Meet a man's self-appraised price and his train of thought takes an open switch.

## Traveling Minister Arrived in Taneytown

Rev. Billy Richards, itinerant minister of Omaha, Nebraska, arrived in Taneytown on Tuesday. Riding a horse, in the manner of the circuit rider of yesteryear, he plans on helping to celebrate the 200th anniversary of the Methodist church that is to be held in Baltimore.

The man and the horse stopped here for rest and refreshments. The horse ate his lunch from a cardboard box at the Reindollar Co. feed store while the Reverend lunched at a nearby restaurant.

Rev. Richards' horse was a white broncho (Albino) with glass eyes that is typical of this type horse. The bearded Reverend wore the conventional long frock coat, and his necktie was of the Kentucky Colonel type, with boots and his luggage was a well-stuffed saddle bag.

Rev. Richards spoke to the Methodists at Toms Creek church on Monday evening and expected to spend Tuesday night in Westminster. He will arrive at his destination, Baltimore, this week.

Leaving Omaha, February 14, Rev. Richards' trip will consume 67 days, a distance of over 1,200 miles. Only three times was his mode of travel changed. He had to use three "tubes" of the highway on his trip East, and out of respect for his horse, thinking that maybe the horse would become frightened or panic, secured a truck to transport them through these highway obstacles.

While in Taneytown the Reverend expressed his desire to see the "Antrim" home and George W. Crouse, the owner, very graciously showed this old but historical house to the traveler.

While in Taneytown many of the citizens talked with him and found him sincere and interesting. He expressed his desire to help and work with the youth of the country.

## MEETING OF SENIOR CITIZENS

The Taneytown Senior Citizens held their regular meeting on Monday, April 18th at 7:30 P. M. in the auxiliary hall. The president, Mrs. Paul Warehime, presided. The group gave her a warm welcome after an absence of three months. For the devotion Mrs. Margaret Senft read the 27th Psalm, followed by the Lord's Prayer. There were 23 members present.

In recognition of our first anniversary as an organization, Mrs. Warehime lighted a large birthday candle and read an appropriate birthday poem. We started one year ago with 10 charter members and now have 34 members. Mrs. Richard Rohrbach gave a very interesting account of her recent trip to Mexico.

During the social hour games were played and the hostesses, Mrs. Carleen Skiles and Mrs. Alice Reifsnider served delicious refreshments of chicken cake, cookies, mints and coffee.

## LETTER TO THE EDITOR

Dear Sir:  
I would like the readers of The Carroll Record to know that I am in complete accord with the letter by Mr. Shipley published in The Record of April 14 concerning the proposed quarry operation in this district.

This, in my opinion, is one industry that Carroll County can very well do without. It is my feeling that the land is for sustaining life, and if man cannot beautify it he should best leave it alone. We have enough ugly scars in our County now, without increasing the number.

I believe that this particular type of industry takes all and gives nothing, and when their location has been depleted they move on leaving big, ugly scars that man will not correct and nature can not correct.

Please tell your readers that the Board of Zoning Appeals will base their judgment on the number of protests on record from the hearing, which, as Mr. Shipley stated, will be on April 29. The more civic minded citizens attending this meeting the better.

Paul Madison Snyder  
R.D. 2, Taneytown, Md.

## SEVENTH AND TENTH GRADES TO BE TESTED FOR TB

The most serious communicable disease problem in Maryland continues to be tuberculosis. This is generally true also in Carroll County. To effectively control this disease, we need to know where it is; meaning where an active case might be that is spreading to family and other close associations.

This can be most readily done by giving a tuberculosis test to a large group of people and then doing the control work to discover where those whose test is positive got the disease in the first place.

The Health Department, in cooperation with the Carroll County Tuberculosis Association, proposes to test the school children of the seventh and tenth grades who are in school. A form and a description of the test will be sent to all parents to sign giving permission to do the test. This test is harmless and with little pain attached to it. The test results will be determined in 48 hours after the test is given.

A negative test means that the individual has never had the disease. A positive test means in most instances that the person has had the disease in a mild enough form to have recovered. This same individual may be considered lucky because he will have some immunity to the disease that the negative group will not have. In a few instances the positive reactor will have the disease, and with its discovery proper treatment can be started without any greater delay.

Seventh grade children are included so that when they are in the tenth grade we will have a better indication of recent contact; that is, if they were negative in the seventh grade and then in the tenth become positive.

