You Carry

A whole medicine chest in your pocket, with one box of Ayer's Pills. As they operate directly on the stomach and bowels, they indirectly affect every other organ of the body. When the stomach is out of order, the head is affected, digestion fails, the blood becomes impoverished, and you fall an easy victim to any prevalent disease. Miss M. E. Boyle, of Wilkesharre, Pa., puts the whole truth in a nutshell, when she says: "I use no other medicine than Ayer's Pills. They are all that any one needs, and just splendid to save money in doctors' bills." Here is an instance of

who lost his medicine chest, but, having at hand a bottle of Ayer's Pills, found himself fully equipped.—J. Arrison, M. D., of San José, Cal., writes:

"Some three years ago, by the merest accident, I was forced, so to speak, to prescribe Ayer's Cathartic Pills for several sick men among a party of engineers in the Sierra Nevada mountains, my medicine chest having been lost in crossing a mountain torrent. I was surprised and delighted at the action of the Pills, so much so, indeed, that I was led to a further trial of them, as well as of your Cherry Pectoral and Sarsaparilla. I have nothing but praise to offer

John W. Brown, M. D., of Oceana, W. Va., writes: "I prescribe Ayer's Pills in my practice, and find them excellent. I urge their general use in families."

T. E. Hastings, M. D., of Baltimore, Md., writes: "That Ayer's Pills do control and cure the complaints for which they are designed, is as conclusively proven to me as anything possibly can be. They are the best cathartic and aperient within the reach of the profession."
