"Castoria is an excellent medicine for children. Mothers have repeatedly told me of its good effect upon their children.' DR. G. C. OSGOOD.

Lowell, Mass. " Castoria is the best remedy for children of which I am acquainted. I hope the day is not far distant when mothers will consider the real interest of their children, and use Castoria instead of the various quack nostrums which are destroying their loved ones, by forcing opium, morphine, soothing syrup and other hurtful agents down their throats, thereby sending them to premature graves.

Some carpets are cheap-cheaper in quality and pattern perhaps than in price-instead of being good for five, six or ten years they wear half as long, consequently cost twice as much as the dependable sort. Clarence Nelson a middle-aged colored man of this county, walked into Dr. Franklin B. Smith's office, at Frederick last Thursday night, and had removed from his head a bullet that had been imbedded in his skull for thirteen years. Nelson related a remarkable experience. Thirteen years ago he lived with a farmer on the manor. He made an indecent remark about one of the young ladies of the house. It was re-peated and exaggerated, the people of the neighborhood took it up, and indignation ran so high that a mob was organized. Nelson was seized one night and dragged across the fields toward Point of Rocks, where it was the intention to lynch him. The rope was already around his nock. Sudden was already around his neck. One bullet struck him in the head, and he fell unconscious. The mob gathered around him, thought him to be dead, and left him lying there. When he recovered consciousness he made his way to a place of safety, and has since been leading an industrious life, carrying all Maryland Reformed Classis. Treasurer C. S.
