

CLASSIS ADJOURNS.

The Maryland Classis of the Reformed church, which had been meeting in Faith church, Patterson Park avenue and Gough street, Baltimore, for a week, adjourned Monday afternoon.

Upon motion of Rev. Dr. John M. Schick, of Washington, resolutions upon the death of Rev. Harry F. Dittmar, of Jefferson, Md., were adopted and ordered printed on the minutes of the classis. The classis will meet again next May 22 at Westminster, Md. The calls extended by the Sabillasville charge to Rev. M. H. Sangre, and by the Thurmont charge to Mr. Guy Brady, were confirmed. Mr. J. Albert Eyer, of Thurmont, who was licensed by classis, will become pastor of the Reformed church at Lisbon, Iowa.

Mr. E. A. G. Hermann, son of Mr. C. C. Hermann, of Frederick, who graduated recently from the Reformed Theological Seminary at Lancaster, Pa., successfully passed an examination at the meeting of the classis and was licensed to preach.

Announcement was made at the meeting of classis that Mr. E. Lewis Higbee, of Emmitsburg, who graduated from the Theological Seminary last year, had been elected pastor of the Boonsboro charge.

Rev. J. B. Kaloria, who recently resigned the pastorate of the Burkittsville charge, this county, announced his election as pastor of the church at Plymouth, Pa.

Attempt At Arson.

A bold attempt was made to set fire to Main's Furniture Works, in the southern suburbs of Hagerstown. Night Watchman William Fouz heard a noise in the basement, and hurrying down met a man who pointed a pistol at him and warned him to retreat. The watchman ran to the telephone and summoned M. L. Main, owner of the factory, and the police. Two of the proprietor's sons and the policemen were soon at the building.

A fire had been started, presumably by the man with the pistol, in a heap of sawdust, which was saturated with coal oil, in the basement.

Saved Woman, But May Die.

In saving Mrs. Stonesifer, wife of Rev. S. E. Stonesifer, from being run over by a Cumberland Valley fast freight in Chambersburg, Monday, William Truett, railroad watchman, was struck by the train and seriously and perhaps fatally injured.

He warned Mrs. Stonesifer not to attempt to cross in front of the train, but she went ahead. Truett ran after her and pushed her out of danger, but was himself hit by the engine. One foot was run over and crushed and he probably sustained internal injuries.

Another Postoffice Robbed.

The postoffice at Okonoke, W. Va., 20 miles east of Cumberland, with the store of W. K. Saville and the United States Express office, was robbed of money and stamps to the amount of about \$60. A considerable quantity of goods, including a repeating Winchester shotgun, was taken. It is believed the robbers were the same gang that made the haul at the Romney postoffice.

The old mansion on the Musselman farm, just south of Frostburg, was destroyed by fire Monday. The house was vacated some time ago on account of the mines caving in under the premises. The property was over one hundred years old. Before the days of the National pike it was a noted pack-saddle inn.

Fell Thirty Feet.

While assisting to erect a scaffold at the new Marlborough apartment house, at Eutaw place and Wilson street, Baltimore, John Denmark, 32 years old, of 1215 Winchester street, one of the carpenters, made a misstep and fell to the ground, 30 feet below. He broke his right arm and was badly bruised.

Alvey M. Harshman, a young farmer of Downsville, was arrested in Hagerstown on the charge of forgery. He confessed the whole transaction to Justice Hoffman, who held him in \$500 bail for the action of the grand jury. Harshman married a daughter of ex-County Commissioner Lewis Downey.

The barn of Mr. William R. Blunt, near Eldersburg, Freedom district, Carroll county, with all its contents, was burned Saturday. Loss \$1,500.

STATE DECIDES TO SELL THE N. C. ANNUITY

IF IT BRINGS GOOD PRICE, THE STATE WILL BE OUT OF DEBT.

At a meeting of the Board of Public Works held in the Fidelity Building, Baltimore, Wednesday morning it was decided to advertise immediately for bids for the Northern Central annuity owned by the State. This is a perpetual investment on which the Railroad, under a decision of court, must pay \$90,000 yearly.

The State is rapidly getting out of the railroad business, and a good price for the Northern Central annuity, closely following the receipt of \$2,500,000 for the sale of the State's stock in the Washington Branch of the Baltimore and Ohio Railroad, will practically wipe out the net debt of Maryland.

