FACTS! FACTS! FACTS!

Unclaimed Money and Estates.

MONEY AND ESTATES AWAITING

DISTRIBUTION AMONG

ABSENT HEIRS.

IT is an undoubted, interesting, and

important fact, that, during recent

years, the number of properties and sums

of money awaiting distribution among

missing heirs and legatees are rapidly on

the increase. Recognizing this fact I have

for some years past engaged to a limited

extent in the investigation of such matters,

in which I have had great success. I

therefore offer my services to those who

believe that they are entitled to partici-
pate in the distribution of money or estates.

All correspondence Confidential. No
charge unless successful. Call on or
address

burg, and two miles from Mount St.

Mary's College. Terms—Board and Tu-

ition per academic year, including bed

and bedding, washing, mending and

CONTENT.

BY ELLA WHEELER WILCOX.

Be not content. Contentment means

inaction;

The growing soul aches on its upward

quest.

Satiety is twin to satisfaction;

All great achievements spring from

life's unrest.

The tiny roots, deep in the dark mould

hiding,

Would never bless the earth with leaf

and flower

Were not an inborn restlessness abiding

In seed and germ, to stir them with

its power.

Were man contented with his lot forever,

He had not sought strange seas with

sails untried;

And the vast wonder of our shores had

never

Dawned on the gaze of an admiring

world.

Prize what is yours, but be not quite

contented

There is a healthful restlessness of

soul

By which a mighty purpose is augment-

ed,

In urging men to reach a higher goal.

So when the restless impulse rises, driv-

ing

Your calm content before it, do not

grieve:

It is the upward reaching and the striv-

ing

Of the God in you, to achieve,

achieve!

THE SIDE-HILL GHOST.

Lee Brayton's Interview With a

Mysterious Apparition.

BY JAMES C. PURDY.

From the Philadelphia Weekly Times.

"Whew! There it is! Look!"

"Oh-h-h!"

The two remarks were uttered in

whispers, and with them the conver-

sation abruptly ended. Indeed,

either of the boys would have had

difficulty in saying anything more.

Talking is not easy when one's

teeth are determined to chatter;

when one feels a cold sensation</

FRIDAY, MAY 15, 1891.

THE FOLLY OF DOUBLE TAXATION.

From The Westminster Advocate.

Under the above caption the Baltimore Sun, of May 24, in an article very truly remarks: "The theory of all just and equal taxation is that every man who enjoys the benefits and protection of government should contribute his fair proportion towards its support." In the same article the Sun further asserts—"The taxation of mortgages is double taxation in its worst form." &c. We admit that under the old law, when the land as well as the mortgage upon it was taxed, it was in that case a double tax, wherein the mortgagor was compelled to pay taxes upon what he was worth and also upon his debts. In that particular the law should have been amended, and not absolutely repealed, under the old cry that is always raised by capitalists whenever a change in the assessment laws is spoken of or likely to be consummated, that it is a double tax. This same cry has successfully kept mortgages exempt from taxation since, as though it were impossible to pass a law to tax every species of property according to its own value without causing a double taxation upon any.

The same article referred to quotes the 15th Article of the Declaration of Rights in Maryland, that every person shall contribute according to his actual worth. We submit therefore, that in the absence of a proper law taxing mortgages or any other species or evidences of wealth according to their true value, there can be no just and equal taxation as comprehended in the said 15th Article of the Declaration of Rights.

For instance, as the law now stands, A buys a farm for \$10,000, for which he pays down \$5,000, and borrows from B \$5,000 more, and gives a mortgage as security upon the farm. When you assess the farm and cause A to pay taxes on the whole \$10,000 farm, when he only owns an interest in said farm, of \$5,000, is that equitable and just taxation? Again, should B own mortgages of like amount on three other farms, making in all \$20,000, and pays not one cent taxes to the government, that protects him while the holders of said farms each pay him B, six per cent. interest and all the taxes on B's investments as well as their own. We ask in the name of justice and equity is that B's, A's and the others just proportion of taxes according to what each is worth? Or is it not a species of class legislation?

But here comes the next assertion used by the parties opposed to equal taxation as an argument against the taxing of mortgages, that the capitalist is not compelled to loan on mortgage. Well, a man with plenty of money might not be compelled to do anything but to spend his money as he sees proper. But money is a commodity upon the market, and is subject to the rule of supply and demand as all other commerce, and to be of any utility must seek investment somewhere, and will, without any regard to taxation, seek the best investment it can get. We, therefore, can see no good reason why mortgages as well as all other bonds or evidences of wealth should not be taxed according to the wealth they represent, and in such a manner as not to be a double tax on either land or mortgage. For instance take the case of A and B again. A buys the \$10,000 farm, puts his \$5,000 into it, and B puts \$5,000 into it, doubly secured by a mortgage lien at six per cent. interest, more or less as the case may be. Now there is \$10,000 worth of property to be assessed and the taxes upon it to be paid. Who should pay them, according to a just process of taxation and the Bill of Rights referred to? We must answer that A should pay on the amount he owns in said farm and B on the amount he may own therein from time to time which can at all times be easily ascertained.

TAXPAYER.

\$100 Reward, \$100.

The readers of the EMMITSBURG CHRONICLE will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers, that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address, F. J. CHENY & CO., Toledo, O.

Sold by druggists, 75c.

TWENTY million feet of lumber have been destroyed by forest fires in the neighborhood of Austin, Pa. WM. WRIGHTMAN, living near Middletown, Ind., who has kept several hundred bushels of wheat stored in his barn for a year, without removing the wheat for market, found in the grain an old pocket-book containing \$11,500 in gold coin and paper currency. How the money came there is a mystery.

UNJUSTIFIABLE LYNCHING.

Asbury Green, colored, who was convicted of felonious assault on Mrs. Howard Tolson, of Kent Island, was sentenced to twenty-one years in the penitentiary by Judge Stump on Monday, at Centerville. Shortly before one o'clock Tuesday morning he was taken from the jail, and dragged some distance by rope placed around his neck and then hung to a tree. While at all times lynch law is to be condemned, in this particular case there can be no palliation for it, after a fair and impartial trial before a court commanding the confidence of the people. Such proceedings are no less criminal when indulged in by large numbers than murder by a single individual.

HENRY WATTERSON suggests that the State of Pennsylvania maintain a standing army for the suppression of its own disorders.—Augusta (Ga.) Chronicle.

