Autumn in the Mountains.

The important announcement is
made that Deer Park will remain open
until October 1st, and Oakland until
September 22nd, thus affording an op-
portunity to spend September, the most
delightful month in the Alleghenies.
The luxuriant foliage of the mountains
is then in its autumnal glory, wild
flowers abound, and game and fish are
plentiful. All Vestibuled Limited Ex-
press trains of the Baltimore and Ohio
Railroad between the East and West
stop at both resorts. Pullman parlor

MR. WILLIAM KETZMILLER, of Keeds-
ville, made a narrow escape on last
Thursday while quarrying stone at Har-
vey Thomas', by the explosion of about
two pounds of powder in a can, just at
the time he was lighting a blast. Had
it not been for the timely assistance of
Mr. J. M. Taylor, who was assisting Mr.
K., he would have been consumed by
the flames. His clothes were partly
burned off of him. He is bedfast and
suffers great pain from burns on the
face, hands and body. Dr. Nibiser is
attending him.—Herald and Torch Light.

Right or Wrong.

Which will ye have? It does seem as if some
folks prefer to have the last condition of the
disease themselves with verities totally without
virtue as alternative of liver trouble. Hostetter's
Stomach Bitters is the successful candidate for
the people's choice, and yet, popular and well
known as it is, there are unfortunates who keep
on trying the drastic remedies of former days.
It is the ill-fated portion of the public that
the well known and long tried properties of the
Bitters appeal. Reason should be guided by ex-
perience in the matter of medication. "The best
pills for the foot is the lamp of experience."
said a great prophet of the early revolutionary
period, and the exclamation is resonant with
truth. For over a third of a century the Bitters
daily has met with the endorsement of people
suffering from liver complaint, malaria, consti-
pation, rheumatism, debility and troubles ac-
complicated by dyspepsia. Lately it has de-
clared itself and been thoroughly approved as a
remedy for "la grippe."

THOUSANDS walk the earth to-day who
would be sleeping in its bosom but for
the timely use of Down's Elix'r. For
sale by J. A. Elder.

Rev. Charles Reinwald, of Brad-
dock, Pa., has been elected pastor of the
Lutheran church of this place, to suc-

Sunday School Picnic.

The M. E. Sunday School of this place,
held a picnic in Mrs. W. J. Gilson's
grove on the banks of Tom's creek, on
Wednesday. The day was pleasantly
spent in outdoor sports, and all who
were present expressed themselves as
having spent a delightful day.

The Western Maryland Station at
Hanover was robbed Friday night of
five dollars. Entrance was gained
through the door to the ladies' waiting
room which was terribly splintered and
broken. Two chisels left behind are
the only clue to the burglars.—Star and
Sentinel.

The True Laxative Principle

Of the plants used in manufacturing the
pleasant remedy, Syrup of Figs, has a
permanently beneficial effect on the hu-
man system, while the cheap vegetab-
le extracts and mineral solutions, usually
sold as medicines, are permanently in-
jurious. Being well-informed, you will
use the true remedy only. Manufact-
ured by the California Fig Syrup Co.

List of Letters.

The following letters remain in the
Post Office, Emmitsburg, Md., Aug. 29,
1892. Persons calling will please say
advised, otherwise they may not re-
ceive them:

George Coglos, Jacob Collins, Mrs.
C. M. Fiegle, Rev. R. C. Johnson,
James Topper.

Accident.

Mr. John H. Bear, of near Utica
Mills, was hauling sand Tuesday and
his little son Willie, seven years of age,
was on the wagon and in the attempt to
draw the rubbers, fell to the ground
and a wheel passed over him breaking
his left arm and his right leg above the
knee. Drs. T. E. R. Miller, of Hanson-
ville and S. S. Maynard of this city,
rendered the necessary surgical assis-
tance.—Examiner.

A Vicious Hog.

William Fior, living at Mechanic-
town, was driving a large hog along the
road when it became stubborn and did
not want to go the direction Mr. Fior
wished, then became vicious and turn-
ed and attacked Mr. Fior, threw him
to the ground and savagely cut a gash
with his tusks about six inches in length
in his right side over the region of the
liver. Blood flowed freely from the
wound and it would have been fatal in a
short time, but Dr. James K. Waters
was called immediately and stayed the
bleeding and sewed up the wound. The
patient was resting comfortably Wed-
nesday morning.—Examiner.

A Strange Visitor.

