JAS A. ELDER, Provt.

An elephant grows until he is 50.

We regretfully record that the condition of David Agnew, Esq., has again become critical.

APPLY to W. G. Horner, for insurance in the U. B. Mutual Aid Society, of Lebanon, Pa., Office West Main street, Emmitsburg, Md. sep 17-ly.

It is fairly sickening to run over the accounts of the murders and suicides, recorded in the daily papers.

PEAS.—Bliss' American Wonder Peas, for sale, by the quart, pint, or half pint, Joseph M. Helman. 1t

MR. JOHN HIGHMILLER has taken to fishing. The old squatters may now stand from under.

For Fire or Life Insurance in first-class companies, call on W. G. Horner, Agt., office West Main St. opposite P. Hoke's Store. may 29-ly

The pupils of the schools, as well as some older folks, read with encouragement Chap xii: 12 of Ecclesiastes.

JAMES BOWERS is doing some nice work in repairing foot-walks. His work always shows the good craftsman.

INSURE your Homes in a Company that takes no liens or mortgages on your Property, in shape of premium notes.—The Agricultural Fire Insurance Co., takes no premium notes. W. G. HORNER Agt Emmitsburg, Md. ja 21-6m.

COMING! Coming!—The comet, it will get within about eighty millions of miles of us—promises to be a grand sight, shortly. Will be visible to the naked eye by May 1st.

No use to pay assessments, when you can insure your Property in the Agricultural Fire Insurance Co., an old and Reliable Co. and not on the assessment plan. W. G. HORNER, Agent, Emmitsburg, Md. jun 21-6m

JOHN E. CROFT, of Reisterstown, will again have charge of the Pen-Mar Hotel the coming summer. He seems to have given general satisfaction for the past three or four summers.

WHILE our Editorial in this issue has a direct local bearing, we trust our distant readers will find its application far-reaching, for after all it is said, health vastly transcends all the blessings of life.

BEST ever made, Emory's Little Cathartic Pills, pleasant to take, sugar-coated, no gripping; only 15 cents a box, or Druggists' or by mail. Standard Cure Co., 114 Nassau Street, New York. 8m

The peach trees are blooming all the same as if there had not been so much ado about them, but as if profiting by experience, the blossoms seem to have come forth cautiously, making haste slowly.

ON last Monday, Eugene L. Rowe, Esq., as Trustee, sold the Cretn farm, the Home Place, for \$3,795.28, and the Mountain Lot for \$33.43, aggregating \$3837.71, Jos. A. Cretn being the purchaser.

In the good time coming, the work of the Physicians will be more in the way of preventing the approach of diseases, than that of conflict with the personal attacks. This is what is meant by hygienic reform.

The Williamsport Pilot of last Saturday, appeared in a suit of new type, and has laid aside the "patent outside" form in which it has long been issued. This speaks prosperity for the journal, in which we cordially hope it may be successful.

A FATAL disease has appeared among the hogs in the neighborhood of Emmorton, Harford county. They begin by wheezing, and a gathering takes place in the throat. This breaks and discharges and they bleed from the mouth and nose, death frequently ensuing.

Announcement.
The subscriber announces, that he has discontinued the general sale of liquors and will hereafter restrict his sales to such as are used only for medicinal purposes. The prices will be at the lowest possible rates, and only pure liquors will be sold at all. PETER HOKE.

Good Recommendation.
EMMITSBURG, Oct. 23, 1880.
All I have to say of the *Wildlife Hat Trap* is: It is the best I ever owned. The most we ever caught, was 27 rats in one trap, one night. I just put it in the cellar last night, and had three rats this morning. I would not be without one. Yours respectfully, WILLIAM P. GARDNER, Sold in Emmitsburg, by D. Zeck. July 2-ly.

List of Letters.
The following letters remain in the Post Office, Emmitsburg, Md., April 17th, 1882. Persons calling will please say *advertised*, otherwise they may not receive them:
Miss Alice B. Adams, James Arnold, Mrs. Frank Elder, Miss Sallie Fair, Mrs. Mary A. Getten, William H. Hanier, Geo. S. Linn, Ossen C. Pluna.

The Barrittville Mutual Aid Association is calling in its policies issued on the speculative plan, and is now conducting its business in a legitimate way.—Its purpose is to establish a life insurance company to compare with the best in the country. Its business is increasing and bids fair to be successful.—Register.

SPRING OPENING, Friday and Saturday, April 28 and 29, 1882, of Pattern Bannets and Hats, and all the novelties in Millinery goods. All are respectfully invited to call and examine the stock Jacob L. Hoke.

