

THE GOVERNOR'S MESSAGE.

We give below, the greater part of the synopsis of the Governor's message from the Baltimore Sun as follows:

The message of Governor Lloyd to the General Assembly is in many respects a very gratifying document. It reviews our financial condition, and shows that the State government has been economically administered, the sinking funds kept up, and by means of a redemption of over a million of the State's indebtedness during the present year, a diminution in taxes is assured of three cents on the hundred dollars.

Every force should be reduced or the revenues from oysters increased. He recommends the abolition of the office of State fish commissioner and expresses satisfaction with the state of affairs in the mining regions. The Governor approves the suggestion of the penitentiary directors for a contingent appropriation of \$20,000 additional to meet possible deficiencies growing out of the abolition of the contract labor system in that institution.

Altogether the message shows our State affairs to be in a flourishing and well-managed condition, and Governor Lloyd is fairly entitled to public commendation for his effort to bring about this very gratifying result. He will retire from office with the good wishes of all classes of our people.

THE GENERAL ASSEMBLY.

The Legislature met at Annapolis on Wednesday, and organized by electing Senator George Peter as President of the Senate; Mr. Geo. M. Uplshur, Speaker of the House of Delegates; Wm. G. Purcell of Cecil county, was elected Secretary to the Senate; Wm. H. Dawson, Journal Clerk, and Edward Ward, of Somerset county, Reading Clerk; Carlton Shaffer of Frederick county Chief Clerk of the House; Wm. S. Merrick of Talbot county, Journal Clerk, and Walter Townsend of Baltimore county, Reading Clerk.

The announcement of the election of Hon. E. E. Jackson as Governor of Maryland, was formally made to the two Houses in joint convention. A joint committee was appointed to wait upon the Governor elect and inform him of his election and request his attendance on Wednesday, January 11th, at 12 M., in the Senate Chamber to qualify according to the constitution and laws of the State. The Governor's message was read. The standing committees will require several days for their completion.

The new-election law drafted by Attorney General Whyte, was reported and ordered to be printed, it will be ready for distribution early next week. The bodies then adjourned over to next Tuesday evening, having first voted postage stamps to each member to the value of \$25.

THE DEATH OF GEN. TRIMBLE.

Major General Isaac R. Trimble, died in Baltimore, on Monday evening of pneumonia in the 86th year of his age. He graduated from West Point in 1822, and after his graduation filled various positions of high trust and commercial advantage. In 1834 he became chief engineer of the Baltimore and Susquehanna (Northern Central) railroad, and finished the road to York, Pa., in 1837. He was also chief engineer and Superintendent of the Philadelphia, Wilmington & Baltimore railroad, and other roads were greatly benefited by his skill and good judgment.

Early in the Civil war he went south and won rapid promotion by his brilliant services, after various important services on the Potomac and near Gen. Lee's immediate command he bore a conspicuous part in the valley of Virginia and commanded a division of Pickett's right in the celebrated charge at Gettysburg, where he lost a leg and was made a prisoner of war. At his death he had been the oldest living graduate of West Point.

His long life of eighty-six years was full of eventful incidents and brilliant achievements. His rank as a soldier was the highest achieved by any of the Maryland contingents in the service of the Confederacy, where he was held in the greatest esteem, as he was here at home in his civil life.

CANAL MEETING.

At the annual meeting of the stock holders of the C. and O. canal on Monday, Stephen Gambrell was elected President, and a full board of directors to serve one year from January 12th inst., to which date the board adjourned to receive the annual report of President Baughman now in course of preparation. The board of directors consists of Col. J. G. Berret, Patrick Hamill, R. A. Dobbin, John Humbird, who were re-elected; James A. L. McClure, elected in place of Col. Clinton P. Paine, and Buchanan Schley, elected in place of Spencer Watkins.

Of the Representatives in Congress, 51 were born in New York, 39 in Pennsylvania, 35 in Ohio, 23 in Kentucky, 21 in Virginia, 19 in North Carolina, 16 in Massachusetts, 14 in South Carolina, 13 in Maryland, 9 in Maine, 9 in Vermont, 7 in West Virginia, 6 in Mississippi, 6 in New Hampshire, 5 in Rhode Island, 4 in Connecticut, 4 in New Jersey, and 4 in Delaware.

