In September 1942 he was transferred from Fort Lee to Camp Butler, N.C., where he was assigned to the 22nd Quartermaster Truck Regiment. He sailed with them to North Africa, landing at Casablanca, French Morocco, with the Western Task Force under the command of the late Gen. Patton.

After cessation of hostilities in North Africa and Sicily, Sgt. Hill was then sent to Italy where he remained until June 1945.

Sgt. Hill returned home and was discharged from the Army at Fort Meade in July 1945. He lived at home with his parents and went to work for the E. E. Stuller Co.

In 1946 he went to Petersburg, Va., where he attended Virginia State College and majored in Industrial Arts. Upon completion of the two-year course, he re-enlisted in the Army and was sent to Fort Dix, N. J.

While at the Missile Range he attended a twenty-week electronic course at Fort Gordon, Ga., where he studied telephone carrier and repeater equipment repair. After returning to the Missile Range, he was given the responsibility of installing and maintaining carrier communications between White Sands and Holloman Air Force Base. While at White Sands Missile Range, Sgt. Hill was promoted to Sergeant First Class in April 1955 under the promotion system in force at the time.

In May 1955 he was assigned to the U. S. Army Signal School, Fort Monmouth, N. J., to attend the microwave radio equipment repair course. After completing the 26-week course, he remained at the school as an instructor.

Federal Funds for Educational Program

The Carroll County Board of Education announces for the Summer the implementation of three educational programs utilizing Federal funds and one project of a self-supporting nature. The self-supporting program is the summer school being currently held principally at Westminster Jr.-High School under the direction of Mr. George Arnold, Vice-Principal of the Westminster Sr.-High School. A class for pupils in this Summer program is also being held at the Sykesville School.

The self-supporting program is financed by student tuition fees. The program permits secondary school pupils to get make-up credit for required subjects and to take courses in enrichment areas. The elementary school pupils are engaged in increasing skills in reading and arithmetic.

Two projects with Federal funding are taking place in schools eligible for Title I, Elementary and Secondary Education Act 1965 funds. These projects are for pre-school children who will enter grade one next September and for children already in school in grades one through twelve, needing specific help in the areas of reading and mathematics. The elementary schools eligible for Title I funds under Federal Guide lines are: Taneytown, Elmer A. Wolfe, New Windsor, Uniontown, Charles Carroll, Mount Airy and Hampstead.

The secondary schools eligible are: Taneytown, Francis Scott Key, Mount Airy and North Carroll.

Children for these two Title I projects have been selected during the past school year by the principals, faculties, and Central Office staff personnel. Educational need in each case is the dominate factor. It is to be noted that all of the money allocated to Carroll County under Title I grants for the fiscal period ending 30 August (extended from 30 June) is being used in the Summer projects. The pre-school project is funded at \$101,216.53. The project for in-school children is funded at \$119,695.00. Title I projects are operated through the Maryland State Department of Education and the United States Office of Education. Head Start is operated through the Office of Economic Opportunity, with the Board of Education as a single agency applicant, and with the approval of the Carroll County Community Action Committee.

Training sessions for personnel for the three projects were held during the week of June 20. Head Start personnel attended a work shop at the University of W. Va. Title I personnel attended a work shop at the Westminster Elementary School. Also, Title I personnel have held work days in the schools in order to prepare for the arrival of pupils. All Federal projects began on 27th June.

The Title I In-School project will operate for 6 weeks, while the Pre-School Title I school project and Head Start will operate for eight weeks ending 19 August. In all, approximately 1500 children of Carroll County Schools, public and parochial, will have the benefit of these Summer experiences. Of the total number, approximately 450 will be children to enter the first grade in Sept.

Mr. George E. Thomas, Assistant in Administration, indicated that much credit for the Summer programs should be given to Mr. Evan Bowers and Mr. Robert Martin, Central Office Staff supervisors who wrote Head Start and Title I projects respectively. Mr. Thomas also indicated the significant role played by the principals, faculty at great length in order that the projects might be implemented.

Mr. Thomas indicated that funds for Title I project is limited by Federal Guide lines and regulations to specific elementary secondary schools and that Head Start programs are used in the other areas of the county in order to provide the maximum coverage of pre-school children. Head Start centers will be located at Sandymount, Freedom, Sykesville, Westminster, and Manchester.

It was noted that not as large an amount of funds is likely to be allocated to Carroll County Title I project for the next school year and Summer.

