## SUBMARINE HUNT.

To Test Efficiency of Civilian Motorboats in Wartime.

MANEUVERS SEPT. 5 TO 12.

Any Craft That Carries Three Passengers and Has a Twenty-four Hour Radius Is Eligible—Will Learn Mine Planting and Signal Work.

Washington.—Great importance is being attached to the maneuvers of the motorboats in connection with the naval training cruise of civilians under the guidance of officials of the navy department. It is expected that at least 500 owners of motorboats will respond to the call for the mobilization of such craft on Sept. 5. The maneuvers will continue until Sept. 12.

Motorboats of any size that are capable of carrying at least three passengers and have a cruising radius of twenty-four hours are eligible to enroll. The boats, divided into three classes, will do patrolling, mine planting and sweeping, scouting, defending ships from attack, countermining and signaling.

Three districts have been set aside for the mobilization. One lies south of Barnegat and includes Philadelphia; another is from Barnegat to New London, which includes the craft in New York waters, and the third is the territory east of New London, in which Boston is included. Great Britain has used motorboats against submarines effectively.

## OLD GAME CATCHES FARMER.

Sends Cash to "Widow" Coming to Wed Him—She Doesn't.

Eastford, Conn.—Hear the sad tale Philip Voorhis, bachelor farmer of this quiet town, tells. In a Rochester (N. Y.) newspaper he read an ad. A lonely young widow of that city yearned for a good, true husband. Voorhis answered the ad. and, he avows, got a reply. All that was needed was \$18, and she would hurry to Eastford, meet him, perhaps happily mate with him. As it happened all her available funds were tied up in a stock deal.

Gladly Philip sent the \$18. He met the train the widow named; he awaited several trains. No widow tripped out from one of them nor even fell, stumbled or was thrown out.

At Philip's mournful request the police investigated. They learned that at the two addresses in Rochester the widow gave had lived a man whose wife received numerous letters. The Rochester police say Philip's anticipated mate is known variously as Mrs. Hatch, Mrs. Mack and Mrs. Loevere.

## GIRL A HOMESTEADER.

Miss Briggs Will Raise Fruit Upon Land She Pre-empted.

Mountain Home, Ark.—Miss Nettie Rogers, eighteen years old, has filed a homestead claim on 150 acres of land on Flint ridge and will engage in fruit raising and truck farming.

Miss Rogers is a recent graduate from the Monticello Agricultural school. She is also the youngest homesteader in this part of the state and one of the very few women who have manifested the grit to attempt to cultivate a rough mountain tract of land anywhere in this vicinity.

Her homestead is adaptable to fruit and truck growing, and Miss Rogers believes that what she learned at the Monticello school, sustained by the personal effort that she is prepared to apply to cultivation of the soil, will bring an adequate reward.

## LEAVES PRAYER FOR SON.

New York Woman, in Will, Hopes For His Future.

New York.—After leaving the bulk of her property to her son, Arthur Edward Schifferman, Mrs. Eugene Schifferman, who died in her home in this city, wrote this prayer in her will, which was filed recently in the surrogate's court:

"May my money, which I have earned and saved up during long years of toil and struggle, bring good luck and happiness to my dearly beloved son Arthur, and may it help him to fully regain his health and to lead a good, useful life. God bless my dearest boy. I beseech my dear brothers to help and guide him in a loving and forgiving spirit."

## RAILROAD WAIF FINDS A HOME

Conductor and Wife Adopt Baby Abandoned on Track.

Glassboro, N. J.—Recently a boy two weeks old was found abandoned on the tracks of the West Jersey and Seashore railroad. After a narrow escape from death he was brought here by the crew of a freight.

Arthur Shinn, a conductor on the line, announced he and his wife, who live in Chestnut Ridge, would adopt the child.

## GIRL, 12, CHIEF EDITOR OF PEANUT MONTHLY

Alexandria (La.) Paper, Published and Managed by Her Considered Newsy Publication.

Alexandria, La.—Hey, cub! You guy over there with the oblique tilt to your ivory dome, you'll find out your present journalistic aspirations and past accomplishments?

And how old are you? Twenty? And only a cub!

Well, you had better come back to earth and go stick your head in the byproducts plant, because you're totally eclipsed.

Ethleen Milburn is almost twelve years old (you're twenty), is a girl (you're only one year less than a man), has bright golden hair (yours is turning gray) and is an editor in chief (you're only a kittenish cub).

Yes, the Peanut Monthly, Miss Ethleen Milburn, publisher and managing editor, is Alexandria's newest and newest publication.

The sheet has all the distinguishing features of the regular journal it is, including the "social column," "personals," "movie news," "editorials," "housewife corner," and the price is only 3 cents for home people, 5 cents by mail. Want ads, bring 1 cent per line.

Miss Noodles Randolph, the editor's school chum, is the circulating manager and has just turned in three new subscriptions.

Here are a few typically interesting news items:

"To get fat—address the editress of this paper."

"There are 2,000 soldiers in Camp Stafford. Gee, girls, but you are lucky!"

"Accidents. Mrs. Hazel Clay has a terrible cold."

"John Buile, Jr., got a spanking last night—a very unusual thing."

## NEARLY KILLED BY SKEETERS

Almost Drain Life Blood From Young Man in Indiana.

Michigan City, Ind.—Crazed by loss of blood, exposure and lack of food, his body covered with mosquito bites and clad only in a shirt, Stanley Bolowski, twenty-three years old, was found in a marsh near here. His face and body were so swollen from the attacks of the insects he was almost unrecognizable. As he had been missing from his home for several days, he is said to have wandered in the swamps since that time.

Railroad employees discovered Bolowski, and he was taken to a hospital. He was employed as a riveter until May 30, when he was thrown out of employment. Physicians marveled that Bolowski is alive. They believe he suffered a sunstroke or was overcome by heat. A great deal of blood was drained from his body by mosquitoes. He will recover.

## ARMY BANS WATERMELON.

Breeds Flies, as Rind Can't Be Effectively Destroyed.

El Paso, Tex.—Gloom spread over the army camps here with the news that watermelons have been banned by the authorities.

It is not that melons of the southwest carry infection or that they are unwholesome. The army fly expert is behind the order. He has discovered that watermelon rind is the only kind of garbage that cannot be properly burned or effectively buried. To watermelon rind is attributed the present fly pest, and flies, says the expert, breed disease.

## TAGGART'S DOG IN CAPITOL.

He Leads Pointer to Democratic Cloak Room—Page Watches Him.

Washington.—Senator Tom Taggart introduced an innovation in the senate recently that stirred that austere body to mild revolt. Taggart led a pointer dog into the Democratic cloakroom. It was learned.

The senator from Indiana said he did not take the dog into the senate chamber. He declared that it was a valuable dog, and he did not care to turn him adrift. A senate page guarded the canine during the session.

## PROPOSAL ON A PINE STRIP.

Girl Artist in Burnt Wood Sends Reply to Lonely Lumberman.

Elizabeth, N. J.—Miss Mary Hanna, a burnt wood artist in a novelty plant here, found on a strip of pine a message from a lonely Wisconsin lumberjack reading:

"If a girl finds this board, my name is Peter Peterson, and I want a wife. For I'm lonesome. Address Peter Peterson, General Delivery, Green Bay, Wis."

Miss Hanna admitted a postal showing Broad street at its busiest and carrying a message not discouraging was already on its way to Green Bay.

## REPAIR OWN ROADS

When Macon (Mo.) Motorists Find Hole They Fix It.

CALL AID IF JOB IS TOO BIG.

Farmers and City Residents Unite in Keeping Highways Fit by Doing Work Themselves—Harmony Between the Two Brings Good Results.

Macon, Mo.—Macon county is full of patriotic citizens these days who carry hoes to do emergency work on the roads. The hoe, and sometimes a shovel also, is carried behind the motor car, and whenever the public spirited citizen runs into a mudhole or a place which he thinks he can improve with a little work, he gets out and does it. It is considered bad citizenship here to pass over a mudhole without trying to repair it.

Farmers used to smile when the town men talked about working on the roads, but since they have shown so much interest in the matter the farmers welcome them in the all important road work. Of course one man and one hoe can't do any great amount of work, but the man can start on the job, and if he finds it too big to tackle he can give the emergency signal with his motorcar horn, and there are plenty of farmers who will respond to his call and help do the job.

Dr. A. B. Miller, former president of "The Macon Good Roads club, leader of "The Man With the Hoe" organization, said:

"The biggest thing the town man with the hoe does on the country road is to convince the farmer that he is really in earnest in this matter of good road work. When the farmer is satisfied that his city brother is going with him he will go to the limit. It means that before long we are going to have in this county such a sentiment as will vote almost unanimously for any proposition that tends to insure roads that will be good all year."

