

Most Anything At A Glance

BY ABIGAIL

Ever since Taneytown decided to observe its bi-centennial anniversary (200th birthday), I have been plagued with numerous inquiries as to when Emmitsburg would observe a similar occasion, or are we over 200 years old already.

Well there's more than one way to look at this matter, and it is purely one of which date you want to observe. Now let's see . . . If you want something along ancient lines, by that I mean over 200 years, let's go back to the year 1730 when the Elder clan came to here and St. Anthony's, and incidentally where tombstones will attest to the approximate date . . . that's 224 years ago. The first Elder's wife was buried at St. Anthony's old cemetery in a hollowed out pine tree for a coffin. Now then, if you want to make it more on a legal plane, let's revert to the year of 1757 when the founder of Emmitsburg, one Samuel Emmitt, obtained a patent for 2,250 acres of land right here where we live today, only before it was named after its founder the town bore two other names, "Silver Fanny" and "Popular Fields," respectively.

So now my good friends, if you have any type of anniversary in mind you can go to work on the project and I believe that you will receive the whole-hearted support of the community. If you want to observe the coming of the first white people to this pleasant valley in 1730, okay. If you want to honor the actual founding of Emmitsburg you only have to wait two more years, as the Emmitt grant was given in May of 1757, so again I say if you are planning anything in the line of a bi-centennial, right now is none too soon to begin preparations. It would be rather nice.

I want to offer my congratulations to Taneytown on its bi-centennial. It truly was a masterful production and one of the best, if not the best, parades and observance ever held in these parts. Nothing appeared to be undone. The folks went all-out and the results were obvious. There's no reason whatsoever why we can't do the same thing here. It's a lot of hard work and every organization's backing is needed, but I am certain the effort put into such a venture would be well worthwhile. What's say folks? Let's advertise our town a little!

Once again back to my old Chronicle. The date is March 24, 1897. Let's see who the town officials were at that time over 50 years ago: Justices of the peace were Henry Stokes, Francis A. Maxell, William P. Eyer and Joseph W. Davidson (things must have been right rough in those days to warrant four justices). Other town dignitaries were E. L. Annan, a notary of the public; registrars were Charles J. Shuff, E. S. Taney, H. F. Maxell and James B. Elder. The constable and school trustee were S. N. McNair and John W. Reigle, respectively. Who was burgess at that time, oh yes, it was William G. Blair and the town commissioners were Francis A. Maxell, William Morrison, Oscar D. Frailey, George T. Gelwick, Victor E. Rowe and F. A. Diffendal. Remember any of them? I might give my age away but I just barely recall several of them.

Of interest also was the item concerning the tuition fee at St. Joseph College in that year. Two hundred slices of 'lettuce' included the tuition, bed and bedding, washing, mending and doctor's fees. The Baltimore Sunday Sun was selling 5c a copy and butter was 12c a lb.

Interesting notes about the town at that time revealed that Charles W. Miller opened a cigar factory in G. W. Rowe's old storehouse; a hay stack on the farm of John T. Cretin near Mt. St. Mary's College was believed purposely set afire by parties unknown; the Messrs. James T. Hays & Son shipped one of their 30 light improved automatic sunlight gas machines to Ventura, Calif. Wonder what kind of gadget that was? Their machine was selected from the many patents in the U. S. Patent Office in Washington, D. C.

Also at that time Maude McNair was issuing a testimonial as to the beneficial effect of Hood's Sarsaparilla on children's impure blood.

Baseball Club Loses; In Tie For Third

Manager Dee Saylor's Pen-Mar League charges were rendered impotent Sunday by Cashtown's booming bats as they went down to a smashing defeat, 17-1, in a game played on the home diamond. The setback was the closest to being white-washed the locals have had this season, and it wasn't until the eighth inning that they averted the whitewash by scoring a single tally.

The defeat created a three-way tie for third place among Emmitsburg, New Oxford and Cashtown. Sunday finds the locals away at New Oxford in an attempt to break the tie now existing.

Ira Herring wielded the big stick for Cashtown, rapping off three solid hits for his mates who rolled up a total of 13 among themselves. Cashtown took the lead in the first inning when they scored six runs off Jim McKeon, who was relieved by Gene Newcomer. The Pennsylvanians came right back in the third to score six more tallies off Newcomer, who was replaced in the later frames by Pinhead Mick, who finished the contest. The locals could only scrape together four hits to the visitors' 16.

Elsewhere in the league, Blue Ridge Summit swept back into first place by winning a double-header while Fairfield dropped a 10-inning decision.

The current leaders defeated Union Bridge 8-2 and 1-0 at Union Bridge, one game being a makeup of a previously postponed game.

Meanwhile New Oxford broke a tie in the 10th inning to win at Fairfield 7-3.

Thurmont handed winless New Windsor its 16th straight loss 8-6 on the Thurmont diamond.

Miss Miller Is Bride Of Robert Gillelan

Miss Dolores Yvonne Miller, daughter of Mr. and Mrs. Floyd C. Miller, became the bride of Robert Morris Gillelan, son of Mr. and Mrs. Robert H. Gillelan, Saturday afternoon at 2 o'clock at a double ring ceremony performed in St. Joseph's Catholic Church, Rev. Fr. John D. Sullivan officiating.

Mixed gladioli was used to decorate the altar and the organist, Miss Louella Lansinger played the traditional wedding marches. She was accompanied by the soloist, Mrs. Reginald Zepp, who sang "Ave Maria" and "The Lord's Prayer."

The bride, who was given in marriage by her father, wore a full-length gown of white imported embroidered organdy fashioned with a basque bodice and a full skirt over white taffeta. She wore white organdy mitts and a face veil attached to a band of orange blossoms and carried an arm bouquet of white roses and stephanotis.

Mrs. Joseph Kerrigan, Baltimore, sister of the bride, was the matron of honor and wore a strapless gown of coral-colored crystaline with a full skirt cut in princess style and fitted jacket. She carried an arm bouquet of mixed summer flowers and a matching headband.

Miss Saranna Miller, sister of the bride, and Mrs. Michael Kormanski, Pearl River, N. Y., sister of the bridegroom, served as bridesmaids. They wore princess style gowns in an emerald shade of crystaline and carried arm bouquets of mixed flowers.

Paul Harner was best man and the ushers John Miller, Washington, D. C., brother of the bride; Edward Straub, Gettysburg and Michael Kormanski, Pearl River, N. Y., both brothers-in-law of the bridegroom, and Jack McClellan, Emmitsburg.

The mother of the bride wore a sheer blue print dress with white accessories and a corsage of white carnations. The mother of the bridegroom wore a beige street-length dress with turquoise accessories and a corsage of white carnations.

Johnny Kerrigan, Baltimore, nephew of the bride, was the ring-bearer and the altar boys were Michael Miller, brother of the bride and Woody Stoner.

Following the ceremony a reception was held in the VFW annex with the following acting as hostesses: Miss Betty Anne Hollinger, Miss Peggy Cross and Mrs. Glen Gillespie, assisted by Joseph Kerrigan and John Beegle. Later the couple left on a week's honeymoon of undisclosed destination. The bride chose as her going-away outfit a pale green cotton dress with white accessories and a corsage of white carnations. Out-of-town guests were from Baltimore, New York, Gettysburg, Cumberland, Chambersburg, Hanover, Hagerstown, Philadelphia, Hanover, Hagerstown, Wilkes-Barre, Sunbury, Gaithersburg and Reisterstown.

