I admit isthmus. that Collins is a great second baseman and will strengthen the Chicago team a great deal, but Connie knew what he was about when he made the deal by which he got Lajoie. That same Lajoie, believe me, has a lot of baseball in him yet, and woe to any twirler that will take chances on him when he steps to the plate with his old time club. I hope it is not my misfortune to go against him too many times. I think the pennant in the American League will be between Washington, Boston and the Athletics. The Detroit and Chicago combinations are strong and may cause trouble but I look for the fight to dwindle down to the first three.

CHANGES AT PEN MAR

Resort on the Mountain Will be Improved. - New Hotel Likely.

Pen Mar park is to undergo more extensive changes and improvements in preparation for the approaching season than in any previous year.

The Pen Mar hotel, which has been under management of Jason Crout for many years, will be under a different management this season.

It is stated that John J. Gibbons, a well-known Princeton man, and one of the proprietors of the Blue Mountain House at the time of its destruction by fire, August 5, 1913, will succeed Mr. Crout and will arrive at the park within the next few weeks to make arrangements for the opening of the hostelry in the latter part of May.

PANAMA HAS RETURNED TWO MILLIONS

Revenue From Ships Passing Through the Canal in First Six Months.

Receipts from tolls from ships passing through the Panama Canal in the first six months of its operation are reported to have been \$2,000,000. This seems like a lot of money, and of course it is, but it doesn't look as large when one thinks of what the canal cost, and when the \$2,000,000 is considered, not as an abstract sum, but as return on

An all-star stock company chosen from the best Shakespearean players in the United States, which shall enact one of Shakespeare's historical dramas in conjunction with a municipal pageant given in turn by the larger cities in the country; this in brief is the nucleus of the plan for the tercentennial Shakespearean celebration as proposed by the St. Louis Pageant Drama Association and advocated by Percival Chubb.

Mr Chubb is the leader of the St. Louis Ethical Society, a director of the Pageant Drama Association, and chairman of its executive committee. It is this committee which so successfully directed the St. Louis pageant last year, and which has now pledged the \$15,-000 profit from this venture to the new

"Another idea is that there shall be started a national school of acting which shall give special attention to the presentation of Shakespeare. U. S. PLANS FOUR FIELD ARMIES

Government Provides for 316,000 Men in Emergency Force. - Readjustment Necessary. Details of the War Department's

plan for organizing the regular army and the militia of the various states into field armies, ready to respond without confusion to a call for emergency service, are given in a circular issued by the Militia Division of the depart-

Creation of twelve militia divisions, with headquarters in each district, is contemplated. Each State will have its definite quota of troops to furnish. In the four proposed field armies there will be in all 316,264 enlisted men, in addition to several thousand who would be employed in time of actual war at depots and in transportation operations.

The circular shows that most of the States already maintain as many men as will be needed in the infantry and light artillery branches, but there is a serious shortage in coast artillery, cavalry, and in the sanitary corps. States consequently are urged to transfer their unutilized infantry units to other branches of the service to complete

FREDERICK COUNTY.

Frederick is next to the largest of the counties of Maryland. population and wealth it ranks next to Baltimore county. In the fertility and productiveness of its lands it ranks among the first in the Union, and especially in the produc-tion of wheat. The area of this great county is 633 square miles. The great body of the people are of German, English and Scotch-Irish descent, the progeny mostly of the early settlers. The land is mostly of fine limestone quality, and the greater part of the county is a valley of rolling lands lying between the Linganore Hills and the Catoctin Mountain. This splendid valley is drained by the Monocacy river, and is one of the best farmed and most highly improved and productive areas of the Union. The great crops are wheat and corn .- Maryland Manual issued by Board of Public Works.

EMMITSBURG.

In all Western Maryland-the beauty spot and the garden spot of the State-there is no town more attractive than Emmitsburg.

No people are more wide-awake, more knowable, more courteous to strangers than Emmitsburgians.

The location of Emmitsburg is ideal; the surrounding scenery is unmatchable; the climate is notedly healthful; its water-pure mountain spring water-cannot be surpassed. It is within easy access of Baltimore, Hagerstown, Frederick; eight miles from the National Battlefield at Gettysburg, near to the Mountain Resorts, and is surrounded by fertile farms and productive orchards.

Mount Saint Mary's College and Ecclesiastical Seminary-with an enviable reputation extending over 106 years-is located here; St. Joseph's College and Academy for young ladies-equally as noted during its 105 years of splendid acheivement-is also here.

