CASTORI

for Infants and Children.

MOTHERS, Do You Know that Paregoric, Bateman's Drops, Godfrey's Cordial, many so-called Soothing Syrups, and most remedies for children are composed of opium or morphine?

Do You Know that opium and morphine are stupefying narcotic poisons?

Do You Know that in most countries druggists are not permitted to sell narcotics without labeling them poisons?

Do You Know that you should not permit any medicine to be given your child unless you or your physician know of what it is composed?

Do You Know that Castoria is a purely vegetable preparation, and that a list of its ingredients is published with every bottle?

Do You Know that Cactoria is the prescription of the famous Dr. Samuel Pitcher. That it has been in use for nearly thirty years, and that more Castoria is now sold than of all other remedies for children combined?

Do You Know that the Patent Office Department of the United States, and of other countries, have issued exclusive right to Dr. Pitcher and his assigns to use the word

"Castoria" and its formula, and that to imitate them is a state prison offense? Do You Know that one of the reasons for granting this government protection was

because Castoria had been proven to be absolutely harmless? Do You Know that 35 average doses of Castoria are furnished for 35 cents, or one cent a dose?

Do You Know that when possessed of this perfect preparation, your children may be kept well, and that you may have unbroken rest?

Well, these things are worth knowing. They are facts.

The fac-simile hat H. Fletcher. wrapper.

Pitcher's Castoria. Children Cry for Pitcher's Castoria. Pitcher's Castoria.

On life's thorny, rugged track, As we tarry, looking back, Tender memories sweetly rise To the simple and the wise, And among the various throng Softly echoes mother's song.

First o'er every sunny head, In its little cradle bed, Bent the tender face and true, With the love-light shining through, Crooned the baby lullaby. Crooned the baby lullaby.

When the little feet could walk, And the lisping tongue could talk, Then was put to loving use Wiser (?) songs of Mother Goose, Till the baby laughter rang Merrily as mother sang.

Then as growing girls and boys, Tasting childhood's dearest joys, Mother's voice we loved to hear Singing songs of hope and cheer, Chanting hymns in her sweet way, Hymns whose echoes live today.

Dearest mother, airs divine Ne'er can seem like hymns of thine, Blessed hymns we hope to hear When the heavenly land we near, Hymns of welcome, hymns of peace, When all pain and care shall cease.

Amaisburg Chronicle.

ERIDAY, MAY 15, 1896.

MARYLAND MANUFACTURING.

According to the census of 1890 Maryland manufacturing embraced ital of \$119,667,316, with 107,054 employes to whom wages of \$41,-526,832 were annually paid, and with a product each year of \$171,-842,593. The clothing manufacturers in Baltimore alone pay over \$6,000,000. Since 1890 the growth of manufacturing has been very darge, and it is safe to say that it an w embraces almost three hundred industries, numbering about ten thousand establishments, and that the wages paid reached over \$60,-000,000, and that the product exceeds \$200,000,000.

It is to manufacturing that the state looks for its future wealth, and the very unusual advantages of the state are attracting more and more attention each year. Over fifty millions in outside capital has been placed in Maryland within the past ten years. The nearness of the raw materials, the reliability and cheapness of labor and the general accessibility of the state at every point all count in its favor. The great bulk of bituminus coal is below Maryland's parallel, and the best of it has Baltimore for its shipping point port .- American.

THE HANCOCK STATUE.

Ellicott's bronze equestrain statue of General Winfield Scott Hancock, pronouced by critics one of the finest of sculptured likenesses in the public grounds of Washington, was unveiled Tuesday with appropriate ceremonies. President Cleveland presided over the exercises, making a brief address and announcing the programme to an audience which included represenarmy and navy.

THRICE-A-WEEK EDITION.

18 PAGES A WEEK. 156 PAPERS A YEAR.

Is larger than any weekly or semi-weekly paper published and is the only important Democratic "weekly" published in New York City. Three times as large as the leading Republican weekly of New York City. It will be of especial advantage to you during the Presidential Campaign, as it is published every other days weekly or seminated to the control of the cont day, except Sunday, and has all the fresh ness and timeliness of a daily. It com oines all the news with a long list of in teresting departments, unique feature cartoons and graphic illustrations, the la

ter being a specialty.

