The trouble was constitutional not local; and, until Ayer's Sarsaparilla did its effective work as an Alterative and Blood Purifier, they were compelled to suffer.

"I suffered from headache, indigestion, and debility, and was hardly able to drag myself about the house," writes Mrs. M. M. Lewis, of A st., Lowell, Mass. "Ayer's Sarsaparilla has worked a marvelous change in my case. I now feel strong and well as ever."

Jonas Garman, Esq., of Lykins, Pa., writes: "For years I have suffered dreadfully, every Spring, from headache, caused by impurity of the blood and bilousness. I left him clearing the multifarious goods out of the window and I returned at ten o'clock in the evening, carrying the cane with me.

I found my friend in a small dark kitchen, his sitting room, behind the shop, and to my surprise the floor was covered, as well as the walls, with the strange variety of objects in which he dealt. The flickering light from the fire and two candles lit up a strange, barbaric scene. An Eastern bazaar, with odds and ends of English uniform intermixed, seemed to be turned out in utter disorder. He seemed to have piled all his possessions into this squalid room with its blackened ceiling.

He motioned me towards a chair, from which I dislodged a cavalry saddle and a roll of bunting.

I was in no inconsiderable state of excitement. Was it possible that some profound secret, hitherto unknown to any European, was to be revealed to me?

I remarked at a venture that he had not expected to see me back alive, and suggested that, as my only affair with him was to do him a slight good turn, I could not avoid wondering why he had appargranted.

> BALTIMORE. GEORGE W. ABELL.

EDWIN F. ABELL WALTER R. ABELL. The BALTIMORE WERKLY SUN continues to preserve its position, maintained for many years, as a model Family Newspaper. During the past year, in order to accomm great variety of matter seeking admission to its columns, it has been found necessary to issue a Supplement almost every week, presenting home newspaper unequalled for freshness and variety. Its literary features are selected with discriminating taste and with special reference to the entertainment and instruction of the family circle. Its Agricultural and Veterinary Departments, edited by specialists, have been of great value to the Farmer, while its Fashion Articles, Household Recipes, etc., have con inued to be a source of weekly interest and instruction to ladies. The latest news up to the hour of publication is given in its correspond ence and telegraphic dispatches, while its edi torials, besides discussing current events in an impartial spirit, afford much wholesome advice and suggestion on social, economic and other topics. The proceedings of Congress, and Mary-land and other Legislatures, the National Political Conventions, and the Presidential and Con gressional elections are among the important features that will be promptly and copiously presented in its column during 1888.
