TREES

Emmitsburg's new street lighting system went into operation last week, and undoubtedly will improve conditions in the town. However, there is one item which is defeating the purpose of these modern lights . . . trees . . . Although these new lamps are alleged to throw several times more lumens than the old, out-moded ones, their intensity is largely diminished by these trees . . . We know that it would be useless to ask for the removal of these light smotherers, but we would suggest that the powers that be, the light utility, the Town Officials or the individuals who own or are responsible for the trees take some time to correct the trouble. We wonder just how beautiful the main thoroughfares would appear if the antiquated giants, which serve no useful purpose, were removed? . . . Yes, we are aware of the fact that many of these trees are endeared to certain parties; they represent deeds, history, remembrances and religion; however, antiquity has to give way to youth, uselessness to usefulness, etc. We are not asking for outright removal of the trees, but for heaven's sake, can't they be pruned without marring or detracting from their sacredness?

Modern towns realize the importance of appropriate trees, but instead of planting troublesome giants, you see neat rows of small maples or other types, so planted that they represent a perfect straight line, and do not in any way obstruct the lighting system (which, incidentally, costs us around \$2,000 bucks per year), or draw lightning or clog rain spouts . . . Well that does it. I know I have created a tempest by disturbing the immunity of these certain landmarks, but at least I got my two cents worth in first . . . You take it from here!

GATHERING PATRONAGE

Funny, how a baseball (winning team) club gathers followers as it continues to win. At least 100 local fans trekked to Thurmont Sunday to see the locals lambast the daylighters out of 'em. Last year at this time Emmitsburg couldn't draw enough fans to pay the ump's for their services—in their own park . . . The boys have been playing very creditable baseball so far this season, and the brilliant coaching by John Law has immeasurably helped them attain the high standing they realize in the league today. The game Sunday was just like old times, with Thurmont fighting 'til the last man was out, but they just didn't have "it." During the contest a group of local choristers rendered its version of "Two Blind Mice"—a serenade to the ump's . . . From our humble opinion, we concur with their sentiments . . . Perhaps the Lions Club Sight Conservation Committee should offer its services to the umpires' association. Anyway, to show the Thurmonters were good sports, Manager Bob Brown offered the services of his fine organization to the Community Fund, if and when it decides to stage a benefit game within the next few weeks . . . They will play without salary, for you and me . . . My hat's off to you Bob, and your fine aggregation . . . Many thanks!

BLS Lions

Sponsor Movie

The Blue Ridge Summit Lions Club announced this week the sponsoring of a feature show at the grand opening of the Camp Ritchie Theater, Sunday.

Judy Garland and Van Johnson will star in the first feature, "In the Good Old Summer Time." Show time starts at 7 p. m. and the second show begins at 8:30 p. m.

Emmitsburg Plays To Tie

Emmitsburg battled Littlestown last night to a 7-inning 0-0 tie. "Bud" Warthen allowed the visitors only one hit.

LOCALS WIN TWO GAMES THIS WEEK

Record Throng Expected For Sunday's Game With Taneytown

Emmitsburg remained very much in the running for top honors in the Pen-Mar Baseball League by defeating Thurmont last Sunday by a 9-2 score.

The locals backed up Southpaw Vinny Topper, who held his opponents to four scattered hits, while his mates garnered 13 off two Thurmont pitchers.

Emmitsburg scored one in the first, two in the second, then added two more each in the fourth, fifth and seventh frames. Benjamin and Fox did mound duty for Thurmont. McMahon, catching for Emmitsburg, walked a four-bagger, triple and a single to snare the batting honors Sunday.

McLaughlin Hurls Three-Hitter

Emmitsburg moved into third place Tuesday night by defeating Westminster, 6-3, in a five inning contest.

The victory was the third for the local team in four league starts and put them within half a game of the league lead. McSherrystown and Blue Ridge Summit are tied for first.

Wayne McLaughlin kept his stellar pace and allowed Westminster only three hits. Jack Burbrick hit a home run for Emmitsburg.

Business Agent Norman Flax announced the following additions to the Booster Club: William Rowe, Roger Liquor Store, Wormley Radio Service, Emmitsburg Recreation Center, Miller's Service Station, Myers Liquor Store, East End Garage, Palm Lunch, Roy Bollinger, Tract Inn, and Dr. Beegle and a Loyal Fan.

Taneytown Here Sunday

A record turnout is expected to witness this Sunday's contest with Taneytown at Community Field, beginning at 2:30. Bernard H. Boyle, president of the local baseball club, announced that again he will donate five dollars, to be drawn for during the game, and every home game this year.

Memorial Day, Emmitsburg will engage the Littlestown aggregation in a night contest, beginning at 8:30 p. m. in Littlestown.

Other Sunday games find Blue Ridge Summit at Littlestown; McSherrystown at Hanover, and Thurmont at Westminster.

Pen-Mar League

STANDING OF THE CLUBS

	W.	L.	Pct.

Westminster	0	5	.000

EHS Students

Fare Well

At Track Meet

Emmitsburg High School was well represented among the victorious at the annual Frederick County field meet held Tuesday in Frederick.

Carrie Hahn was perhaps the most outstanding luminary of the local contingent at the meet. Miss Hahn set a new record last year for the 50-yard dash and Tuesday created a new record by bettering that of last year's.

Participants, classifications and place finished are as follows: Standing broad jump, Fred Grimes placed second; running high jump, Richard Frock tied for second; running broad jump, Bill Woolpert placed second; 60-yard dash, Richard Stambaugh, second; 70-yard dash, Robert Wivell finished second; girls' 50-yard dash, Mary Ridenour, first; Shirley Troxell, tied for second, and Lois Keilholtz, tied for fourth; volley ball throw, Evelyn Mentzer, tied for fourth; broad jump, Paul McNair, placed third, and volley ball throw, Shirley Jones, placed first.

In the girls' 50-yard dash with Miss Hahn, Anita Weant tied for third place.

Miss Betty Grimes, nurse, spent the week-end with her parents, Mr. and Mrs. Robert Grimes.

Sears, Roebuck Win Damage Suit In County

Granting a prayer of counsel for the defense that the evidence was not legally sufficient to entitle the plaintiff to recover, Associate Judge Patrick M. Schnauffer in Circuit Court Monday took a \$25,000 damage suit from a jury and directed a verdict for the defendant.

Termination of the trial came after all testimony had been presented and prayers for instruction of the jury were entered. The court rejected two prayers for the plaintiff and granted the prayer for the defendant asking that the verdict be for the defendant.

Mrs. Elizabeth P. Lampkin entered the suit against Sears Roebuck and Company. She and her husband operate a farm between Thurmont and Creagerstown.

Mrs. Lampkin, it was said, had been in the store in Frederick on December 11, 1948, to make a tire purchase. She had gone to the main office on the second floor of the building and started down the steps when she fell down a number of steps to a landing.

Francis Petrott, one of her attorneys, said in opening statements that a metal strip on the concrete stairs had become worn, causing Mrs. Lampkin to slip. Negligence was charged to the company in allegedly failing to keep the metal strips on the steps in non-slip condition.

On the other hand, William M. Storm, an attorney for the defendant company, declared the accident was due to a misstep on the part of Mrs. Lampkin. He said there are semi-annual inspections of the building and steps by architects and one of these inspections had been made less than a month before the accident. The steps are in the same condition now as they were then and are not hazardous, he maintained.

It was claimed that as a result of the accident, Mrs. Lampkin suffered great pain and had to undergo lancing operations on one leg. She is still unable to resume her farm duties, she alleges. Dr. M. Franklin Birely, of Thurmont, testified there is permanent scar tissue of the leg. He said changes of weather still bring pain to the plaintiff.

A number of witnesses were heard. Robert E. Clapp, Jr., was co-counsel with Mr. Petrott for the plaintiff. W. Clinton McSherry and James McSherry were attorneys, with Mr. Storm, for the defendant company.

Mr. George C. Naylor was a member of the jury.

Service Clubs

Sponsor Memorial Services Sunday

Two local service organizations, the American Legion and the Veterans of Foreign Wars, are making preparations for solemn Memorial Services to be held in the Presbyterian Church. Rev. Charles S. Owen, pastor, will officiate at these services.

Members of the two organizations will meet at the Legion Home on N. Seton Ave. at 10:15 Sunday morning. They will march, in a body, to the church after paying homage to the local war dead. Wreaths will be placed on the American Legion Honor Roll, the VFW plaque, and finally on the Doughboy, in front of the Beegle residence. The two auxiliaries of the service units are also participating in the observance.