"We are approaching the era of hard surface roads. When we get everybody thinking and approving the road campaign it will be an easy matter to get the money necessary to carry on the work. It is no uncommon thing in driving over the country to see a preacher or a merchant on a highway alone tearing up weeds, shoveling dirt in a mudhole or cleaning out a ditch with a shovel. The work of these volunteer workers is bound to result in a perfect highway system. The fundamental is to get the people firmly decided on a thing and then they will go after it."

## TOO SPEEDY FOR JERSEY.

Four Auto License Seekers Caught by Catchy Question.

Ardmore, Pa.—Four young men of this place are "sore." They are testers for an automobile manufacturing concern and they need drivers' licenses in New Jersey. So they went over to the state across the river to take the required examination as to their fitness to serve as chauffeurs on Jersey roads.

"If," one of the questions asked, "you were preceded by a machine going forty miles an hour and holding the middle of the road, on which side would you pass it?"

All four answered that they would hold to the rule of the road and pass on the left.

"In that case," the examiner told them, "we don't want you fellows driving automobiles in New Jersey. Inasmuch as the car in front is exceeding the speed limit by a good deal, you have no right to pass him on any side."

## SUFFOCATED IN MUD.

Diver's Head Imbedded in the Ooze of a Pompton Stream.

Pompton, N. J.—His head imbedded in mud, Thomas Mahoney, twenty-two, of New York city, was suffocated under ten feet of water in the Pompton feeder here. Nearly two hours later friends brought the body to the surface.

Four chums saw the youth, an expert swimmer, dive from the bottom of an overturned rowboat. They thought he was swimming under water. Frightened when he failed to come up, they dove for his body, but could not lift it from the muddy bottom until help arrived.

## SNAKE HAS INDIGESTION.

Natural That It Should Have, After Swallowing China Eggs.

Middletown, Conn.—When Mrs. Elmer Marvin of North Lyme went to the henhouse recently she saw a black snake coiled in a hen's nest. She didn't scream, but reached for the hoe and "went to it." Noticing some protuberances on the reptile, she applied the implement vigorously and, to her surprise, hoed out two china eggs which it had swallowed with half a dozen hen's eggs. The snake seemed stupid and to be suffering from a touch of indigestion.

## ONE IN EACH 44 PERSONS IN U. S. HAS AN AUTO

2,445,664 Were Registered in 1915, Providing \$16,213,387 For Good Roads Work.

Washington.—Motor vehicles registered in the United States numbered 2,445,664 last year, and \$18,245,713 was paid by their owners as registration and license fees.

The offices of public roads of the department of agriculture recently announced that 80 per cent of the fees, or \$16,213,387, was spent for building and maintenance of county and state roads. There was an increase of 734,325 in the number of vehicles and \$3,863,700 in fees from 1914. Only 48,000 motors were registered in 1906.

The number of motor vehicles averaged registration for every forty-four persons in the United States. Iowa led with one for every sixteen inhabitants, while in Alabama there was only one for every 200 persons.

## BERNSTORFF'S WIFE COMING.

Will Shortly Join German Ambassador—Was an American Girl.

New York.—Countess von Bernstorff, formerly Miss Jeanne Luckmeyer of New York, who has not seen her husband, the German ambassador, since the European war began, is shortly to join him in Washington. She will come to America on the Frederick VIII. early in September.

The countess is the daughter of a naturalized German and has been known to refer with pride to the fact that she was born an American. The family left New York years ago, and the father died in France. While Count von Bernstorff was attached to the German embassy in London his wife became one of the most popular women in the diplomatic corps. She is said to be in high favor with the Kaiser.

## FERRETS MAKE HIS LIVING.

Grimley Takes Them Around to Rid Farms of Rats.

Kildare, Okla.—A Grimley of this city has several ferrets, and he makes his living by taking these small animals to some farm and ridding the place of rats at 5 cents a head.

His six ferrets killed 118 rats on one farm in forty minutes recently and are trained to put the rats in a pile outside the building when they catch them.

Mr. Grimley has been following this occupation for several months now and is planning to make trips all over the United States with his animals, making his way as he goes by killing the rats at farmhouses and storage places.

## FEEDS 5,100 CATTLE.

Buys Them in New Mexico and Fattens Them on His Ranch.

Centralia, Kan.—Henry Skinner, one of Centralia's boys, has on full feed now on his ranch near Medicine Lodge 5,100 head of cattle.

Skinner goes down into New Mexico, buys up a big bunch of native animals, brings them up to his ranch, grasses them awhile and then puts them on feed. The cattle have to be taught to eat the grain, which is done by gradually mixing the grain with alfalfa.

## GETS JOB HER HUSBAND LOST

President Appoints Woman as Postmaster of Devils Lake, N. D.

Washington.—President Wilson recently appointed Marjorie J. Bloom as postmaster at Devils Lake, N. D. There has been a controversy over the postoffice which has lasted more than a year.

Mrs. Bloom's husband was nominated twice for the office and rejected each time by the senate. Last May H. S. Davies was nominated to the position, but later quit the race.

## No Visitor in Eighteen Years.

San Francisco.—Elizabeth Bowers is dead at the relief home here at the age of 104 years. She never had a visitor in the eighteen years the institution had cared for her. She was born in Ireland in 1812 and came to California in 1833 with her husband, a sea captain.

## Sisters Meet After Fifty Years.

Scranton, Pa.—Mrs. Ella Anderson, aged sixty-six, and Mrs. Fannie Merrick of Little Marsh, Pa., sisters, embraced each other at a family reunion in Elbridge park recently after not seeing each other for an even half century. They were brought together by a third sister, Mrs. A. C. Shaw of Elmira Heights, N. Y.

## Icy River Bed.

In Siberia some of the rivers flow over six years old and almost as solid as rock. A tributary of the Lena has a bed of pure ice over nine feet thick.

## CHICKEN PARALYZED? HE WANTED TO KNOW

Excited Man Takes Barnyard Patient to Bayonne Doctor.

Bayonne, N. J.—A tall and well dressed man recently walked into the office of Dr. John T. Connelly, city physician here, excited and out of breath. He had a chicken under his arm.

"Doctor, can a chicken have infantile paralysis?"

The doctor looked puzzled and then smiled as the chicken was placed on his desk for examination.

"This chicken has been acting strangely, and I became curious," the visitor continued.

The city physician had been working night and day fighting against the spread of paralysis in Bayonne and had answered many foolish questions, but this one was beyond him.

The expression of the doctor's face was enough for his caller, for he seized the chicken, threw it under his arm and raced from the office without waiting for an answer.

## HE GROWS 3 3/4 INCHES IN JUST EIGHT DAYS

Visits Mountains and Returns a Greatly Changed Boy.

New York.—Donald, the twelve-year-old son of H. S. Rushmore of Jamaica, N. Y., went to Mount Beacon, N. Y., for a rest.

"When Donald went away," said his father, "he was four feet ten inches in height and weighed seventy-two pounds. He had always been a light eater. When he got back eight days later Mrs. Rushmore was so amazed at the change in his appearance that we measured him again and found he was five feet two and three-quarters high and weighed eighty-two pounds."

"A friend of mine who lived in this same house (83 Shelton avenue) sent his fifteen-year-old son last year up to the mountains in Maine, and he grew five inches in five weeks."

## FOUND AFTER 21 YEARS.

Man Whose Mother Thought He Was Drowned Will Go Home.

Pratt, Kan.—Charles M. Short, who has been mourned as dead by his mother, Mrs. M. A. Annett of St. Joseph, Mo., has been found in this city and is alive and well.

Short tells a peculiar story of a roaming life, which he has at last decided to stop and go home to his mother. About twenty-one years ago Short left his home at Excelsior Springs, Mo., and started out for himself.

He went to San Francisco, where he went on the seas as a sailor. He never wrote his mother, but a word to a cousin in Nebraska gave the information that he was a sailor on a certain boat. This vessel was reported sunk, and there was no report of Short's name in the list of survivors.

His mother then mourned him for dead until recently a flash came over the wire from the cousin in Nebraska that Short had been found.

## CURE FOR INSOMNIA.

Austrian Physician Says It Is Merely a Case of Stretching.

Vienna.—A well known Austrian physician, Dr. Ebstein, claims the discovery of a physical exercise that will cure insomnia. As explained in the Physical and Diet Therapeutics Journal the cure consists of the simple process of grasping with both hands the head board or rail of the bed and of straining upward until the arm and shoulder muscles are fatigued.

Sleeplessness in most cases is caused by irregular blood circulation in the brain, Dr. Ebstein explains. This comes to pass because of the slight difference in altitude between the head and the heart when one is lying down. By raising the arms and straining upward the physician claims the flow of the blood to the head is increased, while at the same time a certain degree of fatigue aids in getting to sleep.

