#### SWISS CHALET

"A Little Bit of Switzerland in Maryland," is just about as expressive of the new Swiss Chalet as anything else I can think of. . . . It's a fine new dining and dancing establishment located just a short distance on the outskirts of town, very close to Mt. St. Mary's College. . . . Proprietors are Mr. and Mrs. Walter F. Muench, whom many of you will remember from the days when they had a tiny little restaurant in the Mondorff Hotel in town. . . . That must have been 20 years ago. . . . Since that time Mr. Muench has worked as head chef for many years for many of the largest hotels in the country, including Baltimore, Washington, New York and Harrisburg. . . . and has gained much experience and culinary knowledge. Walter is a native of Bern, Switzerland and he has the real inside dope on what a chalet should be like. . . . The Swiss Chalet is spacious enough to accommodate nearly 100 persons. . . . Its beautiful mahogany floors are an unusual feature. . . . Dining and dancing for young and old. . . . Delectable dinners, steaks, chops, seafood, sandwiches, oh just about anything. It's a very unique place. . . . Let me describe the chalet for you. . . .

It's a wooden structure of solid squared timbers, is simple in shape and has its structural parts, the floor beams, chimneys, dormer windows and brackets under the roof, all unobscured and emphasized for effect. The roof projects considerably in front and at the eaves, under which is a large balcony and staircase. Really it's very unique and the only dining establishment of its type in this part of the country. . . . Why not have your next birthday party or dinner out there and let the management do all the work? 'Sa good idea, what? \*

#### BOWLING 'EM OVER

There's big doin' up at the Recreation Center these days. . . . Sixteen local teams are at warfare each other. . . . Each one of them he'll be the champ before the season's over. . . . Course it's too soon to make any predictions yet, but there are some pretty good rollers in the group and the matches promise to be lively ones. They've all sorts of fancy names. . . . There's the Bald Head Row team, the Hod Carriers, Reddy Kilowatt, Diplomats, Juniors, the Cleaners, Mac's Barbers, Chronicle Press, Fairfield Shoes, Indian Trailers, Wildcats (sound vicious, don't they?) Troxell's Warehouse, East Enders. . . . Yes sir, if you want to see some mean curves (we're still speaking of bowlers, gentlemen) stop in at the Recreation Center and watch 'em feud with each other. . . .

Psst! Wouldn't it be funny if Mac's Barber team scalped the Indian Trailers instead of vice versa?

#### MAKES HEADLINES AGAIN

Toss Shorb wants to know who knocked the arrow off his neon sign. "T'was sheer spite work," wails Toss. . . . The Dog House had just closed and some jerk who was hungry and couldn't get into the place decided to be nasty about the whole thing so he deliberately knocked up and knocked the arrow down. . . . It was a dirty trick and Toss will see that the guy gets what he deserves when and if he catches him. Can any readers throw light on the subject?

#### OCCUPY NEW PROPERTIES

Mr. and Mrs. Donald Stoner moved last Wednesday from the home of Mrs. Frank Stoner to the home of Mr. and Mrs. C. C. Combs. Mr. and Mrs. Albert Maser moved last Thursday to the home of Mrs. Frank Stoner.

Mr. and Mrs. Richard Yeomans and family moved last Saturday to their newly-purchased home on DePaul St.

### ST. JOSEPH'S HIGH ATTENDS MISSION MEET

First Conference Of Unit Is Held In Hagerstown, Md.

The first monthly meeting of the Blue Ridge Conference of the Catholic Students Mission Crusade was held at St. Mary's High School in Hagerstown on October 7, 1948.

The meeting was opened with a prayer by Father Dausch, the moderator of the conference. This was followed by the pledge to the Flag, led by Robert Vidoni; and the Crusaders' Pledge, led by James Keller. The roll call was made with the following units present:

St. Joseph's College, Emmitsburg; St. John's High School, Frederick; St. John's High School, Westminster; St. Joseph's High School, Emmitsburg; and St. Mary's of Hagerstown. Due to a retreat, the unit of Mt. St. Mary's Seminary was absent. An address was made by Miss Beverly Ford, who acted as president pro tem.

The election of officers for the coming year was held with the following results: President, Miss Regina Bielein, St. Joseph's College; vice president, Guy Baker, St. Joseph's High School; recording secretary, Patsy Dunham, St. Mary's; corresponding secretary, Billie Hahn, St. Mary's; publicity secretary, George Greco, St. Joseph's High School; treasurer, Patricia Jasper, St. John's, Frederick; parliamentarian, Miss Rosita Bravo, St. Joseph's College.

