Overseas Christmas Mail

Postmaster George Fream advises that Christmas parcels and greeting cards sent by surface transportation to members of the Armed Forces overseas should be mailed no later than Nov. 10 to assure delivery prior to Christmas. For airmail parcels, the date is Dec. 10.

The term Armed Forces includes personnel of our Armed Forces, members of their families, and authorized U.S. civilians employed overseas who receive their mail through an APO address.

All articles should be packed in sturdy boxes of double-faced corrugated material or wood and wrapped in heavy paper and well tied with strong cord. Sufficient cushioning material should be used to fill boxes if necessary to prevent loosening of contents and to prevent being crushed.

A Customs Declaration, completed by the sender and attached to the outside of the parcel, is required by most APO units. These forms are available at the post office.

Matches and lighter fluid may not be mailed to overseas destinations. Cigarettes, other tobacco products and coffee are prohibited to certain overseas military addresses.

Parcels should be addressed clearly and completely with zip code on one side of parcel only.

U.S. Servicemen in Vietnam

Postal patrons are advised that parcels weighing not more than five pounds addressed to members of the Armed Forces serving in Vietnam will be given air-lift service from San Francisco, even though prepaid at the surface rate. This law also applies to first-class mail and greeting cards prepaid at the first-class letter rate.

Patrons desiring to send parcels or letter mail entirely by air transportation from the point of mailing are required to pay the regular air rates of postage.

COMMISSIONER MCKINNEY COMMENTS ON ENGELHARDT REPORT

The Engelhardt, Engelhardt and Leggett report on their study of Carroll County's educational needs of the future has now been received and the proposed expenditures for school sites, buildings and additional operating expenses are of major proportions. The matter is not to be taken lightly as any responsible official wishes to give proper consideration to the needs of our youth as well as be fair to our taxpayers.

My first reaction is that this Engelhardt report should be thoroughly discussed in joint sessions of the Board of Education and the Board of County Commissioners. Our present school population is growing at the rate of about 20 classrooms a year and this means that we must build at this rate only to keep the present standards. This must be done without resort to issuance of bonds as such action might be regarded as fiscal irresponsibility.

Any needed new school sites should be acquired when a location is decided upon by the responsible authorities as delay may mean an increased drain on the taxpayers. There is certainly no better time to buy land than when it is for sale.

As to the buildings, we should draw up a program for the next decade or so and set budget goals for capital needs, said goals being approved by the Board of Education, which is wholly responsible for school administration, and by the Board of County Commissioners, who are responsible to the taxpayers for the money.

It is hoped that the two Boards can work together in harmony in the proper consideration of this Engelhardt report and decide on a long term program that will be a credit to each and to our County which we both serve. This can be done if each Board has the proper respect for the responsibility of the other.

How Would You Obtain World Peace?

Despite a growing conviction that civilization cannot endure another major onslaught and despite an aged-old consensus among warmakers and peace-lovers alike that armed conflict is evil and peace immensely desirable, a lasting peace has eluded mankind.

There has been plenty of talk about the need for peace, but from Pax Romana, which maintained order in Europe 2100 years ago, through the force of Roman Legions, to the League of Nations, to the present United Nations; the troublesome question remains: "How To Attain It?"

Some answers to this question may come from Lions International's Peace Essay Contest, a commemorative program for the Association's fiftieth anniversary.

The contest invites essays of quality in writing and content on workable plans for world peace. It is open to youngsters aged 14 to 22 in the more than 130 countries and geographical areas served by Lions Clubs. To the eight winners from each of the world's geographical divisions of Lionism, will go prizes totalling \$50,000.

At each level, the responsible men of the community will be appointed for the difficult job of judging entries. First in their considerations will be content, which may account for 75 per cent of the points given an essay. Next, the judges will consider organization, style, and mechanics (grammar, spelling, punctuation).

Only after the winning entry has been selected at a particular level, will the judges know the identity of the contestant for the essays themselves will bear only a previously selected code number.