It is anticipated that approximately \$190,000.00 will be available for Carroll County from the period September 1 through August 30, 1967. Mrs. Virginia Murray and Mr. Evan Bowers Supervisors, are presently working with principals and faculties of Title I schools in order to submit project by 15 July in order that the project may begin in September. Mr. Thomas pointed out that with the use of projects during the regular school year, not as extensive a summer program could be conducted during the Summer of 1967. However, he pointed out that in Carroll County's first contact with Federal funds under Title I, all funds available were used to spite the shortage of time for preparation and the lack of sufficient number of staff members to do as part of their own work all of the necessary preparation and implementation. He also pointed out that other Federal areas of assistance to pupils had not yet been tapped by Carroll County. The Office of Economic Opportunity Catch-Up program would be available to all pupils of educational need and of specified family economic factors throughout all of Carroll County. Mr. Thomas indicated an anticipation of Continued development of education in Carroll County through available Federal funds.

The lack of morals among the youngsters, if it exists, is a reflection of a great lack of morals among their elders.

Harney Firemen's Carnival will be held next week, July 11th to 16th, featuring entertainment nightly, rides, good food and concessions.

The highlight of the week will be the parade, Wednesday evening, scheduled to move out at 7 o'clock from the ball diamond on Bowers Road, moving through Harney to the Firemen's Carnival Grounds, where it will disband.

TEACHER RECRUITMENT

Teacher recruitment for the school year 1966-67 for Carroll County Public Schools is progressing very well reported George E. Thomas, Assistant in Administration. Mr. Thomas indicated in the secondary field fewer than five vacancies, barring unexpected resignations, presently existing. In the elementary school field it was indicated that approximately six vacancies exist. Mr. Thomas indicated that there were applicants for most of the positions and that the procedure of interviewing and selecting is exceeding. In addition, he commented that particular types of teachers, as remedial reading teachers and guidance counselors, are being sought and put under contract in terms of Title I, ESEA, anticipations for the coming school year.

Mr. Thomas indicated that practically all of the secondary school instructional personnel would be put under contract as certificated teachers, noting that such teachers are in more plentiful supply with the exception of one area, Industrial Arts. He indicated that the supply of certificated elementary school teachers is not as great as that for secondary school positions. He pointed out, however, that the elementary school teachers thus far put under contract have been principally instructional personnel with college degrees, all are part of needed professional training, and, in many cases have had experience in other school systems. It was noted that a favorable point for Carroll County is that which indicates that any qualified professional personnel are seeking positions in Carroll County with desire for living in an area not highly urbanized. Mr. Thomas indicated his strong belief that in Carroll County advantageous geographical position, coupled with a determined effort to improve the salary schedule for teachers and administrators, would progressively bring to Carroll County capable, fully-trained professional personnel. It is anticipated that total professional personnel in public schools for 1966-67 will not be fewer than 625 nor more than 645 in total number. Total professional personnel for the past school year totaled approximately 600.

COUNTY'S FARMS TOTAL 1,741, U. S. CENSUS BUREAU REPORTS

A total of 1,741 farms was counted in Carroll County during the 1964 Census of Agriculture, the U. S. Department of Commerce's Bureau of the Census reports.

In the last previous Census of Agriculture (1959), the total counted in the county was 2,035 farms.

The 1964 total is published in a preliminary report on the county just issued. The report also shows that average farm size in the county was 125.8 acres and that the average value of the county's farms (land and buildings) in 1964 was \$47,761.

Other important county statistics in the report are:

1. Value of all farm products sold by farms in the county in 1964, \$17,602,165; in 1959, \$14,691,300.
2. Value of all crops sold by county farms in 1964, \$3,279,555; in 1959, \$2,267,464.
3. Value of all livestock and livestock products sold by county farms in 1964, \$14,267,329; in 1959, \$12,063,836.

Information obtained for the first time in an agricultural census included the amount of income received by the county's farmers (\$55,301) from recreational services as well as data on the use of pest control chemicals in the county in 1964.

A Census of Agriculture is taken every 5 years in years ending in "4" and "9" to gather information on the nation's agricultural resources and production. The data are needed to make decisions affecting many segments of the U. S. economy. The 1964 farm census was the 18th in a series that began in 1840.

