Castoria.

"Castoria is an excellent medicine for children. Mothers have repeatedly told me of its good effect upon their children.

Dr. G. C. Osgood, Lowell, Mass.

" Castoria is the best remedy for children of which I am acquainted. I hope the day is not far distant when mothers will consider the real interest of their children, and use Castoria instead of the various quack nostrums which are destroying their loved ones, by forcing opium morphine, soothing syrup and other hurtful agents down their throats, thereby sending them to premature graves.

Castoria.

"Castoria is so well adapted to children that I recommend it as superior to any prescription known to me."

H. A. ARCHER, M. D. 111 So. Oxford St., Brooklyn, N. Y.

"Our physicians in the children's department have spoken highly of their experience in their outside practice with Castoria, and although we only have among our medical supplies what is known as regular products, yet we are free to confess that the merits of Castoria has won us to look with favor upon it." The wedding is invariably set for Thursday, the festivities a beginning on the previous Monday and lasting four days. The merry-making is carried on by the men and women separately, and each day is distinguished by a change in ceremonies.
