

A NEW TARIFF.

The Dingley tariff bill is now the law of the land. The last step necessary was taken at the White House when the President affixed his signature at 4.04 o'clock Saturday.

The bill passed its last legislative stage at 3 p. m. on Saturday when the Senate by the decisive vote of 40 to 30 agreed to the conference report on the bill.

This extraordinary session of Congress, which closed on Saturday, was called by President McKinley two days after he took the oath of office on the steps of the Capitol. It met in pursuance to his proclamation at noon March 15. The Republican members of the ways and means committee of the preceding House had been at work throughout the short session, which ended March 4, giving hearings and preparing the bill which was to be submitted at the extra session. Three days after the session opened the tariff bill was reported to the House by the ways and means committee, and thirteen days later, on March 31, it passed the House.

It went to the Senate, was referred to the committee on finance, and the Republican members of that committee spent a month and three days in its consideration and in preparing the amendments, which were submitted to the Senate on May 4. Its consideration was begun in the Senate on May 7, and exactly two months later, July 7, it passed the Senate with 872 amendments.

The bill then went to conference, where, after a ten days' struggle, on July 17 a complete agreement was reached by which the Senate receded from 118 amendments and the House from 511. The others (243 in number) were compromised. The conference report was adopted by the House July 19 at the conclusion of twelve hours of continuous debate. The report was taken up in the Senate July 20 and adopted on Saturday last.

A REAL CATARRH CURE.

The 10 cent trial size of Ely's Cream Balm which can be had of the druggist is sufficient to demonstrate its great merit. Send 10 cents, we will mail it. Full size 50c.

ELY BROS., 56 Warren St., N. Y. City. Catarrh caused difficulty in speaking and to a great extent loss of hearing. By the use of Ely's Cream Balm dropping of mucus has ceased, voice and hearing have greatly improved.—J. W. Davidson, Att'y at Law, Monmouth, Ill.

MONEY IN PEACHES.

Hon. John T. West, a successful farmer and fruit raiser, of McDuffie county, Ga., writes as follows to Augusta Chronicle: "There is more money in peaches than any other crop we can raise. Every farmer who has land within five miles of a railroad should have at least one or two thousand trees. The outlay is small. One crop well sold will pay for land, trees and all expenses.

"I have 2,000 Elbertas. I sold the peaches on 1,000 of these trees a month since at a price sufficient to pay me for land, trees and expenses and 15 to 20 per cent. interest on my money, and the trees being only four and a half years old are good for quite a number of crops yet. The gentleman to whom I sold has already sold about enough peaches to pay me and hasn't yet gathered over two fifths of the crop."

DEAFNESS CANNOT BE CURED

by local applications as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars; free. F. J. CHENEY & CO., Toledo, O. Sold by Druggists, 75c.

THE recruiting station of the United States army which has been located in Harrisburg for seven years will be abandoned on August 15 and the officers in charge will be detailed to their various regiments throughout the country. Since the establishment of the Station in Harrisburg over 2,000 young men have taken the oath to defend Uncle Sam and are to-day in the service of the government in many states and territories. The Abandonment of this recruiting station, as well as many others in different parts of the country is due to the new system of recruiting soldiers for the army at the stations of the various regiments.

A WOMAN SENTENCED TO THE ROCK-PILE.

DANVILLE, ILL., July 26.—Sex distinction was wiped out in the Police Court by Magistrate Timmons, of this city, today. The magistrate sentenced Maggie Sellers, a disorderly woman, to the rockpile for thirty days.

The President sent to Congress a message recommending the appointment of a non-partisan monetary commission. The House responded by passing the Stone bill providing for the creation of the commission, but the Senate took no action. The extra session of Congress came to an end Saturday night.

No quarter will do as much good as the one that buys Dr. Pierce's Pleasant Pellets. This is what you get with them: An absolute and permanent cure for Constipation, Indigestion, Bilious Attacks, Sick and Bilious Headaches, and all derangements of the liver, stomach, and bowels. Not just temporary relief, and then a worse condition afterward—but help that lasts.

THE Advertiser. The man who advertises stands before the public in the full, legitimate, and dignified prominence of one who is proud of his business, has a right to be proud of it, and wants to do more of it; and he is the kind of a man everybody wants to do business with, for just so long will buyers swarm around the advertising light of business.—Newspaper-Adm.

