WINNER OF "MISS TANEYTOWN OF 1966" TITLE

Miss Connie Nusbaum, 17-year-old daughter of Mrs. Adelia Nusbaum, Taneytown, was named "Miss Taneytown of 1966" Wednesday night at the annual contest to select a representative for the Taneytown Volunteer Fire Company.

She was crowned by last year's queen, Miss Bonnie Harman, and received a banner, a \$25 check and a large trophy. Miss Harman also presented her successor with a dozen red roses.

The new queen was crowned at a ceremony on stage of the carnival grounds following the Firemen's parade. Organ music was provided by Stu's Music Shop, Westminster, and the Taneytown High School Band concerts during the evening.

First runner-up in the contest was Miss Donna Simpson, 16, daughter of Mr. and Mrs. Dewey Simpson; second, Barbara Harvey, 17, daughter of Mr. and Mrs. John Harvey; third, Miss Gale Holder, 17, daughter of Mr. and Mrs. Gordon Holder. Each girl received a check and trophy.

Other contestants were (left to right, back row) Delores Utz, Karen Holder, "1965 Miss Taneytown" Bonnie Harman, Bonnie Ohler, Lena Baker and Gordette Holder. All were 16 and 17 years of age and students at Taneytown High School.

Judges for the contest were Mrs. Gladys Wimer and Mrs. Janet Halman, both of Westminster, and Mr. Harold Trone, Hanover. John Breth and Dennis Baumgardner of WTR were emcees.

To all who took part in The Miss Taneytown 1966 Beauty Contest, thank you; a special "thank you" to the girls who entered, to convertible owners and drivers, judges and emcees; also the ones who helped through donating time, flowers, ferns and music. Again many thanks. Mrs. Dorothy Lookingbill, Chairman of Contest.

CHAMBER OF COMMERCE MEETS

The regular monthly meeting of the Taneytown Chamber of Commerce was held at Taney Inn on Monday evening, June 20.

Mr. Paul Morelock reported plans are complete for the annual Chamber outing. The date, as previously reported, is August 25. The bus will leave Taneytown at 1 P. M., proceeding to the National Brewery in Baltimore for a tour of that establishment commencing at 2:30 P. M. Following the tour, the group will have dinner at Haussers Restaurant on Eastern Avenue. After dinner the group will attend the ball game between the Orioles and Cleveland. Members will receive appropriate communication concerning this outing.

The membership was advised that the Carroll County General Hospital Board is selling tickets for the Painters Mill presentation of "Sound of Music" on Sunday, July 24, at 8:30 P. M. Prices are \$4.25, \$3.75 and \$3.00. Proceeds will go to the Hospital Building Fund. Everyone is encouraged to attend this production, not only to enjoy a fine presentation but to assist the local hospital. Tickets may be reserved with Mrs. Hilda Kiser, Taneytown.

Considerable discussion was had on probable industrial growth for the area and on ways and means of encouraging and guiding this growth. It should be pointed out that acquiring new industry for an area is probably the most competitive endeavor that a community can engage in. There are 4000 communities or localities in the United States today vying for new industry, therefore it is quite easy to calculate the odds against a given community acquiring a new "blue chip" industry. However, the Taneytown Chamber of Commerce is and will continue to be dedicated to growth, of the right kind, for Taneytown.

It was decided that Chamber meetings for July and August will be cancelled. The next regular meeting will be held at Taney Inn on September 19 at 6:30 P. M.

RURAL WOMEN'S SHORT COURSE

"College Week for Women"

I don't know how many of you are familiar with the short course but I would like to share my day there with you. I hope you will find it as interesting as I did. I only wish that I could have stayed the whole week.

Our day began with an assembly in the J. Millard Tawes Fine Arts Center. The assembly began with the Presentation of Colors, greetings, remarks, the address, given by The Honorable J. Millard Tawes, Gov. of Maryland, and the Retiring of Colors. We then had our choice of two classes, each of which were one hour in length. The only trouble was there were so many good ones scheduled for the same time.

Creative writing was a new class offered for the first time this year. I wish you could have seen the classroom. The seats were all taken, women were sitting on the floor, besides all of us who were standing around the room. Mrs. Fleharty and I stood but we didn't mind it one bit because the teacher was Marjorie Holmes, who made the hour go by so fast with her interesting lesson. She said procrastination is the writer's worst enemy. Habit is his ally.

Lunch was served starting at 12:15 in the dining hall. (One day when dishes were no problem.)

The next class was at 1:45 and there again we had a wide selection from which to choose. Automotive care to parliamentary law was offered. I chose the health class. Theresa Demus from the FDA spoke to us and showed us things which had been taken off the market.

