## Most Anything At A Glance

BY ABIGAIL

A little space must be devoted this week to a very important cause which affects us all. As you are well aware the annual financial drive of the local fire company is now under way. In fact it has been under way for a month now. Of the 1200 form letters requesting donations that were sent out just a little over one-half have been returned. We are all aware that the local fire-fighting unit is a volunteer one and depends solely upon the generosity of the district's citizens. Without your kind donations dear friends there would be no fire company and you know that is utterly impossible. To those of you who have laid your letters aside or mislaid them, won't you please fix up a little contribution and mail or give to the Fire Company today?

Splendid progress has been reported by the committees from Emmitsburg and Thurmont named to select a site for our new consolidated public school. In fact so much progress has been made that you could almost say the committees have completed their job. However, these two groups will not disband until the details are complete. As far as agreeing on the selection for a site for the new school, that has been accomplished, however, it now remains to persuade the County Commissioners that this is what we want for our section of the county. North County High is a must, on that we are agreed, we also are agreed on the site so now all that remains is for our County Commissioners to obtain the ground and the Board of Education will take care of the construction details. With the new school will come a better curriculum, both broader and diversified. Better vocational and athletic facilities will be furnished and we feel that it is a better situation all around. Emmitsburg and Thurmont will retain their junior high schools and we will all share the new senior North County High. There is noly one hitch now and that is to convince our Commissioners, once again, that we have decided what we want. Should these county representatives see things our way, and we believe they will, plans for the new school should move right along. From what data we have been able to gain it will be several years before actual construction can be started, due mainly to the lack of funds. At the present time our county is about \$14 million in debt, due to school bonds alone. It will, I am told, be necessary for a Legislative act, to increase the debt limit. At any rate the two committees have done a fine job, we feel, and without question the public will lend its support. Our thanks to those individuals who devoted so much time to the project and to the County Commissioners for any support they can lend to the people of Northern Frederick County.

It seems we are living in the age of numbers. We no sooner mastered the long list of digits it is necessary to dial a phone number, than we are now ordered to master a postal zone number, namely the ZIP. Oh brother, what next?

## College Grant Recipient

The National Science Foundation awarded two new grants this week to St. Joseph College, Emmitsburg. Sister Rosemary, president, announced that a matching grant of \$5,000 for an Undergraduate Instructional Scientific Equipment Program was awarded to the department of chemistry. This fund, to be matched by the college, will be used for the departmental purchase of instruments designed to improve the quality of chemical education. An infra-red spectrophotometer and Mettler analytic balances will be among the new purchases. A second grant of \$2,750 was given to the college as an NSF Institutional grant. This amount was based on the total funds awarded to St. Joseph College by the National Science Foundation during the 1962-63 period. The Administration expects to use these funds to support an educational project in the biological sciences.

## Pilgrimages To Grotto On Increase

One hundred and sixty Sisters of the Congregation of the Sisters of Holy Cross led by their Provincial Superior, Mother Mary Loretto, of the Eastern Provincial House, Rockville, Md., made a special pilgrimage to the National Shrine Grotto of Lourdes, Mt. St. Mary's College, on Sunday, July 14.

The Provincial Mother stated that since the Grotto was intimately connected with the religious life of Blessed Mother Elizabeth Ann Seton, foundress of the first parochial school, and since the Sisters of the Holy Cross are engaged primarily in the area of the field of parochial school teaching, the Congregation found it most inspiring to visit this National Shrine.

The pilgrimage service began at the Grotto site of Mother Seton's first home in Emmitsburg which was given to her from June to July 1809 by Rev. John DuBois, founder of Mt. St. Mary's College. Mother Seton and her small band remained at this site for six weeks while her own home across the valley was being completed.

The Sisters, chanting religious hymns, then proceeded along the beautiful Corpus Christi Way to the Grotto Shrine for the celebration of the dialogue Mass. Rev. Hugh J. Phillips, Director of the Grotto, was the celebrant. Father Phillips also spoke to the group on the early life of Mother Seton and the Grotto.