Actress Selected As Buddy Poppy Girl

Lovely Doris Day, Warner film star and featured vocalist on Bob Hope's radio show, has been selected VFW National Buddy Poppy Girl for 1950.

"The selection of Miss Day as VFW Buddy Poppy Girl," General Arrangement Chairman Eugene Kramer observed, "is most appropriate. Her wartime appearances before GI audiences in military hospitals, camps, and installations made her a popular favorite with servicemen from coast to coast. Her continued interest in the welfare of America's veterans captures the entire spirit of the annual VFW Buddy Poppy Sale."

Miss Elizabeth Kay Wilhide celebrated her second birthday anniversary on May 17.

What's Your Name?

By JULES CHRISTIAN

Today's column presents another native son of Emmitsburg, who has spent most of his life in the community. Since 1945 he has operated a liquor store in the Mondorff Hotel, located on the Square. Thus he now follows one among the oldest professions of man. That is the hotel keeper or inn keeper, to accommodate the traveler and sojourner. Charles Lamb, the famous author, who lived 150 years ago, and who was a bachelor, observed:

"If ever I marry a wife, I'll marry a landlord's daughter And sit in the bar all day, And drink cold brandy water."

CHARLES E. MYERS

The operator of the liquor store, is the son of the late William L. Myers and Annie Rosensteel. Being one of nine children in his father's home, he likewise patterns after his father, by having nine children of his own. Seven of them live right here in Emmitsburg. One paid the last full measure of devotion to his country, being killed in action in World War II. Added to this sorrow, he lost his wife in 1947.

Mr. Myers was educated at Annandale School, near here. For a period of about 5 years he operated a truck farm at Odenton, Md., on the Eastern Shore. Excepting this brief interlude of absence from Emmitsburg, he has spent his entire life in this community.

Among his favorite sports are hunting and square dancing. He is a member of the Indian Lookout Sportsmen's Club, Holy Name Society, and St. Joseph's Catholic Church, Emmitsburg.

MEANING OF MYERS

As all family names have a

meaning, and were chosen not so long ago, for that purpose, so does the name of Myers. Mr. Myers, being of German ancestry, bears a name fashioned in Germany. It was chosen to indicate the distinguished occupation which its founder followed. It indicated that its founder was very proud of his occupation, and justly so. It has been pointed out in an earlier column, how numerous people sur-named themselves after the profession or trade they followed, such as Smith, Carpenter, or Cook, etc. Myers is another good example.

This name meant, in Germany, about the same as Steward in England, from which the Royal House of Stewart came. That is, the one who attends the estate of the king or nobleman. As such he controlled his master's property, and carried out his lord's will.

To do this he must have some very extraordinary qualifications. He must have unusual ability, understand business, possess skill in the management of property, be subservient to his master's will. He must be very industrious, alert and keen. He has under him the supervision of many people.

Therefore, the Myer (spelled in different ways such as Meyers, Myers, Meyer, Mier), was a man who held an exalted position of great trust. Later, however, when the feudal system began to crack, and people began to own private property through the growth of democracy, the Myer was often applied to the man who cultivated his own farm, and therefore, meant something like the farmer.

Lions Club Sponsors Local Playground; Hire Supervisor

Practically the entire membership of the Emmitsburg Lions Club attended Monday night's regular meeting.

Nominations for the officers were placed and will be voted on at the next regular session. The club decided to again sponsor the local playground project for another year and donated \$40 for new equipment to start the season. Mrs. Henry Charlton has been engaged to supervise and direct activities of the playground this year. Mrs. Charlton has for several years been active in this type of work, having been employed by the Baltimore Bureau of Recreation for some time.

Guest speaker of the evening was Dr. Guile Lefever, principal of Gettysburg High School. In his talk, Dr. Lefever informed the membership that he thought Maryland had one of the best methods of taxation for school maintenance in the country. Dr. J. J. Dillon, the organization's delegate to the Community Fund, announced a minstrel to be held in the fall by the Fund, and stated he was seeking talent for the show among Lion members.

The group was pleasantly entertained by a barber shop quartette from Mt. St. Mary's College, and it is believed that this quartette will participate in the minstrel show.

EHS Eighth-Graders Go Sight-Seeing

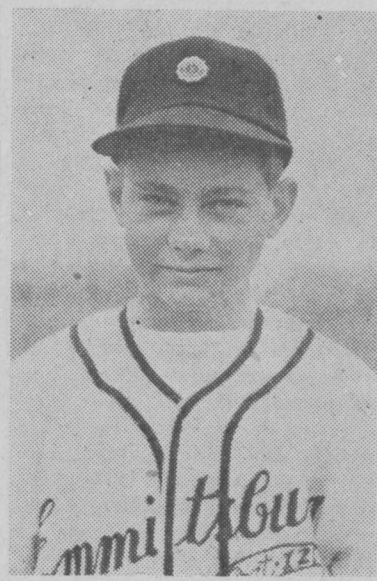

Thirty-seven eighth graders, chaperoned by Mrs. Arvin P. Jones, motored by bus to Baltimore Wednesday on a sight-seeing tour. An excursion on the ship Tolchester, along with 800 other Maryland school children, was one of the main features of

the trip. Among other places of interest visited by the group were Fort McHenry, McCormick Spice Co. plant, Druid Hill Park, the Baltimore Zoo, and other points of interest. The group returned home about 7 p. m.

Youthful Star Plays Infield On Legion Team

WILLIAM UMBEL

Another member of the American Legion Junior Baseball team, sponsored by the Francis X. Elder Post of Emmitsburg is William Umbel, who will hold down the second base position on the squad this year. He is a son of Mr. and Mrs. Wilbur F. Umbel of N. Seton Ave. His father is co-owner of the East End Garage.

The 15-year-old youth is a sophomore attending the Emmitsburg High School, and claims he prefers the study of biology to any of his other subjects, next to sports, that is, "Billy," as he is called by his teammates, likes other sports too, including soccer, football, fishing, and swimming, but Billy says baseball comes first with him.

He is a member of the 4-H Club, FFA, and Glee Club at EHS. When Billy graduates from high school, he expects to join the Air Corps in serving his country.

Legion Fetes Basketball Team

Members of the American Legion basketball team were feted last Thursday evening in the Post Home by the Francis X. Elder Post of Emmitsburg.

Miniature basketball statues with the Legion insignia inscribed upon them were presented to the players during the banquet. Those attending the affair were Cmdr. Edgar Ashbaugh, Edward Quarry, "Brother" Myers, Robert Curran, Edward Sheehan, Maurice Heffernan, Patrick McGahn, Joseph Mandry, Allen Bender, Jack Rosensteel, William Topper, Charles D. Gillelan, and Harold Hoke. Speaker for the occasion was Prof. Arvin P. Jones, principal of the Emmitsburg High School.

The basketball team, captained by Harold Hoke, had a highly successful playing season in independent ball, winning 14 of their games against two losses.

The turkey dinners were served by Mrs. Harold Hoke, Mrs. William Topper, and Mrs. Charles D. Gillelan, members of the Legion Auxiliary.

Mayor Rodgers

Proclaims

Poppy Day

WHEREAS, by authority of Congress, the Veterans of Foreign Wars of the United States is granted due permission to conduct an annual sale of Buddy Poppies, and,

WHEREAS, all proceeds of the sale are used to provide immediate aid for deserving war veterans and for the widows and orphans of deceased veterans, and

WHEREAS, extending the hand of comradeship to those who have suffered from war that we might live in freedom is, in my judgment, a fitting tribute; therefore,

I, THORNTON W. RODGERS, Burgess of Emmitsburg, do hereby authorize Emmitsburg Memorial Post, 6558, of the Veterans of Foreign Wars and its Ladies' Auxiliary, to offer for sale to the citizens of Emmitsburg the VFW Buddy Poppy as made by the disabled veterans in government hospitals.

THE day of the sale shall be May 27, 1950.

By giving generously to this drive, the citizens of Emmitsburg will show that they are mindful of the great war service performed by America's fighting men. I urge everyone to support, unselfishly, this worthy cause.

THORNTON W. RODGERS

VFW SPONSORS POPPY DAY TOMORROW

Girl Scouts Will Aid Organization In Annual Drive

The twenty-ninth annual Buddy Poppy sale of the Veterans of Foreign Wars, will be conducted Saturday, according to Wales E. Rightmour, commander of the local VFW Post.

The sale will be conducted by Adjutant Lumen F. Norris, who has made special arrangements with the Girl Scouts to sell the Buddy Poppies.

