Everybody Says So.

Casewell's Food is Celiac, the most wonderful medical discovery of the age, pleasant and refreshing to the taste, and beneficial and positive on the liver and bowels, cleansing the entire system, dispelling wind and headache, flatulency and indigestion, and brightens the complexion and restores a healthy color to the face.

CHARLES A. DANA DEAD.

Charles A. Dana, editor of the New York Sun, died at his home, in Gloucester, Long Island, at 1.30 o'clock last Sunday afternoon.

Mr. Dana's death had been expected for several hours, and his family and physicians were at his bedside when the end came.

Charles Anderson Dana was born in Hinsdale, N. H., in the month of August, 1819. He was a descendant of Jacob, eldest son of Richard Dana, progenitor of most of those who bear the name in the United States. His boyhood was spent in Buffalo, where he worked in a store until he was eighteen years old. At that age he first studied the Latin grammar and prepared himself for college, entering Harvard in 1839, but after two years a serious trouble with his eyesight compelled him to leave. He received an honorable dismissal and was afterward given his bachelor's and master's degree.

In 1842 Mr. Dana became a member of the Brook Farm Association for agriculture and education.

His earliest newspaper experience was gained in the management of the Harbinger, which was devoted to social reform and general literature. After about two years of editorial work on Eliza Wright's Boston Chronotype, a daily newspaper, Mr. Dana joined the staff of the New York Tribune, in 1847. The next year he spent eight months in Europe, and after his return he became one of the proprietors and managing editor of the Tribune. The great struggle of the Tribune under Horace Greeley and Mr. Dana was not so much for the overthrow of slavery where it already existed as against the further spread of the institution over unoccupied territory and the acquisition of slaveholding countries outside of the Union.

In 1861 Mr. Dana went to Albany to advance the cause of Mr. Greeley as a candidate for the United States Senate, and nearly succeeded in nominating him.

During the first year of the civil war the ideas of Mr. Greeley and those of Mr. Dana in regard to the proper conduct of military operations were somewhat at variance, and this disagreement resulted in the resignation of Mr. Dana. He was at once employed by Secretary Stanton in special work of importance for the War Department, and in 1863 was appointed Assistant Secretary of War, which office he held until after the surrender of Lee.

The first number of the Sun issued by Mr. Dana appeared on January 27, 1868, and for nearly thirty years he had been actively and continuously engaged in the management of that journal and solely responsible for its conduct. He made the Sun a democratic newspaper, independent and outspoken in the expression of its opinions respecting the affairs of either party.

Dr. Pierce's Pleasant Pellets cure biliousness, sick and bilious headache, dizziness, costiveness, or constipation of the bowels, loss of appetite, coated tongue, indigestion, or dyspepsia, sour stomach, windy belchings, "heart-burn," pain and distress after eating, and kindred derangements of the liver, stomach and bowels.

MORE MEN NEEDED FOR THE NAVY.

Secretary Long, it is said, will urge Congress in his annual report to increase the personnel of the navy by more than 100 officers, 1,500 enlisted men and 500 apprentices. The law limits the number of captains on the active list to 45. Captain Croninshield believes this limit is too low. The rapid growth of the new navy has resulted in placing more ships in service and more captains are consequently needed. Captain Croninshield has urged that 15 captains be added to the list of officers of that grade.

\$100 REWARD \$100

The readers of this paper will be pleased to learn that there is, at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers, that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

Hall's Family Pills are the best.

On the 8th day of October more than 10,000 students were on the rolls as members of the first Freshman class of the Cosmopolitan University. The confusion into which the plans regarding the Cosmopolitan's educational work were thrown by the retirement of President Andrews, in order to meet the urgent wishes of his friends at Brown University, has been met by the acceptance of the Presidency by Dr. Eliphalet N. Potter. President Potter has been at the head of two great colleges for nearly twenty-five years, and brings to the work exceptional talents as an organizer and man of broad culture and common-sense ideas. He is already at Irvington engaged in organizing his staff of professors. The work of the University has been grouped under fifteen heads, covering the various branches of knowledge. Each of these will be in charge of a professor. As soon as the task of selection is completed, the students will be assigned their work and the largest Freshman class in the history of the universities of the world will begin its studies.