## A KNOTTY PROBLEM.

Citizen Marines Wonder if They Should Be Called Submarines.

Philadelphia.—Can a citizen volunteer for training in the duties of the United States marine corps, holding himself in readiness to take the place of a regular marine killed in war, be properly termed a sub-marine? That is what the "rookies" now at the marine corps training camp in Lansdowne, Pa., would like to know.

Friends of the citizen "sea soldiers" are telling them that a marine, not regularly a marine, although coached in the signals and likely to be called upon to "pinch hit" for a regular marine, must necessarily be a sub-marine.

The "rookies" themselves say that Noah Webster overlooked this knotty problem when he wrote his best seller, and they are calling on sports editors to decide the question.

## ENVY KING'S SON.

Italian Boys Would Like to Visit Front Like Prince.

## IS LOVED BY THE SOLDIERS.

Heir Apparent to Italian Throne Has Had Some Remarkable Adventures. Has Ridden in Aeroplanes and Submarines and Shot Wild Boars.

Rome.—The most envied boy in all Italy is Humbert Nicholas Thomas Jean Marie—envied not because he is heir apparent to the Italian throne, but because he is the youngest boy who has been officially permitted to see the Italian front.

This only son of King Victor Emmanuel is but twelve years old and has had some remarkable adventures. He is head of the young explorers of Italy, a body that corresponds to the boy scouts in America, and he has done a lot of things that any boy would like to do. He has gone up in aeroplanes, down in submarines, steered warships, sailed boats, shot at wild boars and ridden cavalry horses.

But the things he is proudest of are his visits to the front, for he has been there not once, but many times. His first visit was a matter of considerable family discussion. In the royal family of Italy all such matters are talked over in the same fashion that they would be in any large American family.

At the front young Humbert displayed the same fearlessness that has characterized his father during his stay there. He went practically everywhere, fell in love with the soldiers, was petted by them in return and, all in all, had a fine time.

Brought up in the tolerant manner of his father, Humbert is all boy, through and through, and is not averse to some of the mischief that characterizes the American boy.

## OLD WOMAN MAKES HAY.

Although Eighty-four Years Old, She Can Mow and Has a Fine Garden.

Cookeville, Tenn.—Mrs. Nellie France, aged eighty-four, who lives near Beaver Hill, mowed hay recently. "Aunt Nellie" enjoys remarkably good health. She has a splendid garden which she has made herself, doing all of the hoeing.

While her hay was being mowed she went to the hayfield and asked permission to drive the mower, which was being pulled by two large mules. Her request being granted, she made several rounds in the large hay field. She did the work with steady nerve and insisted upon driving longer, but the overseer, fearing that she would over-exert herself, prevailed upon her not to do so.

The day following, however, she donned her sunbonnet and went back to the hayfield and raked all day.

She frequently rides horseback from her home to Monterey, a distance of eight miles.

## ANCIENT COMMUNITY HOUSE.

Relic Discovered Near Santa Fe Said to Be 1,000 Years Old.

Santa Fe, N. M.—The discovery of a hitherto unknown community house estimated to be a thousand years old at Otowi, the prehistoric settlement thirty miles west of Santa Fe, was announced recently by Mrs. L. I. Wilson of Philadelphia, in charge of an archaeological expedition of the Philadelphia Commercial museum.

Pottery of an unknown design and an immense sacrificial altar are among the relics found in the newly unearthed ruins.

## GETS FIRST CHICAGO PENSION

John Agnew, Eighty-five, Had Been City Employee Since 1852.

Chicago.—John Agnew, eighty-five years old, who until July 1 this year had been a city employee since 1852, received a check recently which was the first payment by the municipal pension board under the pension act passed five years ago.

The presentation was made by Mayor Thompson. Mr. Agnew's sixty-four years of municipal service began with membership in the volunteer fire department.

## HUMAN EMERGENCY BRAKE.

Big Butcher, Baffled by Levers, Succeeds With His Hands.

Phillipsburg, Pa.—Otto Huffman, manager of a meat market, bought an automobile recently and, after making a trial trip and receiving instructions, undertook its management.

All went well until he tried to stop the car. There Otto struck a snag. Just as his predicament was becoming serious the giant butcher brought his strength into play. Leaping out, he seized the car and by sheer strength brought it to a standstill.

## PROCLAMATION

PUBLICATION OF CHAPTER 30,  
ACTS OF 1916.

WHEREAS, The General Assembly of Maryland, at its January Session, 1916, passed an Act, known as Chapter 30 of the Acts of Maryland of said Session and being in the words and figures following:

## "CHAPTER 30.

AN ACT to enable the registered and qualified voters of the City of Baltimore, Baltimore County, the First and Third Precincts of the Fifth District of Anne Arundel County, Annapolis City, Allegany County, Washington County, Frederick County, Prince George's County, Ellicott City and Havre de Grace, each as a separate political unit, to determine by ballot whether or not the sale, manufacture for sale and transportation for sale of alcoholic, spirituous, vinous, malt and intoxicating liquors for beverage purposes shall be forever prohibited in the said political units herein designated, respectively, from and after May first, one thousand nine hundred and eighteen; providing for the submission of such question to the voters of each of the political units herein designated and declaring the effect of such election.

Section 1. *Be it enacted by the General Assembly of Maryland*, That the question whether or not the sale, manufacture for sale and transportation for sale of alcoholic, spirituous, vinous, malt and intoxicating liquors for beverage purposes shall be forever prohibited in the City of Baltimore, Baltimore County, the 1st and 3rd precincts of the Fifth District of Anne Arundel County, Annapolis City, Allegany County, Washington County, Frederick County, Prince George's County, Ellicott City and Havre de Grace, respectively, from and after May first, one thousand nine hundred and eighteen, shall be submitted to the registered and qualified voters of said political units herein designated, at the general election to be held on the first Tuesday after the first Monday in the month of November, A. D. one thousand nine hundred and sixteen; and Supervisors of Elections of Baltimore City and the Supervisors of Elections of or exercising jurisdiction over each of the political units herein designated shall have printed upon the ballots to be used at the general election held on the first Tuesday after the first Monday in November, A. D. one thousand nine hundred and sixteen, in a separate column to follow immediately after the names of candidates the following proposition, in clear, plain, bold Roman capitals, twelve-point type: ("Shall the sale, manufacture for sale and transportation for sale of alcoholic, spirituous, vinous, malt and intoxicating liquors for beverage purposes in the ..... (county, city, town or village, as the case may be) be prohibited from and after May first, one thousand nine hundred and eighteen"; after which shall be printed on separate lines with a square or box to the right and opposite the words "for prohibition" and a corresponding square or box to the right and opposite the words "against prohibition," on the ballots printed in each of said political units, the blank above indicated shall be filled in with the name of the respective political unit so voting, as aforesaid.

The Governor of this State shall give notice by publication in two newspapers published in each of the political units herein designated, or if only one newspaper is published in any such unit, then such notice shall be published in one newspaper, or if no newspaper is published in any of such units, then in a newspaper published in the county of which such unit is a part, and three newspapers published in Baltimore City, one of which shall be printed in the German language, giving at least three months' notice that such question shall be submitted to the voters of each of the political units herein designated for their adoption or rejection; and the Secretary of State shall, not less than thirty days before the date of said election, certify the same to the Board of Supervisors of Elections of or exercising jurisdiction over each of the political units herein designated and to the Board of Supervisors of Elections of the City of Baltimore, whose duty it shall be to forthwith give notice by advertisement and otherwise of the submission of such question; provided, however, that if for any reason said notice shall not be given or not given in the manner prescribed by law, such failure of publication of said notice shall not affect the validity of this Act nor operate to prevent its taking effect.

Sec. 2. *And be it enacted*, That the proposition above mentioned shall be so printed as to give each voter a clear opportunity to designate by a cross (X) in a square opposite the words "for prohibition" and in a square opposite the words "against prohibition" his answer to such question; that one challenger and one watcher may be designated for each precinct of each of the political units herein designated by the chairman of the committee managing in each of such political units the interest of those conducting the campaign favoring and those opposing said proposition, the said challengers and watchers to have the same powers and duties which are conferred upon challengers and watchers at general elections held in this State by Section 64 of Article 33 of Bagby's Annotated Code of Public General Laws of Maryland, and a certificate signed by the aforesaid chairman shall be sufficient authority for such challenger and watcher to perform their duties. The name of each chairman shall be filed with the Board of Supervisors of Elections at least thirty days before said election.

The laws now in force for the conduct of general elections in each of the political units herein designated and the provisions and requirements of the Corrupt Practices Act shall apply in all particulars to the elections provided for by this Act.