The preliminary report for the county contains more than 500 facts about agriculture in the county. Among additional facts it contains are the number of farms by size, type, and economic class; the number of farm operators by method of tenure, age, color, off-farm work, and number of school years completed; land in farms by use and by land-use practices; data on equipment and facilities; farm expenditures; number of hired workers; and number of farms reporting poultry and livestock production and those reporting crop production by acres and quantities as well as sales.

Note: Single copies are available for 10 cents from the Bureau of the Census, Washington, D.C. 20233 or from any field office of the Department of Commerce. These are located in major cities.

CAN'T MAKE PEOPLE HIRE

When legislated minimum wages are artificially boosted by political pressures, rather than by ability to earn, potential employers are reduced and new unemployment roles are created. The millions of average citizens with a limited amount of money to spend for housework, yardwork, farmwork and a hundred and one every day chores, will not pay an unduly high minimum wage because they cannot.

More and more labor saving machinery will be used in all walks of life. Its use will increase in the home, on the farm and in all business and industry. Stores and factories will become more automated and serve yourself and do-it-yourself products and practices will multiply. By legislated handicaps, opportunities for unskilled persons to learn are reduced, relief rolls are increased and the inflation ball rolls on.

You can lead a horse to water, but you can't make him drink. And this applies to persons with limited dollars to pay unskilled help. The lawmakers can tell you what you must pay, but they can't make you hire.

GRASSROOTS OPINIONS

TIPTON, IOWA, CONSERVATIVE: "There is an interesting theory that, unless a young person has a continuity in his education... he will have lost some of the value of his education. This doesn't make much sense to the young men and women who came back to campuses after World War II and set the highest educational standards that have been attained on campuses anywhere. . . . It would be better that, at a certain date, say at age 20, every young man, regardless of his status in school, be considered for military service and that exemptions be given with great reluctance. The right to enjoy the privileges of life in this country should carry with them the obligation to defend this country—and the obligation should be shared by all."

TOWANDA, PA., REVIEW: "The plenty of tax money available for 'building bridges of understanding' with Communist dictatorships in Russia and Eastern Europe; but existing bridges of trade and commerce are closed to honest, hard working private citizens in our own hemisphere. Our respectful and respectable Mexican neighbors are not free to come across the border to help themselves by helping us. It's almost as though Uncle Sam is saying to the world: 'Freeloaders, SI! Workers, no!'"

WARRENSBURG, MO., STAR-JOURNAL: "The American television audience's appetite for trivia and escape seems to be insatiable. The latest evidence of this was the flood of protests aroused by network cancellation of scheduled shows to permit coverage of the Gemini 8 space capsule's forced landing after its historic linkup with the Agena rocket."

ISLE, MINN., MESSENGER: "Our new linotype operator (my wife) is getting pretty good. In December she was just a novice — now she's setting a galley per hour — a good trick for any linotype operator. She's getting so good, I've decided to double her salary. I can afford it. Two times nothing—is nothing. In fact, if she keeps up the good work, I may double her salary again in a couple of weeks!"

SAN DIEGO, CALIF., PRESS: "The Central Committee of the World Council of Churches seems to have put itself in an untenable position by laying down specific terms on which it believes peace in Viet Nam may be

secured. . . . the Council's committee has usurped, in the words of the New York Herald Tribune, a 'political function for which it bears no constitutional responsibility. . . . The Herald Tribune suggests the clerical uproar that would follow if the government should urge an ecumenical movement and specify the concessions that Catholic, Protestant and Jewish faiths should make. Separation of church and state still seems to be the best policy."

PORT GIBSON, MISS., REVEILLE: "It is not hard-hearted to say the reasons some people are 'poverty stricken' is because they do not want to work. There is no use beating around the bush, some people are plain lazy, and want all they can get without any effort on their part. Certainly, help the real unfortunate, but the industrious do not have the obligation to care for society's drones. The Good Book says man shall live by the sweat of his brow, and we haven't read in the Bible where any Great Society has to take care of him."

NASHVILLE, ARK., NEWS: "More than words, the migration to Australia speaks of protest against the Great Society and politicians. . . . Fifty years ago, it would have been unthinkable that as many as 4,000 citizens would be fleeing from America to make a new home. It's happening today. . . . Freedom from the bureaucrats and from oppressive big government is getting harder to find, backed now into a corner of the Pacific."

County Tax Rate Increased Eight Cents. — The Record is not in a position to criticize the increased tax rate for this year, that has been fixed by the County Commissioners at 88¢ on the \$100.00, because it does not want to criticize without a better knowledge of the facts. We were told last year that the increase from 68¢ to 80¢ was largely due to the loss of liquor license revenue and furniture exemption.