The extraordinary dimensions of the class thus formed has opened the eyes of the public to the importance of the gap in educational facilities which the Cosmopolitan has undertaken to fill. Knowing that the appropriation made by the Cosmopolitan is a limited one and that the entries are far beyond the most sanguine expectations, embarrassing the work by their proportions, many professors and other prominent men have already made the offer of advice and assistance without pay.

ELIZABETH, N. J., Oct. 19, 1896. ELY BROS., Dear Sirs:—Please accept my thanks for your favor in the gift of a bottle of Cream Balm. Let me say I have used it for years and can thoroughly recommend it for what it claims, if directions are followed.

WOMEN SOLDIERS. The Foster Light Infantry, composed of young ladies of Atlanta, Ga., which has given several exhibition drills for charitable purposes, will be made a permanent organization and will apply for a charter, being the first female military company to do so. Whether it will enter the Fifth Regiment or not is not known. When asked if he would object to having a company of pretty young ladies in the Fifth Regiment Colonel Candler said he certainly would not, and gave the questioner to understand that he would not oppose their application to join the National Guard.

TUMOR REMOVED.

On Wednesday of last week Dr. J. G. Stover removed a tumor weighing five pounds from the parotid region of the neck of Mrs. Stephen Currens, a lady sixty-seven years of age, residing in Heildersburg.

Notwithstanding the lady's age and the fact that this operation is a difficult and dangerous one to perform, the attending physician reports Mrs. Currens' condition improving rapidly and the operation a complete success. Dr. Stover was ably assisted by Dr. Walter H. O'Neal, of Gettysburg.

MR. PULLMAN DEAD.

Mr. Geo. M. Pullman died suddenly at his home in Chicago, on Tuesday morning. Mr. Pullman was at his office in the Pullman building at 5 o'clock on Monday evening, seemingly in good health. He was the originator of the Pullman Palace Cars and the head of the firm which manufactures these fine cars.

BARBER shops in Sweden have bowls in which one can wash his face without using the hands. On touching a button the water spurts up like a small fountain, and the man who has been shaved holds his face in it till the soap is all washed away.

Without A Rival.

As a positive cure for sprains, bruises, and pains of all kinds, Salvation Oil has no equal. Mrs. Frank Juit, 518 Gratiot Ave., Detroit, Mich., writes: "I used Salvation Oil in my family and can say it has no rival as a liniment; it certainly cures pains. I sprained my ankle and it cured me and since then I have always used it for any pains and bruises." Salvation Oil is sold for only 25 cents. No other remedy will do the work as promptly.

A RAILROAD'S GOOD WORK.

President Samuel Spencer, of the Southern Railway, makes the following Statements in his annual report for 1897:

"During the year 151 new manufacturing establishments of various kinds were located at points upon the company's road. There have been completed during the year on the lines of the company, cotton factories alone working 163,000 spindles and 3,000 looms, the total cost of which has been nearly \$2,000,000, and at the close of the year there are under construction additional mills which will include 62,500 spindles. The construction by the company of 92,861 feet, or 17.59 miles, of new sidetracks to industrial establishments during the year indicates this general growth and the appreciation of the company's policy in fostering such enterprises."

Forty-four new cases of yellow fever were reported in New Orleans on Friday last.

To the Voters of the Sixth Judicial Circuit of the State of Maryland.

It is of the utmost importance that the people of this Circuit should select at the coming election, a gentleman most likely to make a good judge.

Into the discharge of the duties of a judge, politics does not enter. Neither should it in his selection.

The common experience of mankind is that the man most likely to make a good judge, is the man possessed of certain characteristics specially appropriate for the place.

Patience, calmness, impartiality, freedom from excitement, evenness of temper, habits of quiet study, indisposition to take sides, are such characteristics.

