

WASHINGTON LETTER.

(From our Regular Correspondent.)  
WASHINGTON, Dec. 31.—The most ardent admirer of the administration cannot say that it begins the New Year under pleasant auspices. Although it has some other things to think about which are not over-pleasant, it is the financial situation that is responsible for the really serious worry. It may be that the syndicate of banks which bought the last issue of bonds did not intend to add to the embarrassment of the administration by its published criticism of the Carlisle currency bill; and then again that very thing may have been intended. At any rate it has done so. It has given a black eye to the intention to issue more bonds, which the constantly decreasing gold reserve had already created. Successful issues of bonds have been criticized awfully, but an unsuccessful issue of bonds would not only be criticized it would cause a panic among the foreign holders of American securities which would soon extend to this country.

It is this situation that has caused it to be given out that President Cleveland, instead of issuing more bonds, will, if this Congress fails to pass financial legislation which will relieve the Treasury, call an extra session of the Fifty-fourth Congress and see if it can do any better.

What the present Congress will do or what sort of a bill, if any, will be the result of the consideration of the Carlisle bill by the House, is today much more uncertain than it was the first day the bill was reported to the House. The four days of this week that Congress will be in session will be devoted by the House to continuing the financial discussion and it is expected that the majority will caucus in order to see whether it is possible to get enough votes to pass the Carlisle or any other bill. The trouble with the Carlisle bill lies largely in the fact that its friends are lukewarm in their support and none of them, not even Secretary Carlisle himself, claim that it will afford the Treasury any immediate relief.

John Burns, the English labor leader and M. P., addressed about 1,500 people here Saturday night. Upon the platform from which he spoke were seated several prominent public men. President Cleveland was invited by the labor organizations which held the meeting, but he did not go. The address of Mr. Burns was well received and contained none of the objectionable language he had been reported as having used elsewhere.

It remained for Senator Cameron to speak what the Senate has acted for four years. He bluntly said that the Mahone ground must be bought, or he would see that no site for a new Government Printing Office was bought at this session of Congress. That was very bad taste, not to call it by a worse name, on the part of Senator Cameron, as it is an open secret in Washington that he has a money interest in the Mahone ground.

DIRE NEED IN NEBRASKA.

In Western Nebraska destitution and distress prevails among the inhabitants of the drouth-stricken districts.

Terrible destitution exists in Pergins, Chase, Dundee, Lincoln, Hays, Hitchcock and Frontier counties, and the worst feature is the people in several localities are afflicted with scurvy for want of wholesome food.

The state relief committee find themselves unable to relieve all the demands for aid. The Railroad men report that since the cold snap no less than a dozen people have perished in the above counties in the past two days for want of food and fuel.

Hundreds of families are without coal, and in the border counties, where no trees or brush exists, the people had a hard time to keep from freezing to death. In Perkins county destitution is complete. Over six hundred families are appealing for help.—American.

Three children of Mrs. Viola Kemp were burned to death near Rome, Ga. Their mother left them in charge of a cousin, who built a big fire, locked the children in and went to town. The house was destroyed.

"Nothing Venture Nothing Have."

Rev. John Reid, Jr., of Great Falls, Mon., recommended Ely's Cream Balm to me. I can emphasize his statement. "It is a positive cure for catarrh if used as directed."—Rev. Francis W. Poole, Pastor Central Pres. Church, Helena, Mon.

It is the medicine above all others for catarrh, and is worth its weight in gold. I can use Ely's Cream Balm with safety and it does all that is claimed for it.—B. W. Sperry, Hartford, Conn.

Fallen Rocks Delay Travel.

Two large rocks fell on the tracks of the Baltimore and Ohio Railroad in the Harper's Ferry Tunnel early Saturday morning and blocked travel at that point for several hours. One of the rocks weighed between five and six tons. The first train to enter the tunnel after the rocks fell was composed of two coaches filled with laboring men bound for Brunswick. The train left Martinsburg at six o'clock. The pilot of the engine struck one of the rocks and was demolished. The locomotive was derailed and the steps of the coaches damaged.—News.

A MAN FROZEN TO DEATH.

J. H. Robertson, a brother of State Senator Wm. Robertson, of Westchester county, New York, was frozen to death last Thursday night. Mr. Robertson, who was a prominent citizen of Peekskill, was subject to attacks of heart trouble, and it is supposed that while overcome by such an attack he froze to death.

Sold His Orange Crop for \$30,000.

E. J. Baldwin has closed a contract with the Earl Fruit Company, of Los Angeles, for his crop of oranges in the Santa Anita ranch, Cal., estimated at 130 carloads. Mr. Baldwin will receive for the crop in the neighborhood of \$30,000. This probably is the largest orange sale ever made by a single grower.