William Formwalt, wife and daughter Daisy of near Uniontown and Carroll Shoemaker near Harney spent last Sunday with Bassett Shoemaker and family near Taneytown.

Prof. W. L. Koontz attended the meeting of the State Teachers' Association at Ocean City last week.

"Declaration of Independence"

"This Congress earnestly recommends that Thursday, the 20th day of July 1776 be observed by the inhabitants of all the English Colonies on this continent as a day of public humiliation, fasting and prayer; that we may, with united hearts and voices unfeignedly confess and deplore our many sins, and offer up our joint supplications to the all-wise, omnipotent and merciful disposer of all events; humbly beseeching him to forgive our iniquities and remove our present calamities."

Each of us can do his part to bring this spirit of dependence upon God into our lives, especially in these critical times when so much sorrow has been caused because men have acted in independence of him; let us demonstrate this dependence by a dedicated life. (selected).

THE FAMILY

VIEW FROM MY KITCHEN WINDOW

After days of hot, dry weather, the rains finally came, and this morning the country-side looks freshly-laundered and much refreshed. The corn, especially, stands firmly erect, each green soldier saluting smartly in the breeze. This most basic of all crops was, I thought, suffering acutely from the burning drought. For so many summers now I have seen the stalks roll up and turn a scorched-looking brown. Yet, miraculously, it always produces—perhaps not as bounteously as in good seasons—but always something.

There are people like this, too. No matter what suffering or misfortune arises, they stand firm and their lives are productive, sometimes richly so. For instance, Beethoven, the famous German composer, wrote some of his greatest works while totally deaf. Handel, another composer of renown, suffered financial bankruptcy, a paralytic stroke, and finally, blindness, yet he gave the world some of its most glorious music, including the Messiah. John Milton, considered one of the greatest writers of English literature, was blind. Helen Keller magnificently overcame both blindness and deafness, and has inspired people everywhere. And who knows how many unknown men and women each day go quietly about their daily tasks, wracked by pain, infirmity and despair, yet who never give up?

As I look out once again to the green, glowing corn field, I am convinced that the growing things and humans alike, are possessed of this fierce determination to overcome obstacles, to survive no matter what. It is all a part of the armor which God provides to help fight life's battles.

THE FAMILY LAWYER

THE CASE LINCOLN LOST

On a fateful autumn day in Indiana, in the fourth year of the Civil War, Union soldiers entered the home of Lambdin P. Milligan and placed him under arrest.

The soldiers were acting on orders

of President Abraham Lincoln, their commander in chief. Milligan, suspected of aiding the Confederate cause, was speedily found guilty by a military court and sentenced to be hung.

But nine days before he was to die, Milligan—invoking the ancient writ of habeas corpus—demanded his freedom. He claimed that, as a civilian, he could not lawfully be punished by a military court.

How far may military power reach in wartime? For a nation dedicated to individual liberty, the issue was a wrenching one.

Lincoln himself argued that, with war convulsing the country, he was justified in taking drastic means to crush disloyalty on the home front.

But there were weighty points too on the other side of the argument. Not only was Milligan a civilian, but he had been arrested in Indiana—where, at the time, no hostilities were under way.

Most important, Indiana's civil courts were still open for business, ready, willing, and able to hear the charges against Milligan if given the chance.

On April 3, 1866, 18 months after Milligan's arrest, the United States Supreme Court set him free. Holding that the military trial was unlawful, the Court thereby marked out historic limits beyond which martial authority must not go.

Oddly enough, this decision condemning Lincoln's action was written by his own devoted friend, Justice David Davis. Lincoln by then was already dead. Yet it is easy to imagine that if still alive, with the awful pressures of war behind him, he might have applauded the judge's words:

"The Constitution is a law for rulers and people, equally in war and peace, and covers with the shield of its protection all classes of men, at all times, and under all circumstances."

A Northern editor had this comment: "Above the might of the sword, the majesty of the law is thus raised supreme."

It is easy to imagine Lincoln himself saying amen.

High Living ... Low Budget

For a touch of opulence in your entertaining, at economy prices, try these few hints:

Afford expensive delicacies by buying only small quantities. Put tiny slivers of roast beef, salmon, turkey, etc. on little squares of bread. For a gourmet touch add one cup of oloroso sherry to fruit gelatin. Serve by candlelight.