No man in our midst possesses these qualifications to a greater degree than Mr. Clayton O. Keedy.

From this standpoint, we, as lawyers, not as politicians, as citizens, not as partisans, earnestly desiring the election of Mr. Keedy to this high and honorable position, knowing well his entire fitness, competency and ability for such office, adopt this method of urging upon the voters to cast their ballots at the coming election for Mr. Keedy for judge, believing that if this position be committed to his care by the people, its duties and responsibilities will be faithfully discharged and honestly performed, without prejudice or partiality.

Large Surplus in the Treasury.

The Hagerstown Fair Association
Wednesday ascertained the receipts of
the recent fair will amount to over \$20,-
000. After paying expenses about \$7,-
000 will remain in the treasury. This
is a record breaker. The race purses
were \$6,000, but only about \$2,700 were
paid out. The privileges sold amounted
to \$3,700.

Four Freight Cars Wrecked.

A wreck occurred on the Western
Maryland Railroad at Hanover, on
Saturday afternoon, in which four
freight cars and an engine were totally
demolished. The wreck was caused by
the mixed accommodation from Han-
over Junction running into the freight
cars, which had just been switched on
the track. Engineer Claude Lapham
and his fireman S. E. Wolf, both of
East Berlin, jumped for their lives.
Lapham was slightly injured.

Birthday Surprise.

Mrs. Ann M. Lawrence who resides
with her son, Mr. P. D. Lawrence, in
this place, celebrated her 80th birthday
Wednesday. In the evening a number
of friends gave her an agreeable sur-
prise by calling and tendering their
sincere congratulations, which were
very highly appreciated by Mrs. Law-
rence. Among those present were: Mrs.
P. Morrison, Mrs. Hester Barry,
Mrs. Lydia Foller, Mrs. John Hoover,
Mrs. Jesse Nussear, Mrs. George Rider,
Mrs. Charles C. Kretzer and three
daughters, Misses Gussie, Lulu and Joe
Kretzer, and Miss Henrietta Lingg.

"Away With Melancholy."

And bid dull care vanish," sounds very well in
verse, but if you have a case of the "blues"
caused by indigestion, with biliousness added
as an extra horror, you cannot say hey-
 presto! and thus ignore the departure of these
abominable twins. The "proper cure" when
thus troubled, is to seek the aid of Hostetter's
Stomach Bitters. Thereafter you will speedily
digest with ease and eat with appetite, and your
liver will reassert its right to regularity. Not
only this, you can retire without a horrible dream
that the Washington monument will—in dream-
—impose itself upon the pit of your stomach.
If you feel uneasy, nervous, or suffer from
fever, kidney trouble, or rheumatism, or
the Bitters to the rescue without delay. "Test a
course thing before you buy." A bottle of this
system is more speedily changed to a vigorous
one by this line to than by any other medi-
cal agent in existence. It will gladden three
times a day.

Walked in her Sleep.

While walking in her sleep on Tues-
day night, Miss Catherine Hobbs, of
this District, fell head-long down a
flight of stairs, breaking her arm and
cutting her head.

The Registered Vote.

The total registered vote of Frederick
county upon the completion of the re-
cent sittings for the registry and revision,
is 13,007, an increase of 425 over
the total vote of the county last year.

Attempted Suicide.

On Saturday afternoon, John Shank,
of Mummaburg, attempted to commit
suicide, by cutting his throat with a
razor. Dr. Geo. M. Dill, of Arendts-
ville, was called in, and rendered the
necessary surgical attention, and Mr.
Shank is resting comfortably.

Fair Sheds on Fire.

Last Sunday afternoon, about 1
o'clock, a fire broke out on the Freder-
ick Fair grounds which resulted in the
total destruction of all the sheds on the
west side of the grounds. Had it not
been for the efficient work of the fire
department, the loss would have been
much greater. The smoke had not
more than cleared away before carpenters
were at work removing the debris.
New sheds have been built. The loss
is \$1,000, which is fully covered by in-
surance.

Dedication.