Sec. 3. *And be it enacted*, That the Supervisors of Elections of each of the political units herein designated and of Baltimore City shall canvass these returns in like manner as other election returns, and they shall certify the number of votes cast "for prohibition" and "against prohibition" respectively, and the said Board of Election Supervisors shall file their certificates with the Clerks of the Circuit Court of the several political units herein designated or having jurisdiction over the same and with the Clerk of the Superior Court of Baltimore City, as the case may be, and shall forward at once by registered mail to the Secretary of State a duplicate copy of said certificates, and the

Secretary of State shall within thirty days from the date of said election, provide no contest has been filed, make a certificate to the Governor showing the total number of votes cast "for prohibition" and the total number of votes cast "against prohibition" in each of the political units herein designated, and upon receipt of this statement the Governor shall forthwith issue a proclamation declaring the result of the election in each of the political units herein designated and calling attention to its effects under this Act, and said proclamation shall be recorded in a well-bound book in the offices of the Clerks of the Circuit Court for the several counties or having jurisdiction over said political units herein designated and in the office of the Clerk of the Superior Court of Baltimore City and in the office of the Secretary of State, and the vote upon said proposition and such result may be proved in all courts and in all proceedings by such record or by a certified copy of the proclamation under the hand and seal of the Secretary of State.

Sec. 4. *And be it enacted*, That if upon receipt by the Governor of a certificate from the Secretary of State showing the result of such election in each of the political units herein designated it shall appear that a majority of the voters in any such political unit qualified under the laws of the State to participate in such election voting on this question in such election, have voted "against prohibition," then the laws relating to the sale, manufacture for sale, the transportation for sale of alcoholic liquors for beverage purposes in such political units so voting against prohibition in effect at the date of this election shall continue in force and effect unless or until otherwise changed by the General Assembly of Maryland or by a majority vote of the qualified electors of this State.

Sec. 5. *And be it enacted*, That if upon receipt by the Governor of a certificate from the Secretary of State showing the result of such elections in each of the political units herein designated it shall appear that a majority of the voters in any such political unit qualified under the laws of this State to participate in such election voting on this question in such election, have voted "for prohibition," then he shall forthwith issue his proclamation to this effect, and on and after the first day of May, one thousand nine hundred and eighteen, it shall be unlawful for any person, persons, social club, firm or corporation to manufacture for sale, sell or purchase for sale, transport for sale, dispense or otherwise dispose of any alcoholic, spirituous, vinous, fermented, distilled or malt liquors or intoxicating bitters or liquid mixtures or preparations, whether patented or not, which will produce intoxication in such political unit or units so voting for prohibition, except for medicinal, pharmaceutical, scientific, sacramental or mechanical purposes, as may be allowed under the provisions of such acts as the General Assembly of Maryland shall pass at its regular session held next after the date of such election or any subsequent session allowing such sale for such purposes only. And any person, persons, social club, firm or corporation manufacturing, selling, transporting, dispensing or disposing of any alcoholic, spirituous, vinous, fermented, distilled or malt liquors within such political unit or units so voting for prohibition shall be liable for all the penalties now or hereafter prescribed for manufacturing, selling, dispensing or disposing of alcoholic, spirituous, vinous, fermented, distilled, malt and intoxicating liquors without a license; and any place used for purposes in violation of this section, such use is hereby declared a nuisance and shall be abated as such.

Sec. 6. *And be it enacted*, That any qualified voter of any political unit herein designated may contest the election on this question hereby submitted to the voters of such political unit or demand a recount of the ballots cast on such questions in any election precinct or district of any such political unit, by filing a petition setting forth the grounds of such contest or recount, verified by affidavit with the Clerk of the Circuit Court for the county or the Clerk of the Superior Court for Baltimore City, as the case may be, within more than five days from the date of the canvass of the returns by the Election Supervisors, and upon the filing of bond for the costs in the penalty to be fixed by the residing Judge or the Judge at that time presiding over the Court in which the contest is instituted, with surety or surties to be approved by him, a summons shall forthwith issue from such court addressed to the Supervisors of Election for or having jurisdiction over such political unit or for the City of Baltimore in which such contest is instituted, notifying them of the filing of such petition and directing them to appear in such court with the ballots and ballot boxes of the precinct or precincts in which irregularities are charged, at the time named in such summons, which shall be not less than five nor more than ten days from the filing of such petition. The procedure in such cases shall be the same as that provided by law for contesting any election for public office so far as the same is applicable.

In case of a contest of election in any precinct of any political unit herein designated or the City of Baltimore, as the case may be, the Board of Supervisors of Elections shall withhold the certificate of such election returns for such political unit or the City of Baltimore in which such precinct is located until the court decides such contest. Immediately following such decision of the court the Board of Supervisors of Elections shall make the returns as herein provided; such decision shall be made by the court not later than six months from the date of election.

The said court shall have final jurisdiction to hear and determine the merits of such cases, and if the said court shall discover that fraud has been committed in any precinct and the legal votes cannot be separated from the illegal votes or ballots so that the correct result can be ascertained, then the whole number of ballots cast in such precinct on such question so submitted to the voters of the political units herein designated shall be rejected by the said court and not counted and the Supervisors of Elections shall not make any returns of the votes cast in such precinct, and the rejection of such ballots shall in no wise render invalid the result of such election.

Sec. 6A. This Act shall not apply to nor prohibit the manufacture for sale of alcoholic, spirituous and vinous, malt and intoxicating liquors by persons and corporations now engaged in the manufacture thereof or the transportation thereof by said persons and

corporations where such liquors are manufactured for sale and sold only for delivery for shipment to places beyond the State or to places within the State where such sale is not now or hereafter prohibited by law.

Sec. 7. *And be it enacted*, That this Act shall take effect from the date of its passage.

Approved March 17, 1916.

AND WHEREAS, Section 1 of the above recited Act requires that the Governor of the State shall give notice by publication in two newspapers published in each of the political units designated in said Act, and if only one newspaper be published in such political unit then in that newspaper, and if no newspaper be published in any such political unit then in a newspaper published in the county in which such political unit is located; and in three newspapers published in the City of Baltimore, one of which shall be printed in the German language.

NOW, THEREFORE, I, EMERSON C. HARRINGTON, GOVERNOR OF MARYLAND, in compliance with the authority and direction contained in said Section 1 of said Chapter 30 of the Acts of Maryland of 1916, do hereby order and direct that a copy of this proclamation, which sets forth the complete and correct text of said Act, be so published as directed in said Section 1 of said Act, once a week for three months next preceding the day of the election at which the said Act is to be submitted to the registered voters of said political units, for their adoption or rejection.

## PROCLAMATION

PROPOSED AMENDMENT TO THE  
CONSTITUTION OF MARYLAND  
CREATING A BUDGET SYSTEM.

WHEREAS, at the January Session of the General Assembly of Maryland, held in the year 1916, an Act was passed, to-wit: Chapter 159 of said Acts, being an Act to propose an amendment to Section 52 of Article III, title, "Legislative Department," of the Constitution of this State; and which said Act is in words and figures following:

## "CHAPTER 159.

AN ACT to propose an amendment to Section 52 of Article III, title, Legislative Department, of the Constitution of this State, regulating the making of appropriations by the General Assembly of Maryland in regular session, and to provide for the submission of said amendment to the qualified voters of this State for adoption or rejection.

Section 1. *Be it enacted by the General Assembly of Maryland* (three-fifths of all the members of each of the two houses concurring), That the following and the same is hereby proposed as an amendment to Section 52 of Article III, title Legislative Department, of the Constitution of this State, the same, if adopted by the legally qualified voters of the State, as herein provided, to become Section 52 of Article III of the Constitution of Maryland.

Sec. 52. The General Assembly shall not appropriate any money out of the Treasury except in accordance with the following provisions:

Sub-Section A: Every appropriation bill shall be either a Budget Bill, or a Supplementary Appropriation Bill, as hereinafter mentioned.

Sub-Section B:

First. Within twenty days after the convening of the General Assembly (except in the case of a newly elected Governor, and then within thirty days after his inauguration), unless such time shall be extended by the General Assembly for the session at which the Budget is to be submitted, the Governor shall submit to the General Assembly two budgets, one for each of the ensuing fiscal years. Each budget shall contain a complete plan of proposed expenditures and estimated revenues for the particular fiscal year to which it relates; and shall show the estimated surplus or deficit of revenues at the end of such year. Accompanying each budget shall be a statement showing: (1) the revenues and expenditures for each of the two fiscal years next preceding; (2) the current assets, liabilities, reserves and surplus or deficit of the State; (3) the debts and funds of the State; (4) an estimate of the State's financial condition as of the beginning and end of each of the fiscal years covered by the two budgets above provided; (5) any explanation the Governor may desire to make as to the important features of any budget and any suggestion as to methods for the reduction or increase of the State's revenue.