The Taneytown area youth have a chance to develop a plan for world peace by their local Lions Club, a challenge that could earn one of them a \$25,000 educational or career assistance grant.

The local Lions Club, together with all clubs of the district will send their winning entry to a specified location. At this location, all of the winning entries will be judged again and from these a winner will be picked.

The local youth should get their entry blanks and more information from Lion Delmont Koons, President of the Taneytown Lions Club. In the local area the judges have been selected. The local entry will win a \$25,000 cash prize from the club, and that same entry will receive a prize if chosen by another group of judges as District 22-W's winner. From there it will be submitted to still another group, the Multiple District consisting of all Lions Clubs in Maryland, Delaware and District of Columbia.

The winner will be given a prize and the winning entry will be sent to Chicago for the final judging.

All entries must be submitted to the Lions Club by December 10, 1966. If a local person, and it could happen, would be judged a winner at all the above mentioned places, he or she will receive a free expense paid trip to the Chicago International Convention next July.

"SPICE 'N' EVERYTHING NICE" (Your Chatty Column)

With all my heart, I wish you every morning a smile that shall last until the next day's dawning. I wish you health—life's greatest wealth; I wish you always near so that I may help to cheer. Each future day and in some way—help to bring you happiness!

The dresses have all been put on of yellows, golds and reds and a beautiful shade of green of the trees and it truly is a glorious sight! In the tiny back yard, there is the late gladiolus still thriving beautifully, the scarlet sage just as plentiful and colorful as all the hot Summer and here and there the sweet nasturiums, all in between which really makes a stylish garden.

How shocked I was to read last week of certain "orders" or what have you members speaking ill of chiropractors and their profession. They have done this many, many years with nothing gained — only more and more enthusiasm for this wonderful treatment all down through the years!

I can write and speak of experience and experiences time after time! Did you ever notice, Folks when someone or something or a profession becomes popular and in demand, there are immediately a band of people to get up to condemn that thing regardless who and what it is!

From the time Dr. Palmer, many, many years ago treated and cured his first patient there was trouble! Just last week, I walked into the Dr. Hornstein and had him check on my blood pressure which fluctuates and immediately after the treatment it went down 50 points! I then went to a medical man and he stated that it was much lower and then I explained to him while awaiting my turn went to see the Chiropractor and what the adjustment did.

I could tell of dozens of cases which I have seen and really cured. A man came in the office one day and he said, "Dr. if you can't do anything for me, this is the end for I have tried and tried so many doctors and no one can seem to give me any help!" His skin "was truly a sight but from a nerve condition and in no time the skin was as clear—which was the first time in years.

Then, a M. D. came into the office and was all bent over and the Dr. asked him what had happened and he said he just did not know and he cannot straighten up and that he realized no medicine could put his bones back in place! In one treatment that M.D. walked out of the Chiropractor's office straight! (Just as though there had never been anything wrong with him). I have seen where people are affected by not hearing and in many cases they threw away their hearing aids!

One morning, I awakened with a lump in the back part on nape of the left side of my neck as large as an egg! I went down immediately to Dr. Hornstein in Randallstown and he asked me what I did and I told him that I awakened just like that. He told me that I must have given my neck a wrench and he told me that it was going to hurt. So in one adjustment he placed this vertebrae back into place! Now, Folks I am going to ask you and you, how could have medicine cured that?

Another day I talked with a young mother who brought her child in to see Dr. Hornstein for examination and the parents had noticed that she limped when she walked. The Chiropractor gave her a course of treatments and in no time at all the child's progress was like magic!

Think how all the rich movie actors and actresses purchase these tables to place in their homes so as the Chiropractors come in the evenings to give adjustments and they state they could not live without it for it relaxes them thoroughly.

I have seen a man who was terribly deaf from a nerve condition have his hearing restored and could hear his watch tick!

When any Chiropractor sees a patient must adhere to any kind of an operation, they tell them immediately that they must see a medical Dr. and a surgeon! NO CHIROPRACTOR — EVER — gives or prescribes medicine of any kind!