The dedication service of St. An-
thony's Shrine will begin at 10:30 A. M.
on next Tuesday, Oct. 26. The choir
has prepared an elaborate musical pro-
gramme for the occasion.

In the evening, there will be Solemn
Vespers, and one of the visiting prelates
will preach.

Dinner and supper will be served at
St. Mary's Hall.

The public is invited to attend the
services, and the committee in charge
promise to entertain the visitors in
royal style.

Attempted Robbery.

An unsuccessful attempt was made
Tuesday night to burglarize the store of
A. J. McKenna & Son, at Buckeystown,
this county. The would-be thieves first
procured a lot of tools from the black-
smith shop of E. L. Keller and then
proceeding to the McKenna store broke
in the large steel front door, but were
there confronted with another door, in
operating upon which they were evi-
dently frightened away, as they left
their tools behind them. The firm
offers a reward of \$100 for information
leading to the arrest of the guilty parties.

Memorial Window.

Mrs. Lizzie Maxwell, of Little George-
town, W. Va., widow of the late Samuel
Maxwell, deceased, has also contributed
towards the erection of the window
which has been placed in the Lutheran
Church, in this place, to the memory of
the late Mr. and Mrs. Samuel Maxwell.
At the time the arrangements were being
made to erect a window to their mem-
ory, Mrs. Lizzie Maxwell knew nothing
of the project, and immediately
upon hearing of the memorial to Mr.
and Mrs. Maxwell, forwarded her con-
tribution, which has been highly ap-
preciated by the members of the Maxwell
family.

Last Sunday afternoon fire destroyed
the factory in Hagerstown, of which
William L. Armstrong, is the principal
owner. The building was of frame,
about 150 by 60 feet in dimensions, one
story high, with several wings, and
rented by George C. Snyder for the Ha-
gerstown Mattress Company, manufac-
turers of woven wire and hunk mattresses.
The loss on the building was about
\$1,500; insured. There was an insurance
of \$800 on the machinery and stock
of mattresses, but the loss will be about
\$1,200. A strong wind from the west
sawed the high frame factory of the
Hagerstown Ice Company, several hun-
dred feet away. A stable owned by
Joseph Boward was burned.

Safe Blown to Pieces.

Burglars robbed the Troy Steam
Laundry office, in Hagerstown, Thurs-
day morning, before daylight. They
bored a half-inch hole in the top of the
iron safe, poured into the safe a half
pint of powder from a beer bottle hav-
ing the name of a Carlisle (Pa.) bottle
blown on it, attached a fuse, blew open
the safe door and carried off about \$100
without detection. Several persons liv-
ing in the neighborhood heard the ex-
ploding, the robbers got into the build-
ing by forcing a side window. Two
large chisels were left behind. The
safe was ruined. A tin box containing
cash receipts was blown clear out of the
safe and the contents scattered over the
office floor. The notes were half burnt
and the coins were black as coal.

Death of E. C. Unger.

Mr. E. C. Unger, aged 40 years, died
at his residence in Brunswick at 8
o'clock Sunday evening of Bright's
disease. He had been in bad health
for some time, and was compelled on
account of ill health to sever his con-
nection with the Brunswick Herald,
of which he was associate editor three
years ago.

Two years ago Mr. Unger's health,
having improved, he accepted the po-
sition of assistant postmaster, and held
that position until his death, which
came unexpectedly, he having only been
confined to his bed since Friday. He
formerly resided at Knoxville, and
moved to Brunswick when he accepted
the position in the postoffice. He was
a well known Knight of Pythias, and
had held official position in the lodge
in that place of which he was a member.

Obstructing Railroad Tracks.

A bold attempt was made Saturday
night to wreck the passenger train from
Baltimore to Hagerstown. Mr. Frank
Dayhoff discovered a formidable ob-
struction, consisting of cross-ties, direct-
ly on the track between Bissell and Po-
tomac Avenue Station, Hagerstown.
He removed the cross-ties and hurried
to Hagerstown, where he informed the
railroad officials, who wired to High-
field to the engineer of the train to be
on the lookout for obstructions during
the balance of his run. The train got
in forty minutes late. The obstruction
was placed on the track after the Ship-
penburg accommodation left Hagers-
town at 7 P. M.

