"READ BY MOST EMMITSBURGIANS"

The Weekend  
Weather Forecast

Cool today turning warmer over the weekend. Cooler again on Monday. Showers likely Sunday or Monday.

VOLUME LXXXI, NO. 44

EMMITSBURG CHRONICLE, EMMITSBURG, MARYLAND, FRIDAY, AUGUST 18, 1961

SINGLE COPY 7c

## Most Anything At A Glance

BY ABIGAIL

Dear Abigail:

Recently I had the good fortune of spending a few days in my beloved home town—Emmitsburg—and as in past visits thoroughly enjoyed and savored every moment of my stay.

Much has been done to improve our little town over the years but basically its familiar surroundings have changed very little. However, during my last visit, there was a persistent inner feeling that something in the whole nostalgic picture was missing. . . For days I couldn't quite bring it into focus, then suddenly it dawned on me. . . The pealing of the ANGELUS bells each day at noon, was the nameless thing that had been eluding me. Heretofore, each day when the big town clock would strike, I would count off each bell to twelve and then pause expectantly waiting for the beautiful Angelus bells to ring out. What a keen disappointment—feeling of incompleteness—a sense of being cheated of something that belonged at once to me and to everyone. I'm certain many, many others are experiencing the same sense of loss over the silencing of the Angelus bells and the glorious, impressive noon-time message, "The Angel of the Lord Declared Unto Mary," etc., it inspired each of us to say every day from the time we were very small children.

I imagine that mechanical difficulties are the reason for the suspension of the daily Angelus ringing. If this is true, I do hope that the technical trouble is not of so serious a nature to make repairs an impossibility. Perhaps when I return to Emmitsburg on another visit, I will be pleasantly surprised to hear the Angelus bells pealing out over our little valley town at the foot of the Blue Ridge Mountains—At any rate, I pray so!

Sincerely,  
An Emmitsburg "Alumna"

This might be a good time to remind parents that school will be starting in just about three weeks and that means getting the children outfitted with school clothes and supplies. Next question—where to buy them? Why from the merchants who advertise in the Chronicle of course. Why drive fifty miles away when our advertisers with their fine merchandise live so close to you and your pocketbook?

It might be wise to do some very serious thinking on the Federal Aid to Education Bill that is way up on the agenda these days. At first I thought this might be the idea solution to the colossal educational problems but the further I go into it the more I realize that there are all sorts of ramifications that will bear intense research on the subject, before I can definitely commit myself one way or the other.

I have recently had occasion to read some very enlightening facts about Federal Aid to Education. In fact I have received opinions from a United States Senator on the subject and he comes up with some good points in opposition to the measure. Let's listen to the Senator for just a moment:

There's been much hypocrisy about schools. Proponents of the Federal-Aid-to-Education bill have been silent about the wonderful job the people have been doing for themselves and their schools without Washington interference. During the past 10 years, while school enrollment was increasing 44%, school expenditures increased 153% to 16.4 billion dollars. Without a cent of "Federal money," teachers' salaries rose to an average of \$5,389—a jump of 74%, while the nation's average per capita income was rising 30%.

The worst of the school population explosion is over; during the next 10-year period the estimated increase will be only 20%, as compared with 44% for the past 10-year period. In 1958, the nation's classroom shortage was estimated to be 600,000. In 1959, the shortage had shrunk to 132,000. Classrooms are now being built by States and localities, without "Federal money," at a rate of 68,000 a year, which, if maintained, would soon produce a classroom surplus rather than a shortage.

## Senator Barrick Seeks Higher State Post

The trend toward young men in government received added impetus this week when Democratic State Senator Samuel W. Barrick of Frederick, who was one of the youngest state's attorneys in the history of Frederick County, announced his candidacy for Attorney General of Maryland.

Senator Barrick issued the following statement:

"I am a candidate for the office of Attorney General of Maryland, subject to the Democratic primary election next May.

"I feel very strongly that the voters of our state should not be forced to take a hand-picked dynasty of candidates selected for them by Governor Tawes and his behind-the-scenes manager, George Hocker. The Democratic voters of the whole state should have a choice of candidates for this very important office.

"The heir-apparent to the Tawes dynasty is the incumbent Attorney General who has recently occupied a series of high offices without ever being elected to any of them. He has reached great heights with nothing more than the Tawes-Hocker blessing.

"I offer my candidacy on the basis of having been twice elected by the people of my county—first as their State's Attorney and then as their State Senator. I believe that the experience acquired in these two offices and in my private practice of the law qualifies me for the post of Attorney General."

Senator Barrick was educated in the public schools of Frederick County, Mercersburg Academy, Gettysburg College and University of Maryland Law School. He is a member of an old Frederick County family that has been interested in the agricultural lime business for more than 85 years. He served as an officer with the U. S. Army Air Corps in World War II. He is a member of the American and Maryland Bar Associations and a former director of the Frederick County Junior Chamber of Commerce. He is a member of the American Legion and Veterans of Foreign Wars and has served in the Maryland Senate since 1959.

## Delbert Null May Enter State Senator Race

County Commissioner Delbert S. Null said this week he is seriously considering tossing his political hat into the race for the State Senator's seat, subject to the Democratic primary.

This post is open as far as Democratic aspirants are concerned by the announcement by present State Senator Samuel W. Barrick that he will try for the Attorney General's post.

Null undoubtedly is one of the county's most popular politicians. In both of his tries for political office he has been successful. His first bid for political office was in 1954 when he ran for County Commissioner. He captured more votes than any other candidate and was made president of the board. He ran again in 1958 and won with ease. He is now completing his second term as president of the board. Recognized on a state-wide level, he has also served as president of the Maryland Association of County Commissioners.

He is an auctioneer by profession, starting in business with his late father John W. Null. He also is an insurance and real estate man and has some other business interests.

Mr. Null said in considering the State Senate race, that he feels he could still be of great continued service to the people of the county. In the complex government operation of today, considerable county and state government functions are closely associated; and the relationship between the two bodies is becoming of greater importance.

If Mr. Null seeks the State Senator's post, it will leave the race for the County Commissioner job wide open. Already talk is "floating around" of a dozen or so possible candidates (from both parties) for this office.

Three Commissioners are selected. At present the Board is entirely Democratic and has been for the past 6½ years.

## Troop 72 To Meet

Intermediate Girl Scout Troop 72 will hold its next meeting on Tuesday evening, August 22 at 6:30 p.m. in the front of Shorb's Barber Shop.

## GRECO—DUKEHART

Miss Mary Louise Dukehart, daughter of Mr. and Mrs. James W. Dukehart, of Waynesboro, became the bride of William Dominic Greco, Emmitsburg, last Saturday at 12 noon in St. Andrew's Catholic Church, Waynesboro, with Rev. Fr. Gralinski, performing the double-ring ceremony. The altar was decorated with white gladioli, carnations and pompons.

The bride, given in marriage by her father, was attired in a princess gown of silk taffeta, with a fan-pleated cathedral train, and a scooped neckline bodice. She wore a crown of bouffant tiara, with a waist-length veil. She carried a cascade bouquet of white gardenias and ivy, centered with a white orchid.

Mrs. Thomas D. Amato, Elizabeth, N. J., matron of honor, was attired in a romance blue faille taffeta gown with three-quarter-length sleeves, a coachman skirt with back fullness. She carried an old-fashioned bouquet of white pompons and white Marguerite daisies. Miss Jean Marie Dukehart and Mrs. James R. Dukehart, Waynesboro, and Mrs. Patrick Warthen, Emmitsburg, served as bridesmaids. They were attired in gowns matching that of the matron of honor, and carried old fashioned bouquets of blue and white pompons and Marguerite daisies.

Dr. George W. Greco, Arlington, Va., served as best man. The ushers were: John Edward Fiori, Thurmont; Patrick Warthen, Emmitsburg; and James R. Dukehart, Waynesboro.

John Michael McIntire, Waynesboro, was ring bearer and Theresa McIntire, Waynesboro, flower girl, carried a small white satin basket of pastel flowers and her hair was adorned with blue and white Marguerite daisies.

The bride's mother was attired in a royal blue chiffon sheath dress with side drape and matching accessories with a white orchid corsage. The groom's mother was attired in candlelight silk organza sheath dress, with over skirt and matching accessories and a white orchid corsage.

A reception was held at the Elks ballroom, Waynesboro. For their wedding trip to Williamsburg, Va., the bride chose a white batiste dress and white and rose accessories. Upon returning they will reside in Myersville, Md.

The bride is a 1956 graduate of St. Joseph's High School, Emmitsburg. The groom is a graduate of St. Joseph's High School and Mt. St. Mary's College. He is a teacher of the fifth grade at Middletown Elementary School.

Out-of-town guests were from Washington, Virginia, New Jersey, Baltimore, Emmitsburg, Thurmont, York, Nesquehoning, Harrisburg, Chambersburg, Hagerstown and Middletown.

## Two "Tunnel" Workers Injured

A Niagara Falls construction worker was said to be in good condition this week at the Waynesboro Hospital where he was admitted late Thursday night for treatment after receiving crushing chest injuries in a mishap at the "Little Pentagon" tunnel project near Fountaingdale.

David E. Hyde, 25, an employee of the Frazier-Davis Construction Company, was admitted to the hospital at 11:30 p. m., reportedly in an unconscious condition.

Hospital aides said Hyde had been caught between two pieces of heavy equipment.

Vernon C. Neill, 26, Fairfield R1, another employee, was treated at 7:15 p. m. Wednesday for cuts and abrasions of the neck after he was struck by a piece of steel.

## Drought Could Harm Fall Planting

There is no immediate danger of drought damage due to the continuing dry weather in the Frederick area but "we need some rain within the next week or ten days or there will be damage," County Agent Henry R. Shoemaker said this week.

He pointed out, "There is no serious damage to local crops as yet and the corn looks good in this area but hay in pastures is getting awfully dry."