The bride, a graduate of St. Joseph's High School and the Towson State Teachers College, Towson, Md., is a member of the faculty of the Forest Grove Elementary School, Silver Spring, Md.

Mr. Gillelan, a graduate of the Emmitsburg High School, served for four years with the U. S. Navy and is a student at the University of Maryland. The newlyweds will make their home at 8712 Cameron St., Silver Spring, Md.

UNGER-STONESIFER

Miss Janet Ruth Stonesifer, daughter of Mr. and Mrs. Edgar Stonesifer, Emmitsburg, became the bride of Robert Leon Unger, son of Mr. and Mrs. Charles Unger, Taneytown, on July 10, at 7:30 o'clock in the Lutheran Church, Taneytown. The bride's pastor, Rev. Philip Bower, officiated at the double ring ceremony.

The bride wore a white nylon and lace street-length dress with white accessories and a corsage of yellow rosebuds.

Mrs. Unger is employed by the Gettysburg Shoe factory, and Mr. Unger is employed by the Blue Ridge Rubber Co., Taneytown.

The couple is residing at the home of the bride.

X-RAY UNIT COMING HERE

The Frederick County Tuberculosis and Public Health Assn., has announced that the annual mass chest x-ray mobile unit will visit Emmitsburg on Monday, August 23. The unit will be stationed at the Toor Shoe Co. from 10 to 11 a. m.; Emmitsburg Manufacturing Co. from 11:30 a. m. to 12:30 p. m., and to the general public in front of the VFW on the Square from 1 to 4:30 p. m.

Business Changes Hands After 31 Years

One of Emmitsburg's oldest business establishments changed hands this week when Dr. Winifred J. Houser announced the sale of his drug store to Dr. Earle E. Shank, Jr.

Dr. Shank and his wife, Norma Jean, took over active operation of the concern on Aug. 1 and came here from Connellsville, Pa. Mrs. Shank was a former secretary to the superintendent of schools at Dunbar, Pa.

Dr. Shank is a veteran of World War II and was graduated from the University of Pittsburgh School of Pharmacy in 1947 after receiving his degree at Bethany College.

The new druggist is registered in the states of Washington, Oregon, Pennsylvania and Maryland, and is a member of the National Assn. of Retail Druggists and the American Pharmaceutical

Assn. The couple is residing in the Beegle Apts., W. Main St.

Dr. J. W. Houser, who gave Emmitsburg its modern drug store, came here on Aug. 1, 1923, 31 years ago. He is a graduate of the Medical Chirurgical College, now the Philadelphia College of Pharmacy and Science.

A veteran of World War I, Dr. Houser served his apprenticeship at Chambersburg, Pa. and performed his profession for a while at Philadelphia. For a number of years he was a drug salesman for the Eli Lilly Drug Co.

Recently elected a director of the Farmers State Bank, Dr. Houser is a charter member of the Chamber of Commerce, Lions Club and is a 32nd degree Mason and a member of the Shrine.

Dr. and Mrs. Houser will continue residence in Emmitsburg.

Dynamite Blast Seriously Injures Phone Co. Worker

A Frederick employe of the C & P Telephone Co. was seriously injured in an accidental dynamite explosion near here on the Four Points Road about 11 a. m. Wednesday.

Roger P. Heck, manager of the local phone office, said the injured man was Harry Mossburg, 264 W. Patrick St., Frederick. He was seriously injured about the face and upper parts of the body.

Immediately following the explosion, Mossburg was taken by private car to the office of Dr. C. R. Williams and later taken to the Warner Hospital, Gettysburg in VFW ambulance.

The injured man was one of a crew of five which was replacing poles along the county road south of here. R. Heck said the work was being done to facilitate improvements to the road.

Considerable rock was encountered on the project and the crewmen were blasting holes for the new poles. A charge of dynamite had been set off at one of the holes and the explosion occurred when drilling operations were resumed.

Mr. Heck said the explosion apparently resulted when the drill struck a stick of dynamite which had not been discharged with the initial blast.

Robert Shorb, Korean veteran, is spending a furlough with his parents, Mr. and Mrs. Charles E. Shorb, N. Seton Ave.

St. Joseph's Church Picnic-Supper Tomorrow

One of the oldest affairs of its kind in the country, the annual bazaar and supper of St. Joseph's Catholic Church will take place tomorrow.

The supper, which annually draws hundreds of patrons, will begin at 4 p. m. Saturday afternoon. Under the auspices of the Sodality of the Blessed Virgin, for the benefit of St. Joseph's Catholic Church, the bazaar draws its patronage from all faiths and was originally started 155 years ago and has continued consecutively all these years.

The bazaar is noted for its appetizing country style meals and this year both turkey and ham suppers will be on the menu. All fresh vegetables will be served with the main course, and procurement officer, Rev. John D. Sullivan, has announced that suppers will be made up to take out, for those desiring this convenience.

The affair will take place in the air-conditioned diningroom of St. Joseph's High School.

Bingo and other games of skill and entertainment will be held in the grove adjacent the rectory.

Voters Get Chance To Register

The registrars will be in the Emmitsburg District at the Fire Hall on Aug. 25 to register, transfer and give removals to those desiring them. Nearby districts may also register, transfer and receive removals. Hours will be from 2:00 to 8:00 P. M.

Water Use Restricted

Commencing immediately, patrons of the Emmitsburg Water Co. will be placed on a restricted basis, it has been announced by Samuel C. Hays, president of the concern.

While there is no drastic water shortage right now, it was deemed wise by the utility officials to conserve on resources early this year in a measure designed to prevent any such acute shortage that nearly occurred last year when Rainbow Lake was reduced to about one-third of its capacity.

Company officials revealed that they have been pumping water into Reservoir No. 2 for some time now, and the supply was not quite holding its own. Therefore, the restrictions have been imposed.

The company listed these restrictions: No car washing, no watering of lawns, flower gardens, vegetable gardens, etc., no water shall be used to augment the supplies in rural areas, and violators of these restrictions will be subject to discontinuance of service, it was announced.

Emmitsburg has been indeed fortunate, it was pointed out, because most of our neighboring towns have been on restrictions for some time and are facing a major crisis resulting from the extended drought.

Yesterday's precipitation did little to boost reservoir reserves.

Contract Let For Mt. St. Mary's New Building

The Dee Equipment-Engineering Co., Inc. of Baltimore, was the low bidder for construction of a new dormitory at Mt. St. Mary's College, Emmitsburg, when bids were opened at the school recently.

The base bid of the Baltimore company was \$398,426, which was in line with estimates. The dormitory will be known as Pangborn Hall and ground for the building was broken at commencement exercises early in June.

About 10 construction firms submitted bids on the project.

The three-story building will be the gift of Thomas W. Pangborn and John C. Pangborn, Hagerstown industrialists, through the Pangborn Foundation.