There is scarcely any occasion for that. The corporations there who import foreign pauper laborers maintain private military forces which seem to enjoy more power than the State could invest its soldiers with, to shoot down the unhappy wretches when they become obstreperous. The only use that the corporations have for the civic authority is to shift the responsibility on it when the acts of their private "guards" incur the risk of damage suits.—Catholic Mirror.

SUMMARY OF NEWS.

18,516 European immigrants landed at New York last week.

The Grippe is no respecter of persons. Gladstone is in its clutches now.

The number of cremations in Paris during 1890 amounted to 3,388, against 749 in 1889.

The work of removing the islands in the Delaware river, opposite Philadelphia, began on Monday.

THERE are 41 members of the British House of Commons ill with grip. The disease is ravaging London.

FOREST fires in the oil region of Pennsylvania have destroyed thirteen oil wells and four gas wells of the North Penn Company.

Crown Stock Food will make cows produce more and richer milk.

EIGHTY men are said to have been burned to death in forest fires in Northern Pennsylvania. They were on a train, which was carrying 100 men to fight the fires, and the train was wrecked and cars as well as engine destroyed by the flames.

JAMES McNALLY, who was given up with the consumption six months ago, left the West Penn Hospital in Pittsburgh entirely cured, after receiving the Koch lymph treatment for about ten weeks. In all fifty-three injections were administered to him.

SIGNOR CORTI, the Italian consul at New Orleans, has been notified to return home by his government. At Washington it is supposed that Signor Corti has been recalled because of indiscreet public utterances in connection with the lynching of the Italians in New Orleans.

A MONUMENT marking the centre of population of the United States was unveiled Sunday twenty miles east of Columbus, Ind. It was the second event of the kind in the past hundred years, the first being in 1810, and the place in the District of Columbia, where yet remains a flat stone, on which was then cut, "Centre of Population." The Indiana monument is of limestone, the weight being four tons, and height fifteen feet, with the inscription, "Centre of Population, U. S."

A great blood purifier for all domestic animals, Biggs Bros. Crown Stock Food.

GRANDMOTHER CONNELLY, aged 110 years, the oldest resident in the Pennsylvania coal region, was burned to death in her little home, at Beaver Meadow, Friday night. She had no living relatives, and for twenty years past lived upon the charity of the people of the village. Recently she became so weak that she could not leave her bed, and it was arranged to remove her to the almshouse, where she would receive good care. The old lady suspected the arrangement, and, rather than submit, she set fire to the bedclothing upon which she lay and was burned to a crisp.

JOHNIE RENNER, the six-year-old son of a Kiowa county, Kan., farmer and his eight-year old sister were playing at "burying" on Monday. The girl had piled up the earth above the boy until it reached his chin, and he was tightly imbedded when a sow came along with her brood and savagely attacked the girl who ran away. The sow then turned on the boy, who was unable to move, and sank her teeth in his face and skull several times. The screams of the children brought assistance, but when the boy was taken from the ground he was dead.

To the KICKAPOO INDIAN MEDICINE CO., NEW HAVEN, CONN.

Gentlemen:—I live at Carrollton Station, on the Western Maryland Railroad and have suffered most intense pain over my eyes for three months, so much so that I was out of my mind with pain. I purchased a bottle of Kickapoo Indian Oil and to my surprise the pain was entirely relieved and in five minutes I felt like a different man. I have tried everything that money could purchase in the shape of medicine and nothing did me any good until I found your wonderful Indian Oil.

I am truly yours, JOHN UHLER. Westminster, Md., April 24, 1891.

THE MIDDLETOWN RAILROAD PROGRESSING.

The railroad meeting last Saturday afternoon, which was held at Grange Hall in this place, was well attended considering the busy time with the farmers. Among those present were a number of the most prominent and influential farmers of this vicinity, and business men of the town. Mr. L. R. Vaseche, superintendent of the Monocacy Valley Railroad, who recently completed a survey of the proposed route, was also present, accompanied by Mr. S. M. Birely, of Mechanicstown.

Mr. Vaseche submitted his map and profile of the route, and made his report to the meeting. The total length of the road from Yellow Springs to Middletown is 94 miles and the report showed that it can be constructed for \$75,000. The road, as surveyed, crosses Catoctin Mountain a short distance back of Mr. J. D. Knepper's residence, and runs along the side of the mountain in a northwestern direction for over a mile, passing through the mountain land of Edward Kefauver, Thos. M. Wiles, Mrs. Daniel Kepler, John E. Stord, Ezra Brinn, John Biddle, Martin Colbentz and Joseph Hedges. At this point it is within three-quarters of a mile of "Mt. Katappa" or High Knob. From here it passes down into the valley to the land of Oliver Kefauver, through a corner of Henry Biser's field, and on through the farms of Messrs. Daniel Brandenburg, Chas. H. Colbentz, Lewis Kefauver, Morgan Kefauver, H. L. Rutzahn, and through Miss Mary Lorentz's field to the pike in "Groves" Addition. Valley will secure a right-of-way in the wood pile in Mr. Edward Hertz's yard.

To cross the mountain, a short cut only 27 feet deep will be required, and the grade down the mountain will be 90 feet to the level of the valley, a very easy one to build, there being but one trestle necessary on the route and but comparatively few cuts and fills. At Main's saw mill, on the eastern side of the mountain, there would be a horse shoe curve. The map and profile of the survey were shown by Mr. Vaseche, and his report, while not lengthy, was to the point.

A committee of three, consisting of Messrs. D. Edward Kefauver, C. Thomas Rensburg and Chas. H. Colbentz, was appointed to survey the route, and to report to the meeting. The committee will report at a public meeting which will be held here on Monday afternoon, directly after the Old Fellow celebration. At this meeting it is expected that arrangements will be made to begin the soliciting of stock subscriptions for the building of the road. The meeting was presided over by Dr. J. E. Beatty, with Burgess C. E. Nieweyer as secretary.

This road can be built very easily if everybody will take hold and lend a helping hand. It must be built now or never. Let all our people, rich and poor, fall into line, so just that they can, and Middletown Valley will secure her long desired communication by rail with the outside world. Farms will greatly increase in value, everything needed will be right at our very doors and at the lowest prices, and best of all, no more hauling of produce, &c., from 6 to 15 miles over a steep mountain to a railroad station. That the road will pay, there is no doubt. As a road for grand scenery, it would become famous, and city people would flock to our beautiful hills, in great numbers, to enjoy the view, as to a summer resort which would surely be located at Mt. Katappa, from which there is one of the finest views in the country. Let everybody come to the big railroad meeting, White-Monday, and help to give the enterprise a start.—Valley Register.

GETTYSBURG'S ORATOR.

This Year It Will Be Rev. George Morrison, of Baltimore.

