THREE TRAINS WRECKED.

PHILADELPHIA, DEC. 12.—A disastrous freight wreck, resulting in the death of three men and the destruction of about 30 cars occurred early today on the New York division of the Pennsylvania Railroad between Plainsboro and Princeton, N. J.

Engineer Speigler and Fireman Henicker were killed and brakeman Zogbaum died later from his injuries.

Three trains were damaged in the accident. The first (westbound) parted and the rear cars crashed into those ahead. Before the tracks could be cleared an eastbound train ran into the wreck, and was soon followed by another freight going the same direction.

It was the engineer, fireman and brakeman of this train that were killed. The wreck caused a delay of several hours to passenger trains.

The accident was the most peculiar one. A car in the middle of one freight broke a wheel or axle and jumped the track. The next car followed. There was a freight train passing in an opposite direction on the other track. The cars that left the track came up against this freight with much force, throwing a dozen or more cars from the rails and completely blocking the road.

Engineer Speigler's train was following closely behind the train that had been bumped into and he thought he had a clear track. The morning was foggy and it was impossible for him to see any distance ahead of him. His engine crashed into the rear cars of the freight that had been running ahead of him, and he and his fireman were killed.

The dead engineer lived in Jersey City, while his fireman lived in Newark. Henry Zogbaum of Elizabeth, the head brakeman of Engineer Speigler's train, was in the locomotive with him when the accident occurred. He was scalded by hot water. He was sent to the hospital in New Brunswick, where he died.

The train which met with the original accident was eastbound, while the two other trains were running on the westbound track.

FRANK LETTERMAN, of Milesburg, near Bellfont, Pa., has heard from his son, T. S. Letterman, now a gold miner, near Missoula, Mont., that the latter has sold for \$45,000 a very small interest in his mine in the So-So Lode, retaining large enough holdings to clear nearly \$100,000 a year. The son was getting but \$1.15 a day as a coal miner near his home six years ago.

Much complaint is being made about the winter schedule of mails in Frederick. The mail from Baltimore, bringing the papers, due at 6.55 A. M., is often late, and not reaching the postoffice on time, the carriers make their deliveries and allow the papers to lay in the office until the noon delivery. The mail from Baltimore reaching Frederick at 4.05 P. M., is not delivered the same evening.

The Directors of the Mint reports that the gold coinage of the United States in the fiscal year ended June 30 last was the largest in its history. The Director says the gold production of the world is steadily increasing, and may soon reach \$400,000,000 a year.

In all stages of Nasal Catarrh there should be cleanliness. An experience proves Ely's Cream Balm is a cleanser, soothe and healer of the diseased membrane. It is not drying nor irritating, and does not produce sneezing. To test it a trial size is mailed for 10 cents or the large for 50 cents by Ely Brothers, 56 Warren Street, New York. Druggists keep it. Upon being placed into the nostrils it spreads over the membrane and relief is immediate. It is an agreeable cure.

SOMETHING FOR THE NEW YEAR.

The world-renowned success of Hostetter's Stomach Bitters, and their continued popularity for near half a century as a stomachic, is scarcely more wonderful than the welcome that greets Hostetter's Almanac. This medical treatise is published by the Hostetter Company, Pittsburg, Pa., under their own immediate supervision, employing fifty hands in that department. The issue of same for 1900 will be over eleven millions, printed in nine languages. Refer to a copy of it for valuable and interesting reading concerning health, and numerous testimonials as to the efficacy of Hostetter's Stomach Bitters. The Almanac for 1900 can be obtained, free of cost, from druggists and general country dealers in all parts of the country.

Mr. J. ROGER McSHERRY is urged by his friends for the office of Secretary of the Senate. He held this office in 1896 and filled it most acceptably. He was not only prompt and competent, but most courteous and obliging. The largest deposit of iron in York county was found last Friday on the farm of Samuel H. Bechtel, of Hanover, located near Menges Mills. The ore is in a hill of almost ten acres and is 100 feet above the water level. Twenty-five shafts have been opened and every shaft yet put down struck the ore and at many places at a depth of 50 feet. The ore beds will be extensively operated and at least fifty men will be given employment at once.

