ENLIST IN WAGON, MOTOR AND BAKERY COMPANIES!

Chance For Men With Practical Knowledge To Serve Country In Very Many Ways.

The Philadelphia Section, Eastern Division, with headquarters at the Automobile Club, of Philadelphia, 23 South 23rd Street, has been authorized to enlist twenty (20) Wagon Companies, ten (10) Motor Truck Companies, and two (2) Bakery Companies.

A Wagon Company consists of 1 Wagon Master, with the rank of Sergeant; 3 Assistant Wagon Masters, with the rank of Sergeants; 1 Horse Shoer, 1 Blacksmith, 1 Saddler, all with the rank of Corporals; 1 Cook, with the pay of a Sergeant; and 28 Teamsters, with the rank of Privates, first class.

A Motor Truck Company consists of 34 Sergeants and 1 Cook.

A Bakery Company consists of 1 Sergeant, first class; 24 Sergeants; 20 Corporals; 2 Cooks and 14 Privates, first class.

In addition, there are needed various numbers of Butchers, Clerks, Painters, Forage Masters, Farriers, Overseers of Labor, Storekeepers, Watchmen and Skilled Laborers. The qualifications for these positions vary and can be obtained upon applications to the Headquarters above mentioned. Many of these positions carry the rank of Sergeant, first class; Sergeant and Corporal.

No difficulty is anticipated in more than filling up the full quota of Truck Drivers, but it will probably be difficult to secure the necessary Wagon Masters (80) and Teamsters (560); the Bakery Companies, totaling 122 men and the various special positions above mentioned.

The pay of Sergeants, first class, is \$45 per month; Sergeants, \$36; Corporals, \$24; Privates, first class, \$18; Privates, \$15. In addition to their regular pay, all enlisted men receive rations, quarters, clothing, fuel, bedding, medicines and medical attendance when required. An increase in all of these is being considered and on foreign service they are automatically increased.

Enlistment in the Quartermasters Enlisted Reserve Corps now, exempts a man from conscription. This is an important point right at this time. No military training is required and there is no drilling with rifles; guard duty or other purely military duties which fall to the lot of soldiers in other branches of the service, except in case of emergency. In stating these facts, it is not done with any idea of suggesting in any way the shirking of military responsibility. This department is one of the most responsible connected with the Army, in fact it is vital to the success of an Army. The transportation of supplies has increased to an almost unbelievable extent, and it is absolutely necessary that this branch be recruited to full strength before our Army goes into its various training camps.

Enlist now! Particularly the Wagon Masters, Teamsters and Bakers. Write at once to 23 South 23rd St., Philadelphia, for full information. Tell the young men on the farms to enlist.

Anyone between the ages of 18 and 45 is qualified. Married men are not barred, but are not wanted if their families will be dependent for support after they are called out.

"Ruin" Souvenirs to Donors.

An official souvenir made from the ruins of historic structures that have been desecrated by the Germans, will be given Americans who contribute to the fund for the restoration of France. Word to this effect was received by cable to the French restoration fund headquarters at Washington from Mrs. Cecile Sartoris, now in Paris. Mrs. Sartoris, whose husband, a grandson of General Ulysses S. Grant, is fighting at the front as a private in the Foreign Legion, arranged for the souvenirs through M. Dalimier, the French Minister of Fine Arts.

Senators Eat War Bread.

Senators, guests of Senator Sheppard, of Texas, at luncheon in the Capitol Saturday, had a demonstration of "war bread," suggested to conserve wheat.

Bread having 15 per cent. of cottonseed flour mixed with wheat flour, baked at the Bureau of Chemistry, was served.

By using the cottonseed flour, Senator Sheppard said 115,000,000 bushels of wheat can be saved annually and nutrient of bread doubled.

The most of our navy yards date from 1800, in which year sites were purchased for the yards at Boston, Brooklyn, Portsmouth, Norfolk and Washington.

Corks steeped in vaseline can be used in many cases where glass ones are desired.

FROM THE COUNTY.

Mark Powell Adams, Brunswick; Clarence Harry Yinger, 351 West Patrick street, Frederick, and Charles Elder Falconer, New Market, are the three young patriots who will uphold the dignity of the county on the tablet of honor, to be erected in the State House, Annapolis, in honor of the 807 recruits who enlisted in the Navy from Maryland in response to the President's call for volunteers.

Leonard E. Kolmer, Esq., business manager of The Frederick Post, left last week for Baltimore, and was sent to Fort Myer, Va., where he has been appointed as a member of the Officers' Reserve Corps.

Messrs. H. H. Mulsby, Guy K. Motter, and Lewis R. Derthbaugh have been named by the president of the Junior Fire Company of Frederick, to attend the annual Convention of the State Fireman's Association, to be held in Cumberland, the second week of June.

Miss Elizabeth Marsh, of Frederick, was graduated as a trained nurse at the University of Maryland, in Baltimore, Friday. Miss Marsh made an enviable record during her three years of training, tying for second place in a class of twenty-four young ladies.

Presidents of the seven Frederick banks met this afternoon and organized a committee to urge the Liberty Loan in this county. Joseph D. Baker, president of the Citizens' National Bank, was chosen chairman, and Jacob Rohrbach, president of the Fredericktown Savings Institution, vice chairman.

Mr. Chas. E. Nicodemus, son of Mr. Eli Nicodemus, of Buckeystown, a popular electrician of the Bel Air Electric Co., Bel Air, was painfully and seriously injured last week by having his jaw broken. He is now in a Baltimore hospital for treatment of the injury.

Joseph L. Potter, a well-known resident of Brownsville, was badly injured Friday when the roof of a house which he was tearing down caved in, catching him beneath the pile of debris.

A large crowd filled Seminary Hall Frederick, Monday night for the graduating recital of the students of the School of Expression of Hood College, under the direction of Miss Sallie Conrad Pauntleroy. Three graduates, Miss Naomi Coblenz, Miss Berenice Spring, both of this county, and Miss Rosa Snavely, of Pennsylvania, appeared on the program.

The pike, four miles in length, between Woodsboro and Creagerstown was formally taken over by the county on Saturday when the tollgates were removed.

A forest fire which broke out simultaneously Monday night on a three-mile line from High Knob to White Rock, and which later spread to the foot of Chigre Hill, Braddock Heights, was gotten under control early Tuesday morning. That incendiaries are responsible for the dastardly blaze few seem to doubt. Many mountain homes were in danger.

The northeastern section of Frederick county is to get a much-needed improved highway. Yesterday afternoon the County Commissioners unanimously voted to advertise at once for bids on a State Aid road of 4.38 miles in length to extend from Lewistown to Creagerstown. It is the first State Aid road to be ordered constructed by the commissioners this year.

Miss Katharine Alice Cramer, daughter of Mr. and Mrs. George L. Cramer, of Braddock Heights and Rev. Mark Getzendanner, of Polo, Ill., were married Monday morning by Rev. Dr. Thomas F. Dixon in the First Presbyterian church, of Braddock Heights.

Automobile law violators in the county fell into the hands of the law in good sized numbers on Saturday and during Sunday. Arrests were made by Commissioner E. Austin Baughman and the total fines amounted to \$218.

The Union Manufacturing Company, which operates the Frederick hosiery mill and branches at Thurmont and Emmitsburg, has accepted a contract to manufacture 600,000 pairs of woolen socks for the United States Government. Work was started on the order, the first delivery to be made on June 1. The entire batch is to be completed by December 31.

Eighty persons, including 19 converts, were confirmed Sunday at St. John's Catholic church Fred'k. The sacrament was administered by Bishop Owen B. Corrigan, of Baltimore, who also preached. The Rev. Leo Collins, assistant to Father Kane, acted as deacon, and the Rev. S. J. Kavanaugh, Libertytown, as subdeacon.

A POEM for MEMORIAL DAY By John L. Parker

THERE'S a little bronze emblem that's treasured more dearly
Than diamond, or ruby, or jewel, or star,
To heroes entitled to wear it sincerely.
It links them together, these comrades of war.
What memories it brings of the dead and the living,
Of fathers and brothers who struggled and fought!
Those veterans who fought to preserve us a nation
Are known by the button they wear on their coat.

STILL keep it in view—that little bronze button—
And honor the wearers, once brave boys in blue.
They marched side by side, it will ne'er be forgotten,
'Tis the Grand Army button they wear and so true;
That little bronze button, the charm of the wearer—
The gray bearded veterans who've laid by their arms.
They're mustering our heroes each day by the hundreds,
These veterans who battled to save us our farms.

