BY ABIGAIL

It's a sad commentary on local civic pride when such valuable assets as the Chamber of Commerce and the Municipal Band are facing extinction. Some months ago I wrote a column on the apparently slow demise of the Chamber of Commerce but it was in vain. Absolutely no spirit was revived or injected into the organization and unless something is done immediately to rejuvenate the organization it faces certain oblivion.

For several months now the group has not been able to meet due to lack of attendance of members. This apathy on the part of town citizens is deplorable, especially when you look back, in retrospect, just a few years ago and visualize just how active the Chamber has been in the community. Let's go back about a decade ago and you will find the group put pressure on to have Toll Gate Hill curve eliminated; another feat was persuading the Town Council to replace the blinker with a stoplight; the C. of C. sponsored Old Home Week and the Bi-centennial; sought street markers for the town's streets; engaged actively in persuading the Toor Shoe Co. to locate here and a number of other beneficial movements in behalf of the town. Don't you really think this valuable little asset to our community should be kept living? If in the few short years of its existence it has accomplished so much why not then give it a chance to do more? Most people shun the idea of retaining a membership in a so-called business organization, letting the work at hand to be done by businessmen. This is a misconception of the duties performed by a Chamber of Commerce. Membership is open to everyone, business, clergy, property-owners or just plain citizens and the dues are only \$10 a year. Half of the dues money goes for a banquet for its members so actually it only costs you \$5 a year. This is very little to ask of almost any citizen when there is so much to be done in this little community.

Actually folks, so poor has been the attendance that the group has been unable to elect a new slate of officers. Meetings are called monthly but are quickly cancelled because a legal quorum is not present to conduct a bona-fide meeting. Let's get back on the ball folks and boost this group to its former status where it can plunge in and do its rightful share of community work. Should you care to join just mail a check to the treasurer of the Emmitsburg Chamber of Commerce for \$10. I'll guarantee you a membership card or refund your money. This is not just reading material to fill a column; it's a plea to you to save one of the most valuable assets of our town. Please act promptly. This being an agricultural community, farmers are also cordially invited and urged to attend.

While on the above subject of what's wrong with our town, there's still another case to be treated. The Municipal Band is facing disbandment due to lack of members. This fine little group which has added so much to the cultural life of the community is threatening to "give up the ship." Attendance is so low practices are not worthwhile and some weeks cannot even be held. Yes this proud little group of men, boys and girls is liable to march through the streets no longer, or to represent the town at other towns' and cities' events. Youth it seems, is no longer interested in music except to hear it or see orchestras on television shows. Good musicians are far and few between locally. However, there are a number who have mastered the profession but who do not care to be bothered practicing or feel they have forgotten most of their musical knowledge. That's where they're entirely wrong. The director, Walt Simpson will if enough are interested, institute a refresher class. Anyone who has played previously, no matter how long ago is cordially invited to contact the director immediately and just as soon as possible the

## Spook Parade Scheduled For Friday

All is in readiness for the mammoth Halloween Parade sponsored by the Francis X. Elder Post, American Legion, Emmitsburg. Parade shove-off time has been set for 7:00 p. m. Friday evening, Oct. 31. The parade will form at the Doughboy monument in West End where numbers will be posted on the backs of the participants who are requested to be at the starting point no later than 6:30.

The affair has been growing numerically for the past number of years, and it is expected that at least 500 youths and adults will take part in the event. General chairman of the affair, Joseph Rodgers, said that competent judges have been engaged and the reviewing stand will be located at St. Joseph's Catholic Church on DePaul Street.

In the line of march will be the Legion Drill Team and Color Guard, and music will be provided by the Emmitsburg Municipal Band, under the direction of Walter A. Simpson.

At the termination of the parade refreshments will be served to the participants and prizes to the winners will be awarded. The parade will start promptly at 7 p. m. and will proceed down W. Main St. to E. Main St. and Federal Ave. intersection, where it will turn left and proceed to the intersection of Federal Ave. and DePaul St., turning left again on DePaul Street and proceeding to the grove adjacent St. Vincent's Rectory.

Prizes will be awarded to first, second and third places, respectively, as follows: Funniest costumes, \$5, \$2, \$1; best looking costume, \$5, \$2 and \$1; most original costume, \$5, \$2, and \$1; funniest costume with pet, \$5, \$2, and \$1; best looking costume with decorated bicycle, tricycle, or wagon, \$5, \$2, and \$1. In addition, two mystery prizes of \$5 each will be awarded.

## Deane Hop Date Nears

The advance sale of tickets to the Buddy Deane Dungere Hop is indicative of a record turnout, the committee in charge reported this week.

