SINGLE COPY 7c

The Weekend Weather Forecast

Warmer Friday and possible intermittent showers over the weekend. Temperatures near normal.

Most Anything At A Glance

BY ABIGAIL

The Frederick County Commissioners would do well to reconsider their decision to appropriate money for a new stadium for Frederick High School. The Commissioners have intimated that the money is available if and when the Board of Education decides to build the structure. Estimated cost of the stadium would be around \$75,000 it has been learned. Proponents for the stadium complain that Frederick High School has been forced to use McCurdy Field for its football field and that McCurdy was a baseball and not a football field. That's too bad but many large cities and their professional baseball and football teams and also many colleges do the same and manage rather well I'd say. The coach at Frederick Hi says "the stadium not only will help the football program but will help civic pride." Well now ain't that just dandy? I wonder when the Board of Education and the Commissioners are going to bolster Emmitsburg's civic pride? With classroom space so sorely needed at our local public school the idea of erecting a stadium for recreational purposes at Frederick is ludicrous. Here we are holding classes on the stage of our school and in the cafeteria while other classes are eating lunch at the same time. The disturbance is very distracting to the students you can be sure and I feel that this situation should be alleviated prior to any erection of a stadium, not only in Frederick, but any other town in the county. Last year it was a multi-thousand dollar swimming pool, which finally was deferred, now this year it's a stadium to bolster civic pride. With an election just around the corner our Commissioners would do well to reconsider their recent decision and to realize that Emmitsburg is a very vital portion of Frederick County and not just an appendage near the Pennsylvania State Line. Emmitsburg you know, is the second largest voting district in Frederick County and don't you boys forget that for one minute.

George P. Mahoney and his ticket met and won many new friends when they visited here this week. They were guests of the New Frontier Democratic Women's Club here Monday evening. To say the ladies were well pleased is an understatement. I am told they were highly enthused with the visit of the gubernatorial candidate and that they would be very happy to have a return visit in the near future.

Now that the recent snow storm has subsided and the restoration crews have about completed their emergency work a word of praise is in order for the boys who man the poles. Both the Potomac Edison Co. and the C. & P. Phone Co. went all-out in their efforts to restore things to normalcy after last week's devastating storm which left the community and area without phone service or electricity, some for hours, some for as high as five days. Crews worked around the clock to right the mess the heavy snow made of the wires and poles. In many sections still, the wiring looks like a mess of spaghetti. Emergency cables have been strung on the ground and the real trouble spots bypassed in an effort to provide service to all. It'll take months perhaps to right all the wrong created by the storm but all I have is high praise for the men who man the poles. Over 200 telephone poles were smashed earthward and 883 lines were decommissioned due to the storm.

The recent installation of a radio in the local police cruiser proved prudent last week during the storm. Police Chief Law had many occasions to use the radio and offer assistance to individuals inconvenienced by the lack of electricity and phone service during the storm. The investment was well worthwhile in my estimation and let us hope it will go on doing a good public service for a long time to come. I am certain the installation will pay for itself in more than one way.

Mount Meets Wittenberg At Evansville

Coach Jim Phelan and his Mt. St. Mary's College basketball squad emplaned from Washington Wednesday morning for Evansville, Ind., where they met Wittenberg, defending NCAA small college champion, in a quarter-final national tournament game yesterday afternoon.

Capt. Dick Talley of the Mountaineers may be side-lined due to an infected right elbow. The 6-5 Senior, who has scored 1,353 points in his career, has been taking penicillin shots to reduce the swelling. Coach Phelan has indicated if Talley is unable to play he will use Jack Campbell, a 6-5 Sophomore.

The Mountaineers, 21-6, are riding on the crest of a seven-game winning streak. They snared the Mason-Dixon Conference title and followed by capturing the eastern regionals with victories over Albright and Hofstra.

This will mark the second straight year the Mount has advanced to the Evansville tournament and third time in the six-year history of the tourney. Last year the Mount bowed to Wittenberg 65-49 after defeating Austin Peay 96-78. Their previous visit was in 1957 when Jack Sullivan set tourney records which still stand. Mt. St. Mary's has never finished lower than fourth in the tournament.

In other quarterfinal games yesterday, Northeastern met Southern Illinois, Sacramento State faced Valparaiso, and Southeast Missouri opposed Nebraska Wesleyan. Semifinal games will be played this evening and the championship affair on Saturday.

Liners Eliminated In State Competition

Emmitsburg High School was eliminated from the State Class C semi-finals when they were downed by Poolesville last Thursday night at College Park, Md., by a 41-38 score.

The Indians fought off the comeback effort of the Liners in the last two minutes of the game to move into the finals.

But had Emmitsburg picked up a couple of felders from 6:52 of the first quarter to 6:09 of the second, it might have been a different story.

During that span, the Liners were without the services of center Bill Zimmerman. Zimmerman, an unlikely starter because of sickness the first part of the week, was cut on the head midway of the first period and was forced out of the game until the second half.

Despite the inability to hit from the floor and considering Poolesville's two-on-one defense against Zimmerman, the Liners nearly turned the tables on the Montgomery County Class C champs.

Going into the final eight minutes, Emmitsburg trailed, 31-23. The Liners had cut into the Indians' lead during the third period after being behind, 23-14, at halftime.

Zimmerman was high man for both teams with 13 points.

BUSHMAN-SHRINER

Miss Cheryl Darlene Shrinier, daughter of Mr. and Mrs. Carl Shrinier, Thurmont, became the bride of David Rodman Bushman, son of Mr. and Mrs. Charles W. Bushman, Emmitsburg, last Saturday evening at 6 o'clock in the Lutheran Church. Rev. Philip Bower performed the double-ring ceremony.

Field Registration To Be Held Here

Emmitsburgians will be given an opportunity to register for the coming primary election to be held in May.

The Board of Election Supervisors announced this week that a field registration would be held in Emmitsburg on Thursday, April 5, in the Fire Hall from 5 to 9 p.m. The registration is for both Democrats and Republicans and local registrars have been appointed. Democrats wishing to learn more about the registration are asked to contact Mrs. Thomas Bollinger, phone HI 7-3411 and Republicans, Samuel C. Hays, HI 7-5701. Those individuals who will have reached their 21st birthday prior to election day, November 6, are eligible to register now but cannot vote in the primary in May unless they are 21 years of age.

WATER COMPANY WANTS OKAY FOR LOAN

Formal application was filed by the Emmitsburg Water Company this week with the Public Service Commission of Maryland for permission to borrow money for the purpose of improving the water system to meet the growing demand for water. Improvements are said to consist of a large section of new water main, general overhaul of fire plugs and the stepping up of service in low pressure areas. Details concerning the improvements are not available at this time but are expected to be made known at an early date.

New York Woman Honored At Convocation Here

Mrs. Mary Shea Giorano, prominent in various charity works in New York City, was honored at Saint Joseph College on Saturday when she received the Saint Louise de Marillac Medal for dedicated personal service to her fellow men. His Eminence, Francis Cardinal Spellman, had confirmed the selection of Mrs. Giorano of the New York Diocese as the recipient of the award.

Currently serving as President of the Ladies of Charity in New York, Mrs. Giorano was cited for her interest in the Community Council of Greater New York, the National Social Welfare Assembly, the Nursing Services Committee of the New York chapter of the American Red Cross, and her activity with the Social Work Recruitment Committee. She serves as a Trustee at the College of New Rochelle from which she graduated with a Bachelor of Science degree, and is a member of the Board at Ladycliff Academy in Highland Falls, where she received her secondary education. She is an active member of the National Council of Women of the United States, the National Council of Catholic Women, the National Council of Catholic Charities, and the New York Archdiocesan Coordinating Committee of Lay Organizations.

In addition to the Saint Louise de Marillac Medal, past honors received by Mrs. Giorano include the Papal Cross, Pro Ecclesia et Pontifice; the Woman of Achievement Award of the Women's International Exposition; the award Lady Commander with Star, Ladies of the Holy Sepulchre; and the St. Angela Medal from the College of New Rochelle.

Right Reverend Monsignor Raymond J. Gallagher, the Spiritual Director of the Association of the Ladies of Charity of the United States, presided over the Honors Convocation, and delivered the principal address at the annual tribute to the founders of the Daughters of Charity world-wide religious community and the lay organization of the Ladies of Charity, Saint Louise. In considering the life of St. Louise and the many charitable works she undertook with the guidance of St. Vincent de Paul more than 300 years ago, Monsignor Gallagher stated: "She proved herself to be a soul who could rise above her own will and accept a mandate of God as revealed to her in the person of her spiritual director, Saint Vincent de Paul." Outlining her contributions, the Monsignor continued, "Thousands upon thousands of holy women have followed her example and remained faithful to her teachings in the fields of education, nursing, and social service—this is her impact upon the world. The half-million lay women who glory in the title of Lady of Charity, working in the same spirit of Saint Louise—this is her heritage left to a world uncertain of its goals, half-hearted in its efforts. In her, God has raised up the humble."

