

EMMITSBURG CHRONICLE

VOL. LXXXIII, NO. 33

EMMITSBURG, MARYLAND, FRIDAY, MAY 15, 1953

SUBSCRIPTION: \$2.00 PER YEAR

Most Anything At A Glance

—BY ABIGAIL—

Well folks, we have another challenge to meet, and I must say, a very serious one. It concerns the welfare of every single one of us here in Emmitsburg. Many of you are aware that the American Legion has been maintaining a "walking blood bank" for the past several years. This fine service is offered to the entire community—free. But like everything else these days, the demand has been increasing to such an extent that to date the demand has become so exaggerated that under the present system it cannot be met. You and I know what this means. Anyone of us, man, woman, adult or child, could easily be stricken with some dreaded malady, or meet with an accident, or have to undergo a major operation. Where would we get the necessary whole blood or plasma? This precious commodity happens to run around \$50 a pint and sometimes many pints are required to save a life.

Well we've had a good thing of it up to this time. Local Legionnaires have provided this free service until the demands now far exceed the supply. Why I am told that over 52 requests for aid were handled during the past year alone. Now do you see the necessity of doing your duty? All you need to do is be typed, at no expense to you, and wait until an emergency materializes. This may never happen and again it might happen the next day after you are registered. Won't you help this excellent cause along? We must meet this challenge to our civic responsibility, one and all! If you are interested contact Mr. Robert Wormley or the American Legion home. We cannot, we must not fail!

Apparently someone is going into the clothesline business. Inate residents of South Seton Ave. were amazed this week to find that some culprit had snatched their lines and vanomed. No less than three were made off with in a single night's haul. The varmit seems to have an affinity for nylon lines, all three taken being nylon. If anyone tries to palm off a new nylon clothesline on you you know where it came from. Oh well, I always said, give 'em enough rope and they'll hang themselves.

As you know this is clean-up month. Most communities in America choose this time of the year to rid themselves of all superfluous trash and the dates of May 26-27 have been set aside for Emmitsburg to do this little trick. The trash will be hauled away free of charge if placed in containers and set in the alleys or curbs for the collector. Let's take a little more pride in the appearance of our town and do this thing up right this year! With all the improvements going on in the town this little chore of dressing it up can add a terrific lot to the general appearance of everything. Let's make this one the biggest yet! Thanks.

Once again the county dog-catcher has made one of his infrequent visits here and as usual, he ended up with nothing. Well, almost nothing, that is. After scouring the neighborhood for stray mongrels all that he came up with was a small flea-bitten pup which he happened to snare. And I bet he was innocent as all get-out. The rest of the guilty packs continue to rove at their leisure, all over the community. Another sheep was reported destroyed on the outskirts of town this week. Do you suppose the little pup could be the guilty party? I don't think so. Bigger and stronger mongrels can be seen at large almost any day of the week. These parasites seem to have a code or sixth sense and appear able to pass along the word when the catcher is around, conveniently making their disappearance. At any rate, I've maintained all along that the county system needs revision mightily badly. I don't understand why the County Commissioners are so reticent about changing the system, and to my mind, improving the set-up. Just why can't a local man be placed in charge of this project? Just give me one good reason. Oh well, the election is rolling right around boys, in

(Continued on Page 8)

Urgency Of More Blood Donors Stressed

An urgent humanitarian appeal for more members of the American Legion blood bank was issued this week by that organization. Many, many new donors are asked to register in the latest drive to build up a necessary inventory of the life-saving precious blood.

In charge of the drive is Robert C. Wormley, local business man, who is also chairman of the blood bank.

Since the bank was initiated several years ago, the local demand has risen to such proportions that during the past year transfusions given were in excess of 52, or an average of better than one a week. Under present conditions the bank cannot meet this tremendous demand.

In special demand is the rare AB blood type which had to be furnished a local woman this week who underwent a major operation.

Chairman Wormley said the four classifications, O, A, B, and AB all are sorely needed if the bank is to continue rendering this valuable service to our community.

It was pointed out that you definitely need not be a member of the American Legion or any other service organization. The service post is merely sponsoring the project and invites the entire community, male and female, to participate and do their bit for humanity.

No expense is involved in registering. All hospital costs are borne by the Legion and you need not give until called upon, which sometimes is never. Officials said that all those typed will receive a card stating their blood type and are requested to carry this card in their wallet at all times. It may save your life at some future time should you become involved in an accident and medical aid should become necessary. This identification could save a lot of time and perhaps your life.

The drive will continue until such time as the committee feels that a safe potential bank has been established, but you are urged to register immediately. Elsewhere in this paper is an advertisement giving the details. If you are interested in doing your civic duty and care to register for service, contact either Mr. Wormley or the American Legion Home.

Mr. Wormley points out that this is a community affair and is not for the benefit of any one organization. Anyone and everyone in Emmitsburg and district is welcome to the service which may indeed, some day be the means of saving their loves or one of their family. The need is urgent, register today.

Memorial Day Services Announced

Joint Memorial Day services will be held in Emmitsburg Sunday, May 31, by the two local service organizations, the Francis X. Elder Post, American Legion, and Veterans of Foreign Wars Post, No. 6658.

The honoring of veterans who served our country will begin at 8:45 o'clock in the morning with the placing of a wreath at the honor roll at the Legion Home, followed by the placing of a wreath at the plaque at the VFW Home. The drill team, firing squad, members of both service posts and the auxiliary will then march to the Doughboy at the West end of town where another wreath will be placed.

At 9:00 a. m. memorial church services will be held in the Methodist Church, with Rev. Byron Keesacker, pastor, delivering the address.

Colonel Frailey To Speak At Fairfield Services

Col. Thomas J. Frailey of Emmitsburg will deliver the address at the 66th annual Memorial Service at Fairfield Sunday afternoon, May 24 at two o'clock.

The program is as follows: invocation, Fr. McCullough, rector of St. Mary's Catholic Church; selection by Fairfield High School Band; Lincoln's Gettysburg Address, D. Walker Woods; selection by Fairfield High School students; special number (in four parts), Mrs. Sheads, Mrs. Hammett, Miss Inskip, Miss Buhey; selection, high school students; memorial address, Col. Frailey; selection, Fairfield High School Band and benediction, Father McCullough.

St. Joseph's PTA Installs New Slate Of Officers

The annual election of officers was the main order of business at the regular monthly meeting of the Parent-Teachers Assn. of St. Joseph's High School held Tuesday evening in the school, President Dominic Greco presiding over the 40 members present. The session was opened with prayer by the principal, Sister Mary. Minutes of the previous meeting were read by the secretary, Mrs. Donald Stoner, and the treasurer's report was presented by Mrs. Guy A. Baker Sr.

C. A. ELDER

... New President ...

The president highly commended Guy A. Baker and his committee who worked so diligently in making the recent card party a success.

Mr. Hugh Rocks, chairman of the drapes committee, announced that they were on order and would be installed before the first of the month by the Hoffman Interior Decorating Co. of Frederick, at a cost of \$350. An assessment of \$1 was voted upon for each member of the organization to make the final payment on the cost of the project.

The P-TA assumed sponsorship of a communion breakfast for the juniors and seniors to be held in the school on June 5. Mothers of the graduates and others will be in charge of the affair.

A complete new set of officers was elected and installed as follows: President, C. A. Elder; vice president, Hugh Rocks; secretary, Mrs. Hugh Rocks, and treasurer, Mrs. John M. Roddy Jr. President Elder called for a rising vote of thanks in appreciation of the fine work accomplished by the retiring board of directors. The meeting adjourned following prayer by Sister Mary. Refreshments were served in the cafeteria. The group will not meet during the summer months but will resume activities at the September meeting.

Dave Frailey Promoted; Heads Chicago Office

David C. Frailey, son of Mr. and Mrs. C. G. Frailey of Emmitsburg, has been appointed central regional director of public relations for American Airlines, with headquarters in Chicago, it was announced this week by Rex Smith, vice president in charge of public relations for the airline.

For the past two and a half years, Mr. Frailey has been New England regional public relations director for the airline, based in Boston. In his new post at Chicago, he succeeds Karl W. Dahlem, who has been named director of public relations for the airline's entire system in the United States, Mexico, and Canada.

A graduate of Mt. St. Mary's College in 1942, Mr. Frailey was an Associated Press editor in Baltimore before joining the airline in its Washington office in 1946. He also has served as assistant regional public relations director in New York and as San Francisco district public relations representative.

Mr. Frailey will be in charge of the airline's press, radio, and other promotional activities in 16 states from West Virginia and Ohio to Montana and Wyoming. He and his wife, the former Miss Lea Alexander of Dallas, Tex., have been residing in Cambridge, Mass.

Mr. Frailey is a vice president of the Aero Club of New England, and a member of the National Press Club, Boston Press Club, and the Aviation Writers Assn. of America.

On a yearly basis of approximately 52 cans per dog for each of the country's total population of 22 million dogs, Maryland dogs consumed 14.4 million cans of dog food last year.

Local Soldier Taking Basic

PVT. JAMES E. KNOX

Private James E. Knox, son of Mr. and Mrs. Charles W. Knox, S. Seton Ave., is undergoing his basic training at Camp Breckenridge, Ky. Pvt. Knox was inducted Mar. 17, 1953 and assigned to the 101st Airborne Division.

Lions Club Nominates

John J. Hollinger

John J. Hollinger Monday night was nominated for the presidency of the Emmitsburg Lions Club for the coming year. The meeting was presided over by the president, J. Ward Kerrigan, with over 25 members and guests present. The nominating committee consisted of Ernest R. Shriver, George L. Wilhide, Capt. Philip B. Sharpe, and C. A. Elder.