If adequate bids are received—and there is reason to believe that they will be—Maryland will be in a position to tax its people only for the running expenses of the Government, the receipts from sales of its railroad investments being sufficient to wipe out its bonded indebtedness.

Wide publicity will be given to the request of the State for bids for the Northern Central annuity, and it will be advertised in London as well as in this country.

The State originally invested \$1,500,000 in the Northern Central. Many years later the Railroad Company offered the State \$1,500,000 for its holdings. The State refused to accept the offer, and suit was brought to compel a sale. After long litigation the State was sustained and the annuity of \$90,000 declared to be perpetual.

It has been variously estimated that the State should receive something more than \$3,000,000 for its investment. Some officials believe that there are a number of English estates that would be glad to own such an annuity, and it is for this reason that the sale is to be advertised in London. It is supposed that the Pennsylvania Railroad will be a bidder, for, if purchased by it, the mortgage on which it pays 6 per cent. can be wiped out.

The bids will be opened early in September, and are to be accompanied by a 2 per cent. deposit.

Because of its holdings of Washington Branch stock, the State possesses the right to subscribe to 300 shares of the \$27,750,000 issue of common stock recently decided upon by the Baltimore and Ohio. But the State is getting out of the railroad business, not into it, and these rights will also be advertised for sale. Recent sales of these rights on the Stock Exchange have been from \$2 to \$3 per share.

The total funded debt of Maryland is \$8,526,926.13. Stocks, bonds and cash to the credit of the sinking funds amount to \$6,801,587. The net debt is therefore, \$2,725,339, and this, it is believed, will be wiped out by the sale of the Northern Central annuity.

Other investments of the State are stock of the Annapolis Water Company, \$80,000; stock of the Farmers' National Bank of Annapolis, \$46,470, and stock in the Baltimore and Fredericktown Turnpike Company, \$11,000.—Baltimore News.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven catarrh to be a constitutional disease and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials.

Edw. Roe's Awful Death.

Edward Roe, proprietor of Anthony's Mill, about two and one-half miles from Denton, met with a fatal accident while at work in the mill about 7 o'clock Wednesday. Mr. Roe had just started the gasoline engine when the skirt of his coat was caught in the machinery and he was thrown around a revolving shaft till his entire clothing was stripped from his body and scattered over the lacerated.

One arm was nearly torn from the body and one leg broken and lacerated. Drs. P. Roland Fisher and Fred N. Nicholas, of Denton, were sent for, but could only relieve his suffering, and he died within two hours.

Mr. Roe was about 40 years of age. He leaves a widow, who was a Miss Nicholas, daughter of the late John Edward Nicholas, of near Concord, and four children. Two brothers (Messrs. Fred and Charles Roe, of Caroline county), also survive.

Soy Loses His Eye Sight.

As the result of a peculiar accident Harry Hartman, aged 10 years, son of Samuel Hartman, of near Quincy, will be blind the balance of his life. While playing the lad came across an old bicycle tire, in which he placed a quantity of lime. Afterward he poured water into it, with the usual result. The flames leaped, there was an explosion and a quantity of the lime was blown into the boy's face and eyes. The lad was taken by a local physician to Philadelphia, where six specialists made a careful examination of the eyes. All agreed that the sight was destroyed the moment the lime entered the eyes and that nothing could be done for the relief of the boy.

Teachers For Progress.

The Allegany County Public School Teachers' Association met in Westernport Friday. County Superintendent A. C. Willson announced that the school board had decided to pay the janitors of the school buildings. Heretofore the teachers have been obliged to pay the janitors out of their salaries, and this has always been a sore subject with them.

The report of the committee on local institutes, which was adopted, recommends the holding of five local institutes a year, and that one teacher be appointed from each section to visit schools in some of the larger cities for two weeks in October and make a report of such visit to the local institute from which he is appointed. The School Board will be asked to pay half the expense of such visits and the teachers' association the other half.

FIRE SWEEPS CRISFIED

Twenty-Three Buildings Burn And Loss May Be \$15,000.

Fire destroyed a large section of Crisfield, Md., early Sunday morning. The alarm was given about 5 o'clock by the blowing of the ice plant whistle. The blaze was in the flour mill, cannery house and wood yard of Frederick Johnson, and soon the building was enveloped in flames, which spread to the adjoining buildings. The flames spread rapidly, and it seemed for a while that the whole town would be swept, as there was a stiff breeze blowing.

In a few minutes four or five dwellings were on fire and the flames were spreading down Eighth street, commonly called Cave road, toward Main street.

