WORKMEN engaged by Mr. Henry
Holtzapple, of Hagerstown, in recently

late war.

A CHILD of Mr. John Pears had the
scald head and had been under the
treatment of physicians without relief.
It was cured by Chamberlain's Eye and
Skin Ointment, and is now well and all
right.—W. R. MILLER & Son, Briscoe,
Iowa, 25 cent boxes for sale by C. D.
Eichelberger.

THE Electric Light Company of Car-
roll County was organized at West-
minster on Monday with a capital stock
of \$1,000. The officers were: Charles E.
Steward, president; H. E. Ward, secre-
tary; A. H. Huba, secretary; Fred D.
Miller, corresponding secretary; Charles
E. Fink, treasurer.

The oppressively warm weather of
Sunday and Monday proved to be a
forerunner of a violent thunder storm,
which broke over this locality on Tues-
day morning and of course lowered the
temperature very decidedly and proved
quite a setback to the warming opera-
tions which had become quite active
during the short period of bright warm
sunshine. The lightning rod on the
Reformed Church was struck during the
storm, the fluid running down the
rod and into the ground, tearing up the
ground considerably where it entered.

"For several years," says John Park,
of Beaver Creek, Minn., "during the
winter, I have been troubled with a
painful swelling of the feet, which phy-
sicians claimed was rheumatism. I
was treated by some of our best phy-
sicians, and obtained but little, if any
relief, and used many so-called 'cures',
without benefit. During the winter of
1887, when my feet were so swollen and
inflamed that I could not wear my boots,
I commenced using Chamberlain's Pain
Balm. The first application reduced the
swelling and inflammation and the use
of one fifty-cent bottle so completely
relieved me, that I discontinued the
cures, and was able to get around all
right and wear my boots." 50 cent
bottles for sale by C. D. Eichelberger.

ganization to the pupils of the public

After the Grip.

And after typhoid fever, diphtheria,
pneumonia, or other prostrating dis-
eases, Hood's Sarsaparilla is just what
is needed to restore the strength and
vigor so much desired, and to expel all
poison from the blood. It has had
wonderful success in many such cases.

Hood's Pills act especially upon the
liver, rousing it from torpidity to its
natural duties, cure constipation and
assist digestion.

Death of Mr. Wm. J. Gilson.

Mr. Wm. J. Gilson, whose accident at
the tearing down of his barn, was no-
ticed in the CHRONICLE last week and who
was not supposed at the time to be serious-
ly injured, died at his home Sunday
last from the effect of internal injuries,
of which there was at first no evidence.
His death which was sudden and un-
expected, was a shock to the commu-
nity and a terrible blow to the family
of which he was the honored head. Mr.
Gilson was in the 63rd year of his age,
and was born on the farm where he
died, and which was his life-long home.
He was twice married, his first
wife being, Miss Harriet Crapster who
died sixteen years ago, leaving three
children who still survive. Messrs.
Bazil C. and William N. Gilson, who
still reside at the old homestead and
Mrs. Cornelius Zimmerman of Fred-
erick. His second wife who survives
him, was Miss Starr, a sister of Rev.
Starr, the lately appointed pastor
of the Methodist church in this place.
Mr. Gilson was buried on Tuesday
morning in the cemetery belonging to the
Tom's Creek Methodist church of
which he was a member, the funeral
services being conducted by Rev. Geo.
Maydwell, of Dutaw Street Methodist
church, Baltimore, formerly of this
place, assisted by Rev. Dr. Simonton,
of Emmitsburg. In the death of Mr.
Gilson the community has lost an ex-
cellent citizen, a devoted husband, and
the Methodist church, an active, zealous
member, whilst his family mourn the
loss of a loving guide and counselor
whose presence always seemed to be a
necessary part of the home which he
had so long cultivated.

WHEN you are troubled with dizziness,
your appetite all gone, and you feel
bad generally, take a few doses of Dr.
Henry Baxter's Mandrake Bitters, and
you will be surprised at the improve-
ment in your condition. Every bottle
warranted to give satisfaction. For
sale by J. A. Elder.

COMMUNICATED.