Guests present at the meeting were Robert Fuss, California; Clarence Wilson, Fairfield; and Rodgers Topper, Paul Lohman, and Murray Rhine, all of Mt. Airy. Lion Rhine is a candidate for district governor and made brief remarks.

A letter of thanks for a \$10 donation to the Frederick County Society for Crippled Children was read.

George L. Wilhide gave a resume of the negotiations under way to induce a plastics concern to locate here. Mr. Wilhide expressed the belief that officials of the concern were highly interested over prospects of coming here. Secretary Robert E. Daugherty announced that he will present a complete committee for the annual horse show at the next meeting.

Capt. Philip Sharpe issued an appeal on behalf of the American Legion for a substantial increase in the number of blood donors for that organization's blood bank. Lion George Wilhide requested those members having Boy Scout pledge cards in their possession to turn them in immediately as the drive is terminating.

In the annual nomination of officers the following were placed on the list of nominations: Edward G. Stull, first vice president; Clarence E. Hahn, second vice president; Cloyd W. Seiss, third vice president; Robert E. Daugherty, secretary-treasurer; Dr. John J. Dillon, Lion tamer, and Clarence G. Frailey, tail-twister.

"First Lady" Visits Farm

Mrs. Mamie Eisenhower, the "First Lady" of the nation, visited her Gettysburg farm near the water pumping station at noon Friday for the first time since it was purchased by her husband, President Dwight D. Eisenhower, more than a year ago.

After a weekend visit at Penn State College with Dr. and Mrs. Milton Eisenhower, the youngest brother of the President, Mrs. Eisenhower and her mother, Mrs. John S. Doud, drove to Gettysburg, accompanied by Secret Servicemen. They drove directly to the farm where they were met by General and Mrs. Arthur S. Nevins, personal friends of the Eisenhowers.

Mrs. Eisenhower had never had an opportunity to visit the 189-acre farm, located near the site of her husband's headquarters when he was in command of Camp Colt, on the Battlefield during the first World War.

The possibility of a canine trend from postmen's ankles to canned vitamins is offered by American Can Co., manufacturer of metal food containers, which assisted in the development of the first balanced canned dog food diet in the late 20's.

Herbert W. Roger Starts 7th Term As Fire Co. Prexy

Herbert W. Roger, veteran incumbent president of the Vigilant Hose Co., was returned again to that office at Tuesday night's annual election of the officers of that group. Mr. Roger, a member of the organization since he was 18, begins his seventh consecutive term in that capacity and has a membership spanning over the past 27 years. For 12 years he held the position of chief.

Other officers elected were: J. W. Rowe, vice president; Leo Keepers, secretary; Guy A. Baker, treasurer; John J. Hollinger, chief; Oldrich Tokar, first assistant chief; Sterling White, second assistant chief, and Roscoe Shindedecker and Guy A. Baker Sr., as directors. Practically the whole board with the exception of White and Keepers, newcomers, were re-elected.

President Roger presided over the meeting which was attended by 33 members.

Guy R. McLaughlin, chairman of the annual financial drive, reported that to date \$2650 had been contributed and stated the drive was about completed with the exception of a few rural extremities which will be canvassed early next week. Contributions still are being accepted and anyone who hasn't been solicited and cares to donate is asked to do so at once.

The firemen agreed to accept an invitation to join the Adams County Fire Police Assn. and also later the Civilian Defense Corps of that county. Chief Hollinger also accepted a membership. Paul A. Keepers was designated as the representative to the group. The original meeting time of 8 o'clock was restored.

Chief Hollinger reported a total of five fires last month in the following categories: one car, two chimneys, one garage, and one house. Contributions for April were received from Emmitsburg High School, St. Joseph's High School, Emmitsburg High School 10th grade, EHS Parent-Teachers. Chief Hollinger reported that a proposed bill permitting the promoting of one annual raffle for non-profit organizations was voted down at the recent meeting of the State Legislature.

The firemen were invited to attend a pumping demonstration to be held June 19-20 at College Park.

President Roger stated that six new hard-top folding tables were on order and that delivery was expected at an early date.

The local fire company engine will attend the following parades to be held this summer: Owings Mills, New Windsor, Union Bridge, Gettysburg and Taneytown.

President Roger pointed out that in 1952 an estimated \$139,500 worth of local property was endangered by fire and that total losses declared was only \$18,200.

THE UNSUNG HERO

There's a hero in every story,
Be it told in prose or poem,
But 'tis seldom of the fireman,
The protector of the home,
But! When the fire alarm is sounded

In the blackness of the night,
You will find the modest fireman,
In the thickest of the fight,
With a smile upon his features,
He will climb a ladder high,
To save a fainting woman,
For her safety he would die,
So—all hats off in his honor,
May he never fail nor tire,
The modest unsung hero—
The man who fights the fire.

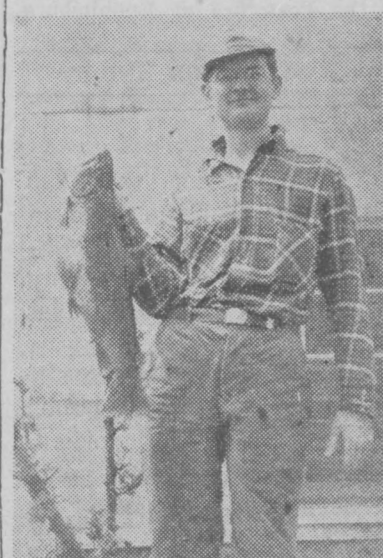

—HOMER

Obituaries

HARRY A. STAMBAUGH

Harry A. Stambaugh, 81, of Thurmont, retired farmer, died Saturday evening in the Warner Hospital, Gettysburg. He was a son of the late Samuel and Eliza Winebrenner Stambaugh and husband of Mrs. Rose Knott Stambaugh, who died about four years ago. Mr. Stambaugh leaves 10 children; Elmer Stambaugh and Mrs. Earl Welty, Taneytown; S. E. Stambaugh, Union Bridge; Maurice E. Bruce, Albert and William Stambaugh, Thurmont; Mrs. John Baumgardner, Emmitsburg; Mrs. Stewart Topper, Baltimore, and Mrs. Byron Crum of Walkersville; a brother, Henry Stambaugh, Washington; 38 grandchildren, 27 great-grandchildren. Funeral services were held Wednesday morning at 10:30 from the Creager funeral home in Thurmont, Rev. Ivan G. Nangle, officiating. Interment in the United Brethren Cemetery, Thurmont.

Season's Largest Trout Snagged

James Cavender, manager of Moffitt's Restaurant, Center Square, landed one of the largest trout to be taken from Big Hunting Creek, better known as "Fishermen's Paradise," west of Thurmont. The speckled beauty, a brown trout, weighed eight pounds, 10 ounces and measured 25 1/2 inches long. The fish was caught last Saturday morning.

Mr. Cavender, an ardent fly fisherman, said the large brownie struck his lure, a beaded buck streamer, twice before he finally hooked him deep enough to land, which took more than an hour.

The large fish topped any in this area caught last year in both weight and length. Rev. Philip Bower's large trout last year weighed 6 1/2 pounds and measured 25 inches, while Gene Hardman's prize measured 25 1/2 inches and weighed six pounds.

Jim is having his prize catch mounted.

Baseball Game Here Sunday; Drop Last, 3-0

White-washed was the lable applied to last Sunday's baseball game in the Pen-Mar Baseball League at Cashtown. While this term may sound a bit harsh, the contest was not as bad as it first sounds as the 3-0 score indicates.

Manager Frank Apichella's crew was as weak at bat as a new-born babe, garnering only three singles off Bucher, the opposing twirler, who eased his way to victory, almost effortlessly. At one time only was he in any serious trouble and that was in the seventh when the locals had two men on the bassocks. Bucher was pulled out of the fire by Cashtown's second baseman who made an almost impossible catch of a Texas-leaguer, as he was backing up.

Seifert, on the mound for the locals, allowed only four hits, being relieved in the eighth by Lefty Weikert, who also allowed one bingle.

Although appearing weak at the plate the team appears to be a well-balanced aggregation and from all indications will soon hit its winning stride and pose as a big threat to the flag contenders in the months to come.

Sunday the locals meet New Oxford at Community Field here and a real pitcher's duel is anticipated. W. Clarke is expected to take the mound for Emmitsburg against big Bill Fuhrman of New Oxford.

Littlestown pounded out a 12-5 win at New Oxford while Thurmont won 13-5 at New Windsor.

The Blue Ridge Summit-Union Bridge game, which had been transferred to Union Bridge due to the former's field not yet being in condition for games, was postponed due to wet grounds as the result of a heavy storm at that place Saturday. The game will be played May 20.

Town Council Organizes; Will Study Sewerage

Mayor Thornton W. Rodgers officially began his 18th year in public service Monday night when he took the oath of office before Magistrate Charles D. Gillelan. Also qualifying as a town commissioner was Wales E. Rightnour, beginning his second term in that capacity. A full board was present for the regular monthly meeting held in the Fire Hall. The Board listened to a delegation of property owners, who appeared before it, requesting removal of any dangerous trees in the community. Also a representative for a group of out-of-the-corporation limits property-owners requested permission to construct a sewer line to the corporate limits and tap the town sewer line, at their own expense. They agreed to pay all costs and to pay the annual sewer tax. The request was taken under advisement and permission is believed to be forthcoming.

A request by the Emmitsburg Baseball Assn. to rope off the alley adjacent the ball park during home games was granted. It was explained that "cowboys" endangered the welfare of small children during the games by needlessly driving back and forth through the alley. A policeman has been appointed to man the barricade.

Town Clerk Louise Sebald presented the tax collector's report, secretary's report, and the treasurer's report. Parking meter revenue for April totaled \$298.98. Chief Robert L. Koontz reported a total of \$8 in overtime worked fines.