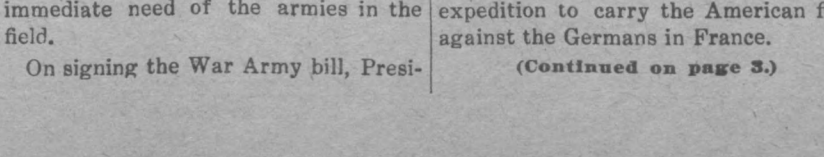

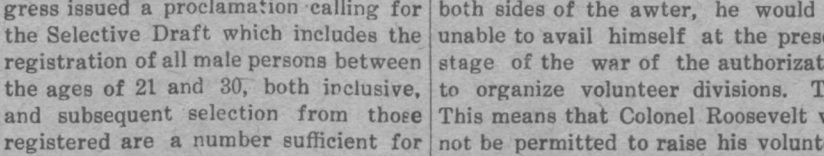

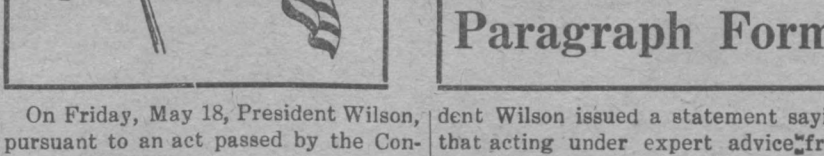

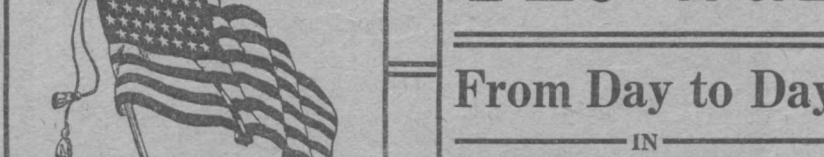

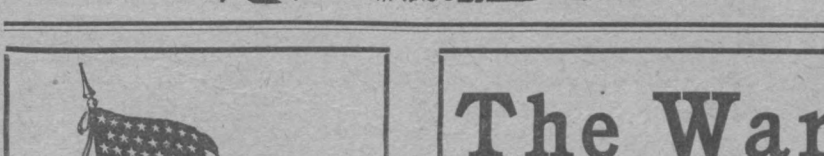

HOW dear to the heart of each gray bearded soldier
Are thoughts of the days when he still wore the blue,
While memory recalls every trial and danger,
And scenes of the past are brought back to his view,
Though long since discarding our arms and equipment,
There's one thing a soldier most surely will note—
The first thing they see on the form of a comrade
Is the little bronze button he wears on his coat.

"HOW much did it cost," said a man to a soldier,
"That little flat button you wear on your coat?"
"Ten cents in good money," he answered the stranger,
"And four years of marching and fighting to boot.
The wealth of the world cannot purchase this emblem,
Except that the buyer once wore the brave blue."
And it shows to mankind the full marks of a hero—
A man who to honor and country was true.

THEN let me be proud of the little bronze button
And wear it with spirit both loyal and bold;
Fraternally welcome each one who supports it,
With love in our hearts for the comrades of all.
Each day musters out whole battalions of wearers,
And soon will be missed the loved ones so dear,
But millions to come will remember with honor
The man who'd the right the bronze button to wear.

STATE CONDENSED.

John J. Bell, formerly deputy appraiser at the port of Baltimore, who has returned to Cumberland to live, has been appointed in the revenue service as store keeper gauger.

As the result of eating the heads from about a dozen matches, Pearl, three-year-old daughter of Mr. and Mrs. William Martin, of Brownsville, died Friday afternoon. The child was alone in the room, and, finding the matches, bit the heads off. Physician were summoned, but all effort to save the life of the little girl were in vain.

Samuel Leizear, a life long resident and well-known farmer of Rockville, died Friday in the Washington hospital where he had been under treatment for an affection of the heart. He was aged 69 years.

Seventy-five Western Maryland Railway engineers and conductors, of Hagerstown, have been drafted for services in France to man trains. All are unmarried and without dependents.

William A. Kline, about 45 years old, of Luray, Va., brakeman on the Norfolk and Western Railway, was instantly killed at Morgans Grove, near Shepherdstown, Friday afternoon, when he was struck by a box car on the siding at a switch.

Rats gnawing matches caused a fire which destroyed the dwelling house occupied by Samuel Lum, near Chewsville, Friday entailing a loss of about \$6,000. Mr. Lum was aroused by the smoke and awoke the members of his family, who were compelled to flee with scanty clothing. The fire caused such headway that none of the contents could be saved.

Carroll county will be represented by six young patriots on the tablet of honor, to be erected in the State House Annapolis, in honor of the 807 Navy recruits who enlisted from Maryland in response to the President's first call for volunteers.

Six years-old Wayne Wagner was burned to death in the home of Samuel Sterner, Lineboro, with whom he lived. The lad was asleep when Sterner and his wife went to the barn and when they returned they found him dead. It was thought he set fire to his clothes while playing with matches.

Fire Friday night destroyed the barn and outbuildings on the farm of William Harding, near Columbia, Howard county. The loss is about \$8,000.

A big patriotic celebration was held in Hancock, Friday to create enthusiasm in crop preparedness and to stimulate interest in the newly formed home guards.

Fire destroyed the two-story frame residence of Lee Spessard, near Smithsburg, entailing a loss of about \$5,000. The contents were saved. Volunteers from Smithsburg assisted in fighting the fire.

The graduating class of the Maryland General Hospital Training School for Nurses composed of 12 young women, received their diplomas Friday night in the First Methodist Episcopal Church, St. Paul and Twenty-second streets, Baltimore.

A large frame mansion that has stood for many years near the intersection of the Old Harford road and Glenmore avenue, Baltimore, at present unoccupied, was burned Friday morning, despite the efforts of firemen of the Govs and Gardenville departments to save it. The loss is estimated at \$5,000.

Plans are now being rushed for the \$2,000,000 improvements which the Baltimore Dry Docks and Shipbuilding Company contemplates making to its plant in South Baltimore, and it is expected that everything will be in readiness to begin actual construction work within the next three or four weeks.

Messrs. Frederick C. Colston, J. Hamilton Ober, Walter Albert Baetjer, all of Baltimore and members of prominent families, Saturday received notice of the appointment to commissions in the officers reserve corps of the United States Army.

Morris Dunbar, 82 years old, former Sheriff of Cecil county, died Saturday night at Belle Hill, near Elkton.

Red Cross nurses have been added to the corps of attendants at the Naval Hospital, Annapolis, for the first time in the history of the local hospital. Two nurses arrived Saturday and others are to follow. Those now here came from Washington, where they received training at Garfield Hospital.

The body of Marcus Anderson Patrick 47 years old, banker and coal operator who left his home at Westernport last Tuesday, was found Monday afternoon in the Chesapeake and Ohio Canal, near the Cumberland race track, by William Keesecker, who was drifting down the canal in a rowboat.

PART MARYLAND SHOULD PLAY EXPLAINED TO GOVERNOR

Thoroughly Canvassed Letter Telling Of Experiences Of Other Nations At War.

The part which Maryland should take in the effort to save this country from the effects of tuberculosis, a disease which has played havoc with the soldiers of the Allied armies in Europe, has been outlined in a letter sent Governor Harrington by the Maryland Association for the Prevention and Relief of Tuberculosis.

The letter explains that, after having thoroughly canvassed the experiences of the nations at war, a special commission having been dispatched to England and France for the purpose of learning the effects of this disease upon the armies of the Allies and upon the economic and health situation at home, self protection demands that the state take definite steps to counteract the effect of the increase of this disease, which is bound to accrue during and after the period of war.

Due to the fact that their physical examination was not rigid enough, all of the Allied armies have suffered too much from this disease. Therefore, the examining surgeons at the various recruiting stations should be on the watch for this disease and should have all the suspects re-examined by a second board of surgeons who are experts on tuberculosis. If this is done, the state will be able to place under hospital care practically all males who are thus afflicted and will reduce to a minimum the alarming effects of the disease among the soldiers of the regular army.

The following recommendations were made by the committee of the Maryland association, with the request that the Governor urge their adoption by the legislature, which is shortly to assemble. It advises that the hospital accommodation available for the care and treatment of cases of tuberculosis in Maryland be increased to a number of beds twice their present capacity, and that the legislature require the counties of the state, either individually or in groups, to erect and maintain tuberculosis hospitals to the limit of their known needs. To meet the extra demands which will be occasioned by the discovery of new cases by army surgical boards, the State Department of Health should be given such additional money as may be necessary to increase its personnel; also, the Department of Health is to be the judge of the time of detention of all sufferers of this disease. It is further recommended that a special hospital for negro consumptives be created in connection with one of the existing units. Finally, the committee urges that all of the state's tubercular institutions be correlated, co-ordinated and controlled under a state tuberculosis commission.

No Excuse For Eligibles.

The registration in each county will be made in the voting precincts and there will be one registration place in each voting precinct.

It should be understood clearly by the people of the State that every man who has passed his twenty-first birthday and who has not reached his thirty-first must be enrolled. There is no exception on account of race, color, illness, absence, or any other cause. Those who are ill must arrange to be registered by agent; those who will be absent on enrollment day must arrange with the authorities to register by mail, and if now away, they should immediately get in touch with the authorities of the place where they are and obtain information as to how to proceed. Failure to register will subject one not to a fine, but to imprisonment, up to one year.

U. S. Forbids Coal Strike.

The Federal Government told operators and employees concerned in the threatened Pennsylvania coal strike that they must get together in the interest of national defense. About 75,000 men have threatened to walk out on May 25 unless their wages are raised. Most of the mines output goes to concerns working on Government contracts. Under the National Defense act, the President in time of war, can take over and operate any industry necessary for the defense of the country.

American Popcorn Pleases England.

England's shortage of sugar has occasioned the introduction of the many American sweets. Marsh-mallows, lollipops, and even American popcorn are taking the place of the staid old English candies. Many English work people have lost their employment owing to the shutting down of factories throughout the Kingdom and an increased demand for confectionery from the United States has been established.

