Local citizens are cautioned to use extreme care when burning trash and dead grass this time of the year. This caution was urged this week by Fire Co. officials who have been kept busy, needlessly, during the week when they answered five alarms. Under the law there is a time during the day when burning will be permitted, and then only proper supervision. Local officials aren't as tough as some of the others in the county. One Frederick area resident was fined for unintentionally starting a brush fire this week, so watch your step here . . . don't press your luck too far folks.

There is apt to be quite a bit of street and sidewalk work in town this spring as a result of the bitter winter that has just ended. The sub-freezing weather played havoc with roads and sidewalks and some of them are in a hazardous condition and must be repaired as soon as possible. Citizens must remember this: Sidewalks are the property-owner's responsibility and must be repaired at the owner's expense. However it is the Town itself will be having work done right along and it is highly possible that while contractors are in town working they can give private property owners a better price break if they have their walks repaired then.

Interested in becoming one of the Town Officials? If so you have just about three more weeks in which to let your intentions be known. To date no one has filed for the office of Town Commissioner or Mayor. Not even the present incumbents have made public their intentions of seeking re-election. With the election just a month away it's really time to start thinking about the matter folks. And for those of you who have not as yet registered for the Town Election, you can do so any day simply by dropping into the Town Office. It only takes a minute and you'll be glad you did.

With the advent of spring comes our annual request that property-owners tidy up their premises by painting, repairing or by tidying up the place. Emmitsburg really is a neat-appearing town, despite the antiquity of some of its houses. With proper care these houses can fit neatly into the picturesque surroundings of the town itself and become part of the neat pattern that is ours to behold. Spring in Emmitsburg is about as nice a scene as you will see anywhere. We have rolling hills, mountains, valleys, flatlands and farms as well as small creeks. Let's keep our property in conformity with our natural environment folks.

Grange To Host 4-H Clubs Here

These slides were made in conjunction with the United States Department of Agriculture and will be used in every one of the 50 states in the training of 4-H leaders. This is the first showing of the slides, completed with the transcript, to be shown here in this community. The slides were shown at Rocky Ridge but the completed film has just been finished.

The public is invited to attend this meeting. Bring your family, friends, and neighbors and see what a 4-H Club can do. Refreshments will be served.

Number Of Brush Fires Occur Here

The Vigilant Hose Co. responded to five alarms Sunday and Monday afternoons.

The local fireman were called Sunday to the property of Louis Cooper on the Gettysburg Road to extinguish a field fire.

The four calls Monday were almost minutes apart as area individuals began burning brush. Fires were extinguished at the following properties: Guy Ridenour, St. Joseph College, Ralph Tabler and James Wivell. Fire Chief Sterling White reported no damage as a result of the fires.

The chief warns residents to be extremely careful and to burn brush only under supervision as the ground and grass is dry due to the March winds.

John J. Hollinger, president of the Fire Co. announced this week that razing of the recently purchased Baldacchio property adjacent to the fire hall has begun. The razing is under the supervision of John Balmer.

Father Kearney Rites Held

A Solemn Requiem Mass was offered in the Chapel of the Immaculate Conception at Mount St. Mary's College, Emmitsburg, last Friday morning, for Rev. Francis P. Kearney, J.C.D., Dean of Academic Studies since 1954, who was fatally stricken on Tuesday. Very Rev. Thomas J. Kilcullen, J.C.D., vice president, was the celebrant.

The eulogy was given by Rev. David W. Shaum, Ph.D., who remarked that Father Kearney was privileged as a priest in that he combined the two paths of Christ's sacred ministry. He served both in the field of parish administration and ministering and in the instruction of others in an institution of higher learning.

Father Shaum further stated that the deceased had celebrated his twenty-fifth anniversary of his sacerdotal ordination last spring . . . twenty years of which, he served at Mount Saint Mary's College and Seminary. In conclusion he said, "The Mountain College and Seminary is bereft of a priest, a professor, an administrator, a confidant and a friend. In its loss, the administration, faculty and student body—deeply conscious of his tireless and untiring efforts on their behalf during these two decades—pledge to his dear Mother, sisters, and brothers, their fervent prayers and good works on behalf of his heroic soul . . ."

Other officers of the Mass were: Rev. Carl J. Fives, S.T.L., deacon; Rev. Philip A. Barrett, S.T.B., sub-deacon; and Rev. Gommarr A. DePauw, J.C.D., master of ceremonies.

Pallbearers were selected from among the lay faculty and were: Dr. John J. Dillon, Prof. Dominic G. Greco, Prof. Robert J. Henke, Dr. Robert T. Marshall, Prof. Richard J. McCullough, and Dr. John W. Richards. Other members of the faculty served with the president of the student body and the four college class presidents as honorary pallbearers and ushers.