It will be a senior residence to accommodate 129 students on the three floors containing 60 double rooms. The first floor of the building will contain a chapel and there will be recreation facilities. The building will be located on the north side of the campus facing U. S. 15.

Edward Tormey of Baltimore, architect, was present at the college when bids were opened. No award of the contract was made after the opening.

The architect said the low bid will be approved in the near future and work is expected to get under way shortly. The college plans to have the dormitory in use for the opening of the school year next year.

Legionnaires Provide Blood

The regular monthly meeting of the Francis X. Elder Post, No. 121, American Legion, was held Tuesday evening at the Post Home with Cmdr. Charles B. Harner presiding. There were approximately 65 members present.

Thomas C. Harbaugh asked for volunteers to give blood for Mrs. Roscoe Sixx, who is a patient in Frederick Memorial Hospital. The following veterans volunteered to give blood when needed: Louis F. Rosensteel, Prof. Richard J. McCullough, Thomas C. Harbaugh, William Topper and Joseph B. Sanders.

Present for the meeting was Richard C. Graham, Area B Commander, who asked for volunteers to visit the veterans at Newton D. Baker Hospital, Martinsburg, W. Va., on Aug. 19. Entertainment also will be furnished that night for the veterans.

New members, voted into the Legion were Earl J. Rice Jr., Robert E. Shorb, and Sam L. Brewer, all of Emmitsburg.

A stag party will be held Aug. 18 at the Post Home.

T. Eugene Rodgers, drillmaster of the Legion drill team, announced that the drill team will participate in the parade at Littlestown, Pa., tonight at 7 p. m. He also reported the drill team won \$50.00 at the Taneytown Bi-Centennial parade held last Saturday.

The draw prize was won by Prof. Richard J. McCullough. Following the meeting, refreshments were served.

Council Has Polluted Creek Dredged

In an effort to eliminate the mosquito deluge which seems to have plagued Emmitsburg this dry season, the Town Council, at its regular monthly meeting held Monday night in the Fire Hall, ordered Flat Run in East End to be dredged.

Chairman of the Board Thomas J. Frailey presided at the meeting at which a full board was present. Complaints from residents of the East End area concerning mosquitoes and stench from the town disposal sewerage plant located there, spurred Council into action. Bulldozers from the Kline Construction Co., Frederick, were busy this week dredging and draining 1200 feet of Flat Run in the disposal plant area. Council maintains that the plant is being operated efficiently and that it is not responsible for the odors emanating from that section. However, it did agree to have the dredging done in an effort to eliminate any stagnant pools existing in the almost dry creek.

The town clerk, Louise Sebeld, presented the tax collector's, treasurer's and secretary's reports, all of which were approved without alteration. Parking meter revenue for the month of July was announced as \$248.55 which in addition to \$32.00 in overtime parking fines, brought the total to \$280.55.

Council announced that it had received numerous complaints concerning stray dogs within the town limits. The Town Fathers revealed that the county dog catcher had spent several days there last week and will return shortly in an effort to reduce the number of strays. Several have been destroyed. The town solons discussed the possibility of drawing up a town ordinance prohibiting unleashed dogs from roaming, but decided to let the matter rest pending a further investigation of conflicts with the county law.

It was announced that "no parking" signs had been erected on the north side of E. Main St., and two-hour parking on the south side of E. Main St., in the lower section. Town police will enforce this new parking restriction.

Council instructed the secretary to contact Col. Munshower of the State Police as to why local police cars are not entitled to be equipped with a flashing red light, siren and two-way radio. All have been authorized to the local police department, but have not been used pending clarification of the matter by the State Police.

In other action taken by Council Monday night, a permit for a driveway was issued to C. M. Baumgardner, E. Main St., and permission was granted to Bucher's Restaurant, S. Seton Ave., to tap into the sewer lines when the new motel units are constructed.

Council is deeply disturbed by the lack of a report on additional sewerage by a firm hired to make a survey of the town's needs. The survey was begun almost a year ago and no report had been received to date. Council is serving notice on the concern that unless a report is forthcoming in the near future the survey authorization will be withdrawn and a contract let to another concern.

The construction of a town office building on the town-owned lot on S. Seton Ave. was discussed, but no action was taken pending cost estimates, blueprints, etc.

Drill Team Again Prize Winner

The Francis X. Elder Post No. 121, American Legion drill team and color guard, won the second prize of \$50.00 Saturday in the bi-centennial parade at Taneytown, for the second best marching unit. This mammoth parade was witnessed by almost 30,000 people and more than 1000 participated in the affair, despite over 100-degree temperatures.

Drill team members marching were J. Everett Chrimer, Allen Davis, Sterling Goulden, Charles B. Harner, Maurice Koontz, Robert Myers, Paul McGlaughlin, T. Eugene Rodgers (drillmaster), Louis F. Rosensteel (secretary), Andrew T. Shorb, Leo Topper, Donald F. Topper, Carroll Topper, Curtis D. Topper, Horace Greeley, William T. Izer, Edgar Sprankle, William Weidner, Geo. Ashbaugh, Jr., John S. Hollinger, Clifford Eyer, and Thomas Sanders.

PLEASE!

A LOT OF US MAY NOT GET ANY MORE HELP BECAUSE THERE'S NO MORE MONEY LEFT IN THE MARCH OF DIMES!

YEAH-THAT'S BECAUSE THOUSANDS OF US GOT VACCINE AND GAMMA GLOBULIN SHOTS THIS YEAR

GIVE TO THE EMERGENCY MARCH OF DIMES - NOW!

LET US HAVE THE TRUTH!
What is the truth about Frederick County Emergency Hospital?
The people of Frederick County love their homes, their churches, their schools and their hospitals. When the State Board of Health ordered the hospital closed, the County Commissioners asked that all interested persons and organizations protest such closing. A number of persons and organizations have expressed their desire to have the hospital kept open. But we should have all the facts clearly laid before the public if the County Commissioners want the public to make the decision for them. We would like to know:
1—Isn't it true that the County Commissioners are responsible for the operation of Emergency Hospital?
2—Isn't it true that as long as they operate it properly and with reasonable safety for the patients, the State Board of Health cannot make them close Emergency?
3—Was the closing "order" from the State Board of Health passed because the "three deaths" (reported for the first time in the Frederick Post on July 28) should not have happened at Emergency?
4—Who called attention of the State Board of Health to these deaths?
5—When one of the County Commissioners said, "I'm very sorry for the incidents that have happened out there," was he apologizing for these deaths?
6—How much will it cost to operate Emergency Hospital with safety under the requirements of the State Department of Health?
7—How much would it cost the county to have those patients cared for at Frederick Memorial Hospital?
8—Under which plan would the poor people get the best care?
9—Under which plan would the county save taxpayers' money?
10—How much was being paid nurses or offered for nurses at the time these deaths occurred and the newspapers stated nurses did not like to work at Emergency Hospital?
11—How much is being paid nurses or offered for nurses now?
12—Did the County Commissioners close the barn door after the cows had left?
13—Why has so much publicity been given to arouse public interest in the efforts of the County Commissioners and a few of their friends to "save" the hospital which would never have needed any "saving" if the basic requirements for safety of the patient as prescribed by the State Board of Health had been followed?
14—Because it looks as though there will have to be close cooperation between the county medical doctors and the County Commissioners in operating Emergency Hospital as a hospital as well as a nursing home for chronic patients, how does the Medical Society feel?
15—Why can't we have the facts presented without so many heart-rendering pleas and appeals to emotions?

