

# EMMITSBURG CHRONICLE

VOL. LXXI, NO. 47

EMMITSBURG, MARYLAND, FRIDAY, AUG. 10, 1951

SUBSCRIPTION: \$2.00 PER YEAR

## Most Anything At A Glance

BY ABIGAIL

Dear Abigail:  
You seem to be the person I have in mind to help me get over a very important project! You all know we have an ambulance which serves the people for many miles around in addition to Emmitsburg.

It should be known as Old Faithful, as it is ready to serve you anywhere or anytime. Now this Old Faithful has to have gas and oil and good tires and a physical exam once in a while, to keep it safe and ready to serve you.

Who pays for all this?

The VFW boys can't do it all. They really did more than their share when they made it possible for Emmitsburg to have an ambulance. You, Mr. and Mrs. Citizen, and your sons and daughters of Mr. and Mrs. Citizen, don't know how soon YOU may need the services of Old Faithful to take you or a dear one to the hospital. Now, this is the little favor I am asking of you. Every man or woman, boy or girl that can earn wages, reach down into that old pocket and fish out an old dollar bill, put it in an envelope and mail it to the VFW Ambulance Fund, Emmitsburg, Maryland. Do it as a contribution to the Block Party (just a sidekick, you know), and make that contribution at once. We don't want to be ashamed to look Old Faithful in the face when it comes to our home to haul us to the hospital.

We all want to feel proud to think we helped to keep Old Faithful on the road. Thanking you,  
A Friend of Old Faithful  
\* \* \*

Dear Abigail:

I should like to compliment you on your forthright comments in last week's Chronicle on (1) the recent incident demonstrating racial prejudice and (2) the unsightly condition of the Square. As for the first, such an exhibition of discrimination against a portion of our American citizenry is of course just a proof of ignorance and lack of logical thinking and of disloyalty to the fundamental principles of our democracy on the part of those who staged the exhibition. And what an opportunity such incidents give the enemies of democracy to argue against it!

As for the condition of the Square, that is indeed, in certain parts at least, all that you describe it to be, and has shocked me daily as I walk across it to the postoffice. But the point I especially wish to make is that it is not the property owners or tenants of the places to which the sidewalks and adjoining streets belong that are responsible for the mess, but the people from somewhere else, who walk casually by, or park themselves on the steps or their cars along the front of these places and throw their litter "regardless": cigarette stubs, cigarette wrappings, cigarette cartons, soiled tissues (ugh!), pieces of newspapers, whole newspapers, rags, chewing gum wrappers, cellophane and cellophane and more cellophane, labels, torn-up letters, paper cups, et cetera, et cetera—a disgusting and completely unnecessary disfigurement of sidewalk and street. And nobody (I speak from daily experience with this problem, for my pavement is near the Square and gets much of the debris, left there directly or blown from farther away) can keep front premises entirely respectable under the constant activities of these thoughtless (yes, and selfish or badly-trained—I am thinking now of the children) throwers! I had thought myself of securing a refuse container for my pavement with the inscription "Look this is a trash container. Please either put your trash in it or take it home and throw it (the trash, not the container) on your own pavement!" But one container, I

(Continued on Page Two)

## OLD HOME WEEK AND CARNIVAL TIME EXTENDED

Following the report of the Carnival committee at a united session of all Old Home Week and Carnival committees at the Fire Hall Wednesday night, it was decided definitely to continue the Carnival and celebration opening Thursday, Aug. 30 on through to Saturday, Sept. 8. The Emmitsburg Old Home Week and Carnival will officially open on Thurs., Aug. 30, with what promises to be the biggest and most outstanding parade ever to be held here.

Parade Committee Chairman J. J. Hollinger, reported all arrangements have been made with the judges and that entries were being received for the parade at an encouraging rate and that in the more than three weeks remaining, they should have a parade lineup for Aug. 30 here that will really be outstanding in every detail. The entire food concession was placed in the hands of the ladies' auxiliaries of the local VFW and American Legion. They will serve seafood, sandwiches, barbecue, etc. every evening except Sunday.

Arrangements have been made by the carnival committee for a number of different types of rides and concessions for the entire nine days of the carnival. It was voted to eliminate suppers entirely. The entertainment committee reported that since the carnival was extended to run for nine days, it would be necessary to provide additional entertainment to what was already secured. The entertainment committee was authorized to arrange for entertainment for each night including Emmitsburg's old time band, directed by Mr. Walter A. Simpson, and Ralph McDonnell's Hillbilly Band.

The Chautauqua Home Talent Show dates were changed from Thursday and Friday of Aug. 30 and 31, to Thurs., and Friday, Sept. 6 and 7.

Edgar G. Emrich, in charge of the turtle racing contest, announced that he needed more turtles, and asked for local contributions of turtles. The window decorations with the historical displays at the business places was discussed and a strong feeling was shown for more interest and participation in this part of the celebration. Mrs. Robert E. Daugherty was made co-chairman along with Mrs. J. Laurence Orendorff of the display committee. Rev. Philip Bower was made co-chairman of the publicity committee, along with C. A. Elder, and was directed to select five more members to be included on publicity committee. Mrs. Robert Daugherty, Mrs. Marie Rosensteel, Mrs. Roy Bollinger, Lumen F. Norris and Guy Baker, Jr., were selected as members of this publicity committee.

Col. T. J. Frailey, reporting for the invitation of the chief guest of honor and speaker for Sunday night, Sept. 2 program, said he had received a letter from Gov. McKeldin, stating that a previous engagement made it necessary for him to decline the honor.

The grounds committee reported there would be seven wagons with tractors at the Firemen's Field Thursday afternoon and evening to move the 100-ft. pavilion there, to a new location where it can be used for the carnival. General Chairman B. H. Boyle announced that a milk company would donate all the milk for the entire carnival and also that a coffee concern would contribute coffee for the entire carnival.

## PASSES STATE EXAM

Matt J. Paidakovich, Wash., D. C., and former local baseball player, passed the State Pharmacists' examination in Maryland, it was learned this week. Matt is a graduate of George Washington University and has been practicing for the past year in the District of Columbia.

Mr. Paidakovich is married to the former Miss Dora Elder.

Miss Beulah Glass visited a week with her brother and sister-in-law, T-Sgt. and Mrs. Glen Glass, Washington, D. C.

## ALL-STAR BALL GAME SCHEDULED AT LITTLESTOWN

A meeting of the Pen-Mar Baseball League was held Tuesday night in the VFW home in Littlestown, President D. L. Beegle, presiding.

An All-Star game was decided upon for Wednesday, Aug. 22, at 8 p. m. at Littlestown, under the lights. August 23 was set as a rain date.

The plan for the game is to have each team to furnish five players, including a pitcher and catcher, and three other players. Each club is to bring its own bats and two balls.

Joseph Scott of Fairfield is to handle arrangements for the Pennsylvania teams and Dr. D. L. Beegle, Emmitsburg, will notify the Maryland teams of the arrangements. An advance ticket sale is contemplated. Admission was set at 60 cents, including tax. The managers of the two leading teams will manage the All-Star game.

In other business transacted at the Tuesday session, Thurmont and Cashtown were each fined \$20 for failure to field a team on recently scheduled contests. Littlestown, the offended club, was presented a \$40.00 check.