Guy Baker, St. Joseph's High School, called to the attention of the president that the DePaul Unit was lacking a copy of the constitution and by-laws, and Father Dausch also requested a copy. The president recognized a speaker from the floor who wished to know when and where the November meeting was to be held. A representative of St. Joseph's High School offered the school as the next meeting place. It was decided by Father Dausch to be held on Thursday, Nov. 18.

As usual, a topic for discussion was chosen for the next meeting. The subject is "Why I Think Some Marriages Fail." Monsignor Vaeth sent his apology for being absent, and he hoped to be present at the next meeting. The meeting was adjourned with a prayer and the song "Call of the Missions." Benediction was held in St. Mary's Church and refreshments followed in the school cafeteria.

#### LETTER TO THE EDITOR

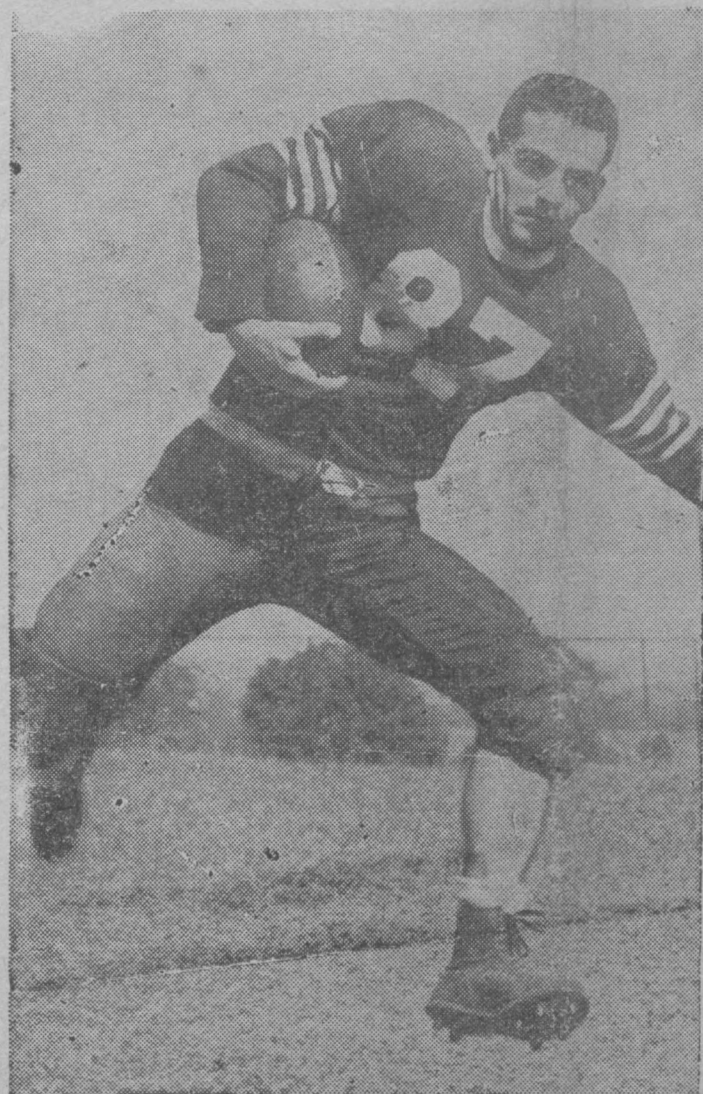

Editor the Chronicle: Any complaint to the burgess and commissioners that you, Mr. John Q. Public, might have sticking in your craw, please attend a meeting of the burgess and commissioners held in the town council chamber in Fireman's Hall each month and air your views. It is the earnest desire of the town fathers to have every taxpayer come before the board and state his or her complaint as suggestions and find out exactly what can or cannot be done. There seems to be some criticism as to a financial statement which is ordinarily published annually and to a number of other matters which are supposed to have been transacted in the dark insofar as the taxpayers are concerned.

This is an entirely mistaken idea. The truth of the matter is that the great number of complainants do not have the courage nor the time to attend the meetings of the Town Council and would prefer to air their grievances through the underground. Mr. Taxpayer, if you are not satisfied with the present administration, it is high time that you fully investigate from the proper authorities or remember the old saying, "Silence Is Golden."