From the Baltimore Herald of May 7.

Rev. Dr. George Morrison, the well-known Presbyterian minister of this city, has been invited by the committee having in charge the annual memorial services at the National Cemetery at Gettysburg, on May 30, to deliver the oration. Dr. Morrison in his letter of acceptance says:

"I will accept, but do so with the consciousness that this office for 25 years has been performed by our immortal worthies, among whom were the illustrious Lincoln, Everett, Sherman and others. If it is my honor to deliver as a citizen of Maryland and the first one of my profession who has been called to this task, I cannot be insensible of the fact that the 70,000 clergymen of this great land, as a part of their religious convictions, contributed largely from 1860 to 1865 in formulating the heroic patriotism which sustained the nation in the time of war and in the time of its advancing civilization for the quarter of a century since."

Our honored dead who fell for their country on the 1st, 2d and 3d of July, 1863, were heroes alike with the thousands that survived that conflict of arms in the memorable victory of the pivotal battle for "human freedom" for this nation and the world.

The illustrious Lincoln on that historic spot in '63 uttered these words: "Let us resolve that this nation shall, under God, have a new birth of freedom, and that the government of the people, by the people and for the people, shall not perish from the earth." Edward Everett said: "All time is the millennium of the glory of our patriot dead." Pericles over the Athenian dead who fell in the first campaign of the Peloponnesian War said that "the whole earth is the sepulchre of illustrious men."

These sentiments express the inspiration under which I hope to perform the office to which you have invited me.

Dr. Morrison is the son-in-law of Joshua Reister, Sr., of Baltimore, and also of the late illustrious Rev. Dr. R. J. Brockbridge, of Kentucky. He has always been a Republican, fought in the war on the Union side, and now classes himself as a warm supporter of President Harrison.

The panoramic views of the far west will be shown at the Kickapoo Indian Show on Saturday night, it alone is worth \$1.00, while the rest of the show cannot be surpassed.

THE iron war steamer Itata, belonging to the congressional party in the Republic of Chili, South America, which is at war with the party of President Balmaceda, escaped from the port of San Diego, Cal., where she had been taken after seizure by the United States marshal on Tuesday evening. The vessel weighed anchor and steamed out to sea, taking the deputy marshal placed on board as a guard. The deputy was subsequently put ashore at a point on the coast, about eight miles below San Diego. The United States Cruiser Charleston has been sent after the Itata, and will have a tight chase to catch her. A fight between the two vessels is considered probable.

MARYLAND ITEMS.

240 deaths were reported in Baltimore last week.

Hagerstown bricklayers will strike for nine hours a day with the same pay as for ten.

A branch of the Society for the Prevention of Cruelty to Animals will be formed in Hagerstown.

The Hagerstown land and improvement company spent \$7,200 in advertising during its first year.

About 400 men are now at work on the Cherry-run extension of the Western Maryland Railroad.

Vacation Lodge, the mountain retreat for working girls, will be opened at Blue Ridge Summit on June 15.

Col. L. Allison Wilmer has been elected to succeed Colonel Douglas as colonel of the First Maryland Regiment.

The Maryland Temperance Alliance will try to obtain a constitutional amendment against the liquor traffic.

Worcester county strawberry growers think that half of the crop was killed by the late frosts, and the outlook for truck and fruit is bad.

Hon. Charles B. Roberts sold thirty head of registered Holstein Friesian Cattle at his stock farm near Westminster last Thursday.

The Lutheran church at Smithsburg, Washington county, which has recently been remodeled at a cost of about \$9,000 was rededicated last Sunday morning.

Forest fires around Oakland, got so close to the town on Monday that the people were compelled to turn out and work to save their homes from destruction.

The new Light-street bridge across the Middle Branch of the Potomac, between Baltimore and Anne Arundel county, has been completed and was opened on Tuesday.

Hollingsworth, of Smithsburg, Washington county, informs the Hagerstown Globe that on May 5, 1891, forty years ago, snow fell in that county to the depth of one foot.

The coming bicycle meet in Hagerstown promises to be a big one, and even the newly formed club of the city, intending to participate have secured their quarters at the hotels.

Dr. St. George W. Teackle, State vaccine agent, in his report to Governor Jackson for the two years ending April 30, 1891, says: "There have been no cases of small-pox in this State that I am aware of since 1882."

John Lowry of Cheverly, Washington county, was hauling a pig in a box on a spring wagon last Saturday. The pig broke the box which scared the driver, and he was thrown from the wagon and dragged a considerable distance, seriously injuring him.

Some time ago Edward Lynch was ejected from a train on the Baltimore & Cumberland Valley railroad between Chambersburg and Vandyneboro'. He was riding on a Western Maryland pass and refused to pay fare. He brought suit against the company and last week a Baltimore court awarded him \$2,000 damages.

The British brig Elith, from Cienfuegos, Cuba, with 3,579 bags of raw sugar for the Baltimore Sugar Refining Co., while anchored off quarantine in the Baltimore harbor last Friday morning was struck by a big four-masted schooner from New York, and the crew had barely time to escape in their night clothes before she sunk.

Melvern Jones, a tenant on the Landing Farm of Dr. J. C. Archel, in Cecil county, lost five horses by lightning Monday night. The horses were found next morning dead close together in a fence corner adjoining the stable yard. The lightning struck the ground under the horses' heads, and ran up their sides. It ran under the litter in the cow-yard throwing it up as if by a large mole. The horses were worth \$800.—Sun.

Capt. William J. Wilson, a reliable fishing-boat owner, of Cecil county, relates that a few days ago he was out in the North River lost the Squahanna flats between the rivers here, stranding acres of herring. It is stated that the fish were left in the flats several feet deep, resembling snow banks as the sun glistened upon them. They died there, and the shores were soon afterwards lined with the carcasses. Some farmers have covered fields with herring for fertilizing purposes.

A petition has been prepared for signature by citizens of Montgomery county residing along the Metropolitan branch of the Baltimore and Annapolis Railroad, addressed to the Governor of Maryland, praying for immediate action to compel the management of the Baltimore and Ohio Railroad to lay an additional track from Kensington to Rockville, and connections, continuing largely from 1860 to 1865 in formulating the heroic patriotism which sustained the nation in the time of war and in the time of its advancing civilization for the quarter of a century since."

MR. THOMAS A. EDISON, the electrician and inventor, says he will have ready for the Chicago World's Fair a combination of photography and electricity whereby a man can sit in his own parlor and see depicted upon a certain the forms of the players in opera upon a distant stage and hear the voices of the singers. Each movement and color will be plainly reproduced. The system can be applied to prize-fights, the noise, blows, talk and everything being transmitted.

