

NO OFFICIAL INFORMATION.

The mystery surrounding the destruction of the battleship Maine, in Havana harbor, is still unknown to the public.

The Senate on Tuesday adopted a resolution providing for the erection in Statuary Hall, Washington, of a bronze memorial tablet, commemorative of the officers and sailors who lost their lives in the Maine disaster in Havana harbor.

A MILLION FOR SHELLS.

One of the most significant developments which has yet transpired in connection with recent preparations for an emergency was the award by the War Department Tuesday of contracts for \$1,000,000 worth of projectiles for the new high-power guns, mounted in the coast fortifications.

An unusual feature of the award is the fact that it has been made in advance of congressional authority, and it can, therefore, be considered in no other light than as an emergency step.

Agreements were entered into between General Flagler, chief of ordnance, and C. J. Harrow, representing the Midvale Steel Works, of Philadelphia; C. Y. Wheeler, of the First Sterling Company, Pittsburgh, and Judge Mayor, of the Carpenter Steel Company, Reading, Pa.

Telegraphic instructions were sent to have the work begun without delay. There will be about 5,000 shells of eight, ten and twelve-inch calibers.

A HARVARD MAN'S LONG LEAP.

A fire which broke out Monday in the Hilton block, on Massachusetts avenue, near Harvard Square, Cambridge, Mass., caused \$30,000 damage.

The block is a five-story structure, the upper part of which is used as a dormitory by Harvard men.

He climbed out a window and stood upon the sill, while thick, black smoke rolled all about him.

Mr. Henney jumped from his perilous position, but did not strike the net squarely, and it sagged, allowing him to strike the ground.

TO SEND SUPPLIES TO CUBA.

Secretary Long has decided to send the Montgomery and the Nashville to Cuba with forty or fifty tons of provisions for the relief of the suffering reconcentrados.

The Montgomery will take supplies to Matanzas and the Nashville supplies to Sagua la Grande.

The vessels will not stop in Cuban waters, but will return immediately after delivering their supplies, which were furnished by the New York Cuban Relief Committee.

It was represented to the Navy Department that great distress prevails among the people in the vicinity of Sagua la Grande and Matanzas, on the northern coast of the island, and that difficulty is experienced in sending supplies there because of the infrequent visits of the merchant ships.

On this account and because of the immediate demand for supplies at the point indicated, the officers of the Cuban Relief Association, requested the Secretary of the Navy to authorize the use of one or more of the warships at Key West in the transportation there of food supplies contributed by the charitable people of the United States in response to the appeals of President McKinley and Secretary Sherman.

Secretary Long conferred with the President on the subject, and it was decided to comply with the request.

Although the mission assigned to the warships will take them both within a short distance of Havana, estimated at from two to four hours, it is stated that neither vessel will visit the Cuban capital.

Mr. JOHN ROSS, brother of the late Wm. J. Ross and uncle of Mr. Charles W. Ross, of Frederick, a patient at Montevue Hospital, died Wednesday night at 8 o'clock from old age. He was aged 83 years, 10 months and 16 days. Deceased was born in Frederick county but resided in Baltimore county for quite a number of years.

Mr. and Mrs. Henry Stokes, of this place, were married fifty years on Wednesday. They celebrated the golden anniversary of their marriage, in a quiet and unostentatious manner. The Chronicle extends its congratulations, and wishes Mr. and Mrs. Stokes many more years of blissful married life.

The body of an unknown man was found on the Baltimore and Ohio Railroad track Sunday morning, about two miles west of Brunswick, with fractured skull, both legs and one arm broken. Papers found on him show that his name is Simon B. Waldo, of Cleveland, Ohio, and that he has a daughter, Mrs. A. C. Wren, of No. 2824 N street, Richmond, Va.

Mr. and Mrs. Clark Schaffer, of Mt. St. Mary's, recently gave a card party in honor of Mr. Schaffer's sister. Miss May Schaffer, of Frederick. The evening was pleasantly spent in music and games.