Rev. Alfred M. Schaffner.

The following from the Danville, Pa.,
Journal, will be interesting reading to
the many friends of Rev. Alfred M.
Schaffner, of Meadville, Pa., formerly
pastor of the Reformed Church, in this
place:

"The Rev. Mr. Schaffner is a gentle-
man of gentle manners and at once
makes friends of those with whom he
comes in contact. He is a native of
Hummelstown, Pa., and is a son of
Daniel Schaffner, a well known business
man of that section, and a gentleman
who is now treasurer of the Eastern
Synod of the Reformed Church. The
son was reared in the shelter of that
church, and at an early age imbibed a
taste for religious life. He taught school
several terms in Dauphin county and
prepared for college at Mercersburg.
He graduated, A. B., class of '90, from
Franklin and Marshall College. During
his college course he was business man-
ager of the "Oriflamme," a college
publication which greatly thrived in a
financial way under his administration.
In 1893 he graduated in theology from
the Eastern Seminary at Lancaster, and
was licensed to preach on the 12th of
May, that year. For two years and one
month he was pastor of the Church of
the Incarnation at Emmitsburg, Md.
Much general good was done during
that time, and the church building was
greatly improved. In 1895 he was cal-
led to St. Paul's Church at Meadville.
During his pastorate a parsonage has
been erected. This church has 225
members. A branch church is also un-
der his charge, and 150 members are
enrolled. The Rev. Mr. Schaffner is
president of St. Paul's Classis, which
includes the counties of Crawford and
Mercer, and in many ways is a con-
spicuous figure in church work in
Western Pennsylvania. The Rev. Mr.
Schaffner is one of the rising men of
the Reformed Church, a denomination
noted for its strong preachers. He at
once impresses a stranger as being
endowed with rare gifts of mind and
heart and as being a pastor of high
ability and earnestness."

Death of Mrs. Jennie Maxwell Duckwall.

Mrs. Jennie Maxwell Duckwall died at
her home in Paulding, Ohio, October 1.
Mrs. Duckwall was formerly of this
District, being a daughter of the late
Samuel Maxwell. Mrs. Duckwall received
internal injuries from being thrown out
of a vehicle in a runaway accident,
which terminated in her death. The
following account of the life of the de-
ceased is taken from the Paulding,
Ohio, Republican:

"She was born in Frederick county,
Md., May 25, 1841. On July 15, 1869,
she was married to J. W. Duckwall and
moved to Montgomery county, Ohio,
where they lived two years, after which
they moved to Darke county and re-
sided ten years. From Darke county they
moved to Paulding where they have
made their home since that time.

"Mrs. Duckwall united with the
church when she was twelve years of
age. After they moved to Paulding,
when the Church of Christ was organ-
ized at this place, she became one of
the charter members of that body and
has, since that time, been one of the
most faithful members.

"She was a peculiarly cheerful woman
having a smile and kind word for every
one; therefore it is not strange that all
who knew her loved her. As a wife,
mother, neighbor and friend, she ex-
ercised an influence that can never cease
to live.

"During her last illness, though a
great sufferer, she uttered no word of
complaint. Her prayer was to be re-
stored to health that she might enjoy
life with her family, yet she always
prayed, not my will, but Thine be done.

"She died, as she lived, a truly Chris-
tian woman, and beside her immediate
family, consisting of her husband, three
sons and one daughter, she leaves a
large number of friends, not so much
to mourn her loss, as to be exceedingly
thankful that she lived, loved and
moved among them.

"The funeral services were conducted
at her late home Sunday afternoon, at
2:30 o'clock, by G. B. Townsend. The
remains were taken to Live Oak cem-
etery for interment."

GREEN MOUNT HAPPENINGS.