THE POPE'S JUBILEE.

On Sunday last, thirty thousand people attended Mass in St. Peter's at Rome, at which the Pope officiated, and celebrated his fiftieth sacerdotal anniversary. Pilgrims gathered from all parts of the world to witness the ceremonies, and to pay the tribute of reverent regard to their spiritual father. Magnificent ceremonies were also observed at Baltimore, where Cardinal Gibbons officiated. New York, Philadelphia, Washington, and in all the large cities, in the numerous churches that recognize the supremacy of the Papal See, observances were held in honor of the Jubilee of Pope Leo XIII, whose rule has been such as to command the respect and esteem of observant men everywhere, regardless of creed.

Idle Miners.

It was current a few days ago in the press that 50,000 men are on a strike in the Schuylkill region and 20,000 in the Lehigh region, and the men as determined to win as the company is that they shall not. A serious coal famine existed at Pottsville with great inconvenience to families as well as iron manufacturers. The bins and yards are however well supplied and no fear of an immediate increase in the price of coal in New York. Whether the strike will extend and produce unexpected results remains to be shown.

SUMMARY OF NEWS.

The London Times celebrated its hundredth anniversary this week. There are 700 incubators in this country and the production is from 10,000,000 to 12,000,000 chicks annually.

The most remarkable cures of scrofula on record have been accomplished by Hood's Sarsaparilla. Try it. Sold by all druggists.

John Jacob Astor has given his fine villa in Newport, R. I., worth over \$500,000, to his son, W. W. Astor. It is one of the finest in the city.

New Orleans has the largest area of the cities in the United States, covering 150 square miles. Philadelphia comes second, with 129 square miles and Washington third, with seventy-two. New York has the largest population and is the seventh largest in area.

The charity gifts this year of ex-Gov. R. A. Alger, of Detroit, Michigan, aggregate about \$50,000. Among his Christmas gifts were a ton of coal or a cord of wood and a barrel of flour to 100 of the most worthy of the poor families of Detroit. He also gave a suit of clothes to every newsboy and boot-black in the city.

Governor Beaver of Pennsylvania has issued a proclamation announcing that the total amount of the state debt cancelled for the year ending November 30, 1887, amounted to \$1,418,511. At the close of the same year the total debt amounted to \$15,810,471.38, and the assets of the sinking fund to \$10,684,362.43. This leaves Pennsylvania with a debt of \$5,156,108.95.

The blizzard of Wednesday and Thursday last week started in Manitoba Saturday, and on Christmas howled through Montana, Dakota and the Western Territories. It struck Omaha Monday night with a velocity of 32 miles an hour, the temperature being five degrees below zero, while Bismarck and Fort Buford registered twenty-two below. The middle and eastern States also had very cold weather for several days, disagreeable to everybody but the ice men.

Home Evidence

No other preparation has won success at home equal to Hood's Sarsaparilla. In Lowell, Mass., where it is now, as it has been for years the leading medicine for purifying the blood, and tonic and strengthening the system. This "good name at home" is a tower of strength abroad.

It would require a volume to print all Lowell people have said in favor of Hood's Sarsaparilla. Mr. Albert Estes, living at 23 East Pine Street, Lowell, for 15 years employed as boss carpenter by J. W. Bennett, president of the Erie Telephone Company, had a large running sore on his leg which troubled him a year, when he began to take Hood's Sarsaparilla. The sore soon grew less in size, and in a short time disappeared.

Jos. Dumphy, 234 Central Street, Lowell, had swellings and lumps on his face and neck, which Hood's Sarsaparilla completely cured. Mrs. C. W. Marriott, wife of the First Assistant Fire Engineer of Lowell, says that for 16 years she was troubled with stomach disorder and sick headaches, which nothing relieved. The attacks came on every fortnight, when she was obliged to take her bed, and was unable to endure any noise. She took Hood's Sarsaparilla, and after a time the attacks ceased entirely.

Many more might be given had we room. On the recommendation of people of Lowell, who know us, we ask you to try Hood's Sarsaparilla. Sold by druggists. C. I. Hood & Co., Apothecaries, Lowell, Mass. 100 Doses One Dollar.