A two-year-old daughter of Frank Bartholow, Lewistown, this county, was nearly scalded to death last Thursday. Her mother was boiling a piece of meat, and during her temporary absence the children threw a string around the pot to play horses. The pot was pulled over on the baby, scalding her from her hips down. Medical aid was summoned, and when her clothes were removed the flesh was taken from the bones in places. The child's life is despaired of.

Mrs. Mary A. Shorb, who spent several weeks visiting Mrs. Isabella Troxell, in this place, has returned to her home near Keysville, Md.

Mr. Simon Lohr, of Thurmont, was in town on Tuesday. Miss May Schaffer, who was visiting her brother, Mr. Clarke Schaffer, has returned to her home at Frederick.

Mrs. A. A. Heck made a visit to Hanover this week. Miss Gertrude Annan is visiting in Hanover.

In the Washington County Court on Tuesday, the jury after being out but thirty minutes, found Thomas Barry, Samuel Newcomer, Odd Sharar and Harry Loy guilty on all five charges of malicious mischief and desecrating Riverview Cemetery, Williamsport. The courthouse was packed when the verdict was rendered. The verdict was received amid murmurs of approval from the large audience. The jury only took one ballot. Three of the counts charged malicious mischief and two of the charges were for desecrating the cemetery.

The Court reserved its sentence. CONVICTIONS AND SENTENCES. In the Circuit Court for Frederick county, on Tuesday John Wesley Taylor was found guilty of assault and battery and sentenced to the House of Correction for eight months. Lewis Maddox, colored, who was arrested in Baltimore in January, pleaded guilty to assaulting John Ghue with a pick handle in November and was sentenced to the House of Correction for eight months. Harry Dasey pleaded guilty of grand larceny and was sentenced to the penitentiary for two years. William Gray, charged with carrying concealed weapons, pleaded guilty and was sentenced to five days in the county jail. Charles Price pleaded guilty to carrying concealed weapons and was committed to jail for thirty days.

INDIGNANT FARMERS. The farmers institute for Frederick county met in the grand jury room of the courthouse at Frederick city and took action upon the Grain and Produce Dealers' Association of Frederick and Carroll counties, which was organized at the Entwaw House, in Baltimore, on the 4th inst., with A. D. Birely, of Ladiesburg, Frederick county, chairman, and E. E. Reindollar, of Taneytown, secretary.

The meeting was the largest and the most enthusiastic that has been held by the farmers of this county, about 250 representative men being present from all sections of the county. Mr. D. Columbus Kemp, one of the most prominent farmers of the county and president of the institute, presided. A number of speeches in opposition to this grain association were made of a mild and conservative character, yet very positive as to the rights and protection of the tillers of the soil.

The following resolution was passed by an unanimous vote: "We notice that a few weeks ago a meeting was held in Baltimore to form a State organization of produce dealers, threatening all commission men that buy of farmers to cease or be boycotted by them.

"We, the farmers of Frederick county, denounce in the most severe terms any organization or set of men that will try to compel the farmer to sell his produce to any man or set of men at their own price."

The meeting authorized the executive committee to arrange for their annual meeting to be held at the fair grounds in August next.

DEATH OF MR. JOHN T. B. JACKSON. Mr. John T. B. Jackson, well-known throughout this community, died on last Sunday at the home of Mr. Joseph Rider, near town. He had been in feeble health for sometime. The deceased, who was a son of the late Mr. and Mrs. John Jackson, was born near Woodsboro, this county, on November 14, 1805, which would make him 92 years, 3 months and 13 days old at the time of his death. Mr. Jackson belonged to a family noted for its longevity. His father was 97 years old at the time of his death, and his mother reached the remarkable age of 105 years. Mr. Jackson was twice married. His first wife died many years ago. He is survived by his second wife and the following children by his first marriage: Mrs. David Ling, Mrs. Susan Roddy, Mrs. Rebecca Noel, Mrs. Ann Hamrick, and Mr. John Jackson, all of whom reside in this community. The deceased is also survived by an aged sister who resides in Frederick.

The funeral services were held in St. Joseph's Catholic Church on Tuesday morning, Rev. E. J. Lefevre, officiated. After the services at the church his remains were interred in the cemetery at Mt. St. Mary's College.