It is now planned to do these tests on Monday, May 2, Tuesday, May 3, and Wednesday, May 4, and read them on May 4, May 5, and May 6. If you are a parent of a seventh or tenth grade child, the Carroll County Health Department and the Carroll County Tuberculosis Association urge you to sign the card and return it to the school.

## A PLEASANT DAY AFTER ALL

"What a cold, gloomy day for mid-April," I think, as, bothered by a worrisome headache, I glumly look through the kitchen window at a dreary landscape. The sky, gray and overcast, is letting down a bone-chilling rain which to my dismay soon turns into big cottony snowflakes. Somehow, it seems all wrong for them to be pelting the daffodils and swelling, tender buds. Definitely low in spirits, I begin my daily tasks, feeling that this particular day leaves a lot to be desired, and will not prove very productive. But then, I reason, I ought to give it a fair chance. Perhaps things will improve as the hours go by.

And sure enough, suddenly my favorite bird, the cardinal, flashes into the feeder. The weather doesn't seem to bother him in the least, and as the brilliant, cheerful fellow whistles and darts into the South Carolina poplar, my spirits take a soaring leap. Even the headache subsides!

Speaking of the poplar, this silvery old tree is now coming into new leaf. The very sight of it, standing serenely there amid the snowflakes, is enough to put fresh hope into anyone's heart. I wonder how many springs the ancient tree has witnessed? Somehow, I feel certain that it thrills anew to each and every one, just as I myself do.

As the afternoon wears on, a thick fog begins to creep in, and it is nice to be inside, where it is warm and cozy. My phone rings, and I enjoy a chat with a friend, after which I whip up a batch of Brownies and put on a fresh pot of coffee. Hercules, the faithful stove, favors me with his warm, glowing smile, and the kitten jumps into my lap purring happily.

And so my day ends on a pleasant note, after all, and I am grateful to have known it, for in the words of the Psalmist, "This is the day which the Lord hath made; we will rejoice and be glad in it."

## LETTER TO THE EDITOR

Dear Sir:  
To the people, businesses and property owners of Taneytown. Do you want this prosperous town to keep flourishing or do you want this town to become ill-favored (not good looking). That's what will happen if we do not protest the removal of shale.

This certainly would be a dismal town for people traveling through or coming to visit. Lets disperse this operation and keep it from bringing disgrace such as cracking up our roads which are bad enough now, littering our town with dust and more trucks traveling through making it more hazardous for our children to play and grow. Once they move in, it is too late.

The farmers could sell their property and move from all the displeasures this would bring, but the town would be surrounded by disfigured countryside, which is now so beautiful.

Wake up before it is too late and help to protest this.

Public Hearing: Friday, April 29, 2:00 P. M., Room 208, County Office Building, Westminster, Md.

Tax Payer.

## "SPICE 'N' EVERYTHING NICE" (Your Chatty Column)

With all my heart, I wish you every morning  
A smile that shall last until the next day's  
dawning.  
I wish you health—life's greatest wealth;  
I wish you always near so that I may help  
to cheer  
Each future day and in some way—help to  
bring you happiness!

The church altar on Easter Sunday morning was truly filled with enchantment with the dozens and dozens of lilies built up on seven tiers with the regular palms on either side, plus the huge vases in memory of a departed one, of hot house lilies with the white snap-dragons! And the dear little faces of the pansies from the three boxes from the Patio, freshly plucked and looking up at me in the low, low containers! A wonderful aroma! The church was filled as to every pew and I often wonder why so many people just attend church on Christmas and Easter and at no other time!

Now, I know that life does not just begin at 40, 50 or 60, for when I stepped into a big office there was a dear little 75-year-old lady sitting at the big desk attending to her son's business and there behind her was the big and only son at another desk attending to his part of it all! And thinking about people, that wonderful retired chiropractor is still taking "God's Manna" growing it in boxes and instead of his S E V E N T Y S I X X years he appears as S I X T Y!

And while writing this Column those dear teen-aged Scout Boys came in to see me, which they do about three or four times a week! Cute? They both jump to grant my slightest wish and I feel like Cinderella!

Driving around one sees more each year of the beautiful Magnolia trees and as to Easter cards so many arrived and to think I did not send one! This time last year, I was still out West and the other day the eldest son's letter brought a lump to my throat as he stated—"Mother, this time last year we were together and I'll never forget your visit!"

Hope you do not miss the very attractive show window on the Eutaw St. side—of the ribbons won by the steers decorated there by "JERNS," the big butcher of beef in a stall and he sells all prime cuts of beef. Ummmmmm good! Keep eating beef, folks for that is what has made your Observer strong! That butcher even has the home freezer orders at wholesale prices!