Reappointments Made

Miss Louise Sebald was reappointed as the town clerk and Chief Koontz was appointed to serve a new contract. Both these positions are appointive and are made annually by the Mayor and Board. Also re-elected as chairman of the Board was Colonel Thomas J. Frailey. Charles R. Fuss was named again as street commissioner and was highly commended for his excellent work in the past.

Commissioners Fuss and Rightnour were delegated to meet with Thurmont town authorities in an effort to get negotiations for a joint sanitary land-fill project started. It is planned to find some type of joint enterprise so that both towns can remedy their garbage and refuse problems at a minimum of expense. Council issued its annual warning to all those individuals who own vacant lots to have the weeds mowed at an early date.

Clean-Up Days Designated

The annual clean-up days which are traditionally held before May 30 were announced by Council as Tuesday and Wednesday, May 26-27. Residents are asked to place all garbage and trash in containers readily accessible to the collector and whenever at all possible to place these containers in the alleys. All rubbish will be hauled away at the expense of the town. A large tree in front of the Bernard Peters property and which was recently condemned by the county forester was ordered felled after Mr. Peters had consented to the action.

It was announced that the steel anchoring poles for the new stoplight had arrived and that the light was expected this week. Installation crews are expected to begin work this weekend or early next week. A street line painting machine and a power mower were authorized to be purchased.

The Town Fathers authorized a \$100 donation to the Emmitsburg Municipal Band which it sponsors and a letter of thanks for a recent contribution was received and read from the Emmitsburg Baseball Assn.

It was ordered at the meeting to engage the services of a State Health Dept. engineer to survey the town in an effort to determine just how much new sewer line was necessary for the protection of the community's health.

CORRECTION

Elsewhere in this issue of the Chronicle appears an advertisement for the B. H. Boyle Store stating it will be closed Memorial Day. This is incorrect, as the store will be open.

BENTZ-SMITH

Mr. and Mrs. Murray D. Smith of New Midway, Md., announce the engagement of their daughter, Miss Mary Louise Murray, to Warren Eugene Bentz, son of Mr. and Mrs. James E. Bentz, Emmitsburg.

THE 'BRAIN-WASHED' POWs

Bitter resentment over the "false stigma that has come our way" has been voiced by some of the released prisoners of war who were sent to Valley Forge Military Hospital for special treatment because the army thought they may have been influenced by Communist propaganda during their captivity.

They have, indeed, been caught up in a bizarre situation. Sent home after the triple ordeal of war, wounds and captivity, they have been greeted with suspicion. Once word leaked out that they were being flown home in secret, and why, they have been lumped together as a "brain-washed" group of Communist converts without any consideration of individual cases.

In all fairness, though, it must be conceded that the army tried to shield them from this pitiless publicity. Evidently the official intention was to take them to an army hospital and give them an opportunity to readjust themselves to old surroundings through rest and rehabilitation before letting anyone know of this particular trouble.

But that sort of thing is extremely difficult to do in a democracy. The American POWs who were released were few in number. The eyes of the nation, through our newsgathering agencies, were fixed on them individually. With every name being sent to the prisoner's home town as soon as he was set free, it was impossible for a group of 20 of the men to be whisked out of sight for any purpose without people finding out what it was all about.

The army itself has treated them with consideration. Once the story leaked out, through one of the POWs, General Mark Clark said that returning prisoners "who have been behind Communist lines for so many months undergoing tortures of the body and mind" wouldn't be judged now for any pro-Red statements. The army's first concern is to give them full opportunity for rehabilitation, with rest and care, medical and psychiatric treatment.

What may be more important for these POWs to know, however, is that the American public is reserving judgment, is genuinely concerned, is sympathetic. Those who let themselves be used for Communist propaganda purposes or otherwise appeared to have succumbed to the Communist line will have ample time to present their explanations.

They are home now in a land where men, especially those who fought and suffered for their country, can think their own thoughts without being subjected to any pressure.

At The Majestic Theatre, Gettysburg, Pa.

Doris Day and Gordon MacRae cuddle up in a scene from their newest Technicolor musical comedy from Warner Bros., "By The Light of the Silvery Moon." It plays at the Majestic Theatre, Gettysburg, Pa., Thursday, Friday, and Saturday, May 14, 15, and 16.

WASHINGTON AND "SMALL BUSINESS"

By C. WILSON HARDER

A plan to solve newspaper problem is before Congress.

Background data supporting this plan was amassed during Senate Small Business Committee study of newspaper situation about a year ago. Facts were found, for example, that the U. S. press depends on Canada for 5/6's of its newsprint supply where producers appear as a monopoly.

It is time for action, says C.W. Harder, Sen. Francis Case (Rep. S. D.).

He has introduced a bill that will permit a newspaper industry in the vast Tongass National Forests of Southeastern Alaska.

Although these reserves were held inviolate for years, recently permission was granted an international firm to cut pulp timber to make cellulose.

Senator Case feels time has come to protect interests of independent U. S. publishers.

His bill has several interesting provisions. A private company shall operate Alaskan newsprint industry. It must agree to reserve a certain percentage of production to meet needs of American newspapers with circulation of 10,000 or less.

In addition, the bill recognizes the financial problems faced in establishing an Alaskan newsprint industry. Therefore, the emergency rapid tax amortization allowed major U. S. industries will be granted. As it costs around \$70,000 per ton of capacity to build a newsprint plant, the bill also provides RFC may loan up to \$50 million, to be repaid by millions.

back over 50 years.

Strenuous objection to this bill from both domestic and foreign sources can be expected. Former State Department opposed action on newsprint problem.

But in Senator Case's mind the problem is quite simple.

Preservation of American liberties, both political and economic, rest on a free and independent press in the smaller communities of the nation.

Due to price gouging by Canadian newsprint producers, many publishers must spend 50 cents out of every dollar taken in just for paper. Mortality among independent newspapers has reached a new high.

On the other side of the picture, more and more the big cities are being served only with a chain newspaper. And due to what many consider laxity by the Federal Communications Commission, television and radio station ownership is being given to big combines, many of them also having interests in metropolitan newspapers.

Thus, more and more, weekly and small daily newspapers remain the only institutions where freedom of expression is found in the United States.

Opposition to this bill will undoubtedly claim this is a plan by which newspaper publishers are trying to use the government to feather their own nests.

But the facts are the major support comes from independent businessmen not connected with the publishing business. The leaders of these businessmen feel that as so goes the independent newspaper, so goes the freedom of enterprise in all fields of endeavor. The progress of this loan up to \$50 million, to be repaid by millions.

ENTERTAINING IDEAS POOR PIES CAN CAUSE ANYTHING FROM INDIGESTION TO DOMESTIC SCENES.

MOTHER, I'VE INVITED THE SMITHS TO DINNER. DO YOU AND JIM LIKE MY PIE?

YOU TRY SO HARD DEAR.

ER...ER...IT'S ALRIGHT DEAR.

THE RECIPE:
2 TBS. SOFT BUTTER,
1 PACKAGE (1/2-CUP) SHREDDED COCONUT,
SPREAD BUTTER EVENLY IN PAN; SPRINKLE IN COCONUT AND PRESS EVENLY INTO BUTTER...

BAKE IN SLOW OVEN 15 TO 20 MINUTES, OR UNTIL GOLDEN BROWN. COOL. FILL WITH PUDDING OR CHIFFON FILLING AND CHILL. OR JUST BEFORE SERVING, FILL WITH ICE CREAM.

WHAT DELICIOUS PIE! I WANT THAT RECIPE.

IT'S EASY WHEN YOU KNOW HOW!

JUST LIKE MY PIES, DEAR.

St. Joseph's High School News

S. J. H. S. auditorium was deftly converted into the sides of the ballroom for the "S. S. Senior '53" for the annual prom to be given by the Juniors for the graduates. Upper decks of the ballroom carries out the nautical theme with decorations of anchors and life preservers. The Junior Class will sing a parody to the tune of Anchors Aweigh. A white rose will be presented to each senior by Mrs. Curtis Topper, mother of the Junior Class president, Dolores Topper. Charles Baker, president of the Senior Class will present Mrs. C. A. Elder, wife of the newly-elected PTA president, C. A. Elder, with a corsage of white roses. Then completing the prom tonight will be the promenade through a huge life preserver. Chaperones for the dance will be Mr. and Mrs. Guy A. Baker, Mr. and Mrs. Hugh N. Rocks, Mr. and Mrs. Louis Topper and Mr. and Mrs. Curtis D. Topper.

Ann Ridenour, Joan Berstler and Nancy Bowers, Juniors, merited gold pins and certificates in the national contest sponsored by the Gregg Company. For reaching 100 words a minute in shorthand, certificates were issued to the following Seniors: Ann Ridenour, Mary Ann Sease, Theodosia Kelly, Honora Fitz; for 80 words per minute, Lois Hartdagen, Esther Sprankle and Ann Hobbs. In the third year certificates for 60 words in shorthand were earned by Nancy Bowers,

Geraldine White, Josephine Sell, Mary Francis Sutton, M. Dolores Topper and Grace Sanders. A typing certificate for 40 words a minute was presented to Joan Berstler; 30 words a minute to Gertrude Meunier, Mary Althoff and George Hobbs.

The annual May procession was held Sunday evening in homage to Our Blessed Mother. The procession was led by Michael L. Boyle, '52. Lois Hartdagen, president of the Children of Mary, accompanied by C. of M. officers Dorothy Orndorff and Christine Timmerman, climaxed the evening with the crowning of Our Lady. The remaining seniors were attired in caps and gowns. The Senior Class took the annual current events test which culminated the years of study of "Our Times." A prize will be awarded the senior with the highest mark at graduation.

All English classes are prepared for eliminations today in a spelling bee. Two representatives from each class will be selected and final eliminations will be held in the auditorium next week.