#### A TAXPAYER

### MOUNTIES ALL SET FOR BATTLE AT SHIPPENSBURG COLLEGE SATURDAY

Mount St. Mary's Mountaineers, underwent a thorough shuffling as Coach John Law readied his men for Saturday's game with Shippensburg State Teachers College. Due to the injury to Freshman Marty Green, key man in the "T" attack, the Mounties will run this week from the single wing. Jim Leahy, who showed great promise and flashing speed in the St. Francis game will move into first team fullback. Gerry Cohee, injured against St. Francis, is expected to start at left half with Walt Belardinelli at right half. Bill Hanlon will probably replace the ailing Green at quarterback. On the forward line Tony Natale who was injured in scrimmage and out of the St. Francis game, will probably miss this one also.

It is expected that the Shippensburg eleven has too much power and experience for the under-manned Mountaineer squad. However, if the blocking in the line improves there is a strong possibility the Mountaineers will carry the Teachers right down to the wire.

With the absence of Green, the Blue and White attack will have to be handled mainly on the ground. Green's loss will also hurt the Saints in the kicking department. This week has been mainly devoted to scrimmages in an attempt to get the Mountie line performing effectively. Lack of blocking has ruined the locals' attack all year.

### TWO ARRESTED IN DEER SLAYING

Three deer were killed on the Frederick City watershed Tuesday, two by dogs and one perhaps shot. The latter resulted in the arrest of two men charged with having a dead deer in possession during the closed season and with carrying a loaded gun in their automobile.

It was while on patrol on the Step Creek Road that Deputy Game Warden Durward W. Kettells and Glenn D. Butts came upon the motionless automobile occupied by Leo B. Lewis, near Emmitsburg, and Sherman O. Lewis, near Graceham, about 1:30 p. m.

As the officers' car approached, the two Lewis men started and drove away. Due to the narrow road, the two game wardens were unable to pass and signalled the former to halt. They did.

While Deputy Kettells talked to the two men, Deputy Butts opened the trunk in the rear of the Lewis car and there found the dead deer with the hide removed, Deputy Kettells said. When questioned as to why they had stopped on the road, the officers were told the men were watching the dogs in the underbrush, the deputy added.

Having also found loaded guns in the car, the game officers then charged each Lewis with having a dead deer in possession during closed season and also with carrying a loaded gun in the car. Each was arrested, summoned and ordered to produce a total of \$125 each for a hearing in Thurmont.

Mr. and Mrs. Clarence Eyer and family, York, Pa., spent last Sunday at the home of Mrs. Flora Eyer.

Miss Martha Brown spent last Sunday with her parents, Mr. and Mrs. Clarence Brown, Lantz, Md.

### Women's Club And Grange Explain Rules For Entries

The annual Community Fair which is sponsored by the local Women's Club and the Emmitsburg Grange will be held in the Firemen's Hall, Emmitsburg, Friday and Saturday, Oct. 22 and 23. The show will be judged Friday afternoon and will be open to the public Friday evening from 6

#### LIONS CLUB HOLDS REGULAR MEETING

The Emmitsburg Lions Club held its regular meeting on Monday night in the Lutheran Parish Hall where they were served a delicious pork and sauerkraut dinner by the ladies of the parish. A movie by the Goodyear Rubber Company featuring the Arkansas Traveler, was shown. Several committees were appointed to make the arrangements for the annual Christmas celebration, sponsored by the Lions. The following are chairmen of these committees: John Hollinger, Christmas party; John Payne, Christmas tree; C. F. Troxell, lighting; Robert Daugherty is in charge of Ladies' Night to be held in the near future. Members voted whether to hold a card party or dance for the entertainment on Ladies' Night. The voting resulted in a draw, so the latter resulted in the arrest discussion.

Three guests and approximately 40 members attended the meeting. The guests were Dr. James Allison, Lumen Norris and Bernard J. Eckenrode. The local club members will be guests of the Union Bridge Lions on their next meeting, October 26.

#### BIRTHDAY PARTY GIVEN AT GELWICKS' RESIDENCE

A birthday party was given last Saturday afternoon at the home of Mr. and Mrs. Earle Gelwicks, DePaul St., on the sixth birthday anniversary of their daughter, Donalene.

The celebrant received gifts, and refreshments served to Mary Ann, Bobby and Johnny Gelwicks; Jean; Yvonne, Diana and Raymond Topper; Geraldine Little, John Balmer, Susan and Sonny Hubbard, Mrs. Harry Gelwicks, Mr. and Mrs. Charles Hubbard, Miss Ethel Jones and Helen and Mary Louise Hanns, Baltimore and Hagerstown. The Misses Hanns spent the week end at the Gelwicks' home.