Did you read where "TRIGGER" died last July which Roy Rogers revealed just lately? The gallant horse was 33 years old and R.R. stated that he could not bury him and cannot part with him but is going to have him stuffed and mounted for his planned museum. So you see, folks when I write now and then about loving a dog, horse or cat. That reminds me those Scouts brought over a little box—a wooden affair with holes in the top and as they handed it to me, I opened the lid and there was a little tame mouse! He had the biggest ears I ever saw for one so small and appeared to be most intelligent. When I asked his name, he did not have any so I told Mark to call him, "Jo-Jo!"

Walking down town to the University Hospital at Lombard and Green Streets, I walked into the church yard entrance of that old Westminster Church which really is going fast into decay. Now, there are rumors that Edgar Allan Poe is not buried beneath that sod at all; and that I do not believe, for I think the remains is right there. Did you ever notice any individual of prominence at one time or other brings about a story of some kind and now after all these years!

And now as to the movies — so many Nun stories and pictures are being shown — the funny side of things but this Columnist never thought any Nun or Sister had a funny side of thinking for they are a serious lot with devoted interests in life!

As I passed the "Mayfair" theatre, on Howard St., there were many college individuals awaiting the doors to be opened for "ZHIVAGO" and that one you and you should not miss. More about it in a later Column. As you know, the daughter, Geraldine, stars in the movie, who is Charlie Chaplain's daughter.

So long, folks. Until next week D. V. Have a grand week-end and remember always be kind and thoughtful of one another. And do make someone else happy!

I am,  
Faithfully,  
YOUR OBSERVER.

### NATIONAL LIBRARY WEEK

National Library Week is to be  
observed from April 17 through 23.  
It symbolizes a service and a need  
that are of the utmost importance in  
this complex modern world.

A library is many things. It is,  
first of all, a repository of the  
thoughts, the wisdoms, the failures  
and successes, and events great and  
small which marred or brightened the  
centuries which have passed. It holds,  
within its confines, the history of man  
and nature.

A library exists to provide knowl-  
edge and understanding. It has no  
limits—everything ever known under  
the sun is within its province. A  
library is timeless, in the sense that  
it embraces all of time.

A library offers the reader amuse-  
ment, relaxation, the opportunity to  
quietly contemplate himself and the  
world around him. It provides, from  
its many voices, comfort or challenge,  
relief from care or stirrings of am-  
bition—whatever may be one's needs  
or desires.

It is impossible to conceive of a  
world without libraries. Never in the  
endless reach of history has knowl-  
edge been so important. That is true  
of the knowledge that lies behind the  
miracles of science and invention  
which are transforming life more  
swiftly than we realize. And it is  
true, above all, of the knowledge that  
comes out of the past and that deals  
with the principles and attitudes and  
values that transcend the material  
and give true meaning to the exist-  
ence and perpetuation of mankind.

### GRASSROOTS OPINIONS

**WEST POINT, MISS., TIMES**  
LEADER: "President Johnson's pro-  
posal that a Department of Trans-  
portation be created is likely to en-  
counter some trouble so far as public  
acceptance is concerned at least in  
the early stages. It is probable that  
many will draw back almost instinc-  
tively from the idea of adding still  
another Cabinet bureau so soon after  
one was established for housing and  
urban development. . . . It is a mis-  
take to turn to the federal govern-  
ment for everything. But it might be  
a serious mistake not to coordinate  
our transportation before rapidly ex-  
panding population makes the task  
far more difficult."

**TENINO, WASH., INDEPEND-**  
ENT: "The problem of taxation is  
quite simple. You can shear a sheep  
repeatedly, but you can only skin  
it once."

**TALLASSEE, ALA., TRIBUNE:**  
"The Nationalist Chinese have an es-  
timated 600,000 troops and it doesn't  
take any Phi Beta Kappa to know  
that they have been kept, food and  
lodging, for the most part by the  
American taxpayers for 10, these  
many years. Another known fact is  
that they have been chomping at the  
bit . . . to engage the Chinese Reds  
in mortal combat. Why they cannot  
be used in Viet Nam instead of feed-  
ing American troops to the jungle  
hell is one of the things we will  
never be able to understand. And if  
some highly intellectual member of  
the Great Society can explain it in-  
telligently to us we promise to listen  
to the next LBJ sob story on the  
tube."