Second. Each budget shall be divided into two parts, and the first part shall be designated "Governmental Appropriations" and shall embrace an itemized estimate of the appropriations: (1) for the General Assembly as certified to the Governor in the manner herein-after provided; (2) for the Executive Department; (3) for the Judiciary Department, as provided by law, certified to the Governor by the Comptroller; (4) to pay and discharge the principal and interest of the debt of the State of Maryland in conformity with Section 34 of Article III of the Constitution, and all laws enacted in pursuance thereof; (5) for the salaries payable by the State under the Constitution and laws of the State; (6) for the establishment and maintenance throughout the State of a thorough and efficient system of public schools in conformity with Article VIII of the Constitution and with the laws of the State; (7) for such other purposes as are set forth in the Constitution of the State.

Third. The second part shall be designated "General Appropriations," and shall include all other estimates of appropriations. The Governor shall deliver to the presiding officer of each house the budgets and a bill for all the proposed appropriations of the budgets clearly itemized and classified; and the presiding officer

of each house shall promptly cause said bill to be introduced therein, and such bill shall be known as the "Budget Bill." The Governor may, before final action thereon by the General Assembly, amend or supplement either of said budgets to correct an oversight or in case of an emergency, with the consent of the General Assembly by delivering such an amendment or supplement to the presiding officers of both houses; and such amendment or supplement shall thereby become a part of said budget bill as an addition to the items of said bill or as a modification of or a substitute for any item of said bill such amendment or supplement may affect.

The General Assembly shall not amend the budget bill so as to affect either the obligations of the State under Section 34 of Article III of the Constitution, or the provisions made by the laws of the State for the establishment and maintenance of a system of public schools, or the payment of any salaries required to be paid by the State of Maryland by the Constitution thereof; and the General Assembly may amend the bill by increasing or diminishing the items therein relating to the General Assembly, and by increasing the items therein relating to the judiciary, but except as hereinbefore specified, may not alter the said bill except to strike out or reduce items therein, provided, however, that the salary or compensation of any public officer shall not be decreased during his term of office; and such bill when and as passed by both houses shall be a law immediately without further action by the Governor.

Fourth. The Governor and such representatives of the executive departments, boards, offices and commissions of the State expending or supplying for State's money, as have been designated by the Governor for this purpose, shall have the right, and when requested by either house of the Legislature, it shall be their duty to appear and be heard with respect to any budget bill during the consideration thereof, and to answer inquiries relative thereto.

Sub-Section C: *Supplementary Appropriation Bills:*

Neither house shall consider other appropriations until the Budget Bill has been finally acted upon by both houses, and no such other appropriation shall be valid except in accordance with the provisions following: (1) Every such appropriation shall be embodied in a separate bill limited to some single work, object or purpose therein stated and called herein a Supplementary Appropriation Bill; (a) Each Supplementary Appropriation Bill shall provide the revenue necessary to pay the appropriation thereby made by a tax, direct or indirect, to be laid and collected as shall be directed in said Bill; (3) No Supplementary Appropriation Bill shall become a law unless it be passed in each house by a vote of a majority of the whole number of the members elected; and the yeas and nays recorded on its final passage; (4) Each Supplementary Appropriation Bill shall be presented to the Governor of the State as provided in Section 17 of Article II of the Constitution and thereafter all the provisions of said Section shall apply. Nothing in this amendment shall be construed as preventing the Legislature from passing at any time in accordance with the provisions of Section 28 of Article III of the Constitution and subject to the Governor's power of approval as provided in Section 17 of Article II of the Constitution an appropriation bill to provide for the payment of any obligation of the State of Maryland within the protection of Section 10 of Article I of the Constitution of the United States.

Sub-Section D: *General Provisions:*

First. If the Budget Bill shall not have been finally acted upon by the Legislature three days before the expiration of its regular session, the Governor may, and it shall be his duty to issue a proclamation extending the session for such further period as may, in his judgment, be necessary for the passage of such Bill; but no other matter than such Bill shall be considered during such extended session except a provision for the cost thereof.

Second. The Governor for the purpose of making up his budgets shall have the power, and it shall be his duty, to require from the proper State Officials, including herein all executive departments, all executive and administrative offices, bureaus, boards, commissions, and agencies expending or supervising the expenditure of, and all institutions applying for State moneys and appropriations, such itemized estimates and other information, in such form and at such times as he shall direct. The estimates for the Legislative Department, certified by the presiding officer of each house, of the Judiciary, as provided by law, certified by the Comptroller, and for the public schools, as provided by law, shall be transmitted to the Governor, in such form and at such times as he shall direct, and shall be included in the budget without revision.

The Governor may provide for public hearings on all estimates and may require the attendance at such hearings of representatives of all agencies and of all institutions applying for State moneys. After such public hearings he may, in his discretion, revise all estimates, except those for the legislative and judiciary departments, and for the public schools as provided by law.

Third. The Legislature may, from time to time, enact such laws, not inconsistent with this Section, as may be necessary and proper to carry out its provisions.

Fourth. In the event of any inconsistency between any of the provisions of this Section and any of the other provisions of the Constitution, the provisions of this Section shall prevail. But nothing herein shall in any manner affect the provisions of Section 34 of Article III of the Constitution or of any laws heretofore or hereafter passed in pursuance thereof, or be construed as preventing the Governor from calling extraordinary sessions of the Legislature, as provided by Section 16 of Article II, or as preventing the Legislature at such extraordinary sessions from considering any emergency appropriation or appropriations.

If any item of any appropriation bill passed under the provisions of this Section shall be held invalid upon any ground, such invalidity shall not affect the legality of the Bill or of any other item of such Bill or Bills.

Section 2. *And be it enacted by the authority aforesaid*, That the said foregoing Section hereby proposed as an amendment to the Constitution shall at the next ensuing general election, being the Presidential and Congressional election, to be held on the Tuesday next

after the first Monday of November, nineteen hundred and sixteen, be submitted to the legal and qualified voters of the State for their adoption or rejection in conformity with the directions contained in Article XIV of the Constitution of this State, and at said election the vote on said proposed amendment to the Constitution shall be by ballot, and upon each ballot there shall be placed the following synopsis of said amendment under the caption of "CONSTITUTION AMENDMENT PROVIDING FOR A BUDGET."

This amendment provides that the Governor shall present to the Legislature soon after it is convened a Budget giving a complete plan of proposed expenditures and estimated revenues for the two succeeding fiscal years showing clearly any surplus or deficit in State funds. In these estimates he shall make provision for the interest and sinking funds of all State debts, for all salaries as fixed by law, and for the public schools as fixed by law. With regard to most other matters he may revise the estimates presented to him either by State Officers or State-aided institutions. The Legislature may not increase the estimates presented by the Governor or pass any additional appropriation act except by a majority vote and must make provision by tax for such increase or additional appropriation. The Legislature may not alter in an appropriation act the provision made by law for the State debt, or for the judiciary, but may reduce all other items in the Governor's estimates; and the words "for the Constitutional Amendment" as now provided by law, and immediately after said election due returns shall be made to the Governor of the vote for and against the proposed amendment, and further proceedings had in accordance with Article XIV of the Constitution.

Approved March 28, 1916.

Now, therefore, I, Emerson C. Harrington, Governor of the State of Maryland, in pursuance of the direction contained in section 1 of Article 14 of the Constitution of Maryland, do hereby order and direct a copy of this Proclamation, containing a full, true and correct copy of the text of said Chapter 159 of the Acts of Maryland of 1916, be published in at least two newspapers in each of the counties of the State and in three newspapers published in the City of Baltimore, one of which said newspapers in the City of Baltimore to be printed in the German language, once a week for three months next preceding the General Election to be held in this State on November 7th, 1916, and at which election the said proposed amendment to the Constitution shall be submitted, in form and manner prescribed by the General Assembly, to the legal and qualified voters of the State for their adoption or rejection.

Valley Lodge, No. 70, Knights of Pythias, Hagerstown, has appointed Daniel E. Bower, Richard Duffey, D. Angle Wilfinger, Harry McC. Stouffer and C. L. Mobley a committee to co-operate with the general committee named to arrange for the first annual reunion of the Knights of Pythias at Pen Mar Park Sept. 14, 15 and 16.

Features of the reunion, besides the speaking, will be drills by the uniform team and drill teams and a tug of war between members of the Western Maryland and the Baltimore lodges. A dozen bands will furnish music.