By good work the fire was headed off from Main street. The town's single engine was brought out, but as the tide was low there was not adequate water supply available. The fireman used water from the mains, and with this limited supply saved the town.

While the fireman were concentrating their efforts toward keeping the flames from spreading toward Main street, the fire leaped from one building to another down Eighth street until it burned to the end of the street, sweeping clean that section of the town. Twenty-three houses were destroyed in a little over two hours. These, being frame buildings, burned rapidly. Women and children escaped from the houses in their night clothes, and a number of families lost much of their household effects.

This portion of the town was mostly inhabited by negroes, and the disaster is a great hardship to them.

The burned mill belonged to George W. Long, and was leased to Frederick Johnson. The property was estimated to be worth about \$5,000 with no insurance. Mr. Johnson says his personal loss will amount to \$2,000, not covered by insurance.

Two of the dwellings belonged to Fred L. Godman and were partly insured; his loss will amount to \$600. The African Methodist Episcopal Church was destroyed the loss being about \$3,000.

Mr. Joseph Disheroon owned several of the buildings, which were insured. The dwelling of Kenney Brown, colored, was worth about \$1,500, with no insurance. The loss on the Grand United Order of Odd Fellows Hall, belonging to the negroes, was about \$2,000. The residence, storehouse and stock of groceries of Taylor Wilson, colored, was destroyed, and his loss will be about \$3,000. The stock of the Association Grocery Company, a colored firm, was destroyed.

It is supposed the fire was caused by some persons who had been in the building during the night and had thrown cigarette or cigar stumps on the floor.

For The Chronicle.

On Tuesday, May 15th, in the 86th year of her age, Sarah A. Peddicord, widow of John T. Peddicord. Her husband was well-known in this community as a most enterprising and active business man.

After having been confined to her home during all of last winter and spring, by the disabilities of age, Mrs. Peddicord passed away after having received all the Sacraments of the Catholic Church of which she was a devout member. In her last moments, she was surrounded by her children, Mr. Michael Peddicord, of Baltimore; Mr. John A. Peddicord, Mrs. Jos. C. Rosensteel, and Mrs. Bernard Little, all of this place.

She leaves a large family of grandchildren, residents of this place and Baltimore.

To her children and grand-children and those who mourn her death should come the comforting thought that her long life was spent in the due observance of the Faith, and that her many acts of charity and neighborly love will plead for her, that having gone with the sign of Faith, she shall sleep the sleep of Peace.

FREDERICK'S FIRE DEPARTMENT

Does Fine Work At An Early Morning Blaze On Patrick Street—Saves The Cline Furniture Building.

Frederick, May 23.—Again the Frederick Volunteer Fire Department has proved itself one of the best in the State, when early Friday morning fire was discovered in the building occupied by the Eagles' Club, and by Morgan Cecil's Grocery, corner Market and Patrick streets. An alarm was sounded about 3 o'clock, a.m. The fire department responded promptly, the Independent Hose Company arriving first. The fire was in the hallway and next to Cline's Furniture Store. Realizing the necessity for prompt action the Independents broke open the doors of Cline's store and entered that building with its hose. According to the third story they found that the fire was just entering the building and it was found necessary to throw water upon it. They were also assisted in their fight with the flames by patent chemical extinguishers which are kept in the store for that purpose. The other companies fought the flames in front and rear of the Cecil store. But for promptness the fire would have got a start in Cline's and would have been a very serious one, as the material is of a very inflammable nature. Cecil's stock was completely ruined by fire, smoke and water. He has \$4,000 insurance, which will cover his loss. Cline's loss was mainly by water on second and third floors, fully covered by insurance. The two buildings were also insured. Mr. Cline, in a card in Thursday's *Frederick News*, warmly thanked and complimented the Fire Department for saving his building and contents.

Other Fires.

Friday morning about ten o'clock an alarm of fire was sounded from John M. Culler's store, West Patrick street, caused by the igniting of a gasoline stove in the residence of Thos. Davis. The department responded, but as the fire was a small one, the chemical apparatus of the Juniors was used in extinguishing the flames. The damage was small.

Fire was on Tuesday morning discovered in a clothiers press at the residence of Charles M. Rhodes, East Patrick street. Much clothing was burned and the woodwork of the room also damaged. Neighbors assisted in extinguishing the blaze. No alarm was sent in.

BUILDINGS BURNED.

Warehouse and Elevator, Market-house, Lumber and Four Loaded Railroad Cars.