Miss Julia Christie, a member of the faculty of St. Joseph's College, represented St. Joseph's at the installation of Gen. Eisenhower as president of Columbia University. The exercises were held Saturday until Tuesday.

#### HOLY NAME SOCIETY PLANS MINSTREL

The Holy Name Society of St. Joseph's Catholic Church received Communion Sunday morning in a body. Two members were received, Michael Boyle and Kenneth Van Brakle.

In the evening at 8 o'clock a meeting was held in the recreation room at St. Euphemia's School at which 35 members attended. Louis H. Stoner, president, presided. The Rev. Michael O'Brien, spiritual director of the Society, gave a talk. Reorganization of the Society took place. It was decided to hold a social for the Society the third Tuesday of each month when members may enjoy movies, cards and refreshments.

It was also decided to hold a minstrel show, the date for which will be announced in the near future.

#### SAW ACCIDENT PAINFULLY LACERATES YOUNG MAN

Robert Parker, Rocky Ridge, was painfully injured Saturday when his right hand somehow came into contact with a powered wood saw which he was operating. The thumb was nearly severed and there is a possibility of amputation of the index finger. The youth was attended by Dr. James R. Allison, Emmitsburg and taken to the Gettysburg Hospital for further medical attention.

to 10 and Saturday afternoon from 2 until 9:30.

Refreshments will be on sale. A door prize will be drawn Saturday evening.

There is a great deal of effort expended by the participants in sponsoring this annual event and it is hoped that the public will show its appreciation of this by attending this community show.

Following are the rules for the entrants:

No one will be allowed more than one exhibit in each class.

All fruits must be in clear glass jars, quart size, clearly marked. No entries will be accepted in green glass jar.

Peas, corn and lima beans must be in pint jars.

Fruit butters, jelly, preserves and marmalades must be in clear glass with metal lids.

Rolls, cookies, etc., 6 on a plate, and marked.

All exhibits should be clearly marked. Labels placed on lower edge of jar.

All exhibits must be made or grown by the exhibitor to be eligible for judging and prizes.

Antiques will not be judged, but are invited for display.

No article previously exhibited and awarded a premium will be accepted in competition.

Each exhibit of corn must have 10 ears, or best single ear of any kind.

Grain, clover seed, soy beans, etc., must be in 1/2 peck quantities.

No entrance fee will be charged, and all exhibits must be entered between the hours of 8:30 and 11:30 Friday morning at the Firemen's Hall.

The committee has announced that the State Fair Board will judge all exhibits and place the blue ribbons.

The committees who have been selected by the Women's Club and the Grange are as follows:

General chairmen—Mrs. Charles Sharrer and Mrs. Charles Linn.

Registrars in General Exhibits: Mrs. R. M. Zacharias, Miss Louise Sebald, and Miss G. Rowe.

## COUNTY VENEREAL DISEASE DRIVE IS ON

Because of the fact that there are more cases of syphilis reported from Maryland's 23 counties than chicken pox or measles, the State Health Department has launched a special county venereal disease drive.

Dr. Robert H. Riley, head of the department, pointed out that syphilis ranked first among all communicable diseases reported from the counties. Gonorrhea ranked second, and together they accounted for 37 per cent of the reported communicable ailments.

Tuberculosis finished with a "poor" third, and was followed by chicken pox, pneumonia, whooping cough and measles, in that order.

Dr. Riley, in announcing the campaign, said:

"Modern medicine can now treat most cases of syphilis in less than a week; gonorrhea with just one injection of penicillin.

"But, besides these medical weapons, we must have a fully informed and aware public if venereal disease is to be controlled and eventually eradicated."

A large part of the campaign will be to break the link of infection by locating VD victims, tracing all persons known to have been in contact with them, and bringing the "contacts" into clinics for examination.

Dr. Riley said all county health clinics are being supplied a new type of penicillin, which makes possible a five-day treatment for syphilis, without hospitalization.

Before penicillin was developed, the normal treatment took 18 months and involved a long series of painful injections.

Dr. Riley's announcement said the greatest VD incidence is "found among the poorly educated and less cultured groups in our population—and this includes the economically underprivileged and persons of emotional instability."

"It is no coincidence," the announcement added, "that narcotic addiction, jail sentences or alcoholism often go hand in hand with venereal disease."

"Community institutions, such as churches, schools, clubs, therefore, are making a vital contribution to the prevention of venereal disease by their leadership and guidance."

"Treatment and education are within the scope of public health work."

"Prevention is a general community problem."