## Local Man Sues For Divorce

Petitions for alimony, counsel fees and costs, and for a bill of particulars and temporary stay of proceedings in the divorce action of Philip B. Sharpe, Emmitsburg R. D. and Adams County, against Ethel Marie Sharpe, Osterville, Cape Cod, Mass., were filed this week in the office of the prothonotary, Gettysburg, by the defendant in the action.

Mrs. Sharpe in her petition for alimony, counsel fees and expenses, says that she now receives a support order from her husband for the support of herself and their two minor children, but does not have funds for a defense of the divorce action.

The petition claims that Mr. Sharpe earns in the neighborhood of \$10,000 annually as a gun and ballistics expert.

Mrs. Sharpe further contends that the summons in the divorce action was filed on her by registered mail at Lincoln Park, Mich., on June 13. She says she was recuperating from an automobile accident and was unable to be in Gettysburg within the 20-day limit for filing her answer or to consult with an attorney. She was unable to reach Gettysburg until July 3, according to the petition.

## Hall Assn. Plans To Change Name

The Emmitsburg Community Hall Assn. met Tuesday night at the Fire Hall, with President Edgar G. Emrich, in charge.

Minutes of the previous meeting were approved as presented by Secretary Carroll Frock, Jr. A motion was unanimously acted on to change the name from the Community Hall Assn. to the Memorial Hall Assn., and Col. T. J. Frailey was appointed to draw up the necessary amendments to the constitution and bylaws. These amendments will be voted upon at the Sept. meeting. Authorization of the transfer of funds to the Community Home Coming and Carnival was voted.

There was a discussion of how to obtain a more active interest in the Memorial Hall Assn. from the civic groups. A letter or personal contact was favorably mentioned, but no action was taken.

Mr. and Mrs. Roy Wivell and daughter, Theresa, visited with Mrs. Wivell's mother, and sister, Mrs. Mary G. Guise and Mrs. C. Sheffield in Baltimore last week. Miss Theresa Wivell is spending some time with her grandmother and aunt there.

Mrs. Edgar N. Rhodes spent a week in Baltimore at the home of her son and daughter-in-law, Mr. and Mrs. Hudson Rhodes.

Mrs. John M. Zacharias, W. Main St., is visiting with her son and daughter-in-law, Mr. and Mrs. Richard Zacharias, York Village.

## Fighting Brothers Meet in Korea

Pictured above are two Emmitsburg brothers, who, after months of hard fighting in the hills of Korea, finally met in reunion recently. The soldiers, sons of Mr. and Mrs. Robert Sanders, E. Main St., are Marshall and Thomas Sanders. Latest word has it that Marshall is expected to be discharged any day now. Tom is an enlistee for three years.

## Ladies Auxiliary Votes Three

### Local Contributions

The Ladies' Auxiliary of the Francis X. Elder Unit 121, met at the post home Tuesday evening, the president, Margaret Brown, presiding.

Miss Ruth Gillelan acted as secretary in the absence of the regular secretary, Mrs. Carmen Topper. Twenty-three members were present. Announcement was made of a district meeting to be held in Hagerstown on August 19. Following this meeting a caucus will be held to elect a new vice president for the Western Maryland District for the coming year. Miss Ruth Gillelan, Laura Rosensteel and Margaret Brown were elected to be delegates to this convention. Teresa Pecher was elected alternate delegate.

The sale of sandwiches for last month realized \$29.88. It was announced that 21 women were presented certificates at a party held on July 19, for completing the home nursing and mother and baby care course and that Mrs. J. Ward Kergian presented the certificates and Dr. J. H. Allison gave a talk to the group.

The Auxiliary appointed the following committee to have charge of the food concession for the Old Home Week and Carnival: Mrs. Roy Bollinger, Mrs. Frances Stinson, Mrs. Harry McNair, Mrs. Estella Frailey.

A donation of \$25 was voted to the Community Fund and also \$25 to the Ambulance Fund. It was announced the Auxiliary will underwrite a \$25 contribution for the staging of Old Home Week expenses. Several members attended the dedication of the Thurmont post home last Sunday.

Mrs. Ann Orendorff's name was drawn for the \$4.00 draw prize, but was absent.

## ENTERTAINS AT

### BRIDGE AND CANASTA

The Misses Carrie and Elizabeth Rowe entertained at bridge and canasta on Monday evening. Those present were Mrs. Thomas J. Frailey, Mrs. William A. Frailey, Mrs. E. L. Annan, Jr., Mrs. J. William Rowe, Miss Ruth Shuff, Mrs. Rodman Cadle, Mrs. Robert Gillelan, Mrs. Hester Burton, Mrs. H. P. Freeman, Mrs. James H. Allison, Mrs. Leonard Zimmerman, Mrs. Walter Pepler, Mrs. Fred Ward, Mrs. E. L. Higbee, Miss Anabel Hartman, Mrs. Estelle Watkins, Miss Eva Rowe of Washington and Miss Ann Rowe of Richmond. Prizes for bridge were won by Mrs. E. L. Annan Jr., and Mrs. William Frailey. Canasta winners were Mrs. Thomas Frailey and Mrs. Leonard Zimmerman.

Pfc. Charles E. Wivell, has been transferred from the Marine Camp Joseph H. Pendleton, to Camp Del Mar, Oceanside, Calif. Pvt. and Mrs. Joseph D. Wivell, who is stationed at Fort Meade, Md., spent Sunday afternoon with his parents, Mr. and Mrs. Roy Wivell.

Sgt. Raymond Harbaugh is spending a 30-day furlough with his mother, Mrs. Bertha Harbaugh. Sgt. Harbaugh, upon completion of his furlough, will report to Fort Meade for reassignment.

## LEGION PLANS WASHINGTON TRIP FOR JUNIORS

The regular monthly meeting of the Francis X. Elder Post, American Legion, was held Tuesday evening, Aug. 7, at the post home. T. Eugene Rodgers, the newly-elected commander, presided with about 40 members present. Jack Rosensteel gave a report on the Legion Junior baseball team and stated the team is progressing very favorably. He also proposed that the Juniors attend a big league game in Washington, sometime before the season terminates. The Legion accepted the motion to sponsor this trip.

Allen Bouey gave a report on the recent crab feed and remarked that both service clubs scored about even on this affair, which was sponsored jointly. Philip B. Sharpe reported that each Gold Star Mother and widows of the boys who gave their lives in World War II, were presented with pictures of the Honor Roll dedication, held May 27. Louis F. Rosensteel read a letter of thanks from Mrs. Carrie Fuss Long for the pictures presented by members of the Honor Roll committee, in behalf of the post.

A letter of appreciation was read by Phil Sharpe from Mrs. Charles Clarke of Thurmont, expressing thanks for the donations of 20,000 cigarettes by the VFW and Legion.

A motion was made to send William L. Topper, the present commander of the local post, and who is now confined to the Gettysburg Hospital, as a result of an automobile accident, a gift of cigarettes. Commander Rodgers, to be installed next month, reported the state convention will be held in Baltimore the latter part of August and urged all members to attend.

## Mrs. Clarke Thanks Units for Gifts

Editor, Emmitsburg Chronicle:

I would appreciate it very much if you could find space for the following article. It is a letter of thanks to your wonderful donors. All I have to do is to let your town know that I am going to Walter Reed Hospital to donate blood and they do the rest. They send gifts, lots of them, to bring happiness to those who have given so much for us. The magazines they read and pass a lot of time enjoying the radio donated by Captain Philip B. Sharpe and also Robert C. Wormley. The checks from the Emmitsburg VFW and American Legion and for the thousands of cigarettes for our boys and also for the cash for candy and gum. A county ice cream plant donated enough ice cream to take care of two wards. Also donated were two mouth organs, 3 more radios, razor blades by St. Joseph's College. I want to thank all those who brought this happiness to our wounded soldiers coming over from Korea. They have no hands, no feet, broken spines, I know. I visit them with your help and let's keep it up, do all you can to help them. In eight weeks I am going to make another donation of blood—my 31st pint. I'll give the blood, you give the gifts. God bless you all!