The affair is being sponsored by the Ladies' Auxiliary to the Veterans of Foreign Wars and will be held in the post annex on Thursday, Oct. 30. Several hops featuring the popular disc jockey have been held here and always played to sell-out crowds. Tickets to the teen-age dance are on sale at Crouse's and the Emmitsburg Recreation Center.

## Tavern Owner Faces Charges

An Emmitsburg tavern operator and an employee were charged this week with the illegal sale of alcoholic beverages to minors.

The charges were preferred by State Trooper 1/c William G. Morgan who investigated and charged the pair with selling beer to two local minors. The trooper confiscated evidence and served a summons on the two, George Wagerman and Clarence Ohler, to appear at a hearing Saturday before Magistrate C. D. Gillelan, Emmitsburg.

## Justice Clark Will Address Scout Gathering

The Fifth Annual Smorgasbord of the Francis Scott Key District, Boy Scouts of America, will be held on Oct. 28, 1958 at 6:30 p. m. at the Calvary Methodist Church in Frederick. This event in the Annual Scout Leadership Recognition Dinner for the Francis Scott Key District and other interested leaders in this section.

Supreme Court Justice Tom C. Clark will be the honored guest and speaker for the evening. Justice Clark has distinguished himself throughout the years not only as a member of the U. S. Supreme Court, but also through his active participation in Boy Scout activities. Jack B. Kussmaul, Principal of Brunswick High School and Vice Chairman of the Francis Scott Key District Executive Committee, will be master of ceremonies.

## Plan Street To School

Plans for the construction of a street from Emmitsburg High School to Mother Seton School were formulated at a recent meeting of the Town Council held in the town office.

The action was taken after a petition, signed by several hundred local citizens, was presented to the Mayor and Commissioners. The petition was sponsored by the PTA of Mother Seton School. Since that area has been incorporated as part of the town proper the Town will absorb the entire expenses of the construction.

Council plans to have the area surveyed in the near future, following which bids will be asked for the actual construction. It is hoped to have the street completed by spring. The first stage of construction will be the laying of a gravel bed with the possibility that next year the road can be black-topped.

A number of prominent organizations have signed the petition urging the Town Fathers to build the new street for the safety of those youngsters attending the Mother Seton School who daily risk their lives crossing heavily-travelled Route 15.

## PTA To Name Convention Delegates

President Guy Krom presided at the regular monthly meeting of the PTA of Emmitsburg High School held Wednesday evening in the school. The session was opened with the singing of America and prayer led by Daniel Naill.

An interesting program was presented by members of the 6th grade under the supervision of Mrs. J. Harry Scott. The group of children, 29, had previously attended sessions at Camp Greentop, Thurmont, and related their experiences to the parents and guests. These various activities consisted of work, study and a number of other items pertinent to the out-of-doors school held recently. Following the presentation of the program a business session was conducted. The group agreed to appoint two delegates to represent the local PTA at the Maryland Congress of Parents and Teachers to be held in Baltimore Nov. 6 and 7. The delegates will be announced later. The attendance banner was won by Mrs. Scott's sixth grade.

## Live And Let Live

People who aim to please don't have to take time out for target practice.

## Good News for Slumber-Lovers

**HAPPILY HINTING** at some good news is blonde model Nancy Meredith, who wants everyone to know that an extra hour of sleep is due millions of citizens when they retire Saturday night, October 25. That's the night we change from Daylight Saving back to Standard Time, simply by turning the hands of the family Big Ben back one hour. Presto! We gain back the precious hour of sleep we lost in the spring.

## Receives Nurse's Cap At Ceremonies

Miss Alice Scott, daughter of Mr. and Mrs. Joseph H. Scott, Villa Rest, Emmitsburg, received her nurse's cap recently in ceremonies held at Saint Joseph College Chapel. The Rev. Robert R. Kline, College Chaplain, presided. The capping is part of the annual Valley Home Weekend festivities for the parents and friends of the students. Miss Scott was one of twenty-eight sophomores in the Division of Nursing who received caps.

## Youths Accused Of Burning Barn

Four Carroll County juveniles were given a hearing at Westminster Wednesday afternoon by Judge James E. Boylan on a charge of arson in connection with the destruction of a large barn by fire on a farm near Harney early Tuesday morning.

The juveniles, three of whom are 17 and the fourth 16, are all residents of the Taneytown area. State Police Trooper George C. Wächter Jr. who made the investigation and arrests, said the youths fired a strawrick a few feet from the barn as a Halloween prank. The flames quickly spread to the barn and firemen from Harney and Taneytown were summoned about 2:30 o'clock Tuesday morning by the farm owner, Leonard Long.