The War From Day to Day IN Paragraph Form

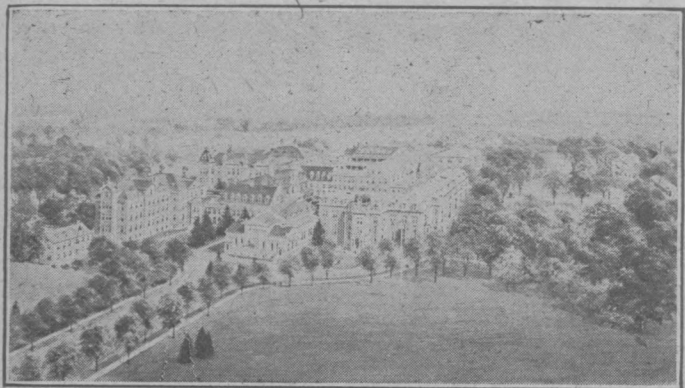

On Friday, May 18, President Wilson, pursuant to an act passed by the Congress issued a proclamation calling for the Selective Draft which includes the registration of all male persons between the ages of 21 and 30, both inclusive, and subsequent selection from those registered are a number sufficient for immediate need of the armies in the field.

On signing the War Army bill, Presi-

dent Wilson issued a statement saying that acting under expert advice from both sides of the awter, he would be unable to avail himself at the present stage of the war of the authorization to organize volunteer divisions. This means that Colonel Roosevelt will not be permitted to raise his volunteer expedition to carry the American flag against the Germans in France.

ST. JOSEPH'S COLLEGE--ACADEMY

Valley Echoes

The seniors are still writing, in fact, the quill seems to be inevitably active in their hands. The new creation is different from past endeavors nor short stories nor editorials—essays? Yes "Commencement Essays" that very unique species!

The members of the Tau Sigma Sigma Sorority were hostesses Wednesday evening at a delightful informal dance. The spacious auditorium afforded an excellent floor and the affair was one of enthusiastic enjoyment. Dainty refreshments were served on the grounds after the dance.

A Spelling Contest took place on Thursday evening between the collegiates and academics. Miss Francis Kase, Shamokin, Pa., '20, bore off the honor of the occasion on "Gherkin." Great praise is also awarded to Miss Rosalie Cofer for her etymological ability.

The Collegiates were afforded both pleasure and instruction by attending the "movies" in town on the last two Friday afternoons. "Mignon" with its beautiful and luxurious scenery and the diversified acting was intensely interesting. "Macbeth" was no less successful and being more familiar to American young ladies won hearty appreciation.

According to the Maryland School Board, schools, academies or colleges throughout the state were obliged to hold one evening a year in the laudation of peace. In compliance with this statute the ingenious members of the second academic presented the "Peace Scene" from Longfellow's Hiawatha last Sunday evening.

The entertainment was given outdoors and rendered more artistic and novel by the natural beauty of the surrounding landscape. The clustering maples and heavy foliage in the distance and the mountain background were noteworthy assets. Misses Rose Wright and Angela Becker were especially congratulated. Several readings followed and the evening happily concluded by the

lively little Indians serving toasted marshmallows

The closing of the school of dramatic art which took place last Thursday evening was a brilliant success. The selections rendered by the new students evinced their earnest application, judicious instruction and decided talent. Among these, Miss Maria Louise Pattison delightfully read the sensational account of "The Governor's Last Levee" while the enthusiastic audience listened spell bound. Miss Ida Gable merits special mention for the marvelous advance in elocutionary excellence in so short a time. Miss Francis Sweeney recited "The Spoken Word" with such pathos that the listeners were moved to tears. The selection was gracefully wrought of that ever touching substance maternal affection and Miss Sweeney's portrayal was excellent in every respect. In direct contrast was the equally felicitous rendition of Miss Frances Kase, "I'm Hurried Child," the sentiment of which was as intense a nature in an opposite direction. "Prince" an interesting story related in the first person was pleasingly spoken by Miss Anna Mulholland who has attained no little reputation as an artist of dialect and comic renditions; this serious work, however, proved that Miss Mulholland's talent was in no way restricted in heavier productions.

"Lasca," that stirring tale of Texas life, loved by all Americans, was superbly given by Miss Nan Gable. Her complete self absorption in the interpretation of the recitation, her clear enunciation and sweet voice were allied to consummate mastery of facial and tone expression in this thrilling reading. Miss Lucile Morgan gave "The Execution of Mary Queen of Scots" in a pathetic manner suited to the selection. Miss Kathryn Gloninger offered a splendid interpretation of "Bread;" the feeble cry of the aged and the rebellious fury of the youth were touchingly delineated by Miss Gloninger who enjoys a considerable reputation as an artist. Misses Ruth Pattison, Evelyn Castleman, Elise Kalbach and Margaret Linthicum also deserve mention for their well read lines which gave pleasure to the faculty and student body at S. J. C.

TALKS ON PREPAREDNESS

Men From Frederick Give Good Advice To Local People.

A very interesting and instructive series of talks was given to the people of Emmitsburg in the high school auditorium on Saturday night, the speakers being James H. Gambrell, Jr., Clinton McSherry, P. C. Hauver and David Winebrenner, III.

Mr. McSherry spoke of the seriousness of the present situation, the possibility of foreign foes landing on these shores and intrenching themselves in the Alleghany Mountains and the absolute necessity for preparedness in every economic pursuit.

Mr. Hauver, county demonstrator further unfolded the features enumerated by Mr. McSherry, advocated the raising of larger crops, the utilizing of every available vacant lot for garden purposes and urged the canning of greater quantity than ever of vegetables, fruits, etc.

Mr. Winebrenner III, who by this time is on his way to France to engage in the ambulance service of that nation, aroused enthusiasm by his patriotic remarks and spoke seriously of the condition that confronts the United States in the present crisis.

Mr. Gambrell, who is chairman of the Frederick county Preparedness and Survey Commission interpreted the various phases of the work outlined by the Government and the State in preparation for the present war and brought home to the audience the urgent need of preparation and conservation in all branches of industry and in every home in this district. He laid stress on the importance of subscribing to the Liberty Loan, no matter how small the denomination of the bond bought and he showed how business would be paralyzed if only the large centers were relied upon for this subscription.

The manner in which these gentlemen brought these matters to the attention of the people of Emmitsburg left no doubt in the minds of their hearers as to the full and serious significance of the burden and duty now resting upon the country.

Who Must And Who Need Not Register.

The following must register:
Men who are 21 years old or whose twenty-first birthday will fall on or before June 5.

Men more than 21 years old whose twenty-first birthday does not come on or before June 5.

The following are not required to register:

Men 31 years old or whose thirty-first birthday will come on or before June 5.

Men in the navy, army, marine corps or officers' reserve corps.

Members of the National Guard and naval militia actually in Government service on June 5.

Physical disability or absence does not excuse a person from registering.

FROM THE COUNTY.

started Monday, to continue throughout the week. Between fifty and sixty per cent. of the pupils in the graduating class at the Girls' High School will be exempt from examinations, having made the required 85 per cent. in their daily recitation records. Next week the examinations for the other grades will be held.

Upon the recommendation of the Maryland Preparedness and Survey Commission twenty-five men, of Frederick journeyed to Baltimore Tuesday and had a conference with the members of the Conservation Commission there and urged them to locate the proposed fish hatchery in Frederick county.

Whooping Cough.

One of the most successful preparations in use for this disease is Chamberlain's Cough Remedy. S. W. McClin-ton, Blandon Spring, Ala., writes, "Our baby had whooping cough as bad as most any baby could have it. I gave him Chamberlain's Cough Remedy and it soon got well." Obtainable everywhere.

A Symbol of Health.

The Pythagorians of Ancient Greece ate simple food, practiced temperance and purity. As a badge they used the five pointed star which they regarded as a symbol of health. A red five pointed star appears on each package of Chamberlain's Tablets, and still fulfills its ancient mission as a symbol of health. If you are troubled with indigestion, biliousness or constipation, get a package of these tablets from your druggist. You will be surprised at the quick relief which they afford. THE WAR FROM DAY TO DAY.

(Continued from page 1.)

President Wilson directed that an expeditionary force of approximately a division of regular troops, under command of Maj.-Gen. John J. Pershing, proceed to France at as early a date as practicable. General Pershing and staff will precede the troops.

The President's order was issued after he had signed the War Army bill providing for the raising of an army by selective draft and a proclamation directing that registration for the draft begin on June 5. The President's action set in motion immediately machinery destined to produce within a year's time a national army of more than 1,000,000 trained and equipped men, backed by adequate reserves of men and supplies, and by an additional 500,000 soldiers under training.

Nicaragua, following the lead of Guatemala and Honduras, has severed diplomatic relations with Germany.

The signing of the War Army bill by the President means that approximately 10,000,000 men from 21 to 30 years of age must register for military service. The registration will be followed by "Selection" which will determine the first 500,000 men to be called to the colors about September 1.

St. Luke's Hospital, New York, has opened a "repair shop" to overcome minor physical defects of men rejected by recruiting officers for the various military services.

It was decided by the Government that a regiment of marines, about 2,600 men, under command of Col. Charles A. Doyen, of the Washington Barracks, will accompany the first American army expedition to France.

The regiment will be composed principally of organizations which have recently seen active service in Haiti, San Domingo and Cuba.

On Monday, in an accident during practice firing at sea aboard an armed American merchantman bound for Europe, two American Red Cross nurses were killed and a third wounded, marking virtually the first American casualties of the war.

The War Department, in answer to pleas from many states the military heads be given permission to organize additional units of the National Guard, announced that organization must follow prescribed rules and consequently it cannot accede to these requests.

The Senate Tuesday passed the bill authorizing the Committee on Interstate Commerce to regulate use of railway cars during the war.

Following the announcement of the sinking of the Brazilian steamship Tijuca, by a German submarine off the French coast it was predicted Tuesday that Brazil would declare war on Germany.

President Braz sent a message to the Brazilian Congress recommending that the decree of neutrality in the war between the United States and Germany be revoked at once.