A strange man has made his appear-
ance at Braddock and alarms the fe-
males of that section by appearing at
the houses about dinner hour and en-
quiring for something to eat. He is
tall and slim and is well dressed. Fif-
teen men were in pursuit of him on
last Sunday but failed to catch him.
The supposition is that he may have
escaped from some Lunatic Asylum.
Some time ago word was sent to the
authorities of this city, from Washing-
ton, D. C., to arrest a criminal that had
escaped from that city. Mr. Crimmins
Wednesday received word from Brad-
dock giving a description of the man
and his antics, he then telegraphed the
authorities of Baltimore regarding this
man, but they informed him that their
man had been captured. Where the
man is from and who he is, is a mys-
tery.—News.

A Philosopher's Opinion.

Voltaire said to a beautiful young lady
with whom he was dining, "Your rivals
are the perfection of art; you are the
perfection of nature." This could not
have been said if the young lady was
suffering from disease, and pain had
left its signs on the features. Women
who want to keep beautiful, and be the
"perfection of nature," should use "Fa-
vorite Prescription" to assist Nature
when needed, to correct irregularities,
aid circulation and digestion, and there-
by clear up the skin, rendering it soft
and beautiful. Dr. Pierce's Favorite
Prescription is the only medicine for
women's peculiar ills, sold through
druggists, and guaranteed to give satis-
faction in every case, or money refund-
ed.

COUGH SYRUP.—Yes I am tired of hear-
ing and seeing the word; yet if you
want a good, reliable, pleasant-to-take,
Cough Syrup, and a large bottle for the
money, ask your druggist for Dr. Fahr-
ney's and take no other.

COPPER ore has been discovered on
the farm of Mr. Wm. Caple, in the
Fourth district of Carroll county, and
a prospecting party from Baltimore is
making an examination of the deposit
to ascertain whether it is present in
sufficient quantities to justify mining.
The ore is said to be of excellent qual-
ity.—News.

Ribs and Leg Broken.

Several days ago George Diefenbach,
of Edgemont, was raising a new barn
and during the day a heavy log fell, strik-
ing Benjamin Bachell and breaking a
bone in his leg. Geo. Masters was also
struck and had three ribs broken. Both
men were otherwise injured.—Herald
and Torch Light.

We call the attention of our readers
to an advertisement which appears in
another column of this issue signed by
County Health Officer Wm. H. Baltzell,
M. D., which calls the attention of par-
ents and teachers to the law requiring
children to be vaccinated before being
allowed to enter either public or private
schools.

Mr. John Callaghan Dead.

Mr. John Callaghan, who graduated
at Mt. St. Mary's College in 1884, died
in Chicago, on August 11th, from an
attack of typhoid fever. Since his
graduation he had devoted his time to
literary pursuits, particularly in the
dramatic line. Some of his plays have
received very favorable criticism and
may be published in a volume at an
early date.

Peaches.

Mr. Charles F. Rowe, of this place,
has shipped over 250 crates of peaches
to the city from his orchard on the
mountain near town. Mr. Rowe will
have between 200 and 300 more crates
of peaches. This is the first year that
the orchard has borne and we suppose
that Mr. Rowe is the first person who
ever shipped peaches from this com-
munity to the large cities.

Collar Bone Broken.

On last Friday morning, Mr. Charles
Witmer, who lives with Charles Keil-
holz, near this place, whilst in the act
of catching a loose horse, had his collar
bone broken, a tooth knocked out of
his mouth and also received a cut on
the cheek. Dr. J. Kay Wrigley was
summoned and set the collar bone, and
rendered the other necessary medical
aid. Mr. Witmer is getting along nicely.

Those who are interested in the merits
of the various cough medicines should
read the statement of Mr. S. B. Walker,
a prominent citizen and druggist at
Calamus, Iowa. It is as follows: "I
have sold Chamberlain's Cough Remedy
for eight years and it has given univer-
sal satisfaction to my customers. I use
no other in my family, and have never
called a doctor for any throat or lung
trouble. We feel that we could not
keep house without it." 50 cent bottles
for sale by C. D. Eichelberger.

Barn Burned.

The fire seen from this place on Fri-
day evening, Aug. 19th, was the burn-
ing of a large brick barn belonging
to Jeremiah Burns and sisters,
about midway between Greenwood
and Funkstown, Franklin county, Pa.
The barn with its entire contents was
destroyed, consisting of 700 bushels of
wheat, a lot of oats, hay, one large bull
and a lot of farming implements. The
barn was partially insured.

THE Grand Jury for the August term
of Court was in session twelve days,
during which time they examined 253
witnesses, found 55 presentments and
indictments, and dismissed 41 cases.
They visited the jail and report having
found it in a cleanly condition. The
number of inmates found in the jail are
as follows: Seven white male, State
prisoners; ten colored male, State
prisoners; two colored female, State
prisoners, and one white male Corporation
prisoner.