MOTHER CLARKE  
Thurmont, Md.

The Whetstone Bible Class of the Waynesboro Lutheran Sunday School has changed the date of its visit to the local Lutheran Men's Class from Sunday, Aug. 12 to some time in October.

## PICNIC DELD

Members of St. Joseph's High School Alumni and their guests thoroughly enjoyed their picnic held Sunday at Marsh Creek Heights. More than 25 participated in boating, swimming and softball.

Sgt. Raymond Harbaugh is spending a 30-day furlough with his mother, Mrs. Bertha Harbaugh. Sgt. Harbaugh, upon completion of his furlough, will report to Fort Meade for reassignment.

Arthur and Gay Elder, children of Mr. and Mrs. C. A. Elder are spending a week at Ocean City.

## CORPORATION PLANS TO HAVE ALLEYS PAVED

The treasurer's report, given at a meeting of the Town Council Monday evening in the Fire Hall, showed a balance in the general account of \$11,487, and that the bonded debt was entirely paid off with a \$49.65 balance in the bond account. This account was ordered closed and the balance transferred to the general fund. Meter receipts for July amounted to \$261.15. The balance due on these meters was reported as \$755.

Two requests for surfacing alleys were received. One from Mr. Howard V. Tull, who appeared in person, and another by letter from Dr. James H. Allison. Burgess T. W. Rodgers said the alleys were next on the program for repair and improvement after the work on DePaul St. is completed.

The burgess announced he had made a complete survey of the town by going over all streets and alleys. He outlined a general program of repair, cleanup and improvement.

The Chief of Police's report was received in person and \$28.50 received from fines was turned over to the Council. The Chief asked for power to arrest and fine those who persist in loitering in groups and making disturbances on the streets late at night. He was informed that such an ordinance was in effect. The new Chief was commended by the Council for his services.

Commissioner Charles R. Fuss, recently appointed Commissioner, took an active part at the meeting. He called the attention to the condition of the alleys in the rear of the Emmitsburg Recreation Center leading from the rear of the Reformed Church and the alley going by the Hanover Shoe factory. These alleys were ordered repaired. He said conditions around the Square were very unsightly and needed cleaning up. Council took action to place two trash cans around the Square and have the area swept each week and the rubbish hauled away.

Several bad pavement conditions were noted and one particular condition which recently caused \$75 damage to bus tires. It was reported that it was the property owners' responsibility to keep pavements in good condition.

Two requests from the Vigilant Hose Co. were received. A special contribution of \$600 was granted the fire company for the new truck it has on order, and the firemen were granted permission to use one parking space on W. Main St. near the fire house for the ambulance, in an emergency.

A request for use of a parking space on an annual basis for a \$15 rental fee for private citizens, was rejected. The burgess reported he is in communication with an engineer of the Dept. of Health and that plans were being worked out for the installation of a chlorine machine at the town disposal plant. This machine costs around \$2,000. A communication from the State Roads Commission requesting a town ordinance for restricted parking on North and South Seton avenue, was acted upon. Stopping, but no parking will be permitted on either side of Seton Ave. for a distance of several hundred yards from the Square, if and when the proposed restrictions are imposed.

## Chorus Meets Again

The Emmitsburg Community Old Home Week Chorus met for the second rehearsal Monday at the Emmitsburg High School. All members of the chorus, as well as its director, William Simpson, were very pleased with the noticeable progress being made. The attendance was much above that of the previous rehearsal and indications are that the chorus will give an excellent account of itself on Sept. 2 when it will sing for the Sunday Community Service.

Arthur and Gay Elder, children of Mr. and Mrs. C. A. Elder are spending a week at Ocean City.

### Local Grange Meets With Creagerstown

The Emmitsburg Grange was the guest of the Creagerstown Grange at a Friendship Meeting last Friday evening and gave the literary program.

Emmitsburg Grangers attending were Master Norman Shriver, Mr. and Mrs. John Baumgardner, Mr. and Mrs. Raymond Baumgardner, Mr. and Mrs. William Wivell and daughter, Catherine, Mr. and Mrs. Morris Zentz, Mr. and Mrs. Buford Manners, Mrs. Clara Harner, Mr. and Mrs. E. J. Smith, Mr. and Mrs. Harry Swomley Jr., Mr. and Mrs. Geo. Martin, Mr. and Mrs. Norman Six, Mr. and Mrs. Edgar G. Emrich, Mr. and Mrs. Greer Keilholtz, Taneytown.

Mrs. Rachael Emrich, literary chairman of the local Grange, presented the following program following the business meeting: Group singing, accompanied by Mrs. George Martin on the piano; reading, "A Typographical Error," by Clara Harner; a skit, "The Fireman Knows His Onions," by John Baumgardner, Geo. Martin, Raymond Baumgardner, Norman Shriver and Harry Swomley Jr.; "A Monkey's Disgrace," by Edgar Emrich. Both Granges took part in playing games. Refreshments were served by the hosting organization.

visited friends. One of the most outstanding points of interest was the President's vacationland at Key West, Fla.  
Mr. C. C. Springer and Miss Hazel Gallagher spent Sunday with Mrs. Edna A. Tressler.

### YINGLING REUNION

The fifth annual reunion of the Yingling family was held on July 22 at the home of Mr. and Mrs. Charles E. Lingg of Emmitsburg. Those present were Mrs. Lloyd M. Stoner and sons, Lloyd and Clarence, Mr. and Mrs. Charles Stoner and daughter, Diane, Mrs. Frances Wennell and son, Richard, Mrs. Alesandro Galls, Mr. Eugene Lingg, Mrs. Pope and Miss Margaret Kutlik, all of Baltimore; Mrs. Michael Jacobson and children, Anthony, Nicholas, Timothy, Angelina, Patricia and Devereaux, Mr. Charles Bopst, of Harrisonville, Md.; Mr. and Mrs. Harry Yingling and daughter, Janet, Mr. and Mrs. Robert Sterner, Mr. Frederick Wallick, Mr. and Mrs. Robert N. Yingling and sons, Danny and Glenn, Mr. and Mrs. Robert J. Yingling and children, Raymond, Bobby, Nancy and Charles, William Yingling, Mr. Thomas Yingling, all of York; Mr. and Mrs. Clarence Shipley of Thurmont; Mr. William Cavallos of Equador, South America; Mrs. Rosella Yingling and child.

### Abigail

(Continued from Page One)  
fear, would do little good. So by all means keep on urging the Corporation or some "civic-minded organization" to take action—and before Old Home Week gives a lot of outsiders a chance to wonder what kind of townkeepers we are.

### Report From Washington

Fiscal matters continue to occupy the center of the stage here in Washington.

Demands that the budgets for the various departments and agencies be squeezed dry of all non-essential, non-defense undertakings, and that economy be practiced by all concerned, continue to pour in to the Congress.

The necessity for a balanced Federal budget seems to be generally understood and accepted, but there is widespread revolt against the possibility of greatly increased taxes to provide for construction projects or social or other government services which have no connection with the security program and which, in many cases, would actually impede that program by absorbing scarce labor and materials.