The FDA is the U.S. Food and Drug Administration and it is located in Baltimore on Madison Avenue. It is science working through law to protect consumers.

Our day came to a close with an assembly in the Fine Arts Theatre.

Page said, "Women make both the manners and the morals of a people. Neither rises higher than the gauge which women set in a community."

Hope to see a lot of you ladies at the Short Course held at the University of Maryland next year.

—Esther N. Speak

"SPICE 'N' EVERYTHING NICE" (Your Chatty Column)

With all my heart, I wish you every morning a smile that shall last until the next day's dawning. I wish you health—life's greatest wealth; I wish you always near so that I may help to cheer. Each future day and in some way—help to bring you happiness!

June, the time of roses plus the delightful aroma of honeysuckle along the edges of many roads. Nothing is sweeter and we know that it is really summer. Many take vacations this time of the year but it is always best in the early spring or early fall. And right now I hear those frogs calling me! No sweeter sound!

You will never fry bacon again in any other pan after once using "Teflon," that delightful finished product by "Dupon." It cannot stick and always rinses clean. Now it comes in all types of saucers and it means no grease at any time. It is best to follow directions exactly which comes with every utensil. Wonderful is the word!

And don't forget to purchase that grand "Awake" — the best orange juice of all times. Be sure and place the glasses in the refrigerator for that special drink these hot days so they can say, "Ummmm, enjoyed that. What is it?" and you can truthfully say, "Well, the cold glasses give it the best touch!"

When you make any salad, especially tuna or chicken, add the grated carrot for it is not alone the different taste but it appears so different and grand for your eyes.

Such a pleasure always to park in the Lexington Market Garage as the attendants are tops! Try it once and it will mean the same garage forever after!

Many write me as to short skirts and this I must state, I do not like them above the knee not even on the teen-agers and men will tell you the same thing. Men will like you modest girls!

Have you and you observed the sweetest personality on TV? Merv Griffin. No one can compare with him for he is truly a "natural." His shows seem to be getting finer all the time and the public really does love him!

What a surprise of a little plant arriving in a small box from Florida; and I do not know whom to thank. I immediately bought a large pot and it is thriving beautifully.

Last week, along with 37 other friends, took the bus trip up to Hershey. The day was ideal and of course we were shown through the plant where the fabulous candy is made and it is fascinating just to watch the process without human hands touching any part of it. Really makes you appreciate the candy all the more. But I noticed one special kind which a young man was wheeling off in a huge compartment and I tasted one—they are wrapped in gold paper, called "Treats," and they are the best I think that Hershey puts out! Be sure you ask for that name for it is not a sickening sweet as most chocolates. The bus stopped at Chocolate and Cocoa Aves. and on that corner is the cafeteria. The price was steep plus small portions!

It is a very long walk through the manufacturing building so be sure if you go that you really have the most comfortable and old pair of shoes on. The rose gardens were lovely; in fact I would love to live right in that little city which is a prosperous one. (But what would they do without Hershey!)

There is the Milton Hershey School which is a privately endowed school where boys with one or both parents deceased. From a humble beginning in 1909 the school has grown to an enrollment of 1200 boys and there are 12,000 acres of beautiful land amidst the foothills for the quality of its educational offerings and for the personalized attention given social, physical and emotional functions. The founder was Milton S. Hershey.

There is a real story about this man who started a little business in two other cities and then bought much land which was named after him.

The part I enjoyed the most was the museum as I could have remained there all day. There is one of the world famous clocks from the Danner collection which was made in 1878 by John Fiester, who then was 32 years of age and a native of Lancaster County. It took him just 11 years to make this masterpiece and that truly is beyond describing; although there was a young boy by the name of Kevin Weir who truly explained it all in detail to the interested audience. That will be told in a later column all by itself for it was fascinating and such a story!

So long, folks, until next week, D.V.
I am,
Faithfully yours,
Irene deLeon Love.

THURSDAY, JUNE 23, 1966 NOVEMBER IS TOO LATE

When you mark your ballot in your polling booth this November, it is a little late to evaluate the issues and candidates you are called upon to support or reject. Now is the time for every eligible voter to gather information and discuss with others the issues and their effect on the people, the community and the nation. Now is the time to take an interest in public affairs and support those candidates and measures that appear to offer the best long run solutions to the problems before us.

The United States plays a central role in a world of unprecedented change. This fall every voter will be expressing his opinion of policies and proposals that involve war or peace, authority or freedom, national solvency or bankruptcy. An active and informed electorate is more vital than at any other time in our history to the future of a free society under representative government.