Beware of Ointments for Catarrh that Contain Mercury.

as mercury will surely destroy the sense of smell and completely derange the whole system when entering it through the mucous surfaces. Such articles should never be used except on prescriptions from reputable physicians, as the damage they will do is ten fold to the good you can possibly derive from them. Hall's Catarrh Cure manufactured by F. J. Cheney & Co., Toledo, O., contains no mercury, and is taken internally, acting directly upon the blood and mucous surfaces of the system. In buying Hall's Catarrh Cure be sure you get the genuine. It is taken internally, and made in Toledo, Ohio, by F. J. Cheney & Co., Testimonials free.

Sold by druggists, price 75c. per bottle.

The Miller Hotel, in Lancaster, Ky., was destroyed by fire Tuesday and the proprietor, Edward A. Pascoe, his child and his mother-in-law were burned to death. Mrs. Pascoe was the only one rescued.

### Burning of a Passenger Car.

The Baltimore and Ohio Railroad  
Company sustained a loss of \$1,000 late

### To Fight a Gas Company.

A public meeting has been called by  
the citizens of Frederick in the City  
Opera House Tuesday evening, January  
8, to devise some means for self pro-  
tection against the charges for gas by  
the Frederick Gas Company. It is  
illiberal in its methods, and that the  
gas has been of an inferior quality.

### Spoke Works to Move.

The owners of the Frederick City  
Spoke Works are about to move their  
plant to New Alexandria, Va., where  
they expect to be located and in opera-  
tion in about two months' time. Their  
reasons for moving are that the freight  
rates for hauling timber to Frederick  
are too high and they are unable to  
procure here as good a quality of oak  
timber as they require. The works  
were established about four years ago,  
and have given employment to about  
thirty men, on an average, all the time  
seasons employing a larger number.

### Sleighbing Party.

On Tuesday evening of this week a

### Narrow Escape from Death.

Drennan Ford, of Elkton, Md., a  
youth of sixteen years, employed at  
the Elkton foundry, Bowers & Cory,  
proprietors, narrowly escaped being in-  
stantly killed Monday afternoon, short-  
ly after five o'clock. It was casting day  
at the foundry, and young Ford had  
just finished pouring a ladle of melted  
iron that was left from the day's casting  
into a receptacle in the yard made for  
receiving the surplus iron, when an ex-  
plosion quickly followed. He was badly  
burned about the arms and part of  
his clothing burned, but aside from  
this he was not seriously injured. The  
explosion was caused by pouring the  
hot iron into the receptacle, which con-  
tained snow and ice. The receptacle  
was blown to atoms.

### Before a Full Head of Steam.

Is gathered by that tremendously destructive  
engine, malaria, put on the brakes with Hostet-  
ter's Stomach Bitters, which will check its  
progress and avert disaster. Chills and fever,  
bilious remittent, dumb ague and acute colic are  
promptly relieved and ultimately cured by this  
gentle specific, which is also a comprehensive  
family medicine, speedily useful in cases of  
dyspepsia, biliousness, constipation, sick head-  
ache, nervousness, rheumatism and neuralgia.  
Against the hurtful effects of sudden changes of  
temperature, exposure in wet weather, close  
application to laborious mental pursuits, and  
the influence of impure food, it is a most  
valuable safeguard. It fortifies the  
system against disease, promotes appetite and  
sleep, and hastens convalescence after debilitating  
and flesh wasting diseases.

### Delightful Social Event.

One of the most delightful social  
events of the new year was the social  
tea given by Mrs. Augustus Albert  
Hack, Thursday afternoon at three  
o'clock. The hostess attired in a hand-  
some gown of black and electric blue,  
received her guests in the parlor, where  
a spirited conversation and fancy work  
were indulged in until five o'clock,  
when the room was darkened, and  
small tables were brought in and on  
them placed beautiful china and yellow  
banquet lamps, which shed their soft  
rays over the room and gave a most  
beautiful effect. At each plate were  
roses and carnations and a card indi-  
cating where they should sit. A course  
supper was served, which was greatly  
enjoyed by all. The guests upon  
leaving felt that they were most pleas-  
antly entertained and that once more  
Mrs. Hack had proved herself to be a  
charming and delightful hostess.  
Among those present were: Mr. Dr. R.  
L. Annan, Miss Stella McBride, Mrs.  
James A. Helman, Mrs. Andrew An-  
nan, Miss Belle Rowe, Misses Rose and  
Martha Simonon, Mrs. O. A. Horner,

berger, Misses Emily, Gertrude, Alice  
and Anna Annan, Miss Emma Motter,

### Dwelling Burned.

The residence of Congressman-elect  
Joshua W. Miles Princess Anne, Md.,  
was destroyed by fire Wednesday  
morning about 2 o'clock. The greater  
portion of the furniture was saved, but  
much damaged by removal. The origin  
of the fire is supposed to have  
been a defective flue. About half-past  
10 o'clock a member of Mr. Miles's  
household detected the smell of burn-  
ing wood, and fearing that something  
was wrong, Mr. C. H. Hayman, a con-  
tractor, was sent for and made an in-  
vestigation of the house, but failed to  
discover fire. The family then retired.  
They were aroused, however, about 1  
o'clock by smoke, and in a short time  
the house was enveloped in flames.  
Mr. Miles's house was in the heart of  
the residence portion of the town, and  
at one time it was feared that many of  
the handsome residences in the  
vicinity would be destroyed. This was  
prevented, however, by the prompt  
action of the fire department.

