Dentist an epidemic of whooping cough at De Witt, Iowa, a prominent family there bought a fifty cent bottle of Chamberlain's Cough Remedy for their children. It proved so satisfactory that they recommended it to their neighbors; and they in turn to others. In less than a week's time, the druggist, Mr. C. V. Baxter, was having an immense run on it. The medicine is still the main reliance in that vicinity for coughs, colds, croup and whooping cough. Mr. Baxter says, "It tells on its merits." For sale by C. D. Eichelberger.

On the fourth page of this issue will be found, a "Message to the Public Schools of America," on the part they are invited to take in the celebration of "Columbus Day" Oct. 12th, 1892. We hope to see a manifestation of interest in this movement, by both pupils and teachers of the Emmitsburg schools and that steps will be taken as soon as possible towards carrying out the idea suggested in the article referred to, and assure them, that any assistance which the CHRONICLE can render in the carrying out of their plans, will be cheerfully given.

Skewed and Cured.

"First I was skewed and then I was cured," says Jones, and he laughs heartily over his little joke. Well, let him laugh. Let laugh who wins. He was skewed through and through by dyspepsia and its attendant train of ills. He was cured by Dr. Pierce's Golden Medical Discovery. Do you feel full, languid, low-spirited; experience a sense of fullness or bloating after eating, tongue coated, bitter or bad taste in the mouth, irregular appetite, dizziness, frequent headaches, nervous prostration or exhaustion, hot flushes alternating with chilly sensations, sharp, biting transient pains here and there, cold feet, drowsiness after meals, wakefulness, or disturbed and unrefreshed sleep, constant and indescribable feeling of dread, or of impending calamity? These are symptoms of Bilious Dyspepsia, or Torpid Liver, associated with Dyspepsia, or Indigestion. Dr. Pierce's Golden Medical Discovery will subdue the cause, if taken according to directions, for a reasonable length of time, or money paid for it will be cheerfully refunded.

The trustees of the Methodist Episcopal church of this place, filed articles of incorporation in the clerk's office at Frederick, last Saturday.

Cough Syrup.—Yes I am tired of hearing and seeing the word; yet if you want a good, reliable, pleasant-to-take, Cough Syrup, and a large bottle for the money, ask your druggist for Dr. Fahrney's and take no other.

A PARTY of men from Carroll county came to this place last Monday for rails and after loading their wagon they went out on the town and imbibing to a certain extent, they decided to show some persons the kind of a pulling team they had, by driving around the fountain on the square and up street a short distance, and when in the act of making a short turn all the spokes in the right front wheel were broken out of the hub. After securing another wheel and with a good deal of hard work in raising the loaded wagon so as to put the wheel on, they started for home rejoicing.

I HAVE been troubled with chronic sore eyes for forty-five years, and during that time I have used many different remedies, but have never found any that seemed to do me any good, until I procured a box of Chamberlain's Eye and Skin Ointment. I have used only about one-third of the box, and can truthfully say, I have never had my eyes feel as well, nor look as well as they do now. I expect to cure them entirely with the Ointment. Des Harts, Dow City, Iowa. 25 cent boxes for sale by C. D. Eichelberger.

BLUE RIDGE SUMMIT ITEMS.

We feel sure that all who were present last Friday in the office of I. C. Elder, Esq., and in the estate of the late Mrs. Zieler, are in a position to vouch for the verity of the statement in the last issue of the CHRONICLE, to the effect that the proceedings would be attended by some startling revelations.

When the Nebraska letter—far more damaging than the "Money" letter of the Garfield epoch—was shown to the counsel, "The joints of his loins were loosed, and his knees smote one against the other." From observations made by the "Colonel," we conclude the Railroad Company will now "with-draw." The auditor will once more sit before this estate is settled, and the Clermont House will be the place of the meeting. The day has not yet been decided upon, but that it will be at an early date is more than probable.

Miss Findlay, of Baltimore, and Mrs. Senanay, of Chambersburg, were here on Tuesday looking after their property. Mr. William Miller, of Rocky Ridge, spent Sunday at the Clermont.