GRASSROOTS OPINIONS

YORK, NEBR., NEWS-TIMES: "It is a fact that in this contemporary world of the Great Society, we have all grown accustomed to wild spending schemes and tremendous, all-encompassing welfare programs . . . (while Mr. Johnson was asking the people to stop spending money and thereby halt the rapid march of inflation) . . . The President personally shoved through Congress another giant spending program which included rent subsidies and a teacher corps."

WEST POINT, MISS., TIMES LEADER: "The Constitution decrees that prayer and religious instruction be separate from public school curriculum. Yet education in the Bible as both literature and history, and in religion as a part of the human story, does belong in the schools."

CHESTERTOWN, MD., NEWS: "An underlying objective in the creation of our form of government, and one which has avoided many abuses of other forms of government, was to achieve diffusion rather than concentration of government power."

MESA, ARIZ., TRIBUNE: "A few days back there appeared in the columns of the Tribune a few words from a man who has been fighting in Viet Nam. His chief complaint was a lack of mail. If you have or know of a serviceman over there, keep the mailman busy. Let our servicemen know that you are behind them in their efforts."

FINDLAY, OHIO, REPUBLICAN-COURIER: "A bit of fancy horse trading in the Senate the other day carried a price tag of \$22 million for the taxpayers of the nation to shoulder. It was politics, pure and simple. . . . It all revolves around the administration's pet bill to have Uncle Sam shell out some of the taxpayers' money to help pay the rent for some who want to let the government help support them."

THOMASVILLE, GA., TIMES-ENTERPRISE: "We go along with the philosophy that the man who earns the money is more entitled to spend it than the politicians in Washington or Atlanta, or some other seat of government where entrenched office holders sitting in positions of power and authority adhere to the theory of the late Harry Hopkins who said the policy of government in power was to 'tax and tax and spend and spend and elect and elect'."

TOWANDA, PA., REVIEW: "There should be no question: The REA, established to bring electricity to farms remote from existing power lines, has outlived its usefulness. More than

98 per cent of the nation's farms are now electrified. . . . The Rural Electrification Administration has served the farmer well. It can, and should, retire with honor. But it won't—not while our Planners can use it as a tool in building a nationwide, subsidized, federal electric power monopoly."

ATCHISON, KAN., GLOBE: "This is an election year and the taxpayers have a voice when they vote. So sound off at the ballot box and elect candidates who will reduce expenses, not increase them. You can be sure those who are drawing welfare will be voting for the candidates who advocate greater welfare expenditures. It's that simple."

THOMPSON FALLS, MONT., LEDGER: "Two states, New York and California, are trying a new approach to combat the growing tendency by the general public to ignore a crime being committed instead of trying to prevent it and apprehend a criminal or help a law enforcement officer do his job. Recently California made its first payment under its 'Good Samaritan' law. . . . California last July became the first state to adopt such a law. It compensates private citizens for injury or damage suffered while trying to prevent a crime, apprehend a criminal or help a law enforcement officer."

WHITTIER, CALIF., STAR REVIEW: "Once again this year, efforts are being made to further increase the federal minimum wage . . . the law can be used to fix wages at any level. But it can't create the jobs to go with the higher pay."

**CURRENT EVENTS
FIFTY YEARS AGO**

What is the matter with June 1916? For cold and rain, and general disagreeableness, it has not been equalled for many years. The farmers are especially hard-hit by the situation, not being able to make hay or work their corn.

Samuel J. Flickinger has commenced work on his new home at the old "gate house" on the Westminster-Taneytown state road.

Mr. and Mrs. Robert Hesson, of Elko, Nevada, visited his uncle, D. J. Hesson, and other relatives on Tuesday.

E. O. Garner was struck by a carelessly driven buggy, last Sunday, while crossing the square following morning services at the Lutheran church, and thrown to the ground. Fortunately, aside from a severe shake-up of both body and nerves, he was not injured.

Lambert — Mr. Isaiah A. Lambert, 80, died at his home on Baltimore St. on Thursday. He leaves two sons: Jacob E. of Nashville, N.C., and Harry G. of near Taneytown. Funeral services were held at his home Sunday, by his pastor, Rev. L. B. Hafer. Interment in the Lutheran Cemetery.

Kiser — Mrs. Sarah C. Kiser, 48, wife of John H. Kiser of near Detour, died at her home June 22 of cancer. Funeral services were held Saturday by her pastor, Rev. L. B. Hafer. Interment in Lutheran Cemetery.

Shank — Charles Stanely, 2 months, son of Mr. and Mrs. Charles Shank, died at Keyville, June 18, 1916. Funeral services were held by Rev. Guy P. Bready.