Two reports reached Portland, Me., Tuesday of a German submarine being sighted off the New England coast. Three fishermen arriving here early today stated that they had sighted a periscope off Sequin Island.

Thirteen persons, including Albert Kalschmidt, a wealthy business man of Detroit, Mich., were charged with bomb plots in an indictment returned Tuesday by a Federal grand jury here. Six of the persons indicted were arrested after the United States declared war on Germany.

Americans are being detained as prisoners of war by Germany, in Belgium and in Germany, it was announced Tuesday by the State Department.

Three Russian Naval Officers and a civilian representing the new Russian Government arrived in New York, Tuesday, on their way to Washington. They said they were on a special mission which they declined to discuss.

A train carrying the first unit of American engineers, members of United States Army Engineer Corps, arrived in London on Wednesday.

Simultaneously it became known that the second contingent of the American Hospital Corps had reached England and were received by King George at Buckingham Palace. Ambassador Page presented the Americans.

Marshal Joffre and former Premier Viviani arrived at Brest Wednesday on their return from the United States.

President Wilson served notice Wednesday on both Houses of Congress that despite the decisive rejection of the censorship section by the Senate and House Republican caucuses, he has decided to throw all his influence behind an effort to restore it to the Espionage Bill.

Officials of the War Department Wednesday pointed out the registration of 10,000,000 men on June 5 for the selective draft will be one of the greatest achievements in the history of the United States. Not alone from the tremendous amount of physical work which will be accomplished, but it will be the first time since the formation of the nation that all of the States and territories of the Union have co-operated with the Federal Government on work for the latter.

The red, white and green of Italy was raised everywhere over Washington, Wednesday beside the Stars and Stripes, the Union Jack and the tri-color of France, in honor of the arrival of the

Italian Commissioners to the United States.

Baron Beyens, the Belgian Foreign Minister, Wednesday received a telegram from Michael Tereschenko, the Russian Foreign Minister in which he greeted Belgium, and declared:

"Russia will continue to pursue this war not for the purpose of conquest or envy, but to assure all nations the right to shape their own affairs and to secure a peace guaranteeing against new attacks."

Members of President Wilson's food administration declared Wednesday that the American Woman can win the war for she can do the greatest "bit" in the program of food conservation, so that the United States may feed its Allies.

It was announced Wednesday that three more Norwegian merchant ships have been sunk by German submarines, bringing the relations between this country and Germany to the breaking point.

It was said that loss of life attended the destruction of the ships. The names of the vessels were not made known.

The Navy Department was advised Wednesday that a minor explosion occurred yesterday morning at the Norfolk Navy Yard in a casing of a five kilowatt turbine generator due to natural causes, without any serious damage, and that a small fire last night in a pile of rubbish in the yard was extinguished by a few buckets of water.

The War Revenue Bill, framed to bring into the Treasury \$1,800,000,000 through new taxation during the coming year, passed the House by a vote of 329 to 76 late Wednesday in almost the same form that it was presented by the Ways and Means Committee two weeks ago.

Emphatic disapproval of the peace propaganda of European Socialists was expressed Wednesday by the American Government which denied passports to American delegates to the Stockholm conference and issued a warning that any American taking part in the negotiations would be legally liable to heavy punishment.

The British transport Transylvania has been torpedoed and sunk by a German submarine with the loss of 413 lives.

News of the loss of this great ship was not announced until Thursday by the Admiral, although she was sent to the bottom on May 4.

A message from King Victor Emanuel of Italy was delivered by the Prince of Udine, his cousin, to President Wilson at the White House Thursday afternoon.

Foreign Minister Nilo Pecanha declared Thursday in the Council of Ministers, according to the newspapers, that it was not necessary for Brazil to declare war on Germany because she had been virtually forced into a state of war by circumstances.

America's first war funeral was conducted Thurs. in an undertaker's chapel on Broadway, New York, over the flag-draped caskets of Miss Edith Ayers and Miss Helen Wood, the Red Cross nurses killed by a shell aboard the Mongolia on their way to France.

WHEN HER BACK ACHES.

A Woman Finds All Her Energy and Ambition Slipping Away.

Emmitsburg women know how the aches and pains that often come when the kidneys fail make life a burden. Backache, hip pains, headaches, dizzy spells, distressing urinary troubles, are frequent indications of weak kidneys and should be checked in time. Doan's Kidney Pills are for the kidneys only. They attack kidney diseases by striking at the cause.

Can Emmitsburg sufferers desire stronger proof than this Hagerstown woman's word?

Mrs. Raymond Kline, 322 N. Locust St. Hagerstown, Md., says: "My back began to ache and that was the first I knew that my kidneys were disordered. The kidney secretions became unnatural and mornings I felt all tired out. Doan's Kidney Pills made me feel like a different woman."

Price 50c., at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Kline had. Foster-Milburn Co., Props., Buffalo, N. Y.

To Build Merchant Submarines.

Simon Lake, inventor of the Lake torpedo boat, and associates have formed a new \$10,000,000 company to construct the largest merchant submarines in the world. The submarines will be along the lines of the German merchant submarine, the Deutschland, and will have a carrying capacity of from 5,000 to 10,000 tons, this being far in excess of the cargo that could be carried by the Deutschland. The submarines will be 500 feet long.

Notwithstanding that the boats will be the largest of their kind ever built, the promoters of the new company declare they will be able to start them to Europe in five months after the receipt of an order.

Motters Vs. Thurmont.

On Thursday last Motters defeated the Thurmont High School nine by a score of 12 to 6. The game was hard fought till the eighth inning with Thurmont in the lead but in the ninth Motters scored eight runs with a shut out for Thurmont which decided the game. Knipple who pitched for Motters had 12 strike outs, and Freeze for Thurmont had 8.

Pale Faced Women Take Phosphates to Make Rosy Cheeks and Beautiful Forms.

Men need Phosphates to Make Strong, Healthy, Vigorous Bodies.

Athletes increase their strength, energy and endurance 200% or more by simply taking a few weeks treatment of Argo-Phosphate.

Atlanta, Ga. Dr. F. A. Jacobson says that Phosphates are just as essential to any man or woman who tires easily, is nervous, or irritable, worn out, or looks haggard and pale to make a strong, robust, vigorous healthy body, as they are to cotton to make it grow. The lack of Phosphate is the cause of all endemic conditions and the administration of 8-grain Argo-Phosphate tablets will increase the strength and endurance of weak, nervous, care worn men and women 300 per cent. in two or three weeks time in many instances, and their continued use will build up the whole nervous system, and give new life, vim, vigor and vitality to the whole body.

I always prescribe Argo-Phosphate to patients who are pale and colorless, and it is surprising to see how quickly a few weeks treatment will transform a pale face to a rosy cheeked beauty. There can be no rosy cheeked, healthy, beautiful women, without their system is sufficiently supplied with Phosphates. In recent interviews with physicians on the grave and serious consequences of a deficiency of Phosphates in the blood of American men and women, I have strongly emphasized the fact that doctors should prescribe more phosphates in the form of Argo-Phosphate for weak, worn out, haggard-looking men and women. When the skin is pale, and flesh flabby, it is a sign of anemia. When the phosphates go from the blood, the pink cheeks go too. The muscles

lack tone. They become nervous, irritable, despondent, melancholy, the brain fags, and the memory fails. Therefore if you wish to preserve your youthful vim, vigor and vitality, to a ripe old age, you must supply the deficiency of phosphates lacking in your food by using Argo-Phosphate, the form of Phosphates most easily assimilated.

NOTICE: Argo-Phosphate which is recommended and prescribed by physicians in all endemic cases is not a secret or patent medicine, but one that is sold and recommended by well known druggists everywhere, and physicians are daily subscribing the constituents contained in it. Being entirely unlike many other phosphates, it is easily assimilated and will be found effective in the treatment of indigestion and stomach troubles, as well as for care worn, nervous conditions. The manufacturers of Argo-Phosphate will forfeit to any charitable institution \$200.00 if they cannot treat any man or woman under 65 who lacks Phosphates, and increase their strength and endurance from 100 per cent. to 300 per cent. or more in one month's time, if they are free from organic trouble. It is dispensed by all reliable druggists. If your druggist will not supply you, send \$1.00 to the Argo Laboratories, 10 Forsyth St., Atlanta, Ga., and they will send you a two weeks treatment by return mail.

Marimba Music

First introduced and best recorded on

Columbia Records

The Columbia was the first talking machine company to offer Marimba music to the country's record buyers. In 1915 they made the contract with the Royal Marimba Band, Hurtado Brothers, the musical sensation of the Panama-Pacific International Exposition. Since then the feature of the New York Hippodrome show, the Blue and White Marimba Band, has also made a contract with the Columbia Company.

You will like this fascinating music of the native Guatemalan instrument. We'll gladly play over to you some of the numerous selections that have been recorded.

FREDERICK COUNTY.

Frederick is next to the largest of the counties of Maryland. In population and wealth it ranks next to Baltimore county. In the fertility and productiveness of its lands it ranks among the first in the Union, and especially in the production of wheat. The area of this great county is 633 square miles. The great body of the people are of German, English and Scotch-Irish descent, the progeny mostly of the early settlers. The land is mostly of fine limestone quality, and the greater part of the county is a valley of rolling lands lying between the Linganore Hills and the Catoctin Mountain. This splendid valley is drained by the Monocacy river, and is one of the best farmed and most highly improved and productive areas of the Union. The great crops are wheat and corn. *Maryland Manual issued by Board of Public Works.*

EMMITSBURG.

