DR. C. D. EICHELBERGER, the druggist, gives ten reasons why Chamberlain's Cough Remedy is the best: 1. It will cure a severe cold in less time than any other treatment.

2. It does not suppress a cough or cold; but loosens and relieves it. 3. It relieves the lungs, which is of great importance in treating a cold.

4. It is the only remedy that will cause the expulsion of mucus from the air cells of the lungs. 5. It renders the mucous less tenacious and easier to expectorate.

6. If freely used as soon as the first symptoms appear, it will cure a severe cold in a single day. 7. It will prevent croup and avert all danger and anxiety arising from that dreadful disease.

8. It has cured thousands of cases of croup, and careful inquiry fails to discover a single case in which it has ever failed. 9. It does not contain opium, chloroform, or any other injurious substance. There is not the least danger in giving it to children.

There is an enemy with whom thousands are familiar all their lives because they are born with a tendency to biliousness. With this enemy they are constantly battling with ineffectual weapons. Hostetter's Stomach Bitters will battle it. More purgatives will not return a disordered condition of the liver indicated, not by constipation alone, but also by sick headaches, yellowness of the skin and eye balls, nausea, tired tongue and weakness, more particularly upon pressure on the right side, upon and below the short ribs. Avoid drastic purgatives which gripe and weaken the intestines, and substitute this world-famous anti-bilious cordial which likewise removes malarial, stomachic and kidney complaints, rheumatism and nervousness. As a laxative of the bowels, painless but effective, it improves appetite, sleep and the ability to digest, and possesses the additional advantage of a standard tonic.

Mrs. Sarah Singer, one of the oldest citizens of this district, died at the residence of her daughter, Mrs. Hiram Ovelman, on Friday, the 13th inst., aged 92 years, 3 months and 16 days. Mrs. Singer had been blind for a number of years, but a few weeks before her death she regained her sight, which was only temporary and lasted but a short time. Her husband, Mr. John Singer, died in 1850. Her funeral took place on Monday, from the Reformed church in this place, and her remains were buried in the Lutheran Cemetery. Rev. Chas. Reinewald, officiated.

The following brief sketch of the life and death of Mrs. Singer, is furnished by a friend of the deceased. "Mrs. Sarah Singer, one of the oldest residents of Frederick county near this place, died at the ripe old age of 92 years. Her death was the result of a wearing out of the vital organs. A few years ago she became blind but retained her other faculties to the last. Many and remarkable were the incidents that she could relate of olden times, of the hardships endured, and she would make comparisons with the present mode of doing things. She would tell of the rude houses built in the early days and of how the wolves would prow about the house at sunset. She could speak of things that happened from the second President of the United States, John Adams, down to the twenty-third, Benjamin Harrison. She was loved by all who knew her and all her relatives desired to see her reach the age of one hundred years. She had seventy-two descendants: five children, eighteen grand-children and forty-nine great-grand-children, one son living, George S. Singer, of Cardington, Ohio; one son died when a child, 3 daughters, Mrs. Thomas G. Rosensteel, of Ashville, Pa., and Mrs. C. A. Hoover and Mrs. H. Ovelman now living at the old homestead. It is evident that with proper interest in this matter, Maryland can make an excellent showing; and all will feel that an attractive and creditable display will result in benefit to our State.

The undersigned, therefore, takes this mode of calling the attention of the farmers and those connected with the agricultural interests of Frederick county, and urging upon them the great importance of having this portion of Maryland properly represented regarding its soil products at the Columbian Exposition.

Samples of hay and grasses, should be in carefully arranged sheaves, securely packed in boxes, to prevent injury or disarrangement in transportation. Each to be plainly marked with name of variety, yield per acre, where grown and grower's name. FAIRFIELD ITEMS. Mr. and Mrs. Curtis Sower, of Salem, are visitors to this place. Mr. Charles Brennan is ill at this time with blood poisoning. He is an old soldier.

Mr. and Mrs. Oscar Riley, of Franklin county, are the guests of Mr. and Mrs. F. Shulley. Mr. Jacob Shingledecker, of Monterey, was buried in the cemetery near Fairfield, on Monday.

Never were eggs as high in Fairfield since the town has had a name, than at this time. 30 cents a dozen. Mr. David Petzer, who has been away for the past year, has returned to Fairfield to spend the winter.

Mr. F. Shulley has a dark bay mare which he will sell cheap, will work anywhere hitched and is a good family mare. Last week Mr. F. Shulley shipped some pork to Baltimore for Mr. J. B. Musselman, and received \$0.00 per cwt. Good price for pork.

A great many people are complaining about their potatoes freezing. This is certainly an old-fashioned winter. The coldest for many years. There is some talk of a Town Hall being built in Fairfield, in the near future, by a stock company. A good Town Hall is needed in this place.

There is very little coal at the Fairfield Station, but the proprietors have a lot ordered and perhaps on the way. It is a bad time to be out of coal when the temperature is at zero.

It is understood that Mr. Howard Musselman is converting the upper story of his store house into a hall. The I. O. A. M., of this place, have rented it for their organization.

Mrs. Mary Bender, of Abilene, Kansas, who was visiting in the family of Mr. A. C. Musselman, deceased, has left for Gettysburg, where she will visit all her friends before leaving for her home.

Mr. and Mrs. John Ogden, who have been at Mr. J. M. Musselman's for some time, on account of sickness, have gone to Mr. Jacob Bream's, near Marsh Creek. They intend leaving for their home in Wichita, Kansas, as soon as Mrs. O. is able to travel.

