Most Anything At A Glance

BY ABIGAIL

No accident week which was observed nationally last week is a distinct reversal of what happened here just 39 years ago. A friend and advisor relates that on July 26, 39 years ago, little Miss Alice Adelsberger, then a mere child, was severely and painfully burned about the body when her clothing became ignited while burning paper in the family kitchen range. On Wednesday, July 27, 1921, Harry Ashbaugh Sr., was crushed and killed by an elevator while at work and the same week a barn on the old Hollinger property on the Mountainview Cemetery Hill west of town, burned to the ground. In addition it was reported that an unidentified man was badly injured at the local blacksmith shop. In view of the above it was a very active but disastrous week for Emmitsburgians back in 1921. Tragedies occur locally and in a few years are forgotten by the most of us until many years later they are suddenly recalled by some individual. I'm certain many of you can recall the above incidents.

Vandalism and thievery persist despite repeated warnings by town authorities. For the umpteenth time the local baseball clubhouse had been burglarized and a number of new baseballs have disappeared. Officials of the club are rather irritated over the matter and are keeping a close watch on the premises with the hopes of apprehending the thieves, believed to be young boys, of minor age. At the same time a storage shed on the Toor Shoe Co. property has been riddled with holes carved by tossing rocks at the building. The shed, with its shiny and bright metal covering, has been badly damaged by vandals.

Now that both parties have made their selections for the coming election and both platforms adopted, the next three months will develop some heated debate. I predict a close election and a hard-fought campaign. Almost certain to be major points to debate will be the high cost of living, racial integration, foreign affairs, etc. These principal items will be ripped in to by the Democrats with vigor. I imagine the present administration will stand on its record with a few choice promises tossed in for good measure. Bitterness will develop as the campaign progresses but when the smoke of battle clears I'm certain we'll come out of the scrap once again a united nation. . . we must, under all circumstances because it would be fatal to the whole world if we let our guard relax for any time at all. I predict that a record vote will turn out to make the selection of what we all hope and pray will be the "right" man for the office of the greatest nation in the world.

Picnic Held

A family picnic was held Sunday at Laurel Lake, Pa. Attending were: Mr. and Mrs. James Wivell and family, Mr. and Mrs. Joseph Wivell and family, Mr. and Mrs. Charles Wivell and family, Mr. and Mrs. Henry Wivell and family, Mr. and Mrs. Bernard Wivell and family, Mr. and Mrs. Thomas Wivell and daughter, Mr. and Mrs. Fred Hoff and family, Mr. and Mrs. Edward Reaver and daughter, and Mr. and Mrs. Roy Wivell and family. Friends attending were Paul Orndorff, Thomas Little, Philip Topper, Judy and Tommy Joy.

Hospital Report

Admitted
Eugene Brown, Emmitsburg.
Discharged
Mrs. Donald Smith and infant son, Emmitsburg.
Births
Mr. and Mrs. Alfred Hahn, Emmitsburg R3, daughter, Wednesday.
Mrs. J. Ward Kerrigan has been discharged from the Hagerstown Hospital and has returned to her home.

On a typical work day in the U. S. about 37,000 persons are absent due to hay fever, asthma, 29,000 due to chronic sinusitis and 16,000 due to bronchitis.

VFW Will Sponsor Benefit Shrimp Feed

In an effort to draw more interest in its annual fund raising activity, the Emmitsburg VFW Post 6658 will sponsor a public shrimp feed to be held at Kump's Dam on Saturday, Aug. 20, Lunen F. Norris, post adjutant, announced this week.

In previous years a block party was the only money-raising event the post sponsored, the proceeds of which were used for the ambulance maintenance fund and the local scholarship fund.

The affair will be held at Kump's Dam Park, near town, which the Post maintains, and the occasion will afford an opportunity for those persons who as yet haven't visited the renovated premises, to see what a splendid job has been done to better the premises for the convenience of the veterans and friends of the Veterans of Foreign Wars. The public is cordially invited and tickets will be sold at the nominal cost of \$2 per person. On the menu will be corn-on-the-cob, steamed shrimp, chicken corn soup, etc. Activities will get under way starting at 5 p. m. and continue until 9 o'clock.

College Receives Nursing Grant

For the third consecutive year, the National Institute of Health, Education, and Welfare, Bethesda, Maryland, has awarded the Division of Nursing of St. Joseph College, a minimum training grant of \$13,684 for undergraduate psychiatric nursing for the year beginning September 1, 1960.

The psychiatric phase of the nursing program is given entirely through an affiliation with The Seton Institute, Baltimore, a 305 bed psychiatric hospital, approved by the American Psychiatric Association and the American Medical Association for a residency program. The faculty of The Seton Institute of Nursing provides instruction and supervision for students of collegiate programs separate from that offered for diploma school students.

Previous grants received have been used for Institutes on Mental Health, conducted as part of the nursing program. During 1959 three institutes were held. In February 1960 a one-day institute, "Pressure Versus Management," was conducted at St. Joseph College under the direction of James L. Hayes, Dean of the School of Business Administration, Duquesne University of Pittsburgh.

Plans are currently materializing for Miss Mary F. Liston, R.N., Director, Mental Health and Psychiatric Nursing Advisory Service, National League for Nursing, to direct a program on "Psychiatric Nursing in a General Hospital" at Providence Hospital, Washington, on Aug. 6.

