SARAH THOMPSON, a colored domestic in the family of Thompson Hilleary, at Brunswick, this county, saw a six-foot blacksnake stretched along the trunk of a tree in the yard. She took a clothesline, bound the snake to the tree with it, secured an axe and cut the reptile into pieces.

#### A Suicide.

Joseph Hillebrand, alias Frederick Whitney, a convict in the Maryland penitentiary, committed suicide Saturday after confessing to Warden Weyer that he had murdered an aged German at Altoona, Pa., last year, for which crime another man is about to be hanged. Hillebrand was serving a term of eighteen years, ten for holding up ex-City Councilman Walter B. Swindell and eight for shooting at George Batzer. His story is confirmed by John Williams, his partner in the two hold-ups.

THE Shakers are a Happy Community. It is said, but the shaker who shakes because he can't help it is by no means a happy individual. So shakes the person afflicted with chills and fever. The quivering and shuddering sensation is followed by no less a plague, namely, burning fever, which is followed by a perspiration bath that leaves the unhappy sufferer "as weak as a cat," a most unfortunate simile, by the way, as the fever, in its early stages, is a particularly malarial annual. Under the above circumstances vital standing is soon used up, what will recuperate it? Hostetter's Stomach Bitters, which eradicates malarial disease every form and repairs its terrible ravages upon the system. Derangement of the liver always accompanies malarial disorder. To the relief of this complaint, as well as constipation and dyspepsia, the Bitters is admirably adapted. No less efficacious is it for kidney trouble, nervousness, rheumatism and neuralgia. A wine glassful three times a day.

In July the police of Baltimore made 2,316 arrests.

A BARN of John Wright, on the road from Uniontown to Middellburg, Carroll county, was destroyed by lightning. The stock was saved. The barn was insured for \$500 in the Dug Hill Company and the grain for \$250. The loss is estimated at about \$1,100.

#### Bicycle Foot.

Now it is stated that there is a bicycle foot. Persistent riding on the wheel, will, it is said, swell the muscles, thicken the bones, spread the joints, destroy the contour of the ankle, broaden the heel, and, in short, make a bigger foot.

#### Drowned in Illinois.

MR. JOHN F. KLINGEL, of Freedom township, Pa., Monday received a telegram with the sad intelligence that his son, George D., was drowned on Sunday at Peoria, Ill. The body had not yet been found. He was about 28 years of age.—*Compiler.*

#### Yes, It Was Hot.

This has been another hot week. On Thursday the thermometer registered 95 degrees at one o'clock. At 2 o'clock on the same afternoon a thermometer was placed in the sun, where it registered 136 degrees, and at 2:30 o'clock, while in the same position it stood at the 120 mark.

#### To Cleanse the System

Effectually yet gently, when costive or bilious, or when the blood is impure or sluggish, to permanently overcome habitual constipation, to awaken the kidneys and liver to a healthy activity, without irritating or weakening them, to dispel headaches, colds, or fevers, use Syrup of Figs.

The board of election supervisors for Frederick county has ordered the new glass ballot-boxes required by the new election law from F. X. Ganter, of Baltimore, and have notified the Republican and Democratic county central committees to hand in their recommendations for judges and clerks of election by the 15th instant.

#### Found a Balloon.

Mrs. Thomas Barry, of near town, found a balloon in the yard at her home on Sunday morning. From a card attached, it was learned that the balloon started on its voyage at Creagerstown, this county, and was sent up by "The Ladies' Aid Society," on August 1, at 11 p. m. The card has been returned to the society.

#### Coal in Carrol.

Workmen in the employ of Mr. John Yingling in a graystone quarry on the banks of Piney Creek, near Taneytown, recently uncovered several veins of a black substance unknown to them. A geologist connected with the Johns Hopkins University has pronounced the substance to be anthracite coal, and has expressed the opinion that it will be found in sufficient quantity to be worked profitably.—*American.*

P. B. TURP, agent for a refrigerator company, is in the peach belt making arrangements to ship the crop by refrigerator cars. The charges are about \$75 to ship a car containing 600 bushels of peaches from Hagerstown to Pittsburg, the company furnishing the ice. The crop of Washington county is estimated this year at 300,000 bushels, less than last year by perhaps 100,000 bushels.

#### Freud Challenges Latin to Box.

Edwin Freud, an ex-member of the police force of Frederick, has issued a challenge to Prof. H. C. Latin, of New York, who is temporarily located in Frederick city, for a ten-round glove contest, under the Marquis of Queensbury rules. The contest, it is stated is to be for a purse of \$500 and gate receipts.—*Sun.*

It looks now as if Williamsport will get a move on it. Some of the wealthiest citizens will erect new and handsome buildings. Lots have been staked off for at least a dozen new houses. Real estate has taken a jump already. A lot that six months ago was sold for \$200 brought \$300 Friday, and houses that were sold for \$600 a year ago cannot be bought now for less than \$1,000.