Peculiar

Many peculiar points make Hood's Sarsaparilla superior to all other medicines. Peculiar in combination, proportion, and preparation of ingredients, Hood's Sarsaparilla possesses the full curative value of the best known remedies of the vegetable kingdom. Peculiar in its strength and economy—Hood's Sarsaparilla is the only medicine of its kind which can truly be said to be "One Hundred Dollars' worth in a bottle." Medicines in larger and smaller bottles require larger doses, and do not produce as good results as Hood's Sarsaparilla in its medicinal merits. Hood's Sarsaparilla accomplishes cures hitherto unknown, and has won for itself the title of "The greatest blood purifier ever discovered." Peculiarly efficacious in "home"—there is now no more of Hood's Sarsaparilla sold in Lowell, where it is made, than of all other blood purifiers. Peculiar in its record of sales and in the fact that it has never attained such popularity and confidence among all classes of people so steadfastly. Do not be induced to buy other preparations, but be sure to get the Peculiar Medicine, Hood's Sarsaparilla. Sold by druggists. \$1; six for \$5. Prepared by C. I. HOOD & CO., Apothecaries, Lowell, Mass. 100 Doses One Dollar

An Enemy to Wheat.

A prominent farmer of New London district who visited The Evening News office the other day said he thought the attention of farmers should be called to the rapid increase of water cress in the fields along the courses of the Monocacy and Potomac rivers in this county. To such an extent has this interloper increased that the grain in many fields, has been almost crowded out and some fields he said, would not yield over five bushels of wheat per acre, if that much. Several fields between here and Frederick Junction along the B. & O. are covered with the yellow plumes of this unwelcome intruder and it is gaining headway every year. One stalk of seed will blow over an entire field and reproduce prolifically, much resembling mustard seed in this respect. He said that he believed the seeds were originally carried here by the wild birds on their way from the Southern swamp lands Northward, and being dropped here and there had sprung up, the work of reproduction from season to season being a natural consequence. The intruder is ruinous to clover seed as well as wheat, and in fact among whatever grain it grows it is certain to work injury. It is prolific on land along water courses and the seed is carried from place to place by the wind, hardly a spot in any field escaping. Our New London friend said that he did not think Frederick county farmers yet realized how serious an evil water cress is and that it would be well for them to begin to think about it and devise some remedy for its extermination. It will undoubtedly detract from the value of land and ruin the chances for large crops wherever it is allowed to gain headway. So far the only remedy that has been found for its complete destruction is to pull it up by the roots.

Real Estate Transfers.

The following transfers of real estate have taken place in this county, as recorded in the Clerk's office during the last week:

Milton O. Renner and wife to John A. Barrick, 6 acres, 1 rood and 35 perches of land, \$1,500. John J. Kram to Mary E. and Lemuel H. Dotterer, 143 acres, \$5,720. J. Thomas Sim and wife to A. W. Nussbaum, 14 acres and 27 square perches, \$200. John Clenson and wife to Philip White, 2 acres, \$30. Frank L. Stoney to James M. Smith, lot of land in Woodsboro' district, purchase money. Jacob S. Gelwick to Samuel Welty, 2 acres of land, \$225. Annie M. Cramer to John L. McMaster, 2 roods and 7 perches, \$1,500. Board of County School Commissioners to Charles E. L. Poole, 14 acres of land, \$180. Andrew J. Colbert and wife to John Nichols, lot of ground, \$750. Mary Wood to Moses Wood et al., parcel of land, love and affection. Lucie Rensburg, Susie K. DeLashmire and husband to Alice M. Warner, 6 acres, \$38.00.

THERE is danger in impure blood. There is safety in taking Hood's Sarsaparilla, the great blood purifier. 100 doses one dollar.

It is stated that after many experiments at the Washburn & Moen Works, Worcester, Mass., a process has been discovered whereby steel wire can be made that will stand a strain and tension equal to copper wire. It can be manufactured cheaper than copper wire.

PUBLIC SALE.

BY VIRTUE of a power of sale contained in a Mortgage from Oliver Eiler and Adie B. Eiler, his wife, which mortgage is duly recorded among the Land Records of Frederick county, Maryland, the undersigned, the mortgagees therein named will sell at public sale on

Saturday the 30th day of May, 1891, at 1 o'clock P. M., at the Emmit House, in Emmitsburg, Frederick county, Maryland, all the following valuable real estate, to wit: 1st. All that

LOT OR TRACT OF LAND,

situated in the Town of Emmitsburg, Frederick county, Maryland, on the north side of West Main street, adjoining the Lot of the late John Withrow on the east, it being formerly the residence of Jacob Motter, now deceased, called "The Yard Lot" on the plot made by John Shields on the 3rd day of February, 1874, containing

1 Acre & 20 Square Perches of Land,

more or less, and is fully described in a deed from John C. Motter et al. to Marion F. Guthrie, duly recorded in Liber A. F. No. 7, folios 178, &c., one of the Land Records of Frederick county, by reference whereunto it will fully appear, reserving the right to use a lane to several parties mentioned in said deed. The above land is improved by a Large, Comfortable

BRICK DWELLING HOUSE,

Stable, and other out-buildings. There is fine fruit and good water on the place. This is a nice residence and is situated in the western portion of the town.

ALSO THAT LOT OR PARCEL OF LAND CONTAINING 2 ACRES, 1 ROOD AND 34 SQUARE PERCHES

of land, more or less, situated in the 5th Election District of Frederick county, Maryland, in the north-western portion of said Town of Emmitsburg, adjoining the lands of Henry Stokely on the north, the same lot or parcel of land which was conveyed to the said Marion F. Guthrie by Isaac S. Annan and others, by deed duly recorded in Liber W. L. P. No. 9, folios 706, one of the Land Records of Frederick county, by reference whereunto it will fully appear. Also that

TRACT OR PARCEL OF LAND,

situated north west of said town of Emmitsburg, in the 5th Election District of Frederick county, Maryland, about one-half of the tract adjoining the lands of the heirs of Joseph Hays, Helen Rowe, et al., containing

59 Acres, 2 Rods & 4 Sqr. Perches of Land,

more or less, as surveyed by James W. Troxell on the 3rd day of July, 1890, and being the same real estate conveyed to William S. Guthrie by George P. Beam and wife and Hester Barry and others, and William Peoples, by deeds duly recorded respectively in Liber W. L. P. No. 1, folios 4, &c., and in Liber W. L. P. No. 9, folios 639, &c., and Land Records of Frederick county, by reference whereunto it will fully appear, together with all the rights and appurtenances belonging thereto. All the above parcels of land being the same conveyed by the above-named William S. Guthrie to Marion F. Guthrie his wife, to the said Oliver Eiler, by deed duly recorded in Liber W. L. P. No. 9, folios 687, one of the Land Records of Frederick county. This tract is

IMPROVED BY A BARN, and is under good fencing. The land has been improved and will yield good crops. The above parcels of land will be offered in separate parcels, and if not sold that day will be offered in one whole.