Columns could not fill all the wonderful cures that chiropractic has done for the public and there are thousands and thousands who would give testimonials!

Have a grand week-end, Folks. Be careful when you drive and always remember this bit of Wisdom. . . Most of the shadows of this life are caused by standing in one's own sunshine!

I am,
Faithfully yours,
Irene deLeon Love.

FACTS AND OPINIONS

"Never in the history of America has such lawlessness and disrespect for law and order reached such levels as prevail today," declares California State Chamber of Commerce President Joseph A. Moore, Jr. "The time has come for every citizen who loves his country and for every public official to take a firm stand and implement action which will make the streets of America safe once again and which will provide protection for life, limb and property."

Congressman Wendell Wyatt (R., Ore.) says: "Only the federal government can generate inflation. Business, labor unions, or even consumers with excessive purchasing power can fan the fire, but they neither cause nor can they prevent inflation."

According to a forecast made by the Edison Electric Institute, the nation's investor-owned electric utility companies expect to have power-producing capability of about 263 million kilowatts by 1970, which is almost double their capacity of nearly 138 million kilowatts in 1960.

A recent U.S. Department of Labor report revealed that one out of every 20 American workers has a second job. Government employees — particularly postal workers — lead the field of "moonlighters," with workers in agriculture, educational service, construction and transportation also high on the list.

U. S. Senator John Tower of Texas said recently: "... Our national debt now stands at \$234 billion as the government continues its policy of going now and paying later. That debt penalizes Americans — every minute — \$22,000 in interest costs."

A U. S. Department of Commerce study has disclosed that drug costs are a smaller part of Americans' health care dollars than ever before. Only 14 cents of the medical care dollar goes for the purchase of drugs from retail outlets. It was 17.5 cents twenty years ago.

Highway users pay more than 24 per cent of all state taxes collected in this country, reports Oil Facts. In fiscal 1965, the states collected \$26 billion, of which \$6.3 billion came from taxes on motor fuels and motor vehicles and from drivers' license fees. Motor fuel taxes alone amounted to \$4.3 billion.

Litterbugs are an expensive item on the family budget. Keep America Beautiful, Inc., estimates that \$10 of the state and local tax money paid yearly by the average American family is used to pick up litter from streets, highways, beaches and parks.

Mr. H. C. Difenbach, advertising counselor, Dayton, Ohio, says: "There must be something wrong with the thinking of young folks when, seeking employment, they are more concerned over 'security' than over opportunity. In OUR book, the principle of private enterprise is our greatest security. The businessman who pays wages year after year gives us our greatest security. If we eliminate him, no government bureau or vote-hungry politician is going to give it to us."

A MEMO TO THOSE WHO THINK

I saw the "Spirit of Taneytown" Tuesday night at the public hearing at the Westminster H. S. There were many people from Taneytown there as well as from Sykesville.

For both groups it must have been nice to hear a report that the Carroll County School Board has evidently been determined to "build the schools where the pupils ain't," if I can use the vernacular.

Clearly evident were political odors in the location of the South Carroll H.S. The damage is done now, but what can be done to prevent these mistakes in the future.

The first step has been taken. Mr. Neal Powell is on the Carroll County School Board. He needs help from a seat in the Commissioner's office. If I'm elected he'll get that help. Mr. Powell and I are both sick and tired of hearing the present Commissioners state, "YOU people have a problem," when what they should be saying is, "WE have a problem." If I am elected you can be assured that the "Spirit of Taneytown" that is the "perfume" of good, honest and efficient government, will be evident in the Commissioner's office.

Did you read — or hear about — that letter in The Carroll Record last week referring to the taking of water from the Taneytown supply (during the time of a ban on the use of water) — or a private swimming pool? I'm sure it has "stirred up" a lot of folks and — from the way it sounds — with cause. Wonder if Mr. Turner's questions will be answered?