Disorderliness Brings Fine
Charles E. Springer, Rt. 3, was fined a total of \$20 on a disorderly conduct charge preferred this week by Chief Robert L. Koontz, at a hearing before Magistrate Charles D. Gillelan. The arrest occurred last Saturday.

In the early days of World War I no airplanes were fitted with machine guns for combat and pilots sometimes attacked each other with pistols, rifles, carbines and hand grenades.

Italy has several battalions of infantry which march at a run.

ANNOUNCEMENT!

This is to announce to the people of Thurmont and vicinity that I have purchased the stock and equipment of Mr. C. F. May, Jr. at the Mobile Service Station, south of Thurmont, on Route 15. Mr. May will continue on as my employe in charge of the station.

Having been in the automobile business in Gettysburg for the past eight years, I will continue to operate that establishment along with this new enterprise.

We will handle a complete line of Mobile products, and do lubrication, car washes, tire work, etc., along with the auto sales business.

We promise fast and courteous service, and will handle only top quality, guaranteed automobiles.

Pimlico Features Classic Race Tomorrow

Speed will be the order of the day at Pimlico on Saturday when the feature is the Baltimore Spring Handicap at five and a half furlongs and for a prize of \$15,000 in added money.

Pimlico, off to a good start during the early days of its spring meeting with a seven per cent increase in the mutual handle, is building toward a climax which will come with the 77th Preakness Stakes on May 23 and that will be followed by the Black-Eyed Susan Stakes for 3-year-old fillies on May 30.

For the Baltimore Spring Handicap there is plenty of talent available and while the race is short, it may prove one of the top contests of the meeting.

The list of star sprinters eligible for the sprint event contains such names as Squared Away, one of the most consistent New York performers; War Phar, who set a track record for five and a half furlongs at Gulf-

Legal Sorority Offering Several Scholarships

Iota Tau Tau International Legal Sorority is an organization whose purpose is the advancement of women in the legal profession. To this end, Lambda Chapter is interested in aiding worthy women who wish to pursue the study of law and is sponsoring a competitive examination. The successful applicant is to be awarded a \$200 full first year Evening Law School scholarship at the University of Baltimore.

Any woman who has attained at least two years of college credits is eligible for admission to law school in the State of Maryland, and is, therefore, eligible to take this examination, which will be held on Saturday, June 27 at 2 p. m. at the University of Baltimore, 1420 N. Charles St.

All applications, together with certified transcript of college credits, must be mailed to Mrs. Kaminski not later than Wednesday, June 17.

Some 1,400 of Denmark's 2,000 churches are more than 700 years old.

stream Park, and Tuscany, star of the stable owned by Mrs. S. M. Pictorio.

Also rated probables for the race are Brazen Brat, Uncle Ev, Senator Joe, Jess Linthicum, War Age, Free For Me, Whiffenpoof, Jack the Great, Landseair, Starecase, Eatontown, Cinda, Do Report, Indian Land, White Skies, Sagittarius, and Earmarked.

The Preakness on May 23 is expected to give Native Dancer a chance to regain any prestige lost in his head defeat in the Derby and it is expected at least 10 colts will oppose him in the \$100,000, mile and three-sixteenths fixture.

LUMBER YARD

From France—With Love

Chateau de Chambord

My resolve to do my spring traveling en velo has met with added inducements that will take me cycling down the Loire Valley into Touraine. In this "garden of France" on certain lovely May and June evenings the great chateaux will be illuminated to offer a spectacle the Kings of France could not match in their courtly fetes, since electricity was not then under human control. The great power wielded by French monarchs is nowhere more richly or more beautifully illustrated than in Touraine where the Kings built their pleasure parks. At Chenonceaux Henry II built his chateau for Diane de Poitiers. . . the magnificent Chateau de Chambord was ordered by Francis I, the witty monarch who inscribed all his decrees with the declaration "For such is my good pleasure," whether they concerned chateaux or government. Even our Louis XI loved this part of France. For military reasons he tried to make Tours his capital, but not even his dread monarch could usurp the right of Paris.

From Tours during May and June you can take bus trips through the Chateaux Country on the evenings that the palaces are illuminated, and it is possible to go by private car, or by bike. There is a minimum admission fee when and where the public is admitted to the grounds. Along with the artful illumination, the spectators at some of the estates will be treated to concerts of ancient music that will be broadcast out-of-doors. Chateaux and concerts would be reason enough for my part to visit Touraine, but besides these attractions the province offers excellent food, rich sweet wines. Its farms and fields on the lovely, gently rolling hills are so neatly tended that they look like paintings. One claim Touraine makes is of special interest to travelers from abroad. . . it is here that the purest French is spoken, and therefore it is here that you can meet easily and most properly learn it.

Marguerite Villars

YOU and YOUR CONGRESS

WASHINGTON — Baseball wants an assist from Congress in preserving the minor league clubs that groom players for the big time.

The threat, according to baseball's top brass, comes mainly from radio and television.

As TV spreads through the country, more and more people who live in areas having minor league teams are staying home to listen to or watch big league games on the screen instead of viewing local contests in person out at the park.

This has put such a crimp in the tills of some minor league clubs that they have folded, and others will suffer a similar fate if present televising and broadcasting of big league games continues.

The ultimate result will be less quality in big league ball, because the majors depend on the minors to train fresh material.

The only minors that can continue playing so sparsely filled stands for any length of time are the farm teams of the major league clubs. But the majors, suffering from their own attendance ills this year, cannot see their way clear to continue subsidizing farm clubs indefinitely, even with proceeds from telecasts and broadcasts of the big games.

Thus was the diamond dilemma outlined by Baseball Commissioner Ford Frick and others for a Senate Interstate Commerce subcommittee, which is considering legislation designed to bring baseball relief from TV and radio pressures.

Lou Carroll, attorney for the National League, brought the issue down to dugout level when he told the subcommittee that uncontrolled broadcasts and telecasts are forcing the majors to "eat our own young."

The lament of the leagues is no news to Subcommittee Chairman Edwin C. Johnson (D-Colo.) who is president of the Western League.

Matter of fact, Johnson is the sponsor of S. 1396, which would legalize a rule banning broadcasts and telecasts, without permission, by one baseball club in the home territory of another. The bill fixes "home territory" as within a 50-mile radius.

Arguing the need for this legislation, George M. Trautman, president of the National Assn. of Professional Baseball Leagues, said many leagues and clubs had disbanded for lack of income. Of the 273 left, he said, only 19 showed a profit last year.

Trautman said radio sponsors in minor league cities can get a wire account of a major league game for less than it would cost to sponsor the games of the local team.

Added to the woe of major league clubs forced to subsidize their farm teams because of the latter's lack of gate receipts is the fact that there has been a sharp over-all drop in paying customers at the big league turnstiles. Attendance is off about 25 per cent from what it was at this time last year.

The ban which Johnson's bill would legalize previously was imposed by baseball but was removed in 1949 at the Justice Department's request. The Department feared the rule might violate anti-trust laws.

Warren Giles, National League president, says the major leagues are "helpless" to correct the present effects of TV and radio on minor leagues because they still are being subjected to Justice Department "harassment."

Senator Johnson says the Justice Department's "over-zealous anti-trust division" has denied

baseball the right to fight "monopoly" in its own ranks.

Senator John W. Bricker (R.-Ohio), a subcommittee member, says he believes baseball is outside of interstate commerce so far as the anti-trust laws are concerned.

Anything that threatens baseball's quality can expect to meet Bricker's opposition. An avid fan, he holds honorary admission cards from both the American and National Leagues.

WASHINGTON AND "SMALL BUSINESS"

By C. WILSON HARDER

The campaign to repeal U. S. tariff laws to permit a flood of cheap foreign imports takes on more and more an Alice in Wonderland aspect.

Proponents of tariff repeals keep repeating that U. S. tariff laws are the only obstacle in the way of a world-wide prosperity through world-wide free trade.

Shortly, both Britishers and Canadians before Westminster Abbey will voice a common enthusiasm by joining in the traditional "God Save the Queen."

And while they have not set the words to music, the Englishman and his Canadian cousin will also be chanting sotto voce "Let's keep up our splendid trade between us, as long as Yankee taxpayers foot the bill."

Anyone wishing to see the silliness behind the drive to build world prosperity by scuttling U. S. tariff, needs only to look at records of Mutual Security Agency which succeeded Marshall Plan as the open-hearted giver of U. S. tax dollars to Europe.

Here is just one example that happened in the space of 32 days. English industry needs metals and oil. Her dominion, Canada, and possession Trinidad produces these items. Seemingly, it is a simple matter for the members of one family to sit down and work out an agreement to trade.

But that desire to buy and sell was not solved in this classic manner.

Instead, MSA allocated \$52.-

140,000 to buy non-ferrous metals such as lead, zinc, and aluminum in Canada, and oil in Trinidad, to be shipped to England.

Undoubtedly, in time these figures will appear in published reports as an example of growing trade between England and her dominions and possessions. But one point will be neglected.

That point will be this trade was only made possible by U. S. paying the bill.

Similar arrangements are completed practically every day.

And almost every day England cries the world cannot exist without free trade, and that free trade cannot exist with U. S. tariff laws protecting the American market.

England has yet to demonstrate that it can work out any free trade arrangements within her own family.

Yet, despite the published facts, a veil of secrecy appears over them in Washington. Congress must take some action on tariff matters by June 30, yet no one in Congress has arisen to point out the fallacy of free trade as illustrated by the trade relations in the British Empire.

There is some thought that fear accounts for failure to bring out these facts.

It is known that England traded with Red China, even after Korea started. Some feel there is a possibility timidity exists about even starting an exploration of the subject, for fear it will start a chain reaction leading to disclosures that American taxpayers paid for raw materials from British dominions which England fabricated into materials used by the Reds to kill American troops thus presenting U. S. public with the major shock of the century.