There are excellent Schools-Public and Parochial-in Emmitsburg; two sound Banks, five Churches, a live Newspaper, modern Hotel accommodations, adequate Fire Department, progressive merchants, splendid physicians, good liveries, auto garages, many fraternal organizations, good railroad accommodations. There are four or five mails a day, telegraph, express and telephone service connecting all points; electric light and power, oiled streets.

There is business to be had in Emmitsburg; there are Factory Sites availabe. If you contemplate changing your place of residence-come to Emmitsburg, Frederick County,

M PERSONALS.

It is the aim of THE CHRONICLE to publish as many personal and social items as possible, but it frequently happens that those who have guests visiting them, and those who entertain, fail to send a list of their friends, or an account of these events, to this office. It is of course understood that anonymous contributions will not be published. Names of persons furnishing items will be withheld.

BOLGIANO'S Perfect Seed Potatoes

The United States Agricultural Department places their Tag of Inspection and Ap-proval on every sack of SEED POTATOES Purchased From J. BOLGIANO & SON. CERTIFICATE OF QUALITY.

This is to certify that I have had charge of all the Seed Potatoes grown for J. Bolgiano & Son, during this growing season. I have been with them since April 15th; looked after the selecting of their seed and the the selecting of their seed and the treating of the same, have also had charge of the spraying during the growing season. There was nothing growing season. There was nothing planted but the very best selected seed, and nothing has been left undone to have them right. The crop is now being harvested, and the re-sults of my work are most satisfac-tory. We are harvesting one of the largest crops ever grown in Aroos-tock County, Maine, and of the finest and of the finest and of the finest and all and the finest and a true to name. I spent some time in a Washington, D. C., with the Hortical cultural Board before coming here and their ideas of producing FIRST CLASS SEED have been carried out to the letter for I Belgings & Some to the letter for J. Bolgiano & Son.

REGULATIONS FOR LENT IN THE ARCHDIOCESE EDWARD HARTING EMMITSBURG, MD. -Repairer of-OF BALTIMORE

Baltimore, Md., February, 8th, 1915.

Ash Wednesday, the first day of Lent, falls on the 17th day of February. 1. All the faithful who have completed their twenty-first year, unless exempt by dispensation or some other legitimate cause, are bound to observe the fast of

2. They are to make one meal only a day, except on Sundays. 3. A small refreshment, commonly called a collation, is permitted in the

evening.

4. The following persons are exempt from obligations of fasting: Persons under twenty-one years of age, the sick, nursing women, those who are obliged to do hard labor, and those who, through weakness, cannot fast without great prejudice to their health.

5. The faithful are reminded that, besides the obligations of fasting imposed by the Church, this holy season of Lent should be, in an especial manner, a time of earnest prayer, of sorrow for sins, of seclusion from the world and its amusements, and of generous almsgiving.

By virtue of an Indult to the United States the following special dispensa- 3 Cans of Corn

1. The use of flesh-meat is permitted at all meals on Sundays and once a day on Mondays, Tuesdays, Thursdays and Saturdays, with the exception of the second and last Saturdays of Lent. But flesh-meat and fish are not to be used at the same meal during Lent, even on Sundays.

2. The use of butter, cheese, milk and eggs is also permitted every day in 31 lbs Roasted Coffee 50C

3. It is allowed in the morning to take some warm liquid, as tea, coffee, or thin chocolate, made with water, and with this liquid a mouthful of bread. 4. Those for whom the hour of noon may be an inconvenient time for dinner may invert the order and take their collation in the morning and their dinner in

5. The use of hog's lard or drippings, instead of butter, is authorized in preparing permitted food.

6. Persons exempt from the obligation of fasting are free to take meat more than once on those days when its use is granted by dispensation.

By virtue of an Indult granted to us by the Holy See March 15, 1895, we permit to all working men and their families the use of flesh-meat once a day on all fast days and abstinence days throughout the year, with the exception of Fridays, Ash Wednesday, the Wednesday and Saturday of Holy Week and the Eve of Christmas.

Those who are exempt from the obligation of fasting are free to take meat Emmitsburg, Maryland D. E. KEFAUVER, JOHN S. NEWMAN, more than once on the days mentioned. Those who avail themselves of this Indult are not allowed to use flesh-meat and fish at the same, meal and they are earnestly exhorted to perform some other act of mortification, such as abstinence from intoxicating liquors.

The Paschal time extends from the first Sunday of Lent till Trinity Sunday, during which time all Catholics who have attained the proper age are bound to receive worthily the Holy Communion. The holy season of Lent is a very proper time for children to make their first confession, which they ought to do generally at about the age of seven years. Parents should see to this.