**WILLIAMSVILLE, N. Y., BEE:**  
"No matter how safe a car is made  
from the manufacturer's standpoint,  
no matter what is done to improve  
safety measures in them, the human  
element is unpredictable. The safest  
car manufactured is not safe so long  
as the driver does not pay close at-  
tention to his job. Human beings  
cannot be altered by manufacturers.  
They must be willing to assume the  
responsibility of watching their own

driving and the driving of others on  
the highway. . . . Until human beings  
are willing to assume this respon-  
sibility, until they are willing to  
realize that it can happen to each and  
every driver, accidents will occur."

**JOHN DAY, ORE., EAGLE:** "May-  
be our readers think that the Eagle  
is too critical of Washington, D.C.  
But if they'll read the following edi-  
torial, which was printed in a recent  
issue of the Portland Oregonian,  
they'll see that at least this item  
doesn't make any sense at all. 'With  
one hand, Uncle Sam writes a health  
warning on the cigarette pack, while  
with the other he offers a smoke  
for its 'pure joy.' The quote is from  
the Agriculture Department's new  
cigarette promotion film, suggestively  
titled 'World of Pleasure,' premiered  
in Washington, D.C. . . . At a cost of  
\$106,000, Agriculture prepared the  
film to promote sales of U.S. tobacco  
abroad. . . .'"

**RANDOM LAKE, WISC., TIMES:**  
"Now that the economists and poli-  
ticians figure that everybody should  
get \$3,000 a year whether they work  
or not, whether they are sick or  
healthy, educated or illiterate, we  
sometimes wonder just what the heck  
is the use of beating ourselves to a  
pulp trying to make a living."

**PALMER, ALASKA, FRONTIER-**  
MAN: "Today the United States gov-  
ernment is almost totally an execu-  
tive and judicial government, with  
emphasis on the growing power of  
the executive. The President alone  
can decide today whether we will  
enter into a large war in Asia—a  
frightening thought when one thinks  
back to the unlimited and war-making  
powers of absolute rulers in western  
history some of whom abused that  
power. Humans being human some  
Presidents will make mistakes or will  
abuse this same power, and it is  
surprising that more voices have not  
been raised in the republic against  
the growing foreign policy authority  
of the chief executive."

**WALDOBORO, ME., PRESS:** "Our  
faith and hope have been placed on  
the intelligence and interest of our  
citizens, and our government has been  
guided by them. Because of this the  
government will serve us well only  
if its citizens are well informed. Our  
system of government has proved that  
the people will find their way to the  
right solutions when given sufficient  
information."

## CURRENT EVENTS FIFTY YEARS AGO

Norman R. Baumgardner and Charles Bankard are both working on the foundations for new dwellings on Baltimore St., extended.

The Kump or Pippinger property on the state road was sold on Tuesday to Samuel Flickinger for \$250. It is said Mr. Flickinger will greatly improve the property.

Last Saturday was the usual "big day" in Taneytown due to the Bowersox sale, while a tree sale also did a big business. All of the stores and other places had a good run of trade.

Chief Judge William H. Thomas drew the following jurors for the May term of the Circuit Court for Carroll County on Monday. Taneytown district — Wm. A. Study, Charles B. Schwartz, George B. Overholtzer, William H. Flickinger. Uniontown district — Chas. E. Keefe, Harry T. Eckard, Elsworth Scott Fleagle, John Calvin Dodder.

Shank-Eckard—On April 19, 1916, at the Lutheran parsonage, Taneytown, by Rev. L. B. Hafer, Mr. William Elmer Shank of Hagerstown and Miss Blanche Irene Eckard, near Taneytown, were married.

Allison—Mr. Johnathan L. Allison, 82, died at his home in Taneytown on Wednesday from pneumonia. Mr. Allison was a retired farmer, in early life having been a school teacher, and has been a resident of Taneytown for about 10 years. In addition to his wife, he leaves three children, Mrs. J. W. Witherow, Harry A. and Miss Minnie Allison, all of Taneytown. Funeral services were held Saturday at his home by his pastor, Rev. L. B. Hafer. Interment in the Lutheran cemetery.

### Potato Salad:

### International Favorite

Many are the ways of fixing potato salad. In Scandinavia, they often combine potatoes with apples, beets and herring. In Spain, anchovies and capers turn up with potatoes in salad and in the Basque country, they even fill a hollowed apple with cubed potatoes which have been marinated in an olive oil-vinegar dressing. French potato salad consists of simple sliced cooked potatoes dressed with vinaigrette sauce. German potato salad sometimes appears with bits of crumbled bacon or the potatoes may be flavored with dill and garnished with cucumbers. At the Castellana Hilton Hotel in Madrid, a "Salad Americano" listed on the menu turns out to be potato salad garnished with tomato wedges and hard-cooked eggs.