GRAIN AND PRODUCE DEALERS. The Grain and Produce Dealers' Association of Frederick and Carroll counties, which was organized in Baltimore February 14, with A. D. Birely, of Ladiesburg, chairman, held their second meeting at the City Hotel Frederick, Wednesday. The officers were continued and Mr. Birely presided at the meeting, at which about a dozen members were present. After the meeting Mr. Birely said only business of a private nature was transacted, and as their objects and purposes had been misstated through the press by articles from their members and the farmers themselves, they deemed it best not to disclose the nature of their business at this time.

"However," said Mr. Birely, "at the proper time, in the near future, we will announce the true objects and purposes of our association, which we feel confident will meet with the approval of the farmers, as it will be for mutual protection to both them and us. I regret to see the objects and aims of our association, which are very laudable ones, should have become misunderstood."

WHENEVER there is a stoppage of the bowel-action, help should be given immediately. Usually a mild, gentle laxative is all that is necessary. A violent, wrenching, griping cathartic is never needed. Dr. Pierce's Pleasant Pellets are the most pleasant and successful remedy for occasional or chronic constipation, or costiveness. They are tiny, sugar-coated, anti-bilious granules, that even the smallest child can easily take. They act in perfect accord with Nature and produce no gripping or other disagreeable feeling. They should be taken at the first indication of digestive trouble. They stop sour stomach, belching, "heart-burn," flatulence and sickheadache. They cure constipation permanently. You can stop taking them after the bowels are thoroughly regulated. Their help lasts. You do not become a slave to their use, as with other pills.

NEW POWER HOUSE AT MIDDLETOWN. The machinery in the new power house of the Frederick-Middletown Electric Railroad, near Middletown, was put in operation on Saturday. The current was turned on at 2 o'clock and everything worked finely. Large crowds were at the power house Sunday to see the machinery at work. The main building is of frame, 4x80 feet, and the boiler-room, of stone, 40x40. The generator is of 400-horse power capacity and the engine in use at present is a 200-horse power Wright compound Corliss. This is expected to be replaced later by one of 400-horse power capacity. The boilers are 20 feet long and 72 inches in diameter.

GOLD IN ALLEGANY. Buried California gold has been unearthed at various times during the past four years on the farm of the late County Commissioner L. V. Alberton, on Green Ridge, Allegany county, six miles south of Okonoko, on the Baltimore and Ohio Railroad. On Saturday Mertens Alderton found \$10, and on Sunday Ella, the ten-year-old daughter of John Alderton, with a stick, unearthed \$70, and James Twigg a seven-year-old boy, \$30 more. The gold is very yellow, and consists of tens and twenties dated from 1852 and 1853, and is inscribed: "United States assay office of gold, San Francisco, Calif.," and three pieces were sold by weight to the First National Bank, Cumberland, Tuesday. Mr. John Alderton, partial owner of the farm on which the discovery was made, stated that the gold was probably buried by Virginians, who had fled to Maryland at the time of the war to escape the conscription. His father, though a native Virginian, was a strong Union man, and Union people from Virginia frequently sought his place. It is likely that some of these people buried the money, returned to Virginia and either were killed or because of some circumstances were never able to return for it. At the time of the building of the Chesapeake and Ohio canal, in the early fifties, a well-defined path run over Green Ridge, near where the gold was found. It is thought by a number that some one connected with the construction of the waterway buried the gold near the path, which has long since been eradicated.