Church Notes
ST. JOSEPH'S CATH. CHURCH
Rev. John D. Sullivan, Pastor
Sunday Masses at 7:00, 8:30 and Low Mass at 10:00 a. m., followed by Benediction.

Tom's Creek Church Planning Golden Anniversary
The congregation of Tom's Creek Methodist Church is planning to celebrate the 50th anniversary of its church at its present location. The church at Tom's Creek dates back to 1757, but the present building was dedicated in 1904.
At a congregational meeting Aug. 29 was set as the date for the celebration. Committee chairmen had previously been chosen. They were: general chairman, Rev. Paul D. McCauley; vice chairman, Ambrose Eckenrode; invitations, Mrs. Carrie F. Long; program, Robert Baumgardner; refreshments, Mrs. Edgar Emrich; publicity, John M. Fuss Jr.
A full day of events has been planned with Sunday School starting at 9 a. m., followed at 10 with morning worship services, conducted by Pastor Rev. Paul D. McCauley. Between 11 a. m. and 2 p. m., a period of fellowship between old members and friends will be held.
The women of the church will serve a free lunch between 12 noon and 1 p. m.
A special service will begin at 2 p. m. It will include history of the church, special music, and remarks by former pastors of the church. The principal speaker will be Dr. Harry C. Marsh, district superintendent of the Hagerstown District.
All former members, friends of the congregations, and any one else are cordially invited to attend any or all of the services on Sunday, Aug. 29, at Tom's Creek Methodist Church.

ACCOUNTINGS MADE
Two administrators' accounts were received by the Orphans' Court for Frederick County this week and were approved by the Court and Register of Wills Harry D. Radcliff. The first and final account of Constance Kerchner, executrix of the will of Bertram M. Kerchner, showed a total estate of \$6,853.61, disbursements of \$1,409.52 and a net of \$5,444.09. This was distributed, according to the will, to Constance Kerchner, sister of the testatrix.
The first and final accounting of Paul V. Goulden, administrator of the estate of Ida M. Goulden, showed real estate sold for \$4,900. Proceeds were distributed one-eighth of \$607.50 each to Regina Rybikowsky, daughter; Paul V. Goulden, son; Roger L. Goulden, son; Bernard W. Goulden, son; Lawrence A. Goulden, son; Dora Sneering, daughter; Helen Koontz, daughter, and Evelyn Staley, daughter.

May Be Forced To Stop Trading
The Employment Security Board of Maryland has filed action in Circuit Court requesting that Charles H. Clarke Jr., individually and trading as Mountain Jerry's Place, Thurmont show cause why he should not be enjoined from conducting his business until all wage reports and contribution returns required by State law have been received.
The board's petition alleged that Clarke was delinquent in filing such reports and returns for the first and second calendar quarters of 1954. It said it had repeatedly requested that the returns be filed, but to no avail.
On May 28, the petition, said the board directed a registered letter to the defendant and the Post Office Dept. has furnished a return receipt showing that the letter was delivered to Clarke June 3. A court order was signed directing Clarke to show cause within 20 days why the relief sought should not be granted.
Herbert L. Cohen, special assistant Attorney General, and James N. Phillips are attorneys for the board.
ANALYZES JOB MARKET
The Frederick Chamber of Commerce has announced the results of an exhaustive community survey as part of the National Chamber's "Program for Jobs, Markets and Productions."
The survey found that the unemployment picture in the Frederick area is good, particularly in comparison with the national average. Unemployment is expected to reach a total of 787 in the next year, or 3.6% of the total expected labor force, as compared with a current average of 5.5% for the nation as a whole. Current unemployment in Frederick is reported at 700.

AT THE MAJESTIC THEATRE, GETTYSBURG

Edmund Purdom does his best to make Ann Blyth lose her job as a barmaid in a comedy moment from "The Student Prince," MGM's big CinemaScope, Ansco Color filmization of the famed Sigmund Romberg musical romance. The picture, now playing thru Saturday, Aug. 7, at the Majestic Theatre, Gettysburg, also stars John Ericson and Louis Calhern, with the singing voice of Mario Lanza.

LOOKING AHEAD

By Dr. George S. Brown
DIRECTOR - JUNIOR
EDUCATION PROGRAM
Savoy, Arkansas

Facts To Remember

The simplest and yet one of the important lessons all Americans should learn about our way of life is its economic advantages. Our school children

especially need to know just how much better off they are materially than the children in the nations of Europe and Asia. Knowing the facts of our advantages over people who live under other system gives us good reason to resist the expansion of Socialism in any form, and it builds up our immunity to the left wing propaganda which seeks slyly to undermine confidence in the American system.

The left wing propagandists and their dupes are constantly

attacking the profit motive, which provides the impulse in our system. They seek to undermine our respect for it, in subtle and indirect ways. They try to persuade people that it doesn't operate in the best interest of all the people. Yet the facts are that the average American workman produces twice as much per man-hour as a man in a similar job in Switzerland or Sweden or Belgium, the most prosperous countries in Europe today.

High Living Standard

The American workman produces three times as much per man-hour as a workman in a similar job in England after nine years under Socialism. He produces at least five times as much per man-hour as a workman at a similar job in Russia which for 35 years has boasted that it is the "workers' paradise." This unmatched productivity, spurred on by the profit motive and free market competition, gives Americans their higher living standard. As a matter of fact, our advantages in living standards exactly match our advantages in productivity.

The average American lives twice as well as the average citizen of the best countries of Europe, three times as well as the Englishman, and at least five times as well as the Russian. Our national income is equal to the national incomes of the next highest six countries in the world combined; and yet, we have only a small percentage of the combined populations of those six countries, and only a small percentage of their combined natural resources.

Freedom To Learn

America has more youngsters in high school and college than do all the other nations of the world combined, solely because it's in America alone that the average Daddy can earn enough money to put food on the table, clothing on the backs of his children, and allow youngsters of high school age the freedom to go to school; and later give them financial help through college. This is an important fact for children to know, and it is the main reason our economy is advancing, constantly making life better for all.

It certainly is advancing. Today there are three and one-half persons in America for each automobile. In 1900 there were 9500 people for each car. There are now 4.7 persons per one washing machine. Just 30 years ago the ratio was one washing machine for every 115 persons. Today there is a telephone for every three persons. In 1900 there was one for every 56 persons. In America today there is a radio for every two persons. Twenty-five years ago there was one for every 13 persons. Savings accounts in America in 1920 averaged \$220 per person. Today they average \$1347.

Central Factor

Our private enterprise economy, with its profit motive and competitive market, is the central factor in our prosperity. It operates on the fundamental idea of private ownership of the production and distribution facilities. The only other kind of economy provides for government ownership or rigid government control of these facilities. This latter kind has been operating in varying degrees, in the European countries whose living standards are so far below our own, and in Russia under Communism.