Mrs. JACOB HARBAUGH, who had been a bride only two weeks, died at her home in Highfield, of typhoid fever. Mrs. Annie E. Willhide, widow of the late Captain Joseph Willhide, died at her home in Thurmont, aged seventy-one years. Mrs. Catharine S. Gaugh, also died at Thurmont, aged sixty-eight years. She was a daughter of the late Thomas Weller.

THE Frederick News says: Rev. Joseph H. Hann, S. J., who has been pastor of St. John's, Buckeystown and Urbana, and known as one of the most eloquent of the Jesuit Fathers, has been transferred to the church "Jesus," Philadelphia. His many friends regret his departure. Father Hann is the clergyman who prepared Leonard for death when he was hanged three years ago for murdering Anderson.

MR. WILLIAM JORDAN, while driving along the road from Smoketown to Funkstown on Sunday evening, says he was attacked by three men, who rushed out of the woods, and one, with a blow from a club, felled the horse Jordan was driving. Jordan jumped from his buggy and, leaping over a high fence, ran into a cornfield. Jordan thinks his assailants were after a sum of money he had about his person.

#### Their Graves Will Be Marked.

MR. James A. Helman has interested himself in placing to the graves of his ancestors, George and Christiana Smith, at Tom's Creek, a monument over four feet high, 15 by 15 inches square, with a granite base. They have been buried over one hundred years. This token of respect, this tablet to the memory of these pioneer settlers, speaks well for the good will the descendants have displayed, although a century has passed since their death. The record prepared by Mr. Helman of the family from its first history in Maryland, 1746, to the present, will be published under the auspices of the Smith Reunion Organization, of Ohio, in which some dwellings of the ancestors and their tombs will be illustrated. They have done a commendable work. If others who have been negligent of such tribute of respect would act in like manner, there would not be so many unmarked graves in our cemeteries.

This monument can be seen at the marble yard of Messrs. Morrison & Hoke, by the friends who will not be able to visit it when placed in the cemetery.

On two sides of the monument are the following inscriptions: "George Smith, born 1720; died 1793, aged 73 years. Christiana, wife of George Smith, born 1720; died 1790, aged 70 years."

"To the memory of our ancestors. They were amongst the earliest settlers in this locality. March 21st, 1746, a patent was granted for a tract called 'Cattail Branch,' where they lived and died."

#### Bicyclers Be Careful.

The Burgess and Commissioners of Emmitsburg, have passed an ordinance prohibiting the riding of bicycles through the streets of Emmitsburg after dark, without a lighted lamp and bell. By the ordinance the rider is required to ring his bell, when within ten yards of each crossing. For the violation of said ordinance a fine of one dollar is attached for each and every offence, and should the guilty party refuse to pay the fine, he will be imprisoned until the fine is paid. The ordinance will go into effect on Saturday, August 15.

While our town authorities were framing the above ordinance it would have been well for them to have embodied a clause prohibiting wheelmen from riding on the pavements or sidewalks of the town.

For the benefit of our bicyclers who desire to read the ordinance, we will state that a written copy of the same can be found posted in the postoffice, and possibly at other places in town.

#### A Monument to the Founder of Hagerstown.

A monument has been erected in Zion Reformed graveyard, Hagerstown, to the memory of Capt. Jonathan Hager, founder of Hagerstown, by Mr. Robert F. Brent, of Baltimore, and other descendants of Captain Hager. The shaft is of marble, six feet high, and on its die is chiseled a brief genealogical record. Concerning the founder of Hagerstown, the inscription reads: "Here lie the remains of Capt. Jonathan Hager, founder of Hagerstown; born 1719, died November 6, 1775. His only son, Jonathan Hager, Jr., proprietor of Hagerstown, born December, 1755, died December, 1798. 'Was God that ist wold gethan.'" Elizabeth Kerschner, wife of Captain Hager, died in 1765, and Mary Magdalen Orendorff, wife of the junior Hager, died in 1845. Upton S. Lawrence, husband of Elizabeth Hager, only child of the junior Hager, died in 1824, and Mr. Lawrence's son, Upton Hager Lawrence, died in 1858, and his daughter, Mrs. Mary Ann Hoffman Lawrence in 1820; Elizabeth Ann Lawrence in 1832 and Martha West Lawrence in 1894. The ground on which Zion Reformed Church stands was donated by Captain Hager. The corner stone was laid in 1774. Captain Hager, while assisting in building the church, he sustained fatal injuries, from which he died. His grave is in the rear of the church, in the shadow of its wall.