This program will be attended by representatives from the faculties and staffs of St. Joseph College, Providence Hospital, and other neighboring educational institutions and hospitals.

Miss Chrismer Contest Winner

Miss Rebecca Chrismer, daughter of Mr. and Mrs. J. Everett Chrismer, E. Main St., was named second place winner in the Senior Division of the Americanism Essay Contest sponsored by the American Legion Auxiliary. Miss Chrismer won first prize from the local Francis X. Elder Unit, third place in the District and second place in the State. Rebecca attended a luncheon meeting at the Emersson Hotel in Baltimore last Thursday, where the Legion and its Auxiliary were holding their State Convention. She was presented a check for \$25.00 by Mrs. George E. Cannon Jr., Department Americanism Chairman. Rebecca, a 1960 graduate of St. Joseph's High School, is now employed as a secretary at Mt. St. Mary's College. She was accompanied to Baltimore by her mother, Mrs. J. Everett Chrismer, Mrs. Curtis Topper and Mrs. Charles B. Shorb.

The world's largest known natural underground chamber is the Big Room in Carlsbad Caverns in New Mexico. The trail around the perimeter is 1 1/4 miles and the ceiling in one place is 285 feet high.

College To Institute Fine Arts Classes

To increase interest in and an appreciation of the Fine Arts and to re-establish their rightful place in Christian culture, Sister Hilda, Ed.M., president, has announced that an Institute on the Fine Arts in Institute on Culture will be conducted at St. Joseph College during the academic year 1960-61.

Financed by the Esso Education Foundation, twelve three-hour sessions will be held on Saturday afternoon when prominent Catholic artists will lecture on every phase of creative art.

"Although Catholic men and women have made significant contributions to the Fine Arts, our students and young teachers are often unfamiliar with these accomplishments because of the overwhelming publicity given to less-inspiring artistic endeavors," stated Donald J. Waters, M.F.A., Associate Professor of Speech and Drama at St. Joseph's and co-ordinator of the project.

"The sponsors of this Institute believe," he added, "that if these students cannot now realize the Catholic contribution to the arts, they will be intolerant of any future efforts to enhance artistic development in the Catholic schools and colleges of America."

Letters of acceptance have been received from Emmet Lavery who will conduct a session on Drama; Sara Lee Stadelman, on Dance; Philip Scharper, on Aesthetics; Robert E. Rambusch, on Sacred Art and Architecture; John D. Andrews, on Graphic Arts; Anne Martin, on Sculpture.

Each session will consist of the presentation by the guest artist after which he will reply to written questions from the audience, followed by a summary of the proceedings. Academic credit will be given upon satisfactory completion of course requirements for two credits.

Participants will include students and faculty members of St. Joseph College and Mt. St. Mary's College, Sisters of the Provincial Community of the Daughters of Charity of St. Vincent de Paul, House and of the Juniorate and faculty members and selected students from Catholic colleges in Maryland and the District of Columbia.

St. Joseph College, founded by the Venerable Elizabeth Ann Seton, is situated at the foot of the Blue Ridge Mountains. It is a four-year college of liberal arts and sciences, offering to Catholic womanhood the opportunity of securing higher education under auspices approved by State Boards of Education and leading Catholic educational associations.

MRS. WINFIELD ABRAHAMS

Mrs. Minnie Alice Abrahams, 72, of Emmitsburg R1, died at the Annie Warner Hospital, Gettysburg, Tuesday at 1:22 p. m. She had been in ill health for two years. Mrs. Abrahams was the wife of the late Winfield Abrahams and daughter of the late George S. Springer and Frances Lantz Springer. She was a lifelong resident of Frederick.

Survivors include three children, Harry Abrahams, and Mrs. Robert Kline, both of Virginia, and Grant Abrahams of Emmitsburg; eight grandchildren; three brothers, Milton Springer, Christopher Springer and Henry Springer, all of Emmitsburg; and one sister, Mrs. Russell Andrew of Emmitsburg.

Mrs. Abrahams was a member of the Incarnation United Church of Christ of Emmitsburg. Funeral services were held yesterday morning (Thursday) at 2 p. m. at the Wilson Funeral Home, Emmitsburg with the Rev. John C. Chatlos officiating. Interment was in the Mountainview Cemetery, Emmitsburg.

JAYCEE BARBECUE SUNDAY, AUG. 7

Patrick Boyle, general chairman of the chicken barbecue to be held Sunday, August 7 at the Carnival Grounds on Firemen's Field, announces that the affair is open to the general public and tickets are now on sale with the members of the sponsoring organization, The Greater Emmitsburg Junior Chamber of Commerce. The tickets are selling for \$1.50 per person. In addition to the chicken, there will be other palatable foods offered on the menu.

Half of all automobiles in the U. S. are concentrated in eight states: California, New York, Pennsylvania, Ohio, Texas, Illinois, Michigan, and New Jersey.

Local Jaycee Car Wash Saturday

The second car wash sponsored by the Greater Emmitsburg Junior Chamber of Commerce, will take place Saturday, President Donald Eyer announces.

The community car wash, under the auspices of the local Jaycees, will start at 8 a. m. and continue until 4 o'clock. All members of the Jaycees are asked to report at the Fire Hall, where the washing will take place, at 8 a. m. Saturday morning. The last such affair was a huge success with 85 cars getting a bath at \$1 each. Persons desiring pick-up service are asked to phone the Fire Hall sometime Saturday. Cars will be delivered when finished, or if preferable, owners can leave their vehicles at the Fire Hall and call for them some time later.