Whatever the country of origin, the dressing for potato salad is all-important. Most connoisseurs also feel that the cooked potatoes should first be marinated in fragrant olive oil, preferably a Spanish olive oil. An old Alsatian trick is to add a couple of tablespoons of boiling hot water to the potatoes just before tossing them with oil—important if raw onions are used with the potatoes, it blends the flavors more smoothly. Vinegar is never added until last, shortly before serving. Sometimes vinegar is omitted altogether and mayonnaise added, but many an otherwise delicious salad has been ruined by too much mayonnaise.

### Spanish Potato Salad

4 potatoes, cooked, diced  
1 garlic clove, peeled  
1 small white onion  
1 tablespoon diced pimiento  
2 anchovy fillets, chopped  
1 tablespoon capers

1 tablespoon hot water  
1/4 cup Spanish olive oil  
3/4 teaspoon salt  
2 tablespoons vinegar  
12 pimiento-stuffed olives

Rub out garlic clove over wooden salad bowl. Slice onion thin, or dice fine. Add to bowl with potatoes, pimiento, anchovy and capers. Add hot water, toss lightly. Add olive oil and salt, toss again. Let stand at room temperature until an hour before serving, then chill. Just before serving, add vinegar, toss lightly, arrange over salad greens. Garnish with sliced stuffed olives. 6-8 servings.

says this  
prominent banker.

"Since its introduction in 1941, the Savings Bonds Program has aided millions of Americans in obtaining financial security and has provided the Federal Government with an effective method of financing a substantial portion of the public debt.

"Savings Bonds are no longer thought of merely as a means of supporting our nation's defense efforts, as they were in 1941. Today, they are recognized as sound investments, with many desirable characteristics for the most sophisticated saver as well as for the beginner trying to cultivate the savings habit.

"The American Bankers Association is singularly proud to be a part of this worthwhile program."

Elmer A. Wolfe P-TA Executive Committee meeting on Monday, April 25, at 8 P. M.

COMMENTS: So many people claim spring by the robins but in our area it is really the red-winged blackbird who arrives first. The forsythia is lovely everywhere now and many of the flowering trees are bursting forth to say nothing of the tulips and jonquills that are so pretty in many yards.

Two books from the Bookmobile recently, "How to Get Along with People" by Michael Prury and "Love and Peanut Butter" by Lesley Conger that were quite interesting. If you like the writing of Jean Kerr and Peg Bracken, you will enjoy Lesley Conger. Really "everyday stuff!"

Use your Bookmobile; that's what it is for: YOU!

Elmer A. Wolfe School P-TA Meeting

A community college for Carroll County by the fall of 1967 was the topic of Dr. Charles Ecker, Assistant Superintendent of Schools, at the general meeting of the Elmer A. Wolfe School in Union Bridge on Monday, April 18.

"There are four good reasons why a community college is needed in our County," said Dr. Ecker, and he went on to explain: 1. population explosion, 2. increase in knowledge or amount of things we need to learn today, 3. increase in awareness of the need of this education and 4. financial reasons.

There are about 90 students going to other junior colleges and for about 65 of these the County pays one-third of their tuition. For a junior — or community — college, tuition is paid one-third by the student, one-third by the County and one-third by the State. The courses to be offered will be parallel to any other college and for the first two years and then the grades can be transferred to another college for the last two years of study. It is expected that in the near future the present four-year colleges will change to only the last two years of study and graduate work and community colleges will be needed for the first two years everywhere.

President Robert DePew presided over the business meeting and a motion was made and seconded to donate \$50.00 to the Carroll County Scholarship Fund. Reminder was made of the supper, bake sale and Science Fair to be held at the school on Saturday, April 23.

The report of the Nominating Committee was made by Paul Bowman, chairman. Nominees: president-elect, Paul Bowman; vice president, Mr. J. H. Carico; secretary, Mrs. Daniel Zile; treasurer, Mrs. Norman Black; corresponding secretary, Mrs. Sue White, and area representatives: Union Bridge—Mrs. William Hyde, Mrs. Fred Staley, Mrs. Olin Strine, Richard Stultz and Kenneth Yingling; Keymar—Mrs. William Eyer, Mrs. George Six, Mrs. Robert Toms and Berman Weeks; Detour—Mrs. William Fleharty, Mrs. Harold Thomas and William Ray Harner; Bark Hill—Paul Abaugh, Mrs. Maurice Garber, Mrs. Alvie Weller; McKinstry's Mill—Mrs. Fran Gorsuch, Mrs. Daniel Jones, Mrs. Charles Parrish and Frank Smith; Mt. (1) She must have been receiving at least one-half her support from the worker; or

(2) Have been receiving substantial contributions from him under the terms of a written agreement; or

(3) He must have been under a court order to make substantial contributions to her support.

