BY ABIGAIL

I have received a letter of criticism concerning the way the Bi-centennial Queen's Contest is being operated. This correspondent did not sign his or her name to the letter and usually it is beneath my notice and ethics to answer such anonymous correspondence. . . . However to scotch such malicious gossip that the contest is "cut and dried," I decided to investigate. I came up with the following explanations:

- (1) The contestants will not be picked by any judges in town or from out-of-town.
- (2) The winner will be selected solely by the number of votes she and her friends deposit in the ballot box. These votes are obtained by purchasing a \$1.50-value advance ticket to "Valley Echoes" for one dollar.
- (3) The selling of these tickets is evidence that the pretty young lady is popular, has civic pride, personality and is a booster of Emmitsburg and the Bi-centennial.
- (4) Any girl in the contest can win. . . . The votes are counted by the Queen's Committee headed by Dr. Gilbert Oddo.
- (5) Any girl can count her votes at any time—but not those of another contestant.
- (6) Following the contest and before the crowning, the votes will be audited.
- (7) After the contest anyone may check the audit or count the votes if they so choose.
- (8) There is no possible way to influence the contest, cheat or stuff the ballot boxes.

On the final day of the contest which is June 21, at 8 p. m., the votes will be counted and audited and the winner's name placed in a sealed envelope. It will not be opened until 9 p. m. Saturday, June 22 at the coronation ceremony, just prior to the presentation of "Valley Echoes." NOT EVEN THE QUEEN HERSELF will know who is "Miss Emmitsburg," until that time.

I repeat, dear readers, it's up to you to elect the girl of your choice . . . so buy your advance tickets from her now. Not only do you save 50c, but you can help your friend be the Queen of the Bi-centennial!

All of the girls in the contest have been avidly working to insure the success of the celebration and "Valley Echoes" and not one of them has raised any objection. . . . They know it's on the level!

And there you are folks, it happens almost every time some public endeavor is undertaken here. It's an unfair situation and this type of malicious gossip can reap havoc on an undertaking of these proportions. A lot of money is being invested in the Bi-centennial and the net proceeds will go to a good civic welfare cause and I just couldn't miss taking this opportunity to try and set things straight. I feel, after investigation, that the way in which the Queen is to be selected is just about as fair as is possible and this method is used nationally during similar celebrations, but I did feel that I would be remiss in my duty, as a reporter, if I failed to clarify the situation on behalf of the Bi-centennial. So, my friends, if you hear any such rumor again, you can do your part by debunking it. Let's not hear any more of this distasteful matter.

Alumni Group
Plans Picnic For
This Summer

A meeting of St. Joseph's High School Alumni Assn. was held on Sunday morning with Allen Stoner, president, presiding. Treasurer Eugene Rosensteel reported a bank balance of \$221.01. It was announced that an invitation to the high school commencement exercises had been received. It was agreed to give \$5 as a prize for the member of the graduating class with the highest average in English. The group voted to take a \$10 advertisement in the Bi-centennial brochure.

A picnic and reunion has been scheduled for Sunday, July 21 and Mrs. Eugene Rosensteel was placed in charge of arrangements to hold the reunion at the Sportsmen's Club, Mt. Alto, Big Pipe Creek Park or possibly some other location. The officers decided to meet later and work out the necessary details.

Kangaroo
Court Is Set For
Saturday Night

The hairy Brothers of the Brush will be on the prowl Saturday evening to apprehend violators of the rules of the Brothers and the Bi-centennial Belles. Key-stone Kop uniforms have been ordered, a jail constructed and the fun loving Brothers are setting up a court of judges and issuing summons to lawbreakers already. Ralph Irelan, Chairman of the Brushes, announces that Fern Baker will be the chief judge for the first court. No rough stuff will be tolerated and everyone is invited to attend what promises to be a hilarious Court session.

Although it is not mandatory, everyone should be wearing some type of Bi-centennial garb and either wear their buttons or have their shaving or cosmetic permits. "Cool and Crazy" fines will be meted out. Chairman Irelan is busy lining up a Defense Attorney, Prosecuting Attorney, Court Crier and of course, some victims. Everyone will have a fine time—join the fun, get a wooden nickel and get ready for the Celebration June 22-29.

See you Brother! See you Smoothie! See you Belles! On Saturday the 8th at 8 p. m. on the Square! . . . ! ! !

"Brothers" Will
Appear On TV

As had been expected, more shaving permits have been issued to more individuals than membership cards in the "Brothers of the Brush." Up to this week the "Brothers" enjoyed holding an early lead taken two months ago and managing to hold it until this week. Chairman of the Beard Contest, Ralph F. Irelan, announced the "Brothers" enrollment had reached 125, as compared to 130 shaving permits.

The "Brothers" will appear on television over a Washington station next Saturday night, June 15, when they will be interviewed on the Jimmy Dean Show. They are presently making preparations to take two busses to the Capitol City next Saturday and bus tickets are now on sale at the Village Liquor Store.

Newest members of the "Brothers" are William Martin, Robert Koonitz, Lumen F. Norris and Col. Galen Gough. Shaving permits were issued this week to Robert E. Daugherty, Curtis R. Bucher, A. L. Leary, Joseph Graves, Col. Thomas J. Frailey, Richard Vaughn, Lawrence Hull, John J. Sanders, Charles B. Harner, Leo Topper, Daniel Andrews, Eugene Myers, Prof. Donald Waters, Fred D. Wolfe, Irish Sanders, Prof. Richard Leonard and Clay Z. Green.

It is the hope of the "Brothers" to issue more permits Saturday when kangaroo court will be held on the Square and anyone convicted of not having a permit on his person, will be fined or jailed.

Top Hats, Pens
Now Available

As well as the lightweight popular derbies and sunbonnets, the Bi-centennial Committee has a shipment of better grade and different sized derbies and high hats for sale. They are available in small, medium and large sizes and can be purchased at the Bi-centennial Headquarters. These were re-ordered due to the great popular demand.

Souvenir plates have been ordered but will not be available until one week prior to the celebration.

Pretty, old fashioned ties are available for the men.

A shipment of ball-point pens with "1757-Emmitsburg Bi-centennial-1957" imprinted, are on sale at fifty cents each.

INTRODUCES BILL

Representative DeWitt S. Hyde (R), Maryland, this week introduced a bill setting forth a new section in the U. S. Code for the Enforcement of State Statutes in subversion or seditious charges against the Government or State.

In a recent decision the Supreme Court held that State Statutes on subversive activities have been pre-empted by the Subversive Activities Control Act. Mr. Hyde's bill, when enacted, would make it possible for the States to enforce their own statutes against subversive activities.

The Navy icebreaker USS Glacier made the earliest penetration of Antarctica's ice pack in history, arriving at McMurdo Sound, Oct. 28, 1956.

CHIEF KAAS
RESIGNS

Daniel J. Kaas, World War II veteran and chief of the Emmitsburg Police Dept., in a surprise move Monday night, handed in his resignation to the Mayor and Commissioners at their regular

monthly meeting. In his letter of resignation, which Council regretfully accepted, Chief Kaas stated his regret in leaving the employ of the town government, but stated he had a better offer from the Maryland State Reformatory for Males at Hagerstown, as a custodial officer. The chief's resignation will become effective in the near future and it is expected his successor will be named next week.

During Chief Kaas' tenure of office the past four years, the department has made excellent progressive strides. A complete file on every case handled has been kept, a patrol cruiser maintained, a recognized police docket set up and numerous other modern improvements made.

BI-CENTENNIAL
NOTES . . .

Rehearsals are progressing splendidly says French Sensabaugh, director of "Valley Echoes." "The folks are really enthusiastic and that's a sign of a truly great show in the making," says French. The cast is not full and we need more people—young and old. He asks that those interested please contact Bi-centennial Headquarters.

Harry Troxell, Spectacle Chairman and Jimmy Sanders, Construction Chairman are doing a fine job. Their volunteer carpenter crew was all ready to finish the set but the rains came . . . more names and news on this later . . . Sensabaugh says Emmitsburg is a town of firsts. Says it's the first time in his long experience that the Inset Stage was built before he ever had a rehearsal.

Mount St. Mary's deserves a special orchid. They are loaning their bleachers so the audience will be safe and comfortable when they view "Valley Echoes."

Mayor Clarence G. Frailey and his property crew of Clyde Eyer, Charles Stouter, Ted Topper, Vernon Keilholtz, Allen Bouey, Paul Dern and Regis Miller are combing the highways and byways for everything from covered wagons and old automobiles to Indian blankets, canoes and little bunches of paper flowers. Sixteen horses and horsemen and also some teams are needed . . . Anyone supplying a helping hand will be welcomed and some women are needed to help serve on this committee.

Guy Baker at Mt. St. Mary's and the girls in the office deserve some posies. They've been helping with the ditto work and other phases of the celebration.

Mrs. Caroline Cadle, Chairman and co-chairman, Mrs. Zimmerman are busy in an attempt to interest the merchants in historical windows. It isn't too soon to display your relics, for visitors now and during the celebration will love them.