Terms of sale as prescribed in the mortgage, cash. ROBERT BIGGS, JOHN C. MOTTER, Trustees.

ADVERTISING.

We are firm believers in the efficacy of printer's ink. We employ it in various ways and methods, but we only use it to tell people of the good things we have and to attract attention to us. When people once get to the store we advertise with low prices and a proper stock—this is an advertisement that strikes home, and goes farther than ink, because unless backed by facts that are indisputable, it draws but once and don't have the desired result even then. Now in the matter of low prices how is it that in a majority of cases we are below other stores? This question naturally arises. Here is the answer. We have learned the secret of owning our goods at less money than our competitors. We aim to

Buy them right and the rest is plain sailing. When we buy a bargain we sell a bargain.

Now, these in the main, coupled with the fact that everything sold must be satisfactory, has made us the leading merchants with sales double that of any store in Adams county. Our store is now filled with the choicest of everything and the prices make the sales.

THE LEADERS

In Dry Goods, Notions and Carpets.

G. W. WEAVER & SON,

GETTYSBURG, PA.

SALE EVERY DAY

—AT—
M. F. SHUFF'S

Feb. 27-11.

M. F. SHUFF.

Trotting Stallion for Service

NINETTO

The standard bred trotting stallion will be kept for service at MECHANICSTOWN, EMMITSBURG and ROCKY RIDGE, this season; arrangement of dates given later.

Description:—NINETTO is a bright red chestnut in color, 4 years old, of commanding presence and great substance, broad strong back, low drooped hocks, legs clean, hard and curly, excellent feet and is a level headed game, square-gaited trotter. Height 15 hands, 24 inches; weight 1,630 lbs.

Pedigree:—Ninetto by Nugget record 2:24 1/2 sire of Gold Leaf 2:19; Nettle Leaf 2:24; Newton 2:24; Saboya 2:24; San Malo 2:22; Logot 2:29.

First Dam Hey Day, by Hermes 2:27; sire of Holmdell 2:24; Heresy 2:27; Heedthrift 2:29; Hoodwink 2:25 and Frank Ellis 2:29.

Second Dam Polly by Hotspur, sire of Love 2:30; Hotspur Chief 2:29, &c.

Third Dam by Freeman Gray.

Terms:—\$25.00 by the season with return privilege; next season should the mare not prove in foal; or \$40.00 to insure.

For extended pedigree and further information, address H. C. Anders, Mechanicstown, Md., or Wm. H. Biggs, Rocky Ridge, Md.

TO THE REPUBLICANS OF FREDERICK COUNTY.

Heretofore my name has been presented by Mount Pleasant District to prior Republican County Conventions for the Sheriff's nomination. Although I failed of nomination, I have always cordially and honorably supported my more fortunate competitor. I desire to announce that I am again a candidate, and earnestly hope that my Republican friends throughout the county will aid me to secure the nomination. I have every confidence that if nominated, I will be elected.

Very respectfully, LEWIS A. KOLB.

Order Nisi on Audit.

N. O. 5797 EQUITY.

In the Circuit Court for Frederick County, sitting in Equity.

MARCH TERM, 1891.

In the Matter of the Auditor's Report filed the 23rd day of April, 1891.

James T. Hays, Administrator of Andrew T. Hays, deceased, Mortgages of Isaac Tressler and wife, on Pettit.

Ordered, That

Emmitsburg Chronicle.

Entered as Second-Class Matter at the Emmitsburg Postoffice.

FRIDAY, MAY 15, 1891.

Emmitsburg Rail Road.

TIME TABLE.

On and after Nov. 9, 1890, trains on this road will run as follows:

TRAINS SOUTH.
Leave Emmitsburg at 8.20 a. m. and 2.52 and 5.50 p. m., arriving at Rocky Ridge at 8.50 a. m. and 3.22 and 6.20 p. m.

TRAINS NORTH.
Leave Rocky Ridge at 10.40 a. m. and 3.33 and 6.35 p. m., arriving at Emmitsburg at 11.10 a. m. and 4.05 and 7.05 p. m.

JAS. A. ELDER, Pres't.

Established 1837.

Wetly's all-rye whiskey. It has no rival for superiority, is absolutely pure, and has a reputation of the highest standard for excellence and purity, that will always be sustained. Recommended by physicians. Also Old Kentucky Whiskey and Speer's celebrated Wines, for sale by
K. A. DIFFENDAL.

The public schools close for the Summer today.

Dr. Wilson, the greatest tooth pulling living, is now in Emmitsburg, pulling teeth. Come and see him.

The postoffice at Bruceville, which was discontinued about twenty years ago, has been reestablished.

FARMERS are warned against a new swindler, who is selling an alleged Canadian-thistle exterminator for \$3.50 a bottle.

"A stitch in time" often saves consumption. Down's Elixir used in time saves life. For sale by James A. Elder, Emmitsburg, and A. C. Musselman, Fairfield, Pa.

The Gettysburg National Bank, of this place, has declared a semi-annual dividend of 5 per cent. and the First National Bank 3 per cent.—*Compiler.*

Near the evidences of coal discovered near Frederick amount to the development of a good vein of this mineral. Frederick's development will be assured.

The Hagerstown *Mail* says: The Hess Wagon Works, in Corbett's addition, are overbooked with orders. It is found impossible to accumulate a stock on hand.

A beautiful present given to the handsomest lady in the dance and to the most acceptable one to the homeliest man at the Kickapoo Indian Village Saturday night.

It is gratifying to note that our carriage factories are doing a good business. They are doing a good work as fast as it is turned out, and all have orders ahead.

We regret that no report of the Farmers' League meeting has been furnished us. Indirectly we learn that the advisability of a connection with the Alliance is being considered.

At a meeting of the Choral Union on Tuesday evening, an invitation from Arthur Post No. 4 (C. T. P.), to visit the choir in the Memorial Day exercises, was read and accepted.

Tune up the system of your horse by using Biggs Bros. Crown Stock Food.

