November 26 there will be a mass at the Cathedral and November 27 the delegates will go to Washington for a "Play Day."

## FROM THE COUNTY.

Reflecting the general prosperity of Frederick city and county, the bank deposits of the seven institutions have made another big gain, according to statements made in compliance with the call of the Comptroller of the United States Treasury. The amount now exceeds ten and a half million dollars. The gain since the previous statement for the close of business, June 30, 1916, is \$438,886.25. On September 12, 1916, there was on deposit in Frederick banks \$10,503,710.68. On September 4, 1912, there was on deposit \$7,366,011.80. The combined resources of the banks are \$13,100,212.52.

With a total of 117 students enrolled, the Middletown High School is the second largest in Frederick county. The Frederick High School comes first with 904 enrolled. Middletown is next with 117, and Thurmont fourth with 80.

Found guilty of stealing a horse from the Stables of Charles Flook last February, John Stream, alias John Wilson, was sentenced by the court, chief Judge Hammond Urner, Associate Judges Worthington and E. C. Peter on the bench, to serve five years in the Maryland Penitentiary. Stream stole the horse from the Flook stables, drove it across the county to Thurmont, where it is said he made an attempt to sell it.

Delayed for nearly a year because of the war, a letter from the famous Dr. Doyen came to Dr. George Hauer Everhart, Baltimore, just three days before Dr. Everhart's death. Dr. Everhart was buried in Mt. Olivet cemetery, Frederick several days ago. And the letter bore another and urgent request that the noted Baltimore physician give up his work as head of the Skin and Cancer Hospital and become first assistant to the great Parisian specialist. For the first time in history Brunswick has electric service. Through a connection with the power house of the Baltimore and Ohio Railroad, the Harpers Ferry Electric Light and Power Company is now serving Brunswick with daylight electric current.

Within the next few months, the Commercial State Bank, Frederick, will establish a branch institution in Mt. Airy. The contract for the construction of the Congressional memorial to Francis Scott Key, author of "The Star Spangled Banner," and whose remains are buried in Mt. Olivet cemetery, this city, which will be placed at Fort McHenry, was awarded Thursday to Charles H. Neihaus, a sculptor of New York. Congress appropriated \$75,000 for the purpose. The monument proper consists of a nude figure of a young man of heroic proportions in bronze, 24 feet in height, symbolic of music and patriotism; standing on a circular pedestal of Tennessee marble. The surface of the shaft, facing the main entrance, bears a relief portrait of Key, framed by a draped flag of the United States, and flanked by two figures in honor of the American soldiers and sailors of 1812. Above the frieze the pedestal is encircled by a band, slightly raised, carrying the main inscription.

Winning for the second time the prize offered by the Civic Club of Frederick for the largest number of pints of dead flies caught, Richard Baumgardner has also won this year the prize for the first pint of flies taken to the fly morgue. The club at the beginning of the season, in May, offered \$1 to the child catching the first pint of flies, and \$2 for the greatest number of pints. Richard had 33 pints of fly carcasses.

### "THE OTHER SIDE" OF LOCAL OPTION FOR FREDERICK COUNTY VOTERS TO THINK ABOUT.

The people of Frederick County are thinking about how they are going to vote on Election Day on the Local Option question. They are thinking seriously about it, because it is a serious question they are now facing. It is not a joking matter, far from it. It is something they are going to do with their lead pencil in the voting booth November 7th, which will mean much for their future as a community. On the one end of a State Road looms up a wet Baltimore City—beyond South Mountain in the opposite direction, there is the vision to the voter of a wet Hagerstown. No wonder, my voting friend, you are thinking. You have something to think about. If you are a business man, you are thinking about the business which Baltimore or Hagerstown, will get, if you vote Frederick County dry while her two big town neighbors stay wet. If you are a workingman, you are thinking about where your job is going to be if those who are now employing you suffer a shrinkage in their business income. If you are a farmer, you perhaps are wondering what the end will be with you, when your present helpers migrate to territory where their liberties are respected. If you are a man of leisure, you are trying to figure out how much your income will be reduced by higher taxes and unrentable property. If you are parents of school children, you are thinking about the possibility of the abandonment of the free school system, the experience of Birmingham and Montgomery, in Alabama, under prohibitory laws. If you are a decent citizen, you are thinking of a public highway that will be covered with automobiles passing to and fro, loaded with liquor and driven by intoxicated drivers. Yes, you are thinking about all these things, and you ought to think. The worst curse that could ever fall upon Frederick County is to vote it dry and establish it as a legally made dry depot for wet goods from a wet Baltimore and a wet Hagerstown. Do it if you want to, my voting friend, in Frederick but you will never regret it but once and that will be for the rest of your days. Say, how many of you business men can stop business today, close up and quit, and live on a four per cent. income from the banks? How many of you want to close your shops and begin life over again with new surroundings and unknown conditions, because for lack of trade you are unable to make a decent living in Frederick? How many of you farmers can chase away the shadow of the mortgage from your fields? How many of you workingmen want to go out and find a new home, because there is no opportunity or work in Frederick County? It is all very well for the man who has a lot of money, to preach a dry County. He is safe from the sheriff—he is immune; he can experiment at your risk and expense. He can pay twenty dollars a ton for coal—yes, a hundred, and probably not feel it. But the man with a small business and a big family—the struggling farmer with a little farm and increasing taxes—the workingman who depends upon his daily wage for his existence, you are the ones, my friends, who have to suffer and stand the storm. Churches are alright, but in these days they pay no bills for the household. There is nothing in the Bible that says the salvation of your soul depends upon voting for local option. Do not be fooled in this matter. Don't permit the paid professional prohibition agitator, under the cloak of religion, to bunco you. In this age of competition, a man can use religion to advantage. The best asset of some fellows today is their diplomatic use of morality. Watch out for these human aeroplanes. They fly high, but remember, no matter how high they soar, their eagle eye can spot a lone-some silver dollar far down below. I say, you ought to think about how you are going to vote on this dry question in November. We have said in our last two addresses to you, that your people would be better off morally and physically if you voted against Local Option. We want to tell you today, that you will be better off governmentally, if you vote against it. By this we mean, you will be better off, not only in the general conduct of the people of Frederick County, but you will remove the incentive to graft among your officials, which is one of the worst aspects of the life in prohibition communities. What is your situation as it is now? There are four wet districts in Frederick County, including Frederick City. The other twenty-two districts are dry by law, made so by the legislature. **WHATEVER THE DECISION OF THE WHOLE OF THE PEOPLE OF YOUR COUNTY AT THE COMING ELECTION, THOSE TWENTY-TWO DISTRICTS WILL STAY DRY. LOCAL OPTION DISTRICTS CAN VOTE WET WITH SAFETY, WITHOUT ALTERING THEIR PRESENT SITUATION.** But the position of the four wet districts depends upon the vote of the entire twenty-six districts in the County. My voting friend, was it a fair deal not to permit these four wet districts to determine their future for themselves. You in the dry districts, determined for yourselves, when you wanted your district for Local Option. These four districts are opposed to Local Option;