Your Personal Health

Papa David Says:

"There is a famous old saying to the effect that a man's happiness must be earned—and it's a good thought to keep in mind whenever you think that maybe the world owes you something."

It doesn't hurt sometimes to sit down and figure up your winnings in life. In fact, you may be kind of surprised to find out how high they have mounted. That is, of course, if you make sure to count in the winnings in friendships made and kept—in battles you've won over yourself—and in the amount of real learning you have accomplished."

"Happiness is made up sometimes of tangible things—more often of intangibles—but nothing brings happiness all by itself—the happiness, the ability to be happy, has to start with you."

But Thou, O Lord, art a shield for me; my glory, and the lifter up of mine head.—(Psalm III, 3.)

The quest for pleasure, for material comforts, for temporal security, occupies so many of us these days. But while pursuing them, above all we long for peace of mind and soul. There can be, however, no peace or strength within us, and no lasting security, until we know God and live within Him in righteousness and faith, and try to help others do so.

able to look forward cheerfully to his return home, to a useful, healthy, and happy life.

"ROGUE'S MARCH" PETER LAWFORD RICHARD GREENE JANICE RULE

ALONG THE POTOMAC

Congressman DeWitt S. Hyde

Although I was to accompany other congressmen to Nevada last week to see an explosion of an atomic device, I called off my trip at the last minute to stay and vote on certain appropriation bills that came up in the House.

We passed the 1954 appropriations for the State, Justice and Commerce Departments. There was much discussion over certain "riders" to these bills which would have given the heads of these departments absolute discretion to let out any employee whose staying on the job they thought might endanger the security of the United States.

I voted against a motion to send these bills back to their committees for the purpose of striking out these riders. This is the reason for my vote:

This provision has been in State Dept. appropriations bills for the last seven years and in the Commerce Dept. bills for three years. It enabled these offices to get rid of dangerous security risks and morally unfit people with as little embarrassment as possible to either the individual or the Government.

Never, under the previous Administration, was there any suggestion that such a provision endangered the Civil Service system or the veterans' preference system. The only congressmen who ever voted against it was Vito Marcantonio, notorious New York left-winger.

But this year, for purely political reasons, a fight was stirred up over giving the department heads this authority, and Congress denied it to them when a few Republicans got worried about the source of some of the objections to this provision, went along with many of the Democrats, and struck it out.

Certainly there was no reason to believe that the new Administration would have been unfair in administering the law, any more than the previous one was.

New Legislation The Senate approved the bill which I am sponsoring in the House to create a Washington Metropolitan Area Transit Commission to oversee better public transportation in this area. . . .

I have introduced a bill to create the National Physical Sciences Laboratories as an independent agency of the Government. It would take over the work now done by the Bureau of Standards, which comes under the politically-appointed head of the Commerce Department.

In The Counties On my calendar, Saturday, the Maryland Young Republicans' banquet at Annapolis; next Friday, the Boonsboro Men's Republican Club and next Saturday, the unveiling of a bronze monument at Thurmont, sponsored by the Brotherhood of the Jungle Cock.

Around the Studios

By Charlie Brooks.

Hi, there! At the annual dinner of the Greater New York Safety Council held at the Statler Hotel in New York City recently, Bob Young, star of NBC's comedy-drama "Father Knows Best," was chosen to address the gathering of 900 safety experts, because of his work in educating youth to safer driving habits. . . .

Robert Young

Bob, whose crusade for safe driving among teen-agers is familiar to regular listeners to "Father Knows Best," stated that he feels the most effective weapon against the nation's highway death toll is compulsory driver training for all high school students.

"Nothing," remarked Bob Young, "is quite as effective in the training of a good driver as proper instruction at the very beginning."

The Council's awards for outstanding class work in driver education went to ten high school youths chosen from the five New York City Boroughs.

"The King of the Cowboys," currently starring on NBC radio and television in his "Roy Rogers Show" joining the growing list of outstanding Americans who have received the "Golden Man and Boy" award given annually by the Boys' Clubs of America in recognition for his help in the plans for Boys' Club Week, and for his constant devotion to the cause of youth throughout the country.

Roy Rogers, and Dale Evans, his wife and co-star, will join Baseball's Joe DiMaggio, sportscaster Mel Allen, and a host of other stars, in a special radio tribute during National Boys' Club Week. The Western stars will sing the "Boys' Club Marching Song" with the Mello Men, singing quartet, on the 15-minute program.

The stars of CBS' daytime dramatic serial, "Perry Mason," walked off with two awards in the 1952 Radio-TV Mirror nationwide survey of the listening audience. John Larkin, who portrays "Perry," was selected Favorite Radio Daytime Serial Star, and Joan Alexander, who is his Gal Friday "Della Street," was named the outstanding Radio Dramatic Actress of the year.

"Perry" and "Della" will receive engraved gold medals and personally inscribed certificates from the magazine in the next few weeks.

SENATE CLOAKROOM

By J. GLENN BEALL

Overall study of Federal aid to states, and state and Federal revenues will begin with the appointment of a Commission on Inter Governmental Relations.

S. 1514, providing for such a commission, was one of 79 bills passed by the Senate the day after the handful of so-called "liberal" Senators ended their six-week filibuster.

Paul Douglas, the Illinois Senator who previously was an ardent opponent of the filibuster, questioned whether any important legislation was held up by the windy speeches by a few members. Senator Taft replied that if the Senator from Illinois would examine the calendar he would find many bills of importance.

Action by the Senate the following day should have convinced the doubting Illinoisian.

Work of the commission on governmental functions and fiscal resources should prove to be one of the most important studies that has been made in years. Obviously it is impossible to judiciously cut budgets, taxes, and programs unless the effect of cuts can be accurately determined.

As Senator Taft explained it, the commission would study the whole problem of Federal aid to states, and study the sources of revenues for each division of the Federal government and of state and local governments in order to ascertain whether they have adequate funds, and if not to suggest means for providing sufficient money.

Twenty years of New Deal government cut into the revenues and powers of the local and state governments. Many states and local governments now depend largely on financial grants from the Federal Government to carry out their activities.

By the time a tax dollar, collected in the county, goes to Washington, back to the state capital, and finally back again to the county the pennies for administrative costs alone has considerably diminished the dollar.

Spending authorities should be the taxing authorities—that way the responsibility for careful management of your tax money

is fixed on the people elected to operate your county, state, or Federal government. The old adage that you don't get something for nothing is as true as ever.

The Commission would be comprised of five members from the House, five from the Senate, and fifteen members appointed by the President.

Physically, wood substance is a very stiff jelly, comparable to glue, gelatin or gums.

EHS Alumni To Banquet, Dance

The annual banquet and dance of the Emmitsburg High School will be held Saturday, June 13, according to an announcement by the president, Carroll Frock, Jr.

The banquet will be held in the high school cafeteria starting at 6:30, followed by the dance at 9 o'clock. The meals will be prepared by members of the P-T.A.

HOME OFFICE, COLUMBUS, OHIO

LOOKING AHEAD

BY GEORGE S. BENSON
President—Harding College
Scary, Arkansas

Mr. Republican Speaking
WASHINGTON — Senator Robert A. Taft has been drafted onto the Eisenhower governmental "team" and is rapidly becoming the President's greatest asset in establishing the new administration and getting it over its first big hurdles. This was evident as I visited with Sen. Taft in his office on Capitol Hill. What did the Senator consider to be the most important message from Washington that I could carry to the American people through the column, the Harding College Monthly Letter, the radio program and the other media of our National Education Program?

"An appeal for patience," he said. Then, with hard-hitting logic, he backed the President

on the widely debated question of whether tax cuts or a balanced budget should come first. "The important thing," he said, "is to reduce expenses, and I believe the administration is going about this job with enthusiasm and good faith."

Cutting Under Way
"We can expect to learn any day now what the administration feels the expenditures will have to be for the fiscal year beginning in July," said the Senator. "Then we can tell whether the budget will be balanced and whether a tax reduction is feasible." After 30 days in Washington, talking to Treasury Dept. officials, and key men in the Dept. of Defense, the Postoffice Dept., the Agriculture Dept., and others, I'm convinced that the new official family operating the Federal government is going to drastically cut expenses.

"Mr. Truman's budget called for the expenditure of \$78 billion during the year beginning July, 1953," Senator Taft noted. "Taxes will produce about \$70 billion if they are not reduced, so that there is a deficit of \$8 billion. Therefore, Mr. Truman's budget will have to be cut \$8 billion before we even balance the budget or can justify any reduction in taxes."

Man of Knowledge
The Senator from Ohio, universally respected for his integrity, intellect, and both practical and theoretical knowledge of government, is assuming the role of friend, confidant and advisor to the new President, the man he fought so sharply for the Republican nomination at Chicago last July. It is characteristic of him to cast off personal feelings and work unselfishly for the nation and his party.

And Senator Taft thinks that for the nation's good President Eisenhower is right in placing the first emphasis on a balanced budget. In fact

Farmers Seeking Woodland Advice From State

About 40 requests have been received from Frederick County farmers for assistance on woodland management as a result of the recently concluded tree planting campaign.

Assistance is available from State Dept. of Forests and Parks foresters in connection with planting, maintaining, using or marketing farm-grow wood, the Frederick County Forestry Conservancy Board announced.

Help includes woodland examination, marking and estimating timber volume and value, and advice and assistance on timber marketing, use of trees for farm building or fence post use, protection of trees from livestock, replanting as needed, rodent control, removing competing vegetation, thinning stands and pruning trees.

In addition, written material and assistance are available on control of tree insects and diseases from the county agent and the Extension Service. Insect and disease problems can be reported to foresters along with others, however.