Sister Hilda Gleason, Ed.M., President of Saint Joseph College, bestowed the Medal upon Mrs. Giorano in recognition of her "dedicated and unselfish leadership in charitable enterprises, as sorely needed today as it was in the days when Saint Louise walked the earth." Sister Hilda paid tribute to the Association of the Ladies of Charity, their "unselfish zeal and their magnificent service to mankind," at the convocation honoring one of the association's outstanding members.

A Saint Joseph College senior, Mary Rebecca Maloney of State College, Pa., delivered a tribute to Saint Louise de Marillac during the honors program. Winner of the annual Saint Louise Speech contest, Miss Maloney represented the students of the college in delivering her prize-winning paper to the capacity audience. Musical productions included in the convocation program were furnished by the Saint Joseph College Cecilia Society.

Scout Program Will Mark Anniversary

Girl Scouts of Emmitsburg plant bulbs around the Doughboy for "Golden Blossoms" in the spring of 1962—to celebrate their golden anniversary, 1912-1962.

Girl Scouts Will Present Program Monday Night

This Monday, March 19 at the Emmitsburg High School auditorium, the Scouts and Brownies of Emmitsburg and Thurmont will present their annual Girl Scout Night at 7:40 P. M.

The theme is "Know Your Neighbors Through Dimes For Daisy."

All the troops are collecting "Dimes for Daisy," as a memorial to the founder of Girl Scouts in the United States, Mrs. Juliette Gordon Low. This money is called the Juliette Low World Friendship Fund. This year the gifts of the Girl Scouts of our country will go to help girls in our Latin American countries to have Girl Scouting or Girl Guiding, as it is called there. As part of the program Monday night each troop will present its gift in some unique way.

Each troop also will represent some country in Latin America and tell something about it. The Brownies of Troop 48, Mrs. Geo. Campbell, leader, will tell about Peru. Brownie Troop 80, Mrs. Eugene Valentine, leader, is going to represent the Honduras. Brazil is the country chosen by Troop 71, Mrs. Ralph D. Lindsey, leader. Troop 92 with Mrs. Louis Orndorff leader, will tell about Colombia. Girl Scout Troop 90, Mrs. George Wireman, leader, has the country of Argentina and Troop 72, Mrs. Charles Shorb, leader, will depict Mexico. Mrs. John Chatlos' troop 91 will tell something about Chile. The Senior Girls of Troop 88 will show something of Bolivia. Mrs. Robert Myers are their leader.

There will be a flag drill using flags of all the countries which will be portrayed in the program. Songs, costumes and pictures will help to present the program. Everyone is cordially invited and urged to attend this Scout Night to lend encouragement to the girls and their leaders by their presence.

Troop 72

On March 13, 1961 Girl Scout Troop 72 took part in Girl Scout Night held in St. Joseph's High School, presenting a "Fashion Show" of Scout uniforms of various countries.

In April a heritage hike was made to Saint Joseph's College and the shrines of Mother Seton were visited. Following this trip a second heritage hike was made over the battlefield of Gettysburg with leaders Mrs. Charles Shorb and Mrs. Ohler providing transportation. On June 24 a court of awards was held in St. Euphemia's Hall and on June 24 the troop held a food sale to help finance a bus trip to Harpers Ferry, W. Va., on July 22. During July several girls from the troop attended a two-week camp at Camp Misty Mount, Thurmont.

August was planting month and the troop weeded out, spaded and planted a flower bed along the side of the American Legion Home. A camping trip overnight was made to Marsh Creek on September 15 and 18. The outing proved to be the most exciting adventure of the year. On October 6 we participated in the program held at the annual Community Show in Emmitsburg and on October 8 a number of the Scouts assisted at the flower planting at the Doughboy at the west end of town. Also in October the troop

participated in the Fly-Up Court of Awards Senior Investiture Ceremony held in St. Euphemia's Hall.

Christmas projects were started in November. The troop made sleighs from heavy cardboard boxes, put them together and painted them. Christmas trees were made out of candles and crinoline. In December we decorated the two show windows of our meeting room for Christmas, using the Santa Claus theme for one window and a Bethlehem scene for the other. Boxes of candy and cookies were presented as gifts to the veterans at Victor Cullen Hospital. January saw us observing our second birthday party and in February a Valentine party, with Boy Scout Troop 284 as guests, was held. The troop now is in its third year and hopes to accomplish much during the Golden Anniversary Year. The troop meets every Tuesday at 7:00 P. M. at Charles Shorb's barber shop on North Seton Ave.

Troop 91

Troop 91 will celebrate its second birthday during the month of March. Many things were done by the troop. Perhaps the events that were most interesting and exciting were the two over-nighters. The first was a Night Watch held in the backyard of the home of the leader, Mrs. Chatlos. Eight girls slept under the stars, or at least they were supposed to sleep for a little while. However during the night the girls took turns in teams of two watching and recording what they saw. It was full moon and a good night to be awake. The second overnight was a camping trip at the James Cornett farm outside of town with tents, campfire, supper, breakfast and dinner, plus two watermelons.

Did you ever cook your breakfast on a tin can stove? It is very easy and very delicious, if you are a good cook. Practice in cooking in this manner was held on a Saturday at the Chatlos home and since it rained, the cooking was done under a little roof off the back porch. Rain seems to go with the outdoor plans of this troop.

Along with Scouts all over the United States, this troop went on a Heritage Hike to Harper's Ferry and the B&O Railroad Yards in Brunswick. This past summer was a time to "Remember the Past" and the hikes served to acquaint Scouts with events in the history of their communities or nation.

"Blossoms for the Birthday Years" was observed by planting bulbs around the Doughboy on West Main Street. All the troops of Emmitsburg helped in this project.

Troop 91 held a Christmas party, attended the Thinking Day party given by the Senior Scouts, house-cleaned their meeting room at St. Euphemia's Hall where they meet every Thursday at 4:00 p. m.

A trip was taken to the Home for the Aged in Frederick and a program presented to the guests there. A gift of a handkerchief was given to each woman in the Home by the girls.

New girls were added to the Troop at the Fly-Up Ceremony and the Troop lost some girls who became Senior Scouts. At present there are 23 members of the troop. The girls of this Troop and of Troop 72 presented a program for the Annual Grange Community Show.

Most of the girls attended church on Scout Sunday and the (Continued on Page 7)

Jaycee Meeting Sunday Afternoon

President Allen Stoner of the Emmitsburg Jaycees announces an important meeting to be held in the Fire Hall Sunday afternoon at 1:30 o'clock. All members are urged to attend.

The president announced the following nominating committee: John S. Hollinger, J. E. Houck and Roger Adams. It was announced that the Jaycees will hold a car wash on April 21, details to be announced. A state board meeting will be held at the Turf Valley Country Club, Baltimore, on April 24 and those interested in attending this meeting and seeking additional information are asked to phone 7-5452.

Gleemen To Sing

The combined choruses of Mt. St. Mary's College, Emmitsburg, and the College Misericordia, Dallas, Pa., will present their spring concert April 1 at 4 p.m. in the new Saint Vincent de Paul Church auditorium, Hanover. Each glee club will be heard in its own selections and will combine in several numbers. The Rev. Dr. David W. Shaum is director of the Mount gleemen and M. Daniel Regan serves as accompanist. Bernard Wert will be the guest conductor of the College Misericordia group. Sister Carmela Marie, R.S.M., is the glee club moderator. Vocal and instrumental soloists will be presented also. The public is invited.

School Registration

Registration for new students of Mother Seton School will be held on March 18 and 25 from 9:30 to 11:30 a.m. and 1:30 to 4:30 p.m. Birth and baptismal certificates for each child must be presented at the time of registration. For a child to enter the first grade in September, he or she must be six years of age by January 1, 1963.

Mahoney Is Guest Of Women Demos At Local Meeting

The New Frontier Democratic Women's Club of Emmitsburg met in the VFW Auxiliary Room Monday evening with thirty members present. Mrs. Jane Bollinger, president, presided.

Mrs. Hazel Topper, chairman of the Ways and Means Committee, reported that the club cleared \$161.80 from the card party.

The membership chairman from Thurmont, Mrs. Pat Weddle, introduced a new member, Mrs. Annabelle Taylor.

The president announced that there will be a Federal Candidates Night on March 22, 1962, at 8 p.m. at North Frederick Elementary School. At the Sheraton Park Hotel in Washington, on May 20, 21, and 22, there will be a 1962 Campaign Conference for Democratic women. A Spring luncheon will be held on May 3 at the Indian Spring Country Club in Silver Spring, Md. A luncheon at the Peter Pan Inn, Urbana, on April 14 at 12:30; and the annual Jefferson-Jackson Day dinner will be held at the Frederick Armory on April 18.

All eligible non-registered voters will have the opportunity to register on April 5, 5 to 9 p.m., at Emmitsburg Library on West Main Street. Any person becoming 21 years of age before Nov. 6, 1962, may register. For further information call Mrs. Jane Bollinger, HI 7-3411 or 7-3434.

The program chairman, Mrs. Jane Nolan, introduced the guest speakers of the evening, all members of the Mahoney ticket. Mr. George P. Mahoney, Democratic candidate for Governor, Senator Samuel Barick, Democratic candidate for Attorney General; Delegate Blair Lee III, Democratic candidate for U. S. Senator, and Delegate Carlton Sickles, Democratic candidate for Congressman at large. The club was honored to have had the Mahoney ticket as guests.