These requirements may be met at the time the worker became disabled, or became entitled to benefits, or died. Divorced wives can be paid benefits at age 62 and divorced widows at age 60.

### 100TH ANNIVERSARY OF CHRISTIAN SCIENCE

Plans for a year-long observance of the one hundredth anniversary of Christian Science have been announced by The Christian Science Board of Directors of The Mother Church, The First Church of Christ, Scientist, in Boston, Mass.

Major events will include a worldwide public speaking tour by the Editor in Chief of The Christian Science Monitor, publication of a new book titled "A Century of Christian Science Healing," and the start of work on a new "Church Center" construction program.

The Centennial stems from events in 1866 which marked the turning point in the life of Mary Baker Eddy and began her pioneering of a world religious movement.

A spiritual healing which Mrs. Eddy experienced in 1866 turned her life-long study of the Bible into an intensive searching that produced the earliest manuscripts on Christian Science. She became convinced that Christianity is scientific in the deepest spiritual sense and applies to every aspect of human experience.

## Miniature Greenhouse For Seed Starting

Starting seeds in this new miniature greenhouse planter is easy as can be. Any youngster can start seeds all by himself.

A new type of seed starter is like a greenhouse in miniature. It consists of 3 groups of 6 little peat pots (18 in all) set in a plastic tray and covered with a transparent plastic top which, when in place, insures greenhouse conditions to the seedlings.

The little pots are already filled with a growing medium and pre-planted with seeds (2 or more to each 'pot') of three of these flowers: petunias, shade plants, zinnias, marigolds, sweet peas or tomatoes.

To start any of these seeds it is necessary only to set the greenhouse on a level surface; remove the aluminum foil cover and foam padding which hold seeds and growing medium in place. Then water is poured into each of the three sections of the planter through holes in the outer plastic tray. The transparent cover is set on top and then you can watch the seeds grow.

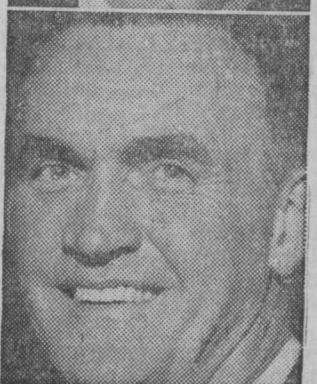

After sprouts appear in all the pots the top is removed — otherwise the temperature might be

too hot for best plant growth. After four or more leaves have formed on each seedling, plants may be moved to larger containers or directly into the garden if frost is over.

It's so easy to transplant the seedlings — just separate the peat pots and plant them. They'll disappear gradually as water and weather do their work.

As you must do every year, figure backward from the frost-free date in your area to decide when to start seeds of flowers or vegetables indoors. It will take from 1 to 3 weeks for seeds to sprout and another 3 weeks or more to grow to transplanting size.

### State Religion

Lesson for April 24, 1966

Background Scripture: 1 Kings 12:25 through 14:20.  
Devotional Reading: Proverbs 2:1-9.

State religions are older than the Pharaohs. Wherever in the world you find a particular religion or denomination supported and protected by the state to the exclusion of all others, there is a state religion. Perhaps a state religion is better than none, but this is an arguable point. One thing is sure, the founding fathers of America had seen state churches in action, and they were determined that this kind of religion should never take root in America's free soil.

Dr. Foreman never took root in America's free soil.

Even if the founding fathers had never seen state religion in practice, they could have read their Old Testament and learned much by its light. State religion is dangerous because it depends for its success on the character of the man who happens to be the big boss or dictator at the time. Solomon was head of his church as well as of his nation. The same can be said of David, who appointed some of his sons to be priests though (not being Levites) they were not eligible for church office. At any rate, the Jewish people of those times were long used to having the kind of religious observances and worship which the king prescribed. So when a bad king came along, Jeroboam, the masses of the people in Israel followed him without asking questions. If Jeroboam said bull calves were quite all right as objects of worship, then that was all they needed to know. State religions tend to run down hill whenever the government gets into the hands of mean or malicious men. Another reason why state religion is dangerous at worst and low-grade at best is that when religion comes under the control of government it is managed like any other department of the state with the result that religion becomes a branch of politics.