## W. M. Adopts First Aid.

All of the station agents and foremen of section gangs of the Western Maryland railroad are embryo doctors. They have been supplied with emergency, or first aid kits, with instructions how to use the contents in the case of accident happening to any employe within their reach. The cases contain bandages, absorbent cotton and other necessities for instant use. The section foremen are required to carry their cases with them whenever they go out with their men and the agents keep their cases convenient in the stations.

## THE ORIGIN OF BASEBALL

Cooperstown, N. Y., is Where Game Had its Birth.—Abner Doubleday, the Founder of Fastime.

For years there has been a controversy over the origin of the great national game. Claims a many have been made and contradictions galore have been rife.

Not long ago, at Cooperstown, N. Y., there was a celebration of the birth of baseball, Cooperstown claiming that it was in that city in 1839 that baseball had its rise and that the founder was Abner Doubleday, then a schoolboy, and later a general in the Union Army.

Commenting on the subject the Billings (Mont.) Gazette says: "Many have contended that the game grew out of the American 'old cat,' others that it evolved from the English game of 'rounders,' but the claim of Cooperstown any Doubleday will probably stand in the future. Unchallenged as the official heads of organized baseball concede them the honor of having been the cradle and the father of the game. Some nine years ago a commission of baseball men after thorough investigation, rendered this verdict and at the celebration a few days ago President Tener of the National league and other prominent baseball men were present.

"Doubleday made the first diagram of the players' positions and substituted the present method of putting runners out for the old way of hitting them with the ball. In this he laid the foundation for the development of the scientific game of the present, but it was not until 1858, nearly two decades later, that the first convention of baseball players was held and the game placed on its feet on an organized basis. The next year a national association was formed and in 1871 the first national league was organized, this after the curve ball had been discovered.

"Since then the growth of baseball has been little short of marvelous. Today it is one of the greatest industries of the nation; tens of thousands of teams play, tens of millions of dollars go into box offices every season and not even such a cataclysm as the present world war can divert the interest of the American public from the game. Gradually it is gaining foothold in other countries and a very few years will find baseball a universal sport.

"The interesting feature of it, which should give the birth of baseball a place in history, is that the game is perhaps the greatest single democratizing influence at work in this country and is bound to have the same effect wherever it spreads. Baseball typifies the spirit of America, which is of course the secret of its tremendous popularity, and as a welding force, a leveller, a remedy for industrial and social blemishes its power is almost beyond computation.

## No Tour For President

After a conference Tuesday between President Wilson and the members of the Democratic Campaign Committee, Vance C. McCormick, chairman of the National Committee, announced that the President would make no speaking tour, but probably would accept invitations to speak at different places.

Mr. McCormick explained the President's decision by saying Mr. Wilson considered a stumping tour incompatible with the dignity of the office of President.

Last week Congressional callers at the White House gained the distinct impression that Mr. Wilson would make a trip to the Pacific Coast. So far the President's only speaking engagements are Hodgenville, Ky., September 4, and St. Louis, September 20. He probably will speak before a suffrage meeting at Atlantic City September 8 and in Boston October 12.

## Will of Benjamin Hobbs.

The will of the late Benjamin Hobbs was filed for probate in the Register of Wills office last week. The estate is valued at \$3,800 and the executor is Harry Hobbs. He gives all his property to his wife during her life. Upon her death everything is to be sold, and out

of the proceeds, \$200 is to be given to each of three daughters, Lucy, Nellie and Rosa provided each remains at home until the death of the mother. A grandson and granddaughter, children of Joseph, deceased, are given \$25 each, and the residue is to be equally divided among the children of the testator.

### FIRST SIGNS OF CHILL PARALYSIS

Remedies For Treatment.—Adults as Well as Children May Be Sources of Contagion.

Dr. J. Hampson Jones, chief of the Bureau of Communicable Diseases of the State Board of Health, Tuesday directed a letter to Baltimore health officers telling them how to detect the first signs of infantile paralysis and how to treat the malady after its symptoms shall have been definitely established.

The diagnosis of this disease in its early and probably the most infective stage is not easy. It is, therefore, important that a child who is taken ill should be isolated immediately and treated with the same care as if it were a true case of poliomyelitis until diagnosis is made to the contrary.

All discharges from the body of a patient seem to be infected, especially those from the naso-pharynx and intestines. Whatever conveys these discharges, directly or indirectly, to the well people may spread the disease.

It is possible that insects, such as the stable fly, may act as a carrier. It has been suggested that dust in the rooms and general atmosphere may be a carrier factor.

Flies and dust are probably less potent factors than the hands of attendants infected by the discharges from the naso-bucco-pharynx and intestines of the patient.

Symptoms vary greatly in severity. Usually we find, first, child irritable and "out of sorts;" second, temperature 101 degrees to 103 degrees F.; third, stomach disturbed, as evidenced by (a) loss of appetite, (b) vomiting; fourth, appearance of paralysis after 24 to 48 hours, with tenderness and pain about the body.

The severer types shown in addition to the above such characters as are commonly found in acute meningitis—First, stiffness of neck and head retracted; second, temperature may be higher than 103 degrees F.; third, muscles more or less rigid; fourth, Coma in some cases.

These severer symptoms are then followed in two to four days by death, if the center in the medulla are involved, or by paralysis, with flaccid muscles.

Directions for management of case—First, isolate as in case of scarlet fever; second, room well ventilated and plenty of sunlight; third, patient and bed should be screened with mosquito netting; fourth, room screened against flies; fifth, all discharges from patient should be at once disinfected, sputum and nasal discharges should be received in a clean rag or paper and then burned; sixth, attendant should, if possible, wear washable gowns; seventh, attendant should disinfect hands after handling patient; eighth, after disappearance of symptoms, and the paralysis alone remains, the child may be allowed to be brought outside of the house.

### ANTIS WILL HELP WILSON

Organization of Those Opposed to Woman Suffrage Soon to Have Million Members.

The National Association Opposed to Woman Suffrage announced through its president, Mrs. Arthur M. Dodge, that it was out to obtain the election of all candidates "blacklisted by the suffragists." President Wilson is the only presidential candidate who had been blacklisted by the suffragists.

In an appeal to antisuffragists and the public Mrs. Dodge says the Republicans cannot elect Mr. Hughes unless they have the electoral votes of New York, Pennsylvania, Ohio, Massachusetts and New Jersey. She says that the voters of these five states last year cast 2,000,000 ballots against woman suffrage and that Mr. Hughes' stand for the federal amendment is not going to get him anything in the states she named.

Mrs. Dodge announced that her association would soon have a million members and that its work would bear fruit on November 7.

House for Big Navy by Vote of 283 to 51.

By the overwhelming vote of 283 to 51, the Administration's "bigger navy" program, as adopted by the Senate, which authorizes construction work to begin on four dreadnaughts, four battle cruisers and 34 smaller vessels in the coming year and the building of 104 additional warships in the following two years, was approved by the House Tuesday when the conference report on the Naval Appropriation bill was taken up. The personnel increases, on which there had also been a disagreement, was adopted without record vote.

Eight Millions in Internal Revenue. Maryland contributed \$8,789,495 35 in internal revenue to the federal government for the fiscal year which ended June 30, 1916, according to the preliminary report of the Commissioner of Internal Revenue.

I am willing, no matter what my personal fortunes may be, to play for the verdict of mankind. Personally, it will be a matter of indifference to me what the verdict on the 7th of November is, provided I feel any degree of confidence that when a later jury sits, I shall get their judgment in my favor. Not in my favor personally—what difference does that make?—but in my favor as an honest and conscientious spokesman of a great nation.

# PERSONAL MENTION

It is the aim of THE CHRONICLE to publish as many personal and social items as possible, but it frequently happens that those who have guests visiting them, and those who entertain, fail to send a list of their friends, or an account of these events, to this office. Readers who live at a distance are always interested in what is going on "at home," and for that reason, if for no other, this column should be filled every week. It is of course understood that anonymous contributions will not be published. Names of persons furnishing items will be withheld.

## HERE HUNTING UP RELATIVES

Mr. and Mrs. Abram Myers, of Washington, Re-visit Place of Mrs. Myers' Birth.

Mr. and Mrs. Abram Myers, of Washington D. C., motored to Emmitsburg Tuesday and spent several very pleasant hours revisiting the scenes of Mrs. Myers' childhood.

Mr. Myers, who is an Examiner in the Civil War Division, U. S. Pension office, was born in Keedysville, Washington county, when a boy went West with his family and settled in Ogle county, Ill.

By a singular coincidence the family of Mrs. Myers (Mrs. Myers was a Gibbs) left Emmitsburg where Mrs. Myers was born and also settled in Ogle county, Ill. The Gibbs family were weavers and while resident here Mr. Gibbs and his oldest son worked for years in the old Culbertson Woolen Mills, later known as the "factory farm," now in the possession of E. L. Rowe, Esq.