would it not be oppression for you to force it upon them. Remember, my friends, that in your Local Option districts the condition is not changed one iota by this election. You are only voting as a County to force Local Option on Frederick City, Emmitsburg, Woodsboro and Creagerstown. Now what will your general conduct be, if you vote your county-seat dry? I am going to tell you. You are going to do just what the people of other Local Option Counties near the wet territory are doing. You are going to change yourselves into a County of boot-leggers, liars, perjurers, sneak thieves, home drunkards and liquor hogs. You are going to make a man's house a bar, and his automobile a traveling express office. And what follows all this? Why a lot of things follow. Hitch up an automobile with intoxicating ammunition and conditions will arise that will make your Courts work overtime. Watch the Court dockets, wait and see. Watch your officials get crooked, unable to resist the easy money that an illicit traffic puts within their reach. Yes, you will have a fine government in Frederick County under this change of things. You have lots of automobiles standing by the roadsides now. You will have more when your dry time set in. **THE WORST THING THAT CAN HAPPEN TO A DRY COUNTY IS TO BE NEAR WET TERRITORY.** Governmentally, the most unfortunate surroundings a dry Frederick could have would be a wet Baltimore City and a wet Washington County. You will increase the perils of girlhood and womanhood. You will have wholesale indictments for perjury. You will have all kinds of violations of the law, from assault to homicide. You will have every man suspicious of his neighbor. Men will be spying on friends and neighbors to make the dirty blood money of the informer. You will be a dumping ground, made so by your close-by friends. In short, you will have a condition of government you have never had. Better be a County of shippers of liquor while the United States legalizes the business, than be a County of receivers of liquor. Better send it out as we do now, than have it sent in. I say, that governmentally, you will be better off if you vote wet. What do you think about it my voting friend? Your vote on November 7, will answer this question. Baltimore City is not thinking about you. Washington County is not thinking about you. So you ought to think about yourselves. You—you should think about your own future and your own welfare. **ONE INTERESTED IN FREDERICK.** \*\*Advertisement.

## ST. JOSEPH'S COLLEGE--ACADEMY

## Valley Echoes

Rev. J. O. Hayden, C. M., of Emmitsburg, Professor of Science of Religion, resumed his course of lectures to the collegians, last Wednesday.

Miss Christie A. Cushman, A. B., of Williamsport, Md., motored to St. Joseph's last Sunday where she received a cordial welcome from all her friends.

Miss Gertrude Ryan, a college preparatory, daughter of Professor Edmund Ryan of Mt. St. Mary's, entertained her friends last Sunday in honor of her sixteenth birthday.

Miss Kate Sweeney, of Chicago, Ill., who has been visiting her niece, Miss Frances Sweeney, a member of the freshman class, left Monday for Black Gap, Pa., where she expects to remain for some time.

Mrs. Marie Gloninger Rial, of Pittsburgh, Pa., with her two little daughters, Mary and Rebecca, is visiting her mother, Mrs. J. Ledlie Gloninger at Valley View farm, Emmitsburg. Mrs. Rial is a frequent visitor to the Valley.

Mrs. Katherine M. Letters, of Philadelphia, is visiting her alma mater this week; Miss Letters accompanied her two sisters, Stella and Regina whom she registered among the students for 1916-1917.

Thursday was hailed and heartily welcomed by all mountain bikers of the Valley and notwithstanding the sun glowed warmly as the party returned home, not a complaint disturbed the athletes.

In the tranquil of a September afternoon it is a sweet relief to devote some time to the healthy exercise of rowing on the limpid waters of Tom's Creek—so thought a few jubilant collegians on Wednesday last when they employed a few hours in this wise.

Madame Mabel Le Fayor Angetoly, a contralto of some repute from Philadelphia, Pa., afforded a most enjoyable evening to the students of St. Joseph's College last Wednesday by her well arranged and delightfully versatile program.

The members of the college classes greatly enjoyed a pleasant excursion to town, Friday afternoon when they attended the moving pictures in St. Euphemia's Hall. "Pigs in Pigs" was the main attraction which afforded keen delight to the enthusiastic audience; the side features were worthy of comment.

The following notice was received at the Valley during the past week: The New York Chapter of the Alumnae Association of St. Joseph's College, Emmitsburg, Maryland, grieves to report the first break in its happy circle—the death of Mrs. Mary O'Rourke Meehan who died September twelfth, at her home on 205 Greene Avenue, Brooklyn, N. Y. The Chapter was officially represented at the funeral Mass by Miss Elizabeth Welty. Signed Nella Skinner Criswell, Secretary. Requiescat in pace.

Mrs. Estelle Neale Chrisdum, of Washington, D. C., with her two sons, daughter-in-law and little grandchildren, was one of the visitors to the Valley last week. Mrs. Chrisdum graduated from St. Joseph's in the year 1861. At the request of the student body, the graduate of fifty-five years ago, played and sang delightfully the old pieces learned when a pupil at St. Joseph's while her little granddaughter, Thelma, gave a graceful exhibition of aesthetic dancing. Mrs. Chrisdum's touch was firm and sweet and her voice possessed the clear, true ring of her girlhood days. It is with pleasure that we witnessed the loyalty and love in which St. Joseph's is held by her children, old and young.

1866 REMINISCENCE 1916  
The things we value most, are precious because they are rare, and our appreciation lies in the fact that the value is the one of its kind the "Red-letter day" that will come to us but once in a lifetime.

Some such thoughts came to me last week in a flood of recollections as I walked up the Avenue and stood again at the portal of dear old St. Joseph's, just as I had done fifty years before on Sept. 10th 1866. The portal it is true, has changed but not the loving welcome awaiting me. The magic wand of memory had carried me back to the days of Father Burlando the revered, and Mother Euphemia the beloved, when Sister Raphael was our Directress, Sisters Lucia and Caroline our teachers, and Sister Ann Scholastica our Angel of Mercy. All are now enjoying their eternal reward and are resting side by side with our saintly Mother Seton.

There was a peculiar charm attached to this happy visit—to spend the day in these old-time haunts, and could there be a more appropriate gift than the great armful of rich and fragrant roses culled from Sister Juliana's Court-yard and which are now weaving their petals into a Rosary—a precious souvenir of the golden past.

To the "old girls" there is not now,

there never will be again, days just like the old days but during these past fifty years St. Joseph's has not stood still, she has broadened and developed until now she stands rejoicing in the proud consciousness of a perfectly equipped Educational Institution.

In this beautiful home, consecrated to the service of God, we have all felt the silent, compelling charm of the place and reflect that almost within the space of a life-time, a wilderness has blossomed into this garden of beauty. How precious is the educational influence of living for years amid such beautiful peaceful surroundings. How it develops taste and purity of soul during the formative period of life when character yields so readily to external influence. To our beloved Alma Mater we owe a debt of gratitude that can never be repaid, for to you and to me, it has developed the best that is in us, and in the words of His Eminence Cardinal Gibbons—"This Valley is the Garden spot of Frederick County, Maryland and St. Joseph's is the Gem of the Valley."

—AN ALUMNA.

The above was written at the request of the Press Correspondent of the Class of '17 who was appointed to make the request in the name of the faculty and students of St. Joseph's. We regret that it came too late for publication in last week's issue of "Valley Echoes."

## Dorsey vs. Emmitsburg R. R.

On Saturday September 16th, the Emmitsburg Railroad Company running a mixed passenger and freight train with two freight cars ahead of the engine, ran over and killed a valuable heifer, the property of Mr. Allen G. Dorsey, just south of Ridgeway Station. Mr. Dorsey brought suit against the Railroad Company for damages for the loss of the heifer before Justice of the Peace, J. Henry Stokes, and the case was tried on Tuesday evening. After hearing the evidence in the case the Justice gave judgment in favor of Mr. Dorsey for forty dollars and costs.

A man-eating shark about 8 feet long was landed at the New York, Philadelphia and Norfolk pier Wednesday morning by one of the fish boats of L. R. Carson, one of the largest sea food dealers at Crisfield, Md. The big fish was quite the center of attraction for the day, and hundreds viewed the monster, which weighed about 200 pounds, and was fully 6 feet in circumference at the largest part.

