Ayer's Sarsaparilla. Since then Mr. LELAND has recommended

AVER'S SARSAPARILLA in many similar cases, and he has never yet heard of its failtre to effect a radical cure. Some years ago one of Mr. LELAND'S farm laborers bruised his leg. Owing to the bad state of his blood, an ugly scrofulous swelling or lump appeared on the injured limb. Horrible itching of the skin, with burning and

darting pains through the lump, made life almost intolerable. The leg became enormously enlarged, and running ulcers formed, discharging great quantities of extremely offensive matter. No treatment was of any avail until the man, by Mr. LELAND's direction, was supplied with AVER'S SARSAPA-RILLA, which allayed the pain and irritation, healed the sores, removed the swelling, and completely restored the limb to use. Mr. LELAND has personally used

Ayer's Sarsaparilla

for Rheumatism, with entire success; and, after careful observation, declares that, in his belief, there is no medicine in the world equal to it for the cure of Liver Disorders,

THE undersigned having purchased the right for Emmitsburg Mechanicstown and Creagerstown Districts, of Frederick County, for the sale of these Washers, call the attention of the public to their superiority over all other machines of the kind, now before them. They require less than half the labor, save the wear and tear of clothes, can be operated by any person with little instruction. There is no macl.inery to get out of order, and are made of the very best material, all the iron parts being covered in such a way as to prevent rust, the bottoms are made of heavy copper, which extends up the sides far enough to prevent wear. Machines left on trial. Wm. H. Damuth of D., Agent for Mechanicstown District These machines may be seen at Mrs. M. E. Adelsberger's store, in this place.