The next regular meeting will be April 9, 1962.

TO HOLD FOOD SALE

The Sodality of St. Joseph's Church will hold a Food Sale on Saturday, March 24, in the Fire Hall.

Chimney Fire Extinguished

The Vigilant Hose Co. responded to an alarm for a chimney fire at the home of Ray Barick, Harney Road, Wednesday morning at 9 a.m. No damage was reported.

A persuasive talk is what a man needs when he tries to borrow money.

Local Library Seeks Voluntary Workers

The Library Committee will meet at 7:30, Thursday, March 22. Progress of the library will be discussed. It was announced at the last meeting that chairs have been donated by St. Joseph College, tables have been promised by Mt. St. Mary's College and a set of encyclopedias has been offered by Mayor Houck. Work progress on the interior of the library is good. The interior painting is just about complete. It was decided to have the floor finished professionally. Measurements were taken for additional bookshelves. Mr. George Baker installed the first set at cost and with no payment for his time. This type of volunteer work is greatly appreciated. Certain library supplies are being ordered.

It might be well to remember here that this library project is not a new one. Books which are owned by the Emmitsburg Library have accumulated over the years under the thoughtful guidance of many public spirited citizens who have spent much time and effort to give the community the books it needs and wants. Old records indicate that the library has always scraped and crimped to collect enough money to keep it going. It is just in the past few years that this library has received county aid. The present Library Committee wishes to thank each and every one who has had a part in the formation and continuation of the library in the past. It realizes the difficulties and the real work involved in keeping it going. To Miss Louise Sebald in particular, the committee says "thank you."

Volunteers for two-hour spans of work in the library once it opens are being sought. Interest, not age, should determine whether you volunteer. Please get in touch with Mrs. Gilbert Oddo at HI 7-3764.

New Members Added To Fire Company Roster

President John J. Hollinger presided at the regular monthly meeting of the Vigilant Hose Co. held Tuesday evening in the Fire Hall. 30 members in attendance.

It was announced at the meeting by Chief Sterling White that a two-way radio had been installed in the new engine and that messages could be sent and received to both Frederick and Adams County fire departments.

Two members were reported as being hospitalized. They are Richard Topper and Harold M. Hoke. Three new members were voted into the group as follows: Active members, Robert Rosensteel and Herbert Click; social member, William E. Sanders. Members now moved from probationary membership period of six months to permanent status include Patrick Zimmerman and Robert Eiker. Chief White reported the company had been summoned to three alarms during the past month as follows: Ray Gigeous property, Phillips 66 Station and the Karl Orndorff farm. The company was called to wash gasoline from the road after an accident March 4 on Route 15 south of town.

Chief White also reported that the service truck answered 22 calls by residents during the snow storm last week which left many without electricity for several days. The truck carried a portable generator which provided current for charging home freezers, pumping water and milk, etc.

Local Ford Salesman To Be Presented Coveted Award

John S. Hollinger of Sperry's Garage, Emmitsburg, will be presented Ford Motor Company's 300-500 Club award at a banquet in Washington, D. C., on Saturday, March 17, honoring high-ranking Ford dealership car and truck salesmen of 1961 in the Washington Ford sales district.

Dennis O. Wiggins, district sales manager, said the 300-500 Club membership awards are presented for excellent retail sales performance. The Ford 300-500 Club was founded in 1950 to recognize the performance of outstanding Ford salesmen throughout the country.

Mr. Wiggins added that the average 300-500 Club member sold nearly \$400,000 worth of automotive merchandise in qualifying for the national honors.

SCOUTS

(Continued From Page 7)
work We did not meet regularly during the summer but many of us did attend the Brownie Play Day at Kump's Dam Park which was held for all the Emmitsburg and Thurmont Brownies. Since we did not meet in the summer our Heritage Hike was taken as one of the first things we did in the fall after resumption of our regular meetings. We went to Gettysburg by car and all piled into a bus for a tour of the world-famous battlefield. We ate our "nosebag lunch" at the Peace Light Inn and then returned to our homes.
Since Girl Scouts all over the

country were planting bulbs for yellow blossoms in the spring, we wanted to do this also, so we planted bulbs in the big white pots in front of the Methodist Church. We hold our meetings every Monday night at 7 p. m. in the educational building of the church. We also assisted other local Scouts to plant bulbs around the Doughboy in West End.

Our Troop sang songs for our part in the Fly-Up Ceremony when several Brownies became Intermediate Girl Scouts and some of the intermediates became Seniors. At our meetings we like to make things and we made place mats and turkeys for Thanksgiving and presents for Christmas. We also had a party for our parents and presented a play "Santas' Workshop." We made Valentines for our classmates in school and 104 Valentines as tray favors for the patients in the Annie Warner Hospital in Gettysburg. We had a Valentine party and we try also to have a birthday party every month for all girls whose birthday falls during the month.

Our troop worked hard taking orders for Girl Scout Cookies because we knew the more we sold the more money we would get into our treasury to help us help other people. We will be delivering them soon.

One night the Senior Girl Scouts joined our meeting. They taught us games and new songs which we liked very much.

The troop went to church on Girl Scout Sunday and most of them went to Frederick to help in the 50th birthday anniversary celebration. Now we are working on our part in the program for Scout Night next Monday when our troop will tell about Brazil.

free. The members cordially invite the public to attend this affair.

NOW... Easier way to bake
the BEST biscuits

Pillsbury's BEST SELF RISING Flour

HOT BISCUITS

BAKE at 450° for 12 to 15 min.

MAKES 1 doz. high fluffy biscuits or
2 doz. small crusty biscuits.

Measure... 2 cups sifted Pillsbury's
BEST Self-Rising Flour
into mixing bowl.

Cut in... 1/4 cup shortening until
particles are very fine.

Add... 3/4 cup milk, all at once,
and stir until dough
clings together in a
ball. Knead lightly on
floured surface 12
times. Cover. Let rest

5 minutes.
Roll out... to desired thickness (1/2
inch for big fluffy bis-
cuits, 1/4 inch for small
crusty biscuits). Cut
into rounds with floured
2-inch cutter. Place on
ungreased baking sheet.
Bake... in hot oven (450°) 12
to 15 minutes.

The BEST biscuits you ever baked are so easy to make when you use Pillsbury's BEST Self-Rising Flour. Convenience is built into Self-Rising flour because just the right amounts of fine baking powder and salt have already been added. No muss or fuss of measuring these ingredients.

Whenever you make biscuits, coffee cakes, muffins, use Pillsbury's BEST Self-Rising Flour. Results are guaranteed, just as results are guaranteed for all your baking when you use Pillsbury's BEST All-Purpose Flour.

You'll bake your BEST with both Pillsbury's BEST Flour Self-Rising and All-Purpose

BEST of the BAKE-OFF recipes in each sack.

100 YEARS AGO

NEW BERN, N. C., FALLS; PENINSULA INVASION SET

By Lon K. Savage

The men and women who were trying to follow the news of the Civil War had a hectic time of it 100 years ago this week. From every corner came news of important troop movements, important personnel changes, new campaigns and battles. Before the week had ended, the war had taken on a vastly different character.

First came news of a battle—good news for the North, bad news for the South. The federal army's Burnside expedition, which had captured Roanoke Island on the Carolina Coast a month earlier, captured New Bern, one of North Carolina's most important seaboard towns.

The Battle of New Bern was brief but sharp. Federal troops from Roanoke Island landed just outside the town on the morning of February 13 and advanced through a cold, drizzly rain. Next morning, in heavy fog, the two sides closed in bitter fighting, and the Confederates retreated into the town. That afternoon, Union troops occupied New Bern, and the battle ended. More than 400 Union men and 150 Confederates had been killed or wounded, and more than 200 Confederates had been taken prisoner.

Johnston Withdraws

But in Washington that week, Gen. George B. McClellan was far more interested in events in Virginia. He had just learned that Confederate Gen. Joseph E. Johnston had withdrawn his army from northern Virginia, and suddenly all his plans had gone awry. (McClellan advanced to Manassas March 11-12 to confirm Johnston's withdrawal and found logs, painted and mounted like cannon, aimed toward the North. The story of the logs, called "Quaker guns," brought humiliating laughter down upon McClellan from throughout the North.)

On March 13, McClellan and his corps commanders, stung into action, gathered at Fairfax Courthouse, just south of Washington, and made a historic decision: because Johnston had pulled South beyond the Rapidan River, the great Union army under McClellan would move by water down the Potomac River and Chesapeake Bay to Fort Monroe, just across Hampton Roads from Norfolk, Va., and there launch a Peninsula campaign eastward toward Richmond. Lincoln, while insisting that enough men be kept back to protect Washington, approved the plan that same day.

And four days later, March 17, the first divisions of the Army of the Potomac began boarding ships at Alexandria, Va., to set out on their ill-fated campaign.

Change In Command

But that was not the only news that week. In the midst of the activity, Lincoln announced that McClellan had been removed from command of the northern armies and commanded only the Army of the Potomac. (McClellan learned of the rather insulting order from a newspaper at Fairfax Courthouse.)