## CORE SYSTEM EXPLAINED AT PTA MEETING

In spite of the bad weather, approximately 75 patrons and teachers were present for the second P-T-A meeting. It was called to order by the President D. L. Beegle at 8:30.

Miss Mildred Trevett was pianist and led the group in singing "America" and a number of popular songs. Rev. Philip Bower offered the invocation. The speaker was Mr. Duval W. Sweadner, supervisor of county high schools. Mr. Sweadner explained to the patrons the core system. He said that core means—collection, organization, relation and evaluation of study material. Two other points were also stressed by the speaker. He preferred to call it "general education" rather than core, and that two of the main purposes were to provide both a terminal point in the school educational system and also an easier transition from elementary grades to the senior high school. Mr. Sweadner presented and briefly explained the 7th, 8th and 9th grade core material studied in the classes of our county schools. In the 8th grade, Maryland, America in Miniature, Latin America and Canada—Our Neighbors—is studied and from this material the teacher instructs the children of the class in English, Spelling, Literature, Art, Government, History, Geography, Grammar and Reading. The 7th grade core covers Biology and Science in general and Conservation.

The 9th grade core deals with "Living in a People's World" relationships.

Questions were asked and brief answers of definite points were given by a number of patrons.

## TB PATIENT WISE IN FOLLOWING ADVICE

Acute diseases have a relatively brief onset, are accompanied by pronounced symptoms and cause almost immediate disposition. These diseases usually run their course in a short time, resulting in recovery or death, depending upon the severity of the disease and the promptness and adequacy of treatment.

In contrast are chronic diseases which frequently have a slow onset, without readily identifiable symptoms and without causing immediate indisposition. Pulmonary tuberculosis is a disease of the latter type. Its symptoms may not become apparent until weeks or even months after the lung has become diseased and the individual may not be aware of his illness until the disease has progressed—unless he has formed the excellent habit of having his chest X-rayed at regular intervals. Since the X-ray can "see" tuberculosis before a person knows he is ill, even apparently healthy people should have chest X-rays at least once a year.

Just as the onset of this chronic disease is slow, so is recovery. One of the first lessons the tuberculous patient must learn is patience. He will in all probability be advised to enter a sanatorium or tuberculosis hospital because there he can best obtain the rest, under medical supervision, which is so essential in the treatment of tuberculosis.

As the patient responds to treatment and feels better, he may think he can go home. However, he should not consider leaving the sanatorium until the doctor tells him it is perfectly safe for him to do so. The patient must remember that the doctor is better informed of his progress than the patient himself and will advise him as soon as he can leave the hospital without jeopardizing his health.

TB patients who leave the sanatorium against medical advice are running a two-fold danger. Their disease is apt to grow worse and another period of hospitalization will be required which may be longer than the original period. Furthermore, the disease may still be in a communicable stage and the patient, in returning home, may endanger the health of his family and friends.

### Something To Think About

Several citizens have approached us with the question of why Emmitsburg doesn't have a "Homecoming Week." Sometime in the not too distant future? To me it sounds like a mighty fine idea . . . It's been many years since Emmitsburg had a "Homecoming Week." . . . It would have to be sponsored by some worthy group—perhaps, the Lions Club—or maybe the merchants themselves could form a committee. The Burgess and Commissioners, I'm quite sure, would assist in any measure they could. Really, readers, this is good food for thought . . . Think it over and let us hear your views in the matter. A "Homecoming Week" is a wonderful medium for bringing Emmitsburg alumni from all over the states back here to visit with friends and renew old acquaintances. It offers all kinds of advantages—Socially, spiritually, financially and other ways.

Personally, I don't believe that the coming season would be a fitting time for this reunion. Winter with its snowstorms and blizzards tend to make traveling conditions anything but pleasant. But how about next Spring—or better still, early Summer when folks get their vacations and are in just the right mood for going visiting . . . Think it over and let's hear from you . . . If you're thinking that it's kind of early for making plans you're dead wrong because a "Homecoming Week" is a big event, one which takes lots and lots of careful planning.

### It's All Over But the Shouting

The World Series is already ancient history to us, but to Cleveland residents it was almost the same as V-J Day . . . The whole city is still slightly hysterical with pride and joy over their beloved Indians wrestling the Series from the Boston Braves . . . Funny how all the other teams were eliminated and left the two Indian tribes to wage war on each other . . . No wonder Cleveland puts the victory on a par with V-J Day. After all, weren't their own Indians on the war path with the Boston Braves? Yes sir, their own private little war and they really scalped the heap big Braves who weren't quite big enough to eke out a victory in the massacre.