LIONS CLUB NAMES HORSE SHOW OFFICIALS

President Ralph F. Irelan presided at the regular meeting of the Emmitsburg Lions Club held Monday night in the Lutheran Parish Hall.

Discussed during the meeting was a broom sale to be sponsored by the club and a quantity of the brooms was ordered. The date of the sale will be announced. Also discussed was the presentation of a wild west rodeo and at the present time the club is negotiating with the outfit for a near future date.

William G. Morgan, general chairman of the coming Horse Show, gave a progress report and stated that all show officials had been named and that most of the advertising for the show catalogue had been sold. Show officials this year were named as follows: Secretary, Harold F. Birely; assistant secretary, William Kelz; announcer, William Strickhouser; show steward, John Schroll, Fairfield; ringmaster, Eugene Ryan, Hagerstown; judges, Jerry Miller of Frederick and John Dawin of Boonsboro.

Dr. D. L. Beegle, sight conservation chairman and head of the current drive for old glasses announced that the drive was terminating but that the box in the Farmers State Bank would remain there for the depositing of old useless glasses for one more week, affording those individuals who have glasses laying around their homes a chance to place them in the receptacle within the next week. The glasses will be shipped to Lions International for distribution to indigent families throughout the world. The next meeting will be held at Kump's Dam Park when the annual Lions Club picnic will take place.

ESTATE RECORDED

The balance of \$25,100.05 left in the estate of Harry Theodore Bollinger was divided into three equal shares of \$8,366.68 in an administration account recorded with Register of Wills Thomas M. Eichelberger.

Two of these shares went to a sister of the deceased, Grace B. Valentine and a brother, Clarence W. Bollinger. The third share was divided into two half shares of \$4,183.34 each which were given to the children of Roy Bollinger, a deceased brother, Jean B. Bower and Dorothy B. McFarlane.

Taxes of \$712.50 on real estate valued at \$9,500, collateral inheritance taxes amounting to \$2,035.19 and expenses and disbursements of \$5,118.74 were deducted from the total estate of \$32,653.93.

The total estate consisted of \$7,811.94 in additional debts due, \$13,271.72 in debts due received, \$5,224 in stocks, \$689 in personal property, a \$255.80 gain in the sale of this personal property, \$50 in rents collected, \$92.02 received from the sale of securities, \$125 in death benefits from Frederick Aerie 1067 of the Fraternal Order of Eagles, \$4,548.35 in current money, \$101.50 in stock dividends and \$514.60 in interest received, according to the administratrix, Grace B. Valentine.

LITTLE LEAGUE

The Red Sox teed off on Yankee pitchers in Emmitsburg Little League play Monday evening to the tune of 28-11 as they continued to build their first place margin. Jerry Orndorff homered for the Jerrys.

Livestock Classes Being Filled For Timonium Fair

Individuals planning to enter beef and dairy cattle, horses and swine, etc., in the annual Timonium Fair opening on Aug. 29 were reminded today that Monday, Aug. 1 is the last day on which entries can be received. This does not apply to house, garden and farm exhibits, which can be entered a short time before opening day.

The reminder was issued by Daniel B. Brewster, President of the Maryland State Fair and Agricultural Society. "We hope everyone will be aboard when the whistle blows" said Mr. Brewster, harking back to his Marine Corps days.

If entries continue as they have been going, Timonium's 79th Fair should be a bumper one. Ahead of last year are exhibits in practically all classes but particularly beef and dairy cattle and swine.

The last will find new and enlarged quarters which will permit more animals in larger individual pens.

Also new to the Fairgrounds will be a specially constructed poultry exhibition building, which will show all phases of the poultry industry.

"In the past our poultry exhibits have consisted almost entirely of highly specialized show birds," Mr. Brewster reports. "We want something which will enable Fair visitors—particularly those from the city, where live hens are scarce—to see what the poultry industry is doing. Our new building will permit this and our guests will be able to see every phase of poultry raising."

For Fair-goers who like to visit the exhibits in the morning, then slip over to the race track and "improve the breed" during the afternoon, General Manager John M. Heil has good news. "We're going to have some outstanding horses on hand when racing starts on August 13," Mr. Heil reports (the Cumberland season has been moved to Timonium this year).

"With new stalls and a complete reworking of our track, horse owners and breeders have responded early and we can assure our track patrons of some excellent racing."

Gettysburg Stores Sponsor Sale Days

Gettysburg will be packed with bargains Friday and Saturday as 39 merchants feature their annual summer Sale Days offering the shopping public top quality merchandise at thrift prices. In a space-minded era, members of the Retail Merchants Association have brought values back to ground level for the two shopping days. Only the quality is sky high.

Today's Chronicle carries the initial display advertisements spotlighting many of the specially priced items carried by merchants displaying the yellow Sale Days pennants in their windows.

More than \$1,000 in prizes will also be given away as lucky shoppers kill two birds with one "stone." Grand prizes which will be drawn on Lincoln Square in front of Jacobs Bros. Store at 9:30 p. m. Saturday night include two \$100 Savings Bonds, four \$50 in savings accounts donated by the Gettysburg National Bank and one \$25 savings account donated by the First National Bank of Gettysburg.

In addition \$10 merchandise certificates will be awarded from each participating store. Some have second awards of \$5 certificates.