"The situation is not serious as yet but we could certainly stand some rain before the fall alfalfa crop seeding which should start in the middle of August," the County Agent said.

He emphasized that Frederick County crops so far are good and have not been damaged by the dry weather but that hay pastures for feeding cattle are getting dry and the main danger is to the seeding of the fall alfalfa crop.

Religion is a must for those who expect to make a happy landing.

## Robber-Forger Had Ample Supply Of Checks

William Neil Shanks, 26, former bookkeeper at the Penn-Moc Shoe Co., Fairfield, currently in the Carroll County jail at Westminster awaiting trial on bank robbery charges, made out checks for more than \$140,000 against the Fairfield shoe firm where he was employed before he fled last May, Pennsylvania State Police reported this week.

Cpl. James A. Treas, conducting the investigation into Shanks' complicity in forgery charges, said Shanks had in his possession at the time of his arrest August 2 more than \$90,200 in Penn-Moc checks which he had never attempted to cash. Corporal Treas said the checks were carefully typed out and ready for use, but "Shanks apparently felt we were too close for him to use them."

According to state police Shanks passed forged checks totaling \$52,770.35, but the forgery was discovered soon enough for the Fairfield shoe organization to stop payment on checks totaling \$14,728.

Shanks, according to the police calculation, actually secured \$38,017.86 from checks on which he allegedly forged the signature of the company officers.

Shanks was arrested August 2 when police were searching for him in connection with a robbery at gun point of the Uniontown bank. At that time, according to the officers, he had in his possession money wrapped in wrappers bearing the name of the Uniontown bank. He is also accused of robbery of the Union Mills bank on July 21.

The forgery charges against Shanks were placed last May after he failed to appear for work as bookkeeper at the Pen-Moc corporation and checks started to return which officers found were forgeries. He was traced to Las Vegas, but not captured. When the Union Mills bank robbery occurred police took pictures of Shanks there and Shanks was identified as the robber. When the Uniontown bank robbery occurred, Maryland police, recognizing Shanks from the picture, halted him and, discovering the money, brought armed robbery charges.

## MORGAN HORSE SHOW SUNDAY

The sixth annual Morgan Horse Show will be held in Frederick, Md. this weekend, Aug. 18-19 at the Fairgrounds.

The event, sponsored this year as previously by the Frederick Jaycees, will feature Morgan horses from the eastern half of the United States. Of particular interest to local people will be the five entries of the Joselene Hills Farm of Mr. and Mrs. Joseph Vona of Frederick. Other Maryland Morgans to compete will be Mrs. Betty Lauderoute's yearling filly Donna Anna and the chestnut mare, Delight Ashmore popularly known as "Cissy" Mr. and Mrs. Charles D. Patton belonging to the Brittain family of Potomac Village; Mrs. John E. Graf of Wash., D. C., and Mr. and Mrs. Max Myers of Edinor will also grace the ring.

The Morgan Show originated in Vermont in 1789 with the little bay stallion, Justin Morgan, and was the first breed of horse to be developed in America. The University of Vermont maintains a Morgan Horse farm as part of its state agricultural college and sells foals in this country and all over the world to more and more horse fanciers that have come to appreciate the many outstanding qualities and versatility of the Morgan.

James Powell, president of the Jaycees said "a horse show, like any other spectator event, has to improve each year to hold the interest of the spectator and the exhibitor. This year we have added a class called Western hunter, intended to show Morgans at work in the field. We feel this will be a great test of horse and rider as a team and should prove interesting." The show is under the sponsorship of the Mid-Atlantic Horse Club and for the past two years has won an honor award from the American Horse Show Assn.

## Birthday Party Held

A birthday party was held last Wednesday evening at the home of Mr. and Mrs. Charles B. Shorb in honor of the fifth birthday of their son, Kerry. Those present were: Kevin, Nevis, Cheryl and Thomas Topper, Ann Umbel, Ricky Click, Nancy and Linda Smith, Kerry, Pat, Karen and Lynn Shorb.

Where do little boys get the idea that they are superior to girls?

## Couple Observes Twenty-Fifth Anniversary

A celebration in honor of the twenty-fifth wedding anniversary of Mr. and Mrs. Andrew Shorb was held last Sunday afternoon at their home. Their anniversary was August 1. Those who attended during the day were: Mr. and Mrs. Charles E. Shorb, Mr. and Mrs. Charles E. Wagerman, Mr. and Mrs. Charles B. Shorb and family, Mr. and Mrs. Clarence Shorb and son, Donnie, Mr. and Mrs. Robert Shorb, Mr. and Mrs. Roger Zurgable and son, Mark, Mr. and Mrs. Edgar Ashbaugh, Mr. and Mrs. Charles B. Harner and family, Mr. and Mrs. William Topper and family, Mr. and Mrs. Donald F. Topper and daughters, Mr. and Mrs. Curtis Topper, Mr. and Mrs. Emory Wagerman, Mr. and Mrs. Wilbur Umbel, Thomas Harbaugh, Richard McCullough, Jane Hess, Mr. and Mrs. Richard Sprankle and family, all of Emmitsburg; Mr. and Mrs. Maurice Bollinger, Mr. and Mrs. Eugene Sprankle and family, Mr. and Mrs. Fred Gebhart and daughter, Vickie, John Elyer, and Henry Timmerman, Gettysburg; Abie Crushong, Taneytown; Mr. and Mrs. Ben Straka, Pittsburg; Mr. and Mrs. Wilmer Sanders, Mr. and Mrs. Walter Kugler and daughter, Nancy, Mr. and Mrs. Earl Adams, Mr. and Mrs. Bernard Sprankle, Mr. and Mrs. Chester Chapman, Dorothy Chapman, Debbie Leatherman, Russell Overholter, Mr. and Mrs. James Small, Mr. and Mrs. Eugene Rodgers, Earl Topper, Mr. and Mrs. Carroll Troxell, all of Fairfield; Mr. and Mrs. Thomas Shorb and daughter, Brenda, New Windsor; Mr. and Mrs. Arthur McCleave, Mrs. John Beard and daughter, Ellen, of Waynesboro; Mr. and Mrs. Harry Jones and family of Elizabeth, N. J.

Mrs. Shorb is the former Miss Anna Wagerman, daughter of Mr. and Mrs. Charles E. Wagerman, and Mr. Shorb is the son of Mr. and Mrs. Charles E. Shorb. They are the parents of four children: Mrs. Fred Gebhart, Gettysburg, Thomas Shorb, New Windsor, and James and David Shorb, at home. They also have two grandchildren.

## Public Is Invited To Christmas Decorating Meeting

In last week's Chronicle it was stated that the businessmen of Emmitsburg were invited to attend a meeting to be held on Aug. 21 at 8:15 p.m. at the MG Theater for the purpose of discussing the purchase of new Christmas decorations.

The notice of the meeting was certainly not intended to exclude private citizens. The Junior Chamber of Commerce, sponsors of the hoped-for decorations, earnestly desire that this project be one of all the people and not merely the brainchild of a selected few.

Therefore, anyone who is at all interested in seeing the Square and adjacent streets take on a gayer appearance during the Yuletide season, is urged to attend the August 21 meeting.

## COUNTY ENDS FISCAL YEAR WITH SURPLUS

Frederick County had a surplus of more than \$25,000 for the year 1960, according to the forty-seventh audit report which was released this week.

Nearly \$20,000 of the surplus was noted under the general fund. The remainder, about \$5,300 is noted under miscellaneous departments such as dog licenses, trust agencies and taxing agencies. It generally amounts to money saved in office work and expenditures.

Donald Woods, county accountant, said the surplus mentioned above applies only to unspecified funds. In other county departments where funds are specifically allocated for certain purposes (i.e., schools and roads) surpluses or deficits in these departments cannot be considered as part of the general fund.

The operation of the county schools is by far the major county expenditure. The cost of operating the schools was 76.42 per cent of the total budget or \$3,413,974.38. The county appropriated \$3,383,781 of this amount leaving a deficit of \$30,192.

The roads division, probably the second major county department as far as expenditures are concerned, showed an excess of revenues over expenditures of \$93,306.14. A total of expenditures in this department was listed as \$1,106,040. Total revenues were listed as \$1,199,346.44 including \$1,124,493 from state sources and \$69,765.15 in federal aid.

More than \$370,963 was spent on new road construction; more than \$28,515 was spent on maintenance; \$16,255 on salaries and wages in shop expenses and \$31,962 in salaries and wages in administrative expenses.

Total revenue for the year 1960 was \$4,511,893, about \$67,000 more than the estimated revenue of \$4,444,100.

The chief source of revenue is the real and personal property taxes listed as totaling \$3,542,785 or some \$139,685 more than was estimated. State shared tax revenue was listed as \$438,077, about \$86,922 less than the \$525,000 expected from this source. The biggest drop was in the cigarette taxes. It was expected to receive about \$200,000 from this source. The county share was only \$96,000.

The audit shows that county expenditures in most of the other departments were about equal with the funds allocated in the budget for 1960.

The audit was prepared by James L. Rimler, certified public accountant. In a letter accompanying the report, he cited that the county has named a special general fixed assets of the county and also a reappraisal for insurance coverage of county owned buildings.

## Hospital Report

Admitted  
Mrs. Patrick Stoner, Emmitsburg.  
Mrs. Vernon Keilholtz, Emmitsburg R2.  
William Miller, Emmitsburg R3.  
William Wivell, Emmitsburg, R2.

Discharged  
Mrs. Kenneth Vaughn, Emmitsburg.  
Mrs. Charles Troxell, Rocky Ridge.  
Clarence Ohler, Thurmont R2.  
Miss Bertha Eckenrode, Emmitsburg R1.

Births  
Mr. and Mrs. Lloyd J. Hahn, Emmitsburg, R1, daughter, Sunday.  
Mr. and Mrs. Fred Heyser, of Taneytown R2, son, Saturday.