The fire at Middleburg station, Carroll county, Saturday afternoon was the most destructive ever known in that locality, except that which destroyed the racing stables of the late R. W. Walden, in 1892, when horses valued at \$100,000 were burned. The scene of the fire is in Carroll county, 12 miles from Westminster, and the property destroyed closely approximates \$15,000 in value. It consisted of a large brick warehouse and elevator combined and a smaller frame building known as a market house and their contents, and also a lot of lumber, three cars of the Western Maryland Railroad Company loaded with corn and one loaded with hay. The buildings were owned by the estate of R. E. Walden and were occupied by Edward O. Cash, who conducted a general grain and warehouse business and is station agent of the railroad company. Mr. Cash's residence, about 50 yards from the warehouse was in great danger, but the station is located on a high plateau that overlooks the surrounding country in every direction for a long distance, and in a short time a crowd of people collected, and by desperate efforts and hard work saved the building. A thousand bushels of wheat, about 8,000 bushels of corn and a large lot of hay in the warehouse and elevator were destroyed, and the lumber in the adjacent grounds was also consumed.

The tracks of the railroad lie between the warehouse and market house, and the heat was so intense the crossings in the roadbed were burned, and the rails warped. The loss to the Walden estate is \$6,000 or \$7,500, and that of Mr. Cash, is \$7,000 or \$3,000, the only articles saved having been the ledger and typewriter. A considerable sum of money was destroyed in the cash drawer.

The railroad company also loses \$1,000 or more by the destruction of its cars and damage to its track. Mr. Cash had insurance of \$4,000 and the Walden estate the same amount.

YEGGMAN ARE SWEATED

Those Caught At Salisbury Are Questioned By Detectives.

The four yeggmen confined in the jail at Salisbury, were put through a course of "sweating" Tuesday. Detective P. B. Bradley, of the Baltimore force, arrived in Salisbury Monday night and within half an hour was closeted with State's Attorney Joseph L. Bailey and Inspector William Maxwell, of the Postoffice Department. When the men parted at 2 A. M. Tuesday they had laid the network for a good case against the criminals.

All day Tuesday the three officials worked on the case, and, to use the words of Inspector Maxwell, the links are well forged. The men were examined singly and together, and at the end they were taken one by one to the photograph gallery, where three pictures were taken. One thing is certain, and that is that the gang is a part of the well-known crowd of criminals in the State. Inspector Maxwell acknowledged that he knew the men and had the history of a part of the gang, but was very careful in his talk and would give out very little for publication. Speaking of the gang, Detective Bradley said:

"Yes, I know the men. They are a good gang of yeggmen, and are well known vault and safe men. We have the photographs of some of the men at Central and at headquarters in Baltimore. I could give you a most interesting story of this crowd, but I feel I cannot talk too freely for fear of hurting the case. The State's Attorney and Mr. Maxwell had the case well worked up when I got here. At least two of the gang know me by sight. They gave their names as follows: Frank Smith, Frank Matthews, J. M. Hawkins, Robert Taylor and Charles Avery, who is in the hospital. Avery is the most desperate fellow of the crowd. He is a good 'yeg' and has had a great deal of experience in rounding up yeggmen, and I want to say that we have made a good find in Salisbury. It is surprising that the men bungled the job so badly, but it can be accounted for from the fact that probably they used an old fuse and it went off a little too soon. There is no doubt that they knew how to do the job all right if they had taken more time and been a little more careful. The fellow in the hospital is what we would call 'the real thing.'"

The prisoners have employed Ellegood, Freney & Wiles, of Salisbury, to defend them at the hearing, which will probably take place Thursday. It is said that they have communicated with friends in Baltimore through their attorneys in order to secure money to help them have their cases properly taken care of. From the confident tone and satisfied expressions of the detective and the inspector it is believed they have found among this gang some noted criminals for whom they have been hunting for some time.

MEETING OF THE MIDDLE CONFERENCE

Of Maryland Synod Held In Bethany Lutheran Church, Brunswick.

The following report of the Middle Conference of the Maryland Synod of the Lutheran Church, held in Brunswick, this county, last week, is taken from the *Brunswick Herald*:

The annual meeting of the Middle Conference of the Maryland Synod of the Evangelical Lutheran Church convened in Bethany Lutheran Church, this city, on Monday evening, May 14, at 8 o'clock. The evening service was conducted by the officers of conference, Rev. P. H. Miller, D. D., and Rev. W. E. Wheeler, and the sermon, which was a faithful and earnest presentation of gospel truth, was delivered by Rev. C. F. Steok, of Frederick, Md.