A flag-draped booth is being constructed near the VFW honor roll plaque. This will be the central point from which the Girl Scouts will operate.

Funds raised by the sale will be used to carry on the extensive veteran welfare program of the Gold Chevron VFW, America's oldest organization of overseas fighting men.

"The large majority of the proceeds," announced Commander Rightmour, "will remain in Emmitsburg, to be used locally for needy veterans and their dependents."

Other phases of veteran welfare maintained, partly, by proceeds from the annual Buddy Poppy sale, are national in scope. They include the nationwide program of veteran rehabilitation and maintenance of the VFW National Home for war orphans and widows, at Eaton Rapids, Mich.

VFW Buddy Poppies are made throughout the year by hospitalized war veterans. The work itself has been hailed for its therapeutic value and for its benefit in assisting the process of rehabilitation among wounded patients. The VFW acts as sales agent for these veterans and pays them for their work from the proceeds of the sale. The Gold Chevron organization does not profit from the sale, but uses the major portion of the funds for bringing relief to war victims.

"Helping American war victims is an essential part of the VFW veteran welfare program," remarked Commander Rightmour. "The extent of our activities depends upon the funds we raise through our poppy sale. This year, because our demands are so urgent, we are conducting an all-out drive to make the 1950 sale the largest in history. By offering timely, material relief to disabled, needy veterans and to the survivors of those who were killed in action, the VFW offers a living memorial to America's war dead."

Charles Mumma

Heads Lutheran

Synod Organization

The twenty-sixth annual convention of the Lutheran Sunday School Assn. of the Western Conference, Evangelical Lutheran Synod of Maryland, was held at St. Mark's Church, Hagerstown, May 18.

The morning session of the meeting was addressed by Rev. Theodore K. Finck, and in the afternoon, the gathering was addressed by Rev. Getz, Philadelphia, and Rev. Sipes of Gettysburg, Pa.

New officers for the ensuing year were elected as follows: President, Charles Mumma, Rocky Ridge; first vice president, Dr. Fiery, Hagerstown; second vice president, Arthur Ahalt, Middletown; recording secretary, Mrs. Roy Kiser, Keymar; stat. secretary, Vernon Zimmerman, Westminster, and treasurer, Miss Lulu Birley, Keymar.

The conference voted to hold next year's session at Burkittsville, Md. Quite a number of Emmitsburgians attended the convence.

Running Races

Start Tuesday

Hagerstown will inaugurate running races for Maryland's five half mile ovals Tuesday when the Agricultural and Mechanical Assn. call the horses to the post for the first race at 2 p. m.

Ordinarily the season in Hagerstown would open some time in August, but because of the changing of many of Maryland's racing dates, Hagerstown took the 10-day meet starting Memorial Day. There will be no racing on Mondays.

Remarkable Activity Shown By Emmitsburg VFW

The Veterans of Foreign Wars of the United States is the largest organization of overseas veterans in the world today.

The men that belong to this outfit have equal footing as far as their rights to membership are concerned.

All of the members have been overseas, all have faced and battled the enemy throughout the various battlegrounds of the world; in all of this nation's foreign entanglements.

It is therefore of interest, we are sure, that Emmitsburg should know how and why we are so fortunate to have an organization of this kind in our own community.

A group of overseas veterans, interested in starting a Veterans of Foreign Wars Post in their home town, went about the preliminary measures in the early spring of 1946.

After finding out the method of operation, a meeting was called for all the overseas veterans to unite and elect their officers for the newly-formed post. This post was to be called the Emmitsburg Memorial Post, No. 6658, Veterans of Foreign Wars of the United States of America.

This post was so named to include all overseas veterans of both World Wars; those who gave their lives the supreme sacrifice, and also those who returned home from the turmoil of war and battle, are remembered in the selection of this name for the post.

This post started with a membership of 48 members. It held some of its first meetings in the Fire Hall. Later the organization moved to the building owned by J. Norman Flax, on East Main Street.

After meeting there several times, plans were made to increase the membership and also raise funds to start a treasury.

Very successful events were held and finally the membership decided to purchase the Green Parrot Building, on the Center Square. This endeavor was of great importance, and needed plenty of capital, to complete the transaction.

Through the generosity of a local man who saw the needs of these veterans, a loan was supplied, together with several individual loans and contributions by the membership.

The new home was occupied in January, 1947. Since that date the post has engaged in tremendously successful Community Service Programs. Due to the debt on the shoulders of the membership of the post, a very active body, dug in to aid all activities and help lighten the burden.

From the date of purchase of their new home, the post membership grew rapidly to a total of near 200 members for 1947.

The first carnival to be sponsored by the post was carried on in the summer of 1947, and was a success—and also a terrific amount of work for the mem-

bers.

The post has set up an annual prize to be given to the two local high schools, for the best essay on Americanism. It has presented flags to the various schools of the community, and engaged in a joint Christmas party with the American Legion, for all the school children of the community.

In February, 1948, the post decided to buy an ambulance for the use of the people of the district. This ambulance cost the organization \$6,700. It was necessary for the post to borrow money to help pay for this equipment. Once again the same individual came to their assistance.

This ambulance has traveled over 8,000 miles in the past two years; it has brought aid and assistance to hundreds of individuals all over the county and state. This ambulance service is rendered free to all and the drivers offer their services in the same spirit.

Due to such a magnificent community project, the National

Headquarters of the Veterans of Foreign Wars, awarded the local post a plaque and citation for its meritorious work and achievements.

Over the past three years the organization has owned its home, they have improved its property and possessions by \$15,000. This was done in the form of improvements to the interior and exterior, club rooms, social rooms and lounge rooms.

In the past year the post has purchased a merry-go-round for the Emmitsburg Public School; a sliding board for St. Euphemia's Catholic School. This post was one of the initial organizations to aid and help form the Community Fund of Emmitsburg. It has donated \$1,000 to the Reformed Church for their rebuilding program. Just a few months ago it again rendered a public service by purchasing oxygen and resuscitating equipment to supplement their ambulance services.

Once again, this year, the organization has been informed, they will receive a plaque and

commendation from National and Department Headquarters for the untiring spirit displayed in putting forth their efforts in public service and humanitarian efforts.

The membership is ever grateful and mindful of their generous benefactor, Mr. Ernest F. Keilholtz. Without his aid, this enviable record could never have materialized.

The post has grown and prospered under the capable leadership of three remarkably active commanders: Charles J. Rowe, Vernon G. Keilholtz and Wales E. Rightmour.

This is a brief, but by no means, a complete history of these men of Emmitsburg Memorial Post, Veterans of Foreign Wars. The same spirit and determination that pushed them to victory over all of our aggressors in all of their foreign wars, still propels and sustains them, here in their own home town—toward a greater, more liberal, democratic town and nation; and with God's help a truly peaceful world in which to live.

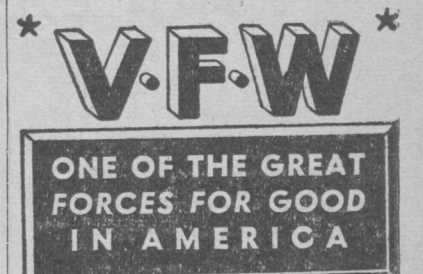

Cut In FHA Mortgage Rate

The Government has moved to make home mortgage credit cheaper, as well as more plentiful. Effective with applications filed April 24, the top interest rate on new Federal Housing Administration mortgages is 4½%, or ¼ of 1% less than before that date.

The Good Old Days (?)

The average hourly earnings of workers in industry have grown from 15 cents an hour in 1890 to \$1.40 at the end of 1949. By working an average of 54 hours a week in 1890, you could take home as much as \$8.10.

VETERANS OF FOREIGN WARS OF THE UNITED STATES

DISABLED AND NEEDY VETERANS

Of America's 19,000,000 veterans of all wars and campaigns, nearly 100,000 were in Veterans Administration hospitals at the end of April.

For many thousands of these, the war truly will never end. They are doomed for the remainder of their lives to remain charges of their government—grim reminders of the tragic price of war.

A grateful nation has seen to it that these heroes—some bedfast for life, others destined to spend the rest of their days in wheel chairs or on crutches—get the best of medical care. Modern hospitals and highly trained doctors and nurses see to their physical needs, thanks to the American tradition that it is the obligation of government to "care for him who shall have borne the battle."

Much as it provides in the way of physical care for its sick and disabled war heroes, the government cannot give them the extra comforts they need to make their drab lives more bearable, and

to remind them that they are not forgotten. That is an obligation which must be assumed by their grateful fellow citizens as an expression of gratitude for the sacrifices they have made, and in recognition of the patience and forbearance with which they are carrying the burden of their handicaps.