## VFW Benefit Shrimp Feed Saturday

The local Veterans of Foreign Wars will hold its 2nd annual Shrimp Feed tomorrow evening at Kump's Dam Park for the benefit of the Ambulance and Scholarship Fund. This is the only public fund drive conducted by the VFW on an annual basis. The annual Christmas treat for the children, Easter Egg Hunt, Playground, hospital beds, wheelchairs, etc., are also projects of the veterans but these costs are borne by the post.

The VFW Rowe Annex and Kump's Dam Park are other examples of facilities afforded the people of the community by the organizations.

Any profits derived from the Shrimp Feed will be used to meet the annual expenses of approximately \$1000 per year for operation of the ambulance maintained for use of the community, and toward the \$1000 allotted annually to the Scholarship program.

The public is invited to attend the feed at a cost of \$2 per person. On the menu will be Shrimp, Chicken Corn Soup, Corn on the Cob, Beverages, etc. Activities will continue until 9 p. m. In case of inclement weather Saturday night, the affair will be held Sunday afternoon beginning at 2 p. m.

## JOHN LAW GETS ROCKEFELLER APPOINTMENT

John B. Law, Tarrytown, N.Y., one of Notre Dame's watch-charm guards under the late Knute Rockne and captain of the undefeated 1929 Irish team, was sworn in last week by Gov. Nelson A. Rockefeller as a member of the New York State Correction Commission at the latter's Manhattan town house.

Law, the last grid coach at Mount St. Mary's College and director of athletics there for a number of years, has had a long career in direction and administration of prison and correction department recreation and athletic programs. He has been associated with the Miller Brewing Co. in recent years.

## New Voting List To Be Made Available Soon

Lists of registered voters — by precinct, by district and by party — will soon be available on request in a project announced this week by G. Horton Peace, head of the Board of Election offices in the Court House.

The names of registered voters are being recorded on addressograph plates. The plates will be filed in the Board of Election offices in the Court House.

When persons request a list, it will then be made by a duplicating machine in the county offices. "Within an hour after the request" a list should be ready, said Peace.

The basic cost of the entire project should not exceed \$500 he said. A nominal fee will be charged for supplying the lists to cover the initial expenses and the reproduction costs.

The Board of Election Supervisors, in approving the project, said it will save considerable confusion around election time in the registration office. It will also be a convenience to those desiring the lists.

Peace said the lists will be kept up to date by checking on the regular channels of registration. When a name is added to a new district or precinct, it will also be added to the addressograph system. If a card is pulled for reasons of death or otherwise, the addressograph plate will also be pulled.

Peace, in explaining the new service, said that prior to election, the registration office is flooded with requests for lists of eligible voters. Those desiring the lists usually secure clerical help. The workers station themselves in the registration office to copy the long lists of names.

This extra traffic is confusing to the election clerks abnormally busy with pre-election work. There is also a chance that the special worker will get areas and names mixed in the registration files.

**Personals**

Miss Dale Ann Elder, daughter of Mr. and Mrs. C. A. Elder, quietly observed her 11th birthday Thursday.

Mrs. Dota Paidakovich and daughters, Lynn and Lisa, have returned to their home after visiting this week for several days with Mrs. Genevieve R. Elder.

Mr. and Mrs. Curtis Topper are vacationing in Colorado. While there Mr. Topper is attending the Knights of Columbus convention in Denver and visiting with relatives.

Mr. and Mrs. Paul Keepers and Mrs. Charles Keepers visited recently with Mr. and Mrs. Cecil Keepers, Blue Ridge Summit.

Two busloads of altar boys and others from town spent last Tuesday at Caledonia Park.

Mr. and Mrs. William Topper and family visited at the Enchanted Forest near Baltimore on Wednesday.

Mrs. Nora Wetzel, who was recently discharged from the hospital, is recuperating at the home of her son-in-law and daughter, Mr. and Mrs. Ray Etheridge.

Miss Frances Ann Ott has accepted a secretarial position in Washington, D.C. Miss Ott graduated from St. Joseph's High School in June, and has been employed at St. Joseph College.

William J. Matthews is a patient at Newton D. Baker Hospital, Martinsburg, W. Va., with a ruptured disc.

Mr. and Mrs. Harry Jones and daughters have returned to their home in Elizabeth, N. J., after spending two weeks with Mrs. Jones' parents, Mr. and Mrs. Charles E. Shorb.

Mr. and Mrs. Charles B. Shorb and children have returned home after spending several days in Atlantic City, N. J.

Mr. and Mrs. Clarence Stanback and children, Baltimore, spent the weekend with Mrs. Stanback's parents, Mr. and Mrs. Louis Topper and family.

Mr. and Mrs. Jerome Peters and family, Towson, were weekend guests at the home of Mrs. Peters' parents, Mr. and Mrs. Guy A. Baker Sr.

Dr. and Mrs. George Greco and family, Arlington, Va., spent the weekend with Dr. Greco's parents, Prof. and Mrs. D. G. Greco.

Mrs. Lester Boyer and son, and William Sterbinsky, Baltimore, visited over the weekend with their mother, Mrs. Alice Sterbinsky.

Mr. and Mrs. Charles Gutshall and daughter, Waynesboro, visited with Mrs. Gutshall's mother, Mrs. Maude Harbaugh and with Mr. and Mrs. Robert Orner and sons, on Sunday.

Mike Miller, Camp Hill, visited during the weekend with friends in town.

Mr. and Mrs. James Sanders and son, Silver Spring; Owen and Allen Sanders, Bethesda, and Mrs. Dorothy Freshman, Thurmont, visited during the weekend with Mr. and Mrs. Clarence Sanders.

Mrs. James Nickoles and children, Westminster, visited with her parents, Mr. and Mrs. Paul A. Keepers on Sunday.

Mr. and Mrs. Glenn Reifsnider and sons, Keymar, visited with Mrs. Reifsnider's mother, Mrs. George Ashbaugh, on Sunday.

Richard Fitz, Gettysburg, visited Saturday evening with his parents, Mr. and Mrs. Maurice Fitz.

**The Car Is a Comet Birthday Cake**

There aren't many birthday parties that feature a cake 16 feet long — let alone one that rolls down an automotive assembly line amidst the bustle of mass production. To mark the first birthday of the successful compact Comet, that's exactly the celebration staged by Lincoln-Mercury. Bakers made an edible cake covering a car body using 166 dozen eggs, 193 pounds of flour and 482 pounds of sugar. Barrels of green frosting were sculptured to the Comet's styling and the masterpiece was put on the final line of the Lorain, O., assembly plant. Ben D. Mills, Ford vice president and division general manager, then cut the first piece and hundreds of plant employees sampled the car-cake. With a quarter of a million units already built, a new luxury Comet model named the S-22 will be introduced in April.

**Church To Sponsor Benefit Sale**

The Emmitsburg Reformed (United Church of Christ) will sponsor a community sale on August 26 to be held at Detour, Md. The sale will be managed by Mr. Harvey Albaugh of Detour.

Anyone wishing to dispose of surplus property may, if they so desire, donate it to the Church to be sold. In this case trucks will be available to pick up the items. However, those not wanting to donate items may sell them at the sale on the usual commission basis.

All the net proceeds of this sale will be used by the church to start a building fund for an educational building. Additional information on the sale or for the transportation of items may be had by calling Harry Swomley, Jr., HI 7-4941; George J. Martin, HI 7-4106; Mrs. Glenn Springer, HI 7-4891.

**Hewitt Homers As Giants Win**

Pitcher Kerry Hewitt belted two home runs and hurled two-hit ball as the Giants walloped the Cards 17-8 in the final game of the Little League season. The loss left the Cards atop the heap for the second straight year as they edged the Red Sox by half a game in the standings.

Players on all teams are asked to turn in their uniforms to their managers as soon as possible.

	R	H	E
Giants	17	10	0
Cards	8	2	3

Batteries: Giants—Hewitt and Byard; Cards—Hess, Wivell and Sherwin, Shorb.

**ENGAGED**

Mr. and Mrs. Robert B. Ogle, Rocky Ridge, announce the engagement of their daughter, Margaret Joan, to Jerald Wayne Trout, son of Mr. and Mrs. Arthur P. Trout, Frederick.

Miss Ogle graduated from Thurmont High School and the Washington County Hospital School of Nursing, Class of 1960. She is on the nursing staff at the Frederick Memorial Hospital.

Mr. Trout graduated from Bedford High School, Bedford, Pa., and served with the United States Air Force. He is presently employed at Trout's store in Thurmont.

An October wedding is planned.

**Hits Utility Pole**

An accident was reported on Sunday at 3:15 p. m. on U. S. 15 near Emmitsburg.

William A. Irving, of Leistown, N. Y., stationed at Fort Detrick, who was driving a 1956 Ford north on U. S. 15, received minor injuries when he attempted to pass two vehicles and went off the left side of the road and hit a utility pole.

Irving was taken to the Fort Detrick dispensary and treated for minor injuries in the Maryland State Police ambulance driven by Trooper Robert L. McCleaf. State Trooper Neil W. Alexander investigated.

BUY YOUR LICENSE IMMEDIATELY

The law provides a fine of from \$5.00 to \$25.00 on any owner of a dog, six months of age or over, which is not licensed after July 1, 1961.

LICENSES AVAILABLE AT:  
County Treasurer's Office, Frederick, Maryland

You can fill in this form and mail \$1.00 for Male or Spayed Female; \$2.00 for Female; \$10.00 for Kennel (not more than 25); \$20.00 for Kennel (more than 25), to TREASURER OF FREDERICK COUNTY, FREDERICK, MARYLAND, and your licenses will be mailed to you.

COUNTY TREASURER  
FREDERICK, MARYLAND

Please send me tag for my dog described as follows:

Owner .....

Address .....

Election District .....

Male..... Female..... Age..... Spayed.....

Breed..... Name.....

If dog is not six months of age by July 1, 1961, license must be bought when dog becomes six months old.  
Failure to buy your dog license will mean not only your arrest, but your dog may be picked up and impounded.  
The License does not give the dog the right to trespass on anyone's property without the permission of the owner.