All participating stores will remain open both days for convenience of shoppers until 9 p. m. So varied are the articles on the bargain counter for Sale Days that the shopper can meet all his needs at exceptional prices.

Household items, drugs, white goods, automobile accessories, shoes for the whole family, summer suits, sport coats, slacks, swim suits, Bermuda shorts, garden supplies, blouses, lingerie, furniture, lamps, rugs, costume jewelry, millinery, mowers, fans, washers, vacuum cleaners, tires and baked goods are among the items that will be sold at substantial savings ranging as much as 50 per cent.

Mrs. Benjamin P. Ogle was hostess Tuesday at her home in honor of Mrs. Joshua M. Winger, Fresh Meadows, N. Y., and Miss Grace Rowe, Wash., D. C. Other guests included Mrs. Edgar Rhodes, Mrs. E. Lewis Higbee, Mrs. J. Scott Randolph, Mrs. William Naile, Bridgeport and Mrs. George S. Eyster.

Sportsmen's Carnival Highly Successful

Large crowds turned out for the fourth annual carnival sponsored by the Indian Lookout Conservation Club of Emmitsburg held last Thursday, Friday and Saturday at Firemen's Field.

Frank S. Topper, carnival treasurer reported this week that it appeared almost certain that the organization would net over \$2000 from the affair. President James Kemp expresses the appreciation of the club to those who patronized the affair and particularly those who aided with the numerous chores of promoting such an event. He also apologized for the lack of rides for the children, and also the non-appearance of the special wild game exhibit. All were scheduled but due to conditions beyond the club's control, they were unable to have these extra features available.

Bruce Crum Heads County Heart Fund Drive

Bruce E. Crum of near Harmony Grove has again accepted the General Chairmanship of the Frederick County Heart Fund Drive, it was announced this week by Nelson R. Bohn, president of the Frederick County Heart Association. Mr. Crum is well known for his leadership in county activities.

Announcing Mr. Crum's acceptance, Mr. Bohn said, "The Heart Association is itself an amalgamation of 39 separate heart and circulatory disease entities comprising the causes of 54% of all deaths in this country, and constituting our greatest severe crippling of adults and children. Mr. Crum felt that putting 'first things first' he would once more set out to fight heart disease, our no. 1 health enemy."

An early start is necessary so that clubs and organizations all over the county can include events for Heart in February in their calendar planning.

Mr. Crum has served as past president of the official board of the Walkersville Meth. Church and teaches the Men's Bible Class in the church Sunday School. He is a director of the Walkersville Bank, has served on the boards of directors of both the Frederick County Farm Bureau and the Chamber of Commerce. He is now on the National Affairs Committee of the Chamber of Commerce. He is a committeeman on the State Farm Home Administration, a member of the Agricultural Stabilization and Conservation Committee, a charter member of the Glade Valley Lions Club and a member of the Walkersville Fire Company. Mr. Crum is at present serving on the Executive Committee of the Maryland State Grange. He is a member of the Glade Valley Grange, and a past master of Pomona.

Raceway Stake Set At \$100,000

Baltimore Raceway officials announced this week that their 1961 Lord and Lady Baltimore Stake program is expected to be worth \$100,000.

The stake, which was first presented in 1958, will reach maturity in 1961 when there will be eight divisions raced. Four of these will be in the Lord Baltimore, which is for colts and geldings, and four will be in the Lady Baltimore, which is for fillies only.

Nominations for the 1961 renewal will close on August 15 when the breeders pay five dollars to make their yearlings eligible for the stake program. In spite of its comparative newness, the Lord and Lady Baltimore is fast becoming recognized as one of the Nation's premier events for two-and-three-year-old stake horses.

Those nominated by August 15 become eligible to race as two-year-olds in the 1961 Lord Baltimore Stake No. 3 and the Lady Baltimore Stake No. 2. These same horses then can return in 1962 to compete in the three-year-old divisions. The stake encompasses both trot and pace sections.

Over 1000 nominating blanks for the Lord Baltimore No. 3 and the Lady Baltimore No. 2 have been mailed and the first flood of nominations have already reached the raceway.

Fractures Arm

J. Ward Kerrigan, 68, E. Main St., fractured his right arm Monday when he slipped on the grass. He was treated at the Warner Hospital, Gettysburg.

Town Streets, Alleys To Be Resurfaced

The Mayor and Commissioners of the Corporation of Emmitsburg announced this week that a contract to resurface the town's streets and alleys had been let to the Maitland Bros. Co., of Littleton, Pa.

The contract calls for the laying of 500 tons of blacktop and work will commence by August 15, Street Commissioner J. Norman Flax announced. It is the intention of the Town Fathers to continue this type of work each year until such a time as all the streets and alleys of the corporation have been completely re-surfaced. The Town Solons are appreciative of the action of many individuals who complied with the weed-cutting ordinance and also announced that those properties which still have uncut weeds will be mowed and a bill sent to the owners. In several instances thoughtful citizens have cut weeds along the alley fences and this will assist in the laying of blacktop when the project starts.

Council still is perturbed over the fact that quite a number of individuals persist in burning trash and raw garbage in their yards, despite repeated warnings that the offense was punishable under existing town law. Council has made a study of the number of individuals subscribing to the garbage collection service and the results show that only a third of the residents are taking advantage of this sanitary service. This, in the opinion of the Town Fathers, indicates that two thirds of the residents of the town are either burning their trash or dumping it onto their neighbor's property, both unlawful acts. There will be no more warnings, Council advises, and future violators will be prosecuted.