The Veterans of Foreign Wars has gladly met this challenge by lending a helping hand in their battle against doubt, boredom, bitterness, and despair. In addition, the Veterans of Foreign Wars, through its service officers in every community, makes sure that the dependents of hospitalized veterans are cared for.

When you are asked to buy a Buddy Poppy, remember that every penny contributed by the American people in this campaign will be spent during the next twelve months for veteran welfare work exclusively. Most of what you give for a Buddy Poppy will be spent right here in our own

community—for the benefit of our own needy veterans and their dependents.

The contribution you make through the purchase of a Buddy Poppy will be spent strictly for these patriotic purposes:

- For the aid, relief and comfort of disabled and needy veterans, their dependents, their widows and orphans.
- For maintenance or expansion of the V.F.W. National Home for widows and orphans of veterans at Eaton Rapids, Michigan.
- For hospital or individual assistance and entertainment for needy veterans and service patients, and their dependents.
- For rehabilitation, welfare and service work, including liaison service with the Veterans Administration.
- For necessary expenses for military funerals of deceased veterans.
- For acquisition, improvement and maintenance of burial plots and the decoration of graves of veterans and servicemen.

MARYLAND
FEED & GRAIN
MARKETS

Baltimore grain markets were steady during the first part of last week, but eased somewhat during the latter part. No. 2 red winter garlicky wheat lost about four cents per bushel on the Baltimore market during the past week. Yellow corn and No. 2 barley were steady to slightly higher. Western white oats gained about two cents per bushel on the Baltimore market. Both yellow and black soybeans dropped 11 to 12 cents per bushel during the past week.

National Grain Market

Grain markets turned weaker during the week ending May 18, following rather steady gains during recent weeks, reports to the Dept. of Agriculture indicate. Wheat, rye, and soybeans dropped sharply, while corn, barley, and flaxseed were independently firm. More favorable weather for spring wheat seeding and some improvement in winter wheat prospects together with the nearness of harvest were the principal weakening influences in the wheat market. A slow demand on lower Canadian prices were principally responsible for a drop of 11 cents per bushel in rye prices. Favorable seeding ratios and smaller offerings maintained a fairly steady market for corn and other feed grains. Poor crop prospects held oat prices relatively high. Soybeans dropped 12 to 14 cents per bushel under a less urgent crusher demand, but flaxseed advanced five to six cents per bushel as a result of an active inquiry from crushers.

Maryland Feed Market

The Baltimore feed market was steady during last week. Distillers' dried grains declined about 3%—\$2.30 per ton less

than a week ago. Brewers' dried grains declined over 2% on the Baltimore market—\$1.60 per ton lower. Coarse scratch feed gained more than 2% during the past week—\$1.65 per ton higher.

During the past week, a pound of live broiler would buy 5.1 pounds of feed, based on the average retail cash price of broiler mash on lower Eastern Shore. Maryland broiler producers received an average of 25.3 per pound during this same period and had to pay an average of \$98.38 per ton for feed.

National Feed Market

Feedstuff markets were somewhat unsettled during the week ending May 16, reports to the Dept. of Agriculture indicated. Fear of an extended interruption in deliveries of feeds, as the result of labor difficulties on some railroads, caused an active demand from feed manufacturers, particularly for wheat feeds. Improved pastures reduced feed requirements, however, and demand subsided following the settlement of the rail strike toward the close of the week. Prices turned downward after making substantial advances earlier in the period. Inquiry for oilseed meals was less urgent and prices declined 50c to \$1 or more per ton. Corn feeds were steady with some advance in hominy feeds. Alfalfa meal for immediate shipment was in active demand and sold at a considerable premium over May and June shipments. Inquiry for commercial dairy feeds slackened

as the result of improvement in pastures, and manufacturers lowered their quotations slightly. Poultry feeds, on the other hand, remained firm and prices averaged higher than a week previous. The index of wholesale feedstuff prices advanced about 1½ points, to 247. The feed grain index, influenced by higher oat prices, advanced nearly one point, to 210.6. These compare with 229.4 and 189.8, respectively, a year ago.

Training For 400,000 Vets

Since the war, 400,000 veterans have taken on-the-job training on the nation's farms. About one-half of this number are still taking part in the program.

POULTRY POINTERS
by Your Dr. Salsbury's Dealer

It's good management to separate pullets and cockerels as early as possible, usually at 5 or 6 weeks of age. Removal of males gives pullets extra room, and eliminates crowding at feed troughs. Keep the best cockerels for breeding stock.

Students Attend
CSMC Picnic

On Ascension Thursday, last week, approximately 60 students of St. Joseph's High School, attended the CSMC picnic, which was held at Gambrill's State Park, about eight miles outside of Frederick, Md. Members of the CSMC from Westminster, Hagerstown and Emmitsburg, met at 10 o'clock in front of St. John's High School, Frederick. From there

they headed for the park. The party was chaperoned by Father Wills, from Westminster, and Father Herbert Jordan, Frederick. Members roasted wieners and marshmallows. Main sports of the day were baseball, softball and a challenged game of "Canasta" which was between St. John's of Westminster and Frederick. The picnic ended at 4:30 p. m.

High Cost Of Living Causes Veterans Hardships

Past Post Commander Charles J. Rowe, now serving as service officer, who recently investigated several cases of disabled vets and families of deceased vets, disclosed that the increased cost of living is creating additional inconveniences to these families.

"Most Americans, affected by the high cost of living today, can appreciate the difficulties of the disabled war veteran and his family," Mr. Rowe stated.

"We hope that the average citizen's understanding of the disabled veterans' plight will be manifested on Buddy Poppy Day, Saturday, May 27," he declared.

Citing the increasingly high cost of maintaining a decent standard of living for these veterans, Mr. Rowe expressed the hope that every citizen would wear a Buddy Poppy, and subscribe generously.

"This day will give every citizen of Emmitsburg a chance to show the disabled veteran how much his valor and sacrifices still mean to us," Service Officer Rowe stressed.

Buddy Poppy Day, instituted by the VFW as an annual event, was started 28 years ago.

Countless thousands of needy veterans will benefit. The destitute will get financial assistance, deserving orphans and widows of the deceased will be given aid. Others will be assisted in filing VA claims properly so that payments will be prompt.

"We are confident that this year, as in the past, the patriotic citizens of Emmitsburg will go all out to put the 29th annual Buddy Poppy sale well over the top."

Potomac Edison Gets Advertising Copy Award

Competing against utility companies of similar size from coast to coast, the Potomac Edison System this month was awarded first place in two divisions in the 1950 Better Copy Contest of the Public Utilities Advertising Assn.

One first prize was awarded to the Potomac Edison News, the company's employee publication. H. H. Hartsock of the Taneytown Potomac Edison Co. office, is a staff member of the publication.

Another top prize went to Potomac Edison's material sent to commercial and industrial customers.

In the direct mail division of the 1950 PUAA Contest, Potomac Edison was awarded a third place award.

Represented in the PUAA are approximately 250 electric, gas and transportation firms throughout the United States.

Cooked fish is not harmful in the diet of dogs and cats. However, a sustained diet of raw fish causes paralysis.

ROCKY RIDGE NEWS

By MRS. JOHN KAAS

(Rocky Ridge Correspondent. Phone 3-F-31)

Mr. and Mrs. Kermit Whitlow of the State Sanatorium and Mr. and Mrs. Eldred S. Valentine, of Baltimore, were entertained on Sunday by Miss Cotta Valentine.

Mr. and Mrs. Edgar Troxell and son, visited Mr. and Mrs. Allen Martz, of Utica on Sunday.

Recent visitors of Mr. and Mrs. Harry Boone were: Mr. and Mrs. Dale King, Mr. and Mrs. Hollenbaugh of York Springs, Mr. and Mrs. M. L. Warner and son, Wilbur, Mr. and Mrs. Philip Wampler and children, of Westminster; Mr. and Mrs. Roland Sharrer and children, of Springfield, Va.; Mr. and Mrs. Carroll Shorb, Betty McGraw, and Mrs. Edgar Lidie, of Thurmont.

Mr. and Mrs. Russell Welty of Hagerstown; Mr. and Mrs. Wilbur Boller and children, of Gaithersburg, and Mr. and Mrs. Guy Stull and children, of Lewistown, were Sunday guests of Mr. and Mrs. Guy Boller.