## FREDERICK COUNTY.

Frederick is next to the largest of the counties of Maryland. In population and wealth it ranks next to Baltimore county. In the fertility and productiveness of its lands it ranks among the first in the Union, and especially in the production of wheat. The area of this great county is 633 square miles. The great body of the people are of German, English and Scotch-Irish descent, the progeny mostly of the early settlers. The land is mostly of fine limestone quality, and the greater part of the county is a valley of rolling lands lying between the Lingano Hills and the Catoctin Mountain. This splendid valley is drained by the Monocacy river, and is one of the best farmed and most highly improved and productive areas of the Union. The great crops are wheat and corn.—*Maryland Manual issued by Board of Public Works.*

## EMMITSBURG.

In all Western Maryland—the beauty spot and the garden spot of the State—there is no town more attractive than Emmitsburg.

No people are more wide-awake, more knowable, more courteous to strangers than Emmitsburgians.

The location of Emmitsburg is ideal; the surrounding scenery is unmatched; the climate is notably healthful; its water—pure mountain spring water—cannot be surpassed. It is within easy access of Baltimore, Hagerstown, Frederick; eight miles from the National Battlefield at Gettysburg, near to the Mountain Resorts, and is surrounded by fertile farms and productive orchards.

Mount Saint Mary's College and Ecclesiastical Seminary—with an enviable reputation extending over 108 years—is located here; St. Joseph's College and Academy for young ladies—equally as noted during its 107 years of splendid achievement—is also here.

There are excellent Schools—Public and Parochial—in Emmitsburg; two sound Banks, five Churches, a live Newspaper, modern Hotel accommodations, adequate Fire Department, progressive merchants, splendid physicians, good liverys, auto garages, many fraternal organizations, good railroad accommodations. There are four or five mails a day, telegraph, express and telephone service connecting all points; electric light and power, oiled streets.

There is business to be had in Emmitsburg; there are Factory Sites available. If you contemplate changing your place of residence—come to Emmitsburg, Frederick County, Md.

## THE EIGHT HOUR LAW.

In condemning President Wilson's approval of and insistence upon the Adamson bill which averted a country-wide crisis, critics of the Administration neglect to tell the whole story. They fail to mention, as the Lowell Sun points out, "that the Adamson bill does not provide a final or effective settlement inasmuch as the eight-hour day is to be made the subject of an investigation on which future action of a permanent character will be based." The important thing was to avert a terrible calamity. This was done. Permanent settlement, after thorough and impartial consideration of the facts, will follow.

Of the President's action in this matter, by the way, the Baltimore American said: "He has found ample support, irrespective of party, in his endeavors faithfully to interpret the rights of the public."

"Rights of the public"—that was the paramount issue. "These men," said Mr. Wilson, were dealing with one another as if the only thing to settle was between themselves, whereas the real thing to settle was what rights had the hundred million people of the United States."

A strike like that which would have ensued had not the eight-hour law been enacted would have meant loss of life, tremendous loss of money, the paralysis of business and the inability to distribute supplies and necessities of life. "These supplies," said the President in his speech defining his position, "are of no use unless they can be distributed, and in the matter of the distribution of goods, particularly of the goods that sustain life and industry, the interest of society is paramount to every other interest; and the difficulty about all situations like that which we have just passed through is this, that the main partner is left out of the reckoning."

"Where it has been tried (the eight-hour day) it has been demonstrated," he continues. "The judgment of society, the vote of every Legislature in America that has voted upon it, is a verdict in favor of the eight-hour day."

And, if in the opinion of Mr. Hughes' party the eight-hour law was such an iniquitous measure, why did 70 Republicans in Congress vote for its passage?

No, Mene Keesho isn't from Missouri. He's just a plain Eskimo with the "show me" habit. He strongly intimates that Capt. Peary is some off in his reckoning and most likely in his head and that neither he nor Capt. Cook is entitled to all that shirt front scenery for "discovering" those places up in the regions where icebergs and cold feet abound. Keesho (sounds like a real arctic cold in the head, don't it?) is going to write a book and tell all about how the North Pole was not found by either of the gentlemen named. And to show how uncommercial he is, Mene is going to charge his publisher only the paltry sum of a million.

"THE prosperity of the United States is growing by leaps and bounds."—That's perfectly true, but up to this writing we haven't found any necessity for erecting a barrier to prevent that commodity from leaping or bounding into our humble sanctum.

AN exchange gives a very apt illustration of the constructive character of Mr. Hughes' campaign speeches. It says, "Mr. Hughes is still imitating the em-barrased after-dinner speaker who remarked: 'Without saying anything more I desire to add a few words.'"

"In Russia there are about 86 public holidays in a year"—If she keeps on she'll soon have as many as the United States.

EIGHTY-ONE for the Bond issue, twenty-one against, shows that public opinion is in favor of permanent local improvement.

LOTS of money is lost on what people are making daily—especially mistakes.

DID you ever notice that with some folks a smile in a tumbler is worth two on the face?

THE long and dreary Winter—and Boston facing a short bean crop.

Now it is the Allies who are retreating forward.

## COST OF THOUGHTLESSNESS.

It is mere thoughtlessness on your part, of course, that you do not renew your subscription to THE WEEKLY CHRONICLE without being reminded to do so by a bill or letter from this office.

But that mere thoughtlessness means a very considerable expense to THE CHRONICLE. The postage on bills and return envelopes—sometimes it requires several reminders to one person—and on receipts, amounts to a not inconsiderable sum.

It is easy to see, if THE WEEKLY CHRONICLE could eliminate that big expense, it would never be necessary to increase the cost of the paper to the subscribers, even though the unheard-of high prices, and the unsettled situation as to the future of white paper is causing newspaper men everywhere to order big decreases in operating expenses, and big increases in the subscription price of their papers.

THE WEEKLY CHRONICLE cannot eliminate this cost without your co-operation, because it is your cost. It would be wholly unnecessary to spend one cent for reminding you to renew your paper if you would send in your renewal before the date of the expiration of your paper.

Will you not try to co-operate with us in keeping down the subscription price for everybody, by sending in your personal renewal now, regardless of when your time expires, so that THE WEEKLY CHRONICLE may know how many of its readers are willing to help in this movement. Many of them already have renewed, for which response to its suggestion for co-operation, THE WEEKLY CHRONICLE feels deeply gratified. ks.

## FROM THE COUNTY.

(Continued from Page 1)

Delaware and District of Columbia will be represented, and promises to be a show in itself. Numerous inquiries are being received daily by Secretary O. C. Warehime, and the indications are that there will be a very large number of different makes of machines on exhibition. Tuesday will be Children's day, and all children under 12 years of age will be admitted free.

Judges Hammond Urner, Glenn H. Worthington and Edward C. Peter dismissed Tuesday, the petition for a writ of mandamus filed by Prof. Amos Burgee, former principal of the Boys' High School, Frederick, against the Board of Education, asking that he be reinstated as head of the institution. Judges Urner and Peter held that the court had no jurisdiction and that the controversy was one of school administrative policy and as such should be disposed of by the State Superintendent of Education. Judge Worthington filed a separate opinion, in which, while concurring in the dismissal of the petition, he held that the question was "purely a legal question and not one of school administration merely" and that the court therefore had jurisdiction.

## U. S. the First Money Power.

Since the war the United States has imported 730 million dollars in gold and has paid back a considerable amount of its previous borrowings, increased its foreign trade by 2½ billion dollars yearly and lent to foreign countries 1,740 million dollars, so that the dollar now has replaced to a considerable extent the old sovereignty of the English pound abroad.

Hans Berge, who settled in Willow Grove, Pa., in 1717, now has nearly 10,000 known descendants.

## VOTERS ATTENTION

The liquor traffic is a cancer in society, eating out its vitals and threatening destruction, and all attempts to regulate it will aggravate the evil. There must be no attempt to regulate the cancer; it must be eradicated, not a root must be left behind, for until this is done all classes must continue in danger of becoming victims of strong drink.