#### Made Me a Well Man.

"Several years ago I had the yellow fever, and have never been well since, until I began to take Hood's Sarsaparilla. I have taken several bottles of this medicine, and I now weigh 200 pounds and do not know what sickness is. I give Hood's Sarsaparilla credit for making me a well man." L. C. Lake, Pleasantville, N. J.

Hood's pills are easy to take, easy to operate.

#### The Warm Wave General.

Reports of maximum temperatures received by the Weather Bureau show that the present warm wave is very general, and is probably the most severe during the present summer. The officials say it is very unusual for the temperature to reach such a high point in so many parts of the country at one time. The heat is due to an area of high barometer which has been prevailing over the southern portion of the country, and low barometer in the northern part, which results in great waves of the heat coming toward the North.

WORKMEN undertook to roll the 33-ton shaft of the Philadelphia Brigade Association monument, to be erected on Antietam battlefield, from the depot at Sharpsburg to its site. Such slow progress was made that D. Frank Hull was ordered to buy a special wagon, which to haul it. Forty horses will be hitched to the wagon.

But for the timely assistance of Messrs. H. R. Forbes and H. H. Myers, a young man and young woman from Martinsburg, W. Va., would have met an untimely death at Pen-Mar, Monday. Mr. Myers grabbed the man and Mr. Forbes the woman, and pulled them away just as the train dashed by.

When she became Miss, she clung to Castoria.

When she had Children, she gave them Castoria.

#### OUR LETTER FROM FREDERICK.

FREDERICK, Aug. 5, 1896.—The work of remodeling the court room in order to improve its defective acoustic properties is slowly completed. A new metal ceiling has been put up six feet below the original ceiling. The corners have been rounded and the whole interior made more of an oval in shape. Painters are now at work repainting and brightening the old as well as the new work. The wood work is painted a oak color and the ceiling white. Back of the Judge's bench is a gilded sunburst. Altogether the changes add very considerably to the appearance of the room, making it bright, fresh and clean. Whether the acoustic properties have been improved cannot be determined until the next term of court beginning August 17th, shall furnish a practical test.

The Clerk's office has also been newly furnished with steel book cases, replacing the cumbersome old wooden ones long in use. The office has been disordered for several days while the new equipments were being placed in position.

The Register of Wills' office also has been recently furnished with these improved steel cases and they have proven very satisfactory.

A report is in circulation that a man supposed to be Charles Wilcox, the assailant of Miss Fessie Jeans, has been captured at West Chester, Pa. State's Attorney Hinks will investigate the matter.

A. J. Delashmutt, an old and respected citizen of Frederick, died at his home in this city on Saturday last, aged about 71 years. He was prominent in church circles and until recently an active business man.

The election for mayor and three councilmen for Brunswick, this county, took place on Monday, Aug. 3. The democrats elected for mayor and two councilmen, as follows: E. C. Shafer, mayor, by 32 majority; First ward—E. H. Thompson, 21 majority; Second ward—Charles C. Marks, democrat, 18 majority; Third ward—Lorenzo S. Gardner, republican, 38 majority. The election has been heralded as a great silver victory, when in fact, the silver question received very little attention, although the lines were party lines and the democrats elected are silver democrats.

The F. and M. Railroad is waiting the arrival of the cars and when they arrive will be ready for operation—over part of the line at least. Great disappointment is felt on the part of the railroad men because of the delay in getting the cars which were ordered six months ago. The people also regret it.

The new School Board organized on Tuesday Aug. 4th, by electing E. R. Zimmerman, Esq., President, of the Board; E. L. Bantz, Secretary, Treasurer and Examiner, and S. N. Young, assistant, thus displacing Mr. Holtz who has served faithfully for 12 years. The new board consists of E. R. Zimmerman, President; H. S. Kefauver, S. N. Young, Jr., Wm. C. Bantz, and William L. Lakin, David D. Thomas, and George W. Devilliss, democrats. The board is thus equally divided. Mr. Zimmerman, however, holds his appointment from Gov. Brown, and was appointed on account of his experience and fitness for the duties of the place.

Mr. S. N. Young is a thoroughly capable and well equipped man for the position of assistant. He is an old teacher, and teachers who go to the office, while they will miss Mr. Holtz's familiar face will not find a stranger in his position.

#### FAIRFIELD ITEMS.

FAIRFIELD, Aug. 4.—Mr. Oscar Riley, of Gettysburg, is visiting Mr. F. Shulley and family.

A game of base ball was played on last Saturday between the Emmitsburg nine and the home team, which resulted in favor of Emmitsburg. Score 15 to 12. Umpire, Cunningham.