The American way of life and the great prosperity and freedom it has provided for generations of citizens, stand in jeopardy today for two fundamental reasons: (1) downright human lethargy, and (2) the propaganda program of the Communists. The lethargy can be reformed into active strength for our American system only through an awareness of the system's priceless value, in dollars and cents as well as in freedom for every citizen. And it is only with knowledge—facts and truths—that our citizens can be prepared to withstand the propaganda.

Your

Personal Health

IT ISN'T THE HEAT

It's the humidity. It's your imagination. Anything but the heat.

Let's stop pretending. Summer heat in most of the United States is just as hot as tropical heat. And it's not an unusual summer. It's every summer. It's time we took lessons from our friends in the tropics—time to learn how to live with the heat we can't explain away.

Let's take a walk through a town that's right on the equator. Notice the way the people walking slowly on the street are dressed? Men in white that reflects the sun's rays, women in long-sleeved blouses and cotton sarongs to the ankles—clothes that cover up, but fit easily, allowing the air to circulate. Notice that just about everyone wears some sort of head covering, or carries a parasol. Now let's go into this little house almost hidden by green, leafy trees. It's noontime, and everyone is taking a siesta—if not sleeping, at least lying down for a short rest in the shade. When they get up, they'll have a shower, sluicing themselves with tepid water from that huge pottery jar. They may do this three or four times a day, and in between they'll frequently bathe head and arms.

Dinner time comes late, in the comparative cool of the evening. And it's not a light meal of salad. They eat highly spiced meats, vegetables, rice, and fresh fruit, but few of the heat and energy-giving foods containing fats and sugar.

The cooling properties of hot spices are in the category of hitting yourself on the head with a hammer. It feels so good when you stop. We may not want to adopt that tropic custom, but there are some that may well add to our summer comfort: clothes that protect from the sun's heat, yet allow air to circulate on the skin; food that is appetizing, yet provides all the necessary nutrients; frequent bathing in tepid water. The mid-day siesta may not always be practical, but we can walk, not run, on the shady side of the street. We can try to get plenty of rest. Most important, we can admit that it's hot, and adjust to the fact instead of fighting it.

SENATE CLOAKROOM

By J. GLENN BEALL

United States Senator from Maryland

After Congress adjourns my time will be devoted to two continuing Senate investigations—one in the field of housing and operations of the Federal Housing Administration, and the other in a study of high coffee prices.

Both investigations are being conducted by the Committee on Banking and Currency, and I am chairman of the special subcom-

mittee on coffee prices.

The housing investigators already have hearings scheduled through the middle of October, and the committee will have task forces in several large metropolitan areas.

When coffee prices started rising rapidly early this year I introduced a resolution calling for a full study and President Eisenhower at the same time directed the Federal Trade Commission to look into the situation.

Our committee held public hearings over a period of weeks and in order not to duplicate our effort we cooperated fully with the Federal Trade Commission and waited their report before reaching any conclusions or making committee recommendations.

The Federal Trade Commission has now reported and their findings conform very closely with what our special committee has learned and indications are that public hearings may be resumed after the staff has had an opportunity to read and evaluate the FTC report.

FTC concluded that the high coffee prices you are now paying "cannot be explained in term of the competitive laws of supply and demand."

Six specific causes were cited by FTC as being responsible for the continuing high prices of coffee and they included charges of speculation by Brazilian and American interests.

My special committee will continue its investigation and also prepare for introduction in Congress next January legislation recommended by the Federal Trade Commission.

Between these two investigations my legislative work will continue after Congress adjourns right up to January, 1955, when the 84th Congress convenes, and, of course, I shall be looking forward with pleasure to visiting throughout the State and reporting on the Eisenhower Administration and the 83rd Congress.

Did you say
king sized?

That's right, it means bigger than average. It's the size of chicks that get Ren-O-Sal in the drinking water. Baby chicks started on Ren-O-Sal soon become "king sized." Growing birds that continue to get Ren-O-Sal stay "king sized." Maturity is reached sooner. This means earlier production or marketing and "king sized" profits. Birds feather up faster, have a better color. Get Ren-O-Sal at...

Who's the harder worker?

Even on the hottest days, Dad has to work from sun to sun. But the telephone's work is never done. It's on the job around the clock. When you stop to think of the time it saves, the travel it saves and the money it saves, your telephone is one of your best buys.

A smile from Mom on Monday?

Sure! Because the children are carrying out the clothes, Dad has fixed the washing machine and now he's putting up the new clothes line. Co-operation makes even a big wash easier. Helps a lot on the party line, too! When you share the line with your neighbors and hang up carefully after every call, everybody gets better, more valuable telephone service.

BABSON

Writes . . .

By ROGER W. BABSON

BABSON PARK, Mass., Aug. 5 — Manufacturers, merchants, and job seekers should always

be looking for new industries. Habits control buying; and buying habits are constantly changing.

Vacations have been on the increase ever since my boyhood. Vacationing is not a new industry. Since World War II, however, it has become a big industry, primarily because of the vacations which almost all employers give their wage workers. Vacations have become a MUST.

Automobiles have been the factor booming vacations. If your automobile helps you to relax, then an auto trip is beneficial. If, however, it is tiring and not relaxing, then it is harmful. It does the postman no good to "take a walk" on Sundays! Do something different when on your vacation — something you don't have the time to do ordinarily.

Vacations At Home
The best vacation is to be able to do as you want to do for two weeks. Get up when

you want to, go where you want to, and take a real rest. Give your wife a rest from cooking and washing dishes. Buy things which do not need cooking. Cooking is a bad habit in summer — and dishwashing is worse! Use paper plates in summer!

A real rest includes resting our stomachs. Doctors agree we should give our digestive organs a good vacation each year, spending money for fruits rather than for meats; and drinking lots of milk and water. In winter we must eat for two reasons: (1) to gain physical strength, and (2) to keep warm. In summer we do not need to eat to keep warm. I forecast that in years ahead people will give much more attention to eating less in the summer. In fact, experts tell me that each season of the year requires a different diet, both as to quantity and quality.

Recreation On The Increase
Whatever your business or job, do not forget that "working hours" will be shorter rather than longer. This means that everyone will have more leisure time. This is the reason for the boom in "Do-It-Yourself" industries, which are hurting some trades, but helping others. See your local public library for one of the home-craft magazines which describe such work, or visit one of the many shows which the Orkin people of 19 West 44th St., New York City, are putting on to help merchants.

All the above means that your real pay in future years will be in money plus hours of leisure. Hence, it is of great

importance for us to "cash in" on these extra leisure hours by using them in worthwhile ways, —not for "hammock swinging." If you are not now a carpenter, mason, or electrician, you should attend night school or subscribe to a correspondence course which will teach you how to profitably use these extra leisure hours.

When Selecting Investments
The older conservative investors do not approve of shorter hours, higher wages, etc., but this change is coming. It is foolish to buck it. Most people don't like physical work. This explains why coal stocks have been going down in price, while oil stocks have been going up in price. We prefer a thermostat to a coal shovel or ash sifter!

Stocks of electric refrigerator manufacturers have doubled in value, while the manufacturers of ice boxes have gone into bankruptcy. The tremendous growth of the frozen-food industry—including fruit juices—illustrates my warning: When making an investment—however small—be sure that it is in a company which saves labor. Make money by catering to the lazy streak in us all. This is why we telephone instead of writing. I forecast higher prices for "lazy stocks."