Farmers with timber stands large enough for marketing can be advised as to whether a lump sum, board feet or market tree sales contract is most profitable. Assistance on contract agreements are available from the forester.

Foresters also will help lumber mills find certain varieties of trees when such help is requested.

Help in Frederick County is provided by C. E. Covell, assistant district forester, with offices in the Church St. School Bldg.

The taxpayer with a large family in Tel Aviv, gets a break in Israel. He gets an \$84 exemption for the first child, an added \$112 for the second and an extra \$224 for the third.

he himself advocated such a policy during the campaign and his insistence on it undoubtedly was a factor in the President's decision. There could be no permanent gain toward fiscal soundness in Washington, Senator Taft contends, if taxes were cut and yet the national debt mounted as a result of an unbalanced budget.

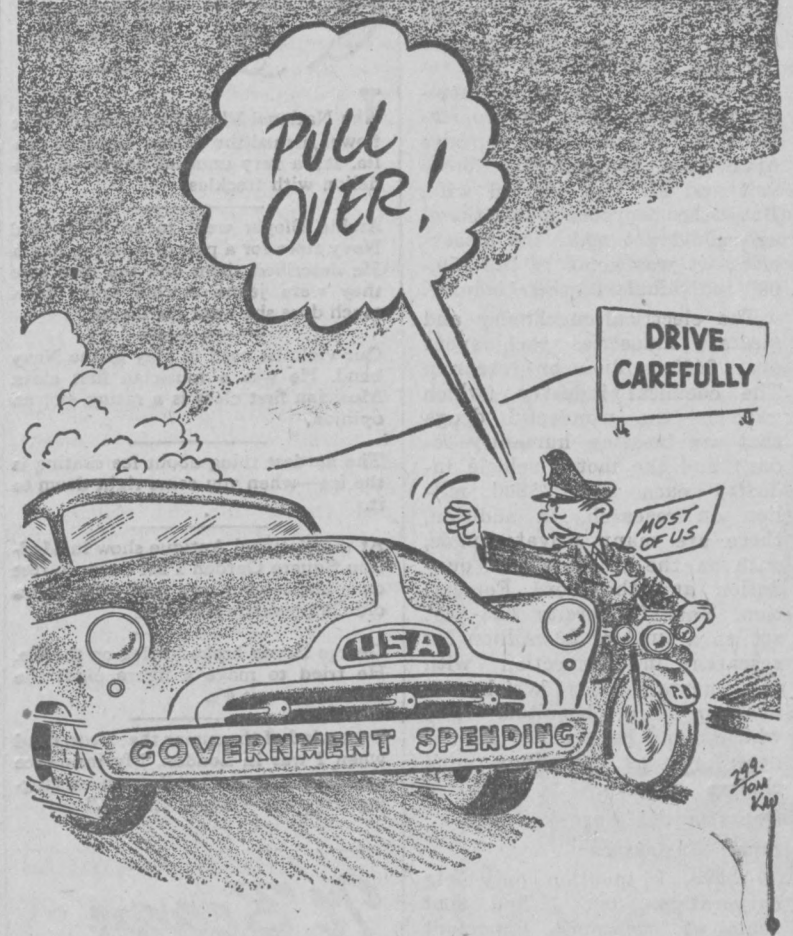

States Policy
"The Republicans never promised any reduction in taxes in 1953," he reminded me. "After I conferred with Gen. Eisenhower in New York early in the campaign, my statement promised a balanced budget in 1953, and further reductions in expenditures of \$10 billion, to a total of a \$60-billion budget in the fiscal year 1955. I stated that I thought a tax reduction could be given in the beginning of 1954 for the ensuing year, a substantial tax reduction of about 13 per cent. This is still my guess, although I hope there might be a still further reduction of expenditures."

It is my opinion that once the Eisenhower team has "learned the ropes" in the various agencies and departments, Senator Taft's will be one of the most powerful voices in Washington for whittling the Federal government down to proper size. But it will take time, he cautions. That's why he feels an appeal to the taxpayers for patience is so important. "A year or so from now," he said, "the people may expect to see the tangible results of our program, and I predict that the administration will make real progress."

Let us all hope the promise is fulfilled.

Alchemy, the futile attempt to make gold out of the baser metals, can be traced over a period of 1,000 years.

THE AMERICAN WAY

"Wreck-less" Driving

Knowledge is Power

(1) On the New York waterfront the pay is \$2.27 an hour, reports Budd Schulberg in the New York Times Magazine. But 50 per cent of the longshoremen earn less than \$1,000 a year. Another 10 per cent earn less than \$2,000. About a third earn from \$2,000 to \$4,000 a year. The upper crust of favored workers averages more than \$75 a week on a yearly basis.

Most of the longshoremen are Irish, Italian or Negro. The Irish don't kick back much of their pay any more, but each Italian and Negro systematically kicks back as much as \$5 a day to the hiring boss. With 8,000 men kicking back, this brings in \$30,000 or \$40,000 a day in illegal fees for the crooks who control the waterfront.

(2) In 1921, when he was 39 years old and just coming into prominence as a political leader, Franklin Delano Roosevelt was stricken with infantile paralysis. Turnley Walker, in his book, "Roosevelt and the Warm Springs Story," describes the courage with which F.D.R. learned to walk and stand again.

Despite the fact that he was paralyzed from his waistline to his toes, Roosevelt forced himself

to walk. Assisted by his son or a nurse, he spent hours learning to walk across the floor of his living room. He fell repeatedly, but struggled on until he could move along with a cane and a person holding his arm.

(3) Definitely, writes George Fielding Eliot in Steelways. "In addition to the needs of business and industry," he writes, "are the demands of an expanding military establishment. . . . We must live and work as our European neighbors have done for a century, with weapons in one hand and tools in the other.

Some 3.7 million men are in uniform, and about 8.1 million are in defense production. Meanwhile, the demand for more workers in transportation, administration, sales and finance is steadily increasing.

Red's Best Girls

Lucky comic Red Buttons is soundly kissed by two beautiful girls at the same time—Pat Carroll and Beverly Dennis, who appear with Red on his CBS-TV "Red Buttons Show." Red was guest star at the National Press Club of Washington's annual Congressional Dinner.

Local Soldier Promoted In Germany

Charles A. Brewer, son of Samuel Brewer, Emmitsburg Rt. 1, was recently promoted to corporal while serving with the Seventh Army's 25th Anti-aircraft Artillery Gun Battalion at Karlsruhe, Germany.

His unit is part of the cordon of NATO defense forces stretching across western Europe under the overall command of General Matthew Ridgway.

Corp. Brewer, a cannoner in Battery A, arrived in Europe in April 1952. He has been awarded the Army of Occupation Medal for duty in Germany.

A graduate of Emmitsburg High School, he was employed by the Hanover Shoe Co. before entering the Army in September, 1951.

MARYLAND FARM FRONT

The 1953 support price for Maryland soybeans will be \$2.50—the same as last year, according to George Martin, chairman of the Maryland Production and Marketing administration state committee. This figure is for yellow soybeans, grading No. 2 with between 13.8 and 14 per cent moisture content. Black soybeans will probably be discounted 25 cents a bushel, the same as in 1952, the PMA chairman said.

Soybean growers may obtain additional information on support loans from their county PMA committee.

International Wheat Agreement Must Be Ratified

The U. S. was among 45 countries signing the new International Wheat Agreement recently. The United Kingdom was the only one of 46 nations participating in the discussions which has not signed. Signature must be followed by ratification of the member nations.

Fifty per cent of the participating countries must approve the agreement by July 15 before it can become effective Aug. 1, when the present four-year agreement ends. In the U. S. the President must ratify the treaty with the advice and consent of the Senate.

The new International Wheat Agreement is for a period of three years. It provides quotas for exporting countries at prices ranging from \$1.55 to \$2.05 a bushel. The current agreement has a \$1.20 minimum and \$1.80 maximum price.

Under the new agreement, the U. S. will be able to export 270 million bushels a year, roughly a quarter of the yearly production of wheat in this country.

According to Mr. Martin, it has cost the U. S. an average of 62

cents a bushel to subsidize wheat exports under the present four-year agreement which will expire July 31. At present U. S. market prices, the cost of subsidies at the \$2.05 maximum export price would be about 32 cents a bushel.

IMPORTANT NOTICE TO AUTOMOBILE OWNERS

Effective JUNE 1, 1953, the Maryland Motor Vehicle Financial Responsibility Law will provide that certification of automobile coverage on SR-21 forms (the kind that must be sent to the Department of Motor Vehicles, following an accident in which your car is involved and total damages to both cars amounts to \$75.00 or more) must indicate that the Bodily Injury limits be at least \$10,000/\$20,000, whereas the present requirements are for \$5,000/\$10,000.

Property Damage requirement is now \$5,000 instead of \$1,000, but this presents no problem as nearly all policies now carry at least \$5,000 Property Damage coverage.

Minimum Damage necessary before provisions of Act apply have been changed from \$50.00 to \$75.00.

In view of this requirement, all automobile policies should be written for at least \$10,000/\$20,000 Bodily Injury on and after June 1, 1953. As a service to our clients this office will as routine furnish endorsements, without further notice, on all automobile policies with limits under \$10,000/\$20,000 Bodily Injury, so that they will comply with the required limit, effective June 1, 1953.

If any further information is desired regarding this change in the Law, please call at our office or telephone 32.

BABSON

Writes . . .

By ROGER W. BABSON

BABSON PARK, May 14—Inquiries constantly come to me asking for some way to prevent more World Wars. Instead of answering these letters personally, may I give my answer in this week's column?

Ninety-five per cent of the politicians of every nation appear to believe that the only means of keeping their country out of war is to have a bigger army, a more powerful navy, a greater air force, and the most atomic bombs. Of course, this is not the answer. It is like trying to cure an alcoholic by giving him more drinks.