A Step in the Right Direction.

We are glad to be able to notice the
fact that our Commissioners have at last
decided to give us such protection
throughout the entire night as the
street lamps afford. We have always
argued that it was poor economy to save
coal oil, at the expense of comfort and
safety, and congratulate the commis-
sioners on their action in this matter.
It will be a great comfort to the citizens
to feel, that, whatever hour of the night
they may be obliged to be on the
streets, they will be safe from distur-
bance or danger. Our town fathers have
done better for us in this move than in
any that has been made for many years,
and it gives us hope that Emmitsburg is
not "dead," but only sleeping, and will
yet awaken up to renewed activity.

Niagara Falls in Early Autumn.

The third excursion to Niagara Falls
via Royal Blue Line, over a new route,
has been arranged for Thursday Sept.
8th. A special train with parlor car
will leave Camden Station, Baltimore,
at 8.45 A. M., passing through the scenic
Wyoming and Lehigh valleys, the
Pennsylvania coal fields, and ar-
riving at Niagara Falls at midnight.
No more favorable date for the excursion
could be selected as early autumn is
the most pleasant season in the north-
ern lake region, and traveling is then
most comfortable. Tickets will be good
to stop off at Buffalo, the weird Gen-
Onoko, Munch Chunk and Elmira, near
Watkins Glen, and as tickets have a
ten day limit, ample time will be af-
forded for side trips to the famous res-
orts in southern Canada and northern
New York State. Round trip from Bal-
timore \$10.00.

DEATH OF MRS. MARY SWEENEY.

Mrs. Mary Sweeney, whose death is
noticed in the obituary column of this
week's CHRONICLE, was born in Cone-
wago, and baptized in the Catholic faith,
at the old Conewago Chapel. She was
married at an early age and became a
resident of Emmitsburg, where her life
has been spent in a conscientious dis-
charge of her duties as wife, mother,
neighbor and christian. In her death,
St. Joseph's Catholic church loses an
active earnest member, her children, a
devoted mother and her neighbors a
kind and sympathizing friend. Her ill-
ness was long and her sufferings severe,
but she displayed throughout a patient
submission to her Heavenly Father's
will and waited, without murmuring,
His summons to rest and peace. Four
sons, a daughter and several grandchild-
ren survive her. Two of her sons,
Eugene and Paul are residents of St.
Joseph, Mo., the remainder of her fam-
ily reside in Emmitsburg. The funeral
took place at 9 o'clock this Friday,
morning, services being held in St.
Joseph's church, Rev. H. F. White, C.
M., pastor of the church, officiating.

A Delightful Evening.

Mrs. Wm. Simonton and daughters
received their friends on Monday even-
ing last, and as Dr. Simonton's family
are all together under the pa sonage
roof at this time, after a separation of
nine years, the occasion was a peculiarly
happy one both for hosts and guests.
One of the daughters having gone to
China as a Missionary, immediately after
her marriage to Dr. James Neal, nine
years ago, and being now once more
in the midst of the family circle,
another daughter, the wife of Judge
Buffington, of Western Pennsylvania,
also under the paternal roof, together
with the only son, Mr. Grier Simonton,
who has just completed his collegiate
course and entered upon the study of
Medicine, at home for a brief vaca-
tion, the family circle is again complete,
making the reception of their many
friends on Monday evening a particu-
larly happy occasion. The members of
Dr. Simonton's congregation with their
numerous friends in the town and
neighborhood, filled the parsonage as it
was never filled before, whilst the cor-
dial hospitality of Dr. Simonton and
family made the event a delightful one
to all who had the pleasure of being
among the invited guests.

How Mr. W. D. Wentz of Geneva, N.
Y., was cured of the severest form of dys-
pepsia? He says everything he ate
seemed like pouring melted lead into his
stomach. Hood's Sarsaparilla af-
fected a perfect cure. Full particulars
will be sent if you write C. I. Hood &
Co., Lowell, Mass.

The highest praise has been won by

Hood's Pills for their easy, yet efficient
action.