MAURICE C., an infant son of Mr. C. T. Zacharias died last Friday morning. The funeral took place on Sunday afternoon, Rev. U. H. Heilmann, officiating. Interment at Mountain View Cemetery.

We have received a copy of the daily edition of the *Kegonsa Gazette*, published at Waynesboro by Mr. N. Bruce Martin. The new daily is a neat little journal of five columns and we wish it a successful career.

HAVE you been to hear the lectures of Dr. Wilson each evening at Eyster's Hall? They are very interesting.

The Walkersville *Enterprise* says: The Sabbath school of Rocky Ridge was organized on Sunday morning and the following officers elected for the ensuing year: Superintendent, Geo. W. Krise; assistant superintendent, J. B. Black; secretary, M. J. Eichberger; librarian, O. A. Engler; treasurer, Edward Long.

MR. ROBERT ADELBERGER has the agency for the Hagerstown Steam Laundry, and will take orders for laundry work of all kinds. He will send the goods to Hagerstown on Tuesdays and they will be returned on Fridays. This Laundry does the finest work in the State and it will be well to give him a trial.

THE funeral of Mr. John Troxell, whose death was noticed in these columns last week, took place on Saturday morning, at 10 o'clock, at the Reformed Church in this place, of which he was a member. Rev. S. M. Hench, of Walkersville, officiated. The interment was made at Mountain View Cemetery.

THE Harney correspondent of the Westminster *Sentinel* says: There are quite a number of sick horses through the neighborhood at present. Our veterinary doctors pronounce it the grip.

A valuable horse belonging to a Mr. Kump was drowned in Sterner's mill dam last Saturday. Mr. Kump and some others were fishing and the horse, which was attached to a buggy, went into the water and was drowned.

MR. G. P. EYER, near here met with a severe accident last week while handling manure. He was drawing the brake on his wagon and accidentally got his foot under the wheel, which passed over the heel of his foot and badly mashed it. He is able to get about on crutches.

THERE is no mother or father that will read the following without will admit the necessity of buying the Kickapoo Indian Worm Killer for their children:

222 annual meeting of the Illinois Medical Association, Chicago, Ill., May 6, 1891. Among the many interesting papers read to-day, that of Dr. R. K. Livingston, of this city, caused the most thoughtful consideration among the profession, in which he proves the death rate in children to be an alarming extent increased by stomach and Pin Worms. "These monsters," he says, "are wrecking the stomachs of the little ones and making vacant chairs in the family circle."

Kickapoo Indian Worm Killer will drive these monsters from your children and save their long nights of sleepless pain.

Closed Up.

The Emmitt Building Association of this place went out of existence last Saturday night, by the payment of all the share holders in full.

THE Red Men's fair and festival will be held on Thursday and Friday evenings and Saturday afternoon and evening, May 28, 29 and 30, at J. M. Kerrigan's sales rooms in this place. See bills.

GETTYSBURG is to have electric lights within a year. An agreement between the Town Council and the Company has been entered into, by which the former is to have its plant in operation within twelve months.

THE continued dry weather of the past few weeks is being badly felt by the farmers. The grass and wheat need rain badly, and some farmers who have not planted their corn yet are afraid to do so now fearing that it will not come up.

Entitled to the Best.

All are entitled to the best that their money will buy, so every family should have, at once a bottle of the best family remedy, Syrup of Figs, to cleanse the system when constipated or bilious. For sale in 50c and \$1.00 bottles by all leading druggists.

Maryland Classes.

The Maryland Classes of the Potomac Synod of the Reformed Church will convene at Trinity Church, Woodberry, Rev. E. R. Deatrick, Pastor, on Thursday, the 21st inst. Rev. U. H. Heilmann, of this place, will attend. Elder Willis E. Fisher is the lay delegate.

Everybody Knows

That at this season the blood is filled with impurities, the accumulation of months of close confinement in poorly ventilated stores, workshops and tenements. All these impurities and every trace of scrofula, salt rheum, or other diseases may be expelled by taking Hood's Sarsaparilla, the best blood purifier ever produced. It is the only medicine of which "100 doses one dollar" is true.

Fairplay Sunday School.

The Sunday School at Moritz's was organized on Sunday, May 3, by the election of the following officers: Superintendent, J. F. Waybright; Secretary, J. Lewis Rhodes; Treasurer, J. F. Klingel; Librarian, W. K. Rhodes; Assistant Librarian, John Geiselman. The election of an assistant Superintendent was deferred until another Sunday.

An Old Button.

Mr. John Donoghue, who owns and occupies the "Williams" farm (later known as the "H. W. Williams" farm) found an old silver button in the yard on Monday, on which the letters "H. W." were plainly engraved. The supposition is that the button belonged to the late Henry Williams, who many years ago owned and occupied the farm. Mr. John H. Williams of Frederick, is a son of the late Henry Williams.

Saved From Death.

Frank M. Worthoff, of Jackson, Mich., writes: "I have been a sufferer of chronic indigestion for fifteen years, and have been unable to eat. I have tried the services of very best physicians throughout the country, their claim was that I must die. Having tried almost every kind of medicine without relief, I was about to give up in despair. When the Kickapoo Indian Medical Company came to this city, I was induced by friends to try their wonderful Indian Sagwa. I used six bottles and am happy to say that I am a well man today and never felt better in my life."

Two Tons of Worms.

A gentleman of this city had occasion to use some hay recently to a farmer near Gettysburg to buy it. The farmer said that he would be glad to supply him but that his hay was mouldy and looked very curious. They went out to look at the stack, and found that what the farmer took for mould was a kind of white, fluffy, cotton-like larva, worms about one half inch long. The stack was literally replaced by the squirming mass of animals. A handful of the hay writhed in the grasp and left dark stains. No one knows what kind of larva they are or how they got in that stack.—*Hagerstown Mail.*

In Henry & Johnson's Arnica and Oil Liniment in combined the curative properties of the different oils, with the healing qualities of Arnica. Good for man and animal. Every bottle guaranteed. For sale by James A. Elder, Emmitsburg, and A. C. Musselman, Fairfield, Pa.

Two Forged Notes.