In line with my expressed conviction earlier that more than \$5 billions should be cut from the budget, I have consistently supported amendments to cut appropriations in the various appropriation bills which have been considered in the Senate.

Likewise, in connection with proposals for increased Federal judges in various sections, I have checked with members of the bar and of the judiciary throughout Maryland and as a result have determined to oppose any such proposals for new judges for our state, simply on the basis that

additional judges are not needed at the present time.

**Release of Red Prisoners Urged**  
Following up efforts initiated some weeks ago to provide for the exchange of ill and wounded Korean prisoners of war, I am making official request to Secretary of Defense Marshall with regard to the inclusion of missionaries and other non-military personnel now in the hands of the Communists, in any Korean cease-fire agreement that is reached.

It seems particularly urgent that stress be laid upon this by the American negotiators inasmuch as there has been no evidence of cooperation by the Red forces with the International Committee of the Red Cross which is the agency through which the efforts were pushed to effect an agreement and procedures for the exchange of Korean war prisoners.

Though freest opportunity has been given the representatives of that great organization to examine captured Chinese and North Korean prisoners in UN camps in Korea, it has been impossible

even to arrange a meeting or to enter into any type of negotiations with representatives of Communist China or the North Korean government on this point.

Unless, therefore, the release of members of the mission bands of the various religious organizations, as well as civilian personnel now being held by the Communists, can be assured definitely by any decision that is reached, their safety might well be beyond any other efforts to assure, it is feared.

Your kitchen will be  
**COOLER**  
when you cook with  
**ELECTRICITY**

On scorching summer days do you dread the thought of working over a hot stove?

No need to—not if you cook with electricity!

Because electric heat is flameless it requires no air for burning. So it is possible to completely insulate the oven on all six sides. Heat stays in the oven and out of the kitchen.

And the surface units do not waste their heat on the kitchen air either. Pots and pans rest right on the electric coils. The heat is transferred directly to utensils and food.

Electricity cooks the food instead of the cook. And a cooler kitchen is only one of the many advantages of cooking with electricity. Added together they make it by far the best and only completely modern method of cooking.

ONLY AN ELECTRIC RANGE GIVES ALL THESE ADVANTAGES

- ✓ COOLER kitchen
- ✓ LOW COST of operation
- ✓ BETTER and MORE HEALTHFUL
- ✓ FAST as fire without flame
- ✓ PERFECT RESULTS everytime
- ✓ AUTOMATIC OPERATION
- ✓ CLEAN—no smoke, no soot
- ✓ EASY—simplest way to cook
- ✓ SAFER for home and family
- ✓ MOST MODERN way of cooking

There are electric ranges to suit every need and every purse.

**Lesson From History**

There once lived a popular political leader who seemed destined to change the basic economic and political concepts of his nation. He had been born to "blue blood," had attended the best schools, and as he'd grown into manhood he'd begun to show unusual talent as a speaker. What he said and the way he said it had a fascinating charm. He influenced people disarmingly. When he rose to the administrative leadership of his nation, after holding other political offices, he was not displeased upon being described as a reformer. His mission, he said, was to improve the plight of the "common man."

Some critics considered the leader's program to be "socialistic" and in the long run dangerous to the "common man" as well as to all other citizens. But these voices were in the minority. They did not deter him. He carried popular support and began to put his economic theories into practice. One of the early "reforms" was strict government regulation of prices and wages. Bureaus were set up in every section of the country to daily administer wage and price directives.

**Soak The Successful**

His philosophy on taxation was that most of the taxes should be levied upon the well-to-do; that the "common man" should pay very little. He succeeded in having such a tax program established. In fact, taxes sufficient to provide a reserve fund were thus levied, and a social security program was established, providing numerous benefits: pensions for the aged, unemployment compensation, regular grants in all categories of welfare.

Within a few years, his administration was well along toward the full-fledged paternalistic welfare state in spite of the fact that a number of his own political colleagues wanted to call a halt. Year after year the government was assuming more control over business, industry and agriculture. Special benefits were provided for various groups. Seed

loans and grants were made to farmers. An ambitious, costly program for reclaiming wasteland was carried on. Most programs were administered by bureaus with agencies throughout the country.

**Playing God!**

The leader's ego thrived. It was said he actually considered himself incapable of error or wrong-doing. "I have been," he said, "an omnivorous reader of books of all kinds; even, for example, of ancient medical and botanical works. I have, moreover, dipped into treatises of agriculture and on needlework, all of which I have found very profitable in aiding me to seize the great scheme of Heaven."

Yet, after a number of years, the reform ideas began to go sour. Both the "common man" and his uncommon neighbor were in a sorry plight. The monetary structure of the government was giving trouble. The economic planning wasn't paying off. People became distressed when the peerless leader dabbled, apparently without knowledge or experience, in the realm of foreign trade and exchange. They were shocked when his manipulation brought about a drastic change in money values. At one point he blithely "doubled" the value of metallic money by directive! Further serious trouble developed when his administration began to be plagued with dishonesty among officials who had golden opportunities for graft.

**National Falls**

The country was weakened morally and financially. The impractical reformer was removed from office, his abortive reform programs cast off. Yet the effects lingered on; and so infectious had been his charm over people that after his death his name was chiseled in stone and placed for a long time in a shrine alongside the great names of his nation's history. Later it was

removed. Some historians subsequently termed his "imposter" or "charlatan."

His name was Wang An-Shih. He was the all-powerful chief-of-state in China from 1069 to 1079 under the rule of Emperor Shen Tsung of the Sung dynasty. Historians are not in agreement on the extent of the injuries done to China by Wang An-Shih's 10 years of political paternalism and economic planning. However, it is a matter of historical record the necessary moral and physical strength when, many years later, the Godless hordes of Genghis Khan, bent on world conquest, overran and plundered the whole country from the northern border to the China Sea.

The lesson: Throughout the ages paternalistic governments have been fashioned by "peerless" political leaders, and when continued for long they have ruined nations — again and again!

**Attempt To Help Proves Fatal**

Russell Fawn Tarr, 42, Apollo, Pa., died the other afternoon after attempting to assist his 12-year-old daughter who had gone to the aid of a little boy beyond his depth in water at Ocean City, Md. Both the daughter, Linda, and the unidentified child made their way back to shore safely.

**August Draft Quota Is 688**

The August draft quota for Maryland is 688, Col. Henry Stanwood, director of the State Selective Service system, has announced. The July quota was 282.

Sort and use ripest tomatoes first. Keep the rest spread out where it is cool. The refrigerator is a good place.

**Late-Summer Sheer**

Summer sheer has "gone to town" in this tailored two-piece dress. So popular for dainty dresses last year, rayon sheers have turned sophisticated now, in smart casual outfits. Always crisp, in spite of its softness, this sturdy sheer of Avisco rayon holds the smooth lines of this comfortable suit-dress, a sensible late-summer purchase.

Save steps in chores by proper planning.

Church Group Sends Invitations

The Homecoming Service committee of Elias Lutheran Church met last week at the home of the chairman, Mrs. Robert Gillelan. The committee decided to send invitations to former members and friends of the congregation. Homecoming will be observed in the Sunday School at 9:30 a. m. and in the Church at 10:30 a. m. Sept. 2.

Plans were also made to have a social time following the service and serve light refreshments. The committee also suggested that an invitation be sent to Rev. William C. Day, Red Lion, former pastor of the church, to attend and deliver the sermon.