Mr. A. S. Bonebrake, Waynesboro's popular postmaster, and Charles Walter, Esq., who will be Franklin county's next District Attorney, were callers at the Clermont Sunday. They also paid a visit to the "Colonel" and inspected the catamount.

Mr. W. H. Corner, of Baltimore, whose summer residence is nearly completed, has decided to build another cottage on his land south of the studio which, we understand, he will lease. By the number of applications being received by the proprietors of the Clermont and Park Houses, the coming season promises to be unusually early and brilliant.

For a general family cathartic we confidently recommend Hood's Pills. They should be in every home medicine chest.

Death of Mr. John C. Late.

Mr. John C. Late, formerly of Graceham, died at Mount Hope last Sunday. More than a year ago he suffered an attack of the grip which affected him both mentally and bodily, and finally terminated in his death. Mr. Late was a drover by occupation and for many years made Emmitsburg his headquarters. He was much thought of in this place and the bereaved family have the sympathy of the entire community in their sad affliction. His remains were interred in London Park Cemetery, Baltimore, on Tuesday morning.

In the Nick of Time.

The nick of time to stop the course of bladder and kidney complaints is when the organs concerned exhibit a tendency to grow inactive. The youthful impulse toward activity that they receive from Isoteter's Stomach Bitters rescues them from impending danger, and averts such dangerous maladies as Bright's disease and diabetes. Stagnation of the kidney increases a liability to chronic rheumatism, gout and dropsy, and since the blood is doted by these poisons in its passage through them, the operation of the Bitters sweeps a doubly happy purpose. The medicine acts without exciting the fiery stimulants of ammonia. Malarial, dyspeptic, constipated and nervous invalids are especially benefited by it. It is the solvent of that shocking malady, leucopis, it has been widely demonstrated its use as a curative and preservative of it.

Do you know that you can get pure still house whiskey by the gallon, at F. A. Diffendal's new store.

Is Henry & Johnson's Arnica and Oil Liniment is combined the curative properties of the different oils, with the healing qualities of Arnica. Good for man and animal. Every bottle guaranteed. For sale by J. A. Elder.

Fifty-six Years Old.

That peer of American newspapers, the *Baltimore Sun*, was fifty-six years old on Tuesday. No spread-eagle announcement or blanket sheet filled with the publishers to celebrate the event, simply a modest announcement drawing a contrast between the present time and fifty-six years ago. The CHRONICLE extends its congratulations.

Membership.

Dr. M. E. Leatherman, of this place, was recently elected a member of the Medical and Chirurgical Faculty of this State. According to an act passed by the last general assembly of Maryland, there is delegated to this faculty the authority to appoint the regular physicians on the State Board of Medical Examiners, who shall regulate the practice of medicine in the State, as prescribed by said act.—*Clarion*.

COSTIVENESS is the primary cause of most disease. Dr. Henry Baxter's Mandrake Bitters will permanently cure costiveness. Every bottle warranted. For sale by J. A. Elder.

Released.

Frederick O. C. Seiss and Daniel L. Seiss, of Motter's Station, this county, who were brought to Frederick on an attachment issued by the Circuit Court, were released Tuesday afternoon. It appears that Seiss and his son were summoned as witnesses in an equity case in regard to some property that was sold by the sheriff in Emmitsburg district for Messrs. Annan & Horner, of Emmitsburg, to prove the title of the property. They did not obey the summons and consequently were arrested.—*News*.

"CERTAIN hard words, made into pills. Simply to swell the doctor bills." are not what constitute Dr. Pierce's Pleasant Purgative Pellets. They are tiny sugar-coated, purely vegetable pills, as pleasant as confectionery to the taste, and acting upon the stomach and liver gently but effectually, and as naturally as Nature herself. For sick headache, indigestion, biliousness, constipation, and all the resulting diseases, no laxative equal to them has ever been discovered.

News.

About 8 o'clock last Sunday morning fire was discovered in the barn on Mr. Wm. A. H. Jones' farm about one mile southeast of this place. The fire spread rapidly and as there was no means of extinguishing it, the entire structure was quickly consumed, together with a small quantity of hay and corn fodder, and a set of double harness belonging to Messrs. Geo. P. Beam & Son, of this place. Fortunately the wind carried the sparks in an opposite direction from the two dwelling houses and other outbuildings. The barn was insured in the Baltimore County Fire Insurance Company for about two-thirds its value. The origin of the fire is unknown.