The vice president, Sherman Sites, presided at the regular meeting of the Fairfield Community fire company held Wednesday evening in the fire hall. Routine business was transacted and reports were given by delegates.

Regardless of how well a TB patient may seem, both he and his family should realize that the safest course for all concerned is for him to remain in the hospital until he receives his medical discharge.

## GLENN C. BREAM ANNOUNCES DATE OF FORMAL OPENING

Glenn "Chrysler" Bream, of Gettysburg, proudly announces the formal opening of the Gettysburg Motors, used car mart and used parts quonset building, located on 6th and York Sts., Gettysburg, Pa. this Saturday.

Mr. Bream is opening his well-equipped new establishment to the public for a general inspection and all are cordially invited to attend.

A big surprise is in store for all who attend the gala event. Ten color prizes go to the lucky winners, and in addition to this, Mr. Bream offers a varied program of entertainment throughout the afternoon. Several prominent business men are to speak, among whom will be the Burgess of Gettysburg and the president of the Gettysburg Chamber of Commerce. In Mr. Bream's advertisement on page five of Emmitsburg Chronicle you will find the complete program for the day's entertainment. Remember, everyone is welcome to attend. Don't miss this event, says Mr. Bream, and extends a welcome to everyone.

## Maryland Home Front

A corn loan rate of \$1.59 per bushel was held out this week for Maryland farmers who are currently being offered prices averaging about \$1 per bushel for their corn. Joseph H. Blandford, chairman of the State PMA Committee explained that the rate has just been announced and that the crop may be put under loan immediately instead of waiting until the December 1 deadline observed in previous years.

Full details of the loan program may be obtained from the local Triple-A office in each county. Farmers taking advantage of the program arrange for approved storage of the corn and receive the loan which runs until Sept. 1, 1949. If the farmer needs the corn for feed or has an opportunity to sell at a higher price, he may repay the loan and take the corn.

Another program also available to Maryland farmers is the "purchase agreement." Under this arrangement, the government agrees to buy the farmer's corn next September at the appropriate support price for the grade he has to sell. This allows the farmer to hold his corn until he decides to feed it, sell at a higher price, or turn it over to the government. The difference in the two plans is that under the loan program, the farmer gets the cash for his crop immediately but still retains title to the corn. Under the purchase agreement the farmer keeps the corn but has a guarantee of a "floor" price if he maintains the quality of the grain in storage.

The 1948 loan and purchase rates are based upon 90 per cent of the parity price of corn as of Oct. 1, 1948, as required by the controlling legislation. Parity for that date was \$1.60 per bushel as a national average, as contrasted with \$1.53 (revised) at the same time last year. In contrast, the national average of local market prices received by farmers on Sept. 15, 1948, was \$1.78 per bushel, compared to \$2.40 on that date last year.

Mr. Blandford explains, however, that a considerable amount of corn in Maryland moves off farms at prices lower than the national average because farmers do not have storage and grain handling facilities. For this reason, he said, the loan program has proved more popular.

Election time — Triple-A committeemen election, that is — is rolling around again according to Joseph H. Blandford, State Chairman of the Production and Marketing Administration in Maryland. He reports that nominating committees have been appointed in most counties and that ballots will be mailed to farmers in the near future.

"We are continuing the mail voting this year after it proved so successful last year," he explains. "Approximately 30 per cent of eligible farmers voted in the mail balloting which selected the 1948 community committeemen. This was a much greater participation than in previous years and we hope it will be increased this year."

The State Chairman defined "eligible farmers" as any one who is eligible to take part in any program administered by the local Triple-A committee. These include programs such as price support on corn, wheat, barley, oats, rye, soybeans, sweet potatoes and Irish potatoes; the Conservation Practices Program and Crop Insurance.

"We cannot stress too much the importance of farmers taking an active interest in these elections," Blandford declared. "The farmer elected committeemen have done and are doing an effective job in the administration of soil improvement, price support and action programs. These com-

munity committeemen have played an important part in the remarkable corn production achieved this year when the nation's farmers came through with a record breaking crop on the smallest acreage in the last 50 years. The price support programs have, in the interest of both producers and consumers, encouraged farmers to produce the huge quantities of agricultural products, including foods, fibers, fats and oils, needed to meet the demands of our increasing population, our expanding industry, increased purchasing power and huge export shipments."

"This is no time for farmers to let go of the steering wheel of farm programs by failing to participate in these elections."