Livestock was led from the burning structure, but firemen were unable to prevent destruction of a large quantity of grain, hay and farm machinery. The barn was described as very large. Damage was estimated at between \$20,000 and \$25,000, partly covered by insurance.

Firemen pumped water from a nearby stream to prevent spread of the blaze to other buildings. The Long farm is located on the Bowers road, near Harney.

## K of C Installs New Officers

Thirty-five members and guests were in attendance at the regular meeting and installation of officers of Brute Council 1860, Knights of Columbus held in the Council Home Monday evening. The investiture was made by Worthy District Deputy Lipps of St. John's Council, Frederick, and his staff.

A committee of three was appointed to make arrangements for the installation of a new fence in the rear of the Council Home. This committee is composed of Joseph Cy Haley, Curtis D. Topper and Bernard H. Boyle. J. Everett Chrismer reported the large hall on the third floor of the building was ready for occupancy and Curtis Topper reported the Knight's bowling team already was in action. Three new members were admitted to the Council. They were William F. Sanders, Gerald and Joseph Patrick Haley. Applications from seven individuals for membership were received as follows: Charles E. Keepers, Francis G. Adelsberger, John B. Twomey and Regis J. Miller, all of Emmitsburg, and Leo A. Sanders, Mt. Airy and Guy J. Morrison and John E. Myers, Taneytown.

A number of members of Brute Council plan to attend the 50th anniversary banquet and dance of the Hagerstown Assembly at the Hotel Alexander on Nov. 29. The following day a number of the Knights will take their third degree in Hagerstown. The Council approved an advertisement for card tables to be purchased by the Sodality of St. Anthony's. The membership voted approval of granting use to the Frederick County Civil Defense its main meeting room for a series of first aid class instruction. Guests at the meeting were officers of Mt. St. Mary's College Council, John Rice, Frederick, and Rev. James Twomey.

Installed as officers for the ensuing year were the following: Guy A. Baker Sr., grand knight; Curtis D. Topper, deputy grand knight; secretary, Guy A. Baker, Jr.; financial secretary, Paul A. Keepers; treasurer, William L. Topper; warden, Robert Koontz; chancellor, William E. Sanders; Richard J. McCullough, Advocate; Ray Lauer, acting trustee for Francis Sanders in absentia; inside guard, Clyde J. Eyer and outside guard, Ralph Lee Keilholz.

## IN SAUDI ARABIA

A/2c John C. Umbel, son of Mr. and Mrs. Wilbur T. Umbel, Emmitsburg, arrived at remote Dhahran Airfield in Saudi Arabia recently and was assigned to the 2nd Air Division.

Dhahran Airfield, just five miles from the little seaport town of Al Khorbar, is located near the Persian Gulf in northeast Saudi Arabia. Saudi Arabia, an absolute monarchy governed by His Majesty King Sa'ud ibn 'Abd al-'Aziz, is nearly four times as large as Texas. Many sports, club activities and local tours are scheduled and trips to some nearby countries are arranged for personnel assigned to Dhahran Airfield during their 12 months tour there. Previous to his assignment to Dhahran Airfield, Airman Umbel was stationed at Mitchell AFB, New York, with the 1888 AACSS Installations Squadron.

## DEMOCRATIC CANDIDATES COMING TODAY

A county tour and a city rally will climax the Democratic election campaign locally today.

Democratic Campaign Chairman Edward D. Storm announced the plans for the tour, which will move through many towns of the county.

All of the State-wide candidates headed by gubernatorial nominee J. Millard Tawes and U. S. Senatorial candidate Thomas D'Alesandro, will make the tour along with the county candidates and other local Democrats, including members of the Democratic Youth committee.

The touring candidates will leave Democratic headquarters in Frederick between 8 and 8:30 this morning, proceeding to various points in the city and visiting several industries at coffee break time.

The tour is due at Brunswick at 10:15 a. m., where the group will be met by a Brunswick delegation and there will be coffee and doughnuts for all. The candidates will reach Urbana around 11 o'clock and after a visit there, will return to Frederick to reach the industrial plants during the lunch hour.

Leaving Frederick shortly after 1 p. m., the touring Democrats will move to New Market where a large delegation is scheduled to meet them and where there will be lunch at Mealey's Hotel. At 2:15 o'clock, the group is due in Libertytown where it will be met by a delegation and escorted to the Methodist church hall. Refreshments will be served to those who come to meet the candidates.

At 2:50 p. m., the tour will move to Woodsboro and thence to Thurmont, where the candidates are due at the Claire Frock Co. at 3:25, the Thurmont Shoe Company at 3:55 and Moore Business Forms, Inc. at 4:25.