WASHINGTON'S BIRTHDAY CELEBRATION. For the Chronicle. The young people of Emmitsburg celebrated the 22d of February in a fitting manner under the auspices of Emmitsburg Social Club, in Jr. Mechanics Hall. The guests were all in costumes of bygone days. Many of the ladies appearing in the rich silks worn by their grandmothers 50 or 70 years ago. The gentlemen appeared in colonial costumes. The hall was tastefully decorated with flags, and the young people in their quaint costumes looked very attractive and seemed to the beholder as though the olden times had stepped from the engraving into real life. The evening was spent in sociability and dancing. Refreshments were served in the hall. Among those present were: Mrs. Geo. H. Cook, Miss Helen Annan, Miss Emily Annan, Miss Sarah Annan, Miss Alice Annan, Miss Anna Annan, Miss Clara Banker, Miss Helen Hoke, Miss Hattie White, Miss Mary McNeil, Miss Ruth Hoke, Miss Bessie Hoke, Miss Marian Hoke, Miss Eva Shulenberger and Miss Rachel Shulenberger. FAIRFIELD, March 1.—Mr. James Currens, who lives about Fairfield in the mountain, one day last week while going to the barn at Mrs. James Biglam's, was shot by some unknown party, who was perhaps, trying to steal corn. Mr. Currens shot five times at the supposed thief in the darkness, while the other party shot six times, but only one shot taking effect in Currens' leg. People should be on the lookout for these kind of visitors.

Miss Lottie M. Shulley, is convalescent. She is able to sit up on a chair, and is fast improving. Mr. Henry L. Keener, who has been in York county for the past two weeks, spent Sunday with his family. Mrs. W. J. D. Scherer, of Fairfield, is visiting at Waynesboro.

Wm. Heysor, whose sale came off on last Thursday amounted to nearly \$1,000; cows sold as high as \$50 per head, horses \$50 and \$52, corn sold at 40c. and 42c. per bushel with nine months' credit.

BAKERSVILLE. Bakersville is getting to be quite a business place. We have a Squire, two pump makers, one blacksmith, one shoemaker and two carpenters. A hospital and church will soon be needed. Squire Bouey is on the sick list. Being elected squire seems to have agreed with him.

Mrs. Shorb was confined to the house for ten days or more with a severe cold. We are glad to report she is out again. The grain about the village is not in a very good condition, owing to so much rain and freezing.

Mr. Daniel Shorb and Mrs. Howard Miller and Ruth took a trip to Waynesboro, where they visited Mr. Shorb's sister, Mrs. C. Beard, and also his daughter, Susan Shorb.

Mr. Wm. Topper will leave our village this spring. Our schools close the 18th of March. High taxes, short school sessions.

GEORGE M. STECKMAN DEAD. The following account of the death of George M. Steckman is taken from the Bedford, Pa., Gazette, of February 25: "George M. Steckman died at the Pennsylvania hospital, Philadelphia, on Monday, February 21, of typhoid pneumonia. He was a son of Mr. and Mrs. Valentine Steckman, of this place, and was born in Bedford on June 19, 1834. For many years he assisted his father in conducting the Union Hotel and afterward embarked in the grocery and confectionery business. For a number of years he was the leader in that line here. In February, 1889, deceased was elected chief Burgess of Bedford borough by a large majority. He filled this important office with great credit. During the time he lived here he was an active member of the Bedford Fire Company, always holding a prominent position in that organization.

"About five years ago Mr. Steckman removed to Newville and conducted a hotel there for several years. Subsequently he went to Philadelphia, where he remained until called to his eternal home. George M. Steckman was a genial, whole-souled young man and had a wide acquaintance throughout the county. He was a member of the Catholic Church. In politics, he was a Democrat and frequently was a delegate to the State convention. His body was brought home from Philadelphia on Wednesday and buried in the Catholic cemetery. The funeral services were held in the St. Thomas Roman Catholic Church yesterday morning at nine o'clock. He is survived by his wife, his father and mother, one brother, James, of Bedford, and the following sisters: Mrs. Corboy, Mrs. George A. Calhoun, Misses Alice, Ettie, Katie, of Bedford, and Mrs. Charles Spicer, of Lancaster."

Mr. Steckman was well-known in this place, having been proprietor of the Emmitt House for a short time in 1893. On September 27, 1894, Mr. Steckman married Miss Lillie Hoke, daughter of Mr. and Mrs. Michael Hoke, of this place. Their married life was one of unhappiness, brought about by business reverses and other unfortunate circumstances, which finally terminated in their separating. Mrs. Steckman now resides at Carlisle, Pa.