Mr. and Mrs. Charles Null and daughter, Virginia, of Westminster, were visitors Sunday of Mr. and Mrs. Monroe Wantz and family.

Mr. N. O. Sharrer attended the semi-annual meeting of the Rural Letter Carriers' Association held in Walkersville, May 20.

Mrs. Leslie W. Fox, visited Mr. and Mrs. Clarence Dern of Tan-

eytown on Sunday. Mrs. James Welty, Mr. and Mrs. Clyde Welty and sons, Dickie and Kenneth, of Mayberry, were guests recently of Mr. and Mrs. William Welty and Mr. and Mrs. John Hahn.

Mr. Arthur McAfee of Troy, Ohio, visited his niece, Mrs. Helen Mumma Wednesday.

Mr. N. O. Sharrer spent Sunday with his son-in-law and daughter, Mr. and Mrs. Luther Ritter and family, of Littlestown, Pa.

Mr. and Mrs. Charles Mumma, Mrs. Lillian Clem, Mrs. Guy Boller, Mrs. Helen Ogle, Mrs. Novella Dinterman, Miss Cotta Valentine, Mabel and Kenneth Sharrer and Mr. Charles E. Troxell, of Mt. Tabor Sunday School, attended the twenty-sixth annual convention of the Lutheran Sunday School Association of the Evangelical Lutheran Synod, held in St. Mark's Lutheran Church, Hagerstown on May 18.

Mt. Tabor Park has been leased to Steve Winger of the Artists' Service Bureau of Radio Station WFMD for the summer season. It will be opened Tuesday, May 30. Entertainment will be furnished afternoon and evening by "The Jolly Four," "The Blue Ramblers" and others.

Gust Of Winds Causes Death

PEEL PAINT TO BARE WOOD WITH ONE EASY STROKE

NEW ELECTRICAL TOOL removes 1 to 10 or more coats of paint from any wood surface as easy as cutting butter with a hot knife. No scraping, cutting, burning, sanding or chemicals. The new Lectro Paint Peeler instantly softens paint electrically and peels it off the surface clean to the bare wood with one easy stroke. It's faster than a blow torch—there's no danger of fire—will not scorch or burn delicate wood surfaces. Makes no mess—no smell—it's even fun to use. Removes any paint, enamel quickly and easily. Sturdily constructed to last for years. Sent complete with extra long, quality electrical cord. Simply plug into any A.C. or D.C. outlet—let heat for several minutes and remove paint to the bare wood on exterior or interior painted surfaces, floors, woodwork, cupboards, furniture, antiques, boats, window-sills, screens, doors—a hundred other uses. Price \$4.95 postpaid—nothing else to buy. Full money back guarantee. For immediate shipment—send check, cash or money order to:

SCHOOL BUS ROUTES

The Board of Education requests bids for transportation of school children, beginning September, 1950, on the following routes:

1—One route—double run, approximately 30 miles in length to the Thurmont School.

2—One route—double run to Stony Branch to Emmitsburg and Bridgeport to Emmitsburg. Route now being served by Miss Ora Grace Miller.

Bids will be expected to specify type and give description of vehicle to be furnished as well as the amount of money for which they will be willing to contract. Contracts will be for a minimum of three years.

It will be necessary for each bidder to secure a description of the route from the office of the Board of Education before submitting bids.

Bids must be in the hands of the Board of Education, 115 East Church St., Frederick, at 10 a. m. DST, Wednesday, June 7. The Board of Education reserves the right to reject any or all bids.

In many remote sections of the southwestern United States, wild horses still roam unrestricted.

MARYLAND

HOME FRONT

Farm storage for wheat which Maryland farmers want to put under the government loan program has been approved by the Production and Marketing Administration State Committee. Individual approval for each storage unit must be obtained through the county committees, according to the announcement by Joseph H. Blandford, chairman of the Maryland PMA State Committee.

Additional requirements included by the State Committee in this year's program include:

1—The bin must be thoroughly cleaned and either fumigated or sprayed with DDT before storage.

2—The room in which the bin is located must be cleared of cobwebs, and all debris which could become a harbor for insects which attack grain.

3—The grain must be stored for 30 days before samples are taken for determination of grade.

4—The stored grain must be fumigated as requested by the county loan supervisor.

The decision to include these four requirements was based on a study of grain stored successfully on Maryland farms under previous programs. Mr. Blandford reports that moth damage was negligible in bins which were properly treated before storage and when grain was fumigated as needed after storage.

Loan Program Extended

The government's program to help farmers get farm storage for grain has been extended for a full year. The program, which provides for loans to farmers to finance the construction or purchase of suitable farm storage facilities for grain and some other storable crops, was to have expired June 30.

In making the announcement, Mr. Blandford stated: "The importance of providing adequate farm storage is greatly increased in 1950 over former years due to indications that very limited terminal storage will be available this season. This means that farmers desiring to take advantage of price supports must be prepared to store their grain on the farm. The State Committee recognizing this situation, has decided to make loans on grain properly stored on the farms and protected against rodent and insect damage."

The farm storage loan program is open to producers of wheat, corn, oats, barley, rye, grain sorghums, soybeans, dry edible beans and peas, rice, peanuts, cottonseed, and flax. The Commodity Credit Corp. makes loans to farmers for the purchase or construction of farm storage facilities. These loans may not exceed 85 per cent of the cost of the structure and bear interest at the rate of four per cent a year. They are payable in five annual installments, or earlier at the farmer's option.

Farmers interested in more details are asked to get in touch with their county committees.

Preparing Land

"Ever see a farmer fixing up his land for a long trip—a trip from which the land will not return?" asks Mr. Blandford.

"If the land is to go by air the excess baggage must be kept down. There can be no sod or clods. The soil should be well pulverized. Soil particles must be prevented from grouping together. It should be dry and fine so that when a good wind comes along, the tiny particles can take off with a minimum of difficulty."

"If the land is to go the water route, it likewise should travel light. It's difficult—if not quite impossible—to transport any great amount of soil that is loaded down with sod or tree roots."

"A finely pulverized soil—practically free of organic matter and humus—and not hindered by field strips or windbreaks—has priority for air travel. It is first in line when the winds come sweeping across the country."

Around the Studios

with Charlie Brooks

Last Friday during dress rehearsal on CBS's video drama, "Mama", the cast had a surprise when a recording of the show's narrative hook was put on the phonograph. Rosemary Rice, who plays "Katrin", on the show, records a few lines for each show which always begin "I remember..."

Rosemary Rice

and then go into a graceful narrative lead-in to the current episode of the nostalgic period story. This time, she and Director Ralph Nelson had recorded a parody on the current juke box favorite, "Dearie"—of six clever verses which they had made up, teasing members of the cast, and recalling some of the funny, and unexpected things that have happened in the 44 weeks the program has been on the air.

Paul Taubman, who is organist on CBS's "Perry Mason", has just become owner of the Penthouse Club, a New York night spot—and discovered that his opening night coincided with John Larkin's birthday. The next day the entire cast of "Perry Mason" was munching slabs of the Penthouse Club's chef's contribution to the occasion—a huge cake, presented to John, who plays "Perry", at a special birthday celebration that Paul incorporated into opening night festivities.

John Larkin

Teri Keane, who is the heroine of NBC's "Life Can Be Beautiful", has one of the lovely artificial roses that are so popular this season because of their startlingly realistic appearance—and she adds a couple of drops of rose scent for further verisimilitude. Teri was wearing it the other day when she ran into an actor friend she hadn't seen for a long time, and they began a friendly chat when suddenly he clapped his hand to his head, said a hasty goodbye and rushed off. Several feet away he paused and called back over his shoulder. "Sorry, Teri—but I have rose fever!"

Teri Keane

Horace Braham, who plays the advertising executive, "D. W. Wilson," on CBS's daytime drama, "Rosemary," was in the ad game himself at one time before he became an actor. Now he's glad he was—for "Wilson" is a clever take-off on all the advertising men Horace has known!

Very Funny Indeed
After three years of marriage, Mrs. Patricia J. Stephens of Detroit, was granted a divorce when she testified that her husband, Robert, "used to think it was very funny to kiss the dog, give me a pat on the head, and walk out the door." The divorce was uncontested.

Ring Found In Potato

A ring lost in garden 27 years ago was found recently—inside a potato. Janice Criner of Fairbury, Neb., made the discovery while helping her mother peel potatoes. The ring had been given the mother, Mrs. George Criner, by Mrs. Criner's great-grandfather. The potato was grown in the garden where Mrs. Criner lost the ring.