Continuing to Emmitsburg, the Democrats will be met by an expected large delegation in the first block of West Main Street at 5 p. m. At 5:45 o'clock, the group is due at the Walkersville Methodist church supper.

The rally is slated for 8 p. m. at the State armory in Frederick.

Mr. Storm said a number of Democrats in county towns other than those to be visited had sought to have the candidates come to their centers but the group couldn't make all of them in one day. He said he hoped that persons from these other towns would come to the rally in the evening in Frederick.

There will be sound trucks in the tour and the automobiles will carry identifying information concerning their passengers, the chairman said. The tour committee is headed by Mrs. Madolyn Himes.

In addition to Mr. Tawes and Mayor D'Alesandro, the other State candidates on the tour will be Attorney General Ferdinand Sybert, seeking re-election; State Senator Louis L. Goldstein, for comptroller, and John R. Foley, the Democratic congressional candidate in the district.

## Construction Of New Route 15 Is Started

A "notice to proceed" has been sent by the State Roads Commission to the Charles W. Williams and Associates, Inc., and Forty-First Street Corporation of Baltimore, to commence, on or before the 24th of October, improvements to U S Route 15 in Frederick County.

The plans call for improvements to a total of 2.812 miles. Grading, drainage and surfacing for a relocation of U S 15 from 3.2 miles northeast of intersection Maryland 81 and U S 15, extending towards Emmitsburg for a total distance of 2.812 miles.

The contract for the above work in Frederick County was awarded by the State Roads Commission at the Williams and Forty-First Street Corporations' low bid of \$484,757, one of nine contractors submitting bids for this project.

Upon completion of this stretch of highway motorists will have clear sailing from as far south as Catoctin Furnace to Emmitsburg. Two years ago the section from Catoctin Furnace to Payne's Hill was constructed. Working crews and machinery moved into the area early this week and work on the stretch from the Norbert Wivell property near Payne's Hill to Toll Gate Hill just south of Emmitsburg, was started. The new highway is a link in the actual by-pass of Emmitsburg which undoubtedly will occur either next year or by 1960.

## Tavern Owner Heavily Fined For Illegal Sales

The sale of drinks to minors at the Lee-Made Inn cost Leroy C. Weyant, Gettysburg R2, the proprietor, \$1,563.25 Saturday.

Weyant paid all fines and costs assessed in connection with nine counts of violations of the Pennsylvania liquor laws brought against him, his wife, Mary I. Weyant, and the bartender, David A. Jones, Gettysburg. The counts involved sales of intoxicants to under-age college students. Mrs. Weyant was given a suspended sentence on 11 counts. Mr. Weyant was given a suspended sentence on three counts and ordered to pay a fine of \$200 each on six counts or a total of \$1200. Jones was sentenced to pay fines of \$125 each on two counts.

Weyant paid all of the fines totaling \$1,450 and the costs of \$113.25 out of the \$3,000 bail he had previously posted, \$1,000 each for himself, his wife and Jones.

In court Saturday morning, Weyant said that while his establishment had been arrested for failure to force students to sign a form before serving drinks, "there have never been any accidents involving cars leaving my place, nor has there ever been any disturbance. We have been careful to see that no one at any time received too much to drink." Liquor Control Board officials said that they found only one identification card at the place. Weyant said that cards of several former proprietors are at the bar.

## Group D-G License Applications All Mailed

Applications for re-registration of operator's licenses have been mailed to all persons whose last names start with D, E, F and G, as their present licenses expire December 31, 1958.

If any person in this group has not received his application, please write the department at once, giving your full name, any incorrect address that may appear on your present license, together with your correct address and number of your present license.

Under the law, you must fill in your application, answer the two questions, and have your signature witnessed by a Notary Public. The fee is \$1, but if you received your license after Dec. 31, 1955, no fee is required, but you must re-register. Also, you may now operate a motorcycle on your re-registered operator's license.

Courtesy yields large dividends, but it is an investment that is too often overlooked.

**BABSON**

Writes . . .