Harney . . . Mrs. (Dr.) Elliot is off on a visit to her home folks, at Layton, Pa. . . Marion Bush is visiting his grandparents, Mr. and Mrs. J. Newcomer. . . Most of our farmers cut their barley this week. . . J. T. Lemmon, our machine man, is very busy setting up binders, hay loaders and mowers, of which he has sold a goodly number.

SKIN ITCH—DON'T SCRATCH IT!

Scratching spreads infection, causing MORE pain. Apply quick-drying ITCH-ME-NOT instead. Itching quiets down in minutes and antiseptic action helps speed healing. Fine for eczema, insect bites, foot itch, other surface rashes. If not pleased, your 48¢ back at any drug store. TODAY at Taneytown Pharmacy.

Thanks to all those who contributed to the paper drive on Saturday from Boy Scout Troop 330 and Cub Pack 459 of Union Bridge.

Speaking of the Cub Pack—sorry for the misunderstanding about a meeting last Friday evening. Do hope everyone learned about it beforehand and didn't go to the church. On July 1 at 8:30 P. M. a Camp Fire meeting will be held at the home of Den Chief Sam Fleming near Mt. Union. All Cubs and their families are invited to attend and also any boys who might be interested in joining the Pack. For further information, call Sam on 775-2538.

Mrs. West's fourth grade at Elmer A. Wolfe School enjoyed a picnic last Wednesday at the home of Lynn Schwartz of Middleburg.

Had a very nice note last week from Larry Dougherty, who is serving with the U.S. Air Force in England. He asked me to pass on a message: "Thank all the people who have remembered me with letters, the lovely birthday cards and kind notes and also that I am well, but kept extremely busy—and it's almost impossible for me to answer all the letters I receive." (I, personally, appreciated his kind words about this column being "almost like a letter from home.") So many folks who have never lived away from the area don't realize just how much our local papers mean to those who have moved away but still like to "keep-in-touch.")

Mr. and Mrs. Henry Walther of Washington Grove were luncheon guests last Tuesday with Mrs. Ralph Fleharty and granddaughter Diane near Detour.

FAIRVIEW

Time sure slips up on one—I never thought of Father's Day being last Sunday until too late to wish all the fathers a very happy Father's Day. We do hope each one had a very pleasant day.

Visitors in the home of Mr. and Mrs. William Doble and son and Mr. and Mrs. Grant Baker on Sunday were Mr. and Mrs. Thomas Baker and son Douglas, Mr. and Mrs. Claude Selby, Mr. and Mrs. Claude Baker and family and Mrs. Mable Smith, who is caring for her parents each morning while her daughter, Mrs. Doble, is helping with Bible school.

It is too bad how many people are sick this time of year. Two week's ago the doctor's office was sitting full with some standing early on Monday morning, and again this Monday morning it was full again—each one waiting for a doctor's attention. We get discouraged and out of sorts waiting to be waited on, but I often think of the many people a doctor has to sit and listen to; all the different ailments, not only once a day but many times a day. Patience, yes, patience with patients. I can sympathize with both doctor and patient.

Mrs. Robert Stone near here is spending a few days with her son and family and other relatives and friends

Mr. and Mrs. Donald Mackley and son Donald, Jr., Mr. and Mrs. Bruce Bowman and son Thomas, and Mrs. Edna Mackley of this place spent Father's Day with their father, Mr. Horace A. Smith.

Mr. Bruce Bowman spent Sunday with his father at Arlington, Va.

Mr. and Mrs. Donald Myers and sons Vincent and Anthony of near Emmitsburg were the guests of her parents, Mr. and Mrs. James R. Saylor and family, recently.

Mr. Harvey M. Pittinger, Sr., visited Mr. H. A. Smith recently.

IN MEMORIAM

In loving memory of my dear husband, Earl M. Welty, who passed away 2 years ago, June 25, 1964.

I have lost my soul's companion, A life linked with my own, And day by day I miss him more, As I walk through life alone.

I who loved you, sadly miss you, I who held you very dear, And in lonely hours of thinking Often feel your presence near, Though God has taken you away You are with me every day.

Keep him, Jesus, in Thy keeping, Till I reach that heavenly shore, Then, O Master, let me have him To love and keep him as before.

LOVING WIFE, BESSIE L.

Smith, and Edna Marie, daughter of the late Mr. and Mrs. Theodore J. McKinney, were married on June 19, 1926, in the Methodist parsonage, Union Bridge, by Rev. Clifford Richman. They were attended by Miss Mary Bowers, niece of the bride, and Donald Lambert, cousin of the groom. They have one daughter, Mary, and two grandchildren, Robert Douglas and Ann Elizabeth Willhide.