Mr. Miles, who has been confined by  
illness to his house since the middle of  
November, was removed from the  
burning building to the house of Dr.  
John Dale, his physician a short dis-  
tance away.

### Death of Edward Hoke.

Edward Hoke, one of the oldest and  
best-known citizens of Garrett county,  
died suddenly at Oakland on Thursday  
morning last from heart failure. He  
was the last of a family of large land-  
holders in Garrett and Allegany coun-  
ties. In 1849 his uncle John Hoke,  
died, leaving Edward Hoke and George  
Smith, of Bedford, Pa., as his executors.  
At that time, it is said, John Hoke  
owned about 200,000 acres of land in  
Garrett and the adjoining counties of  
West Virginia. Edward Hoke, how-  
ever, renounced his right to act under  
said will, which would have brought  
him a large income in the way of com-  
missions from the sale of these lands.  
After the death of Mr. Smith he took  
charge of his estate and about a year  
ago he instituted suit against one of the  
large coal companies in Allegany coun-  
ty for \$100,000 damages, claiming that  
the company had excavated large  
amounts of coal from lands belonging  
to the Hoke estate. Mr. Hoke never  
held any political office, but always  
took a deep interest in political matters.  
He leaves an estate worth about \$25,000.  
His wife and an unmarried daughter  
survive him.

### Ringling Noses.

In the ears, sometimes a roaring, buz-  
zing sound, are caused by catarrh,  
that exceedingly disagreeable and very  
common disease. Loss of smell or hear-  
ing also result from catarrh. Hood's  
Sarsaparilla, the great blood purifier, is  
a peculiarly successful remedy for this  
disease, which it cures by purifying the  
blood.

Hood's Pills are the best after dinner  
pills, assist digestion, prevent consti-  
pation.

### "Flo'tin Pallis" Man Not Dead.

Mr. A. H. Edwards, the designer and  
proprietor of the photograph boat,  
"The Flo'tin Pallis," is not dead as was  
reported recently. He is now in West-  
minster, and says that he is not dead  
and that the "Flo'tin Pallis" is still at  
Four Locks, on the Chesapeake and  
Ohio canal, where he left it October  
2, 1894, on account of sickness.—Sun.

### Another Pleasant Evening Spent by the Chautauqua Society.

The second annual banquet of the  
Chautauqua Literary and Scientific  
Circle, of Emmitsburg, was held at the  
Emmit House, in this place, on Friday  
evening, Dec. 28, '94, and to say it was  
a success would be putting it mildly.  
It was a success in every respect, and  
the committee of arrangements, Misses  
Belle Rowe, Martha Simonon, Ruth  
Hoke and Constance Kerschner, is to  
be congratulated on the admirable  
manner in which they had everything  
arranged.

The members of the class and their  
invited guests to the number of twenty-  
four, met at the home of Miss Belle  
Rowe at eight o'clock and after ex-  
changing greetings adjourned to the  
banquet hall, where a bountiful repast  
was awaiting them. After exercising  
their memories by guessing quotations,  
etc., at half past 9 o'clock they sat  
down to the table which was fairly  
groaning under the good things placed  
upon it.

All having satisfied the wants of the  
inner man, Mr. E. R. Zimmerman,  
master of ceremonies, in a few brief  
remarks, welcomed the members and  
their guests to the festive board and in-  
troduced the speakers who responded  
to the following toasts:

Holidays;" Miss Belle Rowe, "Our  
Visitors;" Miss Ruth Hoke, "Strikes;"

"Winter" and "Summer" were never  
more charmingly pictured than they  
are this season on Hood's Sarsaparilla  
Calendar. This calendar is made in  
the shape of a heart and is ornamented  
with two child faces, lithographed in  
bright and natural colors, one peeping  
out amid the snow flakes, from a  
dainty cap, and the other lighted up  
with all the glory of the summer sun-  
shine. The usual information about the  
lunar changes and other astronomical  
events is given, and the calendar,  
besides being "a thing of beauty" is  
also useful every day in the year. It  
may be obtained at the druggist's, or,  
if his supply is exhausted, six cents in  
stamps should be sent to C. I. Hood &

ice, and at Frederick Junction three  
hundred people glided over its surface

mining regions of Colorado. The present  
contains over 100 specimens of gold,

gold nuggets, galena, lead and silver.  
The value of the present is about \$150.  
Your correspondent had the pleasure of  
seeing the fine glittering gold and silver  
in the ore right from the mine. It is  
delightful, one could see pure gold and  
silver as it is taken from the mines.

Mr. F. Dubs certainly sent a valuable  
gift to his friends which they appreciate  
very highly. When these quartz and  
nuggets are placed in a frame, they will  
present a pretty sight.

Your correspondent was remembered  
by his patrons in gathering cream after  
Christmas. Mrs. F. Manahan, of High-

pleasure in the wish of the cream man.