The property Committee needs a nice team cow to act in the Pioneer Scene of "Valley Echoes" . . . She gets milked every night.

Paul Claypool has been busier than the proverbial one armed paper hanger in his placing the novelties around town and pushing the sales. Every man, woman and child should be wearing a Bi-centennial Bonnet or high hat or derby and Bi-centennial tie. The committee also has ball point pens at 50 cents each.

GRADUATION TONIGHT

Exercises for the first graduating class of the new Mother Seton Parochial School will be held in the school auditorium tonight, Sister Frances, principal, has announced.

Twins Lead
Queen Contest

Agnes and Alice Scott (twins) are tied for first place in the first tally for "Miss Emmitsburg" Queen of the Bi-centennial Celebration. There will be another count of votes this Friday, June 7th at 8 p. m. at which time contestants will receive a 15% bonus on votes turned in the past week.

In third place is Miriam Fitz; Pat Lingg is fourth; Lavonna Jones is fifth and Marie Kankasky is sixth. Others in the contest are: Hilda Hemingway, Julia Hartle, Norma Hartle, Ann Marie Myers, Theresa Rybikowsky, Patricia Sprinkle, Nancy Valentine and Edna Zimmerman.

The Queen and her Court of eleven lovely beauties will be featured throughout the Celebration. "Miss Emmitsburg" will be crowned at the opening of "Valley Echoes" Saturday Night at 9 p. m., June 22 by a nationally known dignitary. She will be attended by her court and over 150 Pageant performers in the Prologue Scene. The Queen will also receive an expense paid trip to New York for herself and companion of her choice. The Committee is arranging additional prizes.

A lovely float is being arranged by the Town Fathers for the Queen's Court in the mammoth Saturday, June 22 Parade. The identity of the Queen will not be known until she is crowned at the first performance of "Valley Echoes."

The Queen and her Court will participate in all performances of "Valley Echoes" scheduled for presentation Monday through Saturday, June 24 thru 29 at 9:30 p. m. as well as the opening on June 22.

Firemen To Meet
At Scouthouse

The regular meeting of the Vigilant Hose Co. will be held at the Scouthouse on Tuesday evening, June 11 at 8 p. m. Firemen who have not yet completed their drive routes are asked to do so before this meeting so all routes can be turned in on Tuesday. Refreshments will be served at this and the July and August meetings.

CHOIR NEWS

Elias Lutheran Church has three qualified choirs directed by Mrs. Reginald Zepp. The choirs are the Junior, Youth and Chapel and have a graded system of annual promotion. The present enrollment in the three choirs is 54. Forty-three members had a perfect attendance record for the month of May. New members coming into the choirs during the past month are Maybelle Carson, Richard Smith, and Carol Messner. An afternoon of social activities will be enjoyed by all members and members of their families of the choir at the home of Mr. and Mrs. Andrew Eyster and family this Sunday, June 9. Starting time is 1:30 p. m. and supper time will be early.

Women To Hold Open House

The Lutheran Church women will hold an open house on the church lawn on June 11 at 7:30 o'clock. The leaders for the occasion are Mrs. A. W. McCreaf and Mrs. Charles A. Harner. The hostesses will be Mrs. Roy Bollinger and Mrs. Harry McDonnell. An outstanding United Lutheran sound film, "Partners in India," will be shown as part of the evening's program. All members and friends are cordially invited to attend.

Gettysburg Police
Nab Local Youths

Gettysburg police halted a car driven by a 16-year-old Emmitsburg youth containing two other juvenile companions from here after the car struck a parked car on S. Washington St. at 1 o'clock Wednesday morning.

The youths were permitted to return to their homes after turning over the keys of their car to police. The lawmen said all three had been drinking and the driver had been "driving from side to side on the street" before the crash. The driver will be turned over to juvenile authorities.

Speeder Fined

William Edward Peters, Emmitsburg, recently forfeited \$11.45 in Westminster, on a charge of exceeding 50 miles per hour.

The Stars and Stripes has flown over West Point continuously since the academy was built.

Chapels have been built at two Antarctic bases by Navy Seabees working in their off-duty hours.

Belles To
Tour Towns

The Bi-centennial Belles met on Monday evening and discussed a number of future plans. Among those talked over was the tour to Thurmont which will be made tonight. Everyone is requested to meet at the Headquarters at 5:30 tonight. The Gettysburg tour is scheduled for Monday evening at 5 o'clock and plans are being made now to attend the Jimmy Dean Show in Washington next Saturday evening, June 15. Those Belles who are interested in going to Washington should register with Chairman Kate Warthen. The deadline for registering is Tuesday.

A letter from Mrs. Dwight D. Eisenhower was read at Monday's meeting. The Belles recently asked the President's wife for a reception at the President's Gettysburg home. Mamie responded that if she could possibly schedule an interview with the Belles she would gladly do so.

All members interested in assisting with the float please contact the committee as trimming already has begun.

Latest additions to the charter members are Mrs. Pauline Summers, Mrs. Josephine McCreaf, Mrs. Margaret Miller, Mrs. Ethel M. Gelwicks, Pearl Nieman, Mrs. Violet Wastler, Mrs. Betty Ann Baker, Mrs. Charlotte Lingg, Mrs. Ralph Lindsey, Miss Ann Hobbs, Mrs. Adele Adelsberger, Mrs. Carolyn E. Cadle, Mrs. Carolyn Cadle Lower, Mrs. Ann Ketterman, Mrs. Corrine Seiss. The following ladies have obtained cosmetic permits: Mrs. Herbert Roger, Mrs. Fred Wolfe, and Rita Felix.

MRS. LESTER L. MYERS

Mrs. Sara F. Myers, 35, wife of Lester L. Myers and a native of Adams County, Pa., died Sunday in Hollywood, Fla. She was a daughter of the late Daniel G. and Jennie (Crouse) Hoffman.

Surviving are three brothers, Jesse Hoffman, Gettysburg; Daniel Hoffman, USAF, Homestead, Field, Fla., and Charles L. Hoffman, three sisters: Mrs. Elsie Smith, Jolly, Tex.; Mrs. Mary McDonald, Manassas, Va., and Mrs. Charles Kreitz, Emmitsburg.

Funeral services will be held this afternoon at 2 o'clock from the Bender Funeral Home in Gettysburg with Rev. Paul L. Reaser, pastor of St. James Lutheran Church, officiating. Interment will be made in Silver Run Cemetery, Gettysburg.

Edward Long Rites

Funeral services were held from the Allison Funeral Home, Emmitsburg, last Wednesday afternoon, May 29, for Edward Philip Long, 73, Rocky Ridge, who died at the Frederick Hospital last week. Rev. Edmund P. Welker officiated and interment was made in Mountain View Cemetery, Emmitsburg. Pallbearers were Robert Fitez, Robert Saylor, Roy Wivell, Robert Grimes, John Orndorff and Thaniel Bentz.

Locals Divide
Pair Of Games

Hapless Emmitsburg took another one on the chin last Sunday when they were lambasted by Fairfield 7-0 on the Pennsylvania's diamond in a Pen-Mar League contest.

The opponents slammed a total of 12 hits out while holding the locals to a single hit. The locals are now one step out of the cellar with a percentage average of .333. The local team travels to Taneytown Sunday. Elsewhere in the league Blue Ridge Summit replaced Union Bridge as the leaders in the league by taking a 5-2 victory at Union Bridge Sunday.

On Memorial Day the locals upset the pace-setting Blue Ridge Summit aggregation, 5-2. Six miscues proved disastrous for Cashtown who dropped a 4-0 decision at Taneytown.

Pen-Mar League

Standing of the Clubs

	W.	L.	Pct.
Blue Ridge	5	2	.714
Union Bridge	4	2	.667
Fairfield	3	3	.500
Taneytown	3	3	.500
EMMITSBURG	2	4	.333
Cashtown	2	5	.286

Sunday's Results

Fairfield 7, Emmitsburg 0.
Blue Ridge 5, Union Bridge 2.
Taneytown 4, Cashtown 0.

Saturday's Games

Emmitsburg at Union Bridge.
Sunday's Contests
Emmitsburg at Taneytown.
Blue Ridge at Fairfield.
Cashtown at Union Bridge.

The first oil well in the U. S. was built in Titusville, Pa., in 1859.

LAUDS LOCAL
HOMEMAKERS

Editor, Emmitsburg Chronicle:
Dear Sir:

I would like to put in a word of publicity for the effort that the Emmitsburg Homemakers have made to open a shop, next to the American Store, during the Bi-centennial.

Mrs. Ward Kerrigan has gone to a lot of trouble to get the project going and I hope everyone will feel free to stop in and see the things (and to buy) which the ladies have made to sell. There are pedal pushers for little tots, knitted and crocheted baby garments, aprons, hand - decorated waste basket, tin boxes, sprinkling cans, earrings, slippers, dish mats, etc. So I hope every lady, especially in Emmitsburg and vicinity, will visit the shop.