#### Disaster in Israel

How did religion fare when it got into the hands of that enterprising young organizer, Jeroboam? After that silly speech by Rehoboam, there was a great uprising among the Israelites and a major secession. Rehoboam found himself only barely holding on to two tribes, while Jeroboam had in his tight grasp all the rest of the nation. He set out to make new centers of worship, and new methods and forms of worship. Disgusting as it seems to us, he actually told the people that the gold-plated calves in the new holy cities of Bethel and Shechem were the gods who had brought their ancestors out of Egypt.

#### Made Israel to sin

There were good traits in Jeroboam, as the story shows. But his good points were scrubbed out by the bad. Always afterwards, calf-worship would remind people of Jeroboam. The tag that got attached to his name was "who made Israel to sin." He did not force Israel to like the hooves of the gilded calves; he just set the example. Our ancestors used to think it would be one of the joys of the redeemed saints to visit the brink of hell and see there the torture of poor lost souls. More sensitive souls would find the sight intolerable, for one might readily picture a lost soul crying out to the sightseer, "You should be here! You were the first who made me sin!" Could one endure it, even in heaven, if one knew what every one else knew? This is a man who encouraged his brother in sin?

## MEETING OF BOARD OF EDUCATION

A regular meeting of the Board of Education of Carroll County was held on April 13 at 9:30 A. M. in the County Office Building, Westminster. President DeVries R. Hering presided.

Action was taken to approve the minutes of the March meeting held on March 9 and approval was given to the financial statement and the current financial transactions, and transactions to become a part of the official record.

The Board took action to accept the resignations and approve retirement for Miss Lois Silverberg, Mr. Brooks Britton, Mrs. Treva Wink and Mr. Grayson A. Shank.

Miss Silverberg was born in Smith-ton, Pa. She received her Bachelor's degree from the University of Pittsburgh and has served as a business education teacher in Carroll County since 1937, having served in the New Windsor, Elmer Wolfe and Francis Scott Key High Schools.

Mr. Brooks Britton, a native of West Virginia, became a teacher in the Westminster Sr. High School as a general mathematics teacher in September 1955. He has continued in that position until the end of the current year when his resignation becomes effective.

Mrs. Treva B. Wink was born in Greenmount, Carroll County, graduated from the Manchester Elementary and High School, attended Maryland State Normal School in Baltimore and received her Bachelor's degree from the University of Maryland.

Mrs. Wink began her service in the Carroll County Schools in September 1925 and at the end of the current year when she retires, she will complete 48 years of service as an elementary school teacher in this county.

Mr. Grayson A. Shank was born near Otterdale, Carroll County, graduated from the Otterdale and Taneytown Schools, and received his Bachelor's degree from Western Maryland College. Mr. Shank is completing 40 years of experience in this county.

He has served as assistant principal and an industrial arts teacher.

The Board approved the retirement of Mr. Romulus V. Houck, who has been employed as a member of the maintenance crew, effective May 1, 1966.

Teacher contracts for the 1966-67 school year were approved for Allan A. Abbott, William Paul Kelly, Paul E. Hadfield, Rebecca J. Myers, Christina L. Kreiling, Joyce L. Stanton, Mrs. Althea Miller, Mrs. Virginia H. Law and Larry R. McKinney. Other teacher contracts were approved as follows: Mary Beth Graff, Francis Scott Key School, 4-1-66; Arthur J. Lange, Jr., Taneytown High School, 2-28-66; and Matilda B. Frisch, North Carroll School, 3-14-66.

Approval was granted for extending Miss Alta Lu Townes' leave of absence for 1966-67 school year.

A number of miscellaneous modifications were approved in connection with teacher classification and certification.

The Board entertained a delegation representing the Carroll County Teachers' Association. The group presented the sentiments of the teachers' association and requested that consideration be given by the Board of Education to the modification of an earlier salary proposal which had been submitted by the teachers' association establishing a minimum salary of \$5,400 and a maximum salary of \$8,640. The group emphasized for the Board their concern that the county maintain a satisfactory bargaining position as compared to comparable counties and that the Board go on record as favoring adequate teacher compensation.