Down in Richmond that same week, Confederate President Jefferson Davis also made an important military change. Gen. Robert E. Lee, (who had arrived recently from South Carolina with a new horse named Traveller), was charged "with the conduct of military operations in the armies of the Confederacy."

Davis also reorganized his cabinet that same week, promoting the controversial Jew, Judah P. Benjamin, from Secretary of War to Secretary of State despite the protests of certain congressmen.

And far across the country, a federal flotilla of gunboats and transports descended the Mississippi River to the Confederacy's northernmost river stronghold—Island Number Ten. On March 17, they attacked the island, beginning a siege that eventually would crack the Confederacy's western defenses once again.

Next week: "Stonewall" Jackson attacks.

New Books At Burr Artz Library

FEDERAL AID TO EDUCATION—Ronald Steel, editor. At the heart of the argument over Federal aid is a question of

whether American schools are adequately fulfilling the challenge they have had to face in the past decade and will have to face in the future. Are our schools, under their present structure of local support, capable of giving

Americans the full measure of knowledge and abilities needed in the increasingly complex modern world? This book contains reprints of articles, excerpts and addresses on both sides of the question.

KIDS STILL SAY THE DARNDEST THINGS!—Art Linkletter. This newest volume continues the television star's delightful "House Party" program.

TRULY EMILY POST—Edwin Post. The biography of the Maryland girl who was to become a synonym for good manners and correct behavior. Born Emily Price, she was educated by governesses at private schools in Baltimore and New York.

LIVING FREE—Joy Adamson. Even more fascinating than the best-seller "Born Free," is the story of how Elsa, the world-famous lioness, reared by human beings, raised her three cubs in the African bush with the help of her friends Joy and George Adamson.

LETTERS OF H. L. MENCKEN—Guy J. Forgeue. A collection of 400 letters addressed to dozens of people dealing with literary matters, beginning in 1900 when Mencken was twenty, to 1956, the year of his death. They are addressed to, among others, Theodore Dreiser, Louis Untermeyer, F. Scott Fitzgerald, and Sinclair Lewis.

AWAKENED CHINA—Felix Greene. An eye-witness report written by an English-born radio commentator. Since the assumption of Communist control, the forbidding policies of English and American governments have barely permitted a dozen Americans to travel in the country. The British-born author has made two visits, one in 1957 and another in 1960. It is his contention that the American people are "appalling—dangerously—misinformed" about the facts of China today.

WEBSTER'S THIRD NEW INTERNATIONAL DICTIONARY, unabridged—Merriam-Webster. This new dictionary contains over one hundred thousand new words or new meanings never before included. It covers the tremendous changes in the general language and advances in science, medicine, space, and atomics as well. There are over 450,000 entries. One of the new words, for example, is "astronaut." Gift of G. Frank Thomas.

Since many words in the old second edition have been eliminated, the Library is retaining both old and new editions.

OUTDOOR SPORTING TIPS

Live Bait Tips

Roaches make fine early-season fishing baits. Like the poor they are always with us. But have you ever tried to catch one out of a can full of a couple dozen. (Errr!) Try this: Nail a sharp-pointed dowel to stand upright in the center of a gallon can. There will always be a roach on top of the stick. Take it away and another moves into handy baiting position.

And don't forget you can do something about stirring up natural conditions along a trout stream. A stick thrown hard into willow branches over stream will perk up fish below. And, in the next weeks when waters are unpopulated and woodchucks are easy to spot in new grass, try this: Instead of stuffing dead chucks down holes, collect them. At day's end, stuff them in branches overhanging bluegill and crappie waters. They'll provide a natural source of maggots that will fall into water and draw fish all summer.

Store Shotgun Shells

To keep shells dry, pack them

neatly in a pound coffee tin. Waterproof seam of lid with scotch tape.

To Hold A Bobcat

Here's an ingenious idea: If your dog puts a bob up a tree and you want to keep him there while you go for a gun or net, wrap your coat or shirt around the tree. The cat will not cross it. Won't work, though, if there's a tree near enough for Mr. Bob to jump to.

Catfish Bait

Every catfisherman has his own formula. Add this to the list: Chop up a half-pound of liver into bait-sized chunks. Soak in sealed jar laced with a shot of vanilla. If the cats won't eat it, maybe your dog will.

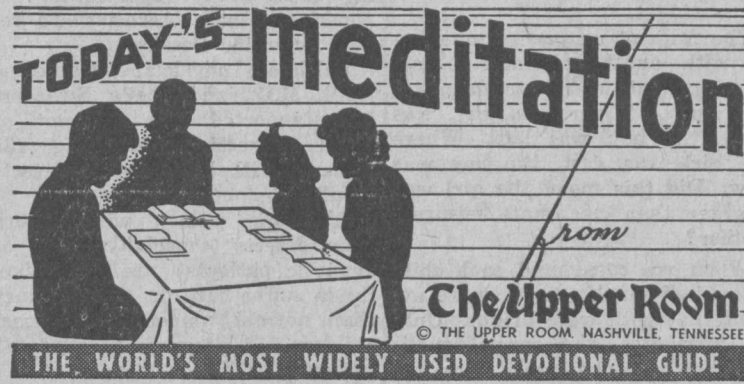

Colorful Worms

If you think the above sounds whacky (but might work), listen to this: (It works too!) On those bad days when a regular worm just doesn't seem to say the right things to fish, try dyed worms. Prepare a supply beforehand with bright green, red, or blue vegetable dye your wife uses to color cake icings. Won't hurt worms, but may hurt fish.

No Gunshy Pup

Start your pup right by firing a small-caliber gun while he's feeding. He'll be used to field shots by fall.

(Try for a \$50 prize. Send your tip to the A. A. Contest, Sports Afield, 959 8th Ave., N. Y. 19, N.Y.)

Read Psalm 116:1-9.

Let the wicked forsake his way, and the unrighteous man his thoughts; and let him return unto the Lord, and he will have mercy upon him; and to our God, for he will abundantly pardon. (Isaiah 55:7.)

Anxious that a photograph of her be good, a woman tried to impress the photographer with that idea. "You needn't worry," he said. "My picture will do you justice." The woman answered, "But I don't want justice. I want mercy."

We all need mercy: for, as Paul says, "All have sinned, and come short of the glory of God." Simple justice is a phrase we used, and in many areas it is good. But justice for the sinner would mean condemnation and punishment.

Even without Paul's assertion, our hearts tell us we have sinned. We are guilty of doing what we should not have done. What may be even worse, we are guilty of leaving undone what we should have done.

The law calls for justice, but Christianity stresses mercy for all who forsake their evil ways and thoughts and return unto God with a sincere plea for forgiveness.

Prayer

We confess our sins, O God, and turn to Thee for pardon. Have

mercy upon us. Give us power this day to resist temptations to do evil. In Christ's name we pray. Amen.

Thought For The Day

"God be merciful to me a sinner."

Milton M. Thorne (Missouri)

25 Years Of Cancer Progress

This is the seventh in a series of feature articles to appear here each week in recognition of "Cancer Progress Year," and to report to the public on where science now stands in cancer research.

More Research, More Lives Saved

To pinpoint targets for future preventive programs. This is the purpose of the American Cancer Society's "Cancer Prevention Study," the most extensive medical statistical research project ever undertaken. In 1959, some 70,000 trained volunteer researchers in 1,125 counties enrolled more than one million men and women over the age of 30. Each of these subjects filled out a detailed questionnaire giving information on their family history, diseases, physical complaints, diet, environmental exposure, occupation, habits and other factors. Once a year the volunteers trace all of the subjects and once every two years each

subject is requested to fill out a follow-up questionnaire. The study will continue for six years.

From time to time as the study progresses, analyses are made of the occurrence of cancer of various types in relation to data recorded on the original questionnaires. This should prove valuable information of three different types:

First, it should provide better means of identifying individuals who are likely to have cancer. Such people can then be advised to see their doctor without delay, as early diagnosis and prompt treatment greatly improve the chances of cure.

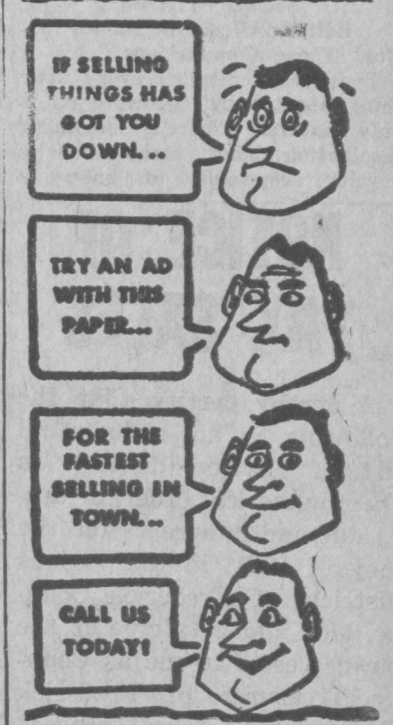

Second, it should provide means of identifying individuals who have a greater than average risk of developing cancer at some future date. Such individuals can then be advised to have cancer detection examinations regularly (and as often as their doctor recommends) so that if they develop cancer it will be diagnosed in an early, curable stage.