CONSUMPTION is a disease caused by impurity of the blood, and the first thing to be done in its treatment is to make the blood pure, rich and wholesome. That is half the battle. The other half is the impregnation of the blood with cleansing, healing, invigorating medicines. Dr. Pierce's Golden Medical Discovery does both. It first puts the whole digestive system into perfect order, rids it of all impurities, and from the vantage ground so gained, reaches out to every fiber of the body and restores all to perfect vigor. It cures many diseases, simply because many diseases spring from a set of common causes. The same disorder may lead to different symptoms in different people. What might be only a little indigestion in one person, may combine with a slight cold in another and result in consumption. A treatment that tones up the whole system is always the safest. A medicine that is good for the general health is pretty sure to cure ordinary disease.

Many People Cannot Drink coffee at night. It spoils their sleep. You can drink Grain-O when you please and sleep like a top. For Grain-O does not stimulate; it nourishes, cheers and feeds. Yet it looks and tastes like the best coffee. For nervous persons, young people and children Grain-O is the perfect drink. Made from pure grains. Get a package from your grocer to-day. Try it in place of coffee. 15 and 25c.

Montevue Managers Appointed. The Board of Charities and Corrections of Frederick county met at Montevue Hospital Saturday and appointed the following officials for that institution for two years: Superintendent, Fuller B. Rice, of Buckeystown; matron, Mrs. Fuller B. Rice; physician, Dr. Harry P. Fahrney; baker, Silas T. Rickerds; night watchman, Harry E. Snook; tramp boss, Martin L. Kauffman; butcher, Charles Dertzbach. They are appointed on Tuesday, William Phlegger, farmer; Wm. Betson, fireman, and Josias C. Cain, cook.

ELECTRIC RAILWAY PROJECT. Our esteemed contemporary, the Thurmont Clarion has again brought before the people the subject of building an electric railway from Frederick to Thurmont and on to Emmitsburg. By many persons this subject is treated in a light manner, possibly believing that it is a dead issue, but we can assure them that such is not the case, and the project is the foremost thought in the minds of many persons possessed with vim and energy, and we believe it is only a matter of time until this most worthy project will be brought to a grand consummation. By keeping "ever lastingly at it" is bound to bring success, and once the road is built and put in first-class running order, the people will wonder how they ever managed to do all these years without the road. We hope no one will be indifferent about this subject, but put their shoulders to the wheel and all push in the same direction and the work will surely be accomplished.

THE FIRST STEPS. The Clarion of February 24, says: Acting upon the suggestion of one whose advice is worth heeding, preliminary steps will be taken within a week to secure a meeting for the discussion of project of building an electric railroad from Frederick to Thurmont, Mt. St. Mary's and Emmitsburg. If the newspapers at these points give the movement the benefit of their very best efforts, there will be little difficulty in determining whether or not it is possible to effect it. We are credibly informed that the Williamsport portion of the Hagerstown electric railroad is very profitable, and it competes directly with a steam railroad: surely the Tuscarora and Fishing Creek Valleys, Lewistown, Catoctin Furnaces, Thurmont, Mt. St. Mary's and Emmitsburg and a steam railroad crossing it, are vastly more than an equivalent of Williamsport and the lesser mileage.

The accomplishment of this thing is possible; we would not compromise our own dignity and self respect by advocating that which we believe to be impossible; neither do we belong to that consequential class who decline to touch any save sure things, for fear their standing as men of great perspicacity and unerring judgment suffer; we are willing and ready to advocate and in our way aid any good and legitimate movement that it is possible of achievement; we do not ask that success be assured in advance, only that it be, within reason, possible, and the building of this railroad may be fairly so classed.

SIGNED BY THE GOVERNOR. Governor Lowndes settled any doubt that may have existed in connection with the act changing the name of the Sheppard Asylum to the Sheppard and Enoch Pratt Hospital for the insane by approving it Wednesday afternoon. The bill is, therefore, now a law. The Governor had until Tuesday next to consider the question of approval, but he chose to end all doubt by decisive action Wednesday. He was warmly congratulated and complimented on his decision.