### GAS TAX SHOULD BUILD SOUND ROAD SYSTEM

An intensive effort to point out the fact that the Maryland motorist pays a 38 per cent sales tax on the retail price of gasoline will be made by service station operators and other oil men of this state.

This announcement came from W. R. Whitmarsh, chairman of the Maryland Petroleum Industries Committee.

"Our committee has always worked for equitable tax treatment of our customers. We feel that we can best accomplish these objectives in impressing on our customers that they pay a tax of 6 1/2 cents—representing 38 per cent of the retail price—on every gallon of gasoline they buy. The 6 1/2 cents tax per gallon consists of a 5-cent state tax plus a 1 1/2 cent Federal tax," he explained.

"Under our democratic form of government, it is almost axiomatic that if the people are thoroughly familiar with the taxes they pay, those taxes will be fair and reasonable. Similarly, if the motorists of Maryland will realize that they pay a heavy tax on gasoline, they will take measures to keep the gasoline tax burden within reasonable bounds," he declared.

Mr. Whitmarsh cited figures which showed that during 1947 motor vehicle owners in the United States paid \$1,623,147,782 in gasoline taxes. This, he said, amounts to about \$1.60 for every minute of time that has elapsed during the Christian era. "It is easy to see," he continued, "why the motorist is so frequently called the most heavily taxed of all citizens."

"It behooves every motorist to keep alert to see not only that the tax on gasoline is imposed at a rate that is reasonable, but also that its revenue is spent prudently for road development. We must never lose sight of the fact that any tax on gasoline can be justified only if the money it produces is used efficiently to build a sound road system," he said.

### YOUTH BITTEN BY DOG

Arthur S. Elder, young son of Editor and Mrs. C. A. Elder, this place, was painfully bitten in the upper lip Saturday, while playing with a pet dog in the home of Mrs. Elder's mother in Thurmont. Six stitches were required to close the gash made by the dog's teeth. Artie is now doing fine.

### COUNTY COMMISSIONERS SANCTION HIGH SCHOOL BIDDING

Frederick County Commissioners early this week gave the "go ahead" signal for long-standing proposed improvements at the Thurmont High School.

The action of the commissioners was taken at a conference with Superintendent of Schools Eugene W. Pruitt and George C. Rhoderick, Jr., and Charles S. Lane, III, members of the Board of Education.

A meeting of the school board is expected to be called shortly when a contract for the additions to the school will be awarded to the low bidder, Norman E. Early and Sons, of Hagerstown, at a price of around \$364,000. The board has been ready to authorize the work as soon as the commissioners approved.

The commissioners issued the following statement:

"After serious consideration, the Board of County Commissioners has finally agreed to sanction the letting of a contract for the proposed addition to the Thurmont school building.

"This proposition has been postponed for some time because the county commissioners feel that the cost of such an undertaking at present day prices is beyond all reason. We had hoped that it would not become necessary to undertake any new construction until there is some downward adjustment in prices, which we still feel is not too far distant.

"However, this need (for the school additions) has been so urgently presented by both the people of Thurmont and the school board that the county commissioners are convinced it would be unwise to further delay in this matter.

"The county commissioners are fully aware of the fact that a serious overcrowded condition exists at Thurmont and this condition will be further aggravated by reason of the 12-year program, which means there will be no graduating class in 1949.

"In view of these circumstances, the county commissioners feel that they have no alternative but to sanction the contract."

It is known that the board is hopeful sufficient funds will be available to pay for the Thurmont additions without borrowing.

### DRUNKEN DRIVER NABBED

Arrested about four miles west of alternate Route 40 about 12:40 a. m., Monday, Clarence R. Early, Thurmont, Route 1, was found guilty of operating a motor vehicle while under the influence of liquor by Magistrate Alton Y. Bennett in Frederick Peoples Court, and paid a fine and costs of \$100.45.

The fire apparently started from a chimney and seemed to center in a clothes closet in a bedroom. Firemen reported that the heat was so intense that furniture and bed clothing in the room took fire. The blaze was stubborn and had to be fought from the windows, the firemen following the ventilation to get to the source. Smoke caused some damage throughout the entire house.

The fire was discovered by Mrs. Rice, who was making pies at the time. The loss was estimated to be around \$750. It is understood that some insurance was carried.

Mr. and Mrs. Joseph Eyer and son, Joseph, spent last week in Lexington Kentucky, where Mr. Eyer was racing some of his stable of race horses.

Miss Bessie A. Martin, Washington, D. C., is visiting at the home of Mr. and Mrs. George J. Trexler.