PITZER AND A's STOP TIGERS, 5-2

Late Arendtsville Scoring Stops Taneytown Win Streak

Dick Pitzer's RBI single in the eighth inning scored Dick Hartman with the go ahead run as the Arendtsville "A's" topped the Taneytown Tigers, 5-2, at Memorial Park on Sunday.

The local nine tied the game at 2 all in the sixth frame on a bases loaded walk to "Scooter" Pfoutz and Neal Hoffman crossed the plate on an error charged to the A's second sacker Tom Cline on Jimmy Myers' infield roller. That was the sum total of Tiger scoring as the A's wrapped up the game with two more insurance tallies in the ninth on RBI singles by Dick Hartman and Danny Hartzel.

Dick Pitzer was the winning hurler in relief of Bob Bream and Dan Sanders. Brett Fleagle lost his first game of the year. He went the entire nine innings for the first time this year and he deserved a better fate. Brett hurled one of his better games this season. The Tigers showed no punch at the dish with men on base, and as the old philosopher once said, "if you don't score, you don't win." Jimmy Myers went five for three with a double; Graham Wildasin was five for two, and that was about the extent of the hitting stars for Taneytown.

The first half of the South Penn season has now come to an end. A record of two wins and seven losses is not to be admired, not when you know the team can do better. Just what the next half will show is anyone's guess.

THE WAY I SEE IT . . .

Observations on the World of Sports — John Breth

It's doubtful if he'll be named the rookie of the year in the American League, but if they had an award for the most colorful rookie of the year he'd be a cinch.

We're talking about GENE BRABENDER, the husky relief pitcher of the Baltimore Orioles.

Gene is built like a fullback and wears thick glasses. He throws hard. He's from a town in Wisconsin called Black Earth. He was in the Army the last two years and Baltimore got title to him by drafting him from Spokane, a Los Angeles Dodger farm club.

Although Gene pitched well in spring training, he did not make his major league debut until a few minutes before the cutdown deadline in the middle of May. His early appearances for the Orioles were not impressive. He was hit hard and in one game even balked the winning run home. That is the sort of thing which used to earn a young pitcher a train ticket to a way stop and now earns him a plane ticket to the same place.

But the Orioles stuck with him. A few weeks after his debut, Gene thought that he had posted his first major league victory. He was the pitcher of record when the Orioles made a winning rally. But the official scorer gave the victory to another rookie, Eddie Watt.

Gene had been careless enough to give up a bases-loaded home run while he was pitching and the official scorer did not think he was entitled to the win.

Brabender finally got his initial major league triumph last week and, of course, it was not a routine win. He pitched two and one-third innings of relief against Washington in a game that was suspended by a curfew. The game was resumed the next night in the sixth inning and Brabender was still on the mound. He won it as the Orioles rallied for an 8 to 7 decision.

In Florida this winter, Brabender was out fishing with rookie Delano Hill and fell into the water while trying to free his line from an overhanging branch.

Brabender floundered around in the water and lost his glasses while trying to get back into the boat.

After he made it, Hill asked him why he didn't dive back for his glasses.

"Are you crazy," Gene said, "I can't even swim."

BROOKS ROBINSON, the slugging third baseman of the Baltimore Orioles, made a surprising statement when he said hitting behind Frank Robinson, the slugging outfielder, put pressure on a player.

Then, Brooks added: "Well, maybe not pressure. But when you see Frank hit one out of the park there is a tendency to see if you can't follow suit."

When Sam McDowell of the Cleveland Indians won the opening game of the season against Washington it was quite an improvement over last year. Sam pitched five games before he won one in 1965.

The veteran catcher, Del Crandall, has this to say about McDowell: "He can throw the wrong pitch to a batter and still strike him out."

The first Negro to umpire in the major leagues, Emmett Ashford, is still chuckling over his opening day experiences in Washington. He says: "I was stopped by five Secret Service men and when I told them I was an umpire they all did double takes."

Dick Traczewski who went to the Detroit Tigers from the Los Angeles Dodgers told his new teammates that they are the best ball club he ever saw.

There is some kind of a chance that more will be heard about that remark. The Tigers just could play the Dodgers in the World Series this fall.

The new manager of the Kansas City Athletics, Al Dark, told the very fast Jose Tartabull that he had the center field job this spring. Then he embarked on an intensive period of instruction for Jose in bunting, getting the jump on the pitcher, and laying off bad pitches. Tartabull was impressed himself. He said: "In the past I was just up there swinging."