Also I'd like to take this opportunity to remind my fellow homemakers that Mrs. Kerrigan needs our cooperation. We need YOUR contributions and at least a day of your time spent in the shop. So be sure to take your homemade wares in soon, and also call Mrs. Kerrigan and offer to help one day this month. She certainly will appreciate it.

MRS. PAUL BEALE

Number Of Motorists
Fined For Infractions

Thirteen motorists, both local and out-of-town, paid fines totaling \$283.85 during May the Emmitsburg Police Dept. reported this week. All arrests were made by Police Chief Daniel J. Kaas and the trials were held before Magistrate Charles D. Gillean, Emmitsburg. The Department issued 20 warning tickets during the month.

Convicted and fined for infractions of the state motor code were:

Ronald T. Lomax, Renova, Pa., speed greater than reasonable, \$16.45; Wm. Joseph Matthews, Thurmont, reckless driving, \$51.45; Lonnie Joe Webb, Westminster, reckless driving, \$16.45; Harry Lee Naylor, Jr., Pen Mar, speed greater than reasonable, \$11.45; Robert L. Borbonus, Norristown, Pa., improper passing, \$11.45; John N. McCordell, Jr., Bhlitmore, exceeding 25 m.p.h., \$11.45; Albert L. Cullison, McKnights-town, Pa., reckless driving, \$16.45; Gerard S. Cogan, Bayonne, N. J., speed greater than reasonable, \$11.45; Rodger H. Davis, Lantz, Md., passing against road markings, \$11.45; Clifford M. Ridenour, Thurmont, exceeding 30 mile an hour, \$11.45; Robert E. Glass, Emmitsburg, unnecessary use of horn, \$6.45; Gilmer H. Glass, unnecessary use of horn, \$6.45; Franklin J. Moyer, East Freedom, Pa., reckless driving, \$101.45. Total fines, (state), \$283.85. Total fines (town), \$26.00.

Farewell Party
For Departing
Methodist Pastor

The Women's Bible Class and the WSCS of Tom's Creek Methodist Church held a surprise farewell party on May 27 honoring Rev. and Mrs. Paul H. McCauley, who are leaving the circuit. Rev. McCauley will further his education in California.

Mr. Robert Grimes spoke on the help that Rev. and Mrs. McCauley had given him with the Sunday School and persuaded the members to use the Methodist literature. Rev. McCauley was also commended on his splendid ministry to the church.

The pastor spoke highly of the church and its members. Following a prayer, refreshments were served.

The entertaining portion of the party consisted of color slides of Sherwood Gardens, where the Women's Bible Class recently visited.

The closing prayer was led by Fred Bentz.

Souvenir Nickels
Now On Sale

"Don't take a wooden nickel" will be an outmoded expression after Saturday, June 8 when Dr. D. L. Beegle will auction off actual wooden nickels from the Square at 8 p. m. They will be legal tender for the balance of the celebration and are worth a great deal more to coin collectors and souvenir hunters.

Cooperative Merchants will accept them in trade and the Bank will redeem them if you're foolish enough to part with them. Some girls will even use them for earrings and bracelets.

They're issued to honor the Bi-centennial which will be celebrated June 22 thru June 29. A huge parade will kick-off the celebration on June 22 and be followed by the first showing of "Valley Echoes" nightly except Sunday at the Civic Grounds.

Council Gives
\$1000 To Local
Fire Company

Charles R. Fuss was re-elected as chairman of the board of Town Commissioners at the regular meeting of the Burgess and Commissioners held Monday night in the Fire Hall, all members of the board in attendance. Commissioner Fuss begins his second term as president of the board. Council decided to place a float in the Bi-centennial parade on June 22 and named Wales Rightnour as chairman of the project. Commissioner Rightnour also was appointed to represent the town at the annual convention of the Maryland Municipal League to be held in Ocean City, Md., next week.

Town Clerk Louise Sebold gave the reports of the clerk, treasurer and tax collector and all were accepted as presented. Miss Sebold announced her resignation as tax collector following the collection of 1957 taxes. Parking meter revenue for May was reported as \$275.86, in addition to \$20 in overtime parking fines and \$6 in traffic fines, making an over-all total of \$301.86.

Mayor Clarence G. Frailey announced that plans have been made to install about 100 feet of eight-inch sewer line in the North Seton Ave. area. This line will constitute a portion of the planned new sewerage system for the town. The Council has three petitions in its hands for annexation purposes. These petitions come from the southern end of town and East End extended and Emmitt Gardens. The Board is in the process of obtaining rights-of-way for the new sewerage system. A thank-you letter was received from the Emmitsburg Baseball Club in appreciation of a recent donation. A request that N. Seton Ave. be renamed Gettysburg Street was rejected. Mayor Frailey announced that the annual Clean-Up Week will be announced in time for the Bi-centennial and all trash will be taken away free to the citizens on the designated days. Council decided to make a number of the narrow alleys running north to south, one-way streets just as soon as the proper signs are available. All wide alleys would be two-ways.

The Town Fathers decided, in the interest of public safety, to eliminate a dangerous traffic condition in the West End. It was decided to paint a section of the curbing red and prohibit parking on the curve in front of the John Eyer property. The Solons, in cooperation with the Bi-centennial Committee, will act as hosts to nearby out-of-town mayors and past town officials when the group visits here on June 29 as guests of the Bi-centennial.

Street Commissioner Fuss reported the drying beds in the sewerage disposal plant needed to be cleaned and Council authorized the work to be done in the near future. Police Chief Daniel J. Kaas requested parking meter posts be straightened before the Bi-centennial and requested that no parking be allowed on the main streets in town from 12 noon until after the parade on June 22, and also asked that several alley lights burned out by the recent hail storm be replaced. Council honored all the Chief's requests.

For the next month Council has rented the empty storeroom of William Ryder, near the Square and will open it to the public for use during the Bi-centennial parade, possibly as a resting place for tired elderly residents or those who might become sick during the celebration and need temporary resting. As is the usual custom, the Town Solons authorized a \$1000 donation to the Vigilant Hose Co.'s financial drive.

Police Chief Daniel J. Kaas handed in his resignation during the meeting and Council regretfully accepted it and will hold a special meeting Monday night in the William Ryder property to decide the new Police Dept. head.

Garden Contest
Deadline Nears

The deadline to enter the flower garden contest, sponsored by the Silver Fancy Garden Club during Emmitsburg's Bi-centennial Week, is June 15.

The contest is open to all residents of the corporation of Emmitsburg. Judging will take place by three out-of-town persons on June 25, 1957, beginning at 1 p. m.

The prizes are \$25, \$15 and \$10, respectively. Get your contest blanks from the various local merchants or from Mrs. Thomas J. Frailey, Hillcrest 7-5381.

Rocky Ridge News Items

Mr. and Mrs. Kenneth Johnson and son, David, Baltimore; Dr. and Mrs. Maurice Porterfield, Hampstead; Mr. and Mrs. Maurice Boyer and children, Donald, Barbara, and Cynthia; Mr. and Mrs. William Kline and children, Debra and Kenneth, New Midway, were recent visitors of Mr. and Mrs. David Johnson.

Legion Auxiliary Nominates Officers

Twenty-seven members were in attendance at the regular meeting of the Francis X. Elder Post, 121, Ladies' Auxiliary, held Tuesday evening in the post home. Reports of the treasurer and secretary were approved and a message was read from the district president pertaining to the district state program and also the deputy state convention. The convention will be the 36th annual one and will be held July 24 at the Emerson Hotel in Baltimore.

Several invitations were received and answered. One invited the group to the installation of officers on July 8 at Mt. Airy, sponsored by Gold Star Unit 191; another to the Edwin Creeger Post Unit 168, Thummont, installation of officers on June 20 and also an invitation to attend the graduation exercises at St. Joseph's High School on June 9 at 7:30 p. m. Thank-you notes were read from Marian Timmerman and Irene Ohler, Gold Star Mothers, for the flowers sent them for Mother's Day. It was voted to take an advertisement in the Emmitsburg Chronicle Bi-centennial Edition and also \$5 each to the Emmitsburg High School and St. Joseph's High School for graduation prizes. The group decided to purchase records for the Girl Scouts for their kindness in selling Poppies this year on behalf of the Auxiliary. The Auxiliary agreed to sponsor Lavonna Jones as the potential queen in the Bi-centennial contest and all members were urged to purchase tickets to the historical pageant.

The refreshment committee for July consists of Melva Hardman, Loretta Hardman and Ruth Martins. The \$4 draw prize was won by Margaret Myers who was not present, so the prize next month will be \$5.

The following nominations for officers were made: President, Ann Topper, Ann Shorb, Margie Shorb and Charlotte Sanders. (The highest number of votes for this group will determine, in numerical quantity, the rank of office to be held, viz. president, first vice president and second vice

president; secretary, Kathleen Shorb, Nancy Danner and Ethel Baumgardner; corresponding secretary, Jeanne Sprinkle, Madeline Harner; treasurer, Virginia Sanders and Ada Myers; chaplain, Theresa Miller, Melva Hardman; sergeant-at-arms, Jane Hess; historian, Faye Rodgers. The election will be held next month.