Watch Your Change!
Many merchants are complaining about the dishonesty of sales clerks in retail stores when giving back change from a cash register. A study of over 400 stores indicate all these mistakes in change are not due to dishonesty. They are due to the mental laziness of clerks and customers in not counting their change!

Thinking requires energy, the same as does manual labor. Most white-collar help hate to think and concentrate. Hence, they make careless mistakes. My father, who had a successful store in Gloucester, Mass., taught me always to count my change, and always tear a little paper off the wrapping of my purchase to be sure I have the right package.

MARYLAND FARM FRONT

George J. Martin, chairman of the Maryland Agricultural Stabilization and Conservation Committee, this week explained two provisions of the 1955 price support program, which have been criticized by many farmers.

The two features are: (1) denial of price supports on all crops produced on a farm which overplants the allotment on any crop; and (2) use of a total farm allotment on farms taking more than 10 acres out of allotment crops.

"Were it not for these provisions, our surplus problems would merely be shifted from one crop to another," Chairman Martin said.

Farmers who plant within their allotment are protected, since price support is denied to the farmer who overplants any allotment. This tends to prevent shifting diverted acres to another allotment crop.

Thus, a farmer whose wheat acreage is reduced by the quota program, cannot plant corn in the land taken out of wheat and so add to the corn surplus. Unless such shifts are prevented by price support regulations, production would be shifted from one allotment crop to another, bringing about further price and supply difficulties, Chairman Martin explained.

Many small and family-sized farms will get a break because of the requirement that the farm must have more than 10 acres total diversion before a total farm allotment will apply Mr. Martin believes.

Total farm allotments are set up to protect growers of non-allotment crops. If farmers could shift acres diverted from allotment crops, land taken from corn, tobacco or wheat could be shifted to truck crops, creating new surpluses. Or the acreage from corn which is an allotment crop could be shifted to oats or barley and prevent the corn allotment program from bringing about needed adjustments in production of feed grains. Innumerable shifts of this type could take place unless a total farm allotment is used, the chairman pointed out.

Mr. William Garner, Washington, D. C., spent the weekend visiting his mother, Mrs. Agnes Garner.

ISAAC BOWERS

Isaac Bowers, a former resident of Emmitsburg who left here 45 years ago, died at Richland, O., last Wednesday, July 28, at the age of 88 years. Death was due to a cerebral hemorrhage.

The deceased, a son of the late Isaac and Cecelia (Eck) Bowers, is survived by two sons, Edward Bowers, of Emmitsburg; Thomas Bowers, of Waynesboro; a daughter, Mrs. Fannie Woodring, Waynesboro, R. 4; 14 grandchildren, 32 great grandchildren and four great-great grandchildren. Interment was made in Mt. View Cemetery, Emmitsburg, last Friday, Rev. Robert Corbett, officiating.

SPORTS AFIELD
By Ted Kesting

Early this year we read about the return of the Dust Bowl. Headlines shouted the loss of crops, livestock and farm lands. But only a few little news stories told what had happened to wildlife.

So Sports Afield magazine sent Arthur Carhart to investigate. His report was heart-breaking. Here's just one example: On Mar. 10 in northeastern Colorado there was a 20-acre pond that sheltered a considerable number of ducks. On Mar. 11 there was a wind storm. On Mar. 12 that pond had completely vanished. Dead ducks lay in windrows, so close together one had to step with caution or tread on carcasses. Examination of birds showed nostrils sealed by a hard plug of earth mixed with mucus. Birds died with mouths open, tongues and heads coated with caked dust. Their windpipes were clogged with mud.

A 100 miles north of that little lake were found dead antelope suffocated in the same way. Carhart found pigeons, kangaroo rats, larks and other songbirds, cottontails and jack rabbits, pheasants, geese, bob - whites, scaled quail and other ground-nesting birds—smothered in dirt.

Why is what happened to wildlife in the Dust Bowl, perhaps far from where you live, important to you? Just this. Drought cannot be prevented. But its impact can be minimized by sound conservation measures.

Too many sportsmen never have grasped the full importance of fundamental conservation in wildlife maintenance and production. They campaign for more fish hatcheries, more bird farms, and miss the primary and indispensable needs for keeping fish and game resources.

The maintenance of wildlife ultimately rests on sound, basic conservation of soil and water. If we misuse or abuse soil and water we bring destruction to wildlife habitat. Right in your neighborhood there may be watersheds skinned by destructive lumbering; somebody may be draining swamp lands that preserve "water banks." Others may be tilling slopes that should be in grass, or maybe cultivating land up and down hill instead of on contours.

If we want adequate wildlife resources in years ahead, we first must get sound management of soil and water. We sportsmen become fundamental conservationists.

Rev. Philip Bower was discharged as a patient from the Warner Hospital, Gettysburg this week.

Good hunting and fishing depends on sound, basic conservation of soil and water. If we abuse these, we bring destruction to wildlife habitat and to fish and game.—Sports Afield

ALONG THE POTOMAC

By Cong. DeWitt S. Hyde

WASHINGTON, Aug. 4—Last week was a big one in the story of the taxpayers' dollars—legislative action on the Administration's \$7½ billion tax reduction was completed.

Earlier, it was announced that

the Federal budget came within \$3 billion of balancing for the fiscal year just ended.

Everybody in the government—Congress and the executive branch alike—have contributed their share in effecting the economies which made these achievements possible.

While the new Hoover Commission is at work finding new ways to save money, some steps have already been taken. Here are some random samples which

I've gleaned from news reports over the past 18 months:

The Federal payroll has been reduced by 219,000 persons—nearly 10 per cent.

The Treasury is having worn-out currency burned at the 12 scattered Federal Reserve banks instead of shipping it to Washington. Savings: \$200,000 a year in shipping.

The Bureau of Engraving and Printing is making dollar bills 18 to a sheet of paper instead of 12. Saving: One-third of the paper costs.

The Bureau of the Budget is eliminating 7000 autos from the government's fleet of 62,000. Saving: \$2 million a year.

General Services Administration has standardized government supplies—17 kinds of mimeograph paper instead of 172; three types of lead pencils instead of 11; five kinds of office desks instead of 28, etc. Saving: nearly \$70 million.

This philosophy of economy runs through the whole government. Even in the State Dept., officials overseas used to receive fancy glass paperweights which had a map of the western hemisphere on them. The department doesn't ship these expensive items overseas any more.

A new auditor, whose name I would publish if I had it, said, "Let 'em buy a native paperweight, or pick up a rock in their back yard."

Greenmount

Firemen's Carnival

The Greenmount Fire Co. will hold its 17th annual carnival this Friday and Saturday, Aug. 6-7.

Entertainment has been planned for the entire family. On Friday evening Bud Messinger and his TV Skyliners will furnish the attraction, while the Blue Grass Valley Boys have been engaged for Saturday evening.

Delicious home-made chicken, corn soup and clam chowder dinners will be the feature offered Friday night, and on Saturday, under the supervision of Walter Simpson, will be those tasty beef barbecues prepared in an old-fashioned pit.