Add foreign flavor and cut costs with a two-bottle bar of sherries from Spain—a dry and a sweet. Serve chilled in old-fashioned glasses. No mixers or ice needed. Sherry was favorite wine of Roman Emperors.

LATE BULLDOG RALLY KILLS TIGERS, 9-7

Three-Run Eighth Inning Is Decisive; Fleagle Impressive

The Taneytown Tigers had visions of improving themselves in the league standings, but the Brushstow Bulldogs had other ideas, as they rallied late to nip the local nine, 9-7, at Memorial Park Sunday.

Ralph Roth proved to be a big thorn in the side of the Tigers as he collected three hits good for five RBIs. Coming back from a 5-2 deficit, the Bulldogs scored four tallies in the seventh thanks mainly again to Roth, who smacked a bases loaded single. In the eighth frame, Brushstow added three more scores to wrap up the game.

The Tigers tallied five big runs in the third inning on Fred Shank's two RBI single, two passed balls for two more and a Jim Head's RBI one bagger.

The locals scored two more in the eighth when Jim Storey rapped a single, went to second on Neal Hoffman's walk. Storey dented the plate on Jimmy Myers' base hit, and Neal rode home on Fred Shank's safety.

In losing his second contest against one victory, Tiger hurler Brett Fleagle wiffed thirteen enemy batsmen for the South Penn League high this season, but still lost the game. Brett gave up only four hits.

LITTLE LEAGUE NEWS

The first All-Star game of the season was played the Fourth of July. As was surmised, it was a very exciting ball game. The first inning being the decisive point of the game. All the scoring came in that inning. After the unsettled first inning, Lee Thomas' All-Stars played fine baseball. But it was too late, for Pete Combs' All-Stars had taken advantage of the shaky inning and scored three runs. This was all they needed to win the game. The remainder of the game was a pitchers' duel, allowing only scattered hits that were fielded by very fine defensive plays by both teams.

All-Star game score — Pete Combs 3, Lee Thomas 1; umpire, Arvin Bollinger.

June 30 — Mets 19, Yankees 9; umpire, Don Zigler. Note: Paul Sell hit three home runs in this game; this is a new Little League record.

July 5 — Mets 7, Indians 2; umpire, Dean Brown.

THE WAY I SEE IT . . .

Observations on the World of Sports
—John Breth

LUIS TIANI, Cleveland Indian right-hander, is cashing in on a "hesitation pitch" which gets mighty sudden after it leaves his hand.

Tiant has a record of four victories and two defeats. The four wins were monotonous — all shutouts. He pieced three of them together at the start of the season for a string of 27 consecutive scoreless innings.

The string came to a violent end in Baltimore when Frank Robinson of the Orioles hit a home run out of the park and over the horizon. It was so long they erected a monument to it in the Baltimore park.

Tiant, however, has a new streak going. He blanked the Detroit Tigers on four hits on Tuesday night.

Luis has a delivery which might have been suggested by Satchel Paige. He hesitates in the middle of it and then turns it loose. His high hard one is his strong pitch. When he first joined the Indians in mid-summer of 1964 there were frequent protests from the other American League clubs charging that Tiant was balking.

Some of the protests may have been motivated by Tiant's immediate success. He won ten games and lost four from mid-July of 1964 to the end of the season. His earned-run average was a comfortable 2.83.

However, Luis slumped to a record of eleven wins and the same number of losses last year and when spring training time rolled around this year he knew he faced a fight to keep his place in the starting rotation.

Tiant has to fight a tendency to overweight and he sliced off 20 pounds over the winter. He also stayed away from winter ball, which he played for six years in a row. That was to rest a chronic arm trouble.

His improved waistline and his stronger arm seem to explain those four shutouts.

But Tiant says he has to give a lot of credit to his father who wrote him a letter from his native Cuba just before the start of the season. His father gave him three pieces of advice . . . one, stay slim; two, get the first batter in every inning and, three, never pitch high to anybody.

We're just seven days into July and WHITEY FORD has yet to win a ball game for the Yankees.

The Chairman of the Board, as Elston Howard calls him, used to have nine or ten wins by this time of the season in his many good years. But Whitey is 37 . . . and that's no help. He has had arm trouble . . . and that's no help. And he only recently escaped from the disabled list. The Yanks put him on that list on June 6 after Whitey's arm ailment was diagnosed as tendonitis.

