrell,
Senator from Carroll County.

A Voice from the House

The Carroll County Delegation has introduced several Bills pertaining to Carroll County alone. A brief summary of each follows:

House Bill 413 provides that the Magistrate's Court shall have exclusive jurisdiction in all cases of \$300 or less. This means that no case can be filed in the Circuit Court for Carroll County unless the amount claimed is in excess of \$300.

House Bill 414 provides that a deduction of 20 per cent shall be withheld from appearance fees of attorneys to help defray the cost of the Law Library in the Court House.

House Bill 415 provides that the County Commissioners in zoning or rezoning land may impose certain restrictions or conditions to assure the proper and appropriate development in the use of land they have zoned.

House Bill 444 gives to the County Commissioners authority, at their discretion, to purchase property for the use of the Historical Society of Carroll County. The Commissioners are limited to a total expenditure of \$50,000, for this purpose.

Another Bill provides for the issuance by the State of Maryland of bonds to raise the sum of \$175,000 to pay toward the cost of a new jail for Carroll County. This would represent one-half of the total anticipated cost of the jail.

Another House Bill will provide for an increase in the Orphans Court judges' salaries to \$12,000 per year, the States Attorney's salary to \$8,500 per year, the Trial Magistrate's salary to \$6,500 per year, and the Sheriff's salary to \$6,000 per year. A statewide plumbing code is expected to go into effect on July 1, 1966, according to the Health Department. It will supersede local codes only where it is more stringent.

There is considerable interest in the prospect of adopting a building code for Carroll County. A Bill is being considered to require the County Commissioners to adopt the so-called BOCA code or one substantially similar thereto, by September 1, 1966. This is a standard code being adopted in many areas and would exempt

farm buildings or buildings under \$1,000 in value. Any comments in regard to possible adoption of the Code would be appreciated.

There may be other measures considered for our County. The deadline for introduction of legislation is March 2, 1966.

It is interesting to note that of the total state budget of \$883,046,701, a total of \$161,355,496 will be from grants from the Federal Government. Another \$286,107,379 is received from so-called "Special Funds," that is, license fees, receipts from use of State facilities, income from State Agencies which make charges for their services, etc. The remaining \$435,583,826 is from general funds, or taxes per se.

Included in the general funds are income taxes of \$180,911,000, sales taxes of \$139,385,000 and Corporation Income Taxes of \$41,909,000.

The death of W. Perry Doing, Delegate from Montgomery County, following an automobile accident with in two blocks of the State House, greatly saddened everyone in Annapolis. Delegate Doing was the Republican Minority "Whip" and was extremely well-liked by everyone. Just three years ago, Delegate Schwartz of Prince George's County was killed in an automobile accident returning to Annapolis.

The increasing number of highway deaths has caused grave concern in the Legislature and in the Governor's Office. The Governor had called a special meeting of the Motor Vehicles Committee prior to the convening of the Legislature to consider proposals which would result in a reduction of highway deaths. Funds have been appropriated to correct hazardous conditions on certain highways. The Motor Vehicle Code is being completely re-written, but will not be available for passage during the current Session of the Legislature. However, a number of Bills have been prepared amending motor vehicle laws which may be passed in this Session.

It has been indicated that the most effective preventative of violations of highway laws and of accidents is the presence of police on the highways. Even though fewer tickets may be issued, the mere presence of a State policeman in a marked car tends to cause all operators to obey all traffic laws. The knowledge that there are no policemen near by seems to tempt many to drive in complete disregard of many traffic laws.

There is also more and more consideration being given to public transportation now popularly known as mass transportation. Studies indicate that each time major highways are constructed in or near metropolitan areas, they are overcrowded within a short time after opening. Apparently, the construction merely results in an increased market for automobiles. Much of this money could more effectively be spent on a good, efficient, mass transportation system.

Many people would prefer to ride a good, clean, efficient and fast means of public transportation from the suburban areas to the heart of the city and from point to point within a city, but are compelled to operate automobiles because such means of transportation are not available.

The current plan of the Metropolitan Transit Authority in Baltimore City is to start the new system at Randallstown, run the line over to McDonogh Lane to near Reisterstown Road and then follow the old Western Maryland Railway into Baltimore, partially as a subway. Many of us feel that it would be a great benefit to Carroll County if a fast rail connection would be made on the old Western Maryland Line all the way up into Carroll County. In bringing this up in a meeting, I was informed that the subway line would probably take a different type of rail car but that possibly connections could be made at the McDonogh Lane junction with the Western Maryland track.

It will be some years before the program of mass transportation is implemented in the Baltimore area, but it is now in the late planning stages and with substantial amounts of Federal monies becoming available for public mass transportation, we will be hearing more and more of it. It is very important that Carroll County receive the maximum benefit from a line that might be constructed in the northwestern outskirts of Baltimore.

INTEREST RATES INCREASED ON SERIES E AND H BONDS

United States Savings Bonds are now a more attractive investment than ever before, Vernon E. Beall, volunteer Savings Bonds Chairman for Carroll County, said today, in commenting on the increase in interest on Series E and H Bonds to 4.15 per cent.

Mr. Beall pointed out that the new rate applies from December 1, 1965 to all Savings Bonds, old and new.

"That means," he said, "that between 30 and 40 million Americans who now hold more than 49 billion dollars worth of Series E and H Bonds will automatically increase their earnings."

"Now, more than ever, it is both practical and patriotic to buy and hold U. S. Savings Bonds."

Under the new rate, announced by President Johnson, Series E Bonds will return \$100 for each \$75 invested after a maturity period of seven years. The rate increase in the case of H Bonds, which are bought at face value, will be reflected by larger semi-annual interest payments.

The President said the Savings Bonds Program strengthens the security of the American family and the economy of the nation, supports the cause of freedom and U. S. Fighting men in Viet Nam, and helps preserve the buying power of our dollars.

"Considering the indestructibility feature of Savings Bonds and the absolute guarantee of principal and interest, this is the finest Savings Bonds package ever offered," Mr. Beall concluded.

VIEW FROM MY KITCHEN WINDOW

Two weeks ago, due to melting snow and heavy rains, the erstwhile silent stream turned into a raging, muddy torrent, flooding the meadows, seething over the bridge, and acting in a generally ferocious manner. Today, in a quieter mood, it tinkles happily down the hill, much as it did before the prolonged drought. I welcome it back, for this note of movement and interest has long been missing from my kitchen window view.

Even the smallest body of water eventually runs into the ocean, and has something to contribute to the world. We sing a little song in Sunday School, with words to this effect: "Give said the little stream, give, O give, O give, I'm small I know, but wherever I go, the fields grow green-er still." And this is true of us, as well. Our talents and abilities may be small and few, but the Lord expects us to use them in His service, and for others. However, if the droughts of laziness, indifference, prejudice and hatred dry up our resources, we can no longer make the fields around us green. So, let us all try to keep our own particular current running strong and free, even as the Lord planned that we should.