Mrs. Myers was disappointed in not finding any of her relatives hereabout and in only being able to view the foundation of her old home—the McGrath house, formerly the Brawner place, which burned to the ground a few years ago.

Mr. Myers visited the CHRONICLE OFFICE and talked most interestingly of his early history and that of his wife.

Mr. Myers is a Grand Army man and served in Company D, 4th. Illinois Cavalry and afterwards in Company L, 12th Illinois Cavalry. He is a member of Lincoln Post No. 3 Department of the Potomac and is an aide-de-camp on the staff of the Commander-in-chief G. A. R.

The recent call for men for border duty will take to the front in a few days Mr. Myers' son who is first Sergeant in Company I 3rd. D. C. Guards. He has been in the service a number of years and fought in the Spanish War. Another son is a lawyer and is attached to the staff of the Department of Justice, Washington. He is only 27 years old and is already a thirty-second degree Mason.

## THE BIG SETTO

It Promises to be Worth Looking At—Tomorrow's Day.

If the fans are as hot foot for the "go" tomorrow as the boys who are going to mix it up are, there will be a big turnout on the local diamond.

This bout will take place late in the afternoon—after the ball game. The hour will be just right. The sun will not affect the spectators' eyes, and the men in the ring will experience no trouble from slanting shadows.

Word comes from Baltimore that Johnny Rebhan is "on edge," fit for ten rounds—ten fast ones. As for Bower, he's ready for anything that Johnny has to offer him—ready and anxious to go the limit if necessary.

James McGreevy will be the third man in the roped arena and he says "there'll be no going to sleep on the job." He has made it known that there has got to be action.

Is everybody ready? Tomorrow, Firemen's Field, after the ball game. Twenty five cents lets you in—and the proceeds go to the Baseball Club.

## Corn Bake On Thomas Creek.

On Wednesday a party of young ladies and gentlemen enjoyed a corn bake along the creek at the old Gison Farm. Although corn was king on this occasion (and it was cooked to the queens taste by Frank Brown, whose reputation as a chef has long been established) there were any number of other delicious delicacies which were greatly enjoyed by the large party present. The list of guests included were:

Mr. and Mrs. Samuel Rowe, Mr. and Mrs. W. D. Colliflower, Mr. and Mrs. E. L. Annan Jr., Mrs. George Eyster, Mrs. R. M. Zacharias, Misses Carrie, Anna, Eva, Bessie, Clara Mae, Frances Grace Rowe, Mary Ellen Eyster, Ruth Gillelan, Hazel and Ethel Grace Patterson, Mary Storck, of Baltimore; Bernice Wachter, of Sabillasville; Lena and Ruth Graham, of Virginia; Helen Panabaker, of Westminster; Mary Ohler, Pauline Annan, Margaret Annan, Eloise Gross, Lillie Hoke, Helen Shuff, Alice Kilmer, of Boston, Mass.; Mary Weant, Messrs. Clay Shuff, Charles, William and Francis Rowe, Francis K. Matthews, Charles D. Gillelan, Robert Sellers, J. Ward Kerrigan, Frank Weant, J. C. Annan, Masters William Annan, Andrew Eyster, Samuel Hays

# TOWN NEWS NOTES

Every reader of THE CHRONICLE is invited to send news to this office. The management of THE CHRONICLE will take it as a particular favor if patrons will telephone or write to this office concerning matters of general interest. By sending personal details of improvements to town or farm property, accounts of accidents and fires, the reports of meetings, particulars of deaths and weddings and mention of all social events, they will make this THEIR paper—truly representative of the community.

BORN—To Mr. and Mrs. John Little on Wednesday, a daughter.

Mrs. J. Stewart Annan entertained a few friends at Bridge, Saturday night.

Miss S. Marion Hoke was the hostess at a Five Hundred party on Thursday afternoon.

The Misses Annan entertained a few friends at Auction Bridge Tuesday night.

This week THE CHRONICLE Office is indebted to Mrs. Daniel Shorb for some very fine apples.

Many local people, traveling by motor and on the train attended the Knights of Columbus Reunion at Pen Mar yesterday.

A marriage license was issued in Frederick to Martin Luther Baker, Freedtown township, and Miss Mary Ann Rigdon, Frederick.

Mr. Asbury Fuss was given a birthday surprise party at his home near Emmitsburg, Monday night. About sixty-two friends were present.

Mrs. D. E. Stone gave a watermelon party to a number of her friends, at her home on West Main street, Saturday night.

Mr. and Mrs. John N. Franklin gave a watermelon party at Thornbrook on Tuesday evening. A number of Emmitsburg people were present and a very pleasant evening was spent.

The jurors drawn by Judges Urner and Worthington for the September term of the Circuit Court for Emmitsburg district are: George W. Miller and Joseph D. Caldwell.

On Tuesday, Aug. 15, at a regular meeting of the Board of Directors of the Emmitsburg Savings Bank, Prof. John J. Crumlish was elected a member of the Directorate.

While on a visit to Maine, Dr. H. D. Orr purchased two very fine raccoon kittens which he brought home with him. They have already become household pets and give the children of the neighborhood much pleasure.

On Saturday evening Master Owings Stone celebrated his 9th birthday at the home of his parents, Dr. and Mrs. D. E. Stone. A number of his little friends were present and a very enjoyable evening was spent. He was the recipient of many gifts and best wishes from his friends.

Bishop and Mrs. John Gardner Murray, who hurried from Northeast Harbor, Maine, to Plattsburg, N. Y., where their daughter, Miss Ann Kirkwood Murray, was operated on for appendicitis, have returned to Northeast Harbor accompanied by their daughter Miss Murray who was motoring with a party of friends when she was taken ill.

Saturday afternoon about 3 o'clock a spirited horse attached to a buggy became frightened and ran off going in full speed down the Main street. Although it was the busiest hour of the day and many cars and teams were on the street, the animal dodged hither and thither escaping all of them. Several people attempted to stop the horse which was finally brought to a standstill by Mr. Theodorus Maxwell.

During the last week a number of cars passed through town from Ohio, West Virginia, Illinois, Jersey and New York. On Wednesday morning a flier from California containing an old gentleman and his wife passed through town on their way to Wheeling, West Virginia. The car was equipped with all requirements necessary for so long a journey. The old gentleman said that he was very proud of his Lizzie because she had given him very little trouble while crossing the continent.

Three Trainmen Killed.

Three trainmen were killed, three seriously injured and four slightly hurt when two heavy freight trains, each drawn by two engines, came together in a head-on collision on the Pittsburgh and Wheeling division of the Baltimore and Ohio Railroad at Vance, Pa., early Tuesday. All traffic was tied up for several hours. The dead are J. W. Eustice, engineer; C. D. Hutchinson and C. R. Wright, firemen, all of Pittsburgh.

Health Officer on State Line.

As usual, the State of Pennsylvania is "as quick as a flash" in taking precautions against disease. At Mason-Dixon line on the Gettysburg road, 14 miles from Emmitsburg, there is stationed a health officer, whose duty it is to cross-question and to issue or refuse health certificates to all who enter the State at this point.

MOVING RIGHT ALONG.

Chautauqua Committees Hard at It, With Big Success in View—Many Promises.

The Chautauqua committees are as busy as bees getting pledges for season tickets for Emmitsburg's big week. They have to be busy, for the time is short and the tendency of the people seems to be to put off subscribing until just before the Chautauqua actually comes.

This is no indication of lack of interest. People are coming, and they are coming in large numbers. They've said so, they've promised to come and Emmitsburg folks keep their promises. All are talking about it, all are looking forward to the Chautauqua in pleasurable anticipation of the numerous interesting features that are billed.

Nor are the townspeople the only ones who are keen for the series of big entertainments. The farmers and their families are arranging to come. They realize that not only will they receive a great deal of pleasure but much edification from the talks to be delivered by specialists on things agricultural.

As previously stated in these columns, there will be a great deal to give enjoyment to all classes. The lectures are said to be of a very high order and the musical offerings and the playlets, the very best.

The committees once more urge the people to sign their orders for tickets without further delay. This will expedite the classification of pledges and give the committees a more correct idea of the actual number of sold tickets that may be counted upon.

Mr. and Mrs. Budnitz Entertain at Cards.