HORACE M. ALEXANDER  
Sheriff of Frederick County

Franklin Stockman, Dog Deputy, will canvass the County to ascertain if dogs have been licensed.

OUTDOOR SPORTS TIPS

Fishing

Some fishing days nothing seems to go right. The fish aren't biting, and to make matters worse, your line gets hopelessly twisted when you're trolling. Here's a tip that will straighten things out and put you in shape when the big ones start hitting: Remove the lure from your line, put the line back into the water, and as your boat moves along the twists will disappear like magic. Sounds simple? It is.

A beautiful day's fishing can be just about ruined when it comes time for the fisherman's major headache: cleaning fish. One way to simplify this problem and keep the fish in hand is to attach a brand-new mouse trap to the end of a two-foot board. When the fish's tail is firmly clamped under the spring, scaling the fish becomes a lot easier.

Fishhook, fishhook, where did I put that fishhook? That's many an angler's lament who carefully laid out his hooks on rocks or grass but when he went to hook up discovered that the hooks had "disappeared." A small piece of bright color yarn tied to the shank of the fishhook will enable an angler to spot his hooks immediately and get down to business.

Boating

In spite of the efficiency of modern trailers, a boat during a long trip may move fore or aft after it has been securely tied in place. If you will place a small mark on the bottom of the boat at the point where it joins the bunks, you can readily detect even the slightest shift when you make a check stop.

The dime store and hardware store hold a raft of inexpensive items for the small-boat owner. For instance, ordinary wooden clothes pins tacked along the inside of the rail of your boat make first-rate holders for sunglasses, lures, bait cans and a dozen other such items. And if you fasten the type of holder that's used for holding drinking glasses in the bathroom on the inside rail, you will never be faced with the problem of spilled drinks.

Dogs

An old foam rubber automobile seat, cut down to size, makes perfect bedding for a doghouse. Ticks and other insects that may infest ordinary bedding will find themselves locked out by the foam rubber. Fido never had it so good!

(Try for a \$50 prize. Send your tip to A.A. Contest, Sports Afield, 959 8th Ave., New York 19, N.Y.)

Ford Co. Sponsors Football Contest

CHICAGO—A nationwide football competition that will give boys a chance to display their prowess in punting, passing and place-kicking, was announced this week by the Ford Division of Ford Motor Company.

The program, appropriately dubbed "P. P. & K.," will be conducted during the 1961 football season under the sponsorship of the Ford Division and its dealers in cooperation with the National Football League.

The announcement was made by

Lee A. Iacocca, Ford Motor Company vice president and Ford Division general manager, and Pete Rozelle, National Football League commissioner, at a luncheon here for members of the Football Writers Association of America.

Punt, Pass and Kick, open to all grade-school boys from ages six through 10, will be judged by coaches, professional football players and recreation officials.

Judging each event will be fairly simple. Scoring will be based on distance and accuracy, with one point for each foot the ball travels in the air, minus one point for each foot the ball lands to the right or left of a center line.

"The objective of the program," Mr. Iacocca explained, "is to create interest in sports and physical fitness among American youngsters by giving them a chance to test competitively their skill in punting, passing and place-kicking a football."

Elaborating on the physical fitness aspects of the program, Mr. Iacocca cited the following comment the division received from the Council on Youth Fitness in Washington, D. C.

"We feel that the objectives of the President's Council on Youth Fitness are such that they should be of concern to every American. In fact, it is only through the concern, support and cooperation of every possible organization and individual that our goals will be reached."

The program will start with local contests conducted by Ford dealers. There will be 15 local prize winners: first, second and third place in each of the five age groups. First place winners will have a chance to be named regional winners who will be selected on the basis of the highest scores attained in local contests. There will be 14 regions, one for each NFL team area.

Winners of regional championships in each age group will compete for national honors in spectacular pro game half-time programs in view of thousands of fans at the stadiums and millions more watching TV.

The national champions in each group will take part in half-time ceremonies of the NFL Championship Game and will receive a trip to Washington where they will be accorded an official White House reception.

Starting with the regional competitions, fathers will accompany their sons, all expenses paid. Although exact dates have not yet been announced, registration for the program will start later this month, with actual competitions beginning in October.

Registration will take place at participating Ford dealerships.

Ford Division long has taken an active part in youth sports programs. For example, this is Ford's 19th year of participation in the American Legion baseball program. During this period Ford dealers have sponsored over 39,000 teams.

SPORTS AFIELD

Each year the salt waters of the coastal states are attracting more and more anglers from the inland streams and lakes, reports Robert D. Hall, Salt-Water Editor, Sports Afield Magazine.

There are a number of possible reasons for this seaward migration. Two of the most plausible motives may be traced to the dwindling supply of fresh-water fish and the stories of giant-size fish that are caught in the sea. Regardless of the cause, however, we have seen an enormous increase in the number of fishermen on bays, offshore and in the surf.

This heavy drift of inland anglers to the sea has had an influence on today's fishing equipment.

Most tropical marine fish will readily strike an artificial lure, and each year we discover that more and more fish off the northern coast can be taken on a wide assortment of lures. This trend toward the use of light tackle has made an inroad on standard conventional fishing tackle for surf, bay and even offshore fishing.

When we survey the full range of the various kinds of salt-water equipment used we find that slender, wand-shape fly rods are on top of the heap. These long, thin rods are designed for casting the lightest weight lure made—the artificial fly. Skillful anglers who can handle a fly rod properly are catching a surprisingly large number of various species of fish on the quiet waters of the coastal bays.

The most popular rod lengths used in salt water usually range from 9 to 9½ feet and may weigh from about 5½ to 7 ounces. A medium-weight salmon fly rod makes an ideal rod for bay fishing, but one should be careful to use stainless-steel guides because salt-water corrosion takes place very quickly on any untreated metal. The extension handle that most salmon rods are equipped with is extremely useful when playing large fish.

BOND SALES SET RECORD

Royden A. Blunt, State Savings Bonds Chairman, announced that nationally, January-June cash sales of E and H Savings Bonds amounted to \$2,394 million, a 3-year record for any corresponding period, and 5% ahead of last year. Gross redemptions amounted to \$2,364 million, the lowest amount for any January-June period in six years, and 14% below a year ago—a net gain in E and H sales for this six months period of \$30 million over redemptions.

He stated that Maryland sales of E and H Savings Bonds, January through June, totaled \$32,403,333, which accounts for 50.29 per cent of the State's 1961 goal of \$64,600,000. State June sales of \$5,218,580 were up 7.5% over June 1960.

Mr. Blunt pointed out that Frederick County sales of \$639,517 are 54.7 per cent of its yearly 1961 goal.

Also that for the six months 13 counties and Baltimore City have sales of 50% of the State's goal or better.

Chairman Blunt pointed out that when Maryland citizens buy or sell U. S. Savings Bonds they help create a "sound dollar" economy, vital to maintaining America's economic strength. He said that improved sales in Maryland is a testament to Frederick County's Chairman James McSherry, and to County Chairmen throughout the State and to other hundreds of volunteers, many of whom are still supporting the program as vigorously now as when it started 20 years ago.

How fast do savings grow in U. S. Savings Bonds? Save \$5 a week in E bonds; in three years you'll have over \$800, in 5 years over \$1,400; in 7 years and 9 months, when your first bond matures, you'll have over \$2,300.

The way money goes these days it would be easy to convince people that it is printed on fly paper.

About 1000 A.D., the Chinese made their coins in the shape of the things they wanted to buy.

LEGAL

No. 19739 Equity In the Circuit Court For Frederick County In Equity Carroll H. Sigafosse of Brunswick, Md. Vs.

The County Commissioners of Frederick County, a Body Corporate and Politic, and Charlotte W. Yarroll, successor to James H. Falk, deceased, County Treasurer of Frederick County, and the unknown heirs, devisees, personal representatives, descendants or successors in interest, of Frank Nichols, Deceased

ORDER OF PUBLICATION

The Object of this Bill is that the Court may take jurisdiction in the premises and enter a Decree removing the cloud upon the title of the Complainant and that the Court shall declare that the Complainant has a good and marketable fee simple title to the property described in the Bill of Complainant, and may sell or convey or otherwise deal with such property without regard to the claims of the unknown heirs, devisees, personal representatives, descendants of Frank Nichols, deceased.

The Bill recites that the Complainant is the owner of a parcel of real estate situate, lying and being in the Petersville Election District, Frederick County, Maryland, the same being known and designated as lot No. 1 on The Brunswick Industrial Company's Addition, as shown on a plat prepared by Preston E. Miller, surveyor, dated August 24, 1906, and recorded in Liber 276, Folio 186, One of the Land Records of Frederick County, Maryland, and fronting for the same on Middle Street, a distance of 150 feet, and extending back, a uniform depth of 40 feet along Maryland Avenue as shown on said plat, it being all the same real estate which was heretofore conveyed by John T. Quinn and Mary A. Quinn, his wife, unto Carroll H. Sigafosse and Nora M. Sigafosse, his wife, the said Nora M. Sigafosse having departed this life prior to the filing of the Bill of Complaint, vesting the entire title to said real estate in the Complainant, by deed dated January 10, 1950, recorded in Liber 482, Folio 309, One of the Land Records of Frederick County, Maryland, a certified copy of the deed being filed with the Bill; The Bill further states that the above described property is a portion of the real estate conveyed by The County Commissioners of Frederick County, Maryland, a Body Corporate, by U. Grant Hooper, President, to John T. Quinn and Mary A. Quinn, his wife, predecessors, in title to your Complainant; by deed dated July 13, 1948, recorded in Liber 481, Folio 576, One of the Land Records of Frederick County, Maryland; That by a deed dated September 17, 1946, and recorded in Liber 457, Folio 120, One of the Land Records of Frederick County, Maryland, James H. Falk, County Treasurer of Frederick County, which said James H. Falk is now deceased and has been succeeded as County Treasurer of Frederick County by Charlotte W. Yarroll, acting pursuant to a final decree in No. 15815 Equity, of the Circuit Court of Frederick County, sitting as a Court of Equity, conveyed the aforesaid property to the County Commissioners of Frederick County, a Body Corporate, said proceedings in No. 15815 Equity as aforesaid having been had as a result of a tax sale of said real estate, said real estate at the time of said tax sale having been in the name of Frank Nichols, said title having been obtained by the said