ACCIDENT TO A BOY.

Albert Thompson, aged about 14, son of Jackson Thompson, of Ednor, Montgomery county, met with an accident in Washington city Saturday afternoon which will probably prove fatal. The boy was riding a wheel and at the corner of Thirteenth and L streets he was thrown violently in the street, his head striking the curb. He was taken to the Emergency Hospital, where he now lies in a precarious condition—skull fractured and unconscious.

FORTUNE FOR A DREDGER.

Information has been received that he will fall heir to \$90,000 from this aunt.

Production of "The Deacon."

For The Chronicle.

A large and appreciative audience attended the production of Horace C. Dale's masterly play entitled "The Deacon," at Spangler's Opera House, on Thursday evening, December 7. The cast was composed entirely of home talent. The thespians are to be congratulated on their excellent acting. Their naturalness—which after all is but the perfection of art—was especially noticeable. An excellent orchestra rendered selections between the acts.

SUICIDE BY SHOOTING.

John Sachs, of Mountjoy township, committed suicide last Friday morning in a field near his home by shooting himself in the breast with a shotgun. No cause for the fearful deed is assigned, though it seems that he complained to his wife of having some trouble.

Deceased was aged about 48 years. He is survived by a wife and two daughters. He was a brother of Henry Sachs, also of Mountjoy township.

An inquest was held by J. A. Apple, J. P., on Friday afternoon.

The funeral services were held Sunday afternoon from Grace Reformed church of Two Taverns, of which the deceased was a member.

About 7 o'clock Wednesday evening of last week a bold attempt at highway robbery occurred in the Big Pines, about four miles above Rockville. Mr. John Ball, a clerk in Mr. Perry's store at Potomac, was driving along the road. At a very lonely point a negro grabbed his horses, and another with his revolver pointed at Mr. Ball's head demanded his money. Ball responded by quickly drawing his pistol and opening fire. The negroes also began firing, but they finally withdrew. One of them fell into a ditch on the roadside and lay there as if he had been wounded.

POSTOFFICE THIEVES.

Thieves again entered the postoffice in this place on Monday night. This time they gained an entrance through a window in the rear of the office. The thieves searched the letters in the hope of obtaining money. The office floor was covered with letters, which had been torn open, and many opened letters were found in the lot in the rear of the postoffice. These letters had laid in the rain for several hours and were in a bad condition. It will be remembered that an unsuccessful attempt was made to rob the postoffice in this place on November 3d, at which time an attempt was made to blow open the iron safe in the office.

SEVERAL BURGLARIES.

Three strange colored men made a systematic attempt at wholesale burglary in Laurel on Thursday night of last week. The business houses of Messrs. C. F. Shaffer, H. C. Frost and George E. French, and the office of the Baltimore and Ohio Railroad were broken into, but very little has been missing from any of the places, the object of the burglars apparently being to secure money, and failing to find that they decamped. Several pairs of gloves were missing from the store of Mr. H. C. Frost, and they aided in the capture of one of the thieves. About 8 o'clock last Friday morning Constable Harrison, of Bladensburg, saw a colored man coming down the road with a new pair of gloves on and several pairs protruding from his pockets, and he arrested the man, who made a full confession, implicating two other unknown colored men. The captured man gave his name as Jones, and stated he was from North Carolina. He was committed to jail in default of bail.

STAMPS MUST BE MUTILATED.

Mr. William P. Rice, deputy internal revenue stamp collector, has received from the United States Treasury Department a copy of a new order which requires that internal revenue stamps be mutilated by the collector or any larger denomination must be mutilated, in addition to having the date and the initials of the name of the person using the stamp written upon it. It has been found that the department has been defrauded by persons washing the writing from canceled stamps and the new order is intended to prevent fraud of this character. The order is as follows: "In all cases where a documentary stamp of the denomination of 10 cents or any larger denomination shall be used, denoting any tax imposed by the act of June 13, 1898, the person using or affixing the same shall, in addition to writing or stamping thereon, with ink, the initials of his name and the date when affixed, mutilate said stamp by cutting three parallel incisions lengthwise through the stamp, beginning not more than one-fourth of an inch from one end thereof and extending to within one-fourth of an inch of the other end."