The Governor also approved the act to sanction an agreement between Wildard C. Keller and the mayor and aldermen of Frederick city, made in January, 1894. This agreement is a contract guaranteeing exemption from town taxes of a strip of land 240 feet wide and 900 feet long, lying in Frederick county, contiguous to the southern part of Frederick city, near the School for the Deaf and Dumb, for ten years. When the contract was made Mr. Keller proposed to improve the property and he has since built upon it six houses and laid out a fine street. It was agreed if he did this and the territory was subsequently taken into the corporate limits he would enjoy exemption from municipal taxation for ten years from January, 1894. It was also stipulated that whenever the land was annexed to the city of Frederick Mr. Keller should be paid the cost price of the street he had laid off. The act sanctioning and confirming the contract was introduced by Delegate Chapline. The Governor had doubts about the constitutionality of the act. He said he thought it was special legislation and might be against public policy. Therefore, he consulted Attorney-General Clabough, and after going over the whole matter was advised to approve it.

GREEN MOUNT HAPPENINGS. After a prolonged visit at Gettysburg, Miss Buhla Bowers has returned home. Dr. A. M. Kalbach's steam saw mill has finished sawing on the tract purchased from James Harner. Wheat looks rather bad in some places, but we hope the winter is about over.

Mr. Geo. Bowers cut a piece off his thumb whilst doing some work for Mr. Geo. Young. Mr. John Snyder, who has been in bad health, is greatly improved. Mr. I. Rummel, of Granite Hill, made a business trip to this place. Miss Emma Heagy is visiting at Mrs. D. Mummert's, at Fairfield. Whilst Miss Ella Fissel, of Gettysburg, was visiting her aunt, Mrs. Geo. McDonnell, a party was given in her honor.

Miss Helen McGuigan is reported sick, as is also two of J. H. Plank's children. Mr. Samuel Heagy is visiting in Millersburg.

A Relief Association. A relief association has been organized among the members of the Crawford Bicycle Works, Hagerstown, which is now employing about seven hundred hands, for the purpose of giving aid to the indigent workmen and the families of indigent workmen who may die. One man from each department of the factory will comprise the committee to effect a permanent organization.

MARCH LADIES' HOME JOURNAL. The March Ladies' Home Journal contains the latest literary production of the late Alice Wellington Rollins. It is a humorous character sketch—"How Philippa's Husband Made Her Smile." Mrs. Burton Harrison, writes of "When Fashion Graced the Bowery." Lillian Bell relates the amusing experiences of her yachting voyage on the English Channel and a "Cabinet Member's Wife" gets closer and closer to Washington society. "In Fashionable Siberia," Thomas G. Allen, Jr., presents the bright, interesting side of life in that boundless Asiatic province, uprooting many erroneous ideas concerning it.

Every one will enjoy seeing "The Author of 'Titus, a Comrade of the Cross,'" at home, and will be interested to learn how she came to be a writer. "The Decay of the Sunday-School" is critically analyzed by Edward Bok, who reveals the cause and prescribes the remedies. The concluding chapters of Hamlin Garland's noselette, "The Doctor," are published in the March Journal. Easter hats and bonnets, jackets and wraps, and the newest spring gowns are also practical special features, and very timely ones. By The Curtis Publishing Company, Philadelphia. One dollar per year; ten cents per copy.

FIRE IN HANOVER. The largest fire in Hanover for the past fifteen years broke out at an early hour Sunday morning and completely destroyed the immense Extract Mills of the John S. Young Company, Limited. Five large buildings, together with stock and valuable machinery, were totally destroyed. The wind was high, and for a time nearly all the adjoining, as well as several buildings over the town, were on fire. The loss is estimated at \$30,000, covered by insurance. The fire is supposed to be of incendiary origin. Several tramps were refused shelter by the engineer when he closed the boiler rooms Saturday evening. They left vowing vengeance. Officers are now on their trail.

Modern Treatment of Consumption. The latest work on the treatment of diseases, written by forty eminent American physicians, says: "Cod-liver oil has done more for the consumptive than all other remedies put together." It also says: "The hypophosphites of lime and soda are regarded by many English observers as specifics for consumption."