Frank Nichols by deed from Raleigh Moore and Sarah E. Moore, his wife, by deed dated May 14, 1909, which said deed is recorded in Liber 286, Folio 459, One of the Land Records of Frederick County, Maryland, both of said deeds are filed with the Bill; and that by other means conveyances not herewith relevant title and ownership of said real estate is now in your Complainant; That a question has now been raised as to whether the Complainant has a good and marketable title to said premises by reason of the fact that none of the original papers and documents filed in No. 15815 Equity, in the Circuit Court of Frederick County, sitting as a Court of Equity, were ever recorded among the Records of Frederick County, nor are such original papers and documents available for recording as required by law, although diligent search has been made by the Complainant and his Solicitor, and although the original docket entries in the aforesaid No. 15815 Equity were made, which said docket entries are available for the inspection of the Court; that further question has been raised as to the good and marketable title of the Complainant by reason of the fact that there is nothing of record to show that the original papers and documents in the proceedings No. 15815 Equity, as aforesaid, were properly prepared for filing; that the Complainant is now in possession of the premises openly, notoriously, adversely, with color of title and under claim of right, and the predecessors in title of the Complainant since July 13, 1948 have also been in such continuous, adverse possession under color of title and claim of right; That the Complainant and his Solicitor have made diligent effort to ascertain the heirs, devisees, personal representatives, descendants or successors in interest of Frank Nichols, deceased, but have been unable to discover any such heirs, devisees, personal representatives, descendants or successors in interest of the said Frank Nichols; That the unavailability of the aforesaid original papers and documents in the aforesaid proceedings in No. 15815 Equity and the possibility that said proceedings were improperly prepared had constituted a cloud upon the title of the Complainant, and although the Complainant claims to hold a valid fee simple title, the same cannot be established of record without the removal of the aforesaid cloud.

It is thereupon this 26th day of July, 1961, by the Circuit Court for Frederick County, sitting as a Court of Equity, and by the authority thereof, ORDERED that the Complainant, by causing a copy of this Order to be inserted in some newspaper published in said Frederick County, once a week in each of four successive weeks, the last of such publications to be made not less than thirty days before the 3rd day of October, 1961, give notice to the unknown heirs, devisees, personal representatives, descendants or successors of Frank Nichols, deceased, whether residents or non-residents, of the object and substance of the Bill, warning them to appear in this Court in person or by solicitor, on or before the 3rd day of October, 1961, next, to show cause if any they have, why a Decree ought not to be passed as prayed.

Thomas M. Anderson Judge

C. Clifton Virts Solicitor for Plaintiff

Filed July 26, 1961

Ray Bluth, Champion Bowler To Appear At Sunshine Lanes Saturday-Sunday

Local bowlers attending the exhibition matches by Brunswick star bowler Ray Bluth at Sunshine Lanes, 3 miles east of Waynesboro, will have an opportunity of witnessing the flawless performance of one of the country's top bowlers.

Bluth—a member of 1959 National Match Game champion St. Louis Budweisers and twice co-champion of the BPAA National Doubles—bowled his first 300 game before he reached voting age.

He has since repeated the feat on 25 different occasions, five of which were in sanctioned play including one at the National Match Game Team event and another on a televised series in which he earned \$10,000.

Named to the 1959 and 1960

Bowling Magazine All America team, Bluth has tied the all-time record of 33 out of a possible 36 strikes while rolling an 834 series to pace the Budweisers in their record 3858 during the 1957-58 season.

In addition to the 1960 Southern Match Game Crown, he earned the St. Louis Match Game title in 1953 and again in 1958. The Missouri State Match Game title has also been his twice.

John Konezka stated that Bluth's appearance will include both exhibitions and special instructions to local bowlers.

Bluth is a member of the Brunswick Advisory Staff, over 100 top-flight bowlers touring the country to promote bowling thru appearances such as the one sche-

duled for Sunshine Lanes on Aug. 19-20.

Thrift makes worry scurry. Banish your money worries by regular savings in U. S. Savings Bonds.

Fancy... Yet Quick and Easy

THIS FRUIT CREAM CAKE is quite fancy and looks and tastes like a dessert that has been fussed over. But good news... it can be made quickly and easily. Cake layers... made from a mix, or store-bought... instant lemon pudding mix and canned or fresh orange sections prove the point. The instant lemon pudding mix takes one minute to mix, then it sets to perfect consistency for filling the cake while you split the sponge layers and whip the cream. Arrange orange sections in a decorative swirl and serve the cake proudly to the family or guests!

FRUIT CREAM CAKE

- 1 1/2 cups cold milk or light cream
1 cup fresh or drained canned orange sections
1 package Jell-O Lemon Instant Pudding and sweetened to taste\*
2 eight-inch cake layers

\* Or use 1 cup prepared dessert topping mix. Pour milk or light cream into mixing bowl. Add pudding mix and beat slowly with egg beater just until well mixed, about 1 minute. Let stand to set—takes 5 minutes.

Split cake layers horizontally to make 4 layers. Stir filling until creamy. Spread between layers. Chill about 1 hour. Just before serving, spread whipped cream on top of cake and garnish with orange sections. Makes 10 to 12 servings.

TV TODAY AND TOMORROW BY RALF HARDESTER Feature Editor TV GUIDE MAGAZINE

DANNY KAYE HAS BEEN SET FOR his second one-a-year special for CBS in November... Louis Nye and Bill (Jose Jimenez) Dana are rejoining Steve Allen for his new Wednesday night show on ABC. Les Brown and his band will provide the music... Besides "The Vincent Van Gogh Story," producer Lou Hazam will turn out at least two other programs for NBC News' series of specials, The World Around Us, in-depth probes of modern Japan and modern Egypt. Both are filmed in color, in Tokyo and along the Nile, with Frank McGee doing the commentary... There are to be no changes in the permanent cast of Checkmate next season. Doug McClure, Anthony George and Sebastian Cabot all stay on.

TROY (SURFSIDE 6) DONAHUE'S fourth starring feature for Warner Brothers will be "Lovers Must Learn," opposite young old-pro Natalie Wood... Bob Logan, to be the new parking-lot boy in next season's 77 Sunset Strip, is a refugee from the Chicago White Sox, who offered him a college baseball scholarship. He chose acting, but still tosses a ball every day on the Warner lot... Connie Stevens, of Hawaiian Eye, will sing on Radio Free Berlin late in August on her European vacation... Walt Disney is preparing a Civil War two-parter, "Johnny Shiloh," for his new Wonderful World of Color series on NBC in the fall... George Burns will star in next season's opener on NBC's Du Pont show of the Week, "Laughter, U.S.A."

PEGGY LEE AND VIC DAMONE will star in a musical salute to Harold Arlen titled "Happy with the Blues" on Du Pont's Show of the Week for Sept. 24... The two-part, two-hour pilot film for Counter-Intelligence Corps will be aired by ABC in the fall as a special. The film will then go overseas to be released as a feature film... "The Sound of the Sixties" is being prepared by producer-writer Dore Schary as one of next season's 18 Westinghouse specials to be spread among the three networks... Jane Wyman and Dina Merrill are the guest stars in "Safety in Numbers" and "Style of Living" respectively, two episodes of The Investigators series on CBS next season... Bat Masterson, off the network air next fall, goes into syndication.

HOW TWO MEN AND THIS TELEPHONE SAVED A LIFE

It was 8:45 A.M. Clyde Taylor, telephone maintenance man, worked at his test desk trying to trace the cause of a continuous busy signal on one of the telephones in his exchange. As Clyde ran a series of trouble checks, he suddenly thought he heard a low moaning sound.

He immediately dispatched one of his repairmen, George Daniels, to the home where the telephone was located. When no one answered the doorbell, Mr. Daniels looked inside the house through a window. Lying prostrate on the floor was an elderly man. Beside him on a table was his telephone, the receiver hanging off the hook.

Later, at the hospital, authorities said that the quick action of this telephone maintenance team saved this heart attack victim's life.

We're happy that the desire of telephone people to be of service so often results in even more than good telephone service.

THE C & P TELEPHONE COMPANY OF MARYLAND

**Bermuda Offers Varied Recreation**

"Come On In The Water's Fine" A shipwreck 352 years ago brought the Bermuda Islands their first settlers, and ever since then

Bermudians have lived with, and have developed a great love for, the sea.

Where once their aquatic activities were confined to the surface, Bermudians and visitors have recently explored other dimensions. They now, to borrow an old naval saw, can be found on the sea, under the sea, and even over the sea.

Sailing, fishing, sight-seeing, water skiing, swimming, speed-boating, water carnivals, ski shows, ski kiting, skin diving, underwater photography and even underwater sight-seeing tours fill Bermuda's spring and summer water schedule to overflowing.

Here are some tips on "what-to-do" in the British colony's deep blue.

**Sailing**—The absence of fogs and troublesome currents combine to offer yachtsmen near perfect sailing conditions. Fully equipped yachts, with an experienced pilot, are available at about \$24 a day or \$12 a half day. Parties up to eight can be accommodated. Sail-yourself boats are also available on reasonable rentals.

**Fishing**—For deep-sea fishing in Bermuda waters, where marlin, amberjack, tuna and other species abound, first-class boats are available for about \$75 a day per boat. Parties of six are usual. A four-

hour reel-fishing trip on a 22-foot boat is available for \$7.50 per person. Equipment and boats for nearly every other kind of fishing can also be rented.