In fact, 2000 years ago Jesus said: "For all they that take the sword shall perish with the sword." History shows this to have been 100 per cent correct. Any reader who doubts this need only read the lives of the greatest military leaders such as Alexander the Great, Cyrus, Caesar, Genghis Khan, Mohammed, Ivan the Terrible, Cromwell, Napoleon, Bismarck, and Hitler.

What Jesus Taught 2000 Years Ago Thereupon the preachers tell us that pacifism and disarmament are the answers, failing to talk about the Old Testament which was the only Bible that Jesus knew or used. When Jesus preached about "disarmament," He assumed that justice, mercy and intelligence would be substituted therefore. The fact is that if we read the books of the Bible in the order in which they were written, we see that Jesus was talking about the Kingdom of God based upon righteousness and fairness to all people.

Today, I see a possibility of World Peace. This will not be brought about alone by the priests and preachers, however, earnest and necessary they are. The foundation for the Kingdom of God is being built by the teachers, scientists, and inventors. These include mathematicians, physicists, chemists, metallurgists, psychologists, and all others working for humanity in the laboratories of every nation. These men and women are making discoveries which may assure the people of all nations health, intelligence, prosperity, and happiness. These are the people whom Jesus would praise were He here today.

Whom Have We To Thank? Strange to say, we have the big corporations — many of which the U. S. Justice Dept. is persecuting—to thank for

NEIGHBOURS ESSO STATION

David L. Neighbours, Proprietor

Phone 72-F-2 Route 15 South Emmitsburg

the recent great progress. Last year, over \$3.5 billion was spent in the U. S. alone on research to make the world healthier, more intelligent and happier. Two-thirds of this amount was spent by corporations whose stocks are traded in so-called "Wicked Wall Street." The remaining third consisted mostly of Government appropriations for which we may praise or belittle Franklin D. Roosevelt and his kind-hearted wife.

But the corporations themselves did not make the discoveries—it was some of the 250,000 individuals in their employ. The electrical machinery and aircraft industries each spent over \$400 million on research. The chemical industry (which gave us the wonderful drugs that are blessing humanity today) and the motor vehicle industry each spent \$200 million on research. In addition, there are many private funds, such as the Rockefeller Foundation and the Ford Foundation. Yale University has just set up a fund of \$6 million for research in connection with the mental cases which are flooding our hospitals and which many believe are as unnecessary as smallpox and cholera plagues.

Opportunities For Small Businesses Above I mention only big corporations, but I find that some of our most important discoveries have been by small business employing only a few men. Furthermore, I find that many of their humble workers just stumbled onto their discoveries while hunting for something else. Hence, in the last analysis, all our blessings have come from humble individuals, most of whom we have never heard of. Therefore, I use every opportunity to appeal for the praying individual, whatever his race or color, whether rich or poor. Far too much attention is given by "educators" to "Ph.D.'s" and other degrees. In doing so, I believe they are retarding rather than advancing research.

Great changes are ahead. Whatever may happen during the next few years, I am a great optimist as to the future of our grandchildren. The atomic bomb is not going to destroy the world; it will free the world. It has already started a new line of thinking. We will enter a period when our newspapers will no longer feature "cold wars" or "hot wars," but will again feature new discoveries: men like Caxton who pioneered the printing press (1475) which opened the minds of men, Eli Whitney who invented the cotton gin (1793) which developed a great export trade, James Watt (1769) and Isaac Merritt Singer (1851) who spurred the industrial development of the United States, Thomas Edison, Henry Ford and John D. Rockefeller who laid the basis for America's prosperity. We also should remember Pasteur to whom we all owe much of our health and happiness.

Will We Have World War III? World War I did not accomplish anything except to lead to World War II. Even this second World War, every nation lost. Yet we are now discussing World War III. Only research and religion can prevent World War III. If communism had not denied God and truth, it might now win; but having chosen the sword, it will surely die by the sword. Our politicians foolishly talk about "Guns versus Butter." Instead, we should talk about "Guns versus New Ideas." For either of these to be useful, we are dependent upon humble individuals. Such people may be found in any community. We should encourage them, never laugh at them or ask them if they have a college degree!

OUT OF GODFREY'S TEABAG

The National Flower show exhibited a flower named the Arthur Godfrey dahlia. It's a very unusual flower—a dahlia with freckles.

Archie Bleyer went to an Army and Navy store for a pair of working pants. He described them and the man said they were jeans. Archie said, "How much does she want for them?"

Our violinist used to play in the Navy band. He was a musician first class. Musician first class is a rating, not an opinion.

The hardest thing about ice skating is the ice—when you come right down to it.

At the National Antique show in Madison Square Garden I sat down to rest on a chair—and won first prize as an old Chippendale whatnot.

George Bryan broke his leg on the ice. He tried to make a figure eight the hard way—two 4's.

I got wind of the rumor that I was dead when I was in London. My insurance company sent me a telegram—a singing telegram—"Say it isn't so."

It Began In Egypt

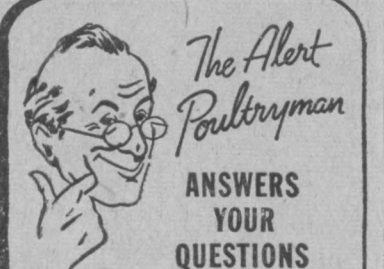

WIGS AND BEARDS

By JAMES C. FRENCH, M.A., F.R.C. Curator, Rosierucian Egyptian Museum According to the historian Herodotus, the ancient Egyptians did not allow the hair nor the beard to grow except at a time of mourning. They were habitually clean shaven, and to neglect the hair was considered very slovenly and dirty. If a man considered of a low station in life was represented in a portrait, the artist always drew him with a beard, and even Rameses VII, who was negligent, is pictured on his tomb at Thebes with a stubby beard of several days' growth.

Artificial wigs or headdress were used on special occasions, or at least tight-fitting caps were worn to protect the shaved heads from the sun. At first thought it may seem strange that the Egyptians should wear such warm covering as a wig, but when it is realized that the foundation of the wig was a net, allowing the heat of the shaved head to escape, while the hair protected it from the sun, one can see that it was far superior in comfort and coolness to the modern turban.

On special occasions the Egyptian gentleman, who went clean shaven in everyday life, wore an artificial beard which was made of hair very tightly plaited and fastened by straps on to the headdress or behind the ears. The Ruler wore a longer beard than his subjects; and the figures of gods are usually represented with a pointed beard curled up at the end. The same form is often found on the mummy cases, symbolizing the deceased as having become one with Osiris.

The Rosierucian Museum has wigs and artificial beards as exhibits of such art. Rosierucian News Service

The Alert Poultryman ANSWERS YOUR QUESTIONS

Q. I want a good drinking water medicine. What do you use?

A. I use Dr. Salsbury's Ren-O-Sal! There's a drinking-water medicine to satisfy you. Ren-O-Sal at 2 tablets a gallon gives faster growth and feathering, plus earlier laying. And at 8 tablets a gallon (a few days), Ren-O-Sal prevents spread of cecal coccidiosis. It's so easy to use and repays you many times cost. Use Ren-O-Sal right from the start.

STRENGTH FOR THESE DAYS

Now the things which I write unto you, behold, before God, I lie not.—(Galatians 1, 20.)

Today our world is under the influence of many men who write and speak words, with great skill and persuasion, to deceive and destroy us by leading us from the right and the truth. We cannot escape their voices in our daily lives; therefore we must be careful, and cling steadfastly in faith to the One Great Truth, which is the Word of God, the Bible.

Desirable REAL ESTATE FOR SALE

FOR INVESTMENT—A fine 3-apartment residence on E. Main St., Emmitsburg, within a block of Center Square. Priced substantially reduced by owner, in order to liquidate. Possession can be arranged for an early date. DESIRABLE BUILDING LOT—Beautifully situated along Waynesboro Rd., with Utility Building already on lot. Trees, shrubbery and flowers planted. The baddies never ride white horses

It's all so easy in the Westens. The bad guys always ride dark horses; the hero or his pal rides white. You can tell good from bad way down the canyon.

Not so easy are the real problems the kids grow up to meet. Danger may ride the white horse, and even do the singing round the campfire.

Like the people who try to push America into socialism. The things they propose, they say, are "to protect the people" or are "benefits only government can provide."

But you can spot the marks of socialism if you listen closely. The clues are these words: "the federal government should own and run" or

"the government should take over" or "government can do it better and cheaper."

Those are the sure signs of socialism. History proves it in country after country in Europe and Asia.

In the last 2 or 3 years, millions of Americans have recognized the threat right here in the U. S.

For socialistic ideas have spread alarmingly here. And the ways to stop socialism are to recognize it—to help your children and friends understand its dangers—to help your representatives in government resist its pressures—whether it's riding a dark horse or a white one.

VFW Auxiliary Holds May Meeting

The regular monthly meeting of the Ladies' Auxiliary to the Emmitsburg Memorial Post No. 6658, Veterans of Foreign Wars, was held May 7 in the post home on the Square. Following the covered dish social at 6:45 p. m., the chaplain, Loretta Adelsberger, presented gifts of stationery to the Gold Star Mothers. Thirty-seven members and 18 guests were present at the meeting.

A letter from Captain Philip B. Sharpe, president of the Community Fund, was read. It asked that an alternate be appointed from the auxiliary to the Fund.

Mrs. Madeline Rightnour reported \$52.42 was netted from the recent food sale. Mrs. Lumen F. Norris made \$13.00 from the sale of sandwiches on Saturday evenings. For the next month Harriet Norris will be in charge of the sandwiches on Saturday evenings and Mrs. Anna Stoner on Fridays.

A \$5 donation was made to the local high schools to be used for commencement prizes.