In all Western Maryland—the beauty spot and the garden spot of the State—there is no town more attractive than Emmitsburg.

No people are more wide-awake, more knowledgeable, more courteous to strangers than Emmitsburgians.

The location of Emmitsburg is ideal; the surrounding scenery is unmatched; the climate is notably healthful; its water—pure mountain spring water—cannot be surpassed. It is within easy access of Baltimore, Hagerstown, Frederick; eight miles from the National Battlefield at Gettysburg, near to the Mountain Resorts, and is surrounded by fertile farms and productive orchards.

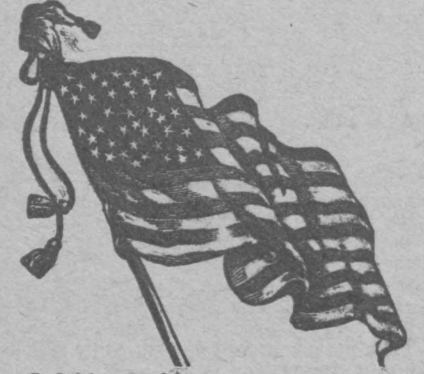

Mount Saint Mary's College and Ecclesiastical Seminary—with an enviable reputation extending over 106 years—is located here; St. Joseph's College and Academy for young ladies—equally as noted during its 107 years of splendid achievement—is also here.

There are excellent Schools—Public and Parochial—in Emmitsburg; two sound Banks, five Churches, a live Newspaper, modern Hotel accommodations, adequate Fire Department, progressive merchants, splendid physicians, good liveries, auto garages, many fraternal organizations, good railroad accommodations. There are four or five mails a day, telegraph, express and telephone service connecting all points; electric light and power, oiled streets.

There is business to be had in Emmitsburg; there are Factory Sites available. If you contemplate changing your place of residence—come to Emmitsburg, Frederick County, Md.

HERE'S TO OLD GLORY, GOD BLESS HER!

If anyone attempts to haul down the American flag, shoot him on the spot.—John A. Dix.

O folds of white and scarlet! O blue field with your silver stars! May fond eyes welcome you, willing feet follow you, strong hands defend you, warm hearts cherish you, and dying lips give you their blessing! Ours by inheritance, ours by allegiance, ours by affection—long may you float on the free winds of heaven, the emblem of liberty, the hope of the world!—Anon.

"PERSONAL LIBERTY."

This "personal liberty" business is beautiful in theory, very agreeable in oratory (to the listener) and a useful slogan in politics; but the "personal liberty" cry in a crisis is an attempt at the evasion of duty. As Uncle Jabez says, it's "selfishness gone mad." Here's the way he puts it:

"I'm fer Conscription, don'tcher see? 'Taint no sort o' use talkin' to me 'Bout my pers'nal liberty."

I say by servin' this way Ye'll learn the real truth 'bout liberty. Most ideas o' freedom Ain't nothin' but selfishness gone mad, Pratin' 'bout its everlastin' rights To do jes' wot's good fer itself.

Naw! I don't take no stock in "War-lords,"

But I do say ef ther's gotter be a war, It oughter be did the strongest way.

See here! Amer'ka tried an' tried to be at peace.

She's come down off'n her high horse, though.

She's gotter roll up her sleeves And wipe them 'subs' off'n the airth.

She don't do it in no mean spirit. She's made war ez good ez it kin be.

Pratin' 'bout its everlastin' rights Tho' she don't like war.

I guess ef Amer'ka kin do Wot she don't like ter do

'Cos o' them backward Frooshans, You kin give up pers'nal freedom To make sure her helpin' 'E'll be o' some use.

Yes sir, I say real liberty Is givin' up yer everlastin' rights

When yer country needs yer Even ef 'taint ter do jest accordin' Ter yer own notions.

Amer'ka's giv' up her notions 'Cos the starvin' nations needs her.

I guess you kin."

FREDERICK COUNTY DOING ITS PART.

In every war activity, movement or project, either requested or demanded by the Government or the State, Frederick county has figured prominently and efficiently. The instant the Governor called for the Military Enrollment it was begun, and in a thoroughly businesslike and accurate way and in a remarkably short time it was completed and sent to the proper authorities. The Red Cross work of Frederick county was taken up the moment the necessity and the request for it was made apparent. This work, so heartily and conscientiously begun by the women, is thoroughly organized in the various districts and is being prosecuted in a manner that reflects honor and great credit upon the feminine patriots of Western Maryland. In food preparedness, in census work, in the instilling of patriotism into the people—in fact in everything calling for unselfishness, perseverance, tact, application and the free giving of time and money the women, as is ever the case, have more than done their part.

Enlistments show that Frederick county is not behind. Every district nearly has representatives in one or the other branch of the Service, and in many instances her young men have volunteered, but have failed, through no fault of theirs, to be accepted. The clergy, the bankers, the professional and business men, the schools and the employees in all trades have loyally responded to every call. Frederick County is doing its part.

THE STREETS.

Inasmuch as we cannot have oiled streets this year we can certainly improve present conditions. Perhaps the most effective thing to do is to scrape the streets regularly after heavy rains, sweep them thoroughly, cart away the dirt and then sprinkle. Any reasonable appeal made to the people of Emmitsburg usually meets with an instant and wholehearted response. If the Burgess and Commissioners have the scraping and hauling done they will find everybody willing to do the rest.

Of course oil is preferable; its use means comfort, time saved and money well invested, but if we are to be denied this, the half loaf principle is better than nothing. Without some sort of regular attention to the streets throughout the summer the dust from tourists' cars alone will make life unbearable.

MEMORIAL DAY.

In recent years the patriotic spirit of soberminded citizens has been severely jarred by frivolity, merry-making and commercialized amusements that have nullified the meaning of Memorial Day.

This year as never before will the significance of the day be brought home to everyone. It will be a looking back in loving remembrance of those who fought and died that America might remain a nation; it will be a glance forward to the sacrifices that others may be called upon to make for the preservation of our national honor and existence. This year, in the shadow of the great events that impend, the memory of the past, the consecration of the duties of the present and the future should redeem Memorial Day to its noble and sacred purpose.

"ARE you one of those who blames the other fellow's troubles on bad management, and your own on bad luck?"—If you are, you are in the same class with the self-made man who pats himself on the back when he is successful and blames God for whatever reverses he may encounter. And by the way isn't it a wonder that some self-made men suffer so little remorse?

If you lend your money to the Government your money will get back into circulation. If you hoard it you will retard the plans of the power that is seeking to protect you, and you will increase your taxes. Take your share of the Liberty Loan and pay your taxes into your own pocket.

Just what the "Liberty Loan" is and means, and all the facts in connection with it will be found in another column. Read about it and, above all, buy a bond.

No, Samantha, raising hell is not included in the food preparedness programme. All the hot stuff needed may be derived from red peppers.

In all we read, in all we learn wherever we may go, the hero of the hour is the man behind the hoe.

HAVE at 'em, Hoover!

FACTS ABOUT LIBERTY LOAN.

Why "Liberty Loan?"

The \$5,000,000,000 bond issue of this year is named "The Liberty Loan of 1917" because it is to be a loan from a free people to be used in freeing the world.

It is the loan of a liberty-loving people to be devoted to the establishment of liberty in Europe and on the high seas.

It is the loan of the great democracy of the New World to redress the wrongs and support the cause of the democracy of the Old.

What Is a Liberty Loan Bond?

A Liberty Loan Bond is a solemn promise of the United States to pay at maturity the amount of the bond to the holder thereof, and to pay interest semi-annually each year from the date of the issuance of the bond until it is fully and finally paid.

What Is The Security For A Liberty Loan?

The faith and honor of the United States, backed by all of the resources of the Nation and the American people. A Liberty Loan Bond is a mortgage on all the resources and taxing powers of the Government and all of the resources of the American people.

What Is The Nature Of A Liberty Loan Bond?

There are two kinds of Liberty Loan Bonds. Bearer Bonds are to be issued in denominations of \$50, \$100, \$500, and \$1,000. These Bearer Bonds, which are made payable to bearer, have interest coupons attached which are detached by the holder when the interest installments they represent are due, and can be cashed at any bank the same as a United States Treasury note.

Registered bonds are to be issued, which are registered as to both principal and interest, in denominations of \$100, \$500, \$1,000, \$5,000, \$10,000, \$50,000, and \$100,000; checks for the amount of interest due will be mailed out semi-annually to the holders of these registered bonds.

What Are The Terms Of A Liberty Loan Bond?

Liberty Loan Bonds of the first issue of \$2,000,000,000 are to bear date of June 15, 1917, and to run for thirty years, except that the Government reserves the right to pay them fifteen years after date. If this right is not exercised by the Government fifteen years from date, the bonds will run the full thirty years.

These bonds bear interest at 3½ per cent per annum, and the interest is payable semi-annually on the fifteenth day of December and the fifteenth day of June in each year.

What Special Advantages Have These Liberty Loan Bonds?

One especial advantage no other bonds National, State, municipal, or corporate, have is that if the United States during the continuance of this war shall issue other bonds at a higher rate of interest, the holders of these Liberty bonds have the right to exchange their Liberty bonds bearing the higher rate of interest, dollar for dollar.

What Other Special Advantages Do These Bonds Possess?

They are nontaxable. If your city, county, and State taxes are three mills on the dollar, a not unusual tax, these bonds are equivalent to ordinary corporate bonds or other investments bearing 6½ per cent.

In addition, no Federal tax which war conditions may later make necessary will affect these bonds. The only tax these bonds are subject to is the inheritance tax, which applies to all property of all kinds whatsoever.