Pvt. Alvie Sickles of Fort Eustis, Pa., spent the week-end with his parents, Mr. and Mrs. Ray Sickles of

Keysville. One more week for United Appeal when you read this. If you haven't been contacted, call your area chairman: Mrs. Keith Brown in Taneytown, Mrs. William Fleharty in Middleburg District, and Mrs. Robert Stone for Union Bridge.

Sunday supper guests with Mr. and Mrs. Richard Wilhide, Susan and Christine near Detour were Mr. and Mrs. Dean Nusbaum, Kevin, Kendall and Karry of Taneytown.

Guest speaker at Keysville Lutheran Church on Sunday was Donald Main, a student at the Seminary in Gettysburg. Mr. Main, a native of Middletown, used the Gospel lesson for his text and spoke on "Your sins are forgiven; arise and walk." It is easier, he said, to say "your sins are forgiven" but with the medical advances of today it is often easier to "arise and walk." For the first phrase is concerned with our spiritual well-being and the second, with our physical. Too many people today are looking for an escape because of emptiness. They need salvation which is to be accepted, loved and forgiven. This is the order we need to follow in our world today.

For the morning anthem, Mrs. Carroll Dougherty and Mrs. Charles Trout sang "The Prayer Perfect."

Wednesday until Friday visitors at the Carroll Wilhide home near Detour were Mrs. Melvin Schnappinger, her mother Mrs. William (Cora) Gerbrick, and her daughter and grandsons, Mrs. William Gross, Jerry and Danny all of Baltimore.

Visitors one afternoon last week with Mr. and Mrs. Raymond Albaugh near Detour were Mrs. Lester Dutrow near Detour and her granddaughter Karin Miller. Their daughter and granddaughter, Mrs. Johnnie Boone and Donna of Westminster, spent Friday with them and helped do fall cleaning. Mr. and Mrs. Wilbur Grossnickle of Keymar called on Saturday evening. Grandson Larry Smith of Rocky Ridge spent from Wednesday evening until Sunday afternoon with the Albaughs. He returned home with his family, Mrs. Karl Smith, Sr., Jerry, Jimmie, Ricky, Randy, Jeffery and Joann Denise after their Sunday afternoon visit.

Happy Birthday wishes next week to Paul Roof on the 23rd, Mrs. Oden Fogle and Cag Schaffter on the 26th, Mariann Seibert, Harry Dougherty, Jr., and Kenneth Rohrbach on the 27th and Mrs. Maynard Ausherman and Mrs. Melvin Amoss (sisters-in-law) on the 28th.

This Saturday, the 22nd, from 10 A. M. to 5 P. M. will be Fall Harvest Day at the Carroll County Farm Museum and from the write-up in the Carroll County Times last week, it will really be A DAY. If you haven't been to the Museum before, this would be a good time to go. May be a bit crowded because so many demonstrations are planned but sure it will be enjoyable. Closing date to the public will be October 30.

Some more dates to remember this month are: 24 — Candidates Night in Westminster; 26 — Keysville-Detour Homemakers Club meeting; 28 — bake sale for benefit of Cub Pack 459 in Union Bridge; 29 — annual turkey and oyster supper at Francis Scott Key High School beginning at 3 P. M.; 30 — Hymn Sing at Mt. Tabor Church in Rocky Ridge and, 31 — Hallowe'en! —Dharily Fleharty

On Sunday afternoon they all motored to Valley Forge, which was a great treat for Mr. and Mrs. Levi Frock. It was their first trip. I believe the chapel was the most interesting part they had seen. It was wonderful to see how everything has been preserved over the years.

"I Would Rather Have a Little Rose" I would rather have a little rose, From the garden of a friend; Than to have the choicest flowers When my stay on earth must end. I would rather have a pleasant word, In kindness said to me; Than flattery when my heart is still And this life has ceased to be. I would rather have a loving smile, From friends I know are true; Than tears shed round my casket, When this world I bid adieu. —W. E. N.