Pony rides, bingo, and other amusements will be found on the carnival grounds for the entertainment of both young and old.

New Fairground Building Begins

The construction of five new buildings, including a gigantic show pavilion, began this week in preparation for the Montgomery County Fair, Aug. 24 through 28, at Gaithersburg, according to R. N. Whipp, Rockville, secretary of the Montgomery County Agriculture Center.

The show pavilion, latest innovation at this year's county fair, will be shopped like a huge umbrella and supported by steel pillars with a clear vision of the exhibition platform from almost any angle, Mr. Whipp explained.

Special features at this year's fair will include, Children's Day, Maryland University Day, Governor's Day, and Celebrities Day occurring Aug. 24-28 respectively.

These days will be highlighted by such attractions as a freckles contest, calves scramble, children's milking contests, all on Children's Day plus military drills and fireworks display daily and a fireworks pageant complete with floats and costumes on the final day, Mr. Whipp concluded.

Helpful Hints

To Homemakers

Youngsters Learn Responsibility Through Recreation
"How can I help my child learn to take responsibility?"

Many parents are asking that question. Some of them are almost frantically searching for the answer, because use responsibility certainly is a desirable personality characteristic. And we see so many people today who seem to have no responsibility.

Mrs. Jeanne Mochm, University of Maryland Extension family life specialist, has this suggestion for parents: "Teach Johnny or Mary responsibility through family recreation. After all, play is work that is fun."

She points out that summer is a good time to try this method, because a lot of families are going on vacations or picnics. And a number of families—both urban and rural—enjoy preparing meals at outdoor fireplaces for the family, and perhaps guests.

Mrs. Mochm suggests that responsibilities for such events be divided. Mother may supervise, dad may buy the food, Mary may pack the lunch (if quite young she may only see that the dishes and silver are ready), and Johnny may look after camp chairs and tables. If there is fuel to gather for a fireplace, Johnny (with dad), may do that.

"This type of cooperation teaches responsibility," the family life specialist says. "It also brings the family closer together and helps each member understand the others, thus bringing about confidence leading to close family relationships."

Personals

Mrs. Carrie Firor has returned home after spending the past week with her granddaughter and family. Mr. and Mrs. Albert Kelly, Dundalk. The Kellys spent the week-end with Mr. and Mrs. Charles D. Gillelan.

Miss Dolores Topper, Baltimore, spent the week-end with her parents, Mr. and Mrs. Curtis Topper.

Mr. and Mrs. Lewis Eckenrode and children, Philadelphia, Pa., visited several days last week with Lewis Kelly and sister and with Mr. and Mrs. Charles Eckenrode.

Miss Rosemary Sanders, Washington, D. C., visited her parents, Mr. and Mrs. Leonard Sanders, over the week-end.

William Umbel, U. S. Navy, stationed in Rhode Island, is spending a 10-day leave with his wife and his parents, Mr. and Mrs. Wilbur Umbel.

Mr. and Mrs. Karl Orendorf and Mr. and Mrs. Albert Wivell spent the week-end in Atlantic City, N. J.

Mr. and Mrs. Michael Korman-ski and children, Pearl River, N. Y., were week-end visitors of Mr. and Mrs. Robert Gillelan.

Mr. and Mrs. George C. Combs and family, Washington, D. C., spent the week-end with her mother, Mrs. Walter Peppeler and Mrs. Addie Bruce Patterson and his parents, Mr. and Mrs. C. C. Combs.

Miss Margaret Riffle, Baltimore, was a week-end guest of her mother, Mrs. Cochran Riffle and her sister, Mrs. James Saylor.

William Kehne, Baltimore, visited over the week-end with Miss Rita Topper.

Mr. and Mrs. William Rosensteel and children, Baltimore, and Mr. and Mrs. George Constantine and family, Silver Spring, visited Sunday with Mrs. Claudia Rosensteel.

Mr. and Mrs. Marvin Hankey and children, Harrisburg, Pa., and Mr. and Mrs. John Shryock and children, Taneytown, visited Sunday with Robert Burdner.

Mrs. Charles Harner and son, Philadelphia, Pa., spent the past week with her parents, Mr. and Mrs. C. Felix Adams.

Mr. and Mrs. Ernest Rosensteel are spending the week at the Bristol Hotel, New York City.

College Student

Is Honored

Alhen Anne Ehrensing of New Orleans, La., a student at St. Joseph College, Emmitsburg, has been named as a speaker at the 16th national convention of the Catholic Students' Mission Crusade, to be held at the University of Notre Dame, according to word received from Msgr. Edward A. Freking, director of the national crusade center in Cincinnati. Miss Ehrensing will participate in a discussion of foreign student relations.

General objective of the crusade convention will be formulation of a program of action for Catholic students in the U. S. aimed at strengthening the Christian position in this country and other parts of the world in the face of anti-religious forces which are recognized to be on rise.

NOTICE!

Due to the extended period of dry weather, The Emmitsburg Water Company considers it advisable to impose the following restrictions on all consumers:

- 1—No car washing
- 2—No watering of lawns, flower gardens, vegetable gardens, etc.
- 3—No water shall be used to augment the supplies in rural areas.
- 4—Leaks should be repaired immediately.
- 5—Violators will be subject to discontinued service.

Eighteen Motorists Pay Fines

For Motor Code Violations

Eighteen local and out-of-town motorists paid a total of \$230.40 for infractions of the state motor vehicle code during the month of July. All hearings were held before Magistrate Charles D. Gillelan and the charges were preferred by Chief of Police Daniel J. Kaas.

The following were listed as violators: Grant W. Abrahams, Emmitsburg, displaying registration plates on a vehicle not issued for same, \$11.45; Harry Ellsworth Welch, Thurmont, improper passing, \$11.45; Lucille Kates Beale, Emmitsburg, exceeding 25 m.p.h., \$11.45; Joseph Ross Ertel, Williamsport, Pa., exceeding 40 m.p.h., \$16.45; Archie Arnold Marshall, Thurmont, exceeding 40 m.p.h., \$11.45; Jack Forney Greenholtz, Baltimore, speed to great, \$11.45; John Dallas Carson, Emmitsburg, reckless driving \$26.45; George Stanley Ott,

Emmitsburg, speed greater than reasonable or proper, \$6.45; Alan G. Roub, Baltimore, exceeding 25 m.p.h., \$11.45; Owen Wilson Delauter, Taneytown, exceeding 50 m.p.h., \$26.45; Woodrow George Ruth, Hagerstown, failing to obey traffic control signal, \$6.45; Leo Edward Ridenour, Emmitsburg, failing to stop for stop sign, \$6.45; Singleton Edward Remsburg, Taneytown, improper passing, \$10.75; Homer Franklin Tyler, Emmitsburg, exceeding 25 m.p.h., \$6.45; James Leroy Mull, Selinsgrove, Pa., exceeding 25 m.p.h., \$11.45; Richard Joseph Stambaugh, Taneytown, reckless driving, \$26.45; Loretta Mayoda Kincaid, Thurmont, failing to stop for boulevard stop sign, \$6.45; Carmie Wilbur Ellison, Westminster, making U-turn on Square, \$11.45, and 28 warnings for various violations were issued.