Death of an Aged Lady.
Mrs. Elizabeth Morgan, relict of the late Edward Morgan, residing on the Cavetown pike, half a mile east of this place, died Sunday evening. She was in the 90th year of her age, and was possibly the oldest person in the county.—Odd Fellow.

We have been told that the work of improvement has progressed rapidly at the College, the unsightly stables and sheds, &c., which so long have disfigured the northern approach to the Institution have been removed, and the orders for a general clean up have passed all along the lines.

SEVERAL of our exchanges have stated that 54 cents will be the rate of taxation in our county for this year. As the Commissioners do not get the accounts until May, and the rate of assessment is based on the amount of money needed; it is very apparent that the above statement is altogether too previous, and may be misleading.

A little girl, two years old, the daughter of Mr. Joseph Crowden, of Battle Run, Allegany county, was drowned on the 12th inst., by falling into a cistern.—The pump was out of order, and a board taken up to draw water was not replaced, and the child stepped in while playing near the opening.

Commissions.
The commissions of magistrates, registers and other officers recently appointed by the Governor have been received by Mr. Fearhake, clerk of the Circuit Court. The commissions received on the 18th, and the law requires the person receiving the appointments to qualify within thirty days, the time dating from the 18th.—Republican Statesman.

A Vandal Act.
It was discovered last Saturday morning that during the previous night some person had taken about a half-dozen of the lamps from the street lamps in this place, and destroyed them. The presumption is that the act was committed by some one who failed to have things go according to his notion at the recent election, and took this method of showing his disappointment.—Register.

Recovered His Money.
The Odd Fellow, Hagerstown, states that Mr. Thos. Anders, who lost his money by leaving it under his pillow, in that place, a short time ago, has recovered it. The negro chambermaid, Ann Carroll, who was arrested at the time, and who was discharged for want of sufficient evidence, has been narrowly watched since, by the police, and finally \$200 of the \$385 was recovered.

We had the pleasure of meeting the venerable "Uncle" Joseph Brainerd, in front of our office on Thursday. He will be 84 years old, on the 16th of May, and in the tone of his voice, and his general appearance is wonderfully well preserved; except as to some weakness of his limbs, he seemed to be in perfect health. We trust his genial presence may yet be spared to his numerous friends for many years to come.

American Ladies.
The first impression Sara Bernhardt received of the American ladies manifested itself thusly:—"Oh! ze ladies, ze are so beautiful, such clear complexion I never see before," all of which is due to the universal use of Swayne's Ointment for skin diseases, which insures a clear and clean complexion, and a healthy color. This recalls to mind the divine precept "cleanliness is next to Godliness."

From the Baltimore Sun.
FREDERICK, Md., April 18.—Yesterday morning John P. Esterly, of this city, was arrested on the charge of attempting to pass a forged note on Thomas Claggett, a broker, also of this city, and taken before Justice Turner, who committed him to jail for a further hearing to day. This afternoon he was brought out, and in default of bail was recommitted to await the action of the grand jury. The note alleged to have been forged was for \$113, and the bail was fixed at \$400.

PERSONALS.
Rev. Dr. Higbee made a short visit. Herbert M. Higbee is utilizing some vacation time at his Grandmother's, Mrs. H. Motter.
Mr. Peter A. Kelly of Baltimore, paid us a visit. We found him a very clever gentleman, and will always be glad to see him.
Mrs. J. Taylor Motter went to Baltimore on Tuesday, being called there by the illness of her sister, Miss Jennie Galt.
Mr. Harry C. Hubbell of Washington City, made a short visit in town, on his way to Monterey Springs.
Mr. Wm. H. Hoke is on a business visit to Westminster.
Mr. Harry H. Myers has returned from his visit to Baltimore.
Mr. Jacob L. Hoke has returned from the City with a fine line of millinery.

Leads Orphan Asylum.
At a meeting of the Board of Trustees of this institution held last week, it was determined to make the grade of education at least equal to that of the public schools of this county, including instruction in reading, writing, arithmetic, English grammar, geography, and some elementary knowledge of history, moral philosophy and some of the more useful of the natural sciences. At a meeting of the board on Monday, Miss Laura Benson, of Baltimore, was elected teacher and chief matron. She is an accomplished and intelligent lady, with a practical knowledge of household affairs. Four orphans that were offered have been accepted by the board of managers.—Union.