This community was truly shocked in
the sudden death of William J. Gilson.
The painful interest aroused among his
friends and neighbors when it was
known that he was seriously injured that
night, and that he would not recover,
was an indication of the high esteem in
which he was held in the community,
where he had lived all his life and was
so well and favorably known. He was
a courteous, kind-hearted christian man,
who never failed to do kindly things
in every good work. The church of
which he was a member has not only
lost a leader, but one of its most active
and energetic workers, whose place can-
not easily be filled. His generous hos-
pitality will ever be fondly remembered
by the many friends he so often wel-
comed to his home, and it always seem-
ed to give him great pleasure to enter-
tain. He was one of the most intensely
loyal men in this community during the
late war of the rebellion. And though
owing to the fact that he had three
brothers in Co. "C" Cole's Cavalry, he
was not able to tender his personal ser-
vices to his country, yet he rendered
the union army valuable service while
operating in this community previous
to the war. He has answered the
writer has never met a citizen who
took more interest in everything con-
nected with the late war, or who seemed
more gratified with its successful ter-
mination. He attended regularly all the
meetings and anniversaries of the com-
mand of which his brothers were hon-
ored members, and evinced so much in-
terest in these meetings that he was
looked upon as a "Veteran," and as
heartily welcomed as a member of the
organization. But he has answered the
last "Roll Call" here below and "Dropped
from the Ranks," and though he
will be sadly missed, yet we rejoice to
feel he has gone to his reward.

Serious Accident.

Mr. Henry Herring who lives with
his brother-in-law, Mr. Edw. Hoffman,
at Hoffman's Mill, Freedom twp., Pa.,
met with a serious accident while re-
turning home from a visit to his father,
Mr. Abram Herring on last Sunday
evening. The horse he was riding be-
came frightened and reared up, falling
backward, throwing Mr. Herring to the
ground and rolled over him twice, in-
flicting injuries to his back and stomach.
Mr. Edw. Henschel and his two
sons seeing the accident, went to the
young man's assistance and finding
him in a state of unconsciousness, car-
ried him to their house near by, where
he has been since. Dr. R. L. Annan
was summoned and rendered the neces-
sary medical aid, and he is now on a
fair way to recovery.

as possible, as they are in a very bad
condition, and it has been understood
that it is best to make them safe.

To put down the old-fashioned, huge,
bitter pills, that gripped so and made
such disturbance internally is more than
a wise man will do. He will not put
up with such unnecessary suffering
as the use of Dr. Pierce's Pleasant
Pills. As a matter of fact, they are unequalled.
Smallest, cheapest, easiest to take. Put
up in vials, hermetically sealed, hence
always fresh and reliable, which is not
true of the large pills in wood or paste-
board boxes. As a gentle laxative, they
are far better for use. Three or four of
these tiny, sugar-coated granules act
pleasantly and painlessly as a cathartic.

New Store.

Mr. J. C. Rosentee has opened a
new store at the I. M. Fisher building,
Motters, Md., invites the public to call

Hargett, of Frederick, made a visit to
the "La Salette Cottage" the home of Miss
Mamie Sweeney. Mr. H's fine team
proved a source of much admiration
and was the subject of much interest
and conversation. The fair companion came in for
a full share.

Aguiro, Santos G. and Raymond Far-
ras, of Mexico, are sojourning at
"Pleasant Level," the home of Prof. C.
L. Jordan. The celebrated Dr. Edmund
who spent the past six months at the
above named place, left a few days
since for South Orange, where he will
continue his studies. He is a young
man of rare intelligence, which, together
with his high attainments in the sci-
ences, has attracted the attention of
many friends during his stay at the
mountain. May success attend him.

In Plain English.

Unquestionably considered of in-
calculable consequence in correcting all
constitutional disorders, is Dr. Pierce's
Golden Medical Discovery. Can con-
scientiously commend it to careful
consideration, confident of its efficacy
in all controllable chronic com-
plaints.

The "Golden Medical Discovery" is
the result of much research and wide
experience, by a practical physician of
world-renown; its formula embraces
the most potent restoratives of the
whole vegetable kingdom. It is espe-
cially recommended in all blood dis-
orders, such as scurvy, liver and kidney
complaints, scrofula, salt-rheum, eczema
and consumption—in its early stages
—insuring relief and cure in all cases!

Lecture in the Presbyterian Church.