How Are Liberty Bonds Obtained?

Blank forms of application for the purchase of these bonds can be obtained from the Treasury Department, any Federal Reserve Bank, any National, State, or private bank, any express office, and any post office in the United States. Any bank or postmaster will aid applicant in filling out this blank and the other acts necessary to obtain these bonds.

If These Bonds Are So Desirable, Why Is It Necessary To Advertise Them Extensively?

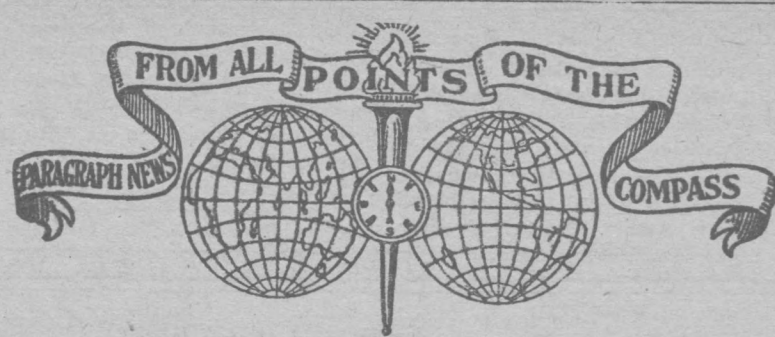

It is not necessary to advertise these bonds to sell the whole issue, but it is earnestly desired that this loan shall be a popular loan, a loan by and from the people at large of the United States, and not alone from banks, trust companies, and financiers. To that end bonds are to be issued of small denominations, and subscribers for small amounts are granted their full subscription.

Is It Patriotic To Purchase These Bonds?

Yes; every American who subscribes to the justice of the course of the United States in entering and conducting the war we are now engaged in should subscribe to the Liberty Loan Bond issue to the extent of his or her financial ability.

Every American who subscribes to the belief that an American should stand by his or her country should subscribe to the Liberty Loan Bond issue.

Every American who loves America and is jealous of America's honor should subscribe to the Liberty Loan Bond issue. The real success of the loan is to be more determined by the number of Americans participating in it than by the amount subscribed. The spirit of the Nation is going to be judged abroad especially by our enemies, more by the number of its American men and women who support this bond issue than by the mere amount of money subscribed.

ENTRANCE EXAMINATIONS

State Scholarships in Engineering Courses

ENTRANCE EXAMINATIONS for
the Department of Engineering, as well
as for the College of Arts and Sciences,
will be held by the College Entrance
Examination Board in the Academic
Building of the Johns Hopkins Univer-
sity, Homewood, Baltimore, June 18-23,
1917, beginning at 9 A. M. each day.

APPLICATION FOR SCHOLAR-
SHIPS IN THE DEPARTMENT OF
ENGINEERING, established under the
provisions of the Laws of Maryland,
Chapter 90, 1912, will now be received.
If there is more than one applicant for
a particular scholarship, a competitive
examination must be taken in the Aca-
demic Building, Homewood, on Septem-
ber 21, 1917, beginning at 9 A. M. Ap-
pointments will be made soon after.

Each Legislative District of Baltimore
City and each County of the State,
with the exception of Caroline, Somer-
set and Talbot Counties, will be entitled
to one or more scholarships for the
year 1917-18, in addition to those which
have already been assigned. In the
three counties mentioned above, all the
available scholarships have been award-
ed.

Under the provisions of the Act of
Assembly, the County and City Scholar-
ships in the Department of Engineer-
ing are awarded only to deserving stu-
dents whose financial circumstances are
such that they are unable to obtain an
education in Engineering unless free
tuition be granted to them. The scholar-
ships entitle the holders to free tuition,
free use of text books, and exemption
from all regular fees. The expense of
attendance for those who do not receive
scholarships is no greater than at any
other Maryland institutions.

Scholarships may be awarded to gradu-
ates of Loyola College, St. Johns Col-
lege, Washington College, Western
Maryland College, Maryland Agricul-
tural College, Mt. St. Mary's College,
Rock Hill College; and one scholarship
will be awarded "At large."

Applicants should address the Regis-
trar, The Johns Hopkins University,
for blank forms of application and for
further information as to examinations,
award of scholarships and courses of
instruction. adv. may 18-17

Was Shakespeare A Chauffeur?

Although in none of his plays does an
auto make its appearance on the stage
there are sufficient allusions to auto-
mobiling in the works of the great
writer to warrant the belief that W.
Shakespeare Esq., may have owned
and operated a "tin lizzy." Here are
some of the illusions, brought to notice
by the Monitor:

"I will remedy this gear ere long."—
Henry VI, part II.
"The dust hath blinded them."—
Henry VI, part II.

"I like the new tire."—Much Ado
About Nothing.
"As horns are odious they are neces-
sary."—As You Like it.

"I show thee the best springs."—
The Tempest.

"As one would set up a top."—Corio-
lanus.

"Marks upon his battered shield"—
Titus Andronicus.

"Had it been all the worth of his car."—
Cymbeline.

"And you, sir, for this chain arrested
me."—Comedy of Errors.

"Humbleness may drive unto a fine."—
Merchant of Venice.

"How quickly should you speed?"—
Hamlet.

"Our lamp is spent, it's out."—Ar-
tonty and Cleopatra.

"An't please you, deliver."—Corio-
lanus.

"I am out of the road of rutting."—
Pericles.

"I have Ford enough; I have my
belly full of Ford."—Merry Wives of

Tobacco Markets.

Export tobacco and that which is
used in this country for the manufac-
ture of plug, fine-cut, smoking and
cigarette tobacco and also snuff is mar-
keted, principally, at Lexington and
Louisville Kentucky, Danville and
Lynchburg, Virginia, Baltimore and
Wilson, Greenville and Winston-Salem,
North Carolina. The leading points of
collection for cigar tobacco are Hart-
ford, Conn., Lancaster, Pa., and Ed-
gerton, Wis.

The exports amount to 400,000,000
pounds yearly, and the imports to 60-
000,000 pounds; half of which is Cuban
leaf and half Turkish tobacco for cigar-
ettes. The same kind of tobacco that
was shipped to England from James-
town, Va., in 1612 is now being sold to
Great Britain.—The Nation's Business.

Former Ambassador To Live Here.

The former Imperial Russian Amba-
sador to the United States, George
Bakmeteff, will hereafter live in this
country. He is very well known and
very much liked in Washington where he
will reside. Bakmeteff served in the Rus-
sian Imperial Government for many years
and married an American woman, the
daughter of the late Commodore Beale,
a sister of Truxton Beale, and the late
Mrs. John R. McLean. Bakmeteff re-
signed from the diplomatic service of
Russia, being out of sympathy with the
new democracy.

Solomon On Preparedness.

King Solomon recommended town lot
gardening. He said: "Much food is
in the tillage of the poor." (Proverbs
xii:26) and he also remarked: "He that
tilleth his land shall be satisfied with
bread." (Proverbs xiii:11.)

Evidently there were food speculators
in Jerusalem in those days, for Solomon
further said: "He that withholdeth
corn the people shall curse him; but
blessing shall be upon the head of him
that selleth it." (Proverbs xi:26.)

"Saluting the Flag."

The majority of people do not know
what the "flag salute is"; here it is: "I
pledge allegiance to my flag and the repub-
lic for which it stands—One nation, in-
divisible, with liberty and justice for all."

Said a little girl to President Lincoln
"I only salute the flag in my heart." The
story goes that President Lincoln's re-
ply was: "Then place your right hand
on your heart and stand at attention."

LEG WEAKNESS IN YOUR CHICKENS

MAY BE PREVENTED BY FEEDING
LIBERAL SUPPLY OF GRANU-
LATED OR CRACKED BONE.

STRENGTHENS FRAME WORK

Feeding Of Bone Made Necessary By
Lack Of Plenty Of Mineral
Matter In Artificial
Feeds.

College Park, May 2.—At the begin-
ning of the growing season for poul-
try, Poultryman R. H. Waite of the
Maryland Agricultural Experiment
Station calls attention to the import-
ance of providing mineral matter in
the feed. He says:

"Young chicks grow very rapidly as
compared to some of the other larger
animals. They, therefore, require a
larger percentage of mineral matter
in their feed. Practically all feeds
contain a small amount of mineral
matter, and the slower growing ani-
mals can get enough from the ordinary
feeds because they do not require so
much in a given time.

"If chicks do not have enough min-
eral matter they seem to keep on
growing just the same. They try to
strengthen their bones by developing
other tissue, but when their flesh has
grown very far ahead of their bones
they are unable to stand up and leg
weakness results. It is a good deal
like trying to build a house without
using frame work. The chick has to
have a frame work of bones to sus-
tain the other parts of its body.

"Under natural conditions, bugs and
other insects furnish all the mineral
matter necessary, but where the
chicks are raised under artificial
conditions considerable attention should
be given to a supply of mineral mat-
ter, especially if the chicks are grown
rapidly.

"In some experiments conducted at
this experiment station a few years
ago it was found that a very small
proportion of granulated bone was
sufficient to keep chicks from develop-
ing leg weakness, while the chick
pens, which received no bone, went
to pieces very quickly. Granulated or
cracked dry bone is inexpensive, and
the chicks require a very small amount.
Therefore, I would advise keeping this
bone before them where they can help
themselves as they require it."

FEEDING YOUNG PIGS.