The entertainment on Saturday evening, by the pupils of the Emmitsburg Public Schools, under the direction of their principal, Mr. W. M. Martin, was enjoyed by a very large and appreciative audience. The programme was full and varied, giving an opportunity for the display of talents of different orders, and evidencing thorough and careful training. The recitations and dialogues were well selected and rendered in a manner that gave pleasure to the audience and reflected great credit on both teacher and pupils. The tableaux were very effective, both as to costume and posturing; and showing artistic taste in their arrangement, whilst the difficult characters were sustained, by the youthful actors, with a self-control and apparent appreciation of the incidents illustrated, that was as surprising as it was charming. As the Hall was crowded to its utmost capacity, and all present seemed to enjoy the entertainment, both teacher and pupils have reason to congratulate themselves on their success.

NOTICE TO FARMERS AND OWNERS OF PRIVATE RESIDENCES.—The safest and best company in which Farmers and owners of Private Residences can insure their Property, is the Fire-Triple and Fire-Tested Agricultural Insurance Company. It insures nothing but private Residences and Farm Property. In the last 27 years it has not had a loss of over \$5,000, in one Fire, and cannot be affected by sweeping conflagrations, as its risks are all detached. It insures against damage by Lightning, whether fire ensues or not, and insures Live Stock against being killed by Lightning anywhere on the farm. The Agricultural Insurance Co., is a stock company, and the strongest and largest company, doing an exclusive Dwelling Business in the United States, if not in the world, and is now issuing 50,000 Policies a year. For further particulars, apply to W. G. HORNER, Agent, Emmitsburg, Md.

Weather Notes.
The Aurora Borealis on Sunday Night.
The papers from all directions have been describing in glowing phraseology the beauty and grandeur of the display of the Northern Lights, to which their several localities were treated on Sunday night last, and though our turn to endorse come late, we are happy to be able to state, that Emmitsburg had a front place at the exhibition, and saw it, at its best. From about half past nine o'clock, till nearly three, the glorious display was enjoyed by those who kept awake to witness it. Beginning with the usual whitish light generally diffused over the northern skies, and gradually forming into shape, until an arc of silver stretched from the eastern to the western horizon, then gradually fading it appeared in the north, stretching upward till it reached the zenith and changing to rosy red and deep crimson, shot with purple rays, and quivering with flashes of white electric light, afterwards passing on toward the south and east, until it had made the circuit of the heavens. The brightest display being between 1 and 2 o'clock.

It affords us pleasure to publish the following additional testimonial to the memory of the late good "Father John," as we have always felt a personal interest in what relates to the record of his life.

Doctor J. L. LeConte, in sending a generous contribution for the monument to be erected to the memory of the Very Rev. John McCloskey, D. D., late President of Mt. St. Mary's College, pays a merited tribute to the virtuous hidden life of the good Father John, and testifies to the affection in which he holds his memory. The Doctor writes as follows to the Secretary of the Committee: 1625 Spruce St., Philadelphia, April 10, 1882.

Rev. THOMAS F. GAMBON, A. M.
Dear Sir:—I am very much obliged to you for the privilege of subscribing to the Monument to be erected in the honor and memory of the late President, the Very Rev. John McCloskey, D. D.—Our deceased friend is endeared to me by many affectionate memories of kindly relations, which we together enjoyed when I was a student at Mt. St. Mary's. I would be glad if my life could be as peaceful and useful as his.

Yours sincerely,
J. L. LECONTE.

The Town Election Again.
We alluded last week to the importance of making preparations for the coming Town Election, and resume the subject in the hope that the citizens may awake to a realizing sense of the situation. Indifference about the affairs of the town may work as injuriously to its interests as indifference always does in other things. Within the last few years our village has made advances in the improvement of its general condition, altogether beyond the attempts of the past. The road ways have been put into good condition, the cleanliness of the streets and alleys has been promoted. In this, the exclusion of cattle from them has been a most beneficial movement, and more recently the foot-walks have been repaired, or are still in course of improvement. This in itself, is not only a great boon to the citizens, but an improvement highly appreciated by visitors, and tending to make the place more and more desirable for sojourners. The work has been accomplished by men who have comprehended the nature of the trust confided to them, and have had the courage of their convictions to govern them, in positions which yield no remuneration. The acts of these men, we insist, should meet the approval of our citizens, and they should be instructed to carry forward to completion, the good works they have begun. The town can do no better than to reelect the men who have thus faithfully performed their duties, and we should feel pride in the fact that we have at hand such good agents to carry onward the work of improvement and advancement.

There are in every community, persons who are ever ready to arrest the wheels of progress, and who are never so happy as when they are trying to impede the course. The vigilance of the people is no where more important than in municipal affairs. Now let every voter do his duty and all will be well, and let obstructionists, if there are any, take back seats.