**Sight-seeing**—A variety of choices are offered to the visitor who merely wants to tuck his camera under his arm and set off on a relaxing, carefree cruise. A luxury yacht, for example, makes regular five-hour cruises in Bermuda waters at a cost of \$9 per person. Price includes barbecue lunch, calypso entertainment and rum swizzles. The boat makes several stops for shopping, swimming and sight-seeing. For the young-at-heart, an evening cruise on a motor launch offers a beach party, rum swizzle party, weiner roast and torch-light dancing.

**Swimming**—Most hotels and guest houses have their own beaches or pools. Beautiful, and often secluded, public beaches—their pink-tinted sands glistening in the sun—are easily accessible.

**Water skiing**—Lessons are available for novices at \$5 each. For the experienced, \$5 covers a ride of six to seven miles. Boats and ski equipment can also be rented by the experienced boater and skier.

**Water shows**—Beginning in late March, the Bill Williams water show is held every Sunday evening off the Inverurie Hotel. All visitors are welcome to watch precision boating, skiing and kite skiing. Diving events, swimming competition and water polo events are also on the schedule.

**Skin diving**—Even the rank amateur can get in on this fast-developing sport. Lessons and tours of Bermuda's colorful coral reefs are on hand for anyone over 10 years of age and cost about \$8 an hour. A day's diving (two dives) costs about \$25. A half day's \$15. For experts who want to explore on their own, all equipment, with the exception of regulators, can be rented.

**Speed-boating**—Speed boat cruises are operated daily at \$5 per person. The trip takes two hours and 45 minutes. Boats are also rented.

**Glass-bottom boat tour**—Just \$4 per person for a trip to Bermuda's sea gardens where multi-colored fishes, strangely shaped coral and other underwater formations can easily be seen through the glass bottoms of these unique boats.

Of all these activities, and more, there still remains the most popular—and least expensive—of all. For want of a better name, call it sea-watching, the infinitely soul-soothing pastime of relaxing at water's edge and watching Bermuda's blue-green sea wash its coral arms.

Maryland 1961 fall semester session of all undergraduate day divisions.

The deadline, after which no undergraduate applications for admission will be considered for the fall term, was established because of large annual increases in applications which have been received by the university's Office of Admissions and Registrations. Prior to August of this year, 8700 applications were received and processed. Of the number of applicants, more than 4000 new students have been admitted already to the university.

An additional 400 admission applications are expected for processing before the September 1 deadline.

Previously, admission applications were accepted for a particular term up until the end of the first week of classes.

Registration for all university students for the 1961 fall semester will begin on September 18. Classes will begin on September 28.

Director of Admissions and Registrations G. Watson Algire said that January 1 had been established also as a deadline date for applications from students who planned to enter the university for the 1962 spring semester.

There will be no change in Graduate School admission applications deadline dates. They will remain September 1 for the fall semester and January 1 for the spring semester.

**Plan Art Exhibit At Timonium Fair**

An extensive Art Exhibit has been added as one of the major attractions, for the first time in the eighty-year history of the Maryland State Fair at Timonium, according to information released by Betty Bull, Superintendent of the Main Exhibition Hall.

In addition to the vast array of featured Home Arts Exhibits in the Exhibition Hall, this year's Fair will include a special exhibition of a wide variety of Water Color Paintings, Oils, Charcoals, Pastels in special techniques and styles, prominently displayed at the entrances to the Main Exhibition Hall throughout the entire period of the Fair. These paintings are works of a widely known Artists Group having conducted outdoor exhibits in the Baltimore area for the past three years under the group name of "26th Street Art Mart," comprising twenty professional artists of note throughout the metropolitan and Baltimore County areas.

It will be possible for art enthusiasts to make purchases of some of the works during the exhibit for public viewing through the day or evening. A most complete variety will be on display from August 28 through Sept. 9 in the daytime and the evenings by many well known artists such as, Robert A. Browne, James Mur-

phy, John Edwards, Bob Kramer, Cleo Wright, Helen Curtis, Pat Kovaleski, Madeline Neyen, Dot Grager, Ella Ruark, Marie Conway, Walter Reuter, Mrs. Samuel Bookoff, Herschel Fried, Britt Christensen, Evelyn Blunt, Ester McComas, Tom Lewis, Nick Lambros and Johanna Herrmann.

John M. Heil, General Manager of Timonium Fair stated, "An exhibition of this type is a most interesting and worthwhile feature of the Fair and a great deal of work and time is being devoted to this exhibit with the personal assistance of all professional artists having works on display."

This exhibition is arranged by Mrs. Ernest C. Herman, Chairman of the Board of Governors of the 26th Street Art Group, and Chairman of the Timonium Exhibition.

**Children's Eyes Should Be Examined**

Parents were urged this week to have children's eyes examined now, before school starts again in September, so that they will

know immediately if their youngsters have vision problems that will cause them to fail in their studies.

Dr. Eugene McCrary, president of the Maryland Optometric Association, said that inability to see—held to be the greatest single cause of retarded reading, is a matter which should greatly concern the parents, teachers and vision specialists.

Often, Dr. McCrary said, parents think that a failing child is being overloaded with work when the matter can easily be corrected by vision examination.

Dr. McCrary added that the optometrists are staging "a school time vision exam time" during the next several weeks.

Your grandfather said: "Money makes the mare go." U. S. Savings Bonds add horsepower for the long, hard pull to the worthwhile goals in your life.

Marines accompanied Commodore Perry's expeditions to Japan in 1853 and 1854.

**YOUNG IDEAS** from Polly Ponds

"My face is just covered with freckles and I hate them. Is there anything I can do to make them disappear?"

As freckles may fade when the skin isn't exposed to the sun for a long period of time but there isn't anything available that can make them disappear completely. However, you can camouflage them with make-up.

Use a tinted liquid foundation in a golden or tan shade. Daub dime-size dots on your forehead, nose, cheeks and chin, then blend the make-up evenly over your entire face. The brown tones of your freckles will seem less noticeable against a tanned background.

And take heart in this thought—even if you don't like your freckles, other people do.

**State Tax Receipts Below Estimates**

State Comptroller Louis L. Goldstein announced this week that total net cigarette tax collections for the fiscal year ended June 30, 1961, fell short of the official estimate by \$835,253. Collections for fiscal year 1961 were \$16,782,746.87 compared with \$16,856,099.53 for fiscal year 1960, a decrease of \$73,352.66.

Changes in the Cigarette Tax Law passed by the Legislature of Maryland, effective July 1, 1961, required the advanced sale of cigarette tax revenue stamps at the new rate of 6c prior to July, 1961. Revenue from the advanced sale of the new stamps, amounting to \$1,010,467.50, was credited to fiscal year 1962 during the month of July. Normal sales of cigarette tax revenue stamps were therefore reduced during the month of June, 1961, and both the failure to meet the estimate and the decline in revenue over the preceding year are directly attributable to such advance sales.

The Comptroller also stated that total receipts from cigarette tax stamp revenue for the month of July, 1961, amounted to \$2,871,812 compared with \$1,439,402 in July of 1960. However, for the reasons stated above, it is apparent that these figures represent an increase for July, 1961, of approximately \$421,000.00 because of the advance sales credited to fiscal year 1962 revenue during that month.

Comptroller Goldstein further stated that, in order to comply with the changes in the Tobacco Tax Law passed by the Legislature, effective July 1, 1961, it required the advance sale of new cigarette tax revenue stamps to all cigarette tax distributors and wholesalers so that all packages of cigarettes would be properly stamped before released to retail outlets and sold to the public on July 1, 1961.

The new law provides for a 6c cigarette tax per pack, State-wide. However, the State's portion of this revenue is not increased but remains at 3c per pack of cigarettes. The remaining 3c per pack is collected for Baltimore City and the twenty-three Counties of Maryland to be distributed to them quarterly on a population basis. Distribution for the first three months will be made in October, 1961.

**BABSON**

Writes . . .

BY ROGER W. BABSON

Babson Discusses Our Senior Citizens

BABSON PARK, Mass., Aug. 17—The latest census figures show that the number of people over 55 years of age has increased about 25% compared with the head count taken ten years previously. While this gain is not as robust as the 50% increase in the number of teen-agers, it is substantially ahead of the "middle" age group between 25 and 55 years old, which just about held its own.

Uptrend In Older Age Population

The combination of growth in total population and lengthening life span means that the

number of people over 55 years of age is likely to continue to increase. More important even is the progress of medical and biological science.

In the above connection, let me say that I.B.M. is working on the theory that, if arteriosclerosis and cancer can be controlled, older people might live to 120 years or more! Several drug companies are working on polymers, D.N.A.'s and R.N.A.'s (the latter initials are used in place of involved chemical terms) which have a close relationship to life. I will write further of this in some later week.

Increasing Purchasing Power

The growth of this segment of the population means that in the future this group will exert a greater influence upon the nation's economy, and, I might add, upon the political picture also. Thus, even though their per capita spending has not risen commensurate with their growth in numbers, the aggregate spending of older people will rise.

Because of the long prosperity of the past two decades, older folks today have more of a backlog of purchasing power. Savings in the form of insurance, annuities, securities, and pension funds are at all-time highs. To these can be added

the more liberal social security payments and other forms of "transfer payments." The trend of legislation would seem to indicate more public old-age assistance in the future.

Senior Citizens And General Business

Unlike the teen-agers, the necessities of life required by older people are more moderate. Nevertheless, certain food companies are tailoring a number of products to the needs of the geriatrics. Older people do consume large quantities of soft drinks, fruits, and fruit juices. Perhaps their biggest needs are for medical and dental supplies, eye glasses, hearing aids, and inexpensive "informal" clothing. Sporting goods lines (including bowling, golf, and fishing) and hobby supplies should experience higher demand. Tourist and vacation regions, and businesses incidental thereto, will enjoy their trade.