BY ROGER W. BABSON

Babson Discusses Dictators

SAINT HELENA, Oct. 23— I was taught that Napoleon Bonaparte was a very wonderful man. When attending the Gloucester (Mass.) High School many years ago, I won a prize for an essay on Napoleon! When I am in Paris the cabbies always point out to me various landmarks associated with Napoleon. But recently I have been studying the life of Napoleon as recorded by modern historians. My present conclusion is that Napoleon was really a terrific "gangster," or

more politely, an adventurer and wrecker. Who was Napoleon? Napoleon was born in 1769 on the Island of Corsica. He had various brothers and sisters. He was bad tempered, selfish, and overbearing, but had a good mother. Through the French government of Corsica he secured admission to a military school in Paris from which he graduated in 1785. He became an unimportant official in the artillery. He apparently secured no recognition until an uprising of the liberals in Paris when he took a courageous stand and helped save the Directory which then controlled France. He married a charming woman, Josephine, who helped him to his ambitions. At the age of 27 Napoleon was sent to Italy, which France was then attempting to make a colony. Napoleon was successful in this campaign but treated the Italians with barbarous severity. Having become master of Italy, he started forth to conquer Egypt so as to become a "second Caesar." He, however, was stopped by the British under Nelson. Napoleon was therefore cut off

from France. But by murdering his prisoners and forsaking his own army he got back to Paris. France, at the time, was beset by financial speculation which—fortunately for Napoleon—he had kept free of. He immediately went into politics, promising everything to a poor and unemployed nation. Napoleon was appointed "First Consul" and put the people to sleep with a good dose of inflation. This story should be read by every American as a warning as to what may happen in the U. S. A. Learning that he could not give the people of France all his political party had promised, he determined to become Emperor of Europe. His politics make me shudder because of the similarity with what we are seeing today. Napoleon assumed a form of religion and backed the organized churches. He cleaned up the slums, encouraged the building of homes, and pretended to be much interested in education—but not in elementary education. He had the government underwrite only scientific education—to train men along lines which would be helpful in war. He was one of the first in the modern world to subsidize shipbuilding, support farm prices, and do the other things our Congress is doing today. All of this was accompanied by inflation of the currency.

**The Famous "100 Days"**  
While Napoleon was resting in the lovely climate and scenery of Elba, he was thinking hard. He finally came to the conclusion that England was France's real enemy. Thereupon, he caught a passing fishing boat to take him to France. He reappeared in Paris, and because of his eloquence and promises was given permission to raise another army and give an ultimatum to Wellington, the famous English General, which he rejected. Within 100 days from Napoleon's return to Paris, a great battle had taken place and Napoleon was completely captured. He was taken to the Island of Saint Helena, where I am today. He lived there six years and died with a broken heart, a man hated by the world. The people of Saint Helena believe there surely will be a World War III; but whether it will be started by Khrushchev of Russia, or Mao of China, or de Gaulle of France they are not sure. These men are of Napoleon's nature, crazy for power and more power; all have atomic bombs. The U. S. will some day learn that neither economic laws nor spiritual laws can be suspended by any

Congress. Our people may even resort to a dictator to free us from inflation, all-powerful labor leaders, and weak politicians. The people of Saint Helena are waiting to have one of these four men "dumped" upon them! I would like to erect a monument here in Saint Helena as a warning to those leaders who ignore righteousness, brotherly love, and the spiritual life in their thirst for temporal, material power.

Rounding out the highly varied program are the acrobatic accomplishments of the Wazzan Troupe of eight Arab tumblers, the Six Cycling Frielanis, the perch-pole teams Melitta & Wilcons and the Victorias, and the anticomic Original Guts, plus a new corps of clowns headed by Gene Randow and augmented by the Bizzarro Brothers from Italy. Tickets generously provided by individuals and organizations in business and civic life will make a visit to the circus possible for throngs of children who otherwise would not be able to attend. Income depends mostly on out-put.

history of our nation. This authorization for record spending comes at a time when the citizens already are beset with inflation—with an eroding of the value of their dollars of income and their dollars of savings. The government officials responsible for formulating the federal budget informed the Congressmen as they were leaving that in the five years ahead the budgets would average \$80 billion a year—for a total spending of \$400 billion. Present taxes won't produce

that kind of record. To meet this year's record \$72 billion of expenditures, the government must borrow at least \$12 billion. This borrowing will be done largely through the banks. No wealth will have been created to put the extra billions into circulation. The federal government will merely give the banks paper promises to pay—"federal securities." The deficit spending will dilute the value of all money earned and held by the citizenry. Local Governments Too In addition to federal deficit spending, state and local governments likewise are boosting budgets to record highs, and many of them are borrowing money. All this local, state and federal government spending of borrowed money adds to the amount of money in circulation without adding to the amount of goods and services available. And this phase of inflation has been going on for years: In 20 years our money supply has increased 275% while the rate of production