The remains of Mrs. Joseph Culbertson, who formerly lived in this neighborhood, were brought to this place last Monday, on the eleven o'clock train in Maryland and was a sister of Mrs. J. Stewart Withers, Mrs. J. B. Paxton and Mrs. McCreary, of Fairfield.

MT. ST. MARY'S COLLEGE NEWS. William H. Hughes, a former student of Mt. St. Mary's, now Editor of the Michigan Catholic, was married Jan. 12th, to Miss Terese A. Heaney, of Chicago, Ill. Mr. and Mrs. Hughes have our congratulations and our best wishes for a happy married life.

Cards are out for the wedding of Mr. Francis A. Campbell, class of '86, and Miss Mary O'Donnell, of Boston. This interesting event will take place January 23. The ceremony will be performed by the bride's brother, Rev. Philip O'Donnell, St. John's Church, East Cambridge, Mass.

Rev. Thomas Kinsella writes from Horton, Kansas, to a friend at the College, announcing the death of Rev. Marshall J. Hill, at Chapman, Kansas. "Father Hill died Jan. 4th, and was buried on Saturday, Jan. 7. His health had not been good for the past year, still he was not a sick man, and no body looked for his death at this time. Two hours before he died he was up and attending to business; a violent coughing spell came on, during which a blood vessel was ruptured, and he died in a short time. It is a pleasure to note, however, that he received the last sacraments and passed away while making acts of faith, hope and love. Father Hill was much loved and respected by all who knew him here, and especially so by the Rt. Rev. Bishop. I am sure this letter will be instrumental in having Masses said for him, notably at Mt. St. Mary's, and wherever his old companions may be found."

Father Hill was a native of Philadelphia, and a convert to the faith. He belonged to an old Quaker family. R. I. P. The examinations will begin next Monday or Tuesday.

The Sleigh Ride. After breakfast Thursday morning, Dr. Allen announced to the assembled students, that a friend of the college desired to give the students a sleigh ride, and that all should prepare themselves as comfortably as possible. At 9 A. M., twelve sleighs, freighted with the liveliest crowd of boys imaginable, started on a delightful trip through the valley. The boys enlivened the occasion with songs and college cheers.

While passing through Emmitsburg each sleigh stopped before the house of Prof. Mitchell and the boys gave him a hearty cheer. There was but one mishap and it, instead of marring the pleasure, created the greatest amusement. The sleigh, in which Mr. Hartcup and seven students were riding, upset, precipitating the thoroughly frightened party into a snow drift. Happily no one was injured and the threatened tragedy became a most ludicrous comedy. Immediately after dinner twelve more sleighs, containing the Seminarians, juniors and those of the seniors, who did not go in the morning, started on a second journey, equally as pleasant and delightful as the first. These sleigh rides are regarded by the students as the greatest treats, and the gentleman who so kindly contributed to the enjoyment of the students is not unknown, for to his bounty and generosity they are frequently indebted. At the conclusion of the day's sport hearty cheers were given in honor of the donor. Truly his kindness is appreciated. May he, who is so generous a friend receive a reward a thousand fold in this, as well as the next world.

Notes. Examinations are drawing on a pace. All the students agree that "these are our busy days." Prof. Legarde has appointed a committee to look up a suitable drama for the annual Easter presentation. The lovers of coasting are calling upon Old Bores to do his worst; so long as the ice and snow don't melt, they are satisfied. Coasting was never better. The seniors are making the two "bobs" do double duty, while the juniors are employing their single "bob" to advantage.

A. Malone, '95, while coasting Monday, was hurt about the head and face. The snow has been swept off the pond and our best skaters are seen most every recreation disputing themselves. Mr. Keegan went to Philadelphia Wednesday. He has been feeling unwell for some time. There is still great demand for the photographs of the Foot Ball Club. "The Champions" have made themselves famous. The literary societies will organize after the examinations, officers will be elected and the usual weekly meetings will be held.

Hymeneal. Mr. Joseph F. Wivell, son of Mr. and Mrs. William J. Wivell, and Miss Mary T. Lingg, daughter of Mr. and Mrs. Henry Lingg, all of near this place, were married in Mt. St. Mary's College Chapel on Tuesday morning, by Rev. Edw. P. Allen, D. D. After the ceremony was performed the happy couple, accompanied by relatives and friends returned to the home of the bride's parents, where a large reception was held. On Wednesday the bride and groom were entertained at the residence of Mr. Wm. J. Wivell, father of the groom. In the evening the Emmitt Cornet Band of this place, was present and serenaded the newly married couple, after which they joined in the festivities of the occasion and the evening was pleasantly spent. Mr. and Mrs. Wivell were the recipients of many valuable and useful presents. The CHRONICLE returns thanks to Mr. and Mrs. Wm. J. Wivell for a share of the wedding cake, and also joins in wishing them a long and happy married life.

For the Chronicle. "What is life? 'Tis but a vapor; Soon it vanishes away." And yet what struggles and trials have to be encountered in the short span of life! How many a heartache has to be borne, how many a sorrow to be endured. How often our brightest hopes turn out to be mere phantoms of imagination. We often dream of happiness, but awake to find it but a dream. No wonder men are asking, "Is life worth living for?"

Everything around us is corrupt; our social life a gilded mockery; politics a trade; and even the preaching of the Gospel a matter of money. Society has filled our jails and peopled our streets with prostitutes and idlers. What is life? A mere pursuance of the will-o'-the-wisp of happiness, which just as it seems within our grasp, vanishes from our sight.