I have worked in the factories, mills and mines of this country for many long years, and have seen the effect of the liquor traffic upon the security of the workingman's employment. In all legitimate occupations, the total abstainer has had the preference, for he can be relied upon to be at his work when he is expected, and not spend one-third or one-half of the first part of each week in getting over the influences of a drunken carousal. The railroad companies will not employ an engineer or a conductor that frequents the saloon, and in many other industrial walks the same rule obtains. Everyone backs such corporations up in this stand, and the workingmen are beginning to realize what such a practice means to them. When they fully appreciate the situation, there will be an absolute end to the liquor traffic.

—John B. Lennon, Treasurer of the American Federation of Labor.

In proportion as the liquor traffic empties the pockets of the wage-earner there is less money for the grocer, the dry goods merchant, the landlord and every other legitimate business.

The greatest incentive in the campaigns for prohibition should be the children's welfare. We should pass over to these men and women of the future, now in the making, a clean, safe, pure world, not one cursed with that destroyer of childhood and youth—the legalized liquor traffic.

Somebody's boy must go to feed the saloon every hour, if the liquor traffic lives. Yours may be the next!

The burden of taxes for the support of prisons, asylums and poorhouses is made threefold greater by the existence of the saloon.

Mr. Taxpayer we will prove this next week.

—Published by the authority of the Executive Committee of United Dry Forces of Frederick County.

R. RUSH LEWIS, Treasurer.

## It Is In The Same Hands.

In the course of his remarks at the meeting in Baltimore to endorse Mr. Hughes, Col. Geo. A. Pearre, former Congressman (Republican) from the Sixth District, said:

"I had the honor to serve several terms in Congress as a Republican from the Sixth district. During the latter part of my service the thing known as Cannonism developed. Old 'Joe' Cannon ruled the House with a lash, aided by a lot of 'Jims'—'Jim' Mann, 'Jim' Watson, 'Jim' Sherman—poor fellow! He has passed over—and others. I sat under that lash and trembled for the Republican party, because I saw the wrath which those men were storing up for it. What change has there been? The Republican party has sent Cannon back to Congress; 'Jim' Mann is the Republican leader in the House; 'Jim' Watson is a Republican candidate for Congress in Indiana. Penrose, denounced by Roosevelt, still sits influential in Republican councils.

"The same crowd rules. The same crowd whom Roosevelt called 'burglars' is in charge of the Repub-

lican party. They are making pleas to us to come in again. They have not done anything to deserve our going back, but they are saying: 'Oh, be good and you'll get something.' They are preaching the policy of addition and division; they are promising us some of the swag, if they get theirs. But, my friends, the mark of Cain still is upon the Republican party."

## President Speaks on Business Only.

President Wilson delivered a speech almost devoid of politics before the National Grain Dealers' convention at Baltimore, Monday afternoon. Discussing ways in which American commerce can be expanded, he told an audience of 3,800 people that through the new tariff commission, the trade commission, the Federal reserve act, the shipping bill and similar measures, he expected business men in this country to open up a new era for the nation.

Java is estimated to have exported 85,000,000 pounds of tea in 1915, as compared with 65,000,000 the year before.

## ACROSS THE LINE

Before an audience of 600 persons in Flohr's church Sunday evening, the Adams County W. C. T. U. held their final contest of the series to select a representative to the state event at Wilkes-Barre during the first week in October. Mrs. Ernest Hartman, of Arendtsville, won the gold medal and will be this county's contestant for the diamond medal. Her subject was "There will be no Rum Up There."

Hog cholera, much dreaded by stock raisers, and recently the cause of heavy loss in the vicinity of Hanover, has made its appearance in Adams county, no less than fifty animals being ill with the disease on Hamiltonban township farms.

Although the opening of the public schools of York was postponed for a month by an order of the state health department because of the infantile paralysis quarantine, the staff of teachers will receive checks on September 28, for one month's salary, providing they agree to serve without extra compensation until June 15, 1917. The schools will open on Monday, October 2, and will close June 15, 1917.

Every child in Pennsylvania under 16 years of age will have to undergo a medical inspection before being admitted to school, if the plans outlined by State Health Commissioner Dixon are carried through. The first step toward this was taken when the Pittsburgh Health Department announced that a medical examination would be made of every child. After the examination each child will be given a certificate. Many private schools have already notified their students that a medical certificate from their family physician will be necessary before they can begin their studies for the term.

Pete Bigler, Gettysburg's speedy third sacker, has been drafted by the St. Louis Americans. The Gettysburg third-baseman will likely report to Fielder Jones' squad at once. Despite the fact that he was not picked by any of the sport critics this season as the premier third sacker in the Jamison circuit, Bigler is the only player out of the Blue Ridge league to be drafted by the big leagues.

Fifty-three years after he was wounded in the Battle of Gettysburg, W. H. Stem, Boonsboro, Md., visited Gettysburg within the last few days and found the spot, near Spangler's Spring, where he fell. With another comrade Mr. Stem was in Gettysburg and after some search during which, with the aid of a guide, he traced the movements of his regiment, he finally located the spot in which he lay until removed to a hospital.

The big York County Fair will open its gates on October 2 and keep open for a week. The grounds have been put in condition, the exhibits have been arranged for and premiums amounting to between \$12,000 and \$15,000 will be paid. Approximately \$6,000 will be given away in the harness and running events.

Gettysburg college and College Lutheran church are the recipients for cash gifts from William E. Grecht of Baltimore. The donations, aggregating \$1,000, were made at the dinner given by Mr. and Mrs. Grecht, for members of the college and seminary faculties and other friends, in the refectory at seminary following the dedicatory service of the new organ.

The Cumberland Valley Normal school at Shippensburg, has finally passed into the full possession of the State of Pennsylvania. The property is estimated to be worth \$250,000.

The Pen Mar season on the mountain is nearly at an end. John J. Gibbon has closed the Pen Mar inn and restaurant and left Pen Mar. The Buena Vista Springs hotel was closed September 25. The exodus of cottagers from Blue Ridge Summit and Monterey has not begun on a large scale. Only about a dozen of the several hundred cottagers have so far left for the city.

One of the most spectacular weddings that have ever taken place in Baltimore was witnessed Tuesday night when, in the presence of some 25,000 spectators, Miss Hazel Oleta Bennett, 18 years old, daughter of Mr. and Mrs. Harry O. Bennett, became the wife of Charles Harding Mattingly at the Made-in-Baltimore Exposition. The ceremony was performed under very trying circumstances by the Rev. Joel P. Rossister pastor of First Reformed Church.

St. John's college, Annapolis, Md., formally reopened Monday morning with an enrollment of 200 students, more than half of whom have just matriculated.

## PROCLAMATION

PUBLICATION OF CHAPTER 30,  
ACTS OF 1916.

WHEREAS, The General Assembly of Maryland, at its January Session, 1916, passed an Act, known as Chapter 30 of the Acts of Maryland of said Session and being in the words and figures following:

## "CHAPTER 30.

AN ACT to enable the registered and qualified voters of the City of Baltimore, Baltimore County, the First and Third Precincts of the Fifth District of Anne Arundel County, Annapolis City, Allegany County, Washington County, Frederick County, Prince George's County, Ellicott City and Havre de Grace, each as a separate political unit, to determine by ballot whether or not the sale, manufacture for sale and transportation for sale of alcoholic, spirituous, vinous, malt and intoxicating liquors for beverage purposes shall be forever prohibited in the said political units above designated, respectively, from and after May first, one thousand nine hundred and eighteen; providing for the submission of such question to the voters of each of the political units herein designated and declaring the effect of such election.