People quickly become bored with retirement. Therefore, I forecast that businesses supplying "Do-it-yourself" tools, seeds and gardening implements, and cameras and photographic equipment should find a good market in these senior citizens. Also, demand for radios, phonographs and records, and television sets will benefit; as will sales of greeting cards.

Opportunity For Service As Well As Profit

Profits from the older age group will come largely through nursing homes. Builders tell me that the greatest increase in their business is in the building of nursing homes. At present, some large houses are coming onto the market for possible use as such, but under present laws it is cheaper to build a new nursing home than to remodel a fine old house. A single room and bath, with all the usual facilities, can run as high as \$150 a week; but there is a tax consideration which helps out those who are supporting aged parents in these institutions. Nursing homes surely provide a needed service.

The above discussion should receive careful attention on the part of bankers, businessmen, investors, and even the average reader of my column. One thing should be remembered, however, namely, that although President Kennedy and others are seeking more funds for the aged, I repeat that the "middle" group of people (between 25 and 55 years of age) must, for the next few years, not only pay directly for their own children's and parents' support, but also pay the taxes to build and equip educational structures, nursing homes, etc., and provide for greatly increased public assistance.

Money may be the root of evil; sometimes it's lack of money. To have money when you need it, sign up for the payroll savings plan where you work, or buy your E bonds at any bank.

**ALL ABOUT BABIES...**

A Public Service of the National Baby Care Council

By Kenneth S. Shepard, M.D. Director, Well Baby Clinics Northwestern University School Of Medicine

Normal "Abnormalities"

The new mother often will call her pediatrician to report that she's discovered an abnormality in her baby. In most instances, the mother will describe a normal "abnormality," a variation that is perfectly natural in the newborn baby. Here are a few of the more common ones:

Abdominal Breathing

Failure to use the chest and rib muscles in breathing for the first two days of life cannot be considered abnormal. Abdominal breathing is the rule in the newborn until the lungs are fully expanded, usually by the fourth day.

"Cat-Back" Posture

When a newborn baby is held in a sitting position, his back usually assumes a severe hump. This is normal until the neck reflexes and muscles begin to strengthen and develop tone.

Swelling Of Infant's Breasts

Within a few days after birth, the breasts of many infants begin to engorge. Even in the male infant there is frequently milk production. This is due to the crossover of lactating hormone from the mother and its stimulation of the breasts of the infant. This is normal and should clear up within a few weeks.

Two Innate Fears

Infants are born with two innate fears. These are the fear of falling and the fear of loud noises. Shakes and tremors and loud crying may be elicited by shaking the bassinette and by making loud explosive sounds. Some infants seem to be more sensitive to these fear-provoked episodes than others. Some parents have harsh, explosive speech patterns that may evoke various manifestations of these fears.

Odd Head Shapes

Elongated, lopsided, irregularly shaped heads are the rule in first-born babies. These irregularities are corrected swiftly and naturally. Improvement should be seen by the fifth or sixth day.

Eye Swelling

This is seen commonly in infants born face up and represents no abnormality. It may also occur following the use of silver nitrate in the eyes at birth, a legally instituted procedure as a preventive measure against gonorrhoea. This too will clear up.

Position Of Comfort

Every baby has a "position of comfort." Usually, this is on one side with the legs drawn up and

the hands forward, but some may desire another rather bizarre position. These preferences should be tolerated.

Rooting Reflex

The newborn infant will make rooting motions, trying to dig his face and head into any soft object such as a pillow, breast or soft toy animal. This reflex is related to the sucking reflex and will diminish at about the age of three or four months.

**Farmers To Vote On Marketing Quotas**

Wheat growers will decide on August 24 whether or not they want marketing quotas for their 1962 wheat crop.

William L. Dudley, Chairman of the Maryland Agricultural Stabilization and Conservation Committee said any farmer who planted more than .135 acres of wheat in at least one of the years 1959, 1960, or 1961 is eligible to vote in the referendum. He urged every eligible farmer to vote. Two-thirds of these voters must approve before quotas go into effect.

Important points to consider are:

The wheat stabilization program will cut 1962 wheat acreage allotments by 10 per cent across the nation. If wheat marketing quotas are approved, cooperators will be eligible for 1962 wheat price supports expected to be around \$2.00 a bushel. The present support level is \$1.79, which is 75 per cent of parity.

If quotas are not approved, there will be no limit on marketings, but support at 50 per cent of parity would be available to farmers who comply with their wheat acreage allotments.

Secretary of Agriculture Orville L. Freeman has said of this referendum, "The decision that farmers make is extremely important to them and to the rest of the nation, not only in 1962 but for many years to come."

Goal of the new program is to reduce government stocks of wheat—now at nearly 1 1/2 billion bushels—by 100 million bushels. Estimated savings to taxpayers would be \$50 million the first crop year.

Farmers will be voting at local polling places throughout the 39-state commercial wheat area. The county ASC Committee will have charge of the referendum locally. Polling places will be established in each county. Location of the polls will be posted and announced later in the local newspapers.

Wife to husband: "If they most impenetrable thickets of don't leave by six, start talking south Texas, is one of the rarest about your fishing trip. If they U. S. game birds and a member stay on, give them your political of the pheasant tribe. — Sports views." Afield.

Specifications and proposal sheets may be obtained at the Board of Education Office.

Sealed bids will be received at the Board of Education Office until 10 A. M. (DST) August 31, 1961.

The Board of Education reserves the right to reject any or all proposals and to waive informalities.

By order of the Board of Education of Frederick County.

**JAMES A. SENSENBAUGH,**  
Secretary-Treasurer

**The Efficient Mr. Hoover**  
Every now and then somebody starts a rumor that high officials close to the President want to get rid of J. Edgar Hoover. These whispers are more puzzling and annoying than truthfully, apparently, for one of the first acts of President Kennedy upon his election was to notify the nation that he had asked Mr. Hoover to remain at his post with the F.B.I. This action of the incoming administration attested the high esteem generally held toward Mr. Hoover and his effectiveness as the nation's top law enforcement officer.

It is not difficult to trace the general source of Mr. Hoover's detractors. One comes soon to the political far-left, to those who like to warn of "facism" when they tilt with conservatives. Many of the so-called "liberal" political schemers, with their supporting writers and organized groups, hate Mr. Hoover with a vengeance, even as they hate anybody who warns of the Communist menace. They realize that Mr. Hoover with his F.B.I. fights Red subversion where he finds it and never fails to put America's security first. This is just too much for them. They itch for his scalp.

**Authority On Reds**  
Through the years since 1919, Mr. Hoover has understood Communism as few Americans have. He has followed its fortunes, its shifting positions and meandering lines. He has observed its underground, watched its party at work, caught its spies and investigated its intellectual hirelings. From time to time he has made important revelations about its dangers to America, and all the while he has enjoyed the confidence of presidents of both parties. He has always encouraged anti-Communist activities; his own book, *Masters of Deceit*, is our best popular study of Communism in action.

Mr. Hoover is primarily a law enforcement officer. He is not a politician. As a "G-man" he is tops in integrity, in patriotic idealism, in belief in the necessity of preserving the American heritage. Typical of Mr. Hoover's viewpoints is the statement appearing in his regular cover letter addressed to law enforcement officials in the F.B.I. Bulletin for July:

**Ideals For Officers**  
"It is the responsibility of law enforcement officers to aid in building our country into a strong and respected republic, just as they have historically led the battles against other threats to our safety and security. The law enforcement officer should be respected by both adults and young people alike, and by his example of physical sturdiness, incorruptible morals, and high regard for the principles of our free land, he can do his part in preventing any dangerous trend toward a national weakness. He owes it to his country, his community, his family, and himself."

A recent news release from the Department of Justice showed new all-time highs in accomplishments of the F.B.I. In the past fiscal year, fines, savings, and recoveries in cases investigated amounted to \$1.34 for every dollar appropriated for the Bureau. Of persons brought to trial by the F.B.I., 96.6 per cent were convicted, most of them from guilty pleas. The Bureau's laboratory answered requests for assistance that resulted in 244,133 scientific examinations. Fingerprint cards were added to the file at more than 21,000 daily.

Mr. and Mrs. Donald Rodgers and family, Baltimore, visited over the weekend with their parents, Mrs. Thornton Rodgers and Mr. and Mrs. Curtis Topper and family.

Mrs. Carroll Wivell and children and Mrs. Ralph Long and daughters, visited in Littlestown on Friday evening.

Robert C. Gelwicks, Baltimore, spent the weekend with his parents, Mr. and Mrs. Earle Gelwicks.

David Herring, USN, Cape Hatteras, spent the weekend with his parents, Mr. and Mrs. Brooke Herring.

William Ott, USMC, spent the weekend with his mother, Mrs. Clara Mae Ott.

Mr. and Mrs. David Adams and family have returned to their home in Philadelphia after spending some time with his parents, Mr. and Mrs. Norman Adams.

Miss Evelyn Humerick has returned to her home in Damascus after visiting a few weeks with her aunt, Mrs. Jackson Humerick.

Mr. and Mrs. Phil Tracey, Thurmont, visited Friday evening with Mrs. George Ashbaugh and son.

Mr. and Mrs. Roger Zurgable and son, Mark, have returned to their home here after vacationing in the mid-west and Canada.

Mrs. George Callen and children, Frederick, visited last week with Mr. and Mrs. Edward Houck and family. Mr. and Mrs. Richard Leonard and family, Philadelphia, visited with the Houcks on Thursday.

Mr. Dean J. Sprague visited with his parents this week in Cadillac, Mich.

Mrs. Anna Topper and granddaughter, Debbie, Mrs. William Rogers, and three children, Hanover, visited last Saturday with Mr. and Mrs. Roy Wivell.

Mr. and Mrs. Fred Hoff and children visited Sunday with Mr. and Mrs. Roy Wivell and family.