VIEW FROM MY KITCHEN WINDOW

Now the Carroll County countryside blazes with the most breathtaking colors — scarlet, garnet, gold, ruby-red, pale lemon — as the trees try to out-do one another in splendor. Quite a few, I notice, are still green, as though reluctant to say a final farewell to summer. Each autumn, it seems to me, is lovelier than the one that preceded it, but then, perhaps no two are ever quite alike.

As the leaves fall, our thoughts naturally turn to colder weather, to cleaning furnaces and chimneys, to anti-freeze, and firewood. And speaking of wood, Hercules, on these chilly days, is displaying his usual hearty appetite. As I type this article, he and the tea-kettle are singing a pleasant little duet, and the wind, playing up and down the chimney, acts as their accompanist. Our huge red cat, "Tiny," relaxes in the heat, and it makes me feel sleepy just to look at him.

For farmers, this is a busy time, indeed. The heavy rains, long overdue, delayed corn picking and seeding, and as the ground dries, these jobs are being rushed along. Men who live and work so closely with the weather and the soil are to be admired. Theirs is truly an occupation that requires stamina, patience and "backbone."

Now the hunter's moon climbs high in the sky, and Jack Frost creeps stealthily across the land, gilding it with a fairy-like whiteness. It is good to be alive on these scintillating days and nights — to be aware of the wonders of nature and to watch the earth gradually turn to a new season, as it has done for eons in the past and will continue to do until the end of time.

All of the eight regulars hit over .300. And the passing of 70 years hasn't dimmed the brilliance of the team. The phrase, "He plays like an Old Oriole," still is used to describe a player who typifies the hard-bitten, brawling player of the pre-1900 days. The Orioles also are responsible for such popular innovations as the hit-and-run and the squeeze play. And when the pitching mound was moved back from 50 feet to 60 feet, six inches, the Orioles took advantage of the change by chopping the ball so hard into the air field that it would stay in the air long enough for a fast runner to reach first base.

Unfortunately for all concerned, Baltimore Orioles catcher CHARLIE LAU had to disappoint his loyal fans in Los Angeles. An anxious group of Lau's rooters waited for the catcher to get into one of those World Series games in Dodger Stadium, but they waited in vain. Lau didn't get into any of those games, nor did he see service in Baltimore because the Orioles did not make him eligible for the post-season fireworks.

After undergoing an elbow operation in May, Lau was restricted to pinch-hitting chores while Andy Etchebarren and Vic Roznovsky did the catching duties. The Orioles felt it would be too much of a luxury to carry three catchers on a restricted World Series roster. So Lau was left off the Los Angeles fan club which was deprived of whooping and hollering for their favorite American League catcher.

A natural question would be: How would a Baltimore catcher acquire a fan club in Los Angeles? The group was born out of an incident which took place in 1964 when Lau was with the Kansas City Athletics. The Athletics were playing the Angels in Dodger Stadium that night, and Lau was behind the plate for Kansas City. An Angels runner tried to steal, and Lau made a perfect peg to the shortstop. Unfortunately, though, the shortstop still was in the hole of fans really blistered Lau's ears for that one.

Today's Sport Laugh - Norm Cash of Detroit was watching pitcher Earl Wilson warm up recently and noticed that Earl was very close to the catcher. Wilson had just been traded by the Rex Sox to the Tigers. Cash, in an attempt to needle Wilson, said: "No wonder you got me out the last time you pitched against us. You were throwing from forty feet." Wilson grinned: "Maybe. But Al Kaline was batting from 40 feet and he hit two home runs off me."

CARD OF THANKS Mrs. Lillian B. Ibach wishes to thank all of her friends who remembered her with gifts and acts of kindness during her recent illness.

The following contracts and resignations were approved. Contracts: West parent groups, service clubs, the principals of the county schools, and numerous school faculties had been informed of the public report, and had been urged to disseminate the information in order to have as many of the adult population as possible attend the meeting. He further stressed that it was important that the public recognize that this presentation of the first survey of physical facilities for schools in Carroll County was expressly for the purpose of presenting the information first to the general public.