The Yanks took him off the disabled list last week and gave Whitey a two-inning workout in a relief roll against the White Sox. He wasn't too happy about that but he was about his three innings of flawless pitching against the Mets in an exhibition game in New York last Monday night.

The thing that pleased Whitey most was the fact that he was able to keep the ball low and play the corners. He will get a starting chance against Washington this weekend.

Whitey lost three games earlier in the season and obviously has a chance to equal his record of last year, 16 and 13.

But one victory might lead to two and that in turn could lead to three and four and so on.

Whitey knows full well that his best years are behind him, that's

no longer is Chairman of the Board. But he may still be a member of it and that wouldn't be too hard to take for either him or the Yankees.

Today's Sport Laugh — Ed Kranepool of the New York Mets credits his good start in batting to coach Yogi Berra. He says Berra is always telling him how lonely he is at the first base coaching spot and asks Kranepool to get a hit and join him there.

Concludes Kranepool: "Sometimes I get him a little annoyed because I hit a double instead of a single."

WITH THE ARMED FORCES

1ST INFANTRY DIV., VIETNAM (AHTNC) — Army Specialist Five Barry A. Wood, son of Mr. and Mrs. Thomas L. Wood, Rt. 4, Westminster, Md., was assigned to the 1st Infantry Division in Vietnam, June 13.

Specialist Wood, a radar repairman in Company B of the division's 701st Maintenance Battalion, entered the Army in June 1960 and was last stationed at Fort Knox, Ky.

The 23-year-old soldier attended Westminster High School.

MUSIC FORUM . . .
by Dennis O. Baumgardner

In Music Forum this week we will discuss one of today's most popular male vocalists, James Darren. Jim, who is one of the favorite male vocalists among the teen set, hasn't had a hit since "Mary's Little Lamb," is now currently an A&R man, which is like a scout for a pro baseball team except he finds musical talent. In addition to his vocal hits, he previously triumphed with "Angel Face," "Goodbye Cruel World," "Her Royal Majesty" and "Conscience" on Colpix. He has starred in such film successes as "The Gene Krupa Story" and "The Guns of Navarone" for Columbia Pictures, the parent company of his label.

The chanter-thespian was born in Philadelphia on June 8, 1936, and studied at the Ephiphany School and Southern High School there. As far back as he could remember, Darren always wanted to be a singer and an actor, but his schooling was limited to a bare two weeks when fate gave him a remarkable aid: he was in a Gotham office building, waiting for an elevator, when a Columbia Pictures talent scout spotted him; only three days later he signed a movie contract. The rest is history.

This ends another of our series on modern songsters; see you next week with another interesting look at life in limelights.

Beat The Heat With
Tuna-Go-Round

When you feel like having a cool dinner on a warm day, try a Tuna-Go-Round Salad. The salad, as cool to make as to eat, is heartier than it looks or tastes—just the thing for summer.

Tuna, rich in protein and minerals, is solid nourishment combined with a delicate flavor that fits perfectly into a salad picture. Canned tuna is especially valued these days as an economical source of complete protein. As always, the tuna eliminates cooking chores; in this instance, you need not even mix it with other ingredients. Simply put it in the salad as is; the dressing provides a natural mixer at serving time.

Tuna-Go-Round Salad

1 small head cabbage, shredded
1 cucumber, sliced
2 cans (6½ or 7 ounces each) tuna in vegetable oil
3 tomatoes, coarsely diced
2 carrots, shredded

Place cabbage in salad bowl; overlap cucumber slices around cabbage to make border. Make a well in the center of cabbage and fill with tuna. Surround tuna with diced tomato. Sprinkle shredded carrots just inside cucumber border. Serve with 1 cup mayonnaise or salad dressing thinned with 2 tablespoons lemon juice and seasoned with 2 tablespoons each chopped green pepper, parsley and chive.

YIELD: 6 servings.

An End to Limping

Lesson For July 10, 1966

Background Scripture: Exodus 20:3; Deuteronomy 6:4-9; 30:15-20; 1 Kings 18:17-21; Matthew 4:8-10; Mark 12:28-30.
Devotional Reading: Deuteronomy 6:1-9.

The president of a prominent American university was traveling in some of the more remote areas of northern Canada. It was springtime, the frost was breaking up and the roads were almost impassable. Coming

Rev. Althouse
25 MILES.

to a lonely crossroads the educator saw a large hand-painted sign: "TAKE CARE OF WHICH RUT YOU CHOOSE. YOU WILL BE IN IT FOR THE NEXT 25 MILES."

