As the Moon is full to-day (Friday), and the full Moon of October is supposed to influence the approach of winter, it may be well for those interested to make their observations. With all the boasted enlightenment of the age—no one can fairly estimate the traditions of the ages—the common consent of mankind, or honestly consider the declarations of Holy Writ, and then pronounce the notions of the Moon's influence as simple superstition. #### An Attractive Wedding.

A large crowd gathered at the Presbyterian Church on Thursday evening to witness the marriage of Mr. Samuel L. Rowe to Miss Mary L. Horner. Precisely at 8 o'clock as Dr. J. K. Wrigley who presided at the organ commenced playing Mendelssohn's Wedding March, the bride party entered the Church. The bride was dressed in a white Henrietta cloth dress, trimmed with white moire ribbon and Sarah Silk. The bridesmaid, Miss Mollie Horner of Gettysburg, being dressed like the bride. The groom wore the conventional black with white kid gloves, and the groomsmen, Mr. Jos. E. Hoke being also in full evening dress. The ceremony was performed by Rev. Wm. J. Simonton, D. The Vigilant Hose Company, of which the groom is a member called in full uniform. The happy pair were the recipients of many handsome and useful presents. The EMMITTSBURG CHRONICLE joins with their many friends in wishing them a happy and prosperous married life.

#### Prudence! Prudence!

In medication, as in angust else, prudence should be our guide. Yet thousands cast it to the winds. Every new nostrum finds its patrons, the medical empirics of every false school have their gulls. Every change in the gamut of humbug is rung successfully—for a time at least—the notes being furnished by the credulous. In happy contrast to the many advertised impostures of the day stands Hostetter's Stomach Bitters; now in its third decade of popularity, approved and recommended by physicians, indorsed by the press of many lands, sought and prized by invalids everywhere. It is an ascertained specific for and preventive of malarial diseases, chronic indigestion, liver complaint and constipation, checks the growth of rheumatism and neuralgia, is a peerless invigorant and useful diuretic. Nervous people benefit by it.

ARE you afflicted with dizziness, or a dull, heavy feeling throughout the forehead and temples? This often indicates torpor of the liver, which Laxador will promptly cure. It only costs 25 cents. Laxador and opium mixtures only stupify and seldom cure. For diseases of infancy, use Dr. Bull's Baby Syrup, which is safe and sure in its effects. Price 25 cents. Sold everywhere.

Harris, Charles W. Humrichouse, Washington county; John K. Longwell, Carroll county, and Edward Worthington, Baltimore county. The eight directors on the part of the city are Wm. A. Boyd, A. P. Burt, Christian Devries, T. Edward Hambleton, E. G. Hipsley, John C. Legg, Wm. S. Hayner and Levi Weinberger. The board will meet on October 24 for organization.—Sun, Oct. 18.

#### "The Merry Maiden and the Tar."

She was merrier before she "struck" the tar. Her spirits sank as she beheld her new white gown blackened by the tar. This tar helped a wagon run instead of helping run a ship. Just so a thousand trivial accidents and neglected "small things" take the merriment out of the lives of young girls and maidens. Particularly is this the case with diseases peculiar to their sex which take so much enjoyment and happiness from life. However a remedy is found in Dr. Pierce's Favorite Prescription for all female "weaknesses" or irregularities, nervousness, neuralgia, and uterine troubles. Ask your druggist.

#### Dr. Pierce's Pellets, or Anti-Bilious Granules, have no equals. 25 cents a vial; one a dose. Cure headache, constipation and indigestion.

#### JAMES BEAKEY DEAD.

A Well-Known Citizen Accidentally Killed at His Store. James Beakey of the James Beakey Store Company, 222 North Main street, was killed by falling down an elevator shaft at his store, about 10.30 o'clock yesterday morning. How the accident occurred no one knows, as no one saw it, and Mr. Beakey was dying when found. The body was removed to his home, 1508 Washington avenue, and an inquest was held a few hours later.

Thomas M. Powers of 3213 Kossuth avenue, foreman of the store, said he had been talking to Mr. Beakey about 10 o'clock on the fourth floor and left him to go down stairs. About 10.30 o'clock witness had occasion to use the elevator and found it would not work. He sent a man into the cellar with a lantern to see if anything was wrong, and in the search the dead body of Mr. Beakey, horribly mangled, was found under the elevator. The employees gave an examination to see what caused the accident and found the cause to be an elevator shaft up to the third floor. Mr. Beakey always used the elevator in going up or coming down, and had a habit of looking down the shaft while waiting for it. The most plausible theory is that Mr. Beakey had not gone very hard, and that it slipped off the pulley, causing the platform to fall and strike him on the head and knock him into the cellar.

James Beakey was born in Emmitsburg, Md., in 1817 and came to St. Louis in 1836, almost immediately thereafter entering upon an active business career. While yet very young he married Miss Keating of this city, who survives him. His business career was a practically successful one. For more than forty years he carried on business at 522 North Main street, and in all that time he met his obligations with a promptness unusual, even in the exacting business world. Three children survive him, Edward J. and Henry P. Beakey, who were partners in business with him, and Mrs. Chas. Clark, now a resident of Paris, France, who has been called the sad news of her father's death. Mr. Beakey was one of the most energetic of men, one not easily discouraged by new motives, either in business or private life. Not only was he doing business in the same block down town for a number of years, but he lived at the same place on Washington avenue No. 1508, since long before the war. He was in every respect an exemplary citizen.—St. Louis Republican, of 30th ult.