College Park, May 2.—In his instruc-
tion for the use of county demon-
stration agents in teaching boys' club mem-
bers how to raise pigs for breeding
purposes, Dr. S. S. Buckley of the
Maryland Agricultural Extension Ser-
vice says:

"The pigs which are selected at
weaning time for breeding animals re-
quire different feeding and manage-
ment practices, than do those which
are intended for meat purposes. It is
very important to clearly understand
the reason for this. Breeding animals
are intended to be kept for a number
of years—just as long as they remain
good breeders. Meat animals are in-
tended for slaughter, and the sooner
they can be gotten to suitable size
for butchering at the least cost, the
more profit there is in the work.
Again, breeding animals must be well
developed—strong bone and muscle—
and possess a great amount of vital-
ity—a strong constitution—an abun-
dant energy—if they are to be suc-
cessful as breeders. Meat animals
only need to have bone and muscle,
sufficient to carry the weight which
will be added. If their flesh is grown
quickly, the meat will be tender, moist
and of fine flavor—if the growth is
slow the meat is coarse, dry and of
poor flavor.

"The pigs must have plenty of range
in order to get exercise, fresh air and
sunshine. The kinds of feed to give
them will depend upon the kind of
pasture they are grazed upon. If pas-
tured on clover, alfalfa, beans, peas,
etc., they will not require so much feed,
such as meat meal, tankage, etc., with
the grain; but if not, they must have
these. The aim must be to produce
a steady, uniform and continuous
growth, with exercise to harden and
make the flesh firm. Fat producing
feed gives this appearance to pen pigs,
but the flesh is soft and largely fat.
Such pigs are not desirable breeding
animals.

"A grain ration to be used in con-
nection with good pasture for pigs up
to 75 pounds, may be made with:
Cornmeal 30 pounds
Wheat middlings..... 20 pounds
Tankage 10 pounds
"After this, feed whole corn and
allow about one pound each of tankage
and middling for every 10 pounds of
corn. Never allow breeding animals
to get very fat, and never allow them
to get very thin. Never breed gilts
before they are eight months old, and
not then, unless they are in good con-
dition."

Tomatoes. From the standpoint of
the orchard, the tomato makes an ex-
cellent companion orchard crop. It is
also a reliable money crop in this
State. It is set out comparatively
late, its cultivation is coincident with
that of the orchard and it is generally
out of the way in time for most of
the cover crops.

MEETING OF THE RED CROSS.

The Red Cross Service is not a service of Charity, it is a service of Mercy, and in this service knows no limitations.

At the regular meeting of the Auxiliary of the Red Cross held in the Public School Auditorium, on May 17, Miss Louise Sebold was appointed corresponding secretary, and Miss Gertrude Annan assistant treasurer. Mrs. Nunemaker was given charge of the knitting. This meeting was very largely attended and a pleasant innovation was the rendering of several patriotic numbers by a quartette of local talent—Mrs. Joseph Welty, Mrs. C. F. Rotering, Rev. Mr. Higbee and Mr. Galt.

MISCELLANEOUS SHOWER.

Friends of Mr. and Mrs. M. F. Shuff, Jr., very agreeably surprised the new bride and groom on Tuesday night by giving them a miscellaneous shower. Forty-five people were present and the gifts included silver, cut glass, hand embroidered linen, furniture and many pretty and practical pieces of aluminum ware. Refreshments were served and the evening was most enjoyed by all present.

The aggregate earnings of thirty-two railroads for the first week of May amounted to \$13,984,924, an increase of \$1,403,432 over the like period a year ago.

Miss Corine Gelwicks, who has been a patient at St. Agnes' Hospital in Baltimore has returned home much improved.

The following was received from a valued subscriber in New Orleans, La.: "I love the dear Chronicle because it is truthful and reliable."

A new ornamental sign of the Home Insurance Co., of New York has been placed at the side of the Emmitsburg Savings Bank.

The maximum temperature for this work was eighty-four degrees on Saturday and the minimum temperature was fifty-eight degrees on Thursday.

Mr. Victor E. Kowe was chosen by the Burgess and Commissioners for town constable for the coming year. He will assume his new duties tomorrow.

The teachers and many of the scholars of the Public school attended the Field Meet, in Frederick, on Friday. None of the scholars were entered however.

The registration officers for Frederick county, appointed by the Governor, are Sheriff William C. Roderick, Clerk Eli G. Haugh and Health Officer B. O. Thomas.

A fine large flag was raised on the Public School building, on Frederick street, on Monday morning following a patriotic demonstration given by the pupils of the school.

Mr. Arthur Stokes, son of Mr. and Mrs. J. Henry Stokes, who was formerly employed in Lancaster, Pa., has been promoted to a similar position in the Testing Department of the Westinghouse Electrical Company, of Pittsburgh, Pa.

The closing exercises of the Emmitsburg Public School will be held in the School Auditorium next Friday night, June 1, at 8 o'clock. The address will be delivered by Prof. Dailey, of Hood College, Frederick. The graduates are: Mae Rowe, Virginia Eyster, Sheridan Biggs and William Byers.

Six young men from Emmitsburg are now in the Service. The last to enlist were Messrs. Alexander Colliflower and Charles Sharrer but were rejected on account of physical disability. Frank Bouey and Quincy Topper have been accepted and are now on their way to the Southern Border.

The registration for the Selective Draft will be held at the regular polling places in Emmitsburg, Precinct 1, at P. D. Lawrence's house; Precinct 2, James A. Mullen's house. The registrars in Precinct 1, are Charles R. Hoke and William D. Colliflower, Precinct 2, James M. Kerrigan, James O. Harbaugh.

Mrs. J. P. Parrent, of Hopkinsville, Ky., announces the engagement of her daughter, Corinne, and Dr. Charles J. Reilly, formerly of Washington, D. C., but now of Beatrice, Neb. The wedding will be solemnized June 14 in Hopkinsville, Ky., and will be quietly celebrated on account of a recent bereavement in the Parrent family. Dr. Reilly is well known in this vicinity having spent many of his summer vacations here before his graduation.

Recruiting In Emmitsburg.

TUESDAY, MAY 29, 4 to 8 P. M.

On Tuesday, May 29, between the hours of 4 and 8 P. M., Recruiting officers will be in Emmitsburg.

Co. A. (Frederick County) needs 50 men. Those who enlist will remain in this Company throughout their term of service. Under the draft Emmitsburgians will be scattered.

Many will prefer to volunteer rather than be drafted. This opportunity will be offered on Tuesday, May 29.

"It is no reflection upon any man to be chosen under the draft," but it is reasonable for men to desire to serve with their friends.

Men from Emmitsburg who enlist on Tuesday will be with their HOME organization.

TUESDAY, MAY 29, 4 to 8 P. M.

FINKE—DUKEHART.

St. Joseph's Catholic Church was the scene of a charming wedding on Wednesday morning, May 23rd, at 7 o'clock when Miss Mazie Catherine Dukehart, daughter of Mrs. Mary A. Dukehart, became the bride of Mr. John Henry Finke, of Baltimore, Md.

The bridal party entered the church to the strains of Lohengrin—"Faithful and True," sung by a special choir, assisted by Mr. William Finke violinist, a brother of the groom. The altars were beautifully decorated with calla lilies, lilies of the valley, spirea and potted plants.

The bride wore a traveling suit of delft blue, leghorn hat and carried a bridal bouquet of Marchal Neil roses. The only ornament she wore was a diamond la valiere, the gift of the groom. Miss Leonette Finke, a sister of the groom was maid of honor. She wore a gown of grey georgette crepe with large picture, and carried pink roses. The groom and his best man, Mr. Edgar C. Dukehart, brother of the bride, wore suits of blue. The flower girl, little Miss Alice Kerrigan, wore white and carried a basket of lilies of the valley. The ushers were Messrs. Augustus Gassinger, F. Kavanaugh Baker, of Baltimore, John F. Brady, of Hanover, and J. Dwen Adelsberger, of Emmitsburg.

The ceremony was performed by Rev. J. O. Hayden, pastor of St. Joseph's Church assisted by Rev. James H. Neck, of Baltimore, and Rev. William H. Howard, of Hanover, Pa. Following the wedding a solemn nuptial Mass was celebrated.

At nine o'clock a breakfast was served at the home of the bride on Frederick street. The evening previous a large dinner was given at which about fifty guests were present. The house was abundantly decorated with spring blossoms, ferns and cut flowers. Candles were used profusely and formed a distinctive feature of the graceful table decorations.

In the afternoon, Mr. and Mrs. Finke left on a wedding tour to Philadelphia, New York and other cities. They will be at home after July 1, at 2778 Alameda Boulevard, Baltimore.

College Offers Plant to Government.

Recently the President and Council of Mount Saint Mary's College formally offered its entire equipment to the President for such uses as the Government might deem serviceable and expedient during the War. Official acknowledgement by the President of this gracious and very practical act of patriotism has been received by the College authorities, but up to the present time there has been no indication of what plans the Government may have in the matter.

Liberty Loan

3½ Per Cent. U. S. Government Bonds

It is believed that the small subscriptions of people of moderate means throughout the United States will be a large factor in the success of the Liberty Loan. There are many ways in which we can be of service to such people and thereby enable them to join in this patriotic service to their country. Therefore we urge the use of our organization in the filing of applications for Liberty Bonds and for making payments after the bonds have been allotted. Undoubtedly there are many people of limited means who would have no safe place in which to keep their bonds after they had paid for them, and to obviate this difficulty we gladly put the security of our own vault at their disposal, undertaking to collect the interest as it accrues on behalf of the owner. If there are those who hesitate to subscribe because the time for payments as required by the Government gives too little latitude, we are prepared to lend our assistance in this direction also, and earnestly urge you to seek our co-operation.

