Cellulose absorbs water and by its swelling provides the softest possible obstruction. On account of its low specific gravity, less than that of cork, it is valuable for life belts and may be used in large quantities to keep a seriously damaged ship affoat. Cellulose compressed and packed in the cofferdam of a ship, to form a leak belt, does not emit any unpleasant odor and does not decay for two or three years. When penetrated by a projectile it is not ignited and does not give off any disagreeable smoke, possessing in this respect a great advantage over rubber armor. FOLEY'S KIDNEY GURE

cures the most obstinate cases of kidney and bladder diseases.

It supplies the kidneys with the substances they need to build up the worn out tissues.

It will cure Bright's Disease and Diabetes if taken in time, and a slight disorder yields readily to the wonderful curative power of this great medicine.

It sooths and heals the urinary organs and invigorates the whole system. If your kidneys are deranged, commence by taking

at once. It will make you well.

A Physician Realed, Now Prescribes It Dally Dr. Geo. Ewing, a practicing physician at Smith's Grove, Ky., for over thirty years, writes his personal experience with FOLEY'S KIDNEY CURE: "For years I have been greatly bothered with kidney and bladder trouble and enlarged prostate gland. I used everything known to the profession without relief, until I commenced to use FOLEY'S KIDNEY CURE. After taking three bottles I was entirely relieved and cyred. I prescribe it now tles I was entirely relieved and cured. I prescribe it now daily in my practice and heartily recommend its use to all physicians for such troubles, for I can honestly state I have prescribed it in hundreds of cases with perfect success.'

Had to Get Up Several Times Every Night Mr. F. Arnold, Arnold, Ia., writes: "I was troubled with kidney disease about three years. I was nervous and all run down, and had to get up several times during the night, but three bottles of FOLEY'S KIDNEY CURE effected a complete cure. I feel better than I ever did and recommend it to my friends."
