A Wife Equal to a Gold Mine! Will some of your readers give me a good recipe for making cold starch? I am selling self-heating flat irons and iron a little at every house and have to use some starch every place and want to know how to make good cold starch. My husband was in debt and I being anxious to help him thought I would sell self-heating flat irons, and I am doing splendidly. A cent's worth of fuel will heat the iron for 3 hours, so you have a perfectly even heat. You can iron in half the time and no danger of scorching the clothes as with the old iron, and you can get the most beautiful gloss. I sell at nearly every house, as the iron saves so much fuel everybody wants one. I make \$1.50 on each iron and have not sold less than ten any day I worked. My brother is doing well and I think anyone can make lots of money anywhere selling irons. The J. F. CASEY & CO., St. Louis, Mo., will start anyone in the business, as they did well, if you will address them.

Churning Done in One Minute.

I have tried the Lightning Churn, you recently described in your paper, and it is certainly a wonder. I can churn in less than one minute, and the butter is elegant, and you get considerably more butter than when you use a common churn. I took the agency for the churn here and every butter maker that sees it buys one. I have sold three dozen and they give the best of satisfaction I know I can sell 100 in this townyhlp, as they churn so quickly, make so much more butter than common churns and are so cheap. Some one in every township can make two or three hundred dollars selling these churns. By addressing J. F. Casey & Co., St. Louis., you can get circu ars and full information so you can make big money right at home. I have made \$50 in the past two weeks and I never sold anything before in my life.

Gladness Comes With a better understanding of the transient nature of the many physical ills, which vanish before proper efforts—gentle efforts—pleasant efforts—rightly directed. There is comfort in the knowledge, that so many forms of sickness are not due to any actual dischess are not due to any actual due to any actual dischess are not due to any actual due to any actual du sickness are not due to any actual dis-ease, but simply to a constipated condi-tion of the system, which the pleasant family laxative, Syrup of Figs. prompt-ly removes. That is why it is the only remedy with millions of families, and is everywhere esteemed so highly by all who value good health. Its beneficial effects are due to the fact, that it is the one remedy which promotes internal eleanliness without debilitating the organs on which it acts. It is the all important, in order to get its bene-ficial effects, to note when you purchase, that you have the genuine arti-cle, which is manufactured by the California Fig Syrup Co. only and sold by all reputable druggists.

If in the enjoyment of good health, and the system is regular, laxatives or other remedies are then not needed. If afflicted with any actual disease, one may be commended to the most skillful physicians, but if in need of a laxative, one should have the best, and with the well-informed everywhere, Syrup of Figs stands highest and is most largely used and gives most genera satisfaction.

I saw in your paper a statement that Zulu Vulier would restore any head of hair to natural color in three weeks. As I was very gray I sent, for a sample package, and in less than three weeks my hair was perfertly restored to natural color. My wife's hair was a light red, and by using Zulu Vulier, her hair is now a beautifut auburn. Any one can get a sample package off Zulu Vulier by sending 21 two-cent stamps to Wilson & Co., New Concord, Ohio, and if it does not restore the hair to natural color in three weeks they will return your stamps; it not only restores the hair to natural color, but will stop the hair falling out immediately and is one of the best hair tonics made, and you take no risk, and if it does not satisfy you perfectly they will return your stamps.