Plans Festival

The Emmitsburg Veterans of Foreign Wars Post has announced plans for a festival which will be held for the benefit of the ambulance fund and community service projects such as the playground, hospital beds, etc.

The affair will be held on Saturday, Aug. 28, on the lawn of St. Joseph's Rectory. The Emmitsburg Municipal Band has been engaged to provide music for the occasion, and bingo and other games will be played. Valuable draw prizes will be given away and delicious food will be on sale.

Right Spray Is Problem For Housewife

The economical and effective use of the different household insect sprays and sprayers or other devices for applying them pose problems for many homemakers.

Home management specialist says the housewife should know that there are two general types of sprays on sale—space sprays and surface sprays—which are used differently.

The main advice given is to read all the information on the container.

Space sprays, which include the so-called aerosols, are released in the air to give off a fine mist and make a quick kill of insects enveloped in that mist. Most effective use is in a closed room, but they also may be used to clear the air of active insects in clothes closets, on porches or in tents. They are excellent in getting rid of flies, mosquitoes, gnats, or even clothes moths, but they have no lasting effect and are not likely to reach insects in crannies or other hiding places.

Surface or residual sprays, in contrast, are applied to walls or other surfaces, allowed to dry, and leave an invisible residue or film of DDT or other insecticide so that for weeks or months ahead insects that crawl over the surface will be killed. These sprays usually are oil-base liquids, sold in glass or metal containers, and applied with a hand sprayer or paint brush. New in stores is the pressurized surface spray in a container that resembles an aerosol bomb but should not be confused with it. These pressurized sprays, packed in cans for easy push-button use, save hand-pumping. The special labor-saving container is the reason they cost more than other surface sprays.

Both space and surface sprays are useful in homes. The space spray or aerosol may be used first to kill any insects that are active. Then, for future protection, the surface or residual spray may be applied to baseboards, undersides of shelves, in cracks and in clothes closets, for example.

GLASS—MacKINZIE

Miss Beulah E. Glass, daughter of Mr. and Mrs. Paul C. Glass, near town, and A/2c William MacKinzie, Jr., son of Mr. and Mrs. William C. MacKinzie, Baltimore, were united in holy matrimony Saturday, July 31 at 3 p. m. in the Great Falls, Mont., Air Force Base Chapel, by Rev. Fr. H. J. Smith.

Attendants of the couple were Miss Carol Murphy, bridesmaid, and A/2c William Connelly, best man, both friends of the bridegroom. Others present at the wedding included friends of the newlyweds and the bridegroom's parents, who drove to Great Falls for the ceremonies.

The bride was attired in a tortoise blue summer dress, with white accessories. The bridesmaid wore a checked summer fashion dress and the mother of the bridegroom was attired in an aqua dress with white accessories. The bridegroom and his best man were in Air Force uniforms.

Following the ceremony a party was held in the lounge of the Great Falls Hotel, where the bride had been residing.

Mrs. MacKinzie will make her home near Emmitsburg with her parents, while her husband completes his service tour of duty with the Air Force in Japan.

Grange Meets

The regular monthly meeting of the Emmitsburg Grange was held Wednesday evening at the home of Mr. and Mrs. Morris A. Zentz, Master Edgar G. Emrich presiding with 45 members and guests present.

Pomona Master Bruce Crum announced the regular Pomona meeting will be held Saturday at Walkersville.

Richard Florence gave a report on the membership meeting held in Frederick with State Master Herbert Hoopes and the national deputy present for the purpose of laying out a campaign for membership during Aug. and Sept.

Catherine Wivell gave a report on the recent Youth Camp held at Rocks, Md.

Mr. Jack Karnig, Frederick, assistant district forester of the Dept. of Forestry and Parks, gave a most interesting talk and showed slides on reforestation and conservation of our natural resources. Visiting guests were Mr. and Mrs. L. H. Cricenberger of New Market and Pomona Master and Mrs. Bruce Crum of Frederick. The Juvenile Grange joined the adult group for the program and refreshments. The next regular meeting will be a wiener roast at the cottage of Norman Shriver, Betty Smith, Juvenile matron, asked that all juveniles turn in their leaf collections at the next meeting. Wilhelm May, German exchange student who has made his home with Mr. and Mrs. Harry Swomley for the past year, leaves tomorrow for his return to Germany.

Building Permits Issued
County building permits have been issued to Curtis and Edna Bucher for 10 cabins valued at \$5000; Charles Lester Long, dwelling on Waynesboro Rd., estimated at \$5000 and Charles F. Stouter and wife, for a dwelling in Emmitt Gardens, estimated at \$8000.

Legion Auxiliary Holds Installation

Installation of officers was held Tuesday evening at the regular monthly meeting of the Francis X. Elder Unit, American Legion Auxiliary.

Mrs. Nina Harshman, Funkstown, Md., vice president of the Western Maryland District, installed the following officers: President, Madeleine Harner; first vice president, Margaret Shorb; second vice president, Viola Eyer; corresponding secretary, Nancy Danner; secretary, Ethel Baumgardner; treasurer, Mrs. O. H. Stinson; historian, Ann Shorb; chaplain, Martha Rosensteel and sergeant-at-arms, Melva Hardman. Mrs. Reba Hawbaker, Mrs. Helen Nuse and Mrs. Pauline Troxell, all of Funkstown, were guests at the meeting.

Members desirous of joining the Blue Cross between now and Aug. 20, should contact Mrs. Madeleine Harner. The draw prize was won by Mrs. Anna Shorb.

Subscribe to the Chronicle, still only \$2.00 per year.

Mr. John D. Kaas attended the Dept. of Maryland staff meeting of the Marine Corps veterans held at the home of the State

ABIGAIL

(Continued from Page One)

Yes, and to wind up this column here's a bit of county news: The receivers of the Catoctin Mountain Iron Company sold to a Mr. Ernest Sharp of Baltimore, for \$30,000, 9,875 acres of rich iron ore land at Catoctin Furnace. The old iron furnace was also included in the deal and it was reported that the original furnace at one time was worth \$150,000. First I knew there was iron in them thar hills. See you next week, I'm going prospecting!

Charles E. Baker, son of Mr. and Mrs. Guy A. Baker, has enlisted for a three-year term of service with the U. S. Marines. Mr. Baker, a student at Mt. St. Mary's College, will leave for induction on Aug. 9.

Dept. Commandant Abbott, at North Point Rd., Baltimore. Final plans were made for the National Marine Corps Veterans Convention to be held at the Lord Baltimore Hotel in Baltimore on Aug. 24-28 inclusive.

1874—OUR 80TH YEAR—1954

Mr. and Mrs. J. Ward Kerri- spent several days at Ocean City, gan and Miss Kathleen Wantz Md. this week.

EGG QUALITY IS VERY ESSENTIAL

• Your Hens will need Oyster Shell and Vitamin D in normal amounts during the Summer months, because they are both needed in the Shell-Building process.

- 1—Keep plenty of Oyster Shell before the Hen.
- 2—Plenty of Cool Clean Drinking Water available.
- 3—Feed well-balanced Mash in adequate amounts.

Preeminent Poultry Mash for Every Feeding Need.