Third, it should provide clues as to factors which cause cancer of various types. Once the causes are found, cancer can be truly prevented.

This enormous study is made possible only because of the work contributed by Cancer Society vol-

unteers. Without their assistance, it would be prohibitively expensive.

Next week, public education to help save lives.

Tomorrow's Feed Mill—Here Today

- The brand new, automatic feed mill built by farmer-owned Southern States Cooperative at Baltimore is now in operation, serving patrons in areas of Maryland, Delaware, Virginia and West Virginia.

Every modern machinery and production method, including electronic controls and numerous innovations in feed manufacturing, are embodied in this advance-design mill to make it truly "tomorrow's feed mill—here today."

With a one-shift capacity of 75,000 tons a year, the new mill manufactures a complete line—over 60 different feeds for dairy, poultry, swine and stock. Dog and rabbit food too.

Southern States scientifically formulated mixed feeds and supplements—subject to every known facility for guaranteeing absolute quality-control in this batch-type "mill of tomorrow"—will now do an even better job of helping farmers in this area feed more efficiently, make more money.

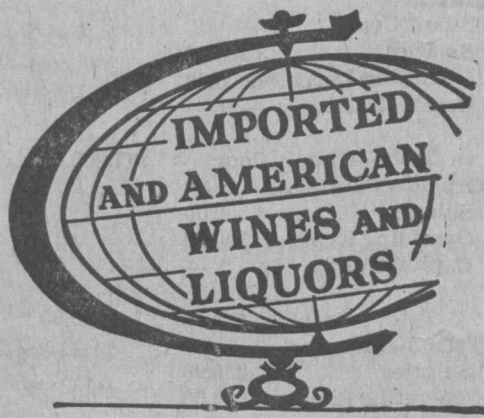

Let these top quality, modern-milled feeds work for you, too!

For latest local farm news, listen to Conway Robinson on WBAL Radio (1090 on your dial) Monday, Wednesday and Friday at 5:45 a.m.

ALL ABOUT BABIES...

A Public Service of the
National Baby Care Council

By William Kitay
Member, National Association of
Science Writers
Editor, All About Babies
Hold Those Comparisons
That you remember every little
thing about baby's growing up is
only natural. There's something
fascinating about watching a baby
develop, especially if baby is

single and particular being. In
other words, your baby is his
own sweet self. He cannot be an
exact copy of any other baby.
For a time, during our son's
first year, he gained a little over
three pounds a month. We com-
pared him with the baby across
the street who was gaining hard-
ly two pounds a month and de-
cided we were raising a giant.
Our doctor assured us our baby
was normal and healthy and that
his gains were in keeping with
his large frame.

"Every baby," said our doctor,
"develops according to his own
schedule."
As we left the doctor's office,
there was our neighbor in the
waiting room. She had compared
her baby to ours and had come
to ask the doctor if she was rais-
ing a midget.

The folly of comparing one ba-
by with another became even
more evident when our daughter
was born. When the girl was
early, the boy was late. Where
the girl was fast, the boy was
slow. Did this mean the girl was
brighter than her more leisurely
brother?

When we considered each child
as an individual, it was quite ev-
ident that both were bright. Only
the attributes, the special quali-
ties that each possessed, were dif-
ferent. They're still different. The
curious, fast moving little girl
who poked her nose into every-
thing is preparing for a news-
paper career. The slow, easy go-
ing little boy who hummed him-
self to sleep, is now playing in a
symphony orchestra.

The lucky man is the one who
forgets his bad luck.

Choir Singer

Mary Costa who will take
part in the "Cities Service High-
ways of Melody" musical tour
Sunday, April 22 over the NBC-
TV color network, started sing-
ing in the Baptist Church choir
in Knoxville, Tenn., when she
was eight years old. Today, de-
spite a \$250,000 contract, she still
sings in the Baptist choir in
Glendale, Calif.

A Favorite Crab Recipe
This delicious crab dish can be
made with fresh or canned crab-
meat. For the white sauce, you
may substitute a can of con-
densed mushroom soup.

DEVILED CRAB
3 Tbsp. butter or margarine
3 Tbsp. flour
2 cups rich milk
1 pint, chopped fine
2 Tbsp. green pepper, chopped fine
1 Tbsp. chopped parsley
1 Tbsp. Sherry (optional)
1 tsp. Lea & Perrins Worcestershire
1/2 tsp. dry mustard
Salt and pepper to taste
2 cups flaked fresh or canned
crabmeat
2 hard-cooked eggs, chopped
Grated Parmesan or Cheddar
cheese
Make a white sauce of the butter,
flour and milk; add all remaining
ingredients except cheese. Turn into
greased baking shells or individual
casseroles, and sprinkle with cheese.
Bake in a moderately hot oven (375
deg.) about 20 minutes. (Serves 6)

SMOKERS GET
TAX BREAK
Smokers in eight more states
can now deduct cigarette taxes
on their federal income tax re-
turns. This brings the total to
25 of the 47 states that tax
cigarette sales. State taxes on
other tobacco products are also
deductible in most of the 25
states.

The return can be a sizeable
item, since state cigarette taxes
run from 2 cents to 8 cents a
pack. In a state where the tax
is 6 cents, it could amount to
over \$20 for a pack-a-day smok-
er. State and federal taxes com-
bined average about half the
cost of a pack of cigarettes.
The federal tax is not deduc-
tible.

On federal returns, deduc-
tions are allowed if the states
impose the tax directly on the
consumer, rather than the dis-
tributor. In either case, the con-
sumer winds up paying the bill,
of course. In recent years there
has been a trend for the state
to change their laws to make
state taxes deductible on U.S.
returns.

In 1961, these states joined
the list: California, Illinois, Min-
nesota, Missouri, Nevada, Ohio,
Texas and Wyoming.
Other states where the tax
is deductible are: Alabama,
Connecticut, Florida, Maine,
Massachusetts, Mississippi, Ne-
braska, New Hampshire, New
Jersey, New York, Oklahoma,
Pennsylvania, Rhode Island,
South Dakota, Tennessee, Ver-
mont and West Virginia.

Other states where the tax
is deductible are: Alabama,
Connecticut, Florida, Maine,
Massachusetts, Mississippi, Ne-
braska, New Hampshire, New
Jersey, New York, Oklahoma,
Pennsylvania, Rhode Island,
South Dakota, Tennessee, Ver-
mont and West Virginia.

NOTICE OF TAX SALES

I hereby certify that the
following is an alphabetical
list of election districts in
their numerical order, of tax-
es due and in arrears for the
levy of 1961, in the various
districts of Frederick Coun-
ty, Md., and by virtue of the
power vested in me as Coun-
ty Treasurer of Frederick
County, Md., I will proceed
to offer at Public Sale at the
Court House in Frederick
County, Maryland, on Mon-
day, April 9th, 1962, at 10
o'clock a. m., to the highest
bidder for cash, each and ev-
ery of the following described
parcels of land and premises
named in the advertisement
as shown by the assessment
books in the Office of the Su-
pervisor of Assessments of
said County, and will proceed
to sell any and all of such
pieces or parcels of land
premises, beginning with the
first on said list, and so on
in order, upon which taxes,
interest, cost and fees shall
not then have been paid, and
shall continue such sale on
each secular day, legal holi-
days excepted, from ten
o'clock a. m. until 3 o'clock
p. m. until every parcel shall
have been offered.

TREASURER FOR
FREDERICK COUNTY
Charlotte W. Yarroll

Emmitsburg District No. 5

5-ANDREW, GEORGE. 8 1/4
acres land, more or less, unim-
proved located on Hampton Valley
Road, situated in Emmitsburg

sessed at \$240.
Taxes \$9.71, Interest \$.63, Costs
\$.80, Total \$18.34.

5-KEEPERS, LEO ALEXIUS.
Lot 30x175, more or less, and im-
provements located at 217 N. Se-
ton Ave., in Emmitsburg, situat-
ed in Emmitsburg District, Fred-
erick County, Maryland, assessed
at \$2,240.
County, State & Emmitsburg
Taxes \$89.11, Interest \$1.59, Costs
\$.80, Total \$98.70.

5-SEISS, CLOYD W. & LE-
ONA MAY. Lot 60x300, more or
less, and improvements located on
Federal Street, in Emmitsburg,
situated in Emmitsburg District,
Frederick County, Maryland, as-
sessed at \$6,285.
County, State and Emmitsburg
Taxes \$626.50, Interest \$15.15,
Costs \$.80, Total \$649.65.

5-STOUTER, FELIX A. 46
acres land, more or less, and im-
provements located on Crystal
Fountain Road, situated in Em-
mitsburg District, Frederick Coun-
ty, Maryland, assessed at \$5,010.
Taxes \$190.42, Interest \$6.66,
Costs \$.80, Total \$2,050.08.

5-STOUTER, MARTIN B. Lot
3/4 acre land, more or less, and
improvements located on Hamp-
ton Valley Road, situated in Em-
mitsburg District, Frederick Coun-
ty, Maryland, assessed at \$710.
Taxes \$84.09, Interest \$2.94,
Costs \$.80, Total \$95.03.