Ring Found In Potato

"Likewise, pulverized soil with little or no vegetative cover, free of organic matter and with natural channels in the up-and-down slope furrows, is all set to leave with the next heavy rain."

In this indirect way the Maryland PMA official emphasizes the importance of keeping land in condition to stay on the farm. "Heavy loss of topsoil by dust storms in some areas and by floods in others serve as a warning that constant protection through conservation practices is necessary to keep land from taking off."

"And," he points out, "soils which start on these air and water journeys travel on a one-way ticket—they do not come back."

Searcy, Arkansas

Socialism or What?

In these days of conflicting ideologies, it is vitally important to the future of our country for our people to know more about Socialism. Many are confused over what constitutes Socialism. Thus they sometimes are aiding the establishment of Socialism by approving measures whose socialistic implications are not apparent to them. Many Americans, on the other hand, frankly want some Socialism, believe we can measure the amount we wish to have—and have no more. Some recent surveys of public thinking on Socialism are revealing.

The Psychological Corp., the oldest nation-wide poll of public opinion, found that 75 per cent of our people are against "Socialism," but that most of them approve a number of federal government programs which they themselves classify as Socialism. About half of the 75 per cent, for instance, consider Federal housing to be socialistic—and yet half of them favor it.

Socialistic But Okay

According to the carefully studied conclusions of this survey, 25 per cent of the Americans who are opposed to "Socialism," favor food subsidies for farm products, 18 per cent favor peace time price controls, and 43 per cent favor peace time rent control. Only 37 per cent consider TVA and similar regional programs developed with Federal funds to be socialistic; and 66 per cent are for them. One-fourth of the American people, the survey concludes, consider the compulsory social security taxes socialistic; 81 per cent favor them.

In another survey, the Industrial News Review polled the nation's newspapers. Results showed the press overwhelmingly opposed to "Socialism" and with a keen understanding of the doctrine and its practices; however, there were some disturbing facts revealed. Seventy-five American newspapers out of 1,362 replying to the questionnaire—or about 5½%—do not consider the proposed Federal compulsory health measure, nationalizing the medical profession, to be socialistic.

Questionable Logic

Forty-three newspaper editors do not feel their personal liberty would be endangered if the government took over ownership or control of the newspaper business. Eleven per cent do not consider public ownership and operation of basic enterprise, such as the electric industry, to be socialistic. Two per cent of the editors and six per cent of the population as a whole favor Socialism for America, according to the two surveys. And that's far too many.

In my column last week I mentioned that Communist and Socialist propagandists have been trying to convince employee groups that they have a right to participate in the profits of a business or industry solely on the basis of "Social Justice" and ignoring the capitalist principle that says a man's fairly earned wealth or property belongs to him and to him alone. These propagandists have made some headway even with people whose every inclination is to be loyal to the basic American principles.

In All Strata
In Little Rock recently, the people held a referendum and approved a Federal housing project—the money to come, said the advocates, as a "gift." Among endorsers of the "gift" housing project were the Chamber of Commerce, a member of the women's clubs, labor leaders and individual business and professional people. A Little Rock newspaper, urging approval of the project, said: "The money has been appropriated by Congress, it will be spent, and the citizens of Little Rock will pay their share in Federal taxes whether or not Little Rock chooses to participate in the program."

That's a hard-headed practical viewpoint, but if everybody's going to continue to act on it, the Federal budget is going to grow and grow, and so is the national debt and taxation. These actions and samplings of thinking around the country indicate an important void in the public understanding of Socialism and its full implications. Public ownership or control of enterprise, public

Eggs Require Better Care In Summer

Eggs must be given better care on the farm during the summer than in winter if maximum quality and prices are expected. The fact that egg quality may be lowered by hot summer temperatures unless certain precautions are taken, has been emphasized by agricultural economists.

One of the most important precautions is to keep the eggs stored in a cool place until they are shipped. They should be placed in a cool, damp place such as the cellar, a spring house, or a specially built egg room immediately after they are gathered.

Eggs should be gathered at least three times a day and should be delivered to the market as frequently as possible. Studies show that, during the summer, eggs delivered to market weekly

are generally of higher quality than those held for a longer time. A final precautionary measure is to provide the chickens with plenty of good nests during the summer months.

Economists feel that it pays farmers who sell their eggs on a graded market to spend the extra time necessary to produce a high quality product. Producers who sell eggs averaging over 95 per cent grade A will receive an average of about five cents per dozen more than those who sell eggs averaging below 80 per cent grade A. Since the greatest cost of producing high quality eggs is the additional time required in caring for them, the added profit depends on the relative importance of poultry on the farm as compared to other enterprises.

Cupid Not As Busy

A report by the State Health Dept.'s Bureau of Vital Statistics shows that both marriages and divorces dropped in Maryland in 1949. Marriages were down 15 per cent, whereas divorces declined 18 per cent. The records show that 47,000 couples wed and 5,000 separated via the divorce route.

operation of a profession such as medicine, public financed housing for able-bodied citizens, any enforced distribution of wealth that denies property rights—these are all standards of Socialism in any Socialist textbook.

HEALTH COLUMN

The X-ray and Tuberculosis

The discovery of the X-ray, an invisible beam of light which can penetrate solid matter, opened up a whole new era for medical science in the diagnosing of certain diseases. It marked a significant gain in the fight against tuberculosis because the X-ray can show evidence of tuberculosis in the lungs when the disease is still in an early stage, before it has made itself known by obvious symptoms.

Tuberculosis, a serious communicable disease which has plagued mankind for centuries, attacks its victim in an insidious way. Tuberculosis germs can get into the lungs and be busy at their work of destruction for months and sometimes years before the victim is aware of his illness.

Before the discovery of the X-ray in 1895, it was difficult and sometimes impossible to diagnose tuberculosis before its symptoms were obvious. By the time easily recognized symptoms, such as noticeable loss of weight and a chronic cough, pointed to a definite diagnosis of tuberculosis, the disease usually was in an advanced stage.

The X-ray made possible the diagnosis of tuberculosis in an early stage and tuberculosis is easiest to cure when it is found early. As a result, there are untold thousands of people today who owe the recovery of their health and, in some cases, their lives to the discovery of the X-ray.

Since early tuberculosis has no apparent symptoms, "hidden cases" of the disease can be found by X-raying apparently healthy people. It has been estimated that there are close to 250,000 of these "unknown" cases of tuberculosis in this country.

cases which have not been reported to the health department and most of which are among people who do not even know they are ill. Since tuberculosis is easily spread from those who have it to people who are well, the disease is unknowingly being spread by the "hidden cases."

It must be remembered, however, that a "clean bill of health" from one X-ray does not guarantee that tuberculosis will not strike at a later date. So doctors strongly advise that every adult get a chest X-ray at least once a year.

It is believed that if every adult 15 years of age and over formed the habit of regular chest X-ray examination and if prompt treatment were started for everyone found with tuberculosis, the disease could be eradicated in the United States.

To Study Patients' Protests

Maryland doctors have established a grievance committee to consider protests of patients who believe a physician has overcharged them. The committee was appointed at a meeting of the Medical and Chirurgical Faculty of Maryland, held in Baltimore in April.

GRIT

As commonly known, turkeys and chickens do not have any teeth. They can not chew their food, they just taste and swallow it. As long as they eat mash, which has been ground or "pre-chewed," for them by the mill, they are able to absorb all the mash containing nutrients without difficulty. Of course, they must have plenty of water, to do a good job of digestion. As soon as birds are given whole grain, they must have grit, which should be placed in a separate container. One should not give poults or chicks whole grain for the first eight weeks of their life. The gizzard, or the third stomach, performs besides a digestion function, mainly the food grinding for birds. The gizzard of poults or chicks is too tender to help grind food during the first weeks of life. Grit, at an early age, when an all-mash ration increases the feed consumption per pound of gained weight. Grit may be harmful and is not economical at an early age.

As soon as you add whole grain to your poult or chick ration, you must supply them with grit for more economical use of their feed. Insoluble grit will stay in the gizzard for a long time, and there it will assist the gizzard in the grinding of food. It is a good practice, to supply grit one or two days ahead of additional whole grain. Since grit should not do anything but aid in grinding the food, it ought to be insoluble.

Soluble grit products with a high calcium content are a very excellent source of additional calcium for laying birds. Soluble grit should, however, not be used for growing stock, because the additional calcium which birds will receive, would upset the ration between calcium and phosphorus. Your regular feed rations provide a well-balanced ratio between your minerals.