The deceased was a son of the late Joseph Beakey of this village, well known to our older citizens, who resided many years in the house now owned by J. F. Hickey, Esq., where he raised a family of children. Mary the wife of Mr. Clodius formerly of Baltimore is still living. John the eldest son early went to St. Louis, Mo., and established himself in business. The father and mother both died here at a good old age and are buried in St. Joseph's Catholic Church Cemetery.

In evidence of his attachment to the scenes of his native place, Mr. Beakey was for years a patron and a warm friend of the EMMITTSBURG CHRONICLE.

#### A Warning.

The modes of death's approach are various and statistics show conclusively that more persons die from diseases of the Throat and Lungs than any other. It is probable that everyone, without exception, receives vast numbers of Tubercle Germs into the system and where these germs fall upon suitable soil they start into life and develop, at first slowly and is shown by a slight tickling sensation in the throat and if allowed to continue their ravages they extend to the lungs producing Consumption and to the head, causing Catarrh. Now all this is dangerous and if allowed to proceed will in time cause death. At the onset you must act with promptness; allowing a cold to go without attention is dangerous and may lose your life. As soon as you feel that something is wrong with your Throat, Lungs or Nostrials, obtain a bottle of Boschee's German Syrup. It will give you immediate relief.

C., 181 Pearl st., N. Y.

#### The County Fair.

It is gratifying to learn that our County Fair was well attended, and that the proceeds were not much below the usual amount. With the changes adopted in reference to the sale of liquors and the gambling establishments these being excluded, the result speaks well in its experimental form, and shows that by good management and the introduction of new means of entertainment, the fair can be made more and more successful. But there was evidently a sad mistake when the management failed to avail itself of the inalienable advantages of the county press to promote its ends. The point is too evident to need discussion.

#### Democratic Meeting.

As announced last week, the Cleveland, Thurman and Douglas Club of this place raised a beautiful swinging banner in front of their rooms on Saturday evening. The banner has large pictures of Cleveland and Thurman on each side. They are fastened to a net stretched tightly over a frame, and are encircled with borders of evergreens. Over the top, in a semi-circle are the words "C. T. & D. Club Rooms," and just below this and between the pictures is a shield bearing the "Stars and Stripes." While the banner was being raised the Glee Club sang several Campaign songs, after which E. L. Rowe, Esq., delivered an address in his usual lucid manner, in which he presented the issues of the day in a way that could be understood by all.

A large delegation from the Club attended by their Glee Club and the Emmits-Cornet Band have gone to Frederick to attend the mass meeting held there to-day.

#### How to Gain Flesh and Strength.

Use after each meal Scott's Emulsion with Hypophosphites. It is as palatable as milk, and easily digested. The rapidity with which delicate people improve with its use is wonderful. Use it and try its weight. As a remedy for Consumption, Throat affections, and Bronchitis, it is unequalled. Please read:

"I used Scott's Emulsion in a child eight months old with good results. He gained four pounds in a very short time."—TWO. PARK, M. D., Alabama.

"I gave Scott's Emulsion to a gentleman 65 years old, troubled with Chronic Bronchitis, with the most excellent results."—J. C. CASO, Broken Arrow, Ala.

#### From the Keystone Gazette.

Mr. Benjamin Small of Quincy township met with a terrible accident Monday. He conveyed a four horse wagon load of wheat to Altenwald and while engaged in unloading it the horses became frightened and started to run. In endeavoring to stop the animals Mr. S. was struck by the wagon and thrown underneath, the wheels passing over his legs, crushing one between the knee and hip and breaking and mashing the other. His condition is critical.

Since the Frick Company embarked in the manufacture of refrigerating machines and Corliss engines, they have built up such a large trade in this line that they have found there present quarters contracted and inadequate for the exigencies of the occasion. More or less inconvenience has been experienced in the construction of this class of heavy machinery until "forbearance has ceased to be a virtue" and an enlargement of the works was promptly determined upon by the Board of Directors. The new building, which will be 320 feet long, 40 feet wide and one story high, will run parallel with the main building on the west and built directly over the railroad track. It will add 1600 more feet to the working room of the already mammoth establishment, and the building will be equipped with travelling cranes and all necessary improved appliances for the rapid handling of heavy machinery. Ground has been broken and the big structure will be pushed forward to an early completion.

This addition will put the Company in a position to compete with any establishment in the United States in the manufacture of their particular class of machinery and great results will inevitably follow.

#### Merit Wins.

We desire to say to our citizens, that for years we have been selling Dr. King's New Discovery for Consumption, Dr. King's New Life Pills, Bucklen's Arnica Salves and Electric Bitters, and have never handled remedies that sell as well, or that have given such universal satisfaction. We do not hesitate to guarantee them every time, and we stand ready to refund the purchase price, if satisfactory results do not follow their use. These remedies have won their great popularity purely on their merits. All Druggists.

The low-lived and miserably stupid befouling of the front-steps of Mr. Zacharias' residence, elsewhere mentioned in this issue, is one of the offences specially provided against in the town ordinances. The Burgess should use every means to bring the guilty party or parties to justice, and let no guilty one escape.

#### A Safe Investment.

Is one which is guaranteed to bring you satisfactory results, or in case of failure a return of purchase-price. On this safe plan you can buy from our advertised Druggist a bottle of Dr. King's New Discovery for Consumption. It is guaranteed to bring relief in every case, when used for any affection of Throat, Lungs or Chest, such as Consumption, Inflammation, etc. It is pleasant and agreeable to taste, perfectly safe, and can always be depended upon.