Hauvers District No. 10

10-SMITH, WILLIAM W. 11
acres land, more or less, unim-
proved situated in Hauvers Dis-
trict, Frederick County, Maryland
assessed at \$110.
Taxes \$4.46, Interest \$.29, Costs
\$.80, Total \$12.75.

10-WISE, PAUL FRANKLIN
& CATHERINE MAE. Lot 150x155
more or less, and improvements
located on Military Road, situated
in Hauvers District, Frederick
County, Maryland, assessed at
\$5,060.
Taxes \$110.24, Interest \$3.86,
Costs \$.80, Total \$122.10.

low two weeks for the transaction
to be completed by mail.
"It is extremely important,"
Commissioner Jewell said, "that
vehicle owners take the time to
double-check all the items on the
applications and insure that all
forms and money are enclosed be-
fore returning the application to
the Department. In this way they
can save themselves more than a
week's delay in receiving their
tags."

Research And Your Heart

Inborn Heart Defects Need
Not Rule Out Childbearing
Inborn heart disease need not
bar successful childbearing, accord-
ing to a study reported at the
American Heart Association's re-
cent Scientific Sessions.

Baltimore physicians, Catherine
Neill, M.D., and Sheila Swanson,
M.D., reported that two out of
three pregnancies involving 235
patients with inborn heart defects
resulted in normal babies.

Although women with inborn
heart defects (especially "blue" or
cyanotic patients) are more like-
ly to suffer hazards of pregnancy
than normal women, 213 normal
children (61%) were born of 348
pregnancies in women of this
group. When the father had con-
genital heart disease, but his wife
was normal, 80% of the preg-
nancies resulted in normal chil-

dren.

Of all pregnancies, 68% produc-
ed normal children; the others re-
sulted in 122 miscarriages, 22 in-
fant deaths shortly after birth,
7 live children with heart defects
and 8 with other malformations.
A 1.8% incidence of congenital
heart disease (including both in-
fants who lived and those who
did not) was called approximat-
ely 6 times as great as that found
in children born to mothers with-
out inborn defects.

Data obtained by the Balti-
more physicians was gathered in
a study of familial and heredi-
tary factors in congenital heart
disease supported by an Ameri-
can Heart Association grant to
Dr. Helen B. Taussig who helped
devise the first "blue baby" op-
eration. The study was conducted
among former patients of whom
about three in four had been op-
erated on in the past and, as a
result of surgery, had been en-
abled to live to adult life and in
many cases to have children.

Less than 40 cents of every \$100
of taxes collected is spent to ad-
minister the Federal Government.

IT'S SPRING - MARCH 21st!

Skating Date

Skating dates are appearing on more teenagers calendars as
refrigerated rinks continue to flourish. Five years ago there were
150, there are now 500 and 2,000 are expected to be operating
in the next three to five years. Rinks are being constructed in
small communities as well as large. In Pennsylvania for instance,
several towns ranging in population from 13,000 to 18,000 have
all built rinks in the past three years. Persons who would like
a skating rink in their town for next season should start plan-
ning now. Public officials or private citizens interested in data
on rinks may write to the Committee of Steel Pipe Producers,
American Iron and Steel Institute, 633 Third Avenue, New York
17, New York.

Attest: ANN C. McNEAL		
Clerk to the Board of County Commissioners and Secretary to the Board of Estimates of Frederick County.		
Subscribed and sworn to before me, this 14th day of December, 1961.		
ARLENE LINGG, Notary Public		
And the members of the Board of County Commissioners constituting the Board of Estimates of Frederick County, do hereby certify that the foregoing schedule of resources contains a correct and complete list of estimated resources or sources from which income will accrue or be derived to Frederick County during the fiscal year 1962, not including, however, any additions or corrections that may hereafter occur by reason of returns yet to be made.		
DELBERT S. NULL		
A. IRVIN RENN		
C. BURTON CANNON, JR.		
Members of the Board of County Commissioners of Frederick County, and constituting the Board of Estimates of said Frederick County, Maryland.		
Attest to all signatures:		
ANN C. McNEAL		
Clerk to the Board of County Commissioners and Secretary to the Board of Estimates of Frederick County, Maryland		
State of Maryland, Frederick County, to wit:		
I hereby certify that on this 14th day of December, 1961, before me the subscriber, a Notary Public of the State of Maryland, in and for the County aforesaid, personally appeared Delbert S. Null, A. Irvin Renn, and C. Burton Cannon, Jr., members of the Board of County Commissioners of Frederick County, Maryland, and constituting the Board of Estimates for said Frederick County, and made an oath in due form of law that the matters and facts stated in the foregoing schedule of resources are true and correct to the best of their knowledge, information and belief.		
Witness my hand and notarial seal.		
ARLENE LINGG, Notary Public		
We, Delbert S. Null, A. Irvin Renn, and C. Burton Cannon, Jr., County Commissioners of Frederick County, Maryland, by virtue of the power in us vested, do hereby levy the sum of one hundred and eighty eight (188) cents on each one hundred dollars worth of taxable property in Frederick County, Maryland, for the fiscal year 1962, and do hereby authorize and empower the County Treasurer of Frederick County to collect from the taxpayers of said Frederick County for said fiscal year 1962 said sum of one hundred and eighty eight (188) cents on each one hundred dollars worth of taxable property in Frederick County as per tax lists duly compiled and placed in her hands, also to collect and receive such other money or monies as per schedule or otherwise including all additions, deductions or corrections as may be made by order of the County Commissioners, or otherwise, as may come into her hands for the use of Frederick County, and to pay all such money or monies over to the respective person entitled to receive the same upon the order of the County Commissioners agreeable to law in such cases made and provided.		
And the said County Treasurer of Frederick County is further authorized to collect for the use of the State of Maryland, the sum of fifteen (15¢) on each one hundred dollars worth of property in Frederick County subject to State taxation, and to pay the same over to the State Comptroller as by law provided.		
Witness the hands of the County Commissioners of Frederick County, attested by the signature of the Clerk and the Corporate Seal of said Frederick County, this 14th day of December, 1961.

Looking Ahead
by Dr. George S. Benson
DIRECTOR - NATIONAL EDUCATION PROGRAM
Seely, Arkansas

The Red Pied Piper
Above ground or underground, the tireless Communists are not giving up their objectives in America. They are still playing for high stakes, and apparently they expect to win. It is not always understood how carefully their plans are laid and how purposefully each undertaking is pursued. The Communists in America work like beavers to reach the goals that have been outlined for them in Moscow, and if we are not vigilant they will be having some successes here and there.

For example, one might think because of the current wave of conservatism on college campuses of the nation that Communism on the campus would be a lost and dying cause. Not so, according to Cartha D. DeLoach, assistant director of the FBI. He told a group of lawyers and professional men in St. Louis recently in a meeting sponsored by the American Bar Association that the Communist Party in the United States is stepping up its nationwide campaign to influence students.

Speaking At Colleges
Party functionaries, he said, have been making speeches at colleges across the country in recent months. "The Communists have grown increasingly ambitious in their designs upon youth," Mr. DeLoach told the lawyers. An arm of the Party known as the Progressive Youth Organization Committee was set up about 13 months ago in order to pave the way for greater Communist influence among American young people, including broad segments of our college students, and its activities are being watched by the FBI, he said.

Campus activities of the Communists were setting a fast pace in the Thirties, then were renewed with vigor when World War II was ended. The Communist hierarchy knows well, as does the FBI and other authorities on the infiltration of America, just how effective these tactics were in those years in helping them penetrate American institutions and even to secure a foothold in the government. They would, of course, like to renew such activities and to plant persons they can count on, whether actual Communists or fellow travelers, in strategic places.

Using New "Front"
This new organizing committee, Mr. DeLoach pointed out, fills a void created in 1957 when their Labor Youth League was disbanded. This shifting of old organizations for new ones, working through "fronts" with titles that are attractive to some people, and campaigning for joiners are all familiar devices of the Reds. The Party also is circulating a monthly newspaper called New Horizons for Youth, according to Mr. DeLoach, and doing it without a Communist label despite its Communist control.

It is gratifying to know that the Federal Bureau of Investigation is keeping up with these developments. If the Department of Justice, directed by the President's brother, Attorney General Robert F. Kennedy, will push ahead and see to it that the enforcement authorities are encouraged, the Communist Party can be controlled in this country. Congress has passed the legislation to do this, the highest court has ruled against the Party, and the way seems clear to put a stop to much of the nonsense we have had to put up with from the Communist Party in the past.

Importance Of Teaching
Although the Party must be made to toe-the-line in obeying the laws that require registration and other controls, it should be understood that outlawing and surveillance of those who would destroy the American nation is not enough. The inroads made by the Communists in America up to now would have been impossible if the past generation had shouldered its responsibilities toward the youth in teaching the fundamentals of our way of life in the schools, colleges, and universities.

It will not be enough now to expect a vacuum to prevail on the campus with regard to political ideology. Americanism must be taught. We ought to begin in the first grade teaching the basic principles of freedom that undergird our system, and then keep at it all through secondary and higher education. If we would do this, "front" groups like the Labor Youth League and the Progressive Youth Committee would be laughed out of existence even before they could get started. There would be nobody wanting to hear speeches on our campuses by Communist Party functionaries or fellow travelers.