Local Grange Announces Cooking Contest Rules

Rules for the baking contest being sponsored by the National Grange, which the local Grange will hold preceding the food sale to be held in the Fire Hall on Saturday morning, Aug 6 at 11 a. m., have been released by the Emmitsburg Chapter, as follows:

1. All Grange members in good standing are eligible to enter.
2. The contest is divided into three classes as follows: a. Class A—Yeast breads, rolls, coffee rings, etc. Entry to consist of one loaf of bread approximately 9x4x4 inches, or one coffee ring, or 1 doz. rolls or buns, or any other novelty yeast bread. b. Class B—Cakes. Open to all kinds of cakes. c. Class C—Cookies. Entry to consist of one dozen cookies, any kind.
3. All entries are to be exhibited on paper plates and are to be covered with a transparent wrapping paper.
4. A contestant may enter all classes but may place first in one only at the State level.
5. Contestants must use co-sponsors' product where recipe calls for such ingredient. Co-sponsors are: Gold Medal Kitchen Tested Flour, Mer Rabbit Molasses, Fleischmann's Yeast, Dromedary Daves, Fruits and Peels, Baker's Chocolate Products, and Crisco Vegetable Shortening.
6. Any recipe may be used. Recipe must accompany contestant's baked entry and must indicate use of sponsor's products. (All recipes should be printed or typed on standard 3"x5" recipe cards and should be signed by contestant, and list her address). Use one side of card only. Use extra cards if necessary.
7. All baked entries become the property of the Grange to be used as desired following the judging. Recipes submitted may be published by the National Grange.
8. Contestants should give consideration to creativeness and originality in their recipes. In case of a tie, originality could be the deciding factor.

WALKER AVAILABLE

The American Legion Auxiliary received their recently purchased walker on Thursday. The walker, with crutch attachments, is lending hospital equipment and is available by anyone in the vicinity in need of such equipment. The purchase of this walker was made possible by the recent magazine campaign sponsored by the Auxiliary wish to thank all who made the campaign such a success.

A fathom of water is six feet deep. San Francisco's Chinatown has a population of about 35,000.

Fire Prevention Conference Set For U. of Maryland

An estimated 200 persons will attend the second annual Governor's State-Wide Fire Prevention Conference August 9 and 10 at the University of Maryland.

The conference sessions are divided into six interest groups. These include school administrators and teachers interested in fire prevention education in the schools; city and county fire marshals and others interested in

fire prevention laws and ordinances, and persons engaged in industrial fire prevention activities.

New this year is a conference session on fire prevention and protection in the home, set up specially for women.

Two other conference groups are set up for paid and volunteer firemen and administrators of hospitals, prisons, and similar institutions.

Chairman of the conference is Howard B. Springer, past president of the Maryland State Firemen's Association.

Governor J. Millard Tawes will welcome delegates at the opening session. His address will be followed by a commentary by F. Douglass Sears, insurance commissioner and fire marshal of Maryland.

Primary object of this year's

conference is the drawing up of recommendations on fire prevention legislation for presentation to the General Assembly. Last year the group discussed fire prevention laws and suggested a re-codification of all statutes, rules and ordinances on the topic. They also suggested that existing laws and ordinances be brought up to date.

Heart Association Grows Financially

The Heart Association of Maryland, according to information released this week, has continued the steady financial growth which has characterized this agency since its organization in 1947. Today's report describes the group's income for the fiscal year

just completed. An increase in receipts of 14.5 per cent is noted. This growth includes improvements in receipts in the Association's annual Heart Fund appeal conducted during February. Source for the information was Howard Calvert Bregal, Baltimore attorney and General Chairman of the 1960 Heart drive in Maryland. According to Mr. Bregal, total

income to the Maryland Heart unit during its fiscal year which ended June 30, 1960, amounted to \$555,326. This is the largest amount ever raised by the Heart Association in Maryland. Today's is the first financial report for the Association claiming more than half-a-million dollars in one year. The group received \$485,056 in the twelve months before July, 1959. The 1960 Heart Fund campaign raised \$482,960. The 1959 drive produced \$454,265.

price inflation has occurred during the past two or three years. The Bureau of Labor's over-all price index recently stood at 119.5, compared with 119.7 a year ago, 119.2 two years ago, and 117.4 in June 1957. Industrial prices also have been fairly stable, the 1960 June average of 128.2 comparing with 128.2 a year ago, 125.3 two years ago, and 125.2 for June 1957. Farm products prices are slightly under the year-ago level.

YOUR PERSONAL HEALTH COLUMN

On Your Own

We know a middle-aged woman, living alone, who prepares a five-course meal for herself each evening and eats every scrap of it. There aren't many like her. Most people living alone dine on odds and ends.

When you eat alone night after night, there's a great temptation to make do with a bowl of soup and some crackers, or toast and tea or something on that order. But that kind of diet leads relentlessly to malnutrition. Weakness and tiredness follow. In that state, you're a prime target for prowling germs.

An adequate diet includes all of the "Fundamental Four": 1. cheese. 2. Meat, poultry, fish, Milk and milk products such as eggs. 3. Vegetables and fruits—yellow vegetables such as turnips, such as peas, string beans; fruits carrots, squash; green vegetables of every kind. 4. Bread and cereals, enriched or whole grain.