SORORITY MEMBER

Miss Harriet Fite, daughter of Mr. and Mrs. Robert G. Fite, Rocky Ridge, has been initiated into the Alpha Iota Sorority, an international honorary business sorority, at the Waynesboro Business School. Miss Fite was graduated from Emmitsburg High School with the Class of 1955.

Your Personal Health

To The June Bride

One of the saddest Cinderella stories ever told was the one about the struggling young actress who won the heart of a millionaire.

Her family who had practically disowned her for seeking a stage career now opened their arms. They killed the fatted calf when she came home to prepare for her wedding. (Quite a change from living on malted milks in a Broadway drug store.) "Friends" who had laughed at her struggles were now only too glad to prove their undying affection.

Party followed party. Showers rained. In between, there were fittings, arrangements to be made, changed, and made all over again, thank-yous to write as the gifts poured in. If Cinderella got four hours sleep out of the 24 she was lucky. Plenty of chicken in patty shells and fancy desserts were set in front of her, but she was too excited to eat much. Between parties she lived on sandwiches and black coffee.

The wedding went off as scheduled; the biggest the town had seen for years. At last Cinder-

ella found herself with the Prince in a first class cabin on the Queen Mary setting out on their honeymoon trip to Europe. She was sick the first day out, and the next, and so on. The sights of Europe were doctors' offices, hotel bedrooms, and medicine bottles.

This sad tale is not an unusual one. Too many brides start out on their honeymoons completely worn out by the wedding preparations. The first weeks of marriage are difficult enough without the added complication of a bride suffering from indigestion, exhaustion, and frayed nerves.

If you want a real wedding and a happy honeymoon, pay a visit to the family doctor before the festivities shift into high gear. He'll give you a thorough check-up and words of wisdom. You'll do well to follow his advice. Remember that the wedding is, after all, only the prelude to the main event.

Gas Tax Refund Due Farmers

The Maryland Farm Bureau urges the State farmers to take advantage of the refund of 3 cents per gallon federal tax on gasoline used for farm purposes. This refund should be applied for after June 30 for the period July 1, 1956 to June 30, 1957.

The Farm Bureau backed this provision of the law when the federal Road Program Act was passed last year.

Those who secured the refund in 1956 should receive application blanks from the Internal Revenue Service. Farm operators who did not take advantage of this refund may secure blanks from the local office of the Internal Revenue Service.

BABSON

Writes . . .

By ROGER W. BABSON

Babson Discusses June Graduates

BABSON PARK, Mass., June 6 — Skyrocketing labor costs have forced employers to resort to unprecedented technological research. This research is teaching employers that they can get on without many routine workers. Even with the present high employment level, this should sound a warning note to high school and college graduates.

Push Buttons Vs. Men
Out of electronics has come the basis for vast new developments in automation. A simple example of what I mean is the "electric eye" which opens doors at the proper moment without being actually touched by anybody. Another illustration is the record-changer and turntable on our phonographs, including the automatic stopping device. Of a more complicated nature are guided missiles that can chase and overtake an airplane without any human guidance.

This same principle of electronics is being applied today to operation of a manufacturing plant by a dozen employees, in contrast to the several hundred formerly needed. And remember that these can be women as well as men since their chief duty will be merely to press push buttons. Labor in general is not aware of the vast extent of the changes ahead. Employers, it is true, will always need human help, but not for a great many present-day jobs. Their requirements will turn more and more toward the intelligence and judgement of graduates with a high I. Q. New Approach To Welfare

Russia has always thought in terms of massed armies to overrun Europe when the time seemed ripe for an attack. However, with the Free Nations of Europe learning to use nuclear weapons, wars are swiftly moving onto a push-button basis. The great masses of Russia, China, and the Moslem nations will be only a nuisance to clutter up a battlefield under such conditions. Premier Nehru recognizes this, and that is why he is so eager to remain neutral. Electronics and the atom will cause tremendous changes not only in warfare, but in education!

I envy our young people who are to graduate this month. They will have far more opportunities than we oldsters had. I wish the schools and colleges would wake up to these changes. Better pension off the professors who can teach only the orthodox old-fashioned courses, instead of forcing these courses on our young people so that they can get a degree. Character Will Tell

I predict that the above changes will mean that young graduates will need good character more than ever before. Better training in homes, churches, and schools will be absolutely essential in this new electronic push-button age. Wise are the young people who take evening courses now to prepare them for the better jobs ahead.

The typical salesgirl is in the process of becoming obsolete. Before long she will be replaced 60% by self-service counters, 15% by push-button vending machines, and 25% by highly paid, intelligent salesmen whose job will be to secure new customers. New qualifications are a must for the June graduates who hope to get good jobs. The field of advertising and selling is still in its infancy, and marvelous opportunities exist for those willing to train properly for it.

What The Changes Mean

- (1) Manual and routine labor will gradually become obsolete.
- (2) Those who cannot readily learn new skills will be kept on at reduced hours, but with the same take-home pay. This will boost the Do-it-yourself industries!
- (3) Only the serious and intelligent employees will get raises. There will be no limit on salaries for those with the necessary character, brains, initiative and loyalty.
- (4) Our great problem will not be to raise crops, build homes, or manufacture goods, but to get people to buy. Hence, instead of subsidizing farmers, we may eventually subsidize merchants and salesmen.
- (5) I advise young men to be-

come expert machinists instead of lawyers, trained outside salesmen instead of inside pencil-pushers, and after graduation to attend night school to prepare for the NEW AGE.

ALONG THE POTOMAC

By U. S. Congressman
DeWitt S. Hyde

WASHINGTON — The House has passed the Defense Appropriation bill. Republicans tried to restore some funds cut from the bill by the Majority in the House Appropriations Committee. Many of us, including some Democrats, felt that the reductions in funds for new aircraft and related procurement, guided missiles, research and development and Army maintenance were too severe. I believe that waste and duplication should be eliminated, but that defense funds should not be reduced to levels that would harm

the nation's security.

Sustained tensions in North Africa and the Near East are being exploited by the Communists at every opportunity and we must not relax our guard. The Mediterranean area is under constant threat from Soviet disruptive tactics. There is unrest in Formosa and Japan and other parts of the world that could become the tool of Soviet intrigue.

Although the Communists may have learned the trick they run in overt acts from their miscalculations in Korea, and Moscow understands the meaning of America's stockpile of atomic weapons, —we must make certain that our military strength is sufficient to keep them on the anxious seat. We are hopeful that someday there will be complete disarmament with every nation cooperating. But until that time comes we must have strong defenses from both a military and economic standpoint.

Congressional review of Defense Department requests for

Scouts Bill Johnson (left) and Dale Wiley, of Troop 754, Jarrettsville, apply "Keep Maryland Beautiful" labels to the trash barrels which the 65 scouts and cubs of the Troop provided for spectators' use on the My Lady's Manor race course. Officials of the Maryland timber race meets credit the boys with "virtually eliminating the litter problem" during this point-to-point season which closed with the Maryland Hunt Cup, last Saturday. The trash containers will be available for other public gatherings during the summer. Labels of the type used on the barrels are available from the Committee to Keep Maryland Beautiful, 421 Equitable Building, Baltimore 2.

money to operate our vast security system is to assure the people that we are getting the maximum security for each dollar we spend. National safety, not politics, should be the guiding factor in our review. The question to be answered is not how much can we afford to spend for our national safety, but rather how much is necessary for national defense.

Soon the Foreign Aid Appropriation bill will be before the House. I feel certain that we will be able to get the necessary funds approved to carry out an effective foreign aid program.

Litterbag vs. Litterbug

Fifty million dollars a year is a big price to pay for trash. But that's the tab American taxpayers are asked to pay for the trash that is picked up every year just to keep

primary roads clear of debris tossed from cars or left behind at picnic sites by careless motorists. Many people of the oil industry are helping trim the trash tab by participating in the nationwide "Keep America Beautiful" program. Two of their biggest contributions are providing free litterbags which motorists can carry in their autos as travel trash receptacles, and installing gaily colored oil drums where filled litterbags can be deposited. Ohio alone has cut its highway cleaning bill by \$200,000 annually, thanks largely to litterbags given away by community-minded service station dealers.

Michigan State's 1956-57 basketball team played before crowds of more than 10,000 on 10 different occasions.

Get in the fine-car swim at the low Ford price!

America's favorite convertible is one of 21 Ford models for 1957

There's no need to pay a "fancy price" to enjoy fine-car luxury. Ford is lowest priced* of the low-price three, yet offers values you'd expect only in cars costing far more!

To start with, you can easily pay twice the money, and not find lines that can hold a candle to Ford's for lowness, loveliness, or just plain good taste.

But step inside. That's when you'll find the real evidence of Ford's quality!