of industrial goods has increased only 119%, and our population has increased only 35%. In this period the buying power of the dollar has been more than cut in half. In many cases—especially in industrial employment—"real" income has more than kept pace with inflation because of continuing wage increases. Hardest hit have been the people on fixed incomes—pensions, insurance annuities, interest on stocks and bonds, and so forth. The future danger of inflation, however, threatens the prosperity of everyone. When the income-price cycle continues its leap-frogging climb year after year our whole productive structure is threatened. Costs Soaring Twenty years ago a big machine in an aircraft plant in Topeka, giving two men a productive capacity bigger than four men previously had, cost \$300,000. Today this machine could not be replaced for \$900,000—three times the original cost. Under the depreciation deduction schedule permitted by the federal taxation codes, the aircraft company is not compensated for this increase due to inflation. Thus the company must spend more profit dollars to keep production going at a rate to meet competition. This is a factor in rising prices, and in recent years it has become a factor slowing down the rate of capital investment. When capital investments slow down, the creation of new jobs slow down accordingly. We need to create in the United States approximately 1,000,000 new jobs each year to take care of our younger generation coming of age. Without jobs for these young men and women, American progress would slow up and ultimately stall. Not enough of our people realize what it takes to create a job. In American industry, the investment of more than \$12,000 is required, on the average, to create each new job. In some industries it's higher; in some a little less. Expansion Important Therefore, an investment of \$12 billion a year in American industry—at today's costs in machinery, plant construction, etc.—is necessary merely to provide the jobs for young people going to work for the first time. In today's highly competitive markets, and with constantly rising production costs, and taxes running up to 52%, few industries can manage to save sufficient expansion money out of profits. To expand and make new jobs they must attract new capital with stock sales—or borrow at substantial

interest rates. In recent years, inflation and personal taxes as high as 91% of income have combined to slow down the flow of investment capital. This is an alarming situation for every citizen of the United States, young and old. Our wealth comes from production—production of goods and services. It is the foundation of our living standard. And likewise it is the foundation of genuine wealth. Big government spending, on things we can do without in our present crisis, and big taxes are realities which are harmful to the present welfare and to the future of every citizen.

goods and services. It is the foundation of our living standard. And likewise it is the foundation of genuine wealth. Big government spending, on things we can do without in our present crisis, and big taxes are realities which are harmful to the present welfare and to the future of every citizen.

The object of this Bill is to procure a divorce A VINCULO MATROMONII by the Plaintiff, Charles Russell Baker, from the Defendant, Gertrude E. Baker.

## Penn-Moc Shoe Corp., Fairfield, Specializes In Manufacturing Women's and Children's Shoes Including Loafers; Products Sold Widely

Penn-Moc Shoe Corp., of Fairfield, Pa., is a leading manufacturer of women's and children's shoes, specializing in the manufacture of loafers.

A full line of shoes is made by Penn-Moc Shoe Corp. for women and children. The firm uses the cement process and manufactures loafers using the Littleway process.

All year around, Penn-Moc Shoe Corp. produces a large and steady volume of fine shoes which are sold all over the country and are known in the trade for quality and value.

Established in 1954 in Fairfield, Penn-Moc Shoe Corp. now employs more than 100 local area folks at the plant which has all modern equipment for shoe man-

ufacturing, according to the latest methods.

Carl F. Filsinger, who has been in the shoe manufacturing firm for 40 years, is president of the firm and his son, Carl E. Filsinger, is vice president, secretary and treasurer.

Employees of Penn-Moc Shoe Corp. work a 40-hour week and some overtime. They enjoy fine working conditions and have paid vacations and life insurance.

Penn-Moc Shoe Corp. is another of the fine industries which contribute to the economic stabilization of this area.

It is not surprising that the firm is held in such high esteem with the entire region.

One of the chief reasons for

the success of the firm from the start, has been the able direction

of Mr. Filsinger, with his long experience in the shoe manufacturing field and the able assistance of his son.

Another is the harmonious arrangement which exists between employees and management, with the directing heads of the firm giving their every attention to the requirements of the employees and including every advanced method and protective aid to assure the best possible conditions.

The fine quality of Penn-Moc Shoe Corp. products reflects the fine conditions under which they are produced and which have made an outstanding reputation for the firm.

in the 1956 proposal covered only Cecil, Kent, Queen Anne's and Caroline Counties on the Eastern Shore. The latest includes all of the Eastern Shore of Maryland and the section northwest of alternate Route 40 in Frederick County.

The lower Eastern Shore was added, according to William P. Sadler, MCMP manager, because it is not included in the Washington milk shed Federal Order as recommended by the Department of Agriculture. Without the form of price regulation which a Federal Order enforces, dealers could purchase milk at any price which they could persuade the farmer to accept, compete among themselves and seek to prevent milk coming in from Baltimore or Washington sources. Should this occur, neither the dairy farmers on the Eastern Shore nor those elsewhere would benefit from shore sales and Baltimore and Washington dealers who have developed large distribution facilities would lose their sales in the area.