ROBERT L. BEALL
Robert Lincoln Beall, prominent citizen and retired farmer of Ladiesburg, died Thursday morning at 6:45 o'clock at the home of his son-in-law and daughter, Mr. and Mrs. William Long, aged 86 years and one month. Death was due to infirmities of age after a week's illness.

The deceased was a son of the late Otho and Matilda Poole Beall and a member of Mt. Zion Church, near Ladiesburg. His wife, Mrs. Emma E. Poole Beall, predeceased him 46 years ago.

Surviving are these children:

Otto Beall, Thurmont; Marshall Beall, Keymar; Mrs. Nova Sharer, Keysville; Mrs. William Long of Ladiesburg; Mrs. Nellie Late, Middleburg and Mrs. Genevieve Claybaugh, Keymar. Fifteen grandchildren and 14 great-grandchildren also survive.

Funeral services were held Sunday afternoon at 2:30 o'clock at the residence of Mr. and Mrs. Long at Ladiesburg, Revs. R. S. Poffinbarger and Raymond C. Myers officiating. Interment in Mt. Hope Cemetery.

Down the Line
with Johnny Bell

It's the Bell System's largest cable plow, a 27-ton monster fondly known as "Mickey Mouse." Pulled by three 20-ton tractors, it can cut a slot in the earth up to five feet deep, drop telephone cable in the slot and cover it all in one operation. "Mickey" is only one of the many types and sizes of tools being put to work to expand and improve telephone service across the nation.

Tight squeeze

Telephone booths along the highway are mighty convenient sometimes. Witness the horseman who telephoned the local police: "My horse threw a shoe and he's limping badly. He's right here with me." "I suppose he's there in the booth," the cynical sergeant replied. "Let's hear him say 'Hello.'" A frantic whisper was followed by a long, piercing whinny. The deaf but wiser sergeant sent a blacksmith without further question.

It pays to take a short break

When you have a big day's work to do, it's a good idea to take a short break between jobs. The same rule holds good when you want to make a number of telephone calls on a party line. By allowing some time between calls, you give others a chance to use the line. Well-spaced calls also make it easier for someone to reach you.

The Chesapeake & Potomac Telephone Company of Baltimore City.

Most of Poppy Money Remains "At Home"

While a small part of the proceeds from the sale of VFW Buddy Poppies is distributed nationally to further the service work of the Veterans of Foreign Wars, the bulk of the money collected in Emmitsburg will remain here to help carry on the welfare activities in this community, Past Commander Vernon Keilholtz explained today in urging the public to generously support the Buddy Poppy sale campaign.

"When the 29th annual VFW Buddy Poppy sale is conducted every citizen should realize that when he makes his contribution, he is not only bringing much needed assistance to our own needy veterans, but is also helping those disabled veterans who are confined to hospitals throughout the country," Past Commander Keilholtz said.

This year, the VFW hopes to sell 20 million Buddy Poppies. Funds will be used to assist disabled and needy veterans, war orphans and the widows of veterans. Also, proceeds will be used to implement the VFW's extensive rehabilitation program for war veterans and their dependents.

"It doesn't matter where a veteran is from," declared Past Commander Keilholtz, "we are always ready to help him, and he doesn't have to be a VFW member."

"For example," Mr. Keilholtz continued, "a war veteran in Iowa may need assistance in getting approval of his disability claim. A war widow from Georgia may seek help in securing her pension, or a war orphan from Maine or Washington may need aid. In all such cases the VFW gives prompt and free aid."

Funds from the Buddy Poppy sale will be used to facilitate this help which the VFW extends.

"We hope that the citizens of Emmitsburg will be as generous on Buddy Poppy Day as in the past." Saturday, May 27, has been designated as Poppy Day here.

HOMEMAKERS' CORNER

"One basic rule for adequate lighting in your home is 'a lamp for every chair usually occupied by each member of the family,'" says Florence Mason, extension home furnishings specialist.

"Study, music and sewing centers require extra lighting. 'The homemaker may choose either table or floor lamps. However, the farther away a lamp is from the 'seeing place,' the more wattage is necessary. Floor lamps, being tall, need stronger bulbs, and because of their height break up the continuous work level of light around the room. The result is a spotty, restless effect in room lighting."

"Another disadvantage of the floor lamp is that the strong light under the shade may fall directly in the line of vision of someone across the room. It's also hard to place a floor lamp in the right location for good seeing if furniture is against the wall. They are equally awkward to use with tables."

"One reason why so many floor lamps are used is that few rooms have enough tables to carry the number of lamps needed. Therefore, an investment in the right kind of tables will make your lighting more efficient and convenient, and will give your rooms a more gracious appearance."

Picnic Precautions

Now that picnic season is at hand, parents may well read a warning between the lines of a survey reported by the U. S. Dept. of Agriculture. Children are frequent sufferers from burns as a result of playing around outdoor fires or stoves, the survey showed. All scaldings reported in the survey occurred to children or women. In cost of medical care, burns took third place among all types of farm accidents.

Dessert News

If you're looking for a dessert without that too-sweet taste, try this apple-and-cheese combination suggested by home economists. Core firm, tart red apples and stuff with Roquefort cheese. Chill several hours in the refrigerator, and serve on individual doilies with fruit knives, so that each person may slice his own. The flavor contrast is deliciously different — an exciting change from pastries and cakes.

Sink Center

Since water is essential to cleaning, dishwashing, food preparation and cooking, say home management specialists, the sink is the axis around which all kitchen work revolves. A wise homemaker will save herself extra work by keeping these articles in this area: paper towels, garbage can, dishpan, dish drain-

Calcium Contents High In Milk

How to get more out of food for the family table calls for a lot of nutrition sense.

At the University of Illinois, Dr. Janice Smith, head of the department of home economics, reports that cocoa may be added to milk for drinking without changing the calcium value of milk, the principal source of calcium. Milk supplies 75 per cent of the calcium in the food consumed by persons.

In Dr. Smith's study a group of university women served as experimental subjects. They were fed varying levels of cocoa on

both a high and a low calcium intake. Their calcium retention was measured during eleven different periods extending over a school year. Even on low calcium intakes, Dr. Smith found no significant differences in calcium retention when cocoa was or was not present in the diet.

In commenting on the study, sponsored by the dairy industry, Milton Hult, president of the National Dairy Council, Chicago, stated the body needs milk for growth and maintenance of strong bones and teeth and for general good health. If children and adults like milk better with cocoa, serve it in that manner. It will be utilized by the body effectively either way."

SJHS Glee Club Plans Concert

The St. Joseph's High School Glee Club, under the direction of Mr. Roy Drake, will hold its first concert in the auditorium of the school on Sunday, at 7:30 p. m.

Soloists of the evening include Anna Mae Welty, Anna Marie Hobbs, George Greco and William Myers. The accompanist for

HEROES WHEN

THEY WERE

"OVER THERE"...

HOW ABOUT IT

NOW THAT THEY'RE

BACK HERE?

In the dark days from December 7, 1941 to September 2, 1945 all America was proud of "our boys." Every American prayed for them, worked for them, bought Bonds for them. People said: "We will never forget."

Don't let's forget again... as we did after 1918. Let's remember, this time, and prove to them and the world that America's gratitude, like its ideals of Freedom, can be the model of civilized nations.

When Poppies Pass

By Helen Harrington

Remember the men who can't forget the shattered earth, the bursting sky, the smoking waves, the flame-fired jet, and silent graves where buddies lie.

Remember the men whose wounds run deep in heart and mind and flesh, the men who carry pain, alone, to sleep and wake to lonely pain again.

Remember the men who must recall the landing barge, the rotting beach, and Danger looming gun-barrel tall and Peace, a knife-point out of reach.

Remember the men who cannot speak or, speaking, cry from blades of grass, "For us the suns of spring are bleak... Remember us... when poppies pass."

REMEMBER THEM—

Bid Farewell
To Classmen
In an auditorium decorated with palms and large sprays of flowering dogwood the juniors of St. Joseph's High School bade a formal farewell to the class of '50. Music for the occasion was furnished by the Sportsmen.

After the first intermission and the grand march, Mary Louise Jordan, a senior, placed a corsage on the statue of our Blessed Mother. Following this, the student body sang the favorite hymn, "Star Crowned Virgin."

Donald Rodgers, president of the junior class, assisted by his mother, Mrs. Thornton Rodgers, presented each senior with a white carnation, their class flower.