Mr. Herbert E. Ruby, Jr., Supervisor of Health and Physical Education in Carroll County public schools, presented to the Board information regarding the costs of establishing school programs in senior high schools of the county. Mr. Ruby presented to the Board figures from the current football program at Westminster Sr. High School and figures showing prices on a bid basis as received by another county of this State. The Board discussed at length this matter in relationship to the opening of South Carroll High and in relationship to the other high schools of the county not currently having football programs.

The Superintendent reported on curriculum activities in the schools. He emphasized the importance of the preparation of a proper curriculum for the South Carroll High School, to be opened in September, 1967. He emphasized as of equal importance the development of the curriculum for pupils of grades 1-8 remaining in the communities of Mt. Airy and Sykesville. Mr. Thomas indicated that the members have been assigned specific responsibilities in the development of programs for these schools. Also, he noted that Mr. Chester Elder, principal-designate for South Carroll was devoting full time in cooperation with professional personnel of the Central Office Staff and of the State Department of Education in the preparation of a curriculum and the general organization of this school. The same procedure is also being followed for grades 1-8 at Mt. Airy and Sykesville. Mr. Thomas stressed the importance of communicating with the adult population of these schools as the curriculum development continues.

The Board was advised that a comprehensive survey, grades 1-12, for the county schools had also been started. A steering committee of central office staff members and principals have already had meetings with a steering committee from the State Department of Education and had formulated a plan for the curriculum survey, with assignment of certain local staff members to specific areas of the survey. Mr. Thomas indicated that the general curriculum survey, although well begun, would not necessarily be completed during the current school year. He emphasized the importance of continuity of curriculum in grades 1 through 12, and the importance of considering the county school system as composed of schools of equal importance for future planning. Information was given, also, that considerations for professional consultants' services outside of the local office and the State Department of Education were being made at this time, as well as professional visits by personnel within the county to school systems both within and without the State of Maryland.

Dr. Charles I. Ecker, Assistant Superintendent for Business Administration, reported that good progress is being experienced at the South Carroll Senior High School. He reported, also, that the addition to the Winfield Elementary School is in use, that workmen are making the last steps in the completion of the addition, and that final approval of the unit ventilators in the building was still pending.

Dr. Ecker further reported activities in the procuring of the appraisals of values of additional land at the Winfield and Freedom District Elementary schools and the Tabler property near the Mt. Airy School. He reported continuance of his efforts to determine the exact boundaries of the Board of Education property at the Manchester School. The slow progress in procuring these appraisals results from the lack of immediate availability of commercial survey personnel. The Board discussed means of increasing the speed of procuring the necessary appraisals. Superintendent Thomas reported that on the agenda for the next meeting would be a presentation and explanation of the audit of the fiscal year ended June 30, 1966, by Mr. Paul Wooden of the firm of Wooden, Benson and Walton.

Mr. Thomas also reported that a resolution of the State Department of Education from its meeting of Sept. 28 stated that the State Board would encourage a basic plan for the establishment of early childhood education programs in all systems of the State, and that the State Superintendent of Schools was directed to prepare the necessary long-term planning for the implementation of this basic position statement. The Board adjourned to have luncheon as the guests of the Westminster Jr. High School, Mr. Victor J. Makovitch, principal. It was noted that the present week is observed as National School Lunch Week. Following lunch, the Board visited the Winfield Elementary School, Mr. Louis Pecoraro, principal, to inspect the physical facilities.

A visit to the new Thomas Johnson Jr.-Sr. High School was made, beginning at 1:45 P. M. The group was increased to include Mr. John Wooden, Director of Instruction, and Mr. Edward Ireland, Building Inspector. The visit to the Thomas Johnson School was conducted by Dr. John L. Carnochan, Superintendent of Schools for Frederick County, and Mr. Karl S. Manwillen, principal. In a general session the group discussed the planning and the costs of the physical facilities for the school and the program for the pupils attending. A complete tour of the building was made, with the Carroll County visitors being given the opportunity to see all areas of the school, to question Dr. Carnochan and Mr. Manwillen, and to talk with professional personnel and students of the school. The visit to Thomas Johnson ended at 4 P. M. completing the Board agenda for the day.