One of Mr. Samuel Plank's children
fell in a spring last Thursday evening
and was drowned. The child was two
years old. Interment was made in the
Gettysburg Cemetery, Saturday last.

Some fine porkers are being killed in
this vicinity.

Last Friday the squirrel law was out
and quite a number of sportsmen took
advantage of the occasion. One of our
hunters shot 15 squirrels in one day.

Some of our farmers are not yet done
seeding. A great deal of corn stalk
ground is being sowed in grain.

Miss Emma Heagy, of Gettysburg,
spent some time with her parents, last
week.

Mr. James Harner, of Maryland, is
visiting his grandfather, of this place.

Mr. J. Henry Plank attended the
Hagerstown Fair, last week.

Mr. John Snyder shot 14 quail in
four and a half hours, recently. Who
can beat it?

Miners in a Bad Fix.

Two miners, named Lee and Thomp-
son, were imprisoned five hours in a
Consolidation mine near Frostburg by a
fall of coal. Lee's arm was broken and
Thompson's back badly hurt. Great
excitement prevailed, as it had been re-
ported that several men had been kil-
led, causing worry to those having rela-
tives working in the mine.

The Frederick Fair.

The great Frederick Fair was opened
Tuesday morning for four days. The
weather was delightful. President
Charles N. Hargett and Chief Marshal
P. Mehrie Hiteshaw, with their aids,
all wearing colored sashes and mounted
upon fiery steeds, preceded by the
Independent Drum Band, of Frederick
City,—twenty-five pieces,—marched to
the grounds from the city. President
Hargett, in a few remarks, declared the
thirty-seventh annual exhibition formal-
ly opened.

Grand Cavalcade.

At 10 o'clock there was a grand cav-
alcade and parade of all horses on exhibi-
tion, which was admired by a large con-
course of people from the grand stand.

There was an unusually large crowd
of people for the opening. Nearly all
the regular trains over the Baltimore
and Ohio, Pennsylvania and Western
Maryland Roads were crowded with
passengers, and all the hotels and board-
ing houses are comfortably filled.

The managers state that the exhibits
in the various departments are the larg-
est ever entered before. In nearly
every department the receipts are two
to three hundred dollars ahead of those
of last season.

Fruits and Flowers.

In the pomological department the
exhibits are as numerous again as those
of any previous year. The display of
apples, pears, peaches, grapes and
quinces is very large and fine.

Evidences of the farmers' prosperity
this season were plainly shown by the
size and fullness of the products raised
upon their farms displayed in the
horticultural and agricultural halls.
Here could be seen fine quality and
specimens of Longberry, Fultz, White,
Folcster and other wheats; yellow and
white corn in ear; oats, clover and
timothy seed; buckwheat, barley and
orchard grass in sacks on long rows of
tables. Mammoth pumpkins, white
potatoes, beets, cabbage, cucumbers,
cauliflowers, onions, egg plants and
other large garden products are exhibi-
ted in the greatest quantities.

In the machinery, farming imple-
ment, buggy and carriage departments
no premiums are given, but diplomas
are awarded. Here may be seen all
of the latest machinery of the day,
with modern improvements for the
farmers' convenience, and all the latest
style buggies for their pleasure.

The shedding for the accommodation
of horses, cattle, hogs and sheep sur-
rounds the inclosure on all four sides of
the grounds. These departments are
all full, and the display excellent, re-
presenting all the leading breeds in the
country.

Mt. St. Mary's Alumni Banquet.

The Alumni Association of Mt. St.
Mary's College, held its annual reunion
and banquet at the Carrollton Hotel, in
Baltimore, Tuesday night, and was
largely attended.

The smaller banquet room of the
hotel was arranged for the Alumni and
decorated with a profusion of plants and
flowers. The table, which formed three
sides of a square, was ornamented with
collections of flowers gracefully con-
nected by long lines of twining vines,
while the walls were adorned with flag.

Mr. John J. Rooney, president of the
association, was chairman, and the seat
of honor at his right was occupied by
Bishop Thomas McGovern, of Harris-
burg. Mr. Lawrence Gardner, of
Washington was toastmaster. The
music was furnished by Fisher's orches-
tra.