Some people may be able to make good resolutions about eating properly—and stick to them. Or, if you can afford it, having a guest for dinner two or three times a week is likely to boost your own food intake. Should

you feel that neither of these will do the trick for you, you could get together with two or three other loners and rotate having dinner together at each others' homes. The arrangement can be varied by eating together in a restaurant one or two evenings a week or over the week-

end. Then if you should find yourself eating alone one evening, no matter. You'll have dined well the rest of the week. This column is sponsored in the interest of better health by your Tuberculosis Association.

The U. S. grows about 180,000 acres of strawberries with an an-

\$10 MERCHANDISE CERTIFICATE

For the purposes of its yearly financial report, the local unit makes a distinction between general income, which includes funds from bequests, and Heart Fund income, which is derived from the traditional February campaign.

In the report, the individual incomes to ten community units of the Heart organization were presented. The Baltimore area income amounted to \$347,232, including a bequest of \$50,000 from the estate of Milton F. Lerch, real estate developer of the Hamilton area of the city.

Montgomery County, in the Washington, D. C. area of Maryland, is reported to have raised \$65,779. Other units ranged from \$4,000 to \$32,000. The total for all areas of the state outside the Baltimore area was \$208,094.

Remarking on the increase in public support of the Heart Association, Mr. Bregal gave credit to the enthusiasm and hard work of Heart volunteers in communities in every part of the state.

He said too that the success of the past year can be seen as a reflection of growing public confidence in the ability of the Heart Association to make meaningful progress against the nation's No. 1 health problem, heart disease.

In a statement accompanying Mr. Bregal's report, Dr. Sidney Scherlis, President of the Heart Association of Maryland, said that diseases of the heart and circulation account for 53.8 per cent of all deaths in Maryland. He said that the urgency of the heart problem and the tragic toll which the heart diseases exact from men and women in their most productive years should demand top priority for heart research and other heart disease control efforts. Dr. Scherlis complimented Mr. Bregal and Heart Fund chairmen and workers in all divisions of the drive, and all parts of the state. "Without their help," he said, "vital activities in heart research, education and community services could not be supported."

Despite the over-all price stability of the past several years, there have been wide shifts up and down in prices of many individual commodities. I expect such shifts to continue. Hence, it is vitally important to buyers and sellers to study and appraise the supply-demand ratios prevailing, or likely to prevail, in individual items, whichever way the group itself may be moving.

I see nothing in the near-term picture, barring war, that could exert strong upward pressure on prices of industrial commodities. Supplies, for the most part, will easily suffice for requirements in the months ahead. However, allowance must be made for higher wage and transportation costs, not all of which can be absorbed by producers. Under the circumstances, I forecast moderately higher prices for industrial commodities sometime before the year is out.

Outstanding in the metals group is the fact that supplies, in almost all instances, are easily ample for prospective near-term requirements. Thus, a sustained price rise over the immediate future is unlikely. A fall pickup in business, and especially automobile production, could increase over-all demand for metals; but such an increase may not mature. The steel makers, however, face higher wage costs on December 1, and may have to pass a part of them along.

Farm Products, Cattle and Hogs
Some supply stringency is indicated in a few new-crop canned vegetables, particularly corn and peas. This could mean higher prices. Generally large plantings of feed and food grains last spring point to a sizable total outturn, barring serious crop damage. The new crops, plus generally carryovers, should exert downward pressure on prices of most farm products over near-term months.

Prices of feed cattle may be able marketings, but should recover moderately later in the weakened further, owing to summer. With pasture conditions generally good, ranchers are in no hurry to sell feeder cattle; but I forecast rather heavy runs by late summer or early fall, with some price weakness. Hog prices are working up to a summer peak—perhaps around \$20 per cwt. The next broad move should be downward, through the fall or early winter low should be above that of a year ago. **More Inflation Ahead?**

BABSON

Writes . . .

BY ROGER W. BABSON

Babson Discusses Wholesale Commodity Prices
BABSON PARK, Mass., July 28—Now that fears of further drastic price inflation in the U. S. appear to be temporarily subsided, this is an opportune time to check the over-all situation with regard to wholesale commodity prices. I also venture a forecast on the outlook for a few selected groups. **Record Of The Indexes**
Although commodity prices as a whole are at a relatively high level, it is interesting to note that very little of this

WANTED BY THE FBI

SMITH GERALD HUDSON

One of the FBI's "Ten Most Wanted Fugitives," Hudson is sought for his August 2, 1957, escape from the Pennsylvania State Penitentiary where he was serving a 10- to 20-year term for the brutal 1951 shotgun slaying of a Pennsylvania man. A Federal complaint charging Hudson with unlawful interstate flight to avoid confinement for murder was issued on August 26, 1957, at Scranton, Pa.
Hudson is a white American, born at Rostraver, Pa., on March 1, 1928. Approximately 5 feet 8 inches tall and weighing about 183 pounds, he has brown hair, blue eyes, a medium complexion, and a medium-stocky build. He has a 1/2-inch linear scar on the first joint of his left thumb, a 1/2-inch scar on the outer edge of his left eyebrow, and an appendectomy scar. He has worked as a coal miner, farmhand, laborer, and truckdriver and likes most sports, particularly swimming. Previously convicted of interstate transportation of a stolen motor vehicle, murder in the second degree, and involuntary manslaughter, he is regarded as belligerent and often violent when drinking to excess. He is considered armed and extremely dangerous and capable of killing without hesitation.
Anyone receiving information concerning the whereabouts of this fugitive should immediately notify the nearest FBI office, the telephone number of which can be found on the first page of local telephone directories.