Mr. and Mrs. Henry Wivell of Spring Grove, held a wiener roast recently at their home: Those attending were: Mr. and Mrs. Roy Wivell and family; Mr. and Mrs. James Wivell and family; Mr. and Mrs. Joseph Wivell and fam-

ily; Mr. and Mrs. Charles Wivell and family; Mr. and Mrs. Robert Wivell; Mr. and Mrs. Thomas Wivell and family; Mr. and Mrs. Fred Hoff and family; Mr. and Mrs. Edward Reaver and family; Mr. and Mrs. Lionel Albright, and Phil Topper.

**Hold Reunion**

A family reunion was held recently at Kump's Dam for the Hartdagen family. Those attending were Mr. and Mrs. Vincent L. Hartdagen and daughter, Lois; Mr. and Mrs. Charles Hartdagen and children, Mike and Kathy; Mr. and Mrs. John B. Little and son, Timothy; Margaret and Denise Bouey; Mr. and Mrs. Allen Bouey and son, Jim; Mrs. Eunice Neighbours and children; Mr. and Mrs. Henry Hilton; Miss Eileen Wetzel and Jim Otto.

**CHOSEN QUEEN**

Miss Judy Valentine, daughter of Mr. and Mrs. Charles Valentine, Emmitsburg R2, was chosen Friday evening as queen of the Adams County Fireman's Association convention held in Midway, Pa.

**Licenses Revoked**

The State Dept. of Motor Vehicles reported this week it had revoked the driver's license of Richard E. Weller Jr., Taneytown and William Thomas Smith, R1, Taneytown. At the same time the Dept. announced the suspension of driving privileges of James M. Eyer, Thurmont, Ray Allen Downs, R2, Thurmont, John Vincent Knox, R2, Taneytown and George M. Fisher, Rocky Ridge. A license was reissued by the Dept. to Norman Edward Tyler, R1, Emmitsburg.

**INFANT DIES**

Graveside services were held Tuesday evening at 6 o'clock at Friend's Creek Cemetery for the infant daughter of John F. and Alberta (Turner) Stottlemeyer, R1, Emmitsburg. The child died 80

**Reds Dislike F.B.I.**

The report mentioned "continuing, vigorous investigation by the F.B.I. of those elements endangering America's internal security." Because of these services "the Department of State has been enabled to take action against Soviet-bloc officials who have engaged in activities beyond the scope of their official assignments in the United States; and the Department of Justice has been enabled to institute prosecution against persons engaged in espionage activities." The Communists do not like Mr. Hoover, that is clear. But it is difficult to imagine an American citizen so misguided, ill-informed, and unpatriotic as to suggest his dismissal. I would like to urge that readers of this column write the boss of J. Edgar Hoover (not Mr. Hoover himself) and commend the Department of Justice for the fine work of the Bureau under the direction of Mr. Hoover. His boss is Attorney General Robert F. Kennedy.

ABIGAIL

(Continued From Page One)

Proponents of this bill contend that the States cannot continue to finance the educational needs of the 1960's and therefore Federal aid is essential. Once again, the record reveals otherwise as the taxpayers of America continue to approve school bonds to improve educational facilities.

Despite claims to the contrary, the States and localities have not been wrung dry by their Herculean accomplishments; as a matter of fact, only 27 of the nation's 40,000 school districts are found to be "borrowed up" to their limit. Incidentally, while proponents of the Federal Aid to Education bill have argued that the States cannot continue these efforts on the same level, the bill itself

provides that a State must continue to operate on the same level or forfeit part of the Federal aid. Some States and many localities are entirely free of debt. All are much better off than the Federal government, which now proposes to aid them.

New Law Eases Tax Burden

Lumen F. Norris, Supervisor of Assessments, said this week he now has forms available in his office at the Court House for persons with a limited income desiring to qualify for a real estate tax exemption.

Norris was recently designated by the County Commissioners to administer the new law which was passed by the 1961 session of the Legislature.

Since the exemption was announced several months ago, the Assessor's office and the County

Commissioners have received numerous inquiries concerning possible tax exemption.

The law allows that the County Commissioners are authorized to grant an exemption of \$1,500 from assessed valuation on real property for any person over age 65 who has been a bona fide resident of the county for the preceding five years and whose total gross income is \$1,200 or less per year.

The exemption idea was conceived by the Commissioners as relief to aged persons with little or no income who own property in the county and who were finding it a hardship to raise money for real estate taxes.

Those who will benefit will be mainly persons depending on nothing but Social Security or other small retirement incomes for general living funds.

Employees in the Assessor's office will aid persons seeking to qualify by explaining the law and the income status, Norris said. The applicant must have an affidavit certifying that the income information is correct and also that the person applying has legal title to the property on which the exemption is sought. The applicant must also declare that the property is the home of the person seeking the exemption.

It is not thought that too many persons in this county will qualify, so there will be little reduction in real estate taxes. The Commissioners said it is desirable to let a resident maintain their own home, if possible, rather than have the resident qualifying under the tax exemption to eventually become a full ward of the county.

The exemption is made on the assessed valuation of real estate, and by administering the law in Norris' office considerable book work will be eliminated in making the exemption on the original tax bill.

Frederick County Orchestra Is Organizing

Frederick County has a new organization devoted to the encouragement of musical activities—for performers as well as concert-goers. The Frederick Orchestra, Inc., is a non-profit group formed around members of the Frederick Symphony directed by Charles J. Warner, chairman of the music department at Hood College.

Currently engaged in seeking patrons, the Frederick Orchestra plans three concerts during the coming season. Following a subscription benefit party which was held Wednesday at the Officers' Club of Fort Detrick, there will

be a drive for the sale of season tickets.

Classically trained musicians interested in playing with the Frederick Orchestra will be invited to attend rehearsals beginning in September. If the response is sufficient the group will form a second musical organization, a workshop orchestra, which also will be directed by Mr. Warner.

Musicians and music-lovers who are interested in supporting the Frederick Orchestra, are asked to write to Box 393, Frederick, Md., for complete information.

SCHOTT—PRIEST

Miss Lois Eileen Priest, daughter of Mr. and Mrs. Cecil Priest of Detour and Emmitsburg, became the bride of Herman Schott, son of Mr. and Mrs. Johann Schott of Taneytown, recently, in the Keysville Lutheran Church. The bride's pastor, Rev. Donald C. Brake performed the double ring ceremony.

The bride, given in marriage by her father, was attired in a white floor length gown of Chantilly lace and tulle. Miss Beverly Priest, sister of the bride, was her honor attendant. Marion Priest, sister of the bride, and Georgann Erich, cousin of the bride, were bridesmaids.

Bruno Schott was best man for his brother. Ushers were Gustav Schott, brother of the bridegroom, and Gerald Meunier, friend of the bridegroom.

Immediately following the ceremony, the reception was held in the social room of the church.

The couple are residing at Starner's Dam, having returned from a trip to Grandfather Mountain, N. C.

Scouts Complete Summer Camp

Troop 284 and Post 265 of the Emmitsburg Bop Scouts returned last Sunday from a week's camping trip at Wilson Scout Reservation in Lorton, Va.

The week was filled with camp crafts, rifle instruction, archery, boating and swimming.

Those attending the camp were: Dennis Boyle, Jeff Zurgable, Tony Martin, Mike Shorb, Mike Byard, Mike Orndorff, Maurice Troxell, Donald Marshall, Greg Zurgable, Larry Piper, Ralph Ohler, Gus Rice and Rudy Chatlos, all of Troop 284 and Explorers Ronald Stouter, Tom Humerick, Bob Zimmerman, Harry Harner, Billy Sanders, Eddie Baker and Dennis Martin. Explorer Advisor J. E. Houck served as adult leader for the group.

Merit Badges were earned as follows, Pioneering MB—Jeff Zurgable, Dennis Boyle and Bill Sanders.

Swimming MB—Bob Zimmerman, Tom Humerick, Donald Marshall and Dennis Martin.

Archery MB—Dennis Martin.

Canoeing MB—Bob Zimmerman, Donald Marshall and Tom Humerick.

Forestry MB—Bill Sanders, Dennis Boyle and Jeff Zurgable. Junior Leaders' Training Course was passed by Rudy Chatlos and Larry Piper.

Neckerchiefs and slides were given for tree climbing to Dennis Martin, Mike Shorb and Harry Harner; turtle hunt, Ed Baker and Bob Zimmerman.

Many other tests were passed which will enable the Scouts to achieve the next ranks. Campfires were held on every available night and an emergency search party was organized to look for a pilot down in the area. It turned out to be a test but all the Scouts worked hand in hand with the Marines who led the search.

A water carnival was held on Saturday morning with Emmitsburg winning fourth place. Transportation to and from Camp Wilson was provided by Ed Fitzgerald.

ELIAS LUTHERAN CHURCH Rev. Philip Bower, Pastor Sunday, August 20, 1961. Sunday School, 9:15 a. m. The Service, 10:30 a. m., with Rev. John S. Bishop, guest minister.

MEDITATION

Read Proverbs 12:17-23; John 3:1-11.

Thou shalt not bear false witness against thy neighbor. (Exodus 20:16.)

Traveling through the mountains from a farm where we had had some days of vacation, we gave an elderly lady a ride. She was going to a religious meeting. During the few minutes she was in the car, we soon learned that she was very inquisitive and was willing to use her tongue.

She wanted to know from where we had come. I mentioned the name of the farmer, "Oh", she said, "he is quite a man—impossible to say anything evil about him."

Then she talked about other people. I am sure they all were sinners, though some were Christians and some non-Christians. She did bear witness—even false witness against many of them. It is possible, to bear false witness even against non-Christians.

I am convinced that it is sin to speak when we bear false testimony and do not keep to the truth. Let us be careful when we talk—keep to truth and be governed by love.

Prayer

Dear Father, help us to be more careful when we talk and bring our witness. Let us never hurt people by telling things which are not true. May all we say and do in life express that love which was revealed in Jesus, the truth and the love by which we live. In His blessed name we pray.

Amen.

Thought For The Day The tongue can be used for good or for evil. Let me use it only for good.