Scott's Emulsion contains the best cod-liver oil in a partially digested form, combined with the Hypophosphites of Lime and Soda. This remedy, a standard for a quarter of a century, is in exact accord with the latest views of the medical profession. Be sure you get SCOTT'S Emulsion.

BEFORE THE RAILROADS.

When Philadelphia Was the Greatest City in the American Colonies.

In 1774 Philadelphia was the largest town in the American colonies. Estimates of the population, which are all we have, differ widely, but it was probably not far from 30,000.

Thanks to the energy and genius of Franklin, Philadelphia was paved, lighted and ordered in a way almost unknown in any other town of that period.

There in Philadelphia was the center of the postal system of the continent, and the recently established mail coach called the "Flying Machine," not in jest but in praise, performed the journey to New York in the hitherto unequalled time of two days.

When barrel organs, once the usual accompaniment of the magic lantern, came into use, a native of the province of Tende was one of the first who traveled about Europe with this instrument.

FRENCH MARRIAGES.

MATRIMONY THE GREAT OBJECT TO ALL GIRLS OF FRANCE.

Customs In This Particular Have Changed Radically—At the Present Time the Personal Inclinations of Young Women Are Considered.

Miss Anna L. Bicknell is an English lady who has had most unusual opportunities for studying French life.

The old marriage of convenience, which caused so much sorrow and consequent evil in former days, when a girl was taken out of a convent to be shown the man to whom she was about to be married, is now a thing of the past.

The great object of the French girl's life is marriage. From the time of her birth her parents have prepared for this event, and in many cases they have considerably straitened their income and curtailed their enjoyments to make up her dot.

When a girl is of age to be introduced into society, her friends and relatives immediately look out for a suitable husband, whom it is considered highly desirable to obtain before she has reached the age of 21.

More frequently, especially in the higher classes, a sort of cool friendliness springs up, where they see but little of each other, and freedom is enjoyed on both sides.

But their best and warmest feelings are awakened by all that concerns their children. French parents are perhaps the most affectionate in the world.

OLD CATERER ON TERRAPIN.

When It Is Ready, the Satisfaction Is In "Having It All Yourself."

James Prosser, a famous colored caterer of this city, dead long ago, furnished the following formula for preparing and serving terrapin, which was published in a gastronomic journal at the time when he was on earth.

"You can't enjoy terrapin unless the terrapin is nippin. Temperature and terrapin go hand in hand. Now, as to your terrapin. Bless you, there is all the difference in the world in them.

WHAT SHE MOST RESENTED.

She Could Readily Forgive and Forget Most Anything But This.

She swept into the office of the manager with cyclonic perturbation. Anybody could see from the haughty superiority of her manner that if she was not yet a star she fully intended to be one.

"Have you read that cruel article about my husband applying for a divorce?" "Yes—that is to say, I glanced over the headlines."

"Now, take my advice and keep away. It won't do you the least bit of good." "But don't you think I have a right to complain?"

"Do you think the papers in all of the cities printed that?" she inquired. "In all probability they did. I'm sorry for the worry it must cause you."

"That isn't the worst either," she said, with a heart-breaking sob. "They spelled my name wrong!"—Detroit Free Press.

When I had come to her, she lifted up her hands and pronounced my name, that was all, and then her arms were about my neck, and my old blue overcoat was wet with her falling tears.

TEAS AND TEAS.

Things Once Used or Now Used as Substitutes For the Chinese Herb.

Of course every one knows that we drink a good deal that isn't tea when we drink a cup of tea. We drink—or are supposed to drink—some tea, some lead and some straw.

"I could have borne that," she murmured. "And I can understand it was very annoying to have it said that you put him out of a cab one night and made him walk three miles to the depot."

"That was not the crudest part of it, though." "And it was naturally embarrassing to have it asserted in cold type that in a fit of jealous pique you knocked him down and then jumped on him."

"Do you think the papers in all of the cities printed that?" she inquired. "In all probability they did. I'm sorry for the worry it must cause you."