BABSON

Writes . . .

BY ROGER W. BABSON

Babson Discusses More Ways To Invest Money

BABSON PARK, Mass., Mar. 15—Last week I discussed investing in common stocks and mentioned several of the most popular groups today, one or two of the most speculative, and some which should be good for the "long pull." To be safe, not more than one third of an investor's funds should be

in common stocks today.

Preferred Stocks And Corporation Bonds

This week let me describe other securities to be purchased solely for income: Preferred stocks will yield the most—nearly 5%. I prefer only the cumulative and "non-callable" preferreds. Best of these seem to be the preferred stocks of the Utilities—avoiding New York, Chicago, and other large cities which might be bombed. Of the Industrial preferreds United States Steel Corp. 7% Cum. Non-callable Preferred should fit most investor requirements. It sells at over \$140 per share but yields nearly 5%.

Following the preferreds we may consider high-grade corporation bonds. These yield about 4½%. Avoid "collateral trust" or "sub-ordinated" bonds, sticking to a mortgage bond except for large corporations such as the American Tel. & Tel. Co. which puts out debentures of the highest grade. This com-

pany has just issued \$300 million due in 32 years—yielding about 4½%. I would not hold them too long, — as someday the federal government may take this company over. First-mortgage bonds of strong railroads are worthy of consideration. All State Bonds—not "revenue bonds"—should be good.

Municipal Bonds And Governments

I next rate Municipal Bonds especially for those investors in a high income bracket because interest thereon is non-taxable. Here again I say: "Avoid the large cities which might be bombed." I prefer the bonds of state capitals—cities usually located in the interior of the state. State capital cities seldom suffer from unemployment. Moreover, their income is largely derived from state taxation. State Revenue Turnpike Bonds are worthy of mention. Although these are non-taxable as to interest—yet their interest payments depend upon uncertain toll receipts.

We next come to "Governments." These will always be paid, — principal and interest. The Federal Government is the only "corporation" which can print money in case of a severe depression. On the other hand, U. S. Government Bonds are taxable as to principal and interest. My favorites are the U. S. Savings Bonds Series E, on which the interest is paid when the bond is cashed at the end of 7 years and 9 months. Or the U. S. Savings Bonds Series H, on which the interest is paid by check twice a year. These Series H Bonds are issued to be cashed at the end of 10 years. Both Series E and Series H pay about 3½%.

Bank Accounts

I should also mention interest paid by Savings and Loan Banks, Commercial Banks, Mutual Savings Banks, and Mutual Funds. These pay 4% or more. An ideal investment portfolio, in my humble judgment, now consists of about one third in common stocks; one third in preferred stocks or corporation bonds; and one third in bank deposits or good short-term bonds which can readily at any time be turned into cash. This last third I like to think of as "Liquid Funds" which can be used later for buying more common or preferred stocks,—or for buying more bonds, or real estate—whenever any bargains occur in any of these possible investments. I like Kansas real estate acreage.

In closing, I must say a word regarding inflation. With President Kennedy spending federal money so freely it seems that eventual inflation is ahead of us. The present dollar worth 100 cents in 1940 is now worth under 50 cents. If we should

get into a World War, it could go to 25 cents, or less. This means that preferred stocks — and all bonds having no maturity or a long fixed maturity—would sharply decline in price. The above are my conclusions after fifty years of studying investments.

Over \$100 Million To Be Refunded

Have you filed your Federal income tax yet? Do you have a refund coming? These questions are asked by Irving Machiz, District Director of Internal Revenue for the Baltimore District.

Mr. Machiz said that over 900,000 taxpayers in the Baltimore District will receive over 103 millions in refunds based on past years experience.

This year, up to March 6, 1962, 267,000 taxpayers have received over 30 millions in refunds, which proves that taxpayers filing early receive early refunds, if due.

Machiz said he appreciates the cooperation his office has received from the taxpayers by filing early, since early filing leads to early processing of refunds.

Of the 1,600,000 returns we expect to receive by April 16th, over 700,000 have been filed, and among those still to come in, 700,000 will be refunds. Delayed filing will delay the processing of the refunds, Machiz said. The final day for filing is April 15th, but because of Sunday, the deadline is moved to Monday, April 16th, giving the taxpayer an extra day of grace.

However, Director Machiz urges taxpayers not to wait until the last minute to file, as this brings more chance of all types of errors.

The Director made the following check list to prevent common errors that taxpayers make in their rush to meet the deadline:

Print name, address, city and state on form. If it's a joint form, print both names.

List Social Security number and occupation.

Put down proper dependents.

List all places of employment and attach each W-2 statement of wages and tax withheld before mailing return.

Read instructions on listing dependents and deductions, then check all the arithmetic.

Sign the return. If joint, have the wife sign it, too.

If there is tax due, make the check payable to Internal Revenue Service. Tax must be paid in full with the return.

When all that is done, address the envelope to District Director of Internal Revenue for your area. In the Baltimore and Washington area, send it to 707 North Calvert St., Baltimore 2, Md.

Assistance is available Monday through Fridays, 8:30 a.m. to 5 p.m. in local Internal Revenue Of-

Don't be
Check-Mated ...

Don't let lack of ready cash check-mate your hopes and aims for the future. Look ahead, plan ahead and save ahead with purpose and persistence . . . and you'll have "what it takes" to make the right move at the right time for your success and happiness.

Your FIRST move is to open a savings account here. Then keep adding to it regularly. This simple strategy will WIN for you!

The Farmers State Bank

EMMITSBURG — MARYLAND

Member of the Federal Deposit Insurance Corporation

3½% INTEREST ON SAVINGS ACCOUNTS

We recently asked Mrs. Alvin Zumbrun if she would keep track of her family's telephone calls for two weeks—estimating the time, traveling and money, if any, each call saved.

Mrs. Zumbrun's completed "diary" revealed that their phone calls had saved 110 miles of driving around town, 17 hours of valuable time and \$20.14.

"We are both surprised and pleased by the results of our diary," says Mrs. Zumbrun. "We do feel, though, that the true value of the telephone cannot be realized fully in terms of dollars and cents. Some of our calls gave peace of mind that just can't be measured . . . we would never want to be without our phone!"

What would a telephone diary show in your home? Chances are you'd find, too, that your phone gives you back far more than its low monthly cost.

SCOUTS

(Continued From Page 1)
birthday observance in Frederick. Troop 91 is now working on the program for Scout Night when they will represent Chile as one of our Latin American Neighbors.

Troop 95

A birthday cake with two candles might symbolize the second birthday of Troop 92. The past year has been a good one although both our leader and assistant leader were "out-of-circulation" for a while with unforeseen illness. The parents of members and members of Troop 92 wish to express their appreciation publicly to Mrs. Jane Orndorff and Mrs. Nancy Danner for their gift of leadership. The present Brownie officers of Troop 92 are: President, Gerolyn Miller; vice president, Mary Beth Eckenrode; treasurer, Sandra Orndorff; and secretary, Holly Keepers.

Starting where we left off last year with the Chronicle of March 17, 1961 in which activities for the preceding year were listed, this year's activities are as follows:

In May the girls visited the Emmitsburg Chronicle, where Editor Arthur Elder took them on a tour of the establishment showing them the presses and explaining the processes involved in publishing a weekly paper. At the meeting held in May Mary Beth Eckenrode and Darleen Nussbaum made a report on the proper clothing Brownies should wear on hikes. On June 12 Brownie Troop 71

entertained at a party held at the Methodist Church. The 4th of July 1961 found Troop 92 members marching proudly in the parade down Main Street to the ball park. All Brownie and Scout troops marched in this parade, most of them taking part in the ball game between the Girl and Boy Scouts. On July 5 the girls had a cook-out at Houck's cabin. A nature hike was taken through the mountains and many games were played.

Troop 92 took part in a Brownie Day of Play on July 19 at Kump's Dam for all Brownies of Emmitsburg and Thurmont. The day was one to remember. The girls made new friends, sang songs with girls from all the troops, used their imagination in games, enjoyed the woodland setting, ate heartily, and cleaned up willingly.

In September plans were made to plant yellow flowers in the fall as part of the Girl Scout Golden Jubilee. Plans were also made to present a skit at the Brownie "Fly-Up."

In October, Halloween decorations were made for the Victor Cullen Hospital.

The December meeting was a Christmas Party during which the Brownies presented "Littlest Angel" for guests.

At the January meeting, it was decided to bowl every 4th Tuesday. Much enthusiasm has resulted from this additional activity.

The girls planned three "Serve the Future" projects in February to be completed by March, 1962. Two of the projects are the stressing of safety and the preparing of get-well cards for hospitalized children who might not otherwise receive cards.

On March 11 the girls attended church services together. In the afternoon of the same day several accompanied Mrs. Orndorff to Frederick to attend the rededication ceremonies for the Girl Scouts.

Brownies of Troop 92 will tell about the country of Colombia in Latin America at the Girl Scout night which will take place Mar. 19, 1962 at the Emmitsburg High School.