Delicious refreshments were served by a committee of mothers headed by Mrs. Bernard Boyle. Parents of the juniors who acted as chaperons for the dance were Mr. and Mrs. Herbert Miller, Mr. and Mrs. Hugh Rocks, Mr. and Mrs. Thornton Rodgers, Mr. and Mrs. Bernard Boyle, Mr. and Mrs. Walter Scott, Mr. and Mrs. Norman Adams, Mrs. Curtis Topper, Mrs. Andrew Jordan, Mrs. Laura Rosensteel, Mrs. Daniel Topper and James Orndorff.

Hands Once Operating Guns, Making Poppies

"VFW Buddy Poppies are fashioned by the same hands that flew the planes, steered the ships, and manned the guns in the struggle for freedom and democracy," Adjutant Lumen Norris reminded us today in emphasizing the value of the sale of the little crimson flowers to be held Saturday.

Disabled veterans in Government hospitals and soldiers' homes actually do the work of assembling the Buddy Poppies, and they receive compensation for their work, Mr. Norris said. Not only has this activity proved of real therapeutic value, he declared, but it also provides some extra spending money so that these men may buy some of the little extra comforts the VA does not give them.

He explained that funds realized from the sale of Buddy Poppies to the public are used exclusively for the welfare and service work of the VFW.

"Most of the money raised locally will stay right here in Emmitsburg," Adjutant Norris said, "and will assist us in caring for the needs of our own sick and disabled veterans, their dependents, and survivors of the comrades who have passed on."

Reminding that the citizens of Emmitsburg have responded generously to the annual Buddy Poppy sale in the past, Mr. Norris expressed the hope that they will contribute even more this year.

RESPONDS TO CALL

The Vigilant Hose Co. of Emmitsburg was summoned to the home of James Brown, four miles west of town Monday at 10:20 a. m. to extinguish a chimney fire. There was no damage.

Mr. and Mrs. Ralph S. Sperry, who have been spending some time in Florida, returned this week to their home on S. Seton Ave.

Junior Legion Team Opens Season Saturday

The local junior Legion baseball team, sponsored by the Francis X. Elder Post of Emmitsburg, will open its 1950 season against the Hampstead Jrs. at Hampstead Saturday. The first home game for the local squad will be played here Memorial Day on the Community Field starting at 2:30 p. m. At the present time, no opponent has been selected because of the lack of a playing schedule. The teams in the loop will play 14 games, seven at home and seven away.

Manager Jack Rosensteel said the members are to meet at the Legion Home on N. Seton Ave. Saturday at 12:15 p. m. for departure for the Hampstead game. He indicated the probable lineup as: Chrismer, 3b; McNair, 1f; Boyle, rf; Walter, cf; Jordan, 2b; Joy, 1b; Little, c, and Collins, p.

Boy Scout NEWS

By HENRY H. CHARLTON
Scoutmaster, Troop No. 284

The Emmitsburg Boy Scout troop has laid final plans for capturing all honors at the District Camporee to be held June 2, 3, and 4 at Lewistown.

A practice camporee is to be held this week-end at Shank's Mill. The troop has just purchased 12 packs, four pup-tents, and four water bags. The individual patrols are making patrol cooking equipment.

The troop is in dire need of a truck to transport newspapers from Emmitsburg to Gettysburg. Scoutmaster Henry Charlton stated this week. If you have a truck available now, contact him at once.

As a good turn project for the summer months, the troop has volunteered to cooperate with the Lions Club in maintaining a summer playground from June 19 through August 18.

Several of the Scouts are starting to work on Indian lore. Allen Stoner has just completed the construction of an Indian headdress. Before the end of summer, it was believed several more will be interested in his project.

Hanover Shoe Drops First Ball Game

The Hanover Shoe baseball team lost its first game of the 1950 season Monday evening in a twilight game played on the Community Field. The loss put "Slim" Deatherage's charges in undisputed second place with four wins and one defeat.

A big rally in the seventh frame, when Harney came up with four runs, gave the visitors the margin of win, 7-4. Harney led 3-0 at the end of the third, but Emmitsburg tied it up in the sixth.

Newcomer hurled all the way for Emmitsburg, allowing 10 hits. Single pitched for Harney giving up only six hits, two of which were by D. Saylor.

MRS. ELLA EYLER

Mrs. Ella Smyser Eyler, a former resident of Emmitsburg, died at her home, 51 Ridge Ave., York, Pa., Monday afternoon at three o'clock at the age of 79.

She had been ill for the past six months. She was a daughter of the late Milas and Annie Plank Wilson, and the wife of the late Charles E. Eyler.

Surviving are a son and daughter, Nervin Eyler, York and Mrs. Michael Wilke, California; three grandchildren, six great grandchildren, and these brothers and sisters, Charles and Robert Wilson, Gettysburg, Pa.; Howard Wilson, California; Mrs. Emma Eppelman, Carlisle, Pa.; Mrs. Mary Reigle, Gettysburg, and Mrs. Zoe Speinour, Lakeland, Fla. She was a member of the Grace Evangelical United Brethren Church, York.

Funeral services were held yesterday at the S. L. Allison Funeral Home, Emmitsburg, at two o'clock. Rev. Woodrow Bartges officiated. Interment in Mountain View Cemetery.

George L. Wilhide

Heads Local

P-TA Assn.

Officers for the ensuing year were elected and installed at the regular monthly meeting of the Emmitsburg High School P-TA Wednesday night. About 50 parents attended the meeting.

New officers installed were: President, George L. Wilhide; vice president, Samuel C. Hays; secretary, Mrs. Mary Hoke; assistant secretary, Miss Edna Stull, and treasurer, Mrs. Luther Cregger.

Mrs. Oscar H. Stinson, delegate to the Community Fund, reported on that organization's activities. Announcement was made that the public library will be open all summer and that a new line of children's books are available to the public.

Weldon O. Shank reported on the recent meeting of the Frederick County Council of Parents-Teachers' Assn., held in Frederick. Representing Emmitsburg at this meeting were Arvin F. Jones, Samuel C. Hays, and Weldon O. Shank.

Principal Jones gave a short talk on the new improvements to be made at the school and said it was the hope of officials to have this project completed by the fall of 1951. A new gymnasium, cafeteria, and several new classrooms are planned.

The new president, Mr. Wilhide addressed the membership and congratulated the retiring officers for the splendid work accomplished by them in the past year. An invitation was extended to attend the Folk Festival to be held in Baker Park, Frederick, on June 1.

The attendance banner was won by the third grade, tutored by Mrs. Helen Walter.

Homemakers

Club Has

Active Session

The regular monthly meeting of the Emmitsburg Homemakers Club was held yesterday afternoon in the home of Mrs. Charles Fuss. Mrs. Laurence Orendorff, the president, presided. Opening the meeting was the reciting of the American Creed, followed by the reading of the minutes of the last meeting. A report was given by the Short Course Committee and delegates will be announced later. The president, Mrs. Orendorff, acting as chairman of the Cancer Drive, said that the canvassing committee of Mrs. E. L. Higbee, Mrs. Robert R. Gillelan, Mrs. Thornton W. Rodgers, Mrs. George S. Eyster, Mrs. John J. Hollinger, Mrs. John D. White, Mrs. J. Ward Kerrigan has turned over to the club a collection of \$246.97.

The organization voted to sponsor the Book Wagon, for the benefit of the Frederick Memorial Hospital.

A communication from Evelyn Hutson was read and invited the club to Achievement Days to be held in Frederick July 24 and 25. All exhibits will be open to the public at the Extension Office from 9 a. m. to 4 p. m. July 25. The 4-H girls will give demonstrations of the exhibits Tuesday, July 25, beginning at 9 a. m. Miss Grace Rowe was appointed as assistant secretary and publicity director of the club. At the suggestion of Mrs. Harry S. Boyle, a new heating pad will be purchased and added to the Loan Closet.

Mrs. John D. White reported on a box shipped to the Pointels family in France. A very nice letter was received from the Pointels, and will be published in next week's Chronicle.

A bus trip in the near future was discussed and the following committee was appointed to make arrangements: Mrs. Harry S. Boyle, Mrs. Lewis Higbee, Mrs. Roy Bollinger, and Mrs. Mervin Tate. One new member was accepted, being Mrs. Edward Selig.

Project demonstrators, Mrs. Robert S. Fitez and Mrs. Edwin Chrismer gave a demonstration on co-ordination of wardrobe, suits, and accessories modeled by Mrs. Raymond Baumgardner, Mrs. Laurence Orendorff, and Mrs. George S. Eyster. The afternoon of games will be held June 8, the place to be announced. Next meeting will be held June 22 at the home of Mrs. Raymond Baumgardner.