A young man, representing himself to be Samuel J. Wildie, son of Mr. John Wildie of Mechanicsville, district, boldly attempted to dispose of two forged notes to Mr. Henry Lorentz, the well known broker of Frederick last week. Both notes were drawn in favor of Samuel J. Wildie, one for \$18, leaving what purported to be the signatures of L. A. Doble and Geo. H. Bussard, the other for \$33, bore the names of Geo. W. Layman and Samuel Eicholtz. The young man stated that he had sold horses to the makers of the notes and desired to convert the same into cash, and as the makers were men of good financial standing it took but a short time to arrange for the disposal of them. However, Mr. Lorentz, who once before was victimized by becoming the possessor of forged notes, decided to make sure that all was right before turning over the cash. So saying that he would have to go to bank for the money he left his caller in his office while he went to the tax-collector's office, to get some information concerning the man's identity. Returning, he found that instead of remaining inside the alleged Samuel J. Wildie had come out on the street and walked down to the corner. Mr. Lorentz went up to him saying that everything was all right and that he would accompany him to the tax-collector's office, where he could be identified, he would receive the money forthwith. Wildie, however, didn't want to go, saying he had decided not to sell the notes, and requested their return, which the broker, whose suspicions were now aroused, refused. The young man begged hard for the return of the notes and kept sidling off until he escaped Lorentz and several others who attempted to intercept him. He has not since been heard of, and an investigation proved the notes to be forgeries, and that no such person as Samuel J. Wildie is known in the locality from which he represented himself to be.

Female Weakness, Positive Cure, Free.
To THE EDITOR:—Please inform your readers that I have a positive remedy for the thousand and one ills which arise from deranged female organs. I will send two bottles of my remedy, FREE to any lady, if they will send their Express and I. J. MORRIS.

Dr. J. B. MORGAN, Utica, N. Y.

Strong minds listen to sound reason. Weak ones never do. The man who cries humbug without first investigating is always the one who deceives you with some fraudulent scheme of his own. Kickapoo Indian Sagwa will cure you if you try it.

GETTYSBURG is threatened with a water famine. At a recent meeting of the Water Company it was determined to sink another well for emergency use and a resolution was passed relating to the use of water and demanding the strictest economy in its use.

Cave Himself Up.

On Wednesday, Jacob Long, one of the two brothers who, with Paul Kappes, broke jail here last December, came back and gave himself up, and is now in jail. His brother Charles was killed by a fall of slate at Brazil, Ind., where the two were working.—*Gettysburg Compiler.*

No farmer or dairyman can afford to be without Crown Stock Food. It is a boon to breeders of all domestic animals.

Memorial Day.

Preparations for the Memorial Day exercises are moving along satisfactorily and there seems to be the usual interest which will not doubt make it a success. The Choral Union has accepted an invitation to furnish the vocal music for the occasion. The full programme will be announced next week.

THE Frederick and Emmitsburg Turnpike Road Company elected the following gentlemen for Managers during the ensuing year: James T. Hays, Geo. W. Miller, Dr. T. E. R. Miller, John Rouzer, George W. Dean, Geo. Honck, W. W. Zimmerman, P. N. Hammaker, Joseph E. Roelke.

Are you suffering with dyspepsia, liver complaint, or any chronic disorder, if so, try the never failing remedy, Kickapoo Indian Sagwa at once, don't put it off, you will have tried so many remedies before without being benefited. Remember delays are dangerous, and you may be the next one to pass away.

List of Letters.

The following letters, remain in the Post Office, Emmitsburg, Md., May 11, 1891. Persons calling will please say *advertised*, otherwise they may not receive them: William Bentz, J. Elmer Dubbs, Miss Annie M. Myers, Miss Jennie Miller, S. N. McNair, P. M.

A MEETING in the interest of the proposed railroad to Gettysburg was held at Green Mount on Tuesday afternoon. A number of persons from this place and from along the line were present and some interesting discussions were expected in the near future. Those present manifested considerable enthusiasm and the projectors seem determined to push the work forward.

DR. JAMES J. MILLER, Baltimore, late physician to Mary and Ear Infirmary, will visit Emmitsburg, for one day, provided ten patients will consult him. Those desiring consultation will leave word at the Chronicle office within the next two weeks.

Fun Over a Wagon.

Bravert Wagon had about sixteen years old fell from a load of hay on Monday and was badly cut and bruised, besides having one of his arms broken. Young Wozlives in Liberty township about three miles from this place, and had sold the wagon for a broken one for a load of hay. Returning home he fell from the wagon and was run over with the result stated. Dr. J. W. Eichberger, Jr., of this place, rendered the necessary surgical aid.

Batly Mixed.

The Examiner of this week in noticing the funeral of Mr. John Troxell last Saturday says: "Services were held in the Reformed Church at Emmitsburg, this county; interment in the burying ground adjoining the church. Mr. Troxell was from Adams county, Pennsylvania, and had resided in this county about two years." The fact is that Mr. Troxell lived all his life in Frederick county instead of two years as stated by the Examiner. Furthermore there is not a Troxell in Adams county, and attached to the Reformed church in Emmitsburg. Had the Examiner consulted the columns of last week's Chronicle the facts in the case would have been found.

THE Kickapoo Indian Medicine Company, has been giving entertainments at Eyster's Hall every evening this week, before a large audience. The performance is devoid of any objectionable features, and the fact of the attendance increasing every night speaks well for its popularity.

Good Work Well Done.

Officer Jacob Brenzle, with Sheriff O. J. Gaver and others, left our city last night and went up to the neighborhood of High Knob, a few miles West of the city, for the purpose of going to capture Frank Early, one of the leaders of a notorious gang of thieves who have been infesting that community and been a terror to them, for it seems from one cause or another the whole community are in fear of him as well as others of the gang. They succeeded in capturing Frank Early and bringing him before Justice Turner, at 5 o'clock, a. m., to-day, who committed him to jail for a hearing on Friday, May 15th, 1891, at 10 o'clock, a. m., when the case will be heard before Justice Eckstein.—*Examiner.*

A GRAND entertainment will be given Saturday evening at Eyster's Opera House, Emmitsburg, by the celebrated Kickapoo Indian Medical Company, whose making a stay of two weeks. Everything will be new and some bright specialties will be introduced, including some very interesting features.

From the Gettysburg Star and Sentinel.

The thirteen-year-old son of Chas. W. Beales, of near Round Hill, has put out this spring, twelve acres of oats and several of wheat. His father has been sick and the work devolved upon the boy.

Last Wednesday George Wolf, about three miles north of Littlestown, was on a wagon unloading barrels and accidentally fell forward under the horses. They took fright and ran off, two of the wheels passing over him, and killing him almost instantly.

The Reformed congregation of this place has decided to remodel their church, the changes to cost about \$3,000. There is talk of adding a tower. During the week architect Fry, of Philadelphia, was in town, inspecting the present building, and is at work on plans. The pastor, Rev. T. J. Barkley, Mr. G. W. Weaver and J. L. Butt, Esq., are the committee.