Today's Sport Laugh — Atlanta Braves manager Bobby Bragan says one of his nicknames during his playing days was "Judge." The reason— he spent so much time on the bench.

"I suppose the little wife will win all the arguments in your house?" "No, she'll win half of them." "Oh, you expect to win the other half?" "No; but my mother-in-law will."

MUSIC FORUM . . .

by Dennis O. Baumgardner

This week we will again go to one of the top singers of the modern music trend. Gene Pitney, who is currently zooming up the charts with many of his records was first started on his musical career as a tunesmith. After supplying other performers with disc material, he stepped out last year on UA's Musicor label with a chart rendition of his own number, "I Wanna Love My Life Away." This year and last year the chanter pulled in plenty of loot with "Town Without Pity," "The Man Who Shot Liberty Valance" and "Only Love Can Break A Heart."

Some of the artists who have cut Pitney songs include June Valli, Steve Lawrence, Tommy Edwards, Billy Bland and Roy Orbison. A native of Rockville, Conn., the 20-year-old performer has, in addition to his singing-writing background, experience as an arranger and instrumentalist. The performer's hobbies cover three areas: taxidermy, trapping and electronics. This concludes another in our series of discussions on modern music and its performers. Next week we will continue with more Musical Forum in the "Modern" music trend.

Temporary Hedges

No need for a new gardener to spend money on a permanent hedge when annuals may be used for the first year. Newest is a marigold, Diamond Jubilee, with uniform plants, lots of bloom.

Gardeners with new houses and, therefore thin pocketbooks often look with envy at the established plantings of their neighbors, particularly those like hedges that define boundaries.

There are several annuals, quickly and easily grown from seeds, which are excellent for temporary, one-year hedges. They serve precisely the same purpose as the much more costly permanent hedges of wood plants.

The newest of these plants for hedge use is a marigold, a first generation hybrid named Diamond Jubilee to commemorate the 75th anniversary of the seed firm which originated it.

This marigold is the first of a new class called "hedge-type" because the plants naturally grow so uniform in height and breadth and are so compact in form that, even when in full bloom, they have the neat appearance of a clipped hedge.

Blooms are a bright yellow, double and 3 1/2 inches in diameter. They are borne in large quantities and cover the plants completely once the flowering season starts.

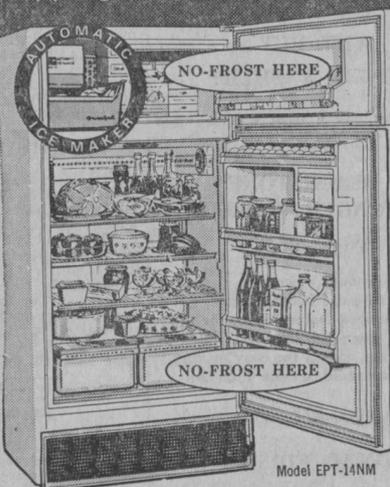

A much older, but still widely used annual for hedges is kochia, commonly called "burning bush" because its fine, pale-green leaves turn carmine in late autumn. Kochia is grown only for its foliage and its compact symmetrical form. It grows 3 feet high.

Entirely different in form and for informal hedges only is another annual — cleome, more often called "spider plant" for the spider-like appearance of the long, slender stamens. This will grow 4 feet high in good soil and is loose and open in form although quite uniform in height.

If you need a temporary hedge plant seeds of one of these annuals and have a hedge this year.

THE BIBLE SPEAKS

International Union Sunday School Lessons
BY DR. KENNETH J. FOREMAN

The Crash

Lesson for June 26, 1966

Background Scripture: II Kings 24 through 25; II Chronicles 36; Jeremiah 38 through 39; 32.
Devotional Reading: Jeremiah 18:18 through 19:1.

A Jew once wrote a letter to the question-and-answer column of the B'nai B'rith monthly asking: What was the most important event in Jewish history? The editor replied that it would be hard to select just one, but in his opinion

the two most important were the Exodus from Egypt, and the Exile. By Exile he meant the scattering of the Jewish people among all nations, as we see them today. The Dr. Foreman beginning of that was the crash of a city, Jerusalem, and the date was 587 B. C. The army, or part of the Army of Babylon, came into Palestine and just took over the country. The famous golden city of King Solomon was reduced to rubble. With the crash of their capital (which is not wholly under Israel's control even today) went the crash of the nation, the royal dynasty, the hopes and dreams they had cherished for centuries. Thousands of good people asked themselves: "How can this be? This was God's city, we are God's people." That was a theological question and rates a theological answer (as many of our problems do).