MALARIA, Chills and Fever, and Bilious attacks positively cured with Emory's Standard Cure Pills—an infallible remedy: never fail to cure the most obstinate, long-standing cases where Quinine and all other remedies had failed.—They are prepared expressly for malarious sections, in double boxes, two kinds of Pills, containing a strong cathartic and a chill breaker, sugar-coated; contain no Quinine or Mercury, causing no gripping or purging; they are mild and efficient, certain in their action and harmless in all cases; they effectually cleanse the system, and give new life and tone to the body. As a household remedy they are unequalled. For Liver Complaint their equal is not known; one box will have a wonderful effect on the worst case. They are used and prescribed by Physicians, and sold by Druggists everywhere, or sent by mail, 25 and 50 cent boxes. Emory's Little Cathartic Pills, best ever made, only 15 Cents.—Standard Cure Co., 114 Nassau Street New York. apr 23-8m

In the Whole History of Medicine
No preparation has ever performed such marvelous cures, or maintained so wide a reputation, as AYEER'S CHERRY PECTORAL, which is recognized as the world's remedy for all diseases of the throat and lungs. Its long-continued series of wonderful cures in all climates has made it universally known as a safe and reliable agent to employ. Against ordinary colds, which are the forerunners of more serious disorders, it acts speedily and surely, always relieving suffering, and often saving life. The protection it affords, by its timely use in throat and chest disorders, makes it an invaluable remedy to be kept always on hand in every home. No person can afford to be without it, and those who have once used it never will. From their knowledge of its composition and operation, physicians use the CHERRY PECTORAL extensively in their practice, and clergymen recommend it. It is absolutely certain in its healing effects, and will always cure where cures are possible. For sale by all druggists.

THE MATTER OF THIS BULLETIN IS PUBLISHED BY MOUNT ST. MARY'S COLLEGE, THE AUTHORITY OF WHICH ARE ALONE RESPONSIBLE FOR THE SAME.

MOUNT ST. MARY'S COLLEGE, EMMITSBURG, MD., April 14, 1882

As previously announced in the College Bulletin, sore throat and scarlet fever have been unusually prevalent in the College this spring.

All the other cases were mild, and easily yielded to treatment. The other day, however, when all but two or three students were in perfect health a case of malignant scarlet fever suddenly developed.

The whole school was therefore suspended and most of the boys sent home at once.

The classes of theology are still taught, both the professors and ecclesiastical students having volunteered to remain, not apprehending grave danger.

This fatal case was the only one then under treatment in the College, and although several students still remain in the College and in the immediate neighborhood, their parents having so ordered, no new case has since arisen.

The usual graduation and commencement exercises will be held about the usual time, at the end of June, and next September, the College will resume with a large school and bright prospects.

MOUNT ST. MARY'S COLLEGE, EMMITSBURG, MD., April 11, 1882

Upon the death of one of the students, the following resolutions were drawn up by his fellow-students:

Whereas: It has pleased Almighty God in His all seeing Providence to remove from our midst our beloved fellow-student, William Geo. Greenwell, and

Whereas: We, while submitting with Christian resignation to the inscrutable designs of an all wise and all bountiful God, mourn in the departed an exemplary young gentleman, a model student and a true Catholic: Therefore:

Be it resolved, that we, the students of Mt. St. Mary's College, tender our most heartfelt sympathy to the bereaved parents and friends of the deceased, and furthermore:

Be it resolved, that a copy of these resolutions be presented to his sorrowing parents, and that a draft of the same be sent for publication to the Baltimore Sun, St. Mary's Beacon, Catholic Mirror, Catholic Telegraph.

Agricultural.

Wheat—Thick and Thin Seeding. The Gettysburg, Pa., Compiler, of March 22, says:—Thin seeding of wheat on a land of average, or less fertility is a mistake—and in a dry season, as last fall was, an almost fatal one.

In conversing on this subject, the other day, with one of our most intelligent farmers, he gave us this among other experiences:—A few years ago he commenced seeding with the drill, but after getting a couple of acres in, was stopped by a rain.

In England the common practice is to sow three bushels of wheat to the acre, and the crop yields are from 22 to 40 bushels, the average being near 28.

The thin stand of wheat observable in so many quarters of Adams county to-day, and the extra damaging effect the freezing and thawing have had, and still have, for that fault, upon it, ought to serve as a warning against repeating the blunder of thin seeding during the next decade at least.

A CORRESPONDENT of the Southern World, writes:—"From the experience I have had in manuring the sweet potato, I must say that rotted ashes, when properly put on has precedence over all others I have had any experience with.

I know Hop Bitters will bear recommendation honestly. All who use them confer upon them the highest encomiums, and give them credit for making cures—all the proprietors claim for them.

To keep furs and woolen goods from moths, close wrapping in paper is enough, though a little camphor may be put into the package to keep off other insects.