Section 1. *Be it enacted by the General Assembly of Maryland, That* the question whether or not the sale, manufacture for sale and transportation for sale of alcoholic, spirituous, vinous, malt and intoxicating liquors for beverage purposes shall be forever prohibited in the City of Baltimore, Baltimore County, the 1st and 3rd precincts of the Fifth District of Anne Arundel County, Annapolis City, Allegany County, Washington County, Frederick County, Prince George's County, Ellicott City and Havre de Grace, respectively, from and after May first, one thousand nine hundred and eighteen, shall be submitted to the registered and qualified voters of said political units herein designated, at the general election to be held on the first Tuesday after the first Monday in the month of November, A. D. one thousand nine hundred and sixteen; and Supervisors of Elections of Baltimore City and the Supervisors of Elections of or exercising jurisdiction over each of the political units herein designated shall have printed upon the ballots to be used at the general election held on the first Tuesday after the first Monday in November, A. D., one thousand nine hundred and sixteen, in a separate column to follow immediately after the names of candidates the following proposition, in clear, plain, bold Roman capitals, twelve-point type: "Shall the sale, manufacture for sale and transportation for sale of alcoholic, spirituous, vinous, malt and intoxicating liquors for beverage purposes in the (county, city, town or village, as the case may be) be prohibited from and after May first, one thousand nine hundred and eighteen"; after which shall be printed on separate lines with a square or box to the right and opposite the words "for prohibition" and a corresponding square or box to the right and opposite the words "against prohibition", on the ballots printed in each of said political units, the blank above indicated shall be filled in with the name of the respective political unit so voting, as aforesaid.

The Governor of this State shall give notice by publication in two newspapers published in each of the political units herein designated, or if only one newspaper is published in any such unit, then such notice shall be published in one newspaper, or if no newspaper is published in any of such units, then in a newspaper published in the county of which such unit is a part, and three newspapers published in Baltimore City, one of which shall be printed in the German language, giving at least three months' notice that such question shall be submitted to the voters of each of the political units herein designated for their adoption or rejection; and the Secretary of State shall, not less than thirty days before the date of said election, certify the same to the Board of Supervisors of Elections of or exercising jurisdiction over each of the political units herein designated and to the Board of Supervisors of Elections of the City of Baltimore, whose duty it shall be to forthwith give notice by advertisement and otherwise of the submission of such question; provided, however, that if for any reason said notice shall not be given or not given in the manner prescribed by law, such failure of publication of said notice shall not affect the validity of this Act nor operate to prevent its taking effect.

Sec. 2. *And be it enacted, That* the proposition above mentioned shall be so printed as to give each voter a clear opportunity to designate by a cross (X) in a square opposite the words "for prohibition" and in a square opposite the words "against prohibition" his answer to such question; that one challenger and one watcher may be designated for each precinct of each of the political units herein designated by the chairman of the committee managing in each of such political units the interest of those conducting the campaign favoring and those opposing said proposition, the said challengers and watchers to have the same powers and duties which are conferred upon challengers and watchers at general elections held in this State by Section 64 of Article 33 of Bagby's Annotated Code of Public General Laws of Maryland, and a certificate signed by the aforesaid chairman shall be sufficient authority for such challenger and watcher to perform their duties. The name of each chairman shall be filed with the Board of Supervisors of Elections at least thirty days before said election.

The laws now in force for the conduct of general elections in each of the political units herein designated and the provisions and requirements of the Corrupt Practices Act shall apply in all particulars to the elections provided for by this Act.

Sec. 3. *And be it enacted, That* the Supervisors of Elections of each of the political units herein designated and of Baltimore City shall canvass these returns in like manner as other election returns, and they shall certify the number of votes cast "for prohibition" and "against prohibition" respectively, and the said Board of Election Supervisors shall file their certificates with the Clerk of the Circuit Court of the several political units herein designated or having jurisdiction over the same and with the Clerk of the Superior Court of Baltimore City, as the case may be, and shall forward at once by registered mail to the Secretary of State a duplicate copy of said certificates, and the

Secretary of State shall within thirty days from the date of said election, provided no contest has been filed, make a certificate to the Governor showing the total number of votes cast "for prohibition" and the total number of votes cast "against prohibition" in each of the political units herein designated, and upon receipt of this statement the Governor shall forthwith issue a proclamation declaring the result of the election in each of the political units herein designated and calling attention to its effects under this Act, and said proclamation shall be recorded in a well-bound book in the offices of the Clerks of the Circuit Court for the several counties or having jurisdiction over said political units herein designated and in the office of the Clerk of the Superior Court of Baltimore City and in the office of the Secretary of State, and the vote upon said proposition and such result may be proved in all courts and in all proceedings by such record or by a certified copy of the proclamation under the hand and seal of the Secretary of State.

Sec. 4. *And be it enacted, That* if upon receipt by the Governor of a certificate from the Secretary of State showing the result of such election in each of the political units herein designated it shall appear that a majority of the voters in any such political unit qualified under the laws of the State to participate in such election voting on this question in such election, have voted "against prohibition," then the laws relating to the sale, manufacture for sale, the transportation for sale of alcoholic liquors for beverage purposes in such political units so voting against prohibition in effect at the date of this election shall continue in force and effect unless or until otherwise changed by the General Assembly of Maryland or by a majority vote of the qualified electors of this State.

Sec. 5. *And be it enacted, That* if upon receipt by the Governor of a certificate from the Secretary of State showing the result of such elections in each of the political units herein designated it shall appear that a majority of the voters in any such political unit qualified under the laws of the State to participate in such election voting on this question in such election, have voted "for prohibition," then he shall forthwith issue his proclamation to that effect, and on and after the first day of May, one thousand nine hundred and eighteen, it shall be unlawful for any person, persons, social club, firm or corporation to manufacture for sale, sell or purchase for sale, transport for sale, dispense or otherwise dispose of any alcoholic, spirituous, vinous, fermented, distilled or malt liquors or intoxicating bitters or liquid mixtures or preparations, whether patented or not, which will produce intoxication in such political unit or units so voting for prohibition, except for medicinal, pharmaceutical, scientific, sacramental or mechanical purposes, as may be allowed under the provisions of such acts as the General Assembly of Maryland shall pass at its regular session held next after the date of such election or any subsequent session allowing such sale for such purposes only. And any person, persons, social club, firm or corporation manufacturing, selling, transporting, dispensing or disposing of any alcoholic, spirituous, vinous, fermented, distilled or malt liquors within such political unit or units so voting for prohibition shall be liable for all the penalties now or hereafter prescribed for manufacturing, selling, dispensing or disposing of alcoholic, spirituous, vinous, fermented, distilled, malt and intoxicating liquors without a license; and any place used for purposes in violation of this section, such use is hereby declared a nuisance and shall be abated as such.

Sec. 6. *And be it enacted, That* any qualified voter of any political unit herein designated may contest the election on this question hereby submitted to the voters of such political unit or demand a recount of the ballots cast on such questions in any election precinct or district of any such political unit, by filing a petition setting forth the grounds of such contest or recount, verified by affidavit with the Clerk of the Circuit Court for the county or the Clerk of the Superior Court for Baltimore City, as the case may be, within not more than five days from the date of the canvass of the returns by the Election Supervisors, and upon the filing of bond for the costs in the penalty to be fixed by the residing Judge or the Judge at that time presiding over the Court in which the contest is instituted, with surety or surties to be approved by him, a summons shall forthwith issue from such court addressed to the Supervisors of Election for or having jurisdiction over such political unit or for the City of Baltimore in which such contest is instituted, notifying them of the filing of such petition and directing them to appear in such court with the ballots and ballot boxes of the precinct or precincts in which irregularities are charged, at the time named in such summons, which shall be not less than five nor more than ten days from the filing of such petition. The procedure in such cases shall be the same as that provided by law for contesting any election for public office so far as the same is applicable.

In case of a contest of election in any precinct of any political unit herein designated or the City of Baltimore, as the case may be, the Board of Supervisors of Elections shall withhold the certificate of such election returns for such political unit or the City of Baltimore in which such precinct is located until the court decides such contest. Immediately following such decision of the court the Board of Supervisors of Elections shall make the returns as herein provided; such decision shall be made by the court not later than six months from the date of election.