A LINEMAN'S AGONY.

Persons passing along Centre street, near St. Paul, Baltimore, witnessed a thrilling sight about 4 o'clock Monday afternoon. Their attention was attracted by the piteous cries of agony of a lineman on the cross arm of a tall telegraph pole. He had caught hold of a live wire and being unable to let go the electricity was burning his hand and contorting his body with paroxysms of pain.

He was in imminent danger of falling to the street below when a comrade on the pole leaned over him and with his foot pushed the wire away from him. The poor fellow had scarcely strength enough left to cling to the crossarm and would have fallen had not his comrade held him.

Through the crowd another lineman wearing climbing spurs dashed and rapidly ascended the pole to assist in caring for the luckless telegrapher. He held him on the cross arm for fully 15 minutes until he regained his strength sufficiently to descend, assisted by them and with a rope tied around him to prevent him falling. His hands were painfully burned.

NOTICES OF CONTESTS.

All the Democratic candidates in Anne Arundel county (except Dr. Elijah Williams, who was declared elected as State Senator), have served notices of contest on the Republican candidates returned elected in November, but for the present only the Sheriff will apply for a recount, and upon the result in his case will depend the future action of the other contestants.

The grounds upon which the contest is based will be fraud, it being alleged that a large number of ballots for the Democratic ticket were rejected; that there was erroneous count in some districts, and that the party emblem on the Republican ticket was changed by one of the Supervisors of Election before the ballots were printed, which made it resemble the Democratic emblem.

BOLD ROBBERY.

One of the boldest robberies in the history of Franklin county occurred last Tuesday morning at Fayetteville, Pa. The Flour mill of Henry Roth, in the centre of that village, was broken into by a gang of six men, presumed to be tramps, and a 900-pound sack wheeled 150 yards back of the mill.

The men broke the door off the safe and stole over \$100 in cash, a number of checks and other valuable papers and then left, with no clue by which to follow them.

Oscar Mundorff and Roy Snively, youths of about 18 years of age, slept in a room in the mill, and hearing the noise awoke and listened to the robbery. Because of the number of the robbers they wisely stayed upstairs, but gave the alarm when the robbers had gone.

"THE DEACON."

"The Deacon," a comedy in five acts, was given in Spangler's Opera House, in this place, on Thursday evening of last week under the auspices of a company of dramatic performers, composed entirely of home talent. The hall was crowded with an appreciative audience, who were well pleased with the excellent manner in which the entire play was rendered. When it is considered that all the actors are amateurs, and how well they rendered their respective parts, they are deserving of the highest praise.

The cast of characters follows: Deacon Thornton, Mrs. Thornton's Brother-in-Law, with a passion for lemonade with a stick in it, Dr. J. McC. Foreman; George Graeff, Mrs. Thornton's nephew; Roy Whitmore; George Darrah, alias Matt Wheeler, Bennett Elder; James Reed, a friend of Darrah's; Marshall Fietz; Pedro, an organ grinder, Marshall Fietz; Parson Brownlow, Marshall Fietz; Pete, Mrs. Thornton's servant, Gelb Seabour; Billy, the Deacon's boy Maurice Nussear; Mrs. Thornton, Miss Maggie Tyson; Helen, her daughter, Miss May Kerrigan; Miss Amella Fawcett, Mrs. Thornton's maid; Miss Helen Tyson; Mrs. Darrah, Geo. Darrah's wife, Miss Grace Lansing; Nellie, her child, Miss Julia Tyson; Daisy, Mrs. Thornton's servant, Miss Blanche Tyson; Policeman, Mr. Jas. E. Slagle.

The following musical programme was rendered between the acts: March, "Charge of the Rough Riders;" Waltz, "Colonial;" March, "Opening of the Season;" Waltz, "Nizetta;" Two Step, "Palace of Delights;" and Rag Time, "Uncle Jasper."

On last Saturday night the company went to Taneytown where they rendered "The Deacon," before a small audience.