Mrs. Eugene Gleney and daughter, Margaret Ann, are spending some time here with Mrs. Gleney's parents, Mr. and Mrs. H. T. Lawrence.

Mrs. Lottie Munshour and son, Lee, have returned to their home on East Main Street after spending several days in Buffalo, New York, with Mrs. Munshour's son-in-law and daughter, Mr. and Mrs. Oleg Leichter.

MOUNT LOSES TO ST. FRANCIS, 14-0

Mt. St. Mary's College was unsuccessful last Sunday in its quest for its first touchdown since pre-war days, losing to St. Francis College at Loretto, Pa., by a 14-0 score.

The Mountaineers were riddled by player injuries and bad breaks but still showed some stellar individual work in losing.

Capt. Jerry Cohee suffered a short-period concussion which took him off the field unconscious. Ordered to remain quiet until his head could be X-rayed, he grabbed a helmet and went onto the field to bring off another injured player. An official put him in the game before the field physician could enter a protest. One play and he was withdrawn for medical examination.

Capt. Cohee was the first key man to be injured. Later, Marty Green, second string quarterback, had to hobble through half the game with a sprained ankle, called signals in place of the regular Mount player who had been called home for death of a relative.

St. Francis scored two touchdowns by taking to the air. The first came after a 40-yard run was set up when a Mount flat pass was intercepted. Smart quarterbacking resulted in St. Francis' second touchdown.

When the Mountaineer line out-charged the boys from Loretto, the signal-caller ordered his forward wall to let them through, then chucked a screen pass to set up the payoff.

Belardinelli travels like a deer and while Cohee was in the game, alternated successfully with the team captain in flanking the ends.

Jack Kerns, tackle, who showed himself the best lineman in the game, was lost to the squad in the second quarter when he got into an altercation with the referee over a free ball. It seemed

MRS. WILLIAM STEELY

Mrs. Cora Eille Steely, widow of William Steely and formerly of Taneytown vicinity, died in the ending hospital Sunday evening. She was born in Silver Run, a daughter of the late Jonas and Susan Legore, and was 72 years of age. She left Carroll county about six years ago. Surviving are her son, Harry, of Reading; a nephew, Leon Steely and step-daughter, Mrs. William Iblings, both of Robeson, Pa.; also two brothers, Charles Legore, Minnesota and T. C. Legore, Taneytown. She was a member of Trinity Lutheran Church of Taneytown, and also formerly belonged to the ladies' aid and other church organizations. Funeral was held in Taneytown and interment made in Taneytown Lutheran Cemetery.

SHOE COMPANY HOLDS DINNER PARTY AT CHALET

The Social Club of the Emmitsburg Shoe Company held a dinner party for its members at the Swiss Chalet Dining Room, located on the Frederick Road, last evening at 7:30. A delicious turkey dinner was served to the 55 guests who attended the affair.

The officers of the club who were in charge of the party were: President, Nelson Bell; secretary, Thelma Cool; treasurer, Doris Stouter.

COW KILLED BY AUTO ON FAIRFIELD ROAD

An auto driven by Ray Unger, Gettysburg Rt. 3, struck and killed a cow on the Fairfield Rd. a mile east of Fairfield, Pa., at 6:45 Tuesday evening. State police of the Gettysburg sub-station, who investigated the accident, reported.

Unger was driving toward Fairfield, according to police. The cow was killed instantly. Damage to Unger's car was estimated at \$300. The driver was not injured.

That Mt. St. Mary's never recovered from the banishment of Kern from the game.

CORE SYSTEM EXPLAINED AT PTA MEETING

(Continued from Page 2)

The treasurer, Mrs. Glen Springer, reported \$182.

The program committee appointed for Nov. 9 was: Samuel Hayes, Mrs. A. P. Jones, Mrs. John Fuss and Mr. Carter Linger. A very enjoyable part of the program was several vocal selections by Miss Helen Martin accompanied by Miss Trevett.

An important item of business was changing the meeting night from the second Wednesday to the second Tuesday of each month.

Delicious refreshments were served after the meeting.

NEW WINDSOR FARMER KILLED BY TREE LIMB

Wilmer B. Myers, 43-year-old farmer of near New Windsor, was instantly killed last Saturday morning about 9:15 when he was struck by a large limb which had broken off a tree.

According to Donald Lescalect, who was working with Myers when the accident occurred, they were engaged in chopping down a tree on the Myers' farm. As the tree was falling to the ground a large limb near the top broke off and fell, striking Myers across the back.