On Monday morning an outbuilding, used as a summer kitchen, belonging to Mr. Sebastian B. Florence, a short distance northwest of town, burned down. Mrs. Florence had made fire in it and went to the house, when shortly afterwards it was discovered to be on fire.

After using numerous liniments and consulting several physicians without getting any relief, he asked me if I knew of anything that would help him. I recommended Chamberlain's Pain Balm, which he used, and within two weeks he had entirely recovered the use of his arm. I consider Chamberlain's Pain Balm the greatest preparation ever produced for sprains, bruises, deep seated and muscular pains, burns and scalds.—J. J. LA GRANGE, Druggist, Avoca, Neb. 50 cent bottles for sale by C. D. Eichelberger.

The Vigilant Hose Company have accepted invitation to parade providing they can muster thirty members for duty on that day. A letter of regret has been received from Father Kenney, Chaplain of the U. S. Navy, as his official duties will prevent his being present on the occasion.

FIFTY-SECOND CONGRESS.

WASHINGTON, May 13.—The senate disposed of the naval appropriation bill by the yeas 27 and nays 23, where the increase of the navy and the proposed new battle ships came in. Discussion of the disputed matters was postponed. Among the committee amendments adopted was one appropriation of \$50,000 as a starter for the Columbian naval review and to be paid for by the sale of the old navy yard, Philadelphia. The house spent another day in consideration of the sundry civil bill. One or two incidents of interest occurred. The committee on army and navy reported provisions that articles imported for the use of the light house establishment and of the marine museum should be admitted free of duty. These were stricken out on point of order. Mr. Reed, alluding to the refusal of the majority to explain the reductions made in the bill, made a scathing speech, saying that there was no explanation to give but that of brute force, a majority of 3 to 1.

WASHINGTON, May 14.—The proceedings of the senate yesterday were marked by emphatic utterances of warning from Senators Cockrell and Sherman on extravagance of appropriation and notable speeches by Mr. Gorman and others on the proposed amendments to the naval appropriation bill for the continuance of the work of reconstructing the navy. The entire day in the house was spent in considering a private bill which came over as unfinished business from last Friday, and therefore was entitled to consideration. It was a bill for the relief of the heirs of H. H. and Charlotte K. Sibley. The provisions of the bill finally agreed upon to direct the court to investigate the matter and render judgment for any amount found to be due not exceeding \$5,500, with the right of appeal by either party to the supreme court. The republicans desired to have the court of claims instructed to report its finding to congress for action, instead of authorizing judgment, and because the Democrats declined to adopt an amendment to that effect, the bill was defeated. A motion to adjourn was declared adopted, which had the effect of vacating the pending session for pending bills.

WASHINGTON, May 15.—The senate transacted no business except such as was incidental to the funeral services of the late John S. Barbour, Virginia. The session of the house was interrupted by these services. The members proceeding in a body to the senate chamber, headed by Speaker Schreyer, to attend them. On returning the house proceeded with the consideration of the sundry civil bill, and covered ten pages in committee of the whole.

WASHINGTON, May 16.—The house by a test vote of 30 to 18, practically approved the increase of the navy, including the battleship, harbor defense monitor, light cruisers and torpedo boats added by the senate committee, but adjourned without reaching a vote on the final passage of the bill. Mr. Gorman's speech of Friday last came in for much commendation from Republican senators in the course of the debate. Mr. Allison made an animated defense of the billion dollar congress, and asserted that before the fiscal year the sinking fund would be provided for, all needed expenditures would be met and there would be a balance of \$25,000,000 in the treasury. The house proceeded with the consideration of the bill, making little progress. The notable incident was the reply of Mr. Moses (Alliance) (Illinois) to the statement of Mr. Simpson (Alabama), that the latter had voted for an appropriation of \$25,000,000 in the river and harbor bill for Savannah harbor, because he was in the interest of the Mobile and the Danville railroad. Mr. Moses denied this and the colloquy ended without ill feeling.