WAY THEY THOUGHT IT WAS

What the citizen could not understand was how or why God had let them down. He had promised, by various prophets, that the royal dynasty would endure forever; he had said (by Isaiah) that no weapon formed against Jerusalem should prosper. They had made a covenant long ago with God. The Lord had delivered them out of many past calamities, he was strong enough to save them always no matter what. They could draw only one of two conclusions: Either the Lord was a god who did not keep his word, or else he was a weak God, one who meant to do well by his people but lacked the intelligence or the power (or both) to do what he honestly tried to do. Could it even be (they wondered) that their "god" was not god at all? Perhaps they had been worshipping an idol all this time!

WAY IT REALLY WAS

The way it really was, was this: God is not weak or changeable, not boastful nor forgetful. The crash of the golden city was indeed his doing, or done by his permission. But it was not a case of letting his covenant people down. It was a case of punishment. The army of an invader, even a cruel invader, may be, and at that time was, an instrument of punishment in the hand of God. That God does not change, is quite true. God is a Savior but also a Judge; and sometimes (not always, be sure) his judgements are not handed down on a distant Judgement Day. Judgement Day can be NOW, and a nation may be on trial and the verdict GUILTY. It was all the prophets could do to pound this into the peoples' heads, and most of the people never did open their eyes to the inside truth.

ARE YOU PART OF PROBLEM?

"What has all this got to do with me?" is a fair question; "I'm no nation, I'm only plain John (or Mary) Smith." Well, you are a part of a nation. There is such a thing as national character, good or bad. But national character is just the summing-up and interaction of private characters. And what creates character? The choices the individual makes every day. Acts of choice become habits of choice, and man's habits of choice are his character. If there were more people like you, would our country be better or worse? As Dr. Redhead is fond of saying, are you part of the problem or part of the answer?

Shopping Day Special

Tack this recipe up on your kitchen bulletin board the next time you leave on a shopping trip. Even if you rush home just minutes ahead of your hungry troops, you'll be able to have this appetizing entree on the table in time. Sautéed almonds add texture to the Minute Rice; a well-seasoned cheese sauce complements the tuna. Best of all, the recipe needs no last-minute marketing. All the ingredients can be kept handy on your kitchen shelf, ready for quick cooking and serving.

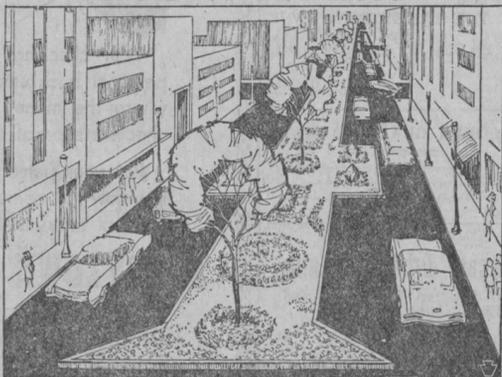

- Tuna Supreme on Almond Rice**
- 1 1/2 cups water
 - 1/2 teaspoon salt
 - 1 1/2 cups packaged pre-cooked rice
 - 1/4 cup slivered or chopped almonds
 - 2 tablespoons butter
 - 1 1/2 cups (14 1/2-oz. can) evaporated milk
 - 2 teaspoons dry mustard
 - 1/2 teaspoon salt
 - 2 cups (8 oz.) grated process American cheese
 - 1/2 cup cooked green peas
 - 2 tablespoons sliced green olives
 - 2 tablespoons chopped onion
 - 1 can (6 1/2 or 7 oz.) tuna, drained and flaked

Bring water and 1/2 teaspoon salt to a boil. Stir in rice. Cover, remove from heat, and let stand 5 minutes. Meanwhile, sauté almonds in butter until golden brown, stirring constantly. Add almonds and butter to rice, fluffing lightly with a fork. Pack rice into a well-greased 3- or 4-cup ring mold. Cover tightly with aluminum foil. Set mold in a shallow pan of hot water over very low heat for 5 to 10 minutes.

Meanwhile, combine milk, mustard, and 1/2 teaspoon salt. Scald over medium heat about 2 minutes, stirring frequently. Add cheese, peas, olives, and onion. Continue to cook, stirring constantly, until cheese melts — about 1 to 2 minutes.

Turn rice ring out onto a hot serving plate. Fill center with tuna. Then pour cheese sauce over tuna and rice. Makes 4 or 5 servings.

Middle Of The Road

The wide, wide streets of some communities are the best possible places for beautification with a small straight down the middle. It may be made colorful with annual flowers.