TWO Armes—the Regular and Irregular. To which would you prefer to belong? The regular undoubtedly. The irregulars are, admittedly, the most numerous, but they are in a very undesirable state of non-discipline. Hostetter's Stomach Bitters will soon remedy this want in a disordered liver or bowels. Biliousness manifests itself in yellowness of the skin and eyeballs, sour breath, furred tongue, morning nausea, discomfort in the vicinity of the liver, vertigo and sick headaches. Hosts of people suffer thus. These signs of insubordination to the governance of health, together with an irregular condition of the bowels, are soon regulated by the Bitters, which also overcomes malaria, dyspepsia, rheumatism, neuralgia, neuritis and kidney troubles. As a means of absorbing premature decay, hastening convalescence, and purifying the infirmities of age, the great tonic is without a parallel.

Steers Killed by Lightning. Two valuable steers belonging to Mr. Nicholas Gladhill, South of Frederick, were killed by lightning during the storm the early part of the week. The steers were feeding in a field near the wire fence and were some distance apart. It is thought the electricity struck the wire and ran along it to the steers. When found they were both dead, each with a wisp of grass in its mouth.

Living by Sympathy. Harry Merrill, aged twenty years, with a bandaged hand and the story that he had two fingers and a thumb mangled off while obliging a brakeman by coupling a car for him, succeeded in enlisting considerable substantial sympathy in Cumberland. Later he was arrested for vagrancy and taken before Dr. C. H. Brace, county physician, who removed the bandage and found the fingers and thumb intact and the hand healthy. Justice Morris gave him three months in the House of Correction.

A REPORT is in circulation to the effect that one of Emmitsburg's gallant young men went to the country about a fortnight ago in keeping with an engagement with one of the fair sex. After a very pleasant chat of a few hours, the time to bid his friend adieu arrived, and he started for his team, and behold his amazement to find two of the wheels taken from the buggy. But Mr. S. was equal to the occasion and soon placed the wheels in their proper position and started for Emmitsburg rejoicing—the kind of rejoicing it was we are unable to say. This may be considered a good joke, but it is one that should be depreciated by every thoughtful person.

Just try a 10c. box of Cascarets, the finest liver and bowel regulator ever made.

PERSONALS. Master Robert L. Horner is visiting in Williamsport, Md. Mr. Samuel Cool returned home from Philadelphia on Friday last. It will be remembered that Mr. Cool was one of the men who were so badly injured by the explosion of a blast while quarrying stone near this place on May 18, and who were sent to a hospital in Philadelphia for treatment. Mr. Cool's wounds had all healed and he is in a very good condition, although he has very little use of two fingers on his left hand, but it is thought that in the course of time he will have more use of these fingers.

Democratic State Convention. The Maryland Democratic State Convention was held at Ford's Opera House, Baltimore, Wednesday. The result of the convention was the nomination of State Senator Thomas A. Smith, of Caroline county, for State Comptroller, and for Clerk of the Court of Appeals—J. Frank Ford, of St. Mary's county.

The following are the members of the new State Central Committee from Frederick county: J. Roger McSherry, Dr. J. W. Downey and Charles N. Hargett. The platform adopted by the convention reaffirms their allegiance to the principles of the party as formulated by Jefferson and exemplified by Madison and Jackson. The financial plank of the platform is in part: "The democracy of Maryland, in common with the democracy of the Union, believe now, as they always have believed, in honest money, the gold and silver money of the constitution, and the coinage of both metals, without discrimination against either, into standard dollars of final payment and redemption."

The platform also denounces the new tariff law; and expresses sympathy for the Cubans now struggling for freedom. As to the public school system it says it "must not be permitted to languish. It must be fostered and protected." The new election law also receives a share of condemnation. The proceedings of the convention were harmonious throughout.

Lutheran Re-union. About eight thousand persons were in attendance at the annual Lutheran Reunion at Pen-Mar last Thursday. The programme was: Prayer, Rev. H. S. Cook, Waynesboro, Pa.; address of welcome, Rev. E. H. Leisenring, Chambersburg, Pa.; "Our Early Lutheran Settlements," Professor Dr. E. J. Isaiah Reed, a half-witted colored man, was arrested by Bailiff McCready, charged with the deed, and placed in jail. Will Gordon was also arrested by Sheriff Nelson and placed in jail. It is said that the poison was placed in the milk that was on the table for the evening meal. Henrietta Johnson gave her child some milk to drink at supper, and put some in her own coffee. The child died in a short time, and the mother had a narrow escape. Both men deny the charge.—American.