Miss Luck Spotswood Gatling, Norfolk, Va., is spending the month of August at Mountain Acres, Eyer's Valley, a guest of the Misses Helen I. Dewling and Pearl O. Bruce.

Mrs. Edna A. Tressler spent last Friday night and Saturday with Mr. and Mrs. Robert Sites and son, Orrtanna, Pa.

# Gettysburg Merchants Sponsoring Big 'Sales Days'

Dates for the Gettysburg Sales Days, planned by the Retail Merchants Assn., Gettysburg, will be held today and tomorrow. The association has spent several weeks of preparations for the two-day sales event, and announces a number of attractions, special bargains in stores participating, and a number of grand prizes to be awarded in Lincoln Square Saturday night at 9:30 o'clock.

Special attractions will include, according to the merchants' association, the real "Aunt Jemima," through the courtesy of a store; "Mr. Peanut," "Clarabell," famous television clown in person, courtesy of Martin's Shoe Store; the "Old Gold Boy," seen on television; transparent automobile, H. & H. Machine Shop; samples of gum will be given free in the stores and a band concert will be held this evening in Lincoln Square. There also will be a display of antique automobiles in the Square.

**To Award Television Set**  
The grand prize, to be awarded at 9:30 o'clock Saturday night, will be a \$375 Admiral combination television radio and record player, now on display in the show window at Weishaar Bros. hardware store. Second prize will be a \$50 merchandise certificate, redeemable at any Gettysburg Sales Day participating store. The third prize will be a \$25 certificate and fourth prize an end table.

Each store participating in the sales days will have special prizes, which will be awarded at 9 o'clock Saturday night. Tickets for all these awards will be given in the participating stores with each \$1 purchase. A \$5 purchase will entitle the buyer to five tickets.

## MARYLAND HOME FRONT

Representatives of Maryland's County Agricultural Mobilization committees are being called to training conferences in preparation for a study of services being rendered the family farm by the Dept. of Agriculture.

The study which was started by the Secretary of Agriculture Charles F. Brannan is an attempt to find from farm people which services of the department they like, which they want improved, and whether any could be discontinued or changed.

Mr. Blandford, chairman of the State Mobilization committee, explains that the reason for the conference is to explain the purpose of the Secretary's program, discuss methods of getting it underway, and make plans for reporting to the State committee.

In discussing the program, Mr. Blandford explained, "The U. S. Dept. of Agriculture thinks the family farm is so vital to the economy, prosperity, and military defense of the Nation that it is reviewing current farm programs and activities to make sure that they are serving the family farm well—and to find out how they can serve it better in the future. It is in connection with this National Farm Policy Review that local opinion is being sought."

He says that the size of the farm is not the determining factor to be considered. The family farm is defined as a farm which provides the main source of in-

come from the farm family living on it with the farm operator, or members of his family, making most of the managerial decisions, taking part regularly in farm work, and normally supplying a large part of the labor needed to run the farm. Excluding part-time farms and other operations which do not contribute the bulk of their operator's income, it is estimated that 98 per cent of America's farms are family farms.

Many family farms, according to Mr. Blandford, are too small, too poorly equipped or too lacking in essential resources to supply an adequate income to the farm families which occupy them. There is a real need to provide these farm families with better opportunities to improve their livelihood and to make a greater contribution to the national agricultural output. Other family farms which are already producing more effectively could become even more productive and more satisfying to the families who farm them if proper guidance or aid were available.

The Dept. of Agriculture, sincerely desiring to adapt future policies to the needs and recommendations of family farmers, is interested in obtaining recommendations for changes or improvements in present agricultural programs and in receiving suggestions concerning new programs which would benefit farm families in Maryland.

### Farmers Urged To Complete Construction Practices

"Prepare now to meet next year's national defense needs for farm products by completing the dirt-moving practices planned for 1951 under the ACP," Mr. Blandford advises.

"In many instances," the chairman points out, "the completion of these practices will result in increased yields next year. Also, they will help to prevent losses of soil and water needed to produce next year's crops."

"With the call for ever-increasing yields to meet growing military requirements and mounting civilian demands, these conservation measures are needed as a means of stepping up yields as well as to protect the land against erosion and depletion.

"Terraces completed this year will hold moisture and check runoff and erosion. The moisture held back by these terraces could be the means of greatly increasing yields in the event of dry weather during the growing season. The same is true of other conservation practices. The dams which have been planned for completion under this year's ACP will have to be completed to be of value in producing the food and fiber next year.

"Where farmers are depending on contracting for dirt-moving equipment to complete these construction practices, arrangements should be made at once to assure getting the job done and for more orderly scheduling the use of heavy equipment."

### USDA Urges Maximum Winter Cover Crop Acreage

Acting Secretary of Agriculture Clarence J. McCormick this week called upon farmers in the south-

## HOMEMAKERS' CORNER

### Straighter Skirt Hemlines

Before making the hemline of a gored skirt you should let the skirt hang a day or two. Letting this happen, your skirt will give the bias construction time to stretch just a bit and fall into the lines it will naturally assume.

### Cleaning Closets Cut Work Time

Are you cleaning articles stored in haphazard fashion throughout the entire house? Then you're wasting part of your workday each time you hunt and fetch each article.

A cleaning closet will help keep articles handy and in one place. The closet should be located in or near the kitchen or the back entrance, depending upon where you do most of your work and what location is most convenient for

east and other adapted areas to get their plans made and seed ordered to put in a maximum acreage of winter cover crops this fall. The Secretary pointed out that seed supplies of many cover crop varieties are plentiful—most of it carried over by the Commodity Credit Corp.—and prices are comparatively low. Farmers are asked to get their orders in so that supplies will be on hand locally to meet their needs at planting time.

The Secretary has asked state and county agricultural mobilization committees in the winter cover crop states to give strong encouragement to cover crop planting in the remaining weeks before cover crop seeding time. The mobilization committees are made up of representatives of the various Federal and state agricultural agencies in the area.

"Even without the added drain upon the land due to the Nation's mobilization effort, less than a third of the needed acreage of the winter legume cover crops is being grown annually in the area," Acting-Secretary McCormick said. "The mobilization effort will still farther widen the gap unless there is an effective concentration by all agencies upon the desired objective.

"Cover crops in Southern states are effective means of getting increased production per acre," the Secretary continued. "Each additional acre of properly grown legume cover crops planted this fall and turned under next spring could mean as much as 25 to 50 per cent more production of corn, cotton, or other needed crops grown on that acre in 1952. Increases from legume cover crops means savings in labor, in nitrogen fertilizer, and in power and equipment costs. Each bale or bushel increases from the acres in crop production will mean correspondingly fewer acres plowed up, and that many more acres that can remain in grass and in soil maintaining rotations."

The Secretary pointed out, too, that a large acreage in legume cover crops would reduce the drain on scarce nitrogen fertilizer supplies, because a cover crop plowed under will supply a part of the nitrogen needed by the following crops. Phosphate and potash fertilizers applied to cover crops are turned under.

Mr. and Mrs. Charles Gartrell have purchased the Bernard H. Boyle property on S. Seton Ave.

you.

Try to have the closet large enough to hold necessary articles. For the average family, a closet three feet, two inches wide and two feet deep will do a better job than smaller sizes.

Bathrooms should have special areas set aside for cleaners so that chores can be done on the spot and without delay. Space should be set aside on the second floor for broom, dust mop, and dust cloth to save treading up and down the stairs.