James B. Neal, M. D., son-in-law of
Rev. Dr. Simonton, having lately re-
turned from China, where, with his
wife, he has been engaged in Missionary
work for years, and who has been
visited on his home trip, a great deal
of the wonderful Eastern World about
which, we hear so much and know so
little, entertained and enlightened a
number of our citizens with a graphic
description of some of the places visited
in the course of his journey through the
tropics, in a short address on Wednes-
day evening in the Presbyterian lecture
room, giving an account of a two week's
trip in India. He began by confessing
a feeling of hesitancy in attempting
to speak on so large a subject after so
short an experience, as his hurried trip
gave him, but hoped his audience would
find some pleasure in hearing of the
sights and impressions his glimpse of
India had given him. Pointing on the
map to Penang on the Malacca Peninsula,
he traced the course of the voyage
across the Indian ocean to the island of
Ceylon, where first on the journey from
the far east, tropical vegetation bursts in
on the luxuriant on the western side,
bound traveler. The stately coconut
palm was here met in great abundance
and the "spicy breezes" were wafted
far out to sea, to those whose imagina-
tions helped their sense of smell, but
Dr. Neal remarked that he had enjoyed
them until Colombo, the port and capital
of Ceylon was reached. He men-
tioned a visit to the Cinnamon Gardens
of that city, and a seventy miles trip to
Kandy, the ancient capital, through a
region of luxuriant tropical scenery.
After twenty miles of rice fields and
marshy palm forests, Kandy, he thought,
for natural beauty of situation
unrivaled. From Ceylon up to Bombay
was a short voyage of three or four days.
Bombay, he said, was a great metropolis
city with public buildings equal to any
found in New York, Philadelphia or
Baltimore, very cosmopolitan and in-
tensely interesting in many respects.
Among others, the Parsees, descendants of
the ancient Persians, who live in Bombay
and are worthy of note. A visit to their
cemetery was mentioned, and their odd
custom of disposing of the bodies of the
dead by exposure to the vultures which
devour the slain, and the bones are
scattered about, and bleached by the sun,
was touched upon. From Bombay, Dr.
Neal took his listeners with him on a
railway journey of two thousand four
hundred miles into the interior of India
and back again to Bombay, telling of
the sights seen in Allahabad, Benares,
(where the sacred river Ganges with
its pilgrim bathers who thought their
sins were cleansed by their dipping
three or four times beneath its
hallowed waters were the chief attrac-
tion), Lucknow, Calcutta, Madras, and
Delhi. Agra alone, with its palaces,
Akbar's fort and above all its Pearl
Mosque and the world famed Taj, the
crown of India's beauty, well repaid the
traveler for the long journey necessary
to see it. From Bombay, he said, he
went to Aden on the Arabian coast, where
he touched on his return to the Red
Sea.

BLUE RIDGE SUMMIT ITEMS.

March made no attempt to follow
the rule prescribed by the old adage
beyond coming in like the violent beast
it remained to the end. April fooled us
with one of the very nastiest days im-
aginable, but atoned for its bad be-
havior Sunday by giving us a balmy
spring day. The birds came forth from
their winter haunts where they had
been so long in seclusion and the air
was filled with their song. Nothing
was said to mainly to appear like an
old time spring on the mountain, save
the merry cry of the "Poo Poo" bird,
which we fear will never again be heard
in this vicinity.

Captain John L. Clem, Quartermaster
U. S. Army, (commanding the troops at
the Drummer Boy of Chickamauga) has
engaged his old quarters at the Cler-
mont House. It is more than probable
he will during the season erect a cottage
on his lot adjoining that of Captain Nor-
wood.

Captain Randolph Norwood, U. S. A.,
came up on Saturday in such good spirits
and appearing so well and strong that
we for a moment wondered how under
the sun he ever passed the examination
of the Reining Board.

Had we known two weeks ago when
in writing the CHRONICLE that the Blue
Ridge Summit P. O. had been made a
Money Order Office that this fact was
due to the efforts of Col. William F.
Blount, of the Reining Board, we should
stated it. Up to the time of reading the
Gazette of last week we were ignor-
ant enough to suppose that our office
was controlled by the same rules that
govern other post offices. We now ac-
knowledge our error and thank the
Gazette our thanks. We conclude now
that the success of the Reading de-
partment was owing to the efforts of the Colonel,
and when Judge Stewart is invited to
fill the vacancy on the Supreme Bench,
which he undoubtedly should have, we
will just to keep peace in the family, try
to force ourselves to think that his de-
served elevation is due solely to the in-
fluence of "The Live Railroad Magazine."

The Sabillasville correspondent of
the CHRONICLE, in writing to us, stated
in his power to picture a legal proceeding
equal if not superior to any we have
known in this "Dark Corner." Let us
have it by all means, Brother Scrib-
ble. We have held the champion belt,
the silver cup, and all the other prizes
for this sort of thing for some years,
and besides being desirous of learning
new features attending litigation,
we are quite ready to part with the
trifles that we were won with such
ease that we do not deem them valuable.