Increase the working capacity of your horses 50 per cent. by using Crown Stock Food.

A Promising Young Minister. Rev. Luther DeYoe of this place recently preached in the Methodist Church at Harrisburg, and this is the way the *Telegraph* speaks of him: The Rev. Luther DeYoe though only 26 years of age, is already as good a pulpit orator as many ministers are at 35, and a bright ministerial future is undoubtedly ahead of him. He speaks very rapidly but accurately, uses no notes, has graceful gestures, combined with an earnestness of manner that does not fail to impress his hearers, and is the possessor of a great memory. Large congregations heard him both morning and evening.

PERSONALS.

Mr. Robert Adelsberger made a visit to York this week.

Mr. H. W. Eyster has gone to New York City on business.

Miss Carrie Motter and Belle Rowe made a visit to Gettysburg this week.

Mr. Frank McLeod of Coal Port, Pa., is the guest of his sister Mrs. J. Kay Wrigley.

Mr. E. A. Shorb, Miss Mary Shorb and Miss Celeste Elder spent Sunday at Littlestown.

Mr. J. H. Diffendal has returned home from Baltimore, and is greatly improved in health.

Mrs. V. C. Winger and Miss Hallie Winger have returned to their home near Green Castle, Pa.

Miss Sadie McAllen, of Chambersburg is visiting Misses Mattie and Fonce White, near this place.

Mr. Joseph H. Rider, who is working in Waynesboro, made a visit to his family near town this week.

Mr. J. Howard Danner, of Boston, is solicitor-at-law for the students and relatives in this place and vicinity.

Mr. J. S. Motter, whose illness has been mentioned in these columns, we are glad to report is very much better.

Mr. Charles McGinnis started on Monday for Frederick, Md., where he has secured employment. We wish you success, Charlie.

Mr. Gaines Fisher, of Salem, Oregon, formerly of this place, made a visit here during the past week. Mr. Fisher left here over thirty years ago.

MT. ST. MARY'S ITEMS.

Mr. and Mrs. Frank Myers spent Tuesday in Gettysburg.

Miss Laura Orndorff spent Thursday with Miss Sadie Baker.

Miss Sallie Dorsey spent the day in Emmitsburg, on Monday.

Mrs. Joseph Copp and Mrs. Hansinger were in town on Monday.

Mr. John Seibold and Miss Emma Rosenfeld were in Gettysburg on Sunday.

Misses Maggie Troxell and Mamie Althoff, spent Tuesday at Mr. Benjamin Hobbs'.

COSTIVENESS is the primary cause of much disease. Dr. Henry Baxter's Mandrake Bitters will permanently cure constiveness. Every bottle warranted. For sale by J. B. Morgan, Utica, N. Y., and A. C. Musselman, Fairfield, Pa.

SARASVILLE ITEMS.

Mr. T. F. Eyer was in Hagerstown on business on Thursday.

Miss Irene Chasley, of Baltimore, is visiting relatives in this place.

Mr. John Fier and family of Greenham spent Sunday at Mr. T. F. Eyer's.

Mr. Lewis Willard recently lost a mare and two colts which he highly valued.

Mrs. Levi Liechtenberger with her two little daughters Benah and Edith spent Sunday with relatives in Smithsburg.

Mr. Wm. Flaughter was stricken with paralysis at his home in Germantown last Wednesday. Mr. was formerly a resident of this place. He is a blacksmith by trade and was laboring successfully when taken ill.

Mr. Hiram I. Miller has repaired the fence surrounding the house and lot which he recently purchased from Mr. Wm. Shindeldecker. This with other improvements has added greatly to the value of the property. The property as it had decreased in value under the ownership of Mr. S.

Mr. Ely McClain a resident of Edgemont had his leg badly crushed by a piece of timber falling on it while unloading a load of lumber for a bridge on the W. M. R. R. near that place. Mr. McClain was formerly a resident of Harbaugh's Valley. The attending physician announced that the fractured limb will have to be amputated.

The greatest show you ever witnessed at the Kickapoo Indian Village, Saturday. Prof. Hackney, the world famed wizard, will astonish you with his marvelous feats of magic. This gentleman appears in all the principle cities of America and England with immense success. He is truly a phenomenon.

FAIRFIELD ITEMS.

Mr. Joseph Rife and wife of Cash-ton are visiting at Mr. F. Shulley's.

Mrs. E. Shulley is visiting her sister, Mr. John Fier and family of Greenham.

The committee of the members will be present for the celebration have secured several speakers, and when completed, the programme will be an exceedingly interesting one. Rev. W. J. D. Shearer is to preach the Memorial Sermon on Sunday previous to Memorial Day. Rev. Wm. McGibbler of Enniscorthy, Kansas will deliver an address at the Cemetery. He is an able speaker and all are invited to hear him.

Through the Weekly Hours of many a night, made doubly long by its protracted agony, the rheumatic sufferer toying to and fro on his sleepless couch, vainly trying for that rest which only comes by fits and starts. His malady is one which ordinary medicine is too often found to be of little or no benefit. To prove that the eminent blood purifier, Dr. Foster's Stomach Bitters, affords the rheumatic sufferer relief, check the malarial in its incipient stages, when the first remedial course of relief, with this agreeable medicine, and avoid years of torture. Whatever be the rationale of the active influence of the Bitters, the fact is certain, it is that no evidence relating to its effect is more direct and positive than that which relates to its action in cases of rheumatism. It is a sterling remedy, however, it deserves a prominent position in the household, and should not be taken lightly. It is equally efficacious in dyspepsia, indigestion and various diseases.

MT. ST. MARY'S COLLEGE NEWS.

A Distinguished Young Scientist Lectures at Mt. St. Mary's College.—Semi-Annual Conference.—May Devotions.—Base Ball.

Professor George H. S. Nuttall, M. D., Ph. D., lately of Gettysburg University, now experimenting at Johns Hopkins, lectured before the faculty and students of Mt. St. Mary's College last Monday evening, on Bacteriology, which he has been making a special study of for some years past on the Continent.

After briefly tracing the history of the bacterium from its first discovery by Leeuwenhoek in 1683, and the more important investigations of Cohn in 1833, and finally the researches of Pasteur in our own day. Prof. Nuttall explained the nature and characteristics of this minute organism, its various species, modes of formation, wonderful powers of multiplication, the latter the direct cause of the fatality of so many diseases, and showed the various methods employed in the study of Bacteriology, including the way in which the presence of this organism is detected, how a single bacterium is isolated for scientific investigation, and numerous other interesting facts.