The next meeting was scheduled for Wednesday, Nov. 9. CARD OF THANKS I would like to thank my relatives, friends and neighbors for their cards, visits, gifts and prayers since my accident; also Mt. Union Sunday School for their fruit boxes. It means a lot to a shut-in. EDGAR BAIR.

THE BIBLE SPEAKS

BY LAWRENCE W. ALTHOUSE

In His Hands

Secure For October 23, 1966

Background Scripture: Isaiah 36 and 37.

Devotional Reading: Psalms 148:1-22.

What is security? To "Linus" in the famous comic-strip, Peanuts, by Charles M. Schulz, security is a blanket that is dragged with him wherever he goes. To many so-called "grownups," security is "money in the bank" or "steaks in the freezer. For others it is a home in the "right neighborhood," a job with the "right company," or marriage into the "right family." To some, security may be another person upon whom we may depend to take care of us.

What is it for you? Which of the above factors or others like them is the source of your security? Or is security for you, as it is for some, the conviction that you are in His hands?

Secure From What?

It is not enough to confess that God is the source of our security, for there are many who have depended upon God who have had to bear all kinds of troubles, pains, and afflictions. How secure were the Roman Christians fighting wild beasts in the arenas? How secure were the martyred missionaries in the Congo? How secure is the devout Christian dying slowly in a hospital bed?

Some time ago I read in the newspaper of a man who was held as a hostage for two weeks by an escaped convict who was wanted for murder. After 14 days of a nightmarish existence, the convict was disarmed and his captor set free. Interviewed by a reporter, the man who had been the hostage said that the only thing that had kept him going through this ordeal was his faith in God. Did he mean that he was certain that God would prevent the man from killing him, the reporter wanted to know? "Oh no," replied the man quietly. "I had no assurance of that. I just knew that whatever he did to me, kill me or let me live, I was in God's hands."

Security that finds its source in a faith in God does not guarantee our safety from harm. This is what is meant in Martin Luther's hymn, A Mighty Fortress Is Our God:

Let goods and kindred go,
This mortal life also;
The body they may kill,
God's truth abideth still;
His kingdom is forever!

The security of a faith in God is not security from trouble, but security in the midst of trouble. As the hostage put it, it is the knowledge that whatever happens, we are in God's hands.

In, Not From

Christian faith, then, is not a guarantee of the safety of our material goods. Nor is it an assurance of the health and material welfare of those whom Luther terms our "kindred." Life itself is not assured for the body is easily killed. Through the stupidity and the sinfulness of both ourselves and others these are easily lost or taken from us. But the provident love of God—that something else. As Paul puts it, nothing "in all creation will be able to separate us from the love of God in Christ Jesus our Lord" (Romans 8:39).

Security is danger, not from it. There is no greater example than in the death of Jesus. To the world he was a failure, to his disciples a disappointment; he had not been victor in escaping suffering and death. His victory came in the midst of it. "Father, into thy hands I commit my spirit."

What is security? It is the "Mighty Fortress" we enter when we place ourselves in His hands.

COMEDY BY DeLuxe

The job of a County Commissioner has always been difficult; with the problem facing Carroll County in such areas as education, water, sanitation and roads, it will be even more difficult in the future. To be an effective Commissioner a man must acquire a certain amount of experience; he must be dedicated to the County's best interest; and he must have the good judgment to deal wisely with present problems and plan for the future.

Paul J. Walsh was born and raised in Carroll County. He knows your County and its government. For 25 years he has been working closely with the people of Carroll County and with Commissioners of both political parties. He is a man of unquestioned honesty and of proven ability and dedication. As head of the Carroll County Roads Department, Paul J. Walsh personally planned and supervised the construction of about 360 miles of paved roads — two-thirds of the paved roads in the County System. This work is now entirely paid for. Paul J. Walsh is exceptionally well-qualified to bring progress without extravagance — the sort of reputable government the people of Carroll County deserve.