In a letter to Roy W. Lennartson, Deputy Administrator of the Agricultural Marketing Service of the USDA, Mr. Sadler noted several reasons for the Milk Order application.

He reported a rapid deterioration of milk prices and marketing conditions since last spring, when an agreement between the Cooperative and nine Baltimore dairies stabilizing the amount of milk purchased from the MCMP ended, and a severe price war involving milk bottled in half-gallon jugs, was started by the dairies. He said that the Cooperative, seeking to again stabilize the market, offered a system of discounts below the basic \$5.70 Class I price per hundredweight to dealers buying 65 per cent or more of their Class I needs through the Cooperative. Those buying less than 60 per cent were charged up to \$4.00 per hundredweight more, Mr. Sadler said, "in recognition of the burden carried by the Association for the market in having milk instantly ready for the buyer to fill his bottles every day."

"This arrangement did not succeed," Mr. Sadler added. "Several buyers instituted vigorous campaigns of solicitation for producers on a non-member basis, both among shippers, to Baltimore and shippers to hitherto attached to the Baltimore market. From one of the highest average returns on the Eastern Seaboard in March, the return of the Association to its members declined to one of the lowest in July and August."

Frederick, the largest county in land area in the State, does not have a library system providing for the distribution and accessibility of books and other services throughout the county.

Backed by the Federal government which recognizes the importance of an informed citizenry, Maryland and every State in the United States is engaged in extending library services to all rural areas.

To receive the maximum Federal aid Frederick must institute rural service in 1959.

Frederick and Allegany are the only two counties on the Western shore without county-wide library service.

There has never been an age when freedom and the availability of information were of more crucial importance for our national well-being and future.

"Information," said Erwin D. Canham, editor of the "Christian Science Monitor" at a dedication at the University of Missouri recently, "is more desperately needed today than ever before, for men face the gravest decisions they have ever had to make. The issue is survival."

### Our County Library

Frederick County does not have a county-wide library system. A "campaign of information" to inform Frederick countians of the economic advantages of establishing county-wide library service in 1959 is being conducted by the C. Burr Artz and a Citizens' Committee headed by Mrs. J. Homer Rensburg, Middletown. To acquaint readers with all respects of the project, which is now being presented to organizations, The Emmitsburg Chronicle will publish a series of weekly articles.

Article Three  
Why County-Wide Service Is Important Now

County-wide library service is important now because: For the first time and for a limited time Federal Aid of \$26,000 will be available toward its establishment. Federal aid decreases each year and ceases in 1961.

More people need more books for information, education, recreation, inspiration in this age of new leisure and world-wide educational competition.

Over 64% of Frederick Countians live in rural areas.

for a Federal Milk Marketing Order for the Baltimore milk shed.

The proposal differs somewhat from the one submitted by the MCMP when it sought a similar Order in 1959—a request which

was withdrawn by the Cooperative with the Department of Agriculture agreeing to the action without prejudice. A major change involves the area to be covered in the Order.

## What DEMOCRATS think about their senatorial candidate:

In the Democrat primary for U. S. Senator, 65% of the votes were cast AGAINST D'Alesandro. Public statements by prominent Democrats reflect their true sentiments.

**Dr. R. Walter Graham** In an article headlined "Little Hope for Spending Curbs Under D'Alesandro", Graham, Baltimore's City Comptroller declared "They aren't going to reduce expenditures. That would mean discontinuing certain jobs which is suicide for an aspiring politician".  
*Baltimore News-Post, Aug. 27, 1954*

**Clarence W. Miles** "These are clearly not times in which the nominee for the United States Senate should be chosen on the basis of purported political expediency or the primary purpose of satisfying individual political ambitions"  
*Baltimore Sun, Jan. 15, 1958*

**Dr. Clarence Long** "The 'little guy' that the Mayor is for is a 200-pound guy named Thomas D'Alesandro. His claims of allegiance to the little guy are phoney and a cruel joke. The Mayor's tax program drove many firms out of the city and caused widespread unemployment, and it was the 'little guy' who suffered most."  
*Baltimore Evening Sun, April 16, 1958*

**James Bruce** "James Bruce saw in the D'Alesandro campaign for the United States Senate a plot of Jack Pollack to take over control of the city and state".  
*Baltimore Morning Sun, May 8, 1958*

**East Baltimore Democratic Club** The East Baltimore Democratic Club sent out circulars with sample ballots, reading: "Do you remember full time employment in Baltimore—until D'Alesandro drove industry out of town?"  
*Baltimore Morning Sun, May 15, 1958*

## And, here's what Mr. D'Alesandro said about the office he now seeks:

**Baltimore Sun, Oct. 8, 1957:** "If they tell you that the United States Senate is the top of the ticket, don't you believe it. I DON'T WANT THAT JOB!"