New Brownies in Troop 92 since last March are: Margaret Gelwicks, Patricia Houck, Patricia Hubbard, Loretta Norris, Kathy Ott, Barbara and Linda Seidel, Debbie Sprinkle and Kathy Stoner.

Troop 88

The Senior Troop of Emmitsburg was organized in the fall of 1961 when six girls were capped in a ceremony at St. Euphemia's Hall. Mrs. Robert Myers became their leader. This was a new venture in the local Scout family. The girls organized with the following officers: President, Phyllis Chatlos; vice president, Lynn Shorb; secretary Joyce Sanders; treasurer, Harriet Harner and historian, Jeanne Myers.

The girls have been busy working on their membership requirements and the Five-Point Program. They entertained Brownie Troop 71 with games and songs. They went caroling at Christmas and invited the other troops to go along. For Thinking Day, February 22 the troop invited the Intermediate Troops to a party in observance of this special Girl Scout Day.

As a part of their observance of the 50th birthday of Girl Scouts in America, the troop and leader made 102 tulips, Golden Blossoms, which they took to the guests of Montevue on Sunday. The girls attended church on Scout Sunday and the observance in Frederick last Sunday.

At present they are working on a skit for their part of the program on Girl Scout Night. They have chosen the country of Bolivia as their country for this presentation.

Beside the girls mentioned above as officers the troop has two other members, Betsy O'Melveny and Margaret Masser. Mrs. Charles O'Melveny is serving on the troop committee. The troop meets every Wednesday at St. Euphemia's Hall at 7 p. m.

Troop 71

Our troop was very busy during the past year. Last May we had seven regular members and three who attended irregularly. Today was have a full troop of 19 members. We lost our leader, Mrs.

Wegner when she moved to Foxville, so Mrs. Lindsey, the assistant, became leader. Mrs. Vernon

26 YORK STREET IN GETTYSBURG

Over 75 Years of Dependable Service

Price, spice and everything nice!

Who ever thought a car that saves like this could have so much sizzle? Chevrolet engineers, that's who! Liveliness and luxury for a low, low price were exactly what they had in mind to begin with. And they began from scratch with a whole carload of ingenious new ideas designed to give you more for your money. That spunky 6 with gas-sipping stinginess is just one example. Another: a new unitized Body by Fisher that's fit for a full-size family inside, easy to park

outside. Still another: tough but gentle one-piece Mono-Plate rear springs that outdo many a bigger car for quiet comfort. Any wonder Chevy II won Car Life magazine's 1962 Engineering Excellence award hands down? (The wonder would be if you settled for anything less—once you get your hands on one at your Chevrolet dealer's!)

The Irish In America

Renowned for sparkling good looks, freckles, a quick tongue, a warm heart, and an affinity to superstitions, the Irish people have become an integral part of their adopted land, America. Perhaps we do not even think of the Irish as a separate race until St. Patrick's Day when each "son of Erin" firmly attests his allegiance to his mother country.

However, when the Irish first immigrated to the United States during the early part of the nineteenth century, they were distinguished from the "old Americans" who instinctively shunned these dark and red-headed people who herded together in the cities and showed an obvious dislike for and fear of farming. At first not many people gave the Irish a second thought, except to classify them as boisterous people, fiercely proud of their ancestry and gullible to all business ruses.

Notwithstanding the poverty and language barrier that faced them, the Irish, within few years of their arrival in the U.S., eager to have their fists in the political pie, made themselves heard above the din of contemporary politicians. They found that by sticking together they would have more weight and they soon be-

came with exception ardent Democrats. Recognizing their strength, political leaders clamored for their votes while they, prompted by clan loyalty, started electing their own men into office. Because they settled mostly in the coastal cities, New York felt their power as they eventually constituted over 60% of the voters and worked doggedly for reforms and bills that would benefit all Americans.

Not only did the Irish benefit America through their political achievements, but also through their hard and often exploited labor on railroads, canals, and in coal mines. In 1818 there were over 3000 Irishmen working on the Erie Canal in New York State and in 20 years the Irish had helped build over 1,000 miles of canals.

Since the Irish immigrants, unskilled and unschooled, were willing to put their shoulders to the grindstone, employers often underpaid them, mal-treated them, or paid them in whiskey wages, which induced drinking and had a lot to do with the popular misconception of the Irishman and his drinking habits.

Intensely American in thought and in feelings, the Irish fell passionately in love with their adopted land and worked toward

its development and toward its unity during the Civil War. Bearing arms and fighting, the Irish became valiant champions of American unity and became true "sons of the democracy." Even the Irish nuns were noted for their bravery and selflessness in tending to the wounded on the battlefields. By the end of the Civil War the Irish had proven the love that they had always borne in their hearts for their new home.

Over the years the Irish-Americans may have drifted to the background of American interest, but one day still preserves their uniqueness, their charm, their loyalty, and their zest for life. On St. Patrick's Day each Irishman vocally and sartorially acclaims his heritage. Throughout the country Irishmen celebrate the "wearing of the green" and in New York City Fifth Avenue lies divided by green and welcomes the thousands of enthusiasts who turn out for the Patty's Day parade. Bearing flags, students from high schools, colleges, nursing schools, and representatives from Irish counties salute St. Patrick and the Irish-Americans and share in their spotlight. Everyone wears the green, the symbol of the Irish, the symbol of hope.

—Veronica Carroll

Lions Hold Zone Meeting Here

President William G. Morgan presided over the regular meeting of the Emmitsburg Lions Club held Monday evening in the Lutheran Parish Hall, 20 members in attendance.

The sight conservation chairman, Dr. D. L. Beagle, reported he had received two requests from the County Health Dept. to provide glasses for two indigent Emmitsburg individuals. The cases were referred to the board of directors.

One new member was admitted to the club. He was J. Laurence Orendorff, local businessman. Representatives from Thurmont, Yellow Springs, Frederick, Taneytown and Liberty-Unionville were present for a zone meeting over which Zone Chairman William Simmons presided.

PERSONALS

Francis Seiss, Washington, visited over the weekend with his brother-in-law and sister, Mr. and Mrs. Paul Eckenrode and son.

Mr. Leo Myers, Essex, Md., was a weekend visitor of his sisters, Miss Elizabeth Myers, Mrs. Mamie Kreitz and Mrs. Ann G. Roger.

A/2C and Mrs. James A. Brown

and son, Topeka, Kan., are spending a furlough with their parents, Mr. and Mrs. George Brown, Emmitsburg and Mr. and Mrs. Garrett, Taneytown.

Allen Sanders, Bethesda, spent the weekend with his parents, Mr. and Mrs. Clarence Sanders.

Sunday visitors of Mr. and Mrs. Roy Wivell and family were: Mr. and Mrs. Bob Wivell, Mr. and Mrs. Bernard Wivell and family, Mr. and Mrs. Thomas Wivell and family, Mr. and Mrs. Edward Reaver and family, and Tommy Joy.

Mr. and Mrs. Donald Long and family visited with Mrs. Long's parents, Mr. and Mrs. John P. Weddle, on Sunday.

Mr. and Mrs. William Hopkins and daughter, York, were weekend guests at the home of Mrs. Hopkins' parents, Mr. and Mrs. Clarence Wachter.

Robert C. Gelwicks, Baltimore, visited during the weekend with his parents, Mr. and Mrs. Earle Gelwicks and family.

Mr. and Mrs. Merle Keilholtz, Emmitsburg, R.I., have returned from a recent trip to Florida. Mrs. Keilholtz, the former Mrs. Adah Kuntz, Elizabethtown, Pa., and Mr. Keilholtz were united in marriage February 25, 1962, in the Christ Lutheran Church, Elizabethtown, Pa.

James Arnold is visiting with his son-in-law and daughter, Mr. and Mrs. Charles Pitzer and family, Elmira, N. Y.

Mr. and Mrs. Roy Wivell and children, Dick, Sam and Jr., and Mr. and Mrs. James Wivell and family, visited Sunday with Mr. and Mrs. Fred Hoff and family.

SCHOOL MENU

The school lunch menu at the Emmitsburg Public School for the week beginning March 19, has been announced as follows:

Monday: Chili con carni, ground beef, peanut butter cracker, tossed salad, cabbage, tomato and cress,

apple sauce cake.

Tuesday: Pork goulash, buttered peas, carrot strips, jellied fruit salad, peanut butter raisin cookies.

Wednesday: Egg salad sandwich, soup, pear and pineapple salad, crumb cake.

Thursday: Pork barbecue on bun, green beans, pickle, apple raisin, pineapple salad, pumpkin chiffon pudding.

Friday: Fish sticks, buttered parsley potatoes, lettuce and tomato salad, orange jello with fresh orange juice and marshmallows.

Milk, bread and butter served each day.

Hospital Report

Admitted

Nora Iigorano, Emmitsburg, R.I.

Discharged

Robert Reibling, Emmitsburg.

Mrs. Arthur Damuth, Emmitsburg.

Mrs. Ray Smith and infant daughter, Rocky Ridge.

Births

Mr. and Mrs. John Warthen, Emmitsburg, son, March 8.

Mr. and Mrs. Kenneth Vaughn, Emmitsburg, son, Tuesday.

Mr. and Mrs. James Woodby, Rocky Ridge, son, Tuesday.