And, on the way in, note that Ford offers door checks that hold doors open in either of two positions—for easy entrance or exit. A little thing. But, in a fine car, why not? Then, inside, notice how comfortable those plush, foam-rubber seats are. They'll stay that way. And on long trips. For they're scientifically contoured over non-sag springs. Your rear-seat passengers are treated

extra kindly, too—with spring assists to help them open and close the doors—with the most leg room in Ford's field!

Fine cars are smooth—and that's another place Ford really shows its stuff! Ford delivers its famous V-8 power smooth as a whisper. That's because only Ford takes the pains to electronically balance each engine while running under its own power. Not even the makers of the most expensive automobiles go this far to bring you super-smooth performance.

Ford rides fine-car smooth and quiet, too. You can thank the new "Inner Ford" for that. Ford, for instance, has

a swept-back front suspension that actually "rolls with the punch" of every road bump.

Ford's rear springs automatically adjust to give the right ride for every road. And Ford keeps things quiet, with the most sound insulation in its field.

Fine cars are built to stay solid. So's Ford!

Ford has the only frame in its field to make use of rugged tubular steel beams. No car at the price offers so many roof-strengthening beams. Expensive cars aren't built of thicker body steel or with sounder engineering skill. Then, of course, in Ford you can have all the power assists and other conveniences found in fine cars. And they cost far less in Ford. Yes sir! In every feature, every part, Ford is the fine car at half the fine-car price. Come in and see!

Get in on the fun and savings now
in the new kind of

THE WORLD'S MOST WIDELY USED DEVOTIONAL GUIDE

Read John 14:15-18.
"When the Counselor comes, whom I shall send to you from the Father, even the Spirit of truth, who proceeds from the Father, he will bear witness to me." (John 15:26. RSV.)

A boy ran up to a Chinese Christian layman. "Teacher, he asked, 'what do they mean at Sunday school when they say, 'Father, Son, and Holy Ghost'?"

The wise man replied, "Little one, the sun is bright in the heavens, yet it comes to us as light rays which you feel on your body. So God reveals Himself in many ways. God is the Father. Jesus is His Son, the Light of the world. The Holy Spirit is the Comforter. Maybe that will help you to understand."

The lad thanked the teacher, and went his way.

The inspiration of that conversation still lingers with one who was standing by and who learned much from that Chinese teacher.

Many are eager to learn about God. Answers to their questions must come from those who know Him intimately.

Prayer

Father, give us questing hearts that we may seek to know more of Thee. Give us enlightened minds that we may interpret Thy thoughts to others. Use us as channels for the fulfillment of Thy purposes through the Holy Spirit. In Jesus' name. Amen.

Thought For The Day
God's perfect word was Jesus Christ. What does God say through

me
Mrs. J. Fount Tillman, Hagerstown (Tennessee).

**Safety Of Your
Home Depends On
Adequate Wiring**

How's your service entrance? And, we're not talking about the special door used by the maids and butlers. We're talking about the connection between your home wiring system and the main electric power supply of your electric company.

Somewhere outside your home is your electric meter. Close to it, either on the outside or the inside of the wall bearing the meter is some other electrical equipment such as a main switch, fuse box, etc. These items are located close to the point where the wires from the power company's poles are connected to your home. This electrical equipment is called your 'service entrance'. Actually it is the point where your electric service 'enters' your home, hence the name service entrance.

Probably there is not a single thing more important to the convenience, comfort and safety of your home than your service entrance. This entrance is usually the result of careful planning and is considered the key to an adequate and safe home wiring system.

The capacity of your service entrance limits or controls the amount of electricity you can get into your home at any one time and should be designed to meet your complete electrical needs, both now and in the future.

The capacity of a service entrance is measured in amperes, the unit for measuring the rate of flow of electricity, just as the term 'gallons per minute' measures the flow in a water system.

There are three sizes of service entrances in general use in this area. They are the 60 ampere, 100 ampere and 200 ampere. The smallest of the three, the 60 ampere can only efficiently meet the electrical needs of homes

where lighting, the usual small appliances, electric cooking, and the common appliances like TV, washing machine, radio, etc. are in use. The 100 ampere service entrance is designed to handle all the jobs done by the 60 ampere with such additions as a water heater, dryer, and room air-conditioner. The largest of the three, the 200 ampere entrance can carry the electrical burden for all the items carried by the 100 ampere entrance yet has enough excess capacity to handle the electrical requirements of complete air-conditioning and electrical heating systems plus the addition of new appliances still to come.

Unfortunately, most homes in this area are struggling along with a service entrance that is woefully incapable of handling the electrical requirements of today's home. Symptoms of such inadequate entrances and wiring are found in slow heating irons, toasters, and percolators, shrinking TV pictures, slow running refrigerators, washers, vacuum cleaners and power tools, dimming lights and fading radios.

And it is to be remembered that there are many new uses of electricity coming in the future that will require additional entrance capacity. The entrance can well be the major bottleneck in your ability to live better electrically.

Any of your local electrical contractors can help you check your present service entrance and your needs, both for now and the future. Any dollars spent for increasing the size of your service entrance will pay dividends in safety, convenience, and efficiency far in excess of your investment.

Drug-Maker To The Millions

Mass-producing purified penicillin for war-time emergencies had top American and British scientists stymied back in the 1940's—until petroleum researchers picked up the ball. Their long experience and skill in developing new and better ways of processing oil and gas enabled laboratory wizards in an American oil company to come up with extraction processes that more than doubled the yield of pure penicillin from each mold crop, and made mass-production of the drug possible. Forward-thinking oil men stand ready to

Poor management, malnutrition and parasitism are major contributing factors to the maladies afflicting the nation's estimated 25,000,000 dogs, according to the American Veterinary Medical Association.

More salt is present in the Atlantic than in the Pacific.

DOG OWNERS!

BUY YOUR LICENSE BY JULY 1, 1957

The law provides a fine of from \$5.00 to \$25.00 on any owner of a dog, six months of age or over, which is not licensed after July 1, 1957.

LICENSES AVAILABLE AT

County Treasurer's Office, Frederick, Maryland

You can fill in this form and mail \$1.00 for Male or Spayed Female; \$2.00 for Female; \$10.00 for Kennel (not more than 25); \$20.00 for Kennel (more than 25), to JAMES H. FALK, County Treasurer, Frederick, and your license will be mailed to you.

COUNTY TREASURER,
FREDERICK, MARYLAND

Please send me tag for my dog described as follows:

Owner
Postoffice
Election District
Male..... Female..... Age Spayed.....
BreedName

If dog is not six months of age by July 1, 1957, license must be bought when dog becomes six-months-old.

Failure to buy your dog a license will mean not only your arrest, but your dog may be picked up and impounded. The license does not give the dog the right to trespass on anyone's property without the permission of the owner.

HORACE M. ALEXANDER,

Sheriff of Frederick County, Md.
Roy M. Fisher, Dog Deputy, will canvass the County to ascertain if dogs have been licensed.

My Neighbors

"Please, Manny. Go out there and fight! Lots of other people have to pay those confiscatory surtaxes, too!"

For unto you is born this day in the city of David a Saviour, which is Christ the Lord.—St. Luke 2, 11.

So proclaimed "to all people" the angel of the Lord on that day those centuries ago—that we today, no matter how grievously we have stumbled and fallen, may know the love of a blessed Saviour and Redeemer, through Whom we may yet be lifted up, by the hand of God.

Any size of type on any size RUBBER STAMP from the very smallest to the very largest.

"Me...a murderer?"

People just like yourself become killers every day... and so could you! Want to know why?