Electric Railroad Progress. Only about \$4,000 yet remains to be subscribed to insure the building of the electric railroad from Myersville to connect with the Frederick-Middletown Electric Road at Middletown. Heavy shipments of wheat are being made from Middletown to Frederick over the electric railroad. Seventy-five tons were handled on Tuesday, and Thursday over 100 tons. In order to get the wheat away cars are being run until after midnight. Thursday there was a blockade of teams at the railroad terminals at Middletown waiting to unload wheat.

Great Grangers' Pic-Nic for 1897. The great Grangers' Pic-Nic for 1897 will be held at Williams' Grove, Pa., August 23rd to 28th. The camp will be fully up to the standard, all the old as well as many new cottagers have already engaged quarters. On the platform prominent agriculturists and statesmen, as well as political stump speakers, will give their views of the condition of affairs. The financial question will be ably discussed.

Mr. Lawson Bittle, son of Mr. W. M. Bittle, of near Harmony, this county, was plowing in a field on his father's farm on Wednesday afternoon with three horses hitched to a barshare plow, and to secure shelter from the rain drove a thunderstorm which passed over that section, he left the team standing in the field and crawled beneath a shock of wheat. When the rain was over and as he was going back to the plow and team to resume his work, a bolt of lightning struck the lead animal, killing it instantly. The other horses were not injured nor did they attempt to run away. Where Mr. Bittle sought shelter was not over fifteen feet from where the team stood and by the effects of the stroke he was thrown violently back into the shock.

A Pretty Wedding. A very pretty wedding took place on July 26, at 8 o'clock in the evening, in the Holy Angel Church, Chicago. The ceremony was performed by Rev. Father Tighe. The contracting parties being Mr. Frederick C. Lingg, of Chicago, son of Mr. and Mrs. Henry Lingg, of this place, and Miss Josephine Mullooly, daughter of Mr. and Mrs. Michael Mullooly, of Chicago. After the ceremonies the happy couple, accompanied by relatives and friends, returned to the home of the bride's sister, Mrs. James Brown, where a large reception was held. The bride and groom were the recipients of many handsome and useful presents.

Struck by a Locomotive. A wagon containing three girls and two men was struck by the engine of the Pen-Mar express Monday morning at the road crossing at Glyndon Station. The driver of the wagon was Mr. Cherry, a grocer at Reisterstown. The three little girls were the daughters of tenters at Emory Grove camp, who had been given a ride by the grocer. The signal bell at the crossing was ringing, but Mr. Cherry did not hear it. Agnes Cleveland, daughter of Mr. Chas. P. Cleveland, of Baltimore, saw the engine close upon them, and, jumping from the wagon, pulled out with her one of her companions, Miss Geiger. An instant later the engine struck the rear of the wagon, cut it in half and threw the third young girl, Miss Braun, twenty feet into the air. Miss Braun fell upon an embankment, made soft by recent rains, and, though badly frightened, escaped with scratches upon her face and bruises upon her body and limbs.

A Deadly Bolt. Mr. Lawson Bittle, son of Mr. W. M. Bittle, of near Harmony, this county, was plowing in a field on his father's farm on Wednesday afternoon with three horses hitched to a barshare plow, and to secure shelter from the rain drove a thunderstorm which passed over that section, he left the team standing in the field and crawled beneath a shock of wheat. When the rain was over and as he was going back to the plow and team to resume his work, a bolt of lightning struck the lead animal, killing it instantly. The other horses were not injured nor did they attempt to run away. Where Mr. Bittle sought shelter was not over fifteen feet from where the team stood and by the effects of the stroke he was thrown violently back into the shock.

Bicyclist Overcome by the Heat. Frederick Shaw, a bicyclist from Sligo, Montgomery county, was overcome by the heat while riding his wheel at Sandy Springs, Sunday. Fairall, and after taking a drink of water fell to the floor in an unconscious condition. Dr. C. E. Diddings, of Sandy Springs, was called in and relieved him in a short while. It is now thought he will rapidly recover.

Democratic Convention. The Frederick County Democratic Convention was held at Frederick on Saturday last, and selected delegates to the State Convention which was held in Baltimore on Wednesday of this week, and also delegates to the judicial convention to be held at Rockville on September 15. Judging from reports the convention was one of an unusually interesting and stormy nature. This state of affairs was brought about by Hon. Frederick J. Nelson offering an amendment to the resolutions reported by the committee on credentials. His amendment in short, declared for "adherence to the doctrines of the platform recently adopted in the National Convention of the Democratic party at Chicago—a tariff for revenue sufficient only for an economical administration of the government, to pay its public debts, pensions and other just obligations, and a perfect equality in the coinage, and use as money of both gold and silver."