### Shoe Saver

Here's a good tip to remember when you're brightening up your summer shoes. Liquid cleaner should not be applied to shoes just before you wear them or while you're wearing them. Moist leather is weak and easily stretched out. So give your shoes several hours or an overnight period to dry.

## Survey Shows State 'Bossies' Contended

Maryland farmers milk contented cows.

A study of bovine statistics by the American Can Co. reveals that Free State cows give more and better milk than those in other states in the South.

Maryland's 225,000 bossies average 5,550 pounds of milk annually, highest in the 16-state area and 1,794 pounds above the average, the report showed. The yearly output of milk from the typical Maryland cow contains 222 pounds of butterfat compared with a 164.8-pound average for the whole South.

Other states included in the study were Delaware, Virginia, North Carolina, West Virginia, Florida, South Carolina, Georgia, Kentucky, Tennessee, Oklahoma, Alabama, Arkansas, Texas, Mississippi and Louisiana.

## ALARMING!

The New York Mayor's Committee on Dope Addiction has estimated that between 45,000 and 90,000 are using illicit dope in that city.

## Aptly Named

The first three fishermen to arrive in Pictou, Nova Scotia, this season were appropriately named. They registered at a hotel as Mr. Hook, Mr. Fly, and Mr. Fish.

**BABSON**

Writes . . .

By ROGER BABSON

372 Million Acres Planted

NEW BOSTON, N. H.—Aug. 10—The season is now far enough advanced to make a fair estimate of the U. S. crops for 1951. Hence, I have been busy this past week getting necessary data to making an intelligent forecast.

Statistics show that more acreage has been planted this year than at any time since 1933. Ordinarily, due to the crops now in storage, the Federal government would have demanded reduced acreage for most products. Due, however, to the Korean situation, all farmers were given the green light with no restrictions.

Owing to the increased use of farm machinery with modern methods of furrowing and draining, farmers are raising more crops per acre. This is especially true where farmers are using fertilizers and carefully selected seeds. Selected seeds—especially in the case of corn—is a revolutionary step. (Modern methods of selecting laying hens are largely responsible for the surplus of eggs.)

As a result of all these favorable factors, I forecast a corn crop of about 3.3 billion bushels which would be the third largest in the U. S. history. The wheat crop I estimate will be about 1.1 billion bushels which should be the largest ever harvested.

Oats should be about the same as last year—namely, 1.4 billion bushels; barley should harvest about 265 million bushels, a little more than last year; rye should harvest 26 million bushels, or more than last year. Hay cut this year should be 115 million tons which would be 8 million tons more than last year.

**Fewer Potatoes Expected**  
The government has discouraged potato growing with the result that the forecast is for only 350 million bushels compared with 439.5 million bushels last year. This means that not so many will be destroyed. Tobacco, however, is up, the forecast being 2.3 billion pounds compared with two billion pounds last year.

As to miscellaneous crops, it looks as if sugar beets and flaxseed would be less, but the rice crop should be larger. Beans, hops, peas, tomatoes, and cabbage should yield about the same. The quick-freezing process, however, should ultimately help peas, beans, and tomatoes.

**Good Fruit Year**  
Present indications are that citrus fruits in Florida will have a good season due to plenty of rain. The demand for citrus is constantly increasing due to the quality and advertising of the concentrated quick-frozen juices. Recent crop failures in California and Texas should keep down total national production and hold prices up.

The peach crop is estimated at 67 million bushels compared with 65.5 last year; pears 32 million bushels compared with 31 last year; while about the same amount of cherries, apricots and lemons may be expected. The apple crop should continue good, about as last year; around 122 million bushels; while grapes are running ahead of last year. The hope for both of these staple fruits rests with canning the juices.

**What About Prices?**  
As to prices, wheat now is about \$2.29 per bushel same as a year ago; corn is \$1.77 compared with \$1.56 a year ago; beef sides are 59c compared with 53c a year ago; pork is 53c compared with 66c a year ago; granulated sugar is 8c, compared with 8c a year ago; coffee is 53c compared with 56c; cotton is 38c compared with 39c; wool tops are \$2.57 compared with \$2.15; while K.C. hides are 37c compared with 27c a year ago.

**Explains Functions Of Gizzard In Chickens**

Most everyone knows that the chicken has a gizzard, but not everyone knows its function, or what its purpose is in the make-up of a chicken.

Actually, the gizzard takes the place of teeth. Since chickens do not have teeth, they need a "grinder" of some sort to break up their feed and prepare it for easy digestion. That's where the gizzard fits in.

**A Muscular Organ**  
The gizzard is a tough muscular organ which the grit or gravel is retained to crush and grind the feed. When it is loaded with feed, the gizzard begins to expand and contract, causing the hard grain to be crushed and ground by the pebbles or grit. When the feed is reduced to finer form by the grinding, it passes out of the gizzard and on into the intestine where it is digested and assimilated by the bird's body.

Of course, if there is no grit in the gizzard, no grinding can be done. Impacted crop or gizzard frequently results when the bird does not have access to grit or other grinding material.

Eventually the grit grinds itself into powder, then passes on through the intestines. Grit should always be kept before the birds so that they may replenish their supply.

**Chicks and Poults**  
With baby chicks and poults it is a different story. While the youngsters are receiving all-mash rations there is no real need for grit. Consequently, it is recommended that it be withheld for a few weeks. The danger of giving grit to very young chicks or poults, particularly the latter, is that the little birds may gorge themselves on the substance, filling up their gizzard so completely that the regular movement of feed through the digestive tract is blocked. Of course, after the birds are old enough to eat whole grain, grit should be available at all times.

Grit should be rather insoluble. Soft material, such as marble or ordinary limestone, powders quickly, and the birds must eat large amounts of the material for replacement.

**Four Die In Flash Flood**  
Four persons lost their lives recently when they were caught in a flash-flood as they sat in an automobile stalled on a bridge crossing Broad Creek, near Pylesville in Harford County.

note this fact—If this flood had happened 20 years ago it would have done very little damage as the land had not been built upon. Kansas had experienced a long period of dry years and real estate promoters said "Tain't going to rain no more." Thereupon a great building boom developed on this low land. But they were wrong. Moral: Man has not yet controlled the weather. After a long series of dry crop years, wet years are sure to follow; and after we have good rains, as has been the case since 1933, dry years are sure to follow.

**OUR DEMOCRACY**—by Mat.

**SHADOW- and SUBSTANCE**

"SWEET IS THE NAME OF LIBERTY— BUT THE THING ITSELF IS BEYOND ALL TREASURE. THEREFORE, IT BEHOVES US TO TAKE CARE, LEST WE, CONTENTING OURSELVES WITH THE NAME, LOSE THE THING."

IT ISN'T BY SHOUTING THE BATTLE CRY OF FREEDOM THAT WE WIN LIBERTY, BUT BY BEING EVER ALERT TO MAINTAIN IT— AND BY FIGHTING TO HOLD IT IF NECESSARY. LIBERTY SERVICE TO LIBERTY IS NOT ENOUGH. THE THING ITSELF DEMANDS SERVICE OF THE HEART, THE HAND AND THE SPIRIT.

**Hay Fever Victims Taking It on Chin**

Traditionally, for some people this season is associated with watery eyes and nose, nostril-tickling sneezes, and congested breathing. The common name for their illness is hay fever, an allergy (unusual sensitivity to substances ordinarily harmless to others) due to the ragweed pollen. However, these same symptoms characterize numerous other allergies that trouble people year around. Allergies not only frequently produce disturbances in the respiratory organs, but also in the digestive system or the skin.