No Will To Win
Dr. Walter H. Judd of Minneapolis, is recognized as one

of the top authorities in Congress on the Communist world conspiracy. He has been a distinguished member of Congress for 18 years. Prior to his Congressional service, he was for 10 years a medical missionary to China and Japan. His was one of the first influential voices raised in America to warn our people of the nature and magnitude of world Communism.

He had seen its growth in China and Asia and he understood clearly that its irrevocable goal was world domination. Congressman Judd spoke at the dedication of the Citizenship Training Center established recently at Oklahoma Christian College, Oklahoma City. As Chancellor, it was my privilege to introduce him. His address contained some of the wisest observations and clearest challenges to American citizens that I've heard in a long time.

Communists Have Will
He noted the constantly changing behavior of Khrushchev, and said: "The Communist world program hasn't

changed in its objective of world conquest. It cannot change. Does this mean that we have to go to war? No, it does mean that we have to understand their world program for domination and deal with it before it gets in a position to go to war. They have had the will all along but they didn't have the strength. We have had the strength but have lacked the will. Who will be first to have both the strength and the will? That is the important question."

America doesn't yet have the will to win. The keenest students of the world situation today agree on this. Congressman Judd continued: "We have no choice except the Cold War. You can't call it off. It's been tried." He mentioned the future—even damaging—efforts of President Roosevelt, President Truman, and President Eisenhower to do business with the Communist leaders. The Cold War continues to get warmer and the United States and the free world continue to lose.

We've Been Duped
"Communists act like Communists," Congressman Judd emphasized. "But we continue to hope that they are going to start acting like capitalists and that if we continue to offer them concessions out of which they can make gains, they will finally fall for it. But they don't. Then some of us think they're nationalists... so give them the things that should satisfy them as Russians and get them to relax. But they don't operate in terms of national interest either. They're an international conspiracy"—just as the literature of Communism says they are.

"And then," continued Dr. Judd, "we think that they must be humanitarians. They are not humanitarians. Their objective is not good elations. Their objective is victory. They are Communists, and this is their nature."

The Communist Cancer
"A cancer is bad because of the way it grows—the lawless way in which it encroaches on tissues that don't belong to it. We don't say, 'Oh, it's down in the big toe, let's wait and see if it'll spread.' It has to spread. That's the nature of it. Better get it at the big toe before it gets to the liver, because it'll get there. No cancer ever was content with the territory it had; it can't stop there. Communists always act like Communists; they can't do otherwise."

"I had a friend up home in Minnesota. And this fellow said to me one day recently: 'Walter, you're playing the same old tune (on Communism) that I've heard you play all these years.' He said, 'after all, they're making some changes; they're more amendable; you've got to have faith in them, you've got to believe the best.' I said, 'Bob, how much is two times two?' He said, 'Four.' I said, 'There you go playing the same old record I've heard you play all these years. Two times two is four. Why don't you change it? Let's make it five for a while.'"

Congressman Judd is gravely concerned about the Communist menace and the general apathetic attitude toward it throughout America. He feels that the decade just ahead will be decisive. He feels that if American citizens develop a will to win and act upon it, our children will live in freedom and that otherwise, they will not.

Memorial Day officially began in 1863.

Communities Benefitting From Operations Of Gettysburg Shoe Co., Firm's Vast Facilities Turning Out 100,000 Pairs Of Shoes Per Week

The economic and industrial benefit from the facilities of the Gettysburg Shoe Co., RD 2, Gettysburg, Md., whose product is distributed in all 50 states and Puerto Rico, operates plants in Gettysburg, Dillsburg and East Berlin, turning out 100,000 shoes a week. Manufacturing two types of ladies' shoes, California Play Shoes and Capezio Flatties, including the ballet style, the company's footwear products are sold to large retail and department stores and jobbers who provide their own name.

Established in Fairfield in 1948, Gettysburg Shoe Co. was burned out in a 1953 fire and relocated here that same year. Today there are 800 employees in the Gettysburg plant, employing 400, is managed by Irving Mausner, and the East Berlin facilities, constructed only this past spring, employ 100 and are directed by manager Arthur Sawyer.

The company's 1,300 employees are all experts in their craft and enjoy excellent working conditions. They have a 40 hour week and the company cooperates in running five buses daily as far as Chambersburg to provide transportation for its employees. Mr. Bruno Roedl, secretary-treasurer, is the only officer of the firm living in Pennsylvania. The company's phone number is ED 4-1141.

Refined, Rustic Atmosphere, Delicious Food Make Lincoln Logs Just The Place To Enjoy Dinner, Facilities Available For Private Parties

A refined, charming atmosphere with a rustic quality in which to enjoy good food. This is offered by Lincoln Logs, Showplace of Pennsylvania, four miles east of Gettysburg, on Route 30.