Mr. and Mrs. Emil Budnitz, of Baltimore, entertained their friends at Auction Bridge, Friday evening, August 11, at the New Hotel Slagle. The guests were: Mrs. G. B. Resser, of Hanover, Pa.; Dr. and Mrs. H. M. Lever, Mrs. Schaeffer, of Baltimore; Mrs. Carson P. Frailey, of Washington, D. C.; Dr. and Mrs. T. E. Zimmerman, Mr. and Mrs. J. Stewart Annan, Mrs. D. E. Stone, Mrs. E. Cora Rowe, Mrs. J. W. Eichelberger, Misses Gertrude Annan, Alice Annan, Anna Annan, Helen Hoke, Madeline Frailey, Marion Hoke, Bessie Hoke; Mr. L. E. Motter.

CORRECTION.

Through some inadvertence a palpable error appeared in the Resolutions on the late John H. Roddy passed by the Emerald Beneficial Association of Emmitsburg. As Mr. Roddy never married, that part of the Resolutions referring to his survivors should have read:

"Resolved That we tender our heartfelt sympathy to the brothers and sisters of the deceased."

Signed

## Cure for Cholera Morbus.

"When our little boy, now seven years old, was a baby he was cured of cholera morbus by Chamberlain's Colic, Cholera and Diarrhoea Remedy," writes Mrs. Sidney Simmons, Fair Haven, N. Y. "Since then other members of my family have used this valuable medicine for colic and bowel troubles with good satisfaction and I gladly endorse it as a remedy of exceptional merit." Obtainable everywhere.

## Just the Thing for Diarrhoea.

"About two years ago I had a severe attack of diarrhoea which lasted over a week," writes W. C. Jones, Buford, N. D. "I became so weak that I could not stand upright. A druggist recommended Chamberlain's Colic, Cholera and Diarrhoea Remedy. The first dose relieved me and within two days I was as well as ever." Many druggists recommend this remedy because they know that it is reliable. Obtainable everywhere.

## Liver Trouble.

"I am bothered with liver trouble about twice a year," writes Joe Dingman, Webster City, Iowa. "I have pains in my side and back and an awful soreness in my stomach. I heard of Chamberlain's Tablets and tried them. By the time I had used half a bottle of them I was feeling fine and had no signs of pain." Obtainable everywhere.

## The Best Laxative.

To keep the bowels regular the best laxative is outdoor exercise. Drink a full glass of water half an hour before breakfast and eat an abundance of fruit and vegetables, also establish a regular habit and be sure that your bowels move once each day. When a medicine is needed take Chamberlain's Tablets. They are pleasant to take and mild and gentle in effect. Obtainable everywhere. Advertisement Aug 4-1mo.

# The World's Most Powerful Low Priced Car

## 31½ H.P.

### THE NEW SERIES

\$635 75 B Overland \$635

Roadster \$620  
F. O. B. TOLEDO

Roadster \$620  
F. O. B. TOLEDO

This Overland is the world's most powerful low-priced car.

It has a 31½ horsepower en bloc motor that is a perfect marvel for speed, power and endurance.

By increasing the bore of the motor from 3½ to 3⅝" we are able to offer a power plant which at 1950 R.P.M. develops full 31½ horsepower.

Tests under every condition in all parts of the country demonstrate that it easily develops better than fifty miles per hour on the road.

Speed of course varies under different conditions, but in practically every instance it has been getting fifty miles an hour and with ease.

We have scores of telegrams showing that twenty to twenty-five miles per gallon of gasoline is not unusual.

The performance of this car is almost beyond belief.

Take any other low-priced car on the market. Pit it against this new Overland. Compare them for sheer speed, for abundance of power, for riding comfort and economy, and you'll find this car will back anything else clean off the boards.

That's a strong statement, but a fact nevertheless.

Try it yourself and see. Here are more important facts.

It has four-inch tires which are more than generous for a car of this size.

Not only has it a large and roomy body, but it has an attractive, up-to-date streamline body.

It has the latest and most improved system of ignition.

It has the cantilever springs—the easiest riding springs in the world.

What's more, it's complete. Not a thing to buy. You get the finest Auto-Lite electric starting and lighting system, magnetic speedometer, one-man top, demountable rims and practically every accessory found on the highest priced cars.

It only goes to prove how big production can cut cost and save you money.

#### CHANGES IN GAME LAW.

State Game Warden Reminds Sports-  
men of Changes Made By General  
Assembly.

The attention of the sportsmen of  
Maryland is hereby called to the new  
changes in the game laws as enacted by  
the General Assembly of Maryland, dur-  
ing the session of 1916.

It is unlawful to shoot turtle doves in  
Maryland, except in Talbot county; squirrels can be shot from August 25th  
until October 1st, then the season closes,  
opening again November 10th and  
closing December 24th. Calvert, Charles,  
Dorchester, Prince George's, St. Mary's  
and Talbot counties are exempt from  
this law, and have local laws which ef-  
fect each county separately.

The open season on quail, pheasant,  
wild turkey, woodcock, rabbit, and ruf-  
fed grouse, is November 10th to Decem-  
ber 24th; this is State wide. Shooting  
and hunting on Sunday is positively pro-  
hibited. Water rail, or reed bird; rail  
bird or rice bird, can be shot from  
September 1st to November 1st.

The new bag limit on quail is 12 in  
one day, two ruffed grouse in any one  
day, three English pheasants in any one  
day, fifty rail bird in any one day, fifty  
reed bird in any one day, ten rabbits in  
any one day, ten squirrels in any one  
day, twelve doves in any one day, six  
woodcock in any one day, ten jacksnipe  
in any one day, twenty-five waterfowl  
in any one day, (ducks, geese, swan  
and brant); fifteen yellow legs in any  
one day, five black-breasted plover in  
any one day, ten coots (crow bills) and  
gallinules in all, in any one day, or more  
than four wild turkeys in any one sea-  
son, or more than one deer per season.  
This applies to only open season on  
game herein enumerated.

It is now unlawful to snip game of  
any description, except waterfowl, out  
of Maryland, and game shipped to any  
point within this State must be marked  
contents of package conspicuously on  
outside of same. I have selected a num-  
ber of good men and appointed as deputy  
wardens for the State at large. All de-  
puties have power to make arrest any-  
where within the borders of our State.  
I shall in the future appoint more de-  
puties in the different counties whenever  
they make the application, with the  
proper endorsement. Anyone desiring  
to act as deputy warden will please  
write the Conservation Commission for  
blanks, which will be furnished gratis.  
I shall expect all deputies to rigidly en-  
force the game laws, and if found not  
doing so, I shall request their removal  
at once. It has been the custom in cer-  
tain sections of our State for the pub-  
lic to violate the game laws, thinking it  
part of their duty to do so. To these  
parties I say I shall try to have the laws  
enforced to the best of my ability, with  
the small means of doing so at my com-  
mand, and shall prosecute to the full  
extent of the law. I appeal to all de-  
puties and sportsmen in general to help  
me, and if I can get their cooperation  
in giving our game protection, we will  
see a change for the better in our  
game condition in Maryland. I fully be-  
lieve when our general assembly con-  
venes again we will get a paid warden  
system for the State, and the deputies  
who have shown they were on the job  
and have done their work. Until we  
get the license and warden system our  
game cannot possibly receive the pro-  
tection which it should.

Sportsmen of Maryland, it is up to  
you. Start now, and when the candi-  
dates are nominated for the session of  
our General Assembly, insist on them  
being men in accord with the progres-  
sive game legislation. If every sports-  
man in Maryland will do his duty and  
pull together, I have no fear of the re-  
sult.

E. LEE LeCOMPTE,  
State Game Warden.

#### New Feeder For Lincoln Highway.

A new Maryland feeder to the Lin-  
coln Highway is promised by the im-  
provement of the Reisterstown turn-  
pike to Westminster and thence to the  
Pennsylvania line. The work will be  
done under the State aid plan, Carroll  
county joining in the cost.

By the decision to apply to the State  
for aid the Carroll county commis-  
sioners ended a long controversy. For years  
they have been exerting every influence  
within their reach to induce the State  
Roads Commission to select the Reister-  
stown road, on the National road, run-  
ning from Westminster, for improve-  
ment. The commission however, has  
preferred the route from Westminster  
via Taneytown and Emmitsburg to the  
Pennsylvania line, where it meets the  
road to Gettysburg.

In addition to this Pennsylvania spur,  
as an argument the commission sought  
to provide a smooth highway to the Blue  
Ridge Mountains and to the sanatorium  
at Sabillasville. This route was origi-  
nally selected for improvement by the  
first commission appointed by the late  
Governor Crothers. It has already been  
improved from Westminster to Taney-  
town. A spur six miles long, from  
Taneytown to Emmitsburg remains to  
be completed.

When the Carroll county section shall  
have been completed and when the  
national road northward from West-  
minster shall have been smooth surfaced  
there will be a direct and free road  
from Baltimore to Gettysburg. It will  
also be a new feeder to the Lincoln  
Highway.