After all the present officers of the
association had been re-elected by accla-
mation a motion made by Rev. B. J.
Duffy to send a set of resolutions to
Bishop Allen, of Mobile, the former
president of Mount St. Mary's, regret-
ting his absence and expressing the
sincere regard in which he is held by
the association, was unanimously adopt-
ed, as was a motion to send a congratu-
latory telegram to Rev. Father Hill,
of Brooklyn, formerly of the college, who
is now celebrating the twenty-fifth an-
niversary of his ordination. A letter of
regret was read from Bishop Allen. A
committee composed of Rev. Dr. Byrne,
of Boston, and Messrs. Rooney and A.
V. D. Watterson was appointed to secure
a bust of Bishop Allen to be placed in
Mt. St. Mary's College.

A letter of regret was received from
Judge Jas. McSherry, who was to have
responded to the toast of "The Moun-
tain Forty Years Ago," and Mr. James
W. McElroy took his place.

Other toasts were as follows:
"The Mountain Today," Very Rev.
William L. O'Hara.

"The Mountain Priest," Rev. D. J.
Flynn.

"The Professors and the Mountain,"
Mr. Watterson.

"College Athletics," William T. Cash-
man.

It was unanimously agreed to hold
the next reunion at the college.

The officers of the association are:
President—John J. Rooney.

Vice Presidents—Thomas J. McGhee,
C. A. Grasselli, A. V. D. Watterson,
C. B. Ernst, N. Charles Burke, Joseph
Butler, Rev. P. L. Duffy, John D. La-
garde, Charles T. Hoffman, T. A.
Doran, Haldeman O'Conner, William
T. Cashman, Rev. James Callahan,
John W. McCadden.

Secretary—Rev. B. J. Bradley.

Treasurer—Very Rev. William L.
O'Hara.

Among those present from Mt. St.
Mary's College were, Very Rev. Wm.
L. O'Hara, President of the College;
Rev. Edward McSweeney, D. D., Rev.
John J. Tierney, Prof. Ernest Lagarde,
Rev. B. J. Bradley, Rev. John Mc-
Govern, Rev. Peter Coad, and Dr. J. B.
Brawner, of Emmitsburg.

Blenheim Burned.

"Blenheim," the historical home-
stead of the late Benjamin Ogle
Lowndes and one of the old landmarks
of Prince George's county, was destroy-
ed by fire Sunday. The mansion was
built in 1792 in the midst of a beautiful
grove of trees to the west of Bladen-
burg. Since the death of its owner,
Blenheim has been occupied by an old
colored servant, Sarah Matthews, and
her son, Albert Matthews. The old
colored woman worked for Mr. Lowndes
for thirty-two years, and she and her
son were allowed to remain as the
guardian of the property in accordance
with the deed's wish.

The fire broke out in the kitchen and
was discovered by Lena Dock, whose
father was also in the employ of Mr.
Lowndes and had a small house on the
place. The old woman servant was at
church, but the alarm was quickly
given and several men responded. The
fire had gained considerable headway,
and it was soon apparent that the old
place was doomed.

Dr. Pierce's Golden Medical Discovery
cures Consumption (which is Scrofula
of the Lungs), by its wonderful blood-
purifying, invigorating and nutritive
properties. For weak Lungs, Spitting
of Blood, Shortness of Breath, Nasal
Catarrh, Bronchitis, Severe Coughs,
Asthma, and kindred affections, it is a
sovereign remedy. While it promptly
cures the severest Coughs, it strengthens
the system and purifies the blood.

J. C. BERRY, one of the best known
citizens of Spencer, Mo., testifies that
he cured himself of the worst kind of
piles by using a few boxes of DeWitt's
Witch Hazel Salve. He had been
troubled with piles for over thirty years
and had used many different kinds of
so-called cures; but DeWitt's was the
one that did the work and he will verify
this statement if any one wishes to
write him. Geo. W. Ogle & Son.