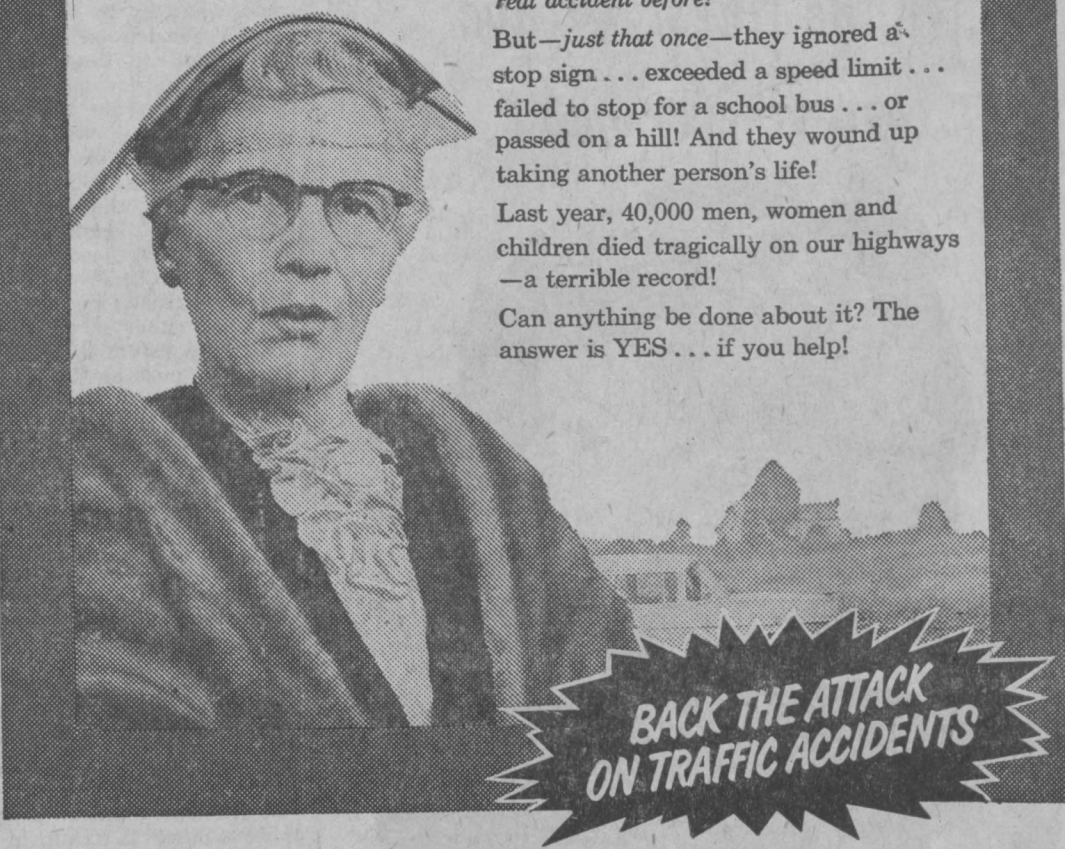

Ask any police official. He'll tell you that the people who are involved in fatal traffic accidents aren't habitual criminals at all!

Mostly they're normal, respectable citizens who never had a real accident before!

But—just that once—they ignored a stop sign... exceeded a speed limit... failed to stop for a school bus... or passed on a hill! And they wound up taking another person's life!

Last year, 40,000 men, women and children died tragically on our highways—a terrible record!

Can anything be done about it? The answer is YES... if you help!

Here's how you can help stop traffic tragedies:

- 1 Drive safely and courteously yourself. Observe speed limits and warning signs. Where traffic laws are obeyed, deaths go DOWN!
- 2 Insist on strict enforcement of all traffic laws. Traffic regulations work for you, not against you. Where traffic laws are strictly enforced, deaths go DOWN!

Gas Tax Shows Tremendous Increase

It was just 35 years ago this week that Maryland highway users first began paying a tax on gasoline—a tax under which

vehicle owners now pay about 96 times as much in yearly revenue as in the first full year the tax was in force.

This was pointed out today by H. O. Smith, Chairman of the

Maryland Petroleum Industries Committee, who recalled that the

Maryland state gasoline tax, first imposed June 1, 1922, at a rate of 1-cent a gallon, brought in \$738,000 in revenue its first year. The federal tax on gasoline was not added until 1932.

Now, he said, the State tax, at 6-cents a gallon, is expected to take in an estimated \$48.7 million during 1957, while the 3-cent federal tax will swell the total amount collected within this

state to an estimated \$70.6 million.

More significant than the in-

creased number of cars, he said, is the present combined tax rate of 9-cents a gallon in this state, which is equivalent to a 40 per cent "sales tax" on gasoline.

With regard to the State tax itself, Mr. Smith said the \$48.7 million Maryland will collect this year in gasoline tax alone makes an interesting comparison with the \$45.5 million collected here in total revenue from all State taxes as recently as 1944.

"We certainly hope that, out of the budget fiasco of 1957, the major lesson has been well learned at the White House—and every future Eisenhower budget will be scrutinized by a hard-boiled battalion of No-men before it goes to Congress. To admit in May that a budget submitted less than four months ago can be pruned by \$2,000,000,000 without interfering with the quality of services is to admit that the budget

was sloppily drawn in the first place."—Buffalo, N. Y., Evening News.

WORLD'S LONGEST BRIDGE, the 24-mile Lake Pontchartrain Causeway north of New Orleans, is a spectacular example of new highway construction which could be used to help empty target cities ahead of attacking planes. The bridge was opened to traffic in August 1956.

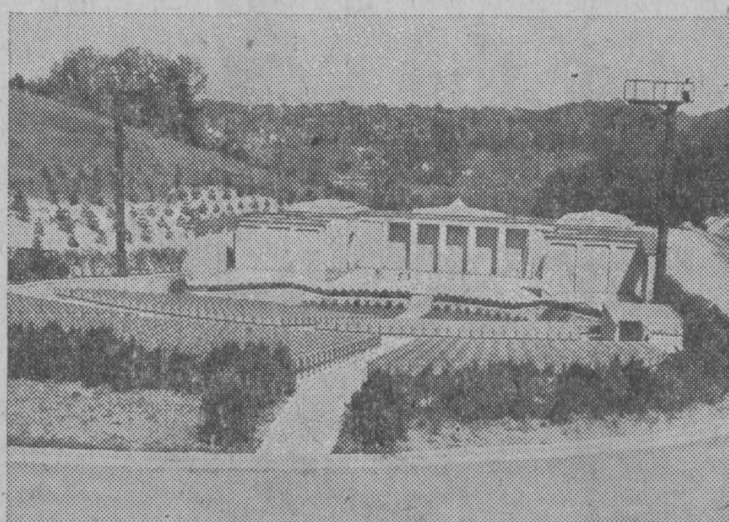

Map shows how civil defense forces, frustrated in New Orleans by water obstacles to traffic on almost every side, could send thousands of cars straight across the huge lake barrier to the north.

Sherwood Amphitheatre: The Home of Religious Drama, near Roanoke, Virginia.

Bible Story Comes to Life In Roanoke Amphitheatre 'Thy Kingdom Come' Opens June 23

Sherwood Amphitheatre, one man's vision in stone, will be the scene of a unique theatrical venture this summer.

"Thy Kingdom Come," America's first original outdoor religious drama, opens in the amphitheatre the evening of June 23. Sherwood Amphitheatre is located between Roanoke and Salem, Virginia, on U.S. 460 and I-1-A.

A handsome structure of granite, marble, and white concrete, the outdoor theatre was the vision of James R. Goodwin Jr., president of Sherwood Burial Park. For 15 years Mr. Goodwin had wished that the Roanoke area should become the home of yearly outdoor dramas based on the Bible. The Home of Religious Drama was completed only recently by workmen of the Sherwood company.

Taken straight from the pages of the Bible itself, Kermit Hunter's

"Thy Kingdom Come" unfolds the inspiring story of Paul the Apostle. In fourteen scenes, enriched by a choral group and dancers, the story of Saul's conversion and works is traced over 34 years of one of the most turbulent periods in history.

A large cast of professional actors will present the symphonic drama six nights a week, excluding all but the first and last Mondays, through Labor Day. Curtain time is 8:15 p.m.

The author, Dr. Kermit Hunter, has written such outdoor dramas as "Unto These Hills," which opens its seventh season this summer at Cherokee, N.C. "Thy Kingdom Come" has been acclaimed by religious leaders of all faiths, who have termed it "a blazing challenge to those whose faith needs to be re-examined."

Seats may be reserved by writing the Roanoke Valley Drama Association (a non-profit organization) at Box 263, Salem, Virginia.

Looking Ahead

...by Dr. George S. Benson
DIRECTOR — NATIONAL
EDUCATION PROGRAM
Searcy, Arkansas

Recognition For A Leader

(Editor's Note: Glenn A. Green, Associate Director of the National Education Program, has persuaded Dr. Benson to let him write this week's column so that an event in Dr. Benson's life might be shared with readers of the column.)

Dr. Benson, as many of this column's readers know is President of Harding College as well as Director of the National Education Program. Harding is unique. It has pioneered in developing educational courses and materials on the American way of life. Hundreds of public school and college educators from throughout the nation have come to Harding during recent years to observe its methods and obtain its materials.

The Year Book of the 1957 Graduating Class contained a dedication requiring nine pages of beautiful color photography and presenting an inspiring text written by the Senior Class which said:

"Dedicated to building a greater trust in God and appreciation for our nation, Harding College has founded an educational program that has merited nation-wide acknowledgement. Harding views the American way of life as having its anchorage in God's laws. She stressed recognition of the

worth and dignity of self-reliance and freedom, thus generating a dynamic force advancing the welfare of all mankind.

"Hard work has been a major factor in building the United States from a few scattered colonies to the most influential nation of the world in less than two centuries. The pioneer farmer toiled long hours with crude tools, while the average laborer today works forty hours a week under ideal conditions with precision tools and equipment. However, it still takes the catalyst of human effort to change raw materials, technical know-how and inventive genius into useful products. The productive capacity of the free American labor force is by far the greatest the world has ever known. Even though there is a tendency in some quarters to regard work as menial and degrading, Harding teaches her students to appreciate the dignity and honor of honest work.

A Pattern For Living

"Most of the early settlers of our country left Europe and came to America seeking a place where they could worship God according to the dictates of their consciences without fear of persecution or intimidation. Our Constitution was written by men of great wisdom who revered God, studied the Bible and recognized that each individual has certain inalienable rights... Harding is dedicated to emphasizing the great principles upon which our nation is built and to helping each student develop a philosophy of life patterned after that of Christ.