ODDS AND ENDS

All the streets and roads in Arizona will be cleaned by the club women of that state.

Port Elizabeth, the largest seaport of the east side of Cape Colony, is called the Liverpool of the Cape.

Mayor Smith, of Philadelphia, has issued a proclamation prohibiting the sale of fireworks in Philadelphia from now on.

The latest advice is not to char the ends of fence posts before setting them in the ground. The charcoal is said to hold water and thereby hasten rotting of the post.

Forest fires in the United have caused an average annual loss of seventy human lives and twenty-five to fifty million dollars' worth of timber. The indirect losses run close to half a billion a year.

A single issue of a New York Sunday paper is said to consume the timber from fifteen acres of forest. If Pennsylvania's State Forests were fully stocked, they could furnish enough pulpwood to keep forty Sundays papers going indefinitely.

Recruiting Officer Here Tuesday.

A crusade in the interest of recruiting will be launched next week in Frederick county. On Tuesday the recruiting officer will be in Emmitsburg to sign up volunteers for service in Company A. in Frederick.

ACROSS THE LINE

After a week's illness from lock jaw, the cause of which is not known, Daniel Wagner, a well known resident of New Oxford, died at his home at 5:40 a. m., Friday, aged 54 years and 23 days. Fire of unknown origin Wednesday evening destroyed a frame building on the property of W. A. Mullin, located at Mt. Holly Springs, and menaced the power plant of the Cumberland Railway Company. Through the efforts of firemen of the mountain town the blaze was confined to the one building which, however, was a total loss.

The desk of Representative Robert S. Spangler, York, the first member of the legislature to go to an officers' training camp, has been decorated with state and national flags by his colleagues.

Since the discovery of three cases of diphtheria in the York City Hospital, York, Saturday five more have been reported. The institution is now under quarantine and no patients, other than the most critical in condition, will be admitted until the authorities see fit. The outbreak of the disease has caused the postponement of the graduation exercises of the twenty-second class, which were to be held Tuesday.

Five thousand men are at work on the state highways of Pennsylvania putting them into shape for summer and fall traffic but the work is being more or less hampered by the scarcity of labor and the delays in delivery of road material.

B. F. Shriver and Co., who operate the canning establishment in Littlestown, have announced that they will pay \$17 a ton for sweet corn this year. They have already made arrangements for distribution of the seed corn.

Miss Mable Reilly, of Gettysburg, who is about to assume her duties as a Red Cross nurse, in Baltimore, has presented the Gettysburg Chapter, D. A. R., with a number of old relics, which include a ten-plate stove 125 years old, which belonged to her father, the late Barnabas Reilly.

On account of the appearance of several cases of typhoid fever, the East Berlin and State Boards of Health have requested the residents of that town to boil all of their drinking water.

The "war board," composed of Governor Brumbaugh, Lieutenant Governor McClain, Auditor General Snyder, State Treasurer Kephart and Adjutant General Stewart, designated by the legislature to supervise the expenditure of the \$2,000,000 preparedness fund appropriated by the house and senate, completed its organization Thursday.

Falling of a large stone in Hoffer's quarry, near Hummelstown, has revealed a large cave in which bones, believed to have been those of human beings, were found. Two names and the figures 1871 were found chiseled in the walls. It is believed the bones are those of a recluse who formerly lived in the surrounding hills.

Rev. Dr. Mahlon C. Horine, pastor of the Evangelical Lutheran church, Manos, Delaware county, Pa., was killed Wednesday, when he fell in front of the automobile of Dr. J. G. Thomas, of Manos. The funeral services were held in Gettysburg, Saturday with services in the College Lutheran church conducted by Dr. J. A. Singmaster. Interment in Evergreen cemetery.

The Seventh Regiment United States Infantry, now at El Paso, Texas, has been ordered to move at once to Gettysburg and will break camp in a few days. It is expected that they will arrive some time next week.

At the annual reunion of the One Hundred and Fifty-eighth Regiment, Pennsylvania Volunteer Infantry Association in Carlisle, Thursday, Alexander D. Morganthall, of Waynesboro, was elected president and J. P. Hoeft, also of Waynesboro, one of the vice-presidents.

After a brief illness from blood poisoning that developed from a carbuncle, Prof. W. H. Patrick, 60 years old, York, died Saturday evening. He was principal of the Patrick Business School and was formerly an instructor in the Bryant and Stratton School, Baltimore.

A TRIBUTE TO THE MEN OF 1861-65

THEY SUMMED UP AND PERFECTED BY ONE SUPREME ACT, THE HIGHEST VIRTUES OF MEN AND CITIZENS. FOR LOVE OF COUNTRY THEY ACCEPTED DEATH, AND THUS RESOLVED ALL DOUBTS AND MADE IMMORTAL THEIR PATRIOTISM AND THEIR VIRTUE. —

JAMES A. GARFIELD

A Pretty Memorial Day Custom

At the soldiers' homes in Washington and at Wilmington bands of little girls clad in white accompany the veterans to the burial places, and as each grave is reached a veteran stands at either side.

The child salutes, then kneels down and lays a bouquet upon the grave, the men standing at salute meanwhile. Rising, the little white clad girl again salutes, turns, and all march away to decorate the next grave.

This pleasing ceremony is also carried out at Battle Ground cemetery at Washington, two miles north of Soldiers' home.

This plot, the smallest national burying ground in the United States, covers just one acre of ground, but each Memorial day it is accorded as full and as beautiful ceremonies as are held at famous Arlington, across the river.

This brave little "eternal camping ground" contains the bodies of forty soldiers of the civil war, who fought and died in what is known as Early's raid, the one conflict of the civil war taking place within the confines of the District of Columbia.

The Union soldiers who fell in this conflict were interred close to the battlefield, where they now lie, the graves ranged in a circle around a natural mound, in whose center the stars and stripes fly from a tall flagstaff. On the lawn in front a granite monument tells the story of the conflict.

This God's acre gains its chief interest from the fact of its being the scene of the one battle of the civil war witnessed by President Lincoln.

Lincoln had driven out with his friend, Dr. Crawford, to Fort Stevens, close by the scene of action, to watch the course of events. The strife was in progress, and he climbed the rampart to look on.

His tall, spare figure was so conspicuous an object for the enemy's bullets that those about him begged him to descend. He would not, seeming to feel no fear and expressing sorrow for those engaged in the struggle.

The danger to the president was seen by his friends, and General Wright, who was in command of the fort, went up to him and said:

"Mr. President, I know that you are commander of the armies of the United States, but I am in command here, and as you are not safe where you are standing and as I am responsible for your personal safety, I order you to come down."

"Mr. Lincoln looked at me," said General Wright in telling of the incident later, "smiled and then, more in consideration of my earnestness than from inclination, stepped down and took position behind the parapet."—Boston Globe.

Cross of Flowers For Memorial Day. In Larned, Kan., a beautiful ceremony takes place each Memorial day in honor of the unknown dead who lie in the military portion in the cemetery of the town.

The remains of the men who lie here were brought from the old battlefields of the Indian wars, and their deeds are commemorated by a great rough hewn monument, which tells of their heroism of pioneer days.

A wooden cross pierced full of holes on all four sides is erected in front of the monument, and as the services proceed those who take part in the ceremony fill the holes with bouquets of flowers till at the close a great floral cross stands to tell of the prowess of those who sleep beneath it on the field of battle with earliest foes.

To The Devoted Dead

BEYOND a golden edge the skies
Are sapphire; drifted argosies
Bear April's showery pearls
away,

But leave—their rainbow tints sur-
passed—
On field and wold, the flowers of May;
Departing May; that in her arms
These infant blossoms of her charms,
The dearest gathers, and her last
Farewell bestowing comes to cast
Them on the mound of memory.

With martial step and roll of drums
What spectral host is this that comes
Between the gates that guard the dead?
Haste they to seek the willing bed?
Impatient is the grizzled head
Of daisied pillow? Say not so!
While yet their winter passeth slow
Here blooms perennial their spring,
And here the pledge of hope they
bring—
And love—that dieth not, bestow.

Ah, let the banners come and go
For old remembrance; dip them low
Above the dead that dared and died;
God knoweth who are justified.
About his work he moveth slow;
The roses fall, the roses blow.
He will not hasten, tho' we flood
The earth with our impatient blood,
Nor that avail of all we shed,
To paint one rose a deeper red.

Nor heeds the rose, if of the clay
Beneath the tint be blue or gray;
Nor love, while human 'tis to err,
Shall be truth's hard interpreter.
Plant nothing over me that keeps
My heart apart from him that sleeps
As faithful in his narrow bed
As I in mine shall; with the dead
The dead are reconciled—nor we
Dare break their hallowed amity.

Plant then the myrtle—blue and white
Its flower, as southern suns delight
To deep its tint—or northern snows
To blanch its color. Plant the rose
Both white and red, and for the stars
The periwinkle; fade the bars
Of separation; stripes as red
As the one blood their fathers shed.
Bring ye and bind the peace that saves
In unity these sacred graves.

The flag! Their sacred heritage,
Their children's children shall engage,
Their sponsors in a new baptism
For them to cherish. Let that christen
On their dead brows descend and bless
The ancient bond of faithfulness
With its renewal; so shall we
March onward to great destiny,
Nor one untoward memory stand
Between us in the motherland.

Memorial Day at Gettysburg. The ceremonies at the Gettysburg cemetery are especially impressive. The exercises of the day center at the rostrum, which stands on the spot where President Lincoln delivered his Gettysburg speech.