The said court shall have final jurisdiction to hear and determine the merits of such cases, and if the said court shall discover that fraud has been committed in any precinct and the legal votes cannot be separated from the illegal votes or ballots so that the correct result can be ascertained, then the whole number of ballots cast in such precinct on such question so submitted to the voters of the political units herein designated shall be rejected by the said court and not counted and the Supervisors of Elections shall not make any returns of the votes cast in such precinct, and the rejection of such ballots shall in no wise render invalid the result of such election.

Sec. 6A. This Act shall not apply to nor prohibit the manufacture for sale of alcoholic, spirituous and vinous, malt and intoxicating liquors by persons and corporations now engaged in the manufacture thereof or the transportation thereof by said persons and

corporations where such liquors are manufactured for sale and sold only for delivery for shipment to places beyond the State or to places within the State where such sale is not now or hereafter prohibited by law.

Sec. 7. *And be it enacted, That* this Act shall take effect from the date of its passage.

Approved March 17, 1916.  
AND WHEREAS, Section 1 of the above recited Act requires that the Governor of the State shall give notice by publication in two newspapers published in each of the political units designated in said Act, and if only one newspaper be published in such political unit then in that newspaper, and if no newspaper be published in any such political unit then in a newspaper published in the county in which such political unit is located; and in three newspapers published in the City of Baltimore, one of which shall be printed in the German language.

NOW, THEREFORE, I, EMERSON C. HARRINGTON, GOVERNOR OF MARYLAND, in compliance with the authority and direction contained in said Section 1 of said Chapter 30 of the Acts of Maryland of 1916, do hereby order and direct that a copy of this proclamation, which sets forth the complete and correct text of said Act, be so published as directed in said Section 1 of said Act, once a week for three months next preceding the day of the election at which the said Act is to be submitted to the registered voters of said political units, for their adoption or rejection.

## PROCLAMATION

PROPOSED AMENDMENT TO THE  
CONSTITUTION OF MARYLAND  
CREATING A BUDGET SYSTEM.

WHEREAS, at the January Session of the General Assembly of Maryland, held in the year 1916, an Act was passed, to-wit: Chapter 15 of said Acts, being an Act to propose an amendment to Section 52 of Article III, title, "Legislative Department," of the Constitution of this State; and which said Act is in words and figures following:

## "CHAPTER 15.

AN ACT to propose an amendment to Section 52 of Article III, title, Legislative Department, of the Constitution of this State, regulating the making of appropriations by the General Assembly of Maryland in regular session, and to provide for the submission of said amendment to the qualified voters of this State for adoption or rejection.

Section 1. *Be it enacted by the General Assembly of Maryland (three-fifths of all the members of each of the two houses concurring), That* the following be and the same is hereby proposed as an amendment to Section 52 of Article III, title Legislative Department, of the Constitution of this State, the same, if adopted by the legally qualified voters of the State, as herein provided, to become Section 52 of Article III of the Constitution of Maryland.

Sec. 52. The General Assembly shall not appropriate any money out of the Treasury except in accordance with the following provisions:

Sub-Section A: Every appropriation bill shall be either a Budget Bill, or a Supplementary Appropriation Bill, as hereinafter mentioned.

Sub-Section B: First. Within twenty days after the convening of the General Assembly (except in the case of a newly elected Governor, and then within thirty days after his inauguration), unless such time shall be extended by the General Assembly for the session at which the Budget is to be submitted, the Governor shall submit to the General Assembly two budgets, one for each of the ensuing fiscal years. Each budget shall contain a complete plan of proposed expenditures and estimated revenues for the particular fiscal year to which it relates; and shall show the estimated surplus or deficit of revenues at the end of such year. Accompanying each budget shall be a statement showing: (1) the revenues and expenditures for each of the two fiscal years next preceding; (2) the current assets, liabilities, reserves and surplus or deficit of the State; (3) the debts and funds of the State; (4) an estimate of the State's financial condition as of the beginning and end of each of the fiscal years covered by the two budgets above provided; (5) any explanation the Governor may desire to make as to the important features of any budget and any suggestion as to methods for the reduction or increase of the State's revenue.

Second. Each budget shall be divided into two parts, and the first part shall be designated "Governmental Appropriations" and shall embrace an itemized estimate of the appropriations: (1) for the General Assembly as certified to the Governor in the manner hereinafter provided; (2) for the Executive Department; (3) for the Judiciary Department, as provided by law, certified to the Governor by the Comptroller; (4) to pay and discharge the principal and interest of the debt of the State of Maryland in conformity with Section 34 of Article III of the Constitution, and all laws enacted in pursuance thereof; (5) for the salaries payable by the State under the Constitution and laws of the State; (6) for the establishment and maintenance throughout the State of a thorough and efficient system of public schools in conformity with Article VIII of the Constitution and with the laws of the State; (7) for such other purposes as are set forth in the Constitution of the State.

Third. The second part shall be designated "General Appropriations," and shall include all other estimates of appropriations.

The Governor shall deliver to the presiding officer of each house the budgets and a bill for all the proposed appropriations of the budgets clearly itemized and classified; and the presiding officer

of each house shall promptly cause said bill to be introduced therein, and such bill shall be known as the "Budget Bill." The Governor may, before final action thereon by the General Assembly, amend or supplement either of said budgets to correct an oversight or in case of an emergency, with the consent of the General Assembly by delivering such an amendment or supplement to the presiding officers of both houses; and such amendment or supplement shall thereby become a part of said budget bill as an addition to the items of said bill or as a modification of or a substitute for any item of said bill such amendment or supplement may affect.

The General Assembly shall not amend the budget bill so as to affect either the obligations of the State under Section 34 of Article III of the Constitution, or the provisions made by the laws of the State for the establishment and maintenance of a system of public schools, or the payment of any salaries required to be paid by the State of Maryland by the Constitution thereof; and the General Assembly may amend the bill by increasing or diminishing the items therein relating to the General Assembly, and by increasing the items therein relating to the judiciary, but except as hereinbefore specified, may not alter the said bill except to strike out or reduce items therein, provided, however, that the salary or compensation of any public officer shall not be decreased during his term of office; and such bill when and as passed by both houses shall be a law immediately without further action by the Governor.

Fourth. The Governor and such representatives of the executive departments, boards, offices and commissions of the State expending or supplying for the Governor for this purpose, shall have the right, and when requested by either house of the Legislature, it shall be their duty to appear and be heard with respect to any budget bill during the consideration thereof, and to answer inquiries relative thereto.

Sub-Section C: *Supplementary Appropriation Bills:*

Neither house shall consider other appropriations until the Budget Bill has been finally acted upon by both houses, and no such other appropriation shall be valid except in accordance with the provisions following: (1) Every such appropriation shall be embodied in a separate bill limited to some single work, object or purpose therein stated and called herein a Supplementary Appropriation Bill; (2) Each Supplementary Appropriation Bill shall provide the revenue necessary to pay the appropriation thereby made by a tax, direct or indirect, to be laid and collected as shall be directed in said Bill; (3) No Supplementary Appropriation Bill shall become a law unless it be passed in each house by a vote of a majority of the whole number of the members elected; and the yeas and nays recorded on its final passage; (4) Each Supplementary Appropriation Bill shall be presented to the Governor of the State as provided in Section 17 of Article II of the Constitution and thereafter all the provisions of said Section shall apply.

Nothing in this amendment shall be construed as preventing the Legislature from passing at any time in accordance with the provisions of Section 23 of Article III of the Constitution and subject to the Governor's power of approval as provided in Section 17 of Article II of the Constitution an appropriation bill to provide for the payment of any obligation of the State of Maryland within the protection of Section 10 of Article I of the Constitution of the United States.