"One of the outstanding feat-

ures of our American way of life is the unique educational system that we have developed... Harding has made a distinct contribution through its program of American Studies which has become a model for similar programs in other colleges and universities.

"A man came to Harding College in 1936 with a vision. Today where a dream once existed the reality now stands—because that man placed his trust in God and worked untiringly. Because you have given unselfishly to the service of youth, because you have given courageously to the service of your country, because you have given humbly to the service of your God, we dedicate this 1957 Petit Jean to you, George Stuart Benson."

At 58, Dr. Benson is a vigorous, dynamic person with a mission ranging all over the globe: to make freedom secure in America and to help guide all mankind to freedom and a high standard of living. Harding has been the citadel of his vast activities, and the "apple of his eye."

—Glenn Green

Frederick Lion Is District Governor

Mr. Carl C. Thomas of Frederick, Maryland was elected District Governor of the thirty-six Lions Clubs in District 22-W at the annual Multiple District 22 Convention in Atlantic City, N. J., which closed on June 1st. Mr.

Thomas will succeed Mr. G. Robert Lyles of Hagerstown, Maryland, the present executive officer of the district comprising Allegany, Carroll, Frederick, Garrett and Washington Counties, Maryland.

Mr. Thomas is a member of the firm of P. L. Hargett and Co. of Frederick, one of the largest retail hardware stores in Western Maryland. He is a former president of the Carroll Manor Lions Club, and served last year as Zone Chairman of the District.

Government inspectors, under veterinary supervision, seized over 38 tons of prohibited and restricted meats from aircraft and ships during 1956 to prevent introduction of foreign diseases to the United States.

At least ten countries use the eagle as the symbol of supremacy.

C. & P. Phone Company Allots Three Millions For State Expansion Purposes

To expand and improve telephone service in Maryland, the large telephone systems at Laurel, Sykesville and Hampstead. An expenditure of \$99,000 will provide for more switchboards and equipment for the connection of additional telephones at Perryville, Bel Air and Bainbridge.

In Southern Maryland \$136,000 was approved to increase the capacity of the telephone systems at Leonardtown and Indian Head and \$45,000 for poles and cables to increase the number of circuits between Nanjemoy and La Plata. For Western Maryland, approval was given to spend \$45,000 for poles and cable to meet service demands in Mt. Savage and for additional switchboards in Thurmont.

Two projects totaling \$45,000 for switchboards and central office equipment were approved to meet the continuing demands for service in Damascus and Gaithersburg. On the Eastern Shore, \$18,000 was allocated to enlarge the telephone system at Nanticoke. In the Maryland area suburban to Washington, two projects totaling

taling \$340,000 were authorized for new central office equipment and outside wire facilities to meet service demands in the Suitland Area. Also, \$41,000 will be spent to increase the capacity of the dial equipment at Ashton.

Disabled Urged To Collect Benefits

Disabled workers in the Emmitsburg area who have not yet filed to establish their disability under the social security law should do so as soon as possible. W. S. King, manager of the Hagerstown Social Security Office emphasized today that failure to file an application before July 1 of this year may result in loss of benefits.

Monthly cash disability benefits are payable for July 1957 to qualified workers 50 years or older.

Benefits should be applied for by June 30, 1957 if the worker became totally disabled and has not worked since before January 1955. The principal requirement is a severe disability after at least five years of earnings covered by social security.

June 30 of this year is also an important deadline date for workers under age 50 who have been disabled for prolonged periods. Individuals who do not apply to freeze their social security records by that time may forfeit their rights to disability benefits at age 50, to old-age benefits, or benefits to their survivors.

Several foreign countries have embargoes against U. S. pork for fear that the viruses of cholera and vesicular exanthema in these products would spread these diseases to their animals.

WASHINGTON AND

"SMALL BUSINESS"

By C. WILSON HARDER

Probably nothing since the approach of His Britannic Majesty's forces waving torches in the 1812 hassle has thrown such a chill into Washington as State Secretary John Foster Dulles' tub-thumping for a foreign aid plan that will span the next ten years.

Sen. Homer Capehart (R., Ind.) voices the sentiment that instead of giving away economic aid, loans should be made instead, and that military aid should be handled by the defense department.

Now the question of economic aid more or less seems to boil down to this basis. Are the American taxpayers supposed to submit to ten or more years of shelling out under the name of foreign aid a global dole. Or is foreign economic aid to be considered as helping finance building up undeveloped economies? If the latter, then it follows that there is expectation of a profit from these developments.

If that be true, then the question is asked, should not those nations seeking help come to the U. S. with a business proposition much as any American businessman goes to a bank for a loan? And should not the approach be made to private capital?

Probably England, for example, with its record of defaults on loans from the U. S., would have a hard time selling a program to private enterprises. On other hand, Finns would probably not encounter much difficulty.

In fact, the records show that a lot of the money given to England and France was for the

purpose of developing the economy of their colonies. Surely, some profit is expected from these developments. And surely, if there is good faith, security could be given that would not require the presence of a U. S. fleet to guarantee it.

Actually, with the announcement of the British "New Look" in armament whereby their forces are to be pulled down to what amounts to an electronic home defense, defense of British possessions has now become almost solely job of the U. S.

So the British have worked out a cozy little scheme. Unless the U. S. gives money to develop these colonies, the restless natives will turn to communism. But if they do turn to communism, the U. S. Navy and Air Force will be the only instrument left in the world to keep Russia from moving in.

Therefore, freeing themselves from the costs of defending these possessions, and with U. S. tax dollars creating a wealthier economy in these colonies, the British are in a position to sit back and make greater and greater profits, at least the great British owned monopolies will do so.

Thus, John Foster Dulles is making a name for himself that will rank with that of "Wrong Way" Corrigan. Never has common sense business been turned around backward to come out with a formula that would even astound devotees of Alice in Wonderland. As every businessman on every Main Street of America knows, the loaning and borrowing of money is a cold business procedure, in which such matters as interest and security, plus character, are involved. Members of Congress who have had business experience find at times the situation so fantastic as to be beyond belief.

THE "Harvesting Heart" of the FOX

STEPS UP
FORAGE
HARVESTING
EFFICIENCY

This easy-running cylinder-type cutting unit gives you powerful, positive sharp shearing—rather than power-wasting chopping. It is independent of the blower—and is protected by safety shear pins. If stones or other hard objects enter the knives the cylinder stops immediately and little, if any, damage results.

Let us show you why this FOX "harvesting heart" does a better, cleaner job of cutting, takes less power and is safer to operate than other types. We'll show you, too, how knives can be sharpened in the field between loads in only 2 or three minutes.

PERSONALS

Weekend guests at the home of Mr. and Mrs. Raymond Baumgardner were Harmon Edging of Lisbon Falls, Me., and Mr. and Mrs. Jerry Hoskins and children, Sharyn and Jay of Dundalk, Md.

Mr. and Mrs. Francis Adelsberger and John Adelsberger attended the funeral of their grandmother, Mrs. M. F. Wood in Essex, Md., this week.

A/IC Donald E. Wivell of Scott Air Force Base, Ill., spent a weekend recently with his parents, Mr.

and Mrs. Roy Wivell.

Sunday visitors of Mr. and Mrs. Roy Wivell were Miss Annie Morley, Gettysburg; Mr. and Mrs. Charles Wivell and sons, Mr. and Mrs. James Wivell and family; Mr. and Mrs. Joseph Wivell and family; Miss Mary Jo Joy and Seaman Thomas Wivell of Elizabeth City, N. C.

SP/3 Bernard R. Wivell, son of Mr. and Mrs. Roy Wivell, has been honorably separated from the Army after serving two years in the "Winegrass State," at Camp Rucker, Ala.

Mrs. Adele Adelsberger attended the funeral of her mother, Mrs. Millie Wood, of Essex, Md. Mrs. Wood was 92 years old and was very active until her death. She is survived by 14 children, 20 grandchildren and 20 great-grandchildren; a sister 85 and a cousin 96. Her father lived to the ripe old age of 95 and her grandmother, 98 years.

Frances Show of Washington, D. C., and Thesere Klier of Stephens City, Va., were supper guests Sunday evening of Mrs. Regina Rybikowsky and daughter, Thesera. The young ladies are seniors at St. Joseph College.

Mr. and Mrs. William Frizell, Philadelphia, visited friends and relatives here this week.

Mrs. O. H. Stinson has returned home after visiting her son-in-law and daughter in Little Rock, Ark., during the past 3 weeks.

Edward Stouter, U. S. Army, stationed at Louisville, Ky., visited the past weekend with his grandmother, Mrs. George Stouter.

Elder Post Elects Board of Directors

Commander Edgar Wastler presided at the regular monthly meeting of the Francis X. Elder Post 121, American Legion, held Tuesday night in the post home, 41 members in attendance.