All these improvements have been made without any increase in the cost, which remains at one dollar per year.

We offer this unequaled newspaper, and

The Emmitsburg Chronicle, together one year for \$150. The regular subscription price of the two papers is \$2,00,

her wheel too long is going to get tired. The young woman, whether from dancing, office work or shop tending, often feels badly. The mother or housewife from domestic cares is broken down. All women should take Brown's Iron Bit-ters, the best strengthening medicine.

FREDERICK, May 13.—The May term

of the Circuit Court began on Monday morning, May 11. Owing to the fact that the court room is in great disorder by reason of the contemplated improvements to be made

during the summer to better its acoustic properties, the court was held in the Judges chamber. All the lawyers, with one or two exceptions, were assembled and the dockets gone over.

Very few cases were marked for trial, inasmuch as it is a non-jury term. At the conclusion of routine proceedings Hon. Milton G. Urner arose and announced the death of ex-Judge William Viers Bouic, of Montgomery county, who for fifteen years served as associate Judge of the courts of Montgomery and Frederick counties, which constitute the Sixth Judicial Circuit. Mr. Urner spoke of the Judge's honesty,

Found a Manin the House

Last Sunday evening Mrs. Horatio B. Kefauver and her two daughters, Misses Glessie and Grace, residing about 2 miles south of town, came to Middletown to attend church, while Mr. Kefauver went to Broad Run, leaving tree one at the house. After church Mrs. Kefauver and daughters returned home and noticing a light in the house, con-cluded that Mr. Kefauver was back. They called to him to come out and put the horse away. At this the lamp was suddenly extinguished and some one was heard to run up stairs. Concluding that something was wrong, Mrs. Kefauver sent Miss Glessie after Mr. Jacob Minnick, who lives but a short distance away. While Miss Glessie was gone the man jumped from an upstairs window and escaped. Roy Shafer was at Mr. Minnick's when Miss Glessie arrived, and all went back to the house, Shafer armed with a gun. An investigation revealed nothing disturbed in the house, and it is not known what the visitor's intention was. A foot-print was discovered in the soft ground beneath the window from which the man escaped.—Valley Register.

Gladness Comes With a better understanding of the transient nature of the many physical ills, which vanish before proper ef-forts—gentle efforts—pleasant efforts— rightly directed. There is comfort in the knowledge, that so many forms of sickness are not due to any actual disease, but simply to a constipated condition of the system, which the pleasant family laxative, Syrup of Figs. promptly removes. That is why it is the only remedy with millions of families, and is everywhere esteemed so highly by all who value good health. Its beneficial effects are due to the fact, that it is the one remedy which promotes internal cleanliness without debilitating the organs on which it acts. It is therefore all important, in order to get its beneficial effects, to note when you purchase, that you have the genuine article, which is manufactured by the Cali-

fornia Fig Syrup Co. only and sold by all reputable druggists. If in the enjoyment of good health, and the system is regular, laxatives or other remedies are then not needed. If afflicted with any actual disease, one may be commended to the most skillful physicians, but if in need of a laxative, one should have the best, and with the well-informed everywhere, Syrup of Figs stands highest and is most la used and gives most general satisfaction.

PUBLIC LOCAL LAW.

CHAPTER 68.

An Act to repeal Chapter seventy-four of the Acts of the General Assembly of Maryland, passed at the January session, in the year eighteen hundred and ninetytwo, entitled an Act to add an additional section to Article eleven of the Code of Public Local Laws of Maryland, title "Frederick County," sub-title "Justices of the Peace and Constables," to be known as Section two hundred and eighty-nine A, creating a Police Justice of the Peace for election district number two in Frederick County, and to reenact the same with amendments.

enact the same with amendments.