Lots of rain will make lots of corn. The Lutheran Sunday School of Fairfield, will hold their celebration on Thursday, the 20th of August. It will be held in Mr. E. Farbaugh's grove, along the W. & M. R. R. at Carroll's tract.

Misses Maggie and Mary Peters and Hattie Fritzer of Baltimore, are visiting at this place.

Miss Gertie Sullivan, of Monrovia, Md., is the guest of her Aunt, Miss Sue Sullivan, of this place.

In southern climes or northern lands, One undisputed fact stands, 'Tis this, that woman's weal and woe Make up the hub of things below; For to the softer sex 'tis given To put men in or out of heaven.

Let the wife and mother be sickly and as a result, querulous and fidgety, and the whole household is disturbed. To cure this state of things, the aforesaid wife and mother has only to take Dr. Pierce's Favorite Prescription. The cause will disappear promptly. The "Prescription" is a nerve and restorative tonic of wonderful efficacy and made for the alleviation of diseases peculiar to woman. For nursing mothers and debilitated "run-down" women generally, it is the best restorative tonic and soothing nerve known. For those about to become mothers it is indeed a priceless boon. It lessens the pains and perils of childbirth, shortens parturition, promotes the secretion of an abundance of nourishment for the child and shortens the period of confinement.

#### Why a Publisher Must Do.

A valuable exchange explains the position of a newspaper as follows: Suppose that a farm raises 1,000 bushels of wheat a year, and also sells this to 1,000 persons in all parts of the country, a great portion of them saying, "I will hand you a dollar in a short time." The farmer does not want to be small and says, "All right!" Soon the 1,000 bushels are gone, but he has nothing to show for it, and he then realizes that he has fooled away his whole crop and its value to him is due in a thousand little dribbles, consequently he is seriously embarrassed in business because his debtors, each owing him one dollar, treat it as a small matter, and think it would not help much. Continue this kind of business year in and year out as the publisher does, how long will he stand it? A moment's thought would convince anyone that a publisher has causes for persisting dunning—Banner of Gold.

#### HOW LIGHTLY WE ESTEEM KINDNESS.

Where under the broad canopy of Heaven, can we find anything so akin to angels life, as the mind of woman whose thoughts toward every one is marked by kindness. Manifested by words and deeds true to such a nature.

How many times have we reproved ourselves, for the coldness we practiced toward those who wished to be all kindness to us?

Yes, we receive their kindness so coldly, they feel the chill from us while they lavish the prompting of their hearts upon us, and ere the sun sets, we forget how slow they tried; how poor our sentiment we are. If they lavish the fruits of their best thoughts upon us, we receive it as coldly as the stone upon which the gentle shower falls.

What does kindness cost, can it be computed or an estimate of its value made! What rule will apply to the compromise when the friendship of two persons has been strained, and a reconciliation brought about. Consider then what you receive when such kindness is manifested toward you.

Did we realize the affection some bear toward us, we would not be astonished that we are treated so coldly, in return for our lack of appreciation. Some who win the regard of sympathy, and wish to be thought of as *Paul* fast to exercise toward any except those they acknowledge as equal, any marks of kindness, cold as the heart of an iceberg, as unfeeling as a savage, heavy weights in believing, but light weights in practicing.

A few respond to kindness in a gushing stream, only to be turned into the vilest abuse, when their tongue is excited against, and that generally without a foundation. As long as kindness is bestowed on them, they believe in it, but never give it a thought, nor return it, especially when it costs time or money.

What does man need to put him in sympathy with his fellows? The pleasant word has failed, the closer, will not do, the acts of friendship in their various forms are not appreciated. The leopard still retains his spots, although you may feed him well, he will claw and bite his best friend.

Who can we trust, who believe the sound of peace between man and man, not here, where we jostle each other from side to side, in the pursuit of perishable things. The truest friendships have been severed, by amounts in money that would not buy a morsel.

The plighted faiths, and pledged loves have been broken, and where sunshine and happiness reigned, now separation is the sequel.

Times ever wearing tooth ought to draw the cords of sympathy the closer, for when we decline in a mental or physical way we need the props set under us, and yet how often are they taken away at this very time. Sad sight, when with age or infirmity, our nearest friends turn from us and leave us to the public charity. It then we need kindness to smooth the decline. To have the sympathy of others in old age, we must engage it in early life, and add to our store with the passing year.

Are we envious of the prosperity of others? Are we less inclined to be friendly with those engaged in the same calling, than with others? Have they not the same right to travel the same road we have, then why this jealous feeling that prevails to such an uncharitable extent?

The lack of brotherly love, separates the children of the same household. It causes discord amongst neighbors. It plants the seeds of disrespect in a community. It drives up the untrained tongue and unregenerate nature,