Mr. Yaloring Gilbert, moved last
week into his new home near Midvale,
lately purchased of O. W. Good. Daniel
Fry moved into the house lately occu-
pied by Frank Stem at Fountain Dale.
Vinton Rouzer has moved into the
house lately occupied by Frank Stem at
Fountain Dale. Frank Stem has moved
into the old property known as the
Stem Tavern.

William F. Miller, of Rocky Ridge,
W. P. Nunemaker, of Emmitsburg, D.
H. Reiman, Joseph Knighton, of Bal-
timore, registered at the Clermont on
Monday.

W. H. Corner, of Baltimore, spent
Tuesday at the studio. He has a large
force at work on his new cottage which
he will occupy this season.

Holy Week Observance.

In St. Joseph's Catholic Church the
Holy Week services will be observed as
follows: Palm Sunday, the blessing and
distribution of palm will commence
at 9:45 o'clock, a. m. Thursday morn-
ing, High Mass with procession to the
Repository Altar, at 8 o'clock. Good
Friday Services will commence at 8
o'clock, a. m. and a sermon on the
Passion, by Rev. Father Kelly, of Mt.
St. Mary's College, at 7 p. m. Holy
Saturday services will begin at 7:30 a.
m. Easter Sunday services as usual on
Sunday.

Put Up and Put Down.

I want a word to rhyme with ills.
I have it now: I'll put down pills.
Excuse me, though—than put down
pills.

I'd rather suffer some big ills,
To put down the old-fashioned, huge,
bitter pills, that gripped so and made
such disturbance internally is more than
a wise man will do. He will not put
up with such unnecessary suffering
as the use of Dr. Pierce's Pleasant
Pills. As a matter of fact, they are unequalled.
Smallest, cheapest, easiest to take. Put
up in vials, hermetically sealed, hence
always fresh and reliable, which is not
true of the large pills in wood or paste-
board boxes. As a gentle laxative, they
are far better for use. Three or four of
these tiny, sugar-coated granules act
pleasantly and painlessly as a cathartic.

MARYLAND MATTERS.

CHESTERSTOWN, Md., April 5.—The
contest for treasurer of Kent county was
ended today by the election of Mr. C. S.
Hurlock on the fifteenth ballot. The
successful man is a prominent young
Democrat of the First district.

ELKTON, Md., April 6.—Judge Wat-
ters, of Harford county, overruled a mo-
tion for a new trial yesterday in the case
of Alfred Stout, colored, who was con-
victed at the February term of the cir-
cuit court of the murder of George Dit-
more, an aged farmer of Chesapeake
City, in February, 1891.

SALISBURY, Md., April 6.—Fish Com-
missioner John W. Stuller has decided
to continue the two hatching stations
established in this county by his prede-
cessors in office. The one at Sharptown
will be in charge of Mr. Walter C.
Mann as formerly, the one in Salisbury
will be under the charge of Mr. Sylvanus
Trader, with six helpers.

ANAPOLIS, Md., April 5.—Governor
Brown is in receipt of numerous peti-
tions asking him to withhold his signa-
ture from the assessment bill, just
passed by the legislature. The new law
will certainly in many cases result in
manufacturing development in the state.
It will create several hundred offices and
distribute among the politicians about
\$300,000. The legislature adjourned
last night.

SALISBURY, Md., April 5.—The mu-
nicipal election took place here today and
passed off very quietly. Ex-Senator
Thomas Humphreys was re-elected
mayor without opposition. Messrs.
Thomas H. Williams, Frank Parsons
and Noah H. Linder were elected mem-
bers of the city council. Mr. Williams
has been a member of the council for
many years. The holding over members
are Dr. W. G. Smith and Mr. Thomas
M. Stemons.

BALTIMORE, April 5.—General Jam-
es W. Singleton, died here yesterday af-
ternoon at his daughter's residence after
an illness of six weeks resulting from
old age, in his 82d year.

General Singleton was an ex-congress-
man, once president of the St. Louis
and Washab railroad and in his day one
of the most extensive owners of fine horses
in the country. He was a son of General
James Singleton, of the war of 1812,
and was born near Winchester, Va. He
studied medicine and began the prac-
tice of it in Illinois, but later gave it up
and studied law at which he was em-
inently successful, encountering such
lawyers as Abraham Lincoln, Douglass,
Browning, Justin and Butterfield. He
gave up law at the outbreak of the war
on account of the rigor of the law was
required. In 1863 President Lincoln de-
stirous of reaching the southern leaders
and bringing about peace, entrusted
General Singleton with a mission to
Richmond, whither he went four times
and conferred with Jefferson Davis and
others.