On Tuesday morning the devotional service was conducted by Rev. C. F. Steok, after which conference was organized by electing Rev. Chas. Reinwald, president; Rev. O. E. Brengren, secretary, and Rev. P. H. Miller, D. D., treasurer. The regular business of the conference was taken up and the reports from the various pastorates show progress along spiritual and benevolent lines.

The topic for discussion at the forenoon was "Worship." A very helpful paper was read by Rev. G. W. Baughman on "Its Importance." Rev. S. A. Hedges told in his earnest manner of "Its Principles." Rev. O. E. Brengren spoke quite to the point on the phase of the subject, which is so apparent, "Its Neglect."

The afternoon praise service was conducted by Rev. Asa Richard, the delightful pastor of the Lovettsville charge.

The first topic under consideration at the afternoon session was "The Lord's Day." Three excellent papers were read: "Historically," Rev. G. W. Miller; "Proper Observance," Rev. P. B. Pasold; "Benefits," Rev. W. H. Settlemeyer.

The second topic was "The Means of Grace," considered under the following sub-divisions: "The Word," Rev. Asa Richard; "Baptism," Rev. W. S. Metzger; "The Lord's Supper," Rev. C. Reinwald. The supper was presented in a scholarly manner and the general discussion which followed showed that the subject in hand was one of special interest to the ministers of the conference.

Rev. M. L. Beard gave a helpful address on the "Reciprocal Relation of the Church and Sunday-school." He showed very conclusively that the object of the Sunday-school is to train boys and girls so that they may be of service in the larger activities of the church.

Rev. P. H. Miller, D. D., gave a most practical exposition of I Cor. 9:25, showing the scope of temperance rightly understood.

The evening address was delivered by Rev. J. O. Yoder, the subject being "The Helpfulness of Young People's Societies." The address showed careful preparation and was delivered in a pleasing manner.

Rev. W. E. Wheeler conducted the devotional service on Wednesday morning. At a business session, which followed, the reports of the various committees were presented and approved. The Missionary president, Rev. P. H. Miller, D. D., made his report, which showed that good work was being done in the Mission churches of the conference. He was re-elected Missionary president for another year. The conference passed an order to pay fifteen dollars from the conference treasury towards the relief of the San Francisco sufferers.

The topic for the morning was "The Sunday-school." Rev. G. W. Baughman spoke on the "Qualifications of Good Officers and Teachers," and Rev. Stroup on "What Constitutes a Good Scholar." At 11:30 a. m., the conference adjourned to meet in St. Mary's Lutheran Church, Silver Run, Rev. J. O. Yoder, pastor, May 20, 1907.

The various sessions of the conference were well attended, especially the services on Monday and Tuesday evenings. A number of persons from adjoining towns were in attendance.

COURT NEWS.

The May Term Is Nearly Over.—Only One Case Remains For Trial.

Frederick, May 23.—Court for the May Term is practically over, as only one case has yet to be tried on May 31.

In the case of John S. Long, et al., vs. The County Commissioners, the Court decided that the law passed in 1904 was unconstitutional. The Act virtually compelled the county to buy the LeGore bridge, as the Act provided that no bridge should be built within a certain distance of the LeGore bridge, unless the county first purchased the LeGore bridge. Judge Motter handed down the decision of the court, holding that the title of the Act of the Legislature was misleading and that the Act was other than the title of the bill, and therefore unconstitutional. Judge Henderson denounced the Act as one for personal benefit and stated he was willing to go further and hold that the Act was "special legislation and therefore unconstitutional." "Urner & Urner and Vincent Sobold represented the petitioners, and Messrs. Harp, Stoner and Buckey the Commissioners and defendants.

In the case of R. H. Davis vs. J. B. Davis, suit on promissory note for \$118, the court rendered judgment for plaintiff. The defendant claimed discharge in bankruptcy. Pearre for plaintiff; Mauley for defendant.

In the case of State vs. Wm. Tracey, the court rendered a verdict of not guilty. He was indicted for injuring church property at Bethel M. E. Church in Catoctin District in Dec. 1904.

On Thursday last the May Term was practically ended by the discharge of the bailiffs from further attendance. The term lasted three days, Monday, Tuesday and Thursday.

In The Courts.