Famed for its rustic bar and ballroom, wonderfully fashioned by Dan W. Greenawald and his wife, Helen, specializes in dinners and is widely known for its delicious steaks, seafood, pan fried chicken, Italian spaghetti and wonderful pizza pie. Also featured is excellently prepared Pennsylvania Dutch cooking as well as taste-tempting continental cuisine.

await who are known for the skill and graciousness with which they make guests feel at home. Their facilities have a seating capacity of 350 and orchestras are provided on special occasions. TODAY'S Meditation

THE WORLD'S MOST WIDELY USED DEVOTIONAL GUIDE

Read Luke 15:11-20.
When he (the prodigal son) was yet a great way off, his father saw him, and had compassion, and ran, and fell on his neck, and kissed him. (Luke 11:20.)

As our train pulled into the station, I offered some help to the man across the aisle from me. I carried one of his heavy bags. As we left the coach and were walking into the station, I heard him say, "I wonder if my son will know me."

Then the father told me that he had been away for a while and he was wondering if his little son, eighteen months old, would know him.

We walked on. Suddenly, the man's steps quickened. He exclaimed, "He knows me!" Sure enough, there was the little fellow. He was standing in his go-cart. His arm were eagerly outstretched, and he was shouting, "Daddy! Daddy!"

Jesus gave us word pictures of

the heavenly Father. From them we know that the great heart of God must beat with quickened joy when He sees our attention fixed upon Him, and our hearts lifted in adoration, saying, "Father."

Prayer
Our Father, how grateful we are for Thine eternal concern for us. May we bring gladness to Thy loving heart by the evidences of our child-like trust in Thee and our adoration of Thee. In the name of Jesus, Thy Son and our Saviour. Amen.

Thought For The Day
God makes our hearts glad. In gratitude let us make His loving heart rejoice.

Harold N. Nye (Idaho)

Young discus fish have their troubles. Often the parents eat their own offspring. Yet, if the youngsters are separated from their parents they are likely to starve to death.

STOP THOSE LOSSES

Save More Pigs!

If YOU'RE being haunted by weak, runty, unthrifty pigs who eat up your profits, and, yet may never reach market, you need the MASTER PLAN. The MASTER PLAN meets the exact nutritional needs of hogs in every stage of growth! This means more pigs saved and raised, as well as faster gains at lower feed cost, straight through to market.

ADMINISTRATOR'S NOTICE

This is to give notice that the subscriber has obtained from the Orphans' Court of Frederick County, in Maryland, letters of Administration on the estate of JOSEPH P. HALEY late of Frederick County, Maryland, Deceased. All persons having claims against the deceased are warned to exhibit the same, with the vouchers thereof, legally authenticated, to the subscriber, on or before the 26th day of January, 1961 next; they may otherwise by law be excluded from all benefit of said estate. Those indebted to the deceased are desired to make immediate payment.

Given under my hand this 20th day of July, 1960.

**Farm Accident
Statistics Listed**

Maryland Farm Bureau has issued a special reminder to all members that July 24-30 is Farm Safety Week, urging that strict attention be paid to all safety rules in order to cut down on the alarming number of farm work accidents.

More than 3,000 people are killed each year in such accidents, a larger total than in any major industry. Over 11,000 farm residents are killed each year in all types of accidents and over 1,000,000 farm people are stricken annually by accidental injuries and accompanying disabilities, miseries, and financial hardship.

Gas Tax Refund
Maryland Farm Bureau reminds member-farmers that they may now apply for a Federal tax refund on all gasoline used for farming purposes during the past twelve months, ending June 30, 1960.

All farmers who filed for this refund last year will receive forms in the mail. New farmers, and others who do not receive blanks by mail, may obtain such forms from their County Agents' offices.

The tax was three cents a gallon on gasoline purchased between July 1, 1959 to September 30, 1959, and four cents a gallon from October 1 to June 30, 1960.

A refund cannot be claimed on gasoline used for trucks or cars driven on public roads even though driven on farm business. When custom work is done on the farm the refund is claimed by the farmer who hires the work done, not by the custom operator, whose charges include the entire cost of gasoline.

Refund claims must be filed before September 30 with the District Director, Internal Revenue Service, Baltimore, Maryland.

**Blue Cross
Hearing Scheduled**

Last week Insurance Commissioner F. Douglass Sears announced that he was arranging for a public hearing to be held in connection with the recent filing of Blue Cross and Blue Shield.

Today he announced arrangements have been completed for the hearing to be held in the first floor hearing room of the State Roads Commission Building, 300 West Preston St., Baltimore. The hearing will be held Wednesday, August 3, 1960, starting at 10:00 a. m.

The hearing to be held is for the purpose of considering increased rates, additional benefits, and the approval of a deductible form of contract which Blue Cross and Blue Shield filed with the Commissioner on June 30, 1960.

Uruguay, slightly larger than North Dakota, is South America's smallest country.

**Summer
Requirements**

Fly Control is a money maker. There are several good materials on the market, including the newest one by Ortho, called Dibrom. Dibrom can be used as a space spray, as a residual spray for walls and ceilings or mixed with sugar as a dry bait. If you would like to try this one, stop by or give us a call and we'll have our trucks or salesmen bring a bottle. A pint sells for \$2.98 and makes 20 gallons of space spray.

Gulf Livestock Fly Spray — Marlote

Summertime laying flock management and feeding require plenty of attention and planning to keep layers producing a fair profit FEED PREEMINENT LAYING MASH. According to the experts, egg prices should be higher this Fall, so the more eggs you get per hen, the higher your profits.

Check your Fall seeding requirement and call us

Liming can be done anytime, and if you missed in the Spring due to weather conditions, call now to have yours spread before the usual Fall rush begins.