Mr. Nelson supported his amendment in a lengthy address, which was frequently and loudly applauded, but when the vote was taken every district recorded its vote against the amendment. Messrs. J. Roger McSherry, F. Marion Fauble, Vincent Sebald and John W. Page spoke in opposition to the amendment, taking the stand that while they favored the silver idea they did not consider it expedient to incorporate that issue in the present campaign. The following delegates were elected to the State Convention: R. Claude Duntrow, Chas. N. Hargett, F. M. Fauble, Jacob Davisman, J. Roger McSherry, John H. Lightner, Calvin Ogle, Jesse C. Claggett, A. W. Bargis, Dixon C. Walker, Edw. Devilliss, Dr. J. W. Downey, J. M. Gall, J. S. Plunkard, John W. Page, W. G. Musgrove, Edw. Fuch, J. B. Moody, Chas. E. Cassell, M. V. B. Easterday, E. S. Bohn, L. B. Norwood, Dr. M. Whitehill, H. L. Gaver, D. C. Kemp, John D. Abalt. To the Judicial Convention at Rockville, the delegates are: H. J. Spalding, G. H. Morgan, C. B. Gaver, H. D. Etchison, J. W. Kolb, Geo. W. Gaver, J. S. Biggs, Vincent Sebald, Josiah F. Smith, Baker J. Lanam, C. M. Thomas, F. D. Browning, Wm. F. Birely, J. M. Smith, C. A. Rice, C. Smith, D. K. Cramer, F. C. Miller, John Jones, D. W. Summers, N. A. Englar, H. A. Peddicord, Charles Lawrence, Franklin Stottlemeyer, E. R. Wolf, Thomas Hightman.

The committee on resolutions in its regular report recommended the following: "Resolved, That we reiterate and reaffirm our unflinching devotion to the principles of Democracy as taught, expounded and exemplified by Jefferson and Jackson. "Resolved, That as the object of all constitutional government is the good of the whole people, we denounce as hostile to the theory of our institutions all protective tariff enactments as the worst and most demoralizing of class legislation, and accordingly we insist that the Dingley bill adopted by the present Republican Congress is an iniquitous scheme to enrich the few who reap the benefits at the expense of the many who bear the onerous burden." "Of the six members of Congress from Maryland and of the two Senators representing the State in the United States Senate, all but one voted for this iniquitous measure, which is so unjust to all the people. We cannot rest content until these representatives who voted for this bill and betrayed their trust shall be retired to private life. "Resolved, That we denounce as in keeping with the settled policy of the Republican party, the recent State and county assessment law, the chief features of which were devised in the interest of wealth, and in antagonism to the owners of small homes and landed property, and we point for the evidence of this to the glaring discrimination by which investments are subjected to but a nominal tax whilst the visible property of the less fortunate is burdened with the bulk of the public dues. "Resolved, That the pledges made by the republican party in the campaign of 1895 and by means of which many democrats were deluded into supporting the republican ticket, have been flagrantly disregarded. The public debt has been increased and the state treasury has failed to pay with promptness the usual appropriations to schools and other public institutions—a condition that never existed under any Democratic administration. "Resolved, That the most disgraceful exhibition of bossism ever witnessed in Maryland politics has prevailed in the Republican party since its accession to power in this State, and it is apparent that good government, economical expenditure of public money, the safety of life, the protection of property and the well being, prosperity and happiness of all the people can only be secured by a restoration of the Democratic party to supremacy and power. "Resolved, That we denounce the Republican idea of civil service reform as exemplified by that party in this State since its advent to power, a little more than one year ago, and we invite good men of all shades of political opinion to unite with us in putting the stamp of public disapprobation upon that party at the approaching election."

The convention voted down a resolution instructing the delegates to the judicial convention to vote for a suitable democratic candidate for judge. This resolution was offered by Mr. Jacob Rohrbach.

Effects Were Soon Felt. "Last summer I was feeling weak and tired. I had taken medicines without any benefit, and a friend called my attention to Hood's Sarsaparilla. After I had taken the second bottle I felt its good effects, and after taking the fourth bottle I was as healthy as ever." H. KELLER, 102 West 24th St., Wilmington, Del.

Deed of Trust. Mr. James Polk Biser, of Petersville district, filed a deed of trust to Frederick Mertens, Charles A. Rice and Thomas T. Biser, dwelling and real estate and personal property, premises and \$5.00.