KILLED ON A CROSSING.

Mrs. Elizabeth Blaine, aged about 37 years, was killed Saturday night while returning to her home, near Millersville, from Annapolis by being struck by a locomotive on the Annapolis, Washington and Baltimore Railroad. The train was immediately stopped, and when the passengers reached the scene of the accident the woman was gasping for breath. Mr. Thomas Basil and a Naval Academy doctor were the first to reach her. The body was taken to Annapolis and sent home Sunday.

The distressing accident occurred about half-past 6, at Gott's railroad crossing, about 7 miles from Annapolis and three miles from Millersville, where the Blaines live.

Mrs. Blaine went to Annapolis Saturday morning to sell turkeys. Mrs. Blaine had wrapped her head and ears in a worsted comfort. Her feet were also covered with carpet. Muffled as she was, it is thought she could not have heard the approaching locomotive, which, passengers state, blew shrill whistles at every crossing on the down trip.

HARNEY ITEMS.

HARNEY, Dec. 13, 1899.—There appears to be a few people in this community trilling enough to do anything. A full and satisfactory proof of this was given on Saturday night. When the U. S. Minister was nearly half through with his sermon some scoundrel picked up a cord-stick and threw it through one of the recess windows of the church, and then rapidly made his escape, although a few persons saw him, but were unable to recognize him only so far as his dress was concerned. The church official board will give a very nice reward to any one giving any information which might lead to his arrest.

Some unknown person enjoyed quite a comfortable night's lodging in the Pine Creek Presbyterian church on Saturday night. They entered somehow through one of the windows, burned the kindling out of the stoves, went over to the public schoolhouse nearby, stole coal and kept up quite a nice fire until morning. All the upholstered furniture was collected near the one stove, and is thought to have served them as beds.

Two of Mr. E. G. Sterner's children are low with diphtheria. This dreaded disease visits our town nearly once every year.

Harney nearly had another fire. Mr. J. W. Keck was butchering one day last week. In the evening he went down town to attend to his work at the postoffice. After 9 o'clock he went home and was surprised to see the floor around the hearth in a blaze, and only after some work was able to extinguish the fire. It is thought that the hearth has a bottom of timber, over which are placed the brick, and by some means the fire caught this wood-work and was transmitted to the floor.

Active preparations are being made to begin the free delivery system of U. S. Mail, which will be in operation complete this star before Christmas. This will surely be an advantage to those who live some distance from the offices. The other day while sawing wood with a circular saw Mr. Martin E. Valentin had the misfortune to saw off one of his fingers.

This week's visitors are: Miss Ruth Arentz, of Two Taverns, Pa.; Mr. Dan Davidson and family, of Zora, Pa.; Mr. Myers, of Williams' Grove, Pa.; and Mr. Archibald Walsh, of Frederick Md.

THE NEGRO VOTE.

Dr. J. S. C. Sharp, managing director of the Afro American Speaker, published at Frederick and Snow Hill, Md., who was in Annapolis Saturday, told his colored friends that during the recent campaign he was in danger of being mobbed while attending a Baptist meeting at Snow Hill. On this occasion, he said, he was surrounded by a mob, encouraged by a white Republican leader, threatened to drive him out of town and suppress his paper. They were prevented from doing so, he stated, by the interference of white Democrats, including Colonel Smith. Speaking of the future of the negro, Sharp said: "Republicans will never again be able to control the independent negro electorate which left the party this fall. The negro vote will remain divided, and the best men, irrespective of party, will be supported. The time has gone by for using the yoke of Republicanism over a negro because he is a colored man; neither will he continue to vote the ticket simply because the Republican ballot contains the portrait of Abraham Lincoln."

"In Frederick county at the late election 500 colored voters either voted the Democratic ticket or remained away from the polls, turning a Republican majority of 700 into a Democratic plurality of over 400 for the highest Democratic candidate."—Sun.

Herring's, in Liberty township, one of his horses tramped through the bridge, breaking one of the plank, which was worn out. The bridge is about four feet from the water. His horse being young was not hurt, drawing its leg out quickly. The supervisors should see that this bridge is repaired.