Carrie Long won the \$12.50 draw prize and donated \$3 of that amount to the kitchen equipment fund. The next meeting will be held June 4.

ident, Richard Frock; vice president, James Sanders; secretary-treasurer, Mrs. Herbert Rohrbaugh. Mrs. Reginald Zepp directs the choir and the organizer is Miss Ruth Shuff. Regular rehearsals for all choirs are held each Tuesday evening. Preparations are being made for the annual Festival of Choirs which is being sponsored by the Chapel Choir and will be held Sunday evening, June 21. The choir festival committee comprises the following: Harry Troxell, Mary Jo Zimmerman, Miss Ruth Shuff and Mrs. Reginald Zepp.

Steel-making capacity of the United States has risen 44% since 1940. The increase is nearly twice the annual capacity of Great Britain and more than Russia's total estimated capacity.

Grass runways of one of New Guinea's airports are kept smooth as a billiard table by residents of the area who cut the grass with their knives, says the National Geographic Society.

Block Party

Dates Scheduled

The annual block party, sponsored by the Veterans of Foreign Wars of Emmitsburg, will be held Thursday, Friday, and Saturday, June 25, 26, and 27, it was announced this week by Fern R. Ohler, commander of the Post.

Harold M. Hoke has been named chairman of the affair and is presently listing the working committees which will assist him.

Proceeds from the party will go to the ambulance maintenance fund. The party will be held on DePaul St.

Local South-Penn

Team Loses

SOUTH PENN LEAGUE

Table with columns: Team, W., L., Pct. Rows include Hunterstown, Bendersville, Taneytown, Bonneville, Greenmount, Harney, EMMITSBURG, and Brushtown.

Sunday's Results

Greenmount 7; Bonneville 6. Hunterstown 12; Brushtown 6. Bendersville 19; Emmitsburg 4. Taneytown at Harney, postponed.

Sunday's Contests

Emmitsburg at Bonneville. Greenmount at Taneytown. Harney at Hunterstown. Brushtown at Bendersville.

Hunterstown and Bendersville remained in a tie for first place in the South Penn Baseball League by winning their second straight victories Sunday. Hunterstown crushed Brushtown 12-6 on the latter's field while Bendersville blasted 22 hits in routing Emmitsburg 19-4 on the local field.

A single by R. Green with the bases loaded in the ninth inning gave Greenmount a 7-6 win over Bonneville at Greenmount.

The Taneytown-Harney game was postponed due to the sudden death of Fern Hitchcock the Taneytown manager, Saturday.

Death Takes

Popular Taneytown Sportsman

Stricken with a coronary occlusion as he was directing pregame baseball practice for the Taneytown South Penn Baseball team at Taneytown about 4:30 o'clock Saturday afternoon, Fern R. Hitchcock, 56, of Taneytown, died within a few minutes in spite of efforts of a physician in the crowd at the park.

Dr. James Marsh, deputy medical examiner for Carroll County, fixed the cause of death. Dr. W. E. Stevens, Taneytown physician, who was at the park when Mr. Hitchcock was stricken, went to his assistance but was unable to revive the popular sportsman who has been identified with baseball for many years. He apparently was in his usual health when he went to the ball park.

A native of Taneytown, Mr. Hitchcock was a son of Dr. N. A. Hitchcock, Taneytown, and the late Alice Martin Hitchcock. He was a veteran of World War I and belonged to the Taneytown post of the American Legion where he served as post home steward.

Services Were Held Wednesday

The deceased was a member of Monocacy Lodge of the Masons at Taneytown, the Rod and Gun Club and the Park Assn., there. He also belonged to the Grace Evangelical and Reformed Church in Taneytown and the Brotherhood of the church.

Active in baseball circles for years as a player and coach and manager, Mr. Hitchcock once played in the infield with Laurel, Md., in the old Eastern Shore League and with Waynesboro in the old Blue Ridge League. After his playing days he had continued his interest in the sport as coach or manager. The game with Harney Sunday was not played in respect to Mr. Hitchcock.

Rocky Ridge

News Items

Mr. and Mrs. Uno Bass, Baltimore and Mr. and Mrs. Donald Mackley visited Thursday with Mr. and Mrs. Ray Wachter and family.

Mr. and Mrs. Monroe Stambaugh and children, Melody and Patrick, Baltimore; Mr. and Mrs. Albert Stambaugh and children, Larry and Shirley; Mr. and Mrs. Marvin Stambaugh and children, Alice and Catherine, Paul and Lee and Mr. and Mrs. Franklin Stambaugh and son, Eugene, visited Mother's Day with Mr. and Mrs. Harvey Stambaugh.

Mr. John D. Kaas and son, Bill, attended the May procession at Our Lady of Mt. Carmel Church, Thurmont, Sunday.

The Rocky Ridge Volunteer Fire Co. held a demonstration at the pond of Donald Dinterman Tuesday evening at 8:00 p. m.

Driver Freed

Of Manslaughter

Gilbert A. Berry, Jr., 18, of Route 2, Thurmont, was acquitted of a charge of manslaughter by automobile preferred following an accident in which Frank Wenzel of Creagerstown, was fatally injured last month, in a hearing Saturday before Magistrate Edgar B. Palmer, Thurmont.

The magistrate also found Berry not guilty of failure to keep his car to the right of the center of the highway, but fined the defendant \$25 and costs on a reckless driving charge.

Berry was traveling north on Route 72 about a mile northeast of Lewistown on April 12 near midnight and his car struck Wenzel, former Frederick resident, who was walking in the same direction on the road. Wenzel's death was due to multiple injuries.

Trooper Kenneth D. Bond, who investigated the accident, preferred the charges and State's Attorney Charles U. Price prosecuted. Attorney for Berry was Edwin F. Nikirk.

Rolls used for cold rolling metals are slightly barrel shaped so they will be straight when put under high pressure.

If a gallon of water is separated into hydrogen and oxygen there is about 82 cubic feet of oxygen and 164 cubic feet of hydrogen.

Personals

Mrs. Chester Masser, Route 3, was admitted as a patient this week to the Warner Hospital in Gettysburg.

Recent visitors at the home of Mr. and Mrs. Louis Rosensteel were Mr. and Mrs. William Rosensteel and son, Jerry, Baltimore; Mr. and Mrs. George Constantine and family, Silver Spring, Md.; Mr. Eugene Rodgers, Fairfield and Charles B. Harner, Emmitsburg.

Mr. and Mrs. Louis Rosensteel visited on Sunday evening with Mrs. Rosensteel's parents, Mr. and Mrs. Clarence Brown, Lantz, Md.

Out-of-town visitors at the home of Mrs. Mary Claudia Rosensteel Sunday were Mr. and Mrs. William Rosensteel and son, Mr. and Mrs. Herbert Sprinkle and family, Mrs. Carl Armhine, all of Baltimore; Mr. and Mrs. George Constantine and family of Silver Spring, Md.

The following were admitted as patients this week to the Warner Hospital, Gettysburg: John Rid-enour, Mrs. J. Laurence Orendorff, Kenneth D. Bond and Mrs. Cloyd W. Seiss.

Discharged as patients from the Warner Hospital, Gettysburg this week were: Lois and Gilbert Eiker, Route 2, Mrs. Carroll Topper and infant daughter and Mrs. Meredith Gross and infant daughter.

Paul Harner, Pat Boyle, Jack McClellan and Sue Stinson, students at the University of Maryland, spent the weekend with their respective parents in Emmitsburg.

Place In Contest

Monday Emmitsburg, Frederick, Thurmont, Walkersville and Middletown participated in an annual chicken judging contest held in Walkersville. The final placing was first, Emmitsburg, second, Frederick, third, Thurmont, fourth, Middletown, fifth, Walkersville. Robert Mumma, after losing first place by 6/10 of a point, places second with a final score of 502.8. John Springer won fourth place with a score of 448.9. Richard Frock's score was 347. Final score for the team was 1,693.5. Mr. William Baker said the boys made a good showing for both Emmitsburg and Thurmont.

VETERANS RETURN

Corporal Wilbur L. Wantz, 110 DePaul St., and Sgt. Kenneth M. Angleberger, Thurmont, were two of 15 soldiers from Maryland who arrived in the state from the Far East Command this week. The GIs came from Camp Stoneman, Calif., and began a 30-day rotation leave. They will report back to the 2053rd Reception Center at Fort Meade, Md., at the completion of their leaves and receive new assignments.

Colonel Heads

Fort Ritchie

Col. G. V. Sottong who has been commander at Fort Ritchie for more than a year, will take up new duties at Fort Knox, Ky. this week.

Col. Maurice M. Hiddings of Indiantown Gap, Pa., will be his successor at the nearby Army establishment.

Col. Hiddings has been assigned to the Second Regiment at Indiantown Gap, where the Government is closing down its Army base.

An undisclosed number of soldiers of the 55th Division, who were previously assigned to Indiantown Gap already have arrived at Fort Ritchie and rumors say that more will receive their transfers soon.

Col. and Mrs. Sottong were honored by personnel of the post at a farewell party Friday night.

Last year, the nation's dog owners fed their pets more than 1.2 billion cans of dog food. Five years ago they ate 572.3 million cans of dog food.

fact next year, so you had better come up with some ideas about the matter before it's too late. You know very well that every vote counts and the dogs are not privileged to ballot.

Local Soldier

In Germany

Sgt. Carl H. Brawner, son of Carl H. Brawner, Emmitsburg Rt. 1, recently arrived in Europe for duty with the Seventh Army's 45th Anti-aircraft artillery battalion in Kaiserslautern, Germany.

His unit is part of the cordon of NATO defense forces stretching across western Europe under the overall command of General Matthew Ridgway.

Sgt. Brawner, who is a gunner in the battalion, entered the Army in May 1945 and received basic training at Indiantown Gap, Pa.

He served in Korea before his present assignment.