Barn Burned. The barn of Emanuel Zepp, in Deep Run Valley, Myers district, Carroll county, was destroyed by fire, together with the wheat, hay, farming implements and wagon shed. It is supposed that the fire was started by some children who were playing with matches in the barn. The loss is estimated at \$1,200 to \$1,400, partially covered by insurance in the Dug Hill Company.

Attractive Figures. Come with good health. It is easily seen when a woman has perfect health, her face and figure show it. The painful disorders and diseases that afflict womankind make themselves seen as well as felt. Dull eyes, blotched or sallow face, and a wasted form follow them. This is the time to turn to the right remedy. Dr. Pierce's Favorite Prescription builds up and strengthens the system, and regulates and promotes every proper function. It's a quieting, soothing nerve. It corrects and cures, safely and surely, all those delicate derangements, weaknesses, irregularities and diseases peculiar to the sex. For young girls just entering womanhood; women at the critical "change of life"; and every woman who is "run-down" or overworked, it's something to remember that there's a medicine that will help you.

WITH five delightful stories in the August Cosmopolitan, one might judge that it was intended solely for light reading in mid-summer; but a second glance shows that it contains as well much of serious interest. The second paper by the special commissioner sent by The Cosmopolitan to India tells a tale, the like of which has never before appeared in any periodical. We have in histories second-hand accounts of great famines, but they lack that startling distinctness which comes from beholding at first hand the sights described. Twenty millions of people slowly starving to death, the hundreds of thousands on the railways! No American can form an idea of the state of affairs now existing in India. Mr. Hawthorn has gone into the interior and stood amongst the dead and dying. It is the first time that we have had an American investigation of the condition of affairs in India. The report will open the eyes not only of the civilized world, but of the English Parliament and the Queen herself to the necessity of extraordinary exertion in behalf of these unfortunate millions. President Dwight, of Yale, furnishes this month's consideration of the question, "Does Modern College Education Liberate in the Broadest and Most Liberal Sense of the Term?" A charmingly illustrated and charmingly written article on "Japan's Stage and Greatest Actor," by Robert P. Porter; the second part of Le Gallienne's "New Rendering of the Rubaiyat," a sketch of that most wonderful character, the Englishman and a new poem by Bret Harte are also part of the contents of this August Cosmopolitan.

John Griffin, of Zanesville, O., says: "I never lived a day for thirty years without suffering agony, until a box of De Witt's Itch Hazel Salve cured my piles." For piles and rectal troubles, cuts, bruises, sprains, eczema and all skin troubles De Witt's Itch Hazel Salve is unequalled. Geo. W. Ogle & Son.

Ladies' Home Journal Fiction Number. The Ladies' Home Journal for August, largely devoted to fiction, presents a number of short stories by the best known writers, that will pleasantly employ the leisure of midsummer days. Of special interest among these are the opening chapters of Hamlin Garland's latest serial, "The Spirit of Sweetwater." "The Two Mrs. Chesters," by Mrs. A. D. T. Whitney, one of the best stories from the pen of that popular author. Arthur Willis Colton contributes a pathetic sketch, "The Flowers on Tim Rie's Grave," and Annie Steger Winston narrates a rustic courtship in "The Making of Mary Ellen." Grace Stuart Reed tells the story of "Her Mysterious Disappearance." Another story of powerful interest is Sarah Packer's "Before the Morning Watch," a Quaker romance laid in the stirring Revolutionary times.

Along other lines, nearer the practical side of life, Edward W. Bok addresses parents on allowing young girls too much liberty and freedom, and has hearty commendation for the work performed by our smaller colleges, "Dorothy's Story," "The Good Old Days," and Dwight L. Moody teaches the lesson of the Resurrection. Mrs. S. T. Rorer tells all about "Canning and Preserving," the preparation of food that requires but little fire, luncheon for picnics, etc. By The Curtis Publishing Company, Philadelphia. One dollar per year; ten cents per copy.

"I crave but One Minute," of the public speaker in a husky voice; and then he took a dose of One Minute Cough Cure, and proceeded with his oratory. One Minute Cough Cure is unequalled for throat and lung troubles. Geo. W. Ogle & Son.

ICE Cream. The Ice Cream Season is now here and I have all the different flavors of ice cream always on hand, which will be sold by the plate, gallon or in any quantity to suit purchasers. Festivals, picnics and social gatherings supplied with cream at reasonable prices. P. G. KING. It heals everything except a broken heart, may be said of De Witt's Itch Hazel Salve. Piles and rectal diseases, cuts, burns, bruises, tetter, eczema and all skin troubles may be cured by it quickly and permanently. Geo. W. Ogle & Son.