A Frederick City Official Replies to the

At a special meeting of the board of
aldermen of Frederick city, Joseph F.
Eisenhauer, the president, took occasion
to refer to the recent report of the
grand jury on the sanitary condition of
Frederick and to vigorously deny its
correctness. He said "the city has at
no time experienced better health than
at present, owing to the cleanliness of
the streets, &c., and the unceasing
watchfulness of the health department,
which has been untiring in its efforts
to enforce the rigid health law." He
further claimed that the report did
the city the greatest injustice, and that
"the charge made by the 'court' could not
have been based upon facts, but on
hearsay evidence," and expressed re-
gret that "the grand jury for Frederick
county allowed itself to be made the
vehicle of the spleen and spite of a few
dissatisfied people thus bringing that
body into ridicule." The speech of
Mr. Eisenhauer has excited much com-
ment. The grand jury in their report
stated that they examined thoroughly
into the sanitary condition of the city
at the suggestion of the court, and in
their investigation, had examined offi-
cers of the last and present adminis-
tration, physicians of standing and
private citizens of the town, and upon
the testimony thus elicited their re-
port was based.—Sun.

The Old Man Would Have His Joke.

Two boys, who owned a cattle farm out
West, Christened it "Focus," at their sire's
request;
The old man thought it quite a good
conceit;
For there the sun's rays meet—(the
son's raise meat!)

The lads prospered, and they and
their families enjoyed the very best of
health. Dr. Pierce's Pleasant Pellets
were always found in their medicine-
chest—the only positive cure for bilious
and sick headache, dizziness, constipa-
tion, indigestion, and all disorders of
the bowels and stomach. Strictly veg-
etable, small, sugar-coated; only one re-
quired for a dose, and their action is
gentle and thorough. The best Liver
Pill on earth.

Hanover Fair.

Balloon ascensions and parachute
leaps by the celebrated Jewell Brothers,
and free exhibitions by the renowned
Hacley Troupe of acrobats, on the
horizontal bar, trapeze and high wire,
are among the special attractions at the
Hanover Fair, Sept. 13th, 14th, 15th
and 16th. Good trotting and running
races are features of this fair, and a big
display in all the departments is assur-
ed. This is the eighth annual exhibi-
tion of the Hanover Agricultural So-
ciety and it promises to fully maintain
the high reputation won by former
fairs on these beautiful grounds, while
the attendance seems certain to be
larger than ever before. Excursion
rates on all the railroads.

ing, Sept. 19th.

One day last week three colored
people, two men and one woman were
loafing about Mr. John Dubs' house,
while no one was home but Mrs. Dubs,
who locked the doors and the rogues
tried to break them open. Mrs. Dubs
became frightened and left the house
and went to Mr. Samuel Dubs' for as-
sistance. When Mr. Samuel and she
came back they were shooting at the
ducks with a revolver. They went in-
to Mr. Bream's woods where Mr. D.
had them arrested. Had Mr. John
Dubs been at home they would have
received a warm reception, no doubt.

The G. A. R. Bean Soup at Fairfield
came off last Saturday. They had a
very nice day for the occasion and there
was a large turnout. The following
Posts were represented: Post No. 9, G.
A. R. of Gettysburg and Arthur Post
No. 51, G. A. R., of Emmitsburg. After
eating the army bean soup, which was
enjoyed by the soldiers, there was a
campfire, and the following comrades
made speeches: Jacob Kitzmiller,
Samuel Gamble, Conrad Stutz, and
Rupp, of Post No. 9, Gettysburg; J.
Mills and Comrade Bennett, of Phila-
delphia, made a fine speech. After
speeches were made by the
Commander of the Maryland Depart-
ment of the G. A. R., and a Mr. Bartler
from Massachusetts, who was in the
battle of Gettysburg. He explained the
hard ships the soldiers endured at that
time. Theodore McAllister made a
long and interesting speech, telling
about Cole's Cavalry and how honest
they were, while in service. The oc-
casion was quite an enjoyable one, not
only for the soldiers, but the young
folks also enjoyed themselves in the
orchard.

Fire in Taneytown.

A disastrous fire occurred in Taney-
town on Friday night about 11.30
o'clock, originating in the paint shop
of the building owned by John E.
Davidson and occupied by I. P. Baker
as a coach factory. The fire is supposed
to have been of incendiary origin, al-
though the theory of spontaneous com-
bustion is also held by some people, as
the fire started in a portion of the
building where a quantity of inflam-
mable goods were stored. A heavy rain
in the early part of the evening had
left the roofs wet enough to prevent
the spread of the fire, and by hard
labor the work of destruction was con-
fined to a few buildings, although at
one time the town was seriously threat-
ened. Mr. Baker lost a quantity of
stock, including his tools and a number
of vehicles, some of which were in the
shops for repairs and were owned by
Messrs. Henry Hitebrick, C. A. Elliott
and Harpel and Smith. The building,
which was owned by Mr. Davidson,
was entirely destroyed