W. O. Defries and Wm. Jones charged with chicken stealing about Jefferson, were held for court by Justice Wood, of Frederick. Both gave bail for court. Edw. Smith represented the defendants.

Richard Morris, charged with larceny, was arrested last week in Virginia and brought to this city by Sheriff Martz. He was sent to jail in default of \$500 bail by Justice Wood, for the September term of court. He admitted his guilt.

The B. & O. R. R. Co., has compromised the suit brought by Messrs. Thomas and Jos. A. Williamson sometime ago, for damages for injury to their automobile some months ago. The damages paid were not made public.

Florence C. Walden, by Joseph Gaver, attorney, has applied for a partial divorce from her husband, R. E. Walden. The parties are colored.

The will of Geo. A. Devilbiss has been filed in court. He leaves all his property to his wife and names her his administratrix.

Mrs. Rosa Bishop has been granted an absolute divorce from her husband, Chas. A. Bishop. Both formerly resided at Walkersville.

The Baldwin Specialty Co., of Baltimore, which has had a representative here selling goods, has got into trouble. Constable Carter arrested their man upon a charge of selling and peddling without a State license. The case will be heard later.

Quite a number of persons, both white and colored, have been severely punished lately for disorderly conduct. The magistrates have decided to punish these parties to the full extent of the law.

Notes.

The Frederick County Telephone Co., has purchased the property adjoining the First National Bank, on Church St., including the Exchange Building, the Western Union Telegraph Co. and the Examiner buildings. The consideration was \$9,500.

G. and the High School Cadets will also join in the parade, as will several civic orders. On June 4th the G. A. R., Sons of Veterans and High School Cadets will hold services at Middletown at 2 p. m.

A new ordinance was passed at the monthly session of the Mayor and Aldermen last week, empowering the Mayor to appoint the usual board of revision for 30 days or longer. It is intended to revise real estate assessments, but the assessors will not be able to inquire into personal holdings of residents.

Co. A, 1st Regt. M. N. G. will not be compelled to go into Camp over Memorial Day, May 30. The Company asked for a later date and same has been granted. The new date selected is July 10-21. Several hundred persons went by trolley to Hagerstown last week to attend the Barnum & Bailey Circus.

Mrs. Howard Rusal, of this city, was on Monday last the victim of a serious accident. She was lifting a wash boiler when she slipped and fell breaking her left limb between the hip and knee. She is doing as well as can be expected. The Y. M. C. A. last evening appointed a general committee of 100 to aid in securing funds to build. The town has been divided in four parts, Market and Patrick streets being the dividing lines. It is rumored that they have secured an option on a site opposite to the City Hall.

The first right of way purchased by the Washab Railroad in Allegany county for the trans-continental extension from Cumberland west was secured from Mr. Henry M. Mullaney, of Mount Savage, at \$80 an acre.

Held The Fort 12 Hours.

The saloon of George Schnerman, 1041 West Barre street, Baltimore, was besieged by the police of the Western district Saturday, and the stronghold was captured only through the clever maneuvers of Captain McGee.

After a 12 hours' siege by relays of sergeants and patrolmen, every door and window having been barricaded on the inside by the proprietor, the Captain devised a scheme that proved effective. Ordering all the spare officers to make an attack on the front door of the saloon and feign at least that they were about to break it open, he went to the rear of the house and forced open the kitchen window. This was accomplished by the fact that the defenders had rushed to the front to assist in the defense at that place.

So quietly did the Captain effect his work that no one inside was aware of the flank movement until the sturdy Captain walked quietly into the barroom, where he found the proprietor, a number of witnesses and the proprietor's daughter.

The capitulation was welcomed by at least one member of the Schnerman family—Mrs. Schnerman, wife of the proprietor. She was out when the siege was begun, and despite her pleadings to be admitted she was kept outside. Mrs. Schnerman appealed to her husband to let her in, but in vain.

The proprietor was charged with violating the Sunday liquor law, and the men were held as State witnesses.—Sun.

WAS WASTING AWAY.

"I had been troubled with kidney disease for the last five years," writes Robert R. Watts, of Salem Mo. I lost flesh and never felt well and doctored with leading physicians and tried all remedies suggested without relief. Finally I tried Foley's Kidney Cure and less than two bottles completely cured me and I am now sound and well." During the summer kidney irregularities are often caused by excessive drinking or being overheated. Attend to the kidneys at once by using Foley's Kidney Cure. W. Tyson Lansing.