**Baltimore Sun, Dec. 9, 1957:** Mr. D'Alesandro was quoted by Thomas O'Neil of the Sunpapers as saying that, as Senator, "the only jobs you get are a couple of elevator operators".

**Baltimore Evening Sun, Oct. 20, 1957:** Asked if he would run for the Senate, Mr. D'Alesandro said: "No, sir! They want me to run. You know why? They want a strong Baltimore man on the ticket to help drag an OLD NAG across the finish line."

Candidate Eichelberger and Family

Thomas M. Eichelberger, who resides with his charming family—wife and two young children, at 136 West Fourth street, Frederick, is the Democratic candidate for Register of Wills. Young, aggressive and forceful, he has waged a dynamic campaign which has carried him to every section of Frederick County following his overwhelming success in the primaries last Spring. "Tommy" Eichelberger gives promise of bringing to the important office of Register of Wills a long-felt need—youth, vigor and modernity, along with a concept that can only be gained through diversified experience. This he has. A veteran of the U. S. Coast Guard, member of the Disabled American Veterans, he is also a former government employee. He is a graduate of Frederick High School, studied at Baltimore City Junior College and is a former manager of the local branch of the A.A.A. "Tommy" Eichelberger is a native Frederickian, which underlies his civic and community endeavors, including the volunteer fire companies of city and county. He is a member and one time director of the Optimist Club, the Frederick County Traffic Safety Council and intensely interested in youth activities, including the promotion of Pop Warner Midget Football in Frederick. "Tommy" Eichelberger is essentially a family man and active worker in the Evangelical Lutheran church. "Tommy" Eichelberger will give to the Office of Register of Wills the same energy that has characterized his every endeavor. What more can our citizens expect of a public official.

class will be started. There is no fee attached to the course and all ages are welcome provided they have some musical knowledge. There's no one too high in the walk of life that he or she can't participate as a member of the band. It's really something to be proud of in my opinion. I only wish I had mastered music while a young lady, and if I had and had remained dormant for a number of years, I'd be only too proud to become associated with the local band. Parents of children who have any musical knowledge are asked to see that they join the band immediately or this fine community asset will soon pass into oblivion.

WARTHEN-BREWER

Margaret Ann Brewer, daughter of Mr. and Mrs. Edward J. Brewer, Waynesboro, became the bride Saturday of Charles Patrick Warthen, son of Mr. and Mrs. Rudolph Warthen, Emmitsburg. The 11 o'clock nuptial mass was performed by Rev. Joseph P. Kealey. The church was decorated

with vases of white pompons.

Mrs. Floyd LaCasse, organist, played "Ave Maria," "Jesus, Jesus, Come to me," and "Panis Angelicus."

The bride was given in marriage by her father.

Miss Mary Louise Dukehart was maid of honor and Miss Ann Breth was the bridesmaid.

John Foreman and Dennis O'Toole served as acolytes. Robert Warthen, brother of the bridegroom, was the best man. Ushers were William Greco and John Frion.

The bride was graduated from St. Joseph's High School, Emmitsburg, with the class of 1957. She was recently employed at the United Telephone Company in Waynesboro. Mr. Warthen was graduated from the same school with the class of 1955. He is employed by T. M. Woodall Inc, of Washington, D. C.

First Aid Course To Be Taught Here

The Frederick County Department of Civil Defense under the direction of Mr. L. H. Crickenberger, is desirous of conducting an American Red Cross Standard First Aid course at Emmitsburg. The course is being primarily held for the C. D. Auxiliary Police of the Emmitsburg and Thurmont areas, but the general pub-

lic may also take advantage of becoming acquainted with the new and revised teachings of the Red Cross Course.

Besides the members of the C. D. Auxiliary Police, some ladies of the community have enrolled and the classes will be held for anyone who desires to attend. Mr. Paul Keepers is in charge of organizing the course and arrangements have been made to start the course at the K of C Hall on the Square at Emmitsburg on Thursday, Nov. 6 at 7:30 p. m.

Unlike the old Standard First

Aid Course of 18 hours, the new and revised American Red Cross Standard First Aid Course consists of five two hour sessions to be held weekly on Thursday evenings. Those wishing to take the course can contact Mr. Keepers or be at the opening session at the K of C Hall on Thursday, Nov. 6 at 7:30 p. m.

Lacks Confidence

Many a failure can be attributed to the fact that a man keeps too big an account with bad luck in his mental bookkeeping.

Take things as they come—the past is gone, tomorrow is an uncertainty, and today is no sure thing.