The choices we make in life are often like that. We choose a road and find that we have also chosen a destination. That's what Harry Emerson Fosdick meant when he said: "He who chooses the beginning of a road chooses the place it leads to." This making of choices is both a privilege and a responsibility, for we cannot complain about the destination at which we have arrived if we are the ones who have chosen the road.

Yet, much as we enjoy the privilege of choosing, we often try to avoid making decisive choices. As the old saying goes, we like to "have our cake and eat it too." We delay as long as we can with important choices in order to avoid commitment.

HOW LONG WILL YOU GO LIMPING?

The people of ninth century B. C. Israel provide a case-in-point. Officially committed to the worship and service of the God of Abraham, they nevertheless found themselves attracted to the Baal gods of their neighbors. The God of Abraham was a mighty God who had brought them out of Egypt's bondage and established them in the land of Canaan — but he wasn't much fun, something the Baal gods unquestionably were.

So they tried to keep both: the security of the God of Abraham and the pleasure of Baal. A good idea if they had gotten away with it, but the prophet Elijah, that disturbing man of God, spoiled everything by challenging them to choose once and for all.

"How long will you go limping with two different opinions? If the LORD is God, follow him; but if Baal, then follow him." (1 Kings 18:21 RSV)

ONE MUST CHOOSE

There is a sarcastic play on words in his challenge. The priests of Baal did a limping kind of dance around the altar. The Israelites, he suggested, looked equally ridiculous as they tried to serve both God and Baal. Stop hopping from one foot to another! Let there be an end to this idiotic limping! You must choose between Baal and God. Walk one way or another, but walk, don't limp.

Jesus himself experienced this inner civil war, particularly during that period of soul-searching in the wilderness. One inner voice kept tempting him to use his new-found power to forcefully build the kingdom of God. "Why not?" the voice taunted. "Didn't God give you that power?" The voices were calling for a divided loyalty, a loyalty to both the God of love and the demon of raw power.

There could be but one answer: "You shall worship the Lord your God and him only shall you serve." Why? Because God requires it and man needs it. A man cannot survive divided within himself. These inner civil wars may cripple a man for life.

If there is a God, then serve him. If there isn't, then serve something or someone else. But let there be an end to this limping!

Graciousness is a virtue many people mistake for weakness.

Many who flee from evil do not understand that it is in their hearts.

State's Attorney T. Bryan McIntire announced Saturday that he will seek re-election to that office. He made the announcement as he departed for two week's active duty training with the Maryland National Guard.

McIntire has served as Carroll County's State's Attorney for the past four years, having been elected in November 1962. While still in college, he received his commission as a reserve officer in the Army. He is presently a major in the Maryland Army National Guard, having served for 18 years as both enlisted man and officer.

Active in local matters, McIntire is vice president of the Carroll County Bar Association and is a member of the Maryland State Bar Association, serving on its Professional Ethics Committee. An active member of the Episcopal church, McIntire is presently Senior Warden of the church in Westminster. He is a former president of the Interdenominational Mens Brotherhood; a former chairman of the Carroll County Welfare Board. An enthusiastic family man, Mr. McIntire lives with his wife, the former Carole Lee Wood, and their five daughters on Court Place in Westminster.

Miracles for Breakfast

—By Peter Griffith—

YOUR PICTURE WINDOW looks out upon a shining white city beside the jewel-like blue Mediterranean. A waiter has just brought the continental breakfast, served impeccably upon gleaming china. Fresh cream sparkles in a silver pitcher, and a pot of orange marmalade adds a tang to the desert-warmed air. Enjoy your breakfast! For you are eating miracles!

YES, MIRACLES! Everything about your trip to Israel is extraordinary! Marmalade came from orange groves that were barren slopes just ten years ago, dairy products were shipped today from ultra-modern farms where a lovely dairy maid carries a rifle in one hand and flowers in the other. Even your hotel, the magnificent Tel Aviv Hilton was only a dream just a few months ago.

THE SHINING CITY of Tel Aviv is your home port while in Israel. In this country, you will walk cobblestones trod by King David, Ruth and Jesus, bask on bikini-blessed beaches, renew acquaintance with man's ancient ways, and see the latest Broadway musical in an experimental theater. Yes, Israel is a miracle blooming in the sand!