Action was taken by the Board, after lengthy discussion, to submit a supplementary request to the County Commissioners modifying the salary item, as requested by the teachers' association, asking the County Commissioners to give consideration to the passage of the entire budget including the revised salary item in accordance with the index system presented at an earlier date by the teachers' association.

The Board was advised regarding certain negotiations completed in connection with State Roads property at the Sykesville School location.

The Board heard a report from Mr. George Baker, Supervisor of Transportation, regarding the establishment of transportation policies. It was directed that further study of the policies be given and a later report made to the Board. The Board approved certain modifications and adjustments in school bus contracts to be operative in the school year 1966-67.

Approval was given for the establishment of a program involving compensation for teachers in the field of driver education. The Board was advised that this program would, in all likelihood, have to be expanded in view of recent legislation.

The Board heard a report from Dr. Ecker related to necessary modification in district attendance areas for the coming year. Transfers, as proposed, were approved and Dr. Ecker was directed to take whatever steps are necessary to implement important changes in organization.

The Board heard a report from Mr. Thomas regarding the existing situation as related to teacher supply and recruitment, giving information regarding the number of teachers to be replaced and the number available for consideration and already employed.

The Board also heard from Mr. Thomas regarding progress being made in connection with the implementation of federal aid programs. In this connection it was emphasized that preliminary publicity recently reached the newspapers which indicated that Carroll County was not participating in Title I applications. It is emphasized at this point that preparations for the use of Title I funds are in process and are expected to be of major importance in the coming school year as well as during the current summer.

The Board heard a report from Mrs. Lillian Hawkesworth, representing the Advisory Health Committee, in which the attention of the Board was called to a number of items recommended by the committee. It was directed that all possible consideration be given to the items mentioned

and that continued effort be made to put into practice suggested improvements, especially as they relate to janitorial and health services.

Members were provided with information regarding plans already in operation in connection with orientation programs for the pupils who will be entering the first grades in September. The number of pupils now reported to be entering first grade is 1,380 and all schools are in the process of holding orientation sessions to facilitate orderly enrollment of these pupils in September.

The Board heard a report from Dr. Ecker regarding building progress at the South Carroll, Mechanicsville and Winfield School locations. It was reported that work is progressing at all three sites. The Mechanicsville addition should be available for use within the next several weeks, the Winfield addition at least by the opening of schools in September. Progress continues to be satisfactory at the South Carroll location.

The Board took action to authorize Mr. Thomas to have the authority and discretion to sign official papers during the absence of the Superintendent for an educational seminar in Germany. Approval was also given for Mr. Thomas to attend a training session during the month of July under the auspices of Columbia University.

Adjournment was at 1:00 P. M.

## NEW DAY HOSPITAL AT SPRINGFIELD STATE HOSPITAL

Last month the Carroll County Day Hospital, a part of Springfield State Hospital, was opened without any fanfare. This new unit is financed by a Hospital Improvement Program grant from the National Institute of Mental Health.

It serves, at the present time, only patients who reside in Carroll County. Those patients attend the Day Hospital from 9:30 A. M. until 3:30 P. M., Monday through Friday. Their families are encouraged, with the help of the staff, to keep the patient at home at all other hours and help him to come to the Day Hospital for intensive treatment. Some patients are brought by their relatives, others drive their own cars and a third group, without available transportation, is picked up at certain collecting stations and returned the same way.

This Day Hospital is modeled after the one which has functioned for three years in Baltimore City. Both facilities are under the directorship of Doctor Gertrude M. Gross, a long time resident of this county. With the exception of one employee, all staff members are Carroll County residents and the emphasis on community activities, field trips, bowling, picnics, etc., is definitely centered within Carroll County.

It is hoped that in the near future most patients in need of treatment in a mental hospital are not accepted as 24-hour patients in the state hospital but are referred to the part-time hospitalization of the Day Hospital. With this kind of treatment there is no separation from family, friends and community, a factor which is very helpful in the patient's final recovery and return to a useful life.

The Day Hospital is located on the second floor of the Men's Group Service Building. Any information can be obtained by calling 795-0929 or 787-2100, Ext. 344.

## DRIVER HITS PARKED CAR

A Gettysburg, Penna. Rt.5 man fell asleep while driving through Taneytown Saturday night at 10:30 P. M. on West Baltimore St. and hit the parked car of Mr. Sterling LesCalleet and demolished it. The LesCalleet car was parked in front of their home.

"Captain," complained the perspiring policeman, "we've been questioning that ventriloquist for two hours, and so far a plainclothesman, three officers and a sergeant have confessed to the crime. Shall we go on?"