Eugene Rodgers gave a report on recent activities of the drill team and Louis Rosensteel reported on the blood bank. He said Commander Wastler and Donald Topper donated blood for Mrs. Ruth Mort on May 23. One new member, William Burke, was admitted to the group. Louis Rosensteel reported that plans to bring the Legion's scrapbook up to date were progressing satisfactorily and that William Rodgers had been made chairman of the project.

New members of the board of directors recently elected are: Andrew T. Shorb, Curtis D. Topper, Robert B. Myers, T. Eugene Rodgers, Clarence Shorb, William Topper and Edgar Wastler.

Nominations for the coming election to the post's officers were made as follows: Commander, Eugene Sprinkle, Curtis D. Topper, Donald Topper, Edgar Wastler, Charles V. Hartdagen; first vice commander, Charles B. Harner, Samuel Musselman, Allen Knott, Eugene Rodgers, Joseph Rodgers, Fern R. Ohler; second vice commander, Earl Topper, Brooke Damuth, Joseph Sanders, Thomas Gilling; finance officer, Charles B. Harner and J. Allen Bouey; sergeant-at-arms, Louis F. Rosensteel and Andrew Shorb; post historian, Louis F. Rosensteel; chaplain, Raymond Baumgardner and Lawrence Sprinkle; trustees, 3 years, J. Ward Kerrigan.

Following the business meeting refreshments were served by Clarence Shorb and the Ladies' Auxiliary. The door prize was won by Franklin Fisher.

Henry Clay is credited with saying "I'd rather be right than president."

Grange To Enter Float In Parade

Master Harry Swomley presided at the regular meeting of the Emmitsburg Grange held Wednesday evening in the public school, 22 members in attendance.

French Sensabaugh, director of the "Valley Echoes" pageant, gave a report on the progress made to date and recruited several members for the cast.

Bernard Welty, chairman of the float committee, gave a progress report on the construction of a float for the Bi-centennial parade. The group decided that summer meetings will be held at the following homes: June 2 at Mrs. Ralph D. Lindsey's; July, Norman Shriver's and Harry Swomley's; August, Grier Keilholtz's. The group will attend church in a body this year at the Methodist Church the first Sunday in July.

A chicken barbeque will be held the last of July at Staley Park in Frederick. Tickets are \$2 and can be obtained from Harry Swomley, Mrs. George Martin, chairman of the home ec committee, gave a report on the dress contest and gave a report on the meeting that will be held at Mrs. Ralph Lindsey's home. The Southern States home advisory committee will present a demonstration at the meeting.

The Juvenile Grange presented the evening's program as follows: duet, Sue Martin and Thelma Herring; solo, Clyde Hahn; "I've Got a Secret Panel," members on this panel were Clara Harner, Anna Margaret Martin, George Martin; mistress of ceremonies was Shirley Hahn; contestants, Thelma Herring, Thomas Gartrell, Joyce Meadows; clarinet and trumpet solo, John Krom and Richard Swomley; solo, Sharon Herring; poem, Thomas Gartrell. Following the business session refreshments were served by the Juvenile Matron Mrs. Margaret Gartrell.

Boy Scout News

Last Thursday evening a cook-out was held. The troop hiked to Popular Ridge and had an evening of fire building, soft ball, trail signs and a doggie roast. Four of the newly formed Troop committee joined in the meeting and helped finish off the 100 doggies. It was announced that several sights for over-nighters have been offered and plans are being made for an over-night camping trip the week-end of the 16th.

The Scoutmasters of Troop 284 are completing an advanced training course this week-end with an over-night camping trip at Cunningham Falls. This will close out the course which started with the Basic Training and went into the advanced training.

The Green Bar Patrol met Saturday morning and planned activities for the month of June. The parade float committee under Senior Patrol Leader James Fitzgerald, has decided on what type of float to be made. The float and preparations for the Bi-centennial have much of the June program taken up. The troop now is waiting for the return of the new charter which will start the third uninterrupted year of scouting for Troop 284.

69 Confirmed At St. Anthony's

The Most Rev. Jerome D. Sebastian, D.D., Auxiliary Bishop of Baltimore, administered the Sacrament of Confirmation to 69 members of St. Anthony's Shrine, near Emmitsburg. Amid beautiful and stately ceremonies, 63 children and six adults received the sacrament last Friday evening at 7:30 o'clock.

The Rev. John F. Albert served as master of ceremonies. Chaplains assisting the bishop in the sanctuary were the Rev. Vincent G. Heary, C.M., and the Rev. John Hart; deacons for benediction, the Rev. James V. Hobbs and the Rev. John J. Hart. The Rev. John L. Sheridan, LL.D., president of Mt. St. Mary's College; the Rt. Rev. William F. Culhane, A.M., vice president of the college, and the Rt. Rev. Joseph P. O'Donnell, rector of Mt. St. Mary's Seminary, were present in the sanctuary. The Rev. Vincent J. Tomalski is pastor at St. Anthony's Shrine.

Altar boys from the parish taking part in the ceremonies were Philip Wetzel, cross bearer; Paul Wivell and Thomas Seltzer, acolytes, and James Kreitz, incense bearer.

Sponsors for the boys were Carl Wetzel and Cecil Kreitz, and for the girls, Mrs. Raymond Etheridge and Mrs. Francis Hemler.

The altar was beautifully decorated with red gladioli and gold carnations in honor of the Holy Spirit.

Mrs. Ernest Seltzer, the organist; Miss Bertha Eckenrode, the director, and the devoted members of the choir provided a beautiful and inspiring program of sacred music.

Combined Band Concert Commended

The regional band concert held at Emmitsburg High School recently and consisting of 66 students from Walkersville, Thurmont, and Emmitsburg was well attended and rendered a commendable performance.

Mr. James Fisher, director, was highly praised for his efforts in guiding the young musicians in their performance.

The program was as follows: "Color Guards," march; "A Mighty Fortress Is Our God"; "Death and The Maiden," "The Lost Chord," "Tarantella," trumpet solo by James Bittner, Thurmont; "Skyline," overture; "March Triumphant," "Southern Roses," waltz; "Gay Lancers," waltz; Banana Boat Song, and "Round and Round."

The P-TA and mothers of the Emmitsburg band members served fruit punch and cup cakes for the organization, following the concert.

RECEIVES PROMOTION

John M. Fuss, Jr., son of Mr. and Mrs. John Fuss, Emmitsburg Rt. 2, was recently promoted to audit semi-senior in the Philadelphia office of Arthur Andersen and Co., a nationwide public accounting firm.

It took Washington and the members of the Constitutional Convention 96 days to frame the Constitution.

Pet birds that cough, sniffle or have labored breathing should be examined by a veterinarian for evidence of psittacosis, sometimes called "parrot fever" in man.

Six Cars Involved In Crash Wednesday

Both north and south-bound traffic was tied up early Wednesday about a mile north of the Mason-Dixon Line and several cars were off the road as the result of the tie-up. There were injuries reported. Information on the jam by people on the scene said a car being towed toward Emmitsburg, apparently had broken loose from the tow car and had run off the road and upset. Another car nosed into the ditch on that side of the road and a third had upset on the other side of the highway. Police said that as many as half a dozen cars were involved in the mishap.

Mount Graduates Large Class

One hundred and seven students were awarded their degrees at the 149th Commencement Exercises at Mount St. Mary's College Wednesday morning at 10:30 a. m. Dr. Philip A. Caulfield, a prominent Washington, D. C. surgeon, addressed the graduates and their friends in Memorial Gymnasium. The Most Rev. Francis P. Keough, Archbishop of Baltimore, presided at the graduation.

Honorary degrees were awarded Dr. Caulfield, the Rev. Michael A. Gillogly, Scranton, Pa., who delivered the baccalaureate address Tuesday evening; the Rev. Emmett Gallagher, Alexandria, Va., and the Rev. John B. Conroy, Dobbs Ferry, N. Y.

Academic prizes were awarded as follows: the Edward J. Flanagan Memorial Prize for the senior best representing the traditions of Mount St. Mary's in scholarship, conduct and leadership; the Thomas W. Pangborn Prize for the highest scholastic average during the senior year; the John C. Pangborn Prize for the highest average in the English philosophy course and the Bishop Allen Memorial Prize for the highest general average maintained through the four years of the college course to Dean J. Sprague, class valedictorian, Rt. 3, Cadillac, Mich. The Waterson Memorial Prize for excellence in oratory and the Edward T. Hogan Memorial Prize for the highest average through the four years of the pre-legal course were awarded to Daniel R. Mooney, 36 South St., LeRoy, N. Y. The Seton Prize for the highest average throughout the course in biology was awarded to William R.

Anderson, Shiremanstown, Pa.; the McGraw Memorial Prize for the highest average in mathematics to John W. Gadden, Carbondale, Pa. The Flynn Memorial Prize for the highest average in English was awarded to Cicero A. Tennant, Richmond, Va. Winner of the Cogan Memorial Prize for the highest scholastic average in the Latin philosophy course was William Hartgen of Washington, D. C. Eugene A. La-Croce, Shamokin, Pa., won the Bradley Memorial Prize for the highest average in the business administration course.