If the total field of known allergies, the most common are hay fever, asthma, stomach and in-

testinal disorders, eczema, hives, and other skin irritations. Exhaustive tests are often necessary to discover a person's particular allergy. Specialists do not believe that allergies are hereditary, but that a person can inherit a tendency toward them.

The substances that produce allergies are called allergens. When they enter the body either by swallowing, inhaling, external contact, or by injection (drugs, serum, they produce an irritation in susceptible tissues, causing the blood vessels to dilate and the tissues, which they supply, to swell.

If the allergens can be identified and removed from the patient's diet or surroundings, an immediate cure may follow. Some allergens, however, cannot be avoided. In such instances, it may be possible to build up the patient's resistance by repeated injections. New drugs (including the anti-histamines) are often very helpful. Increased rest and relaxation are sometimes needed and the emotions, too, are often a contributory influence.

People with allergic tendencies should observe a few important "don'ts." They should not expose themselves to drafts and cold air. They should avoid dust, strong fumes, and frequent contact with

drugs, cosmetics, plants, and similar items. On the positive side, they should consult a physician. Frequently, a doctor can cure an allergy and, in most cases, he can give welcome relief.

### NOTICES

**NOTICE TO CONTRACTORS**

Sealed bids for furnishing labor and materials for the construction of the East Frederick Elementary School Building will be received by the Board of Education of Frederick County, Frederick, Maryland, until 11 a. m. DST, Monday, August 20, 1951 and then at the said office publicly opened and read aloud.

Plans and specifications may be examined at the office of the Board of Education, or at the office of Paul H. Kea Associates, Architects, 5109 Baltimore Avenue, Hyattsville, Maryland, and may be obtained from the architects upon the deposit of \$20.00 per set, deposit to be refunded upon the return of same in good condition.

Each bid must be accompanied by a certified check of the bidder, or by a bid bond executed by the bidder as Principal and having as surety thereon a surety company approved by the Owner in the amount of not less than five per cent (5%) of the amount of the base bid. Such checks or bid bonds will be returned to all except the three lowest bidders within three days after the formal opening of all bids. The remaining checks or bid bonds will be returned to the three lowest bidders within forty-eight hours after the Owner and the accepted bidder have executed a contract. If no contract has been executed within 30 days after the date of the opening of bids, any bidder may demand the return of his check or bid bond at any time thereafter so long as he has not been notified of the acceptance of his bid.

No bidder may withdraw his bid within thirty days after the actual date of the opening thereof.

The Board of Education reserves the right to waive any informality in the bidding, or to reject any or all bids.

## Now Showing on Majestic Screen

Doris Day and Gordon MacRae are teamed vocally and romantically in "On Moonlight Bay," Warner Bros. technicolor musical comedy which opened Thurs., Aug. 9 for three days at the Majestic Theatre, Gettysburg, Pa. The film also marks the major screen debut of Jack Smith, popular radio vocalist.

### ROSENSTEEL—KLEPPINGER

Miss Barbara Ann Kleppinger, daughter of Mr. and Mrs. Robert Kleppinger, Fairfield, Pa., became the bride of Ernest Rosensteel, son of Mrs. Mary Claudia Rosensteel, E. Main St., in a single ring ceremony performed by the pastor, Rev. Francis Stauble, in St. Joseph's Catholic Church, Emmitsburg, on Monday morning at 10 o'clock.

Given in marriage by her father, the bride wore a white nylon crepe gown with a sheer yoke edged in lace, tight bodice, long sleeves of pale blue netting falling in points over the hand, matching the lace on this yoke, full skirt with inserts of lace. The skirt ended in a long train. Her headdress was a blue net cap edged in white velvet leaves. She carried a mixed colonial bouquet of white flowers with a detachable rosebud center.

Miss Mary Theresa Houck, niece of the bridegroom, was maid of honor and wore a true blue marquisette over taffeta, with a yoke of the same material edged with a ruffle, tight bodice, full skirt, short matching mitts, and a hat bandeau of matching fluted net. She carried a mixed colonial bouquet of pink and white flowers. June Kleppinger, sister of the bride, and Susan Polly, niece of the bridegroom, carried the bride's train. They wore identical gowns of white organdy, with Peter Pan collar and puff sleeves, both edged in lace, and wore pink and white carnations in their hair.

The bridegroom chose for his best man his brother, Richard Rosensteel, and the ushers were Louis Rosensteel, brother of the bridegroom, and James Edward Houck, nephew of the bridegroom. Two large baskets of white

### gladioli were placed at the side

of the sanctuary gates. Mrs. Euphemia Rotering, church organist, played the traditional marches and the soloist was Guy A. Baker Jr., who sang Schubert's "Aria Maria."

The bride's mother chose for her daughter's wedding a Navy blue faille two-piece dress with navy accessories and a yellow rosebud corsage, and the bridegroom's mother wore a grey and pink dress with black accessories and a pink rosebud corsage.

Following the ceremony a reception for relatives and friends was held at the home of Miss Helen Cunningham, Fairfield, Pa.

The bride attended Fairfield High School and has been employed at the Farm Bureau Insurance, Harrisburg, Pa. The bridegroom attended Mt. St. Mary's College, until the high school department was discontinued and is now employed at the Emmitsburg Quality Shop.

After the reception the couple left on a wedding trip to New York City. For her going-away outfit the bride wore a blue and white print crepe dress with white accessories and a white rosebud corsage. Upon their return they will reside at the home of the bridegroom's mother.

### YINGLING REUNION

## Office of Price Stabilization Weekly Report

Hugo R. Hoffman, Maryland District Director for the Office of Price Stabilization, announces that the enforcement division of OPS office is conducting a survey throughout the counties of the state to check compliance of merchants who are covered by Ceiling Price Regulation No. 7.

"This regulation," Mr. Hoffman points out, "covers such items as shoes, clothing, radio and television sets, household appliances, household furnishings, and many other items generally sold in department stores and other retail outlets.

Mr. Hoffman again advises all merchants covered by this regulation that they must file pricing charts with the district office, and that they must either tag their merchandise, or the bin, or the shelf displaying the merchandise with the selling price.

"Failure to comply with the regulation will bring prompt action on the part of the Maryland District Office," Mr. Hoffman said.

Despite the fact that the OPS has cancelled the livestock slaughter quota, in compliance with the newly passed National Defense Production Act, Mr. Hoffman points out that only those slaughterers who have registered will be allowed to slaughter cattle. It is mentioned, however, that the registration and grading

The increase will apply only to pork loins weighing 16 pounds or less, and will mean a slight increase in retail prices of roasts and chops derived from the light weight pork loins.

It is pointed out that the retailer will only be allowed to increase his selling price to the dollar-and-cent increase.

Always use the pressure canner for processing all meats and low-acid vegetables.

The Maryland OPS has said that to date it has received no indication from the larger bottlers throughout the State of any increases in the price of soft drinks.

Under a recent order issued, bottlers of six to 12-ounce size bottles of soft drinks whose prices were frozen at low levels are permitted to raise the wholesale price of their product a maximum of 16 cents, providing the increase does not exceed 96 cents for a case containing 24 bottles.

The Maryland OPS announces that there will be a slight increase in the retail price of pork. The increase is brought about because of the fact that lighter weight hogs have gone up substantially since last January.