Sub-Section D: *General Provisions:*

First. If the Budget Bill shall not have been finally acted upon by the Legislature three days before the expiration of its regular session, the Governor may, and it shall be his duty to issue a proclamation extending the session for such further period as may, in his judgment, be necessary for the passage of such Bill; but no other matter than such Bill shall be considered during such extended session except a provision for the cost thereof.

Second. The Governor, for the purpose of making up his budgets shall have the power, and it shall be his duty, to require from the proper State Officials, including herein all executive departments, all executive and administrative offices, bureaus, boards, commissions and agencies expending or supervising the expenditure of, and all institutions applying for State moneys and appropriations, such itemized estimates and other information, in such form and at such times as he shall direct. The estimates for the Legislative Department, certified by the presiding officer of each house, of the Judiciary, as provided by law, certified by the Comptroller, and for the public schools, as provided by law, shall be transmitted to the Governor, in such form and at such times as he shall direct, and shall be included in the budget without revision.

The Governor may provide for public hearings on all estimates and may require the attendance at such hearings of representatives of all agencies and of all institutions applying for State moneys. After such public hearings he may, in his discretion, revise all estimates except those for the legislative and judiciary departments, and for the public schools as provided by law.

Third. The Legislature may, from time to time, enact such laws, not inconsistent with this Section, as may be necessary and proper to carry out its provisions.

Fourth. In the event of any inconsistency between any of the provisions of this Section and any of the other provisions of the Constitution, the provisions of this Section shall prevail. But nothing herein shall in any manner affect the provisions of Section 34 of Article III of the Constitution or of any laws heretofore or hereafter passed in pursuance thereof, or be construed as preventing the Governor from calling extraordinary sessions of the Legislature, as provided by Section 16 of Article II, or as preventing the Legislature at such extraordinary sessions from considering any emergency appropriation or appropriations.

If any item of any appropriation bill passed under the provisions of this Section shall be held invalid upon any ground, such invalidity shall not affect the legality of the Bill or of any other item of such Bill or Bills.

Section 2. *And be it enacted by the authority aforesaid, That* the said foregoing Section hereby proposed as an amendment to the Constitution shall at the next ensuing general election, being the Presidential and Congressional election, to be held on the Tuesday next

after the first Monday of November, nineteen hundred and sixteen, be submitted to the legal and qualified voters of the State for their adoption or rejection in conformity with the directions contained in Article XIV of the Constitution of this State, and at said election the vote on said proposed amendment to the Constitution shall be by ballot, and upon each ballot there shall be placed the following synopsis of said amendment under the caption of "CONSTITUTION AMENDMENT PROVIDING FOR A BUDGET."

"This amendment provides that the Governor shall present to the Legislature soon after it is convened a Budget giving a complete plan of proposed expenditures and estimated revenues for the two succeeding fiscal years showing clearly any surplus or deficit in State funds. In these estimates he shall make provision for the interest and sinking funds of all State debts, for all salaries as fixed by law, and for the public schools as fixed by law. With regard to most other matters he may revise the estimates presented to him either by State Officers or State-aided institutions. The Legislature may not increase the estimates presented by the Governor or pass any additional appropriation act except by a majority vote and must make provision by tax for such increase or additional appropriation. The Legislature may not alter in an appropriation act the provision made by law for the State debt, or for the judiciary, but may reduce all other items in the Governor's estimates; and the words 'for prohibition' and 'against prohibition' as now provided by law, and immediately after said election due returns shall be made to the Governor of the vote for and against the proposed amendment, and further proceedings had in accordance with Article XIV of the Constitution."

Approved March 28, 1916.  
Now, therefore, I, Emerson C. Harrington, Governor of the State of Maryland, in pursuance of the direction contained in section 1 of Article 14 of the Constitution of Maryland, do hereby order and direct a copy of this Proclamation, containing a full, true and correct copy of the text of said Chapter 15 of the Acts of Maryland of 1916, be published in at least two newspapers in each of the counties of the State and in three newspapers published in the City of Baltimore, one of which said newspapers in the City of Baltimore to be printed in the German language, once a week for three months next preceding the General Election to be held in this State on November 7th, 1916, and at which election the said proposed amendment to the Constitution shall be submitted, in form and manner prescribed by the General Assembly, to the legal and qualified voters of the State for their adoption or rejection.

## MARTIN'S MILL DESTROYED BY LIGHTNING FRIDAY NIGHT

Structure Was More Than 100 Years Old.—Loss is About \$3,000, Partly Covered by Insurance.—Contents Consumed.

Fire last Friday evening destroyed Martin's mill at Four Points, about 3 miles southeast of Emmitsburg, causing a loss of about \$3,000, most of which is covered by insurance. The mill was owned and conducted by H. K. Martin, who has operated the stand for the last 13 years.

About 20 bushels of seed wheat, a pair of scales and Mr. Martin's books were saved.

The blaze was caused by a bolt of lightning. Mr. Martin was preparing to retire, when he heard the clanging of the dinner bell at the farm of Harry Harner nearby. Members of the Harner family noticed the blaze and employed this means of notifying Mr. Martin.

The fire was then located on the roof and soon spread to the portion of that structure where Mr. Martin had about 800 bushels of corn cobs. A large quantity of grain, flour and feed was consumed. He has not decided whether or not he will rebuild.

Mr. Martin stated that the mill was undoubtedly one of the oldest water power mills in Frederick county. He said there were building dates prior to 1816, showing that in age the structure had passed the century mark.

## WOMEN'S EXCHANGE.

For the last few weeks there has been quite a demand on the Exchange, but unfortunately the supply of cakes, deserts, candies, rolls etc. has not been equal to the demand.

Therefore the Committee urgently requests that, as the Exchange is one of the main sources of revenue for the Library, more interest be taken in "supplies" for the Exchange, and also that the patronage of the local people be more liberal.

There is always some dainty needed for Sunday—a "strange bite" that will add zest to one's meal. Just such delicacies may usually be found at the Exchange.

Why not begin, then, tomorrow to make something for the Exchange, to buy something at the Exchange?

## LOCAL BREVITIES.

(Continued from page 1.)

Several arrests for swearing, on the streets were made Saturday night. Fines to the amount of \$12 were imposed upon the offenders.

There will be motion pictures in St. Euphemia's Hall tonight at 8 o'clock. An interesting programme will be given.

The "Heise Dependables," an organization in the Union Square M. E. Church, Baltimore, motored through Emmitsburg to Gettysburg Thursday. There were about 75 in the party and three touring busses were used to convey them to their destination.

The maximum temperature during the week was 78 degrees on Monday. The minimum was 60 degrees on Friday.

## TWO OF EMMITSBURG'S BUSINESS PLACES ROBBED

Eggs, Butter, Meat and Money Were Taken by the Thieves.—Several Persons Were Arrested, but up to This Time Sufficient Evidence Has Not Been Obtained.

On Monday night or Tuesday morning thieves entered the business places of Callahan and Rotering and Joseph E. Hoke and carried away, from the former five cases of eggs, and from the latter fifty pounds of butter, a quantity of meat, and some change from the cash register.

It is thought that the robbery was committed by persons from out of town who made way with their plunder by means of a wagon and probably an automobile. The supposition is that this produce was taken directly to Baltimore or some other market point and sold in the early morning.

Entrance was made in the rear of The Blue Ribbon Egg Company building where the first haul was obtained. From this room the entrance to Joseph E. Hoke's was unobstructed. With someone watching on the outside the robbers no doubt gained access to the cold storage from which they took what provender they were in search of.

A number of clues were run down and several arrests were made, but up to this time the stolen goods have not been located or recovered, and sufficient evidence to fasten the crime on any particular person or persons has not been obtained.

On the same night the Garage at the New Hotel Slagle was broken into. It is surmised that the intruders took only gasoline as everything else was found intact.