Section 1. Be it enacted by the General Assembly of Maryland, That chapter seventy-four of the Acts of the General Assembly of Maryland, That chapter seventy-four of the Acts of the General Assembly of Maryland, passed at the January session, in the year eighteen hundred and sinc-two, entitled an Act to add an additional section to Article eleven of the Code of Public Local Laws of Maryland, title "Frederisk County," sub-title "Justices of the Peace and Constables," to be known as section two hundred and eighty-nine A, creating a Police Justice of the Peace for election district number two in Frederick County, be and the same is hereby repealed and re-enacted so as to read as follows: Two hundred and eighty-nine A. The three Justices of the Peace for election district number two of Frederick County, provided for in the preceding section, shall each be paid by the County Commissioners of said county in equal quarterly instalments, the sum of one hundred and fifty dollars per annum and shall receive no other or further fees for any services repulered by them in criminal cases, aprests for violation of any of the laws of the State of Maryland, and said Justices shall issue upon application therefor warrants for the arrest of persons charged with violating any provisions of the laws of Maryland, and shall account for and pay over to the Board of School Commissioners of said county, all fines and penalties collected by them which are payable to said School Commissioners of the law, and to the County Commissioners of the law, and to the County Commissioners of the law.

Section 2. And be it hereby further enacted, that this Act shall take effect on the first day of

SECTION 2. And be it hereby further enacted, that this Act shall take effect on the first day of May, is the year eighteen bundred and ninety-six, and all acts of the General Assembly of Maryland, and all parts of Acts are hereby repealed in so far as they are in conflict with the provisions of this Act and so far only.

Approved April 2, 1896. LLOYD LOWNDES.

Governor.
WILLIAM CABELL BRUCE,
President of the Senata.
SYDNEY E. MUDD,
Speaker of the House of Delegates.

OFFICE OF THE SECRETARY OF THE SENATE. I hereby certify that the aforegoing is a true copy of an Act of the General Assembly of Maryland, passed at the January session, 1896. J. ROGER MeSHERRY

In the folds where it hath lein, So the thought of you remaining, Deeply folded in my brain, Will not leave me-all things leave me-

Other thoughts may come and go, Other moments I may know, That shall waft me in their going As a breath blown to and fro. Fragrant memories—fragrant memories Come and go.

Only thoughts of you remain
In my heart where they have lain,
Perfume thoughts of you remaining,
A hid sweetness in my brain.

-Arthur Symons.

IN OLD CALIFORNIA.

AT GOLD HUNTING.

To Took All the Courses From Pan to

Cathered in and around Butte are men who have mined in almost every country under the sun: but, although charming conversationalists in the society of their friends, for some unaccountable reason they become suddenly dumb when approached by a newspaper man. It was a reporter's luck yesterday to run against one who talked in an interesting way. He was a large, rather fine looking man, apparently about 70 years of age, and a man who had watched with close interest the progress of mining on the Pacific coast since the historic days of 1849.

'Yes, I was out in Californy in the old days," he replied to a question, and then added with a pleasant smile: "I was thar from 1849 to 1889 and took all the courses, from pan to little giant and frein handmade black powder eartridges to dinnymite.

"When gold was discovered by Marshall in that tail race and Sutter was digging for his sawmill at Coloma, not a man in that country knew a thing about mining. Never heard how they knew it was gold, hey? Well, there has been a great many stories told about it, but here is the right one: It was a little nugget Marshall picked up, worth \$3 or Each one of the gang looked at it, bit it, tasted it, rubbed it, smelled it, but none of them had a clear idea what it was. Several thought it might be gold, but none was sure of it. A happy thought struck Marshall. Mrs. Weber boarded the hands. She was making soft soap from pine ashes lye. Marshall preposed the lady should boil the nug- patch. get in lye a day or two, and if it didn't change color or lose its substance in the test it was sure enough gold. Well, it The New Invention That Saves Women under her corset, and as the fund was a Ferhaps the Most Curious of Lis Many

Improvements in medes of placer mining rapidly followed. Sets of sluices without the Toms were used, then ground sluicing came next, and hydraulie mining, where water and fall could be obtained, displaced the rocker, bumper and Tom. Hydraulic mining is an old thing now."

"How about underground mining?"

inquired the reporter. "Gold bearing quartz was first discovered by some miners in the bed of Deer ereck, below Nevada City, in the summer of 1850. It was found in a narrow vein, but the discovery led to the opening up of the magnificent gold bearing quartz mines of Grass valley in Nevada county. All the equipments of the mines were at first crude, but the mines were rich and paid well. Black powder was used in blasting where blasting was necessary. Some years after nitroglycerin was introduced in the state, but haberdasher's window one day which an explosion of the stuff in a San Francis- ran, "Everything sold here by the co express effice knecked it out, and giyard," entered and asked the man of the livering it here. ant powder came into use.