## Personals

Mr. and Mrs. Louis Rosensteel, Miss Teresa Pecher, Fairfield and Mr. Eugene Rodgers, picnicked at Shangri-La last Sunday.

Mr. and Mrs. Claude Duberry and family and Beulah Glass visited Sunday afternoon at Brad-dock Heights.

Mr. and Mrs. Robert Hess and children, Everett and Barbara, spent Sunday with Mr. and Mrs. Albert Masser and family.

# V.F.W. BLOCK PARTY

ANNIE M. WARNER COUNTY HOSPITAL

Gettysburg, Pa.

August 5, 1951

Commander, VFW Post, Emmitsburg, Md.

Dear Commander:

I cannot emphasize too strongly the importance of a community ambulance and its efficient operation for the general welfare of the public. Your Emmitsburg VFW ambulance has been representative of such a service and its value and importance in your community have been commented upon time and again in hospital circles.

It is symbolic that a veterans' organization such as yours, whose membership represent those men and women who fought for their country in overseas engagements, should assume the responsibility of purchasing and operating an ambulance for the community of Emmitsburg. It is an indication of the unselfish objectives of the VFW and its veteran members. You have rendered a noble and enviable service to your citizens, all of whom, I have been assured, have access, when required, to the service of your ambulance without charge. It is like the friendly grasp of a neighbor's hand when, in an emergency, one can turn to the VFW and know that an efficient ambulance service is available at all hours, day or night.

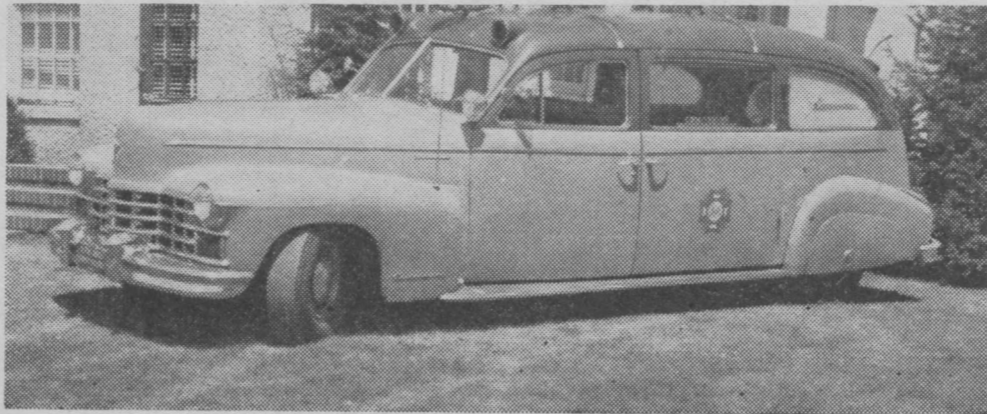

I sincerely hope that finances will be made available to the VFW post to assure the continuance of this splendid service for many years to come. Please be assured that such unselfish service is highly regarded and respected by the nursing, medical and administrative staffs of the Annie M. Warner Hospital.

Sincerely yours,  
WALTER R. DOUD  
Administrator

DEPAUL STREET

Emmitsburg, Maryland

**Friday**  
**Saturday**  
**AUG. 17-18**

M. FRANKLIN BIRELY, M.D.  
Thurmont, Md.

August 6, 1951

Veterans of Foreign Wars  
Gentlemen:

It gives me great pleasure to congratulate the Emmitsburg Memorial Post No. 6658 on the fine service they are rendering to their community and to surrounding communities in supplying prompt and modern ambulance service, not only to veterans, but also to others in need of transportation to or from a hospital.

With many thanks for the numerous personal favors granted me in the past, I am

Cordially,  
M. FRANKLIN BIRELY

MARYLAND STATE POLICE  
Baltimore, Md.

August 9, 1951

Veterans of Foreign Wars  
Emmitsburg, Md.  
Gentlemen:

We of the Maryland State Police fully realize the value and importance of the VFW ambulance to Emmitsburg and Frederick Co. Time and again we have called upon the Emmitsburg VFW for ambulance service, and they have always responded quickly and efficiently.

We can not emphasize too strongly the need to back this annual drive for the VFW Ambulance Maintenance Fund. This \$8,000 vehicle costs over \$1,000 a year to operate and it must be kept on the highway.

The drivers and members of the Emmitsburg VFW offer their services day or night without any charge. In return, they ask only that you, the public, support their annual drive for maintenance funds.

Make it a point to attend the VFW Block Party on August 17 and 18, at Emmitsburg.

Signed,  
CAPT. CHARLES W. MAGAHA  
Commanding Troop B, Md. State Police

This Ambulance Service Is FREE! Do Your Part by Attending This Affair. It Costs Over \$1,000 Annually to Maintain This Service!

SPONSORED BY EMMITSBURG VFW POST 6658 AND ITS LADIES' AUXILIARY

JAMES H. ALLISON, M.D.

Emmitsburg, Md.

August 2, 1951

To the Commander, VFW Post 6658:

I should like to take this opportunity, as the time for the annual ambulance fund drive approaches, to point out the immense value of the ambulance to this community from a doctor's point of view, and to add my word to those of others who would strongly urge the full cooperation of the community in this drive.

First of all, let me say that unlimited praise and thanks must be given to the volunteer drivers, who never fail to answer a call, no matter what hour of the day or night it may be. It is great consolation to know that when the call is made, it will be answered promptly. Then too, as the drivers are trained in first aid, one has the sense of security in knowing that because of this training, these drivers will know how to properly handle the patient, and even be able to undertake certain emergencies, should they arise.

Accident cases, where broken bones are often only made worse by the patient being bent and shoved into a car, can now be taken to the hospital comfortably, and being none the worse for the trip.

Often the hospital stay of patients can be shortened because of the fact that they can be transported comfortably home by ambulance, whereas their condition would not warrant their returning by car.

Another important feature of the ambulance is the very excellent oxygen equipment carried at all times. Patients who may be in need of oxygen can be given adequate amounts as needed during their entire

trip. Even patients who might develop infantile paralysis and be unable to breathe voluntarily, could be kept alive with this equipment until they could be gotten into an "iron lung" at one of the larger hospitals.

Then too, as part of this oxygen unit, there is a resuscitator or "pulmotor," which could be used in cases of drownings, or where someone was overcome by smoke or fumes of any type, in order to revive the patient. This part of the unit, to my knowledge, has never been used, but it is great consolation to know the unit is close at hand whenever needed and when a matter of several minutes may mean the difference between life and death.

Thus, to me, the ambulance is much like insurance—you hope you never need to use it, but when you do, it's mighty nice to have available. I sincerely hope that everyone will lend his support to the drive, and give generously.

Sincerely yours,  
JAMES H. ALLISON, M.D.

VFW Post No. 6658

Emmitsburg, Md.

Gentlemen:

I understand that due to circumstances beyond their control, the VFW is finding it impossible to continue the maintenance of free ambulance service for Emmitsburg and vicinity without seeking assistance from the citizens in general. There can be no question whatever that the loss of this excellent service to the ill and injured people in this community would be a great step backward. The generosity and promptness with which this service has been furnished in the past has been a tremendous asset to the community, and its loss would be most acutely felt.

It may be that we have come, to some extent, to take this service for granted without actually realizing the expense entailed. Personally, I would like to urge everyone to do whatever they can to aid in the continuance of this excellent project.

Most sincerely,  
W. R. CADLE, M.D.