Towns and cities fortunate enough to have wide main streets will find these the pathways to easy beautification because their width permits planting down the center.

This planting can be as simple as a strip of sod and flower beds held in place with used railroad ties laid end to end or it can be a more elaborate concrete-edged, raised mall as in the accompanying illustration. Either way the planting will enhance the appearance of the neighborhood, lifting it out of the ordinary.

Notice particularly the shape of the mall sketched. The "wings" extending outward from the center allow for only a single lane of traffic on either side plus space for one car to pass another or for parking. This shape, adapted from that of a mall already in use in a medium-sized city, effectively slows traffic.

The planting, too, keeps traffic moving slowly but steadily as passengers and drivers alike enjoy the evenly spaced trees, the green grass and the colorful flower

beds filled with annual flowers.

To save labor, these annuals may be of sorts that are sown in the beds rather than set out as plants. Small-flowered zinnias; low-growing, early-blooming marigolds; annual phlox; bachelor's button; annual poppies and that peer of edging plants, sweet alyssum, all come in this category. If a taller-growing annual is desired, an excellent addition to this list is cleome, more commonly known as spider plant.

None of the annuals above is subject to diseases or attractive to insect pests. All are easily maintained, particularly if seeds are sown fairly thickly so that weeds cannot get a start. All furnish a wealth of colorful blooms.

In Our Time

THE EXPRESSED CONCEPT, "I WANT MORE THAN JUST A PLACE TO COOK," HAS BECOME INDICATIVE OF THE WAY MOST AMERICAN FAMILIES LOOK UPON KITCHENS...

MORE AND MORE WOMEN... AND THEIR HUSBANDS... INSIST THAT THEIR KITCHEN BE BOTH A MODEL UNIT OF CONVENIENCE AND DESIGNED FOR PLEASANT EFFICIENCY.

BUILDERS, IN RECOGNIZING THIS REQUIREMENT, INCORPORATE BUILT-IN DISHWASHERS IN MOST NEW HOMES AND APARTMENTS. MANY INDIVIDUALS ARE BUILDING DISHWASHERS INTO EXISTING KITCHENS...

GENERAL ELECTRIC ENGINEERS HAVE TAKEN INTO ACCOUNT THE DEMAND FOR APPEARANCE, EFFICIENCY AND CONVENIENCE IN DESIGNING DISHWASHERS THAT FIT SNUGLY AND BEAUTIFULLY UNDER KITCHEN COUNTER TOPS.

Summer School at Taneytown Elementary

A summer school will be held at the Taneytown Elementary School which will include a kindergarten for children entering school in September and remedial work in reading and mathematics for those children already in school.

Work of the in-school program will consist largely of reading and mathematics. However, some instruction will be given by special teachers in art and physical education.

Busses will carry children to and from school, picking up kindergarten children within the town and transporting others on the same basis as was done during the regular school year.

Kindergarten children are designated as such, however, those children already in school have been arranged in instructional groups not designated by grade.

Both high and elementary school children will ride the same bus but at this writing it is not known just what bus routes will be followed.

Parents of kindergarten children are asked to pin a tag on the child giving his name and bus number.

Names of children, together with their teacher and room number are listed below:

COUNTRY MUSIC

The automatic washer vibrates rebelliously, a bereaved cow bawls for her calf, and the telephone rings incessantly. And yet, none of these rather distracting sounds can drown out the delightful melody of country music which I hear all around me.

No matter where I go, upstairs or down, or what task I perform, it is always there, penetrating every nook and corner of our old house. The music, of course, varies with the season. In spring, it is a hymn of victory over the fierce, bitter trumpets of winter.

The little stream rushes merrily along, exalting in its freedom from ice and snow. Soft, pattering showers coax the frozen earth back to life, as the first spring peepers sound their magic notes. Robins chirp and red-wings and meadow larks take up the happy song.

In summer, the warm scented air rings with numerous other bird calls—the loud whistle of a cardinal, the liquid tones of wrens and song sparrows, the unmistakable call of the Baltimore Oriole and the distinct one of the bob-white, the high, strident song of the indigo bunting, the crowing of a pheasant. Even at night, a wide awake mocking bird may serenade us.

On every side, the air throbs with the full-throated roar of tractors and the busy click-clack of balers, as the fragrant hay is brought in, and the fast-growing corn is cultivated. Autumn brings the honking of wild geese and a lively chorus of katydids and crickets, as the curtain descends on another summer. We hear the harvest sounds of corn pickers and silo fillers as once again the crops are safely gathered in.

This rich, varied country music has become a part of me and I, in turn, have become a part of it.

-Zola Cantwell