A SURE CURE FOR CROUP.

Twenty-five Years' Constant Use Without a Failure.

The first indication of croup is hoarseness, and in a child subject to that disease it may be taken as a sure sign of the approach of an attack. Following the hoarseness is a peculiar rough cough. If Chamberlain's Cough Remedy is given as soon as the child becomes hoarse, or even after the croupy cough appears, it will prevent the attack. It is used in many thousands of cases in its broad and never-disappointing action. We have yet to learn of a single instance in which it has not proved effectual. No other preparation can show such a record—twenty-five years' constant use without a failure. For sale by T. E. Zimmerman & Co., druggists.

POSTOFFICE WAGONS.

The system of free rural mail service, which was begun in Carroll county in April last—the first experiment of its kind in the United States—has met with such success that the postoffice authorities at Washington have decided to extend the system so that it will cover the entire country. The inauguration of the postal wagon, "Travelling postoffice," or "postoffice on wheels," as it has been variously termed, to deliver and collect mail daily in the county districts, thereby affording the farming communities equal mail facilities with residents of the cities, was invented and brought out by Mr. Edwin W. Shriver, of Westminster, who had the endorsement of A. W. Machen, of Washington, D. C., superintendent of the free postal delivery system. The plan at first was to begin with one wagon, thoroughly equipped with every facility for a postoffice, and take in certain portion of the county, with Westminster as the starting and ending point. The route which has been in operation since April covers about 30 miles and has been increasing in service since its trial. Mr. Machen is now in Westminster making arrangements for a complete system. Three new postal wagons will be added to the one already in operation, and will begin running on December 20. The routes have been carefully mapped out, with Westminster as the starting point. Each wagon will leave Westminster daily, except Sunday, making a loop and returning in the afternoon in time to connect with the evening mail trains. The routes have been designated as "Wagon A," "Wagon B," "Wagon C," and "Wagon D." Each wagon will be in charge of a Government mail clerk. Cross-country mail carriers will meet the wagon at certain designated points, thus forming ramifications which will give a complete postal service to every resident in the county. All the star routes and many of the fourth-class postoffices will be abolished at once, and in a short time will be discontinued entirely. A careful computation of the number of miles of road to be covered by Messrs. Machen and Shriver is put at 800. The new service is officially made will cover 575 miles daily, an average of 19 3/4—100 for each carrier. One hundred and seven miles will be covered by the four postal wagons each day.

Wagon A will be in charge of George C. Fitze. Its route will be Warfield, Denning, Taylorsville, Winfield, Gist, Bird Hill and Snellwood. Wagon B will cover Felsky, Snellwood, East View, Gambia, Louisville, Finksburg, Sandville and Reese. Wagon C Cranberry, Manchester, Melrose, Bachman's Mills and Deep Run. Mr. Frank Grumbine, of Westminster, will have charge of one of the wagons, and Mr. Alice W. Wampler has been appointed as a wagon clerk. Route D will be in charge of Mr. Horace G. Reese, of Westminster, who has had charge of the experimental wagon since its beginning. Its route will be Beggs, Union Mills, Shiner Run, Wolf's Hill, Mayberry, Tyrone and Frizzelsburg. This route will be the most important one and carriers will connect it with Linwood, Uniontown, Middleburg, Taneytown and Littlestown, Pa.

There will be in all 26 rural carriers connected with the service, four of whom have been appointed, who will serve for several years.

A GIFT TO GIVE.

It is often difficult to decide what to get your friends for holiday gifts. Here is a suggestion:

"Good morning, Jennie, I have brought you a present," said Gertrude, as she handed her friend a neatly wrapped package.

The pale, weary looking girl, who was slowly recovering from severe illness, opened the bundle and held up a large bottle of clear, rich medicine.

"Hood's Sarsaparilla," she exclaimed. "I have been reading about it to-day and wished I had a bottle."

On New Year's Day Jennie was able to be out on the street, and to her friends who remarked how well she was looking she simply said, "Hood's Sarsaparilla," and every one of them knew it was this great medicine that had given back her health.