## THE BOND ISSUE RECEIVES THE SUPPORT OF THE PEOPLE

Measure Wins by Big Majority, The Result Being a Four to One Approval of Present Administration.

Pursuant to acts of the General Assembly, passed in 1908 and in 1910 an election was held at the Firemen's Hall, Monday to determine the sentiment of the voters of Emmitsburg for or against issuing bonds to an amount not exceeding \$2,500, the proceeds to be applied "to the improvement of the streets, alleys and crossings of the said town of Emmitsburg."

Out of a registration of about 160, one hundred and two voted—81 in favor of the bond issue and 21 against. The decisive majority showed that the people of the town were for permanent improvement.

As stated last week in the columns of the CHRONICLE, the State Roads Commission had agreed to build a 14-foot wide macadam road into the corporation and up to the fountain in the Square. The Burgess and Commissioners deemed it advisable to make this street a modern street from curb to curb and they asked the people to support them in the matter.

The work will be done by the State Roads Commission which is rebuilding the State road from Thurmont to Emmitsburg.

## Ready For Road Work.

Daniel Roddy has erected a new stone crusher and stone bin at his quarry about a half mile south of Mt. St. Mary's College, near Emmitsburg. The bin will hold several hundred tons of stones, which will be used for the new State road, between Thurmont and Emmitsburg, which is being rebuilt. About an acre of rock has been stripped. The rock is of blue limestone, with good cementing qualities.

## OPINION HANDED DOWN IN SCHOOL CONTROVERSY

The Question Was Raised Last Saturday When the Three Residents of Annandale Were Brought Before Judge Maulsby.—Date of Trial Will Be Fixed Soon.

Justice H. Hanson Maulsby handed down the opinion Wednesday in which he held that he has jurisdiction to hear and determine the case of the school authorities against the three residents, of near Emmitsburg, who refuse to send their children to school, and that he can fine the parents, if guilty, and sentence them to jail in default of fine.

Justice Maulsby holds that the Compulsory School Attendance law does not

provide how the fine shall be collected, if one is imposed, or that the alternative in default of fine is imprisonment in jail, yet this deficiency is supplied by section 3 of Article 38, of the Code of Public General Laws, which provides that in the event a law does not state how a fine shall be collected, the punishment to be meted out in event of judgment of guilty shall be 30 days in jail, where the fine is less than \$5.

The question was raised last Saturday afternoon, when the three residents of Annandale, Milton Springer, Walter Hess and Ephraim Grimes were brought before Judge Maulsby. They were charged with failing to enroll their children in school. The date of the trial will be fixed soon.

The Washington County Hospital at Hagerstown has under roof the new laundry building, which it is erecting and equipping at a cost of about \$10,000.

Motorcycle side cars are being successfully used for carrying the mails through rural districts in England.

### "IN A BAD WAY."

Many an Emmitsburg Reader Will Feel Grateful for This Information.

If your back gives out;  
Becomes lame, weak or aching;  
If urinary troubles set in,  
Perhaps your kidneys are "in a bad way."

Don't delay—use Doan's Kidney Pills. Here is good evidence of their worth. C. A. Booth, machinist, Wenner & Second Sts., Brunswick, Md., says: "My kidneys troubled me. I suffered constantly from backache and it was hard for me to straighten up after stooping. The kidney secretions were too frequent in passage and I felt miserable in every way. Doan's Kidney Pills relieved me of all these symptoms of kidney trouble."

Price 50c. at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Booth had. Foster-Milburn Co., Props., Buffalo, N. Y.

## MR. VOTER

The Philadelphia "Public Ledger" said editorially:---

"The Prohibition hysteria which swept over the Southern States has not accomplished its purpose, has been a fruitful cause of malignant, narrow, unrelenting partisanship, has divided communities in States affected, to their serious detriment, and in addition has woefully failed of enforcement, causing a disrespect for law, which always accompanies the non-enforcement of a statute, and a lamentable and deplorable undermining of confidence in courts and public officials."

**REPRESENTATIVE  
JURIST AND SCHOLAR**

In the Pittsburgh Catholic, under date of Sept. 21, appeared the following merited tribute to A. V. D. Watterson, LL. D., a man as well known and held in as high esteem in Emmitsburg, his second home, as in the great city in which he is such a factor for good.  
A. V. D. Watterson, Esq., LL. D., a prominent attorney in Allegheny county, with an extensive practice statewide, is a citizen of Pittsburgh, who is in the best acceptance of the word "a self-made man." He is an intellectual man of superior mental attainments, of a wide fund of knowledge a thorough classicist, a scholarly litterateur; the active years of whose busy and useful life have been, apart from his large legal practice, devoted to literary, musical, social and philanthropic work. He has an established reputation as a writer, his articles appearing frequently in papers and magazines. The columns of the Catholic have many times been graced by his erudite correspondence.

A. V. D. WATTERSON, LL.D.

Mr. Watterson is a native of Blairsville, Indiana county, Pa., where he was born Oct. 4, 1855, the son of John S. Watterson and Sarah Watterson. He was baptized by the then pastor of the SS. Simon and Judge, the gracious priest of revered memory in the annals of the Pittsburgh diocese, the Rev. Jacob Stillinger, and was named after the prince priest of the Alleghenies, Dr. Gallitzin. He comes of revolutionary stock. His great grandfather, John Watterson, was a soldier in the revolutionary war. When thirteen years of age the young Alfred was sent by his parents to the famous and historic "Old Mount," Mt. St. Mary's College, Emmitsburg, Md. With his "Alma Mater" are cherished the happiest years of his life. It is endeared to him with the precious memories of his beloved brother, John Ambrose Watterson, a pupil and a graduate, where he was ordained to the holy ministry; a teacher of repute in its hallowed walls and whose name is associated with its galaxy of famous presidents as an honored wearer of that high name, and whose history as president is linked with the college's glorious record of over a century. He resigned the presidency to take up the higher dignity and the onerous duties of a prelate in the American Church, being consecrated Bishop of Columbus, O., August 8, 1880, where he died April, 17, 1899.

Mr. Watterson has always given a whole and undivided loyalty to the Mount. Since his graduation day, in 1875, and until today he has never missed a commencement. The gold medal in the annual elocutionary contest has been his donation since he left to enter into the active duties of life. For more than twenty-five years he has been the president of the Alumni Association, and at present is chairman of the college advisory committee. In 1895 he was honored with the eminent degree of doctor of laws.

Following his graduation Mr. Watterson entered the law offices of the late Maj. A. M. Brown in Pittsburgh and three years later was admitted to practice. The qualities of the young lawyer were quickly recognized and from the outset this success was assured. In 1892 he associated with him in partnership under the name of Watterson & Reid, the president eminent judge of Allegheny county, the Hon. Ambrose Bernard Reid, LL. D. For two years Mr. Watterson was president of the Apollo Club, Pittsburgh's most renowned male singing society. He was the projector of the Stephen C. Foster memorial in Highland park, and the characteristic bronze monument there erected was chiefly due to his energies. For seven years he was president of the Columbus Club of Pittsburgh. For ten years he was the president of the board of directors of St. Francis's hospital, which he brought to its present high standing. He is one of the governors of the Catholic Church Extension of the United States. For several years he was one of its secretaries and aided in the preparations of its charter. He is a strong and active supporter of every worthy and practical effort for the spread of temperance, a life long upholder of the cause. Knights of Columbus will be interested to know that he is an ardent member of that order, being a charter member of Duquesne council.

Mr. Watterson is a member of the parish of the Sacred Heart. He takes an active interest in the progress of the Church in the diocese; his time and means are generously at the disposal of every good and charitable work. The basis of his successful career may be well laid to his strong Catholic faith and the fulfillment of its obligations inspired by the large desire, the noble wish to give the greatest good to the greatest number.

Mr. Watterson is happily married, a lover of the sanctuary of his home when the day's work is done.