Returning to the campus area of the college, the pilgrimage toured the college buildings and were served lunch in the Cogan Union. Following lunch, the group went to St. Joseph College, founded by Mother Seton in 1809 across the valley, where Benediction of the Blessed Sacrament was celebrated in the college chapel where in the blessed remains of Mother Seton are enshrined over the main altar.

Father Phillips stated that this pilgrimage was one of five held on Sunday. Thousands of pilgrims have visited the Shrine thus far this summer in groups or privately.

The Auxiliary of the Catholic War Veterans of Washington, D. C., headed by its chaplain, Rt. Rev. Msgr. Joseph F. Denges, pastor of St. Stephen's Church, also made a pilgrimage to the Shrine. Msgr. Denges was celebrant at the Mass.

Rt. Rev. Louis J. Mendelis, S.T.D., pastor of St. Alphonsus Church, Baltimore, who recently led a parish pilgrimage to the Shrine has donated \$10,000 for the erection of modern comfort stations at the shrine site.

Msgr. Mendelis, an alumnus of the college, previously donated the six stained glass windows in the restored Grotto Chapel.

Mrs. John C. Pangborn, widow of the late John C. Pangborn, Hagerstown, Md., industrialist and philanthropist, has donated a large bronze Crucifixion tableau at the Shrine in memory of her late husband.

The Christus and other figures of the tableau were executed by the De Prato Studios in Italy. The scene is erected on a raised platform of mountain stone on a steep knoll directly west of the grotto, itself.

Other life size figures in the scene were donated by Mrs. Katharine Burke, Chevy Chase, the figure of St. John; Mrs. Paul May Sr., Washington, D. C., the figure of the Blessed Mother; and Mrs. Carl Hill, Woodbridge, Va., the figure of Mary Magdalen.

**PICNIC SATURDAY**  
Saint Anthony's Shrine will sponsor its annual picnic and supper Saturday, July 20.

Featured this year at the supper will be ham and chicken. The public is cordially invited to attend.

## Library Will Elect Officers

The Emmitsburg Public Library will be the place of the annual Public Meeting next Tuesday, July 23, at 8 p.m. Members of the Board of Trustees will be elected and a report of the year's activities will be given. Everyone who is interested in the Library is urged to attend.

Misses Alice Ann and Martha Jane Sherwin, Washington, spent the weekend with their parents, Mr. and Mrs. Paul Sherwin.

## Roads Engineer Claims Rt. 15 Adequately Marked

Thomas G. Mohler, District Engineer of the Maryland State Roads Commission, said this week, in answer to protest by a group of 20 business establishments along old U. S. 15 between Emmitsburg and Gettysburg, that the so-called road block at the junction of the Gettysburg bypass and old U. S. 15 had been located there because of a "dangerous conflict of traffic."

He explained that the point in question had been located at the junction of the Welty Road and Maryland's completed portion of the new section of U. S. 15.

He said that it was necessary to do this at the time in view of the fact that Pennsylvania had not yet completed its section of the new road which would connect with the Maryland highway.

He said that the Maryland State Roads Commission had completed its portion of the new road construction last fall, whereas Pennsylvania did not officially open its completed project until June 28 of this year.

Although Mr. Mohler said that the "road block" referred to is, in effect, merely a sharp right-angle turn, it will remain as it is for the present for the protection of traffic on both U. S. 15 and that which approaches over the Welty Road.

He added that stop signs are erected at the point to further protect both local and tourist traffic.

He also said that Maryland has erected signs which plainly direct out-of-state motorists to Gettysburg via Emmitsburg and old U.S. 15.

Furthermore, he said that since Pennsylvania has completed its section of the by-pass, an access ramp has been built about one mile north of the state line in Pennsylvania.

The access ramp leads directly off of the Gettysburg by-pass and is adequately marked to permit the motorist to drive to the town over the original road from near Emmitsburg eliminating isolation of the objectionable business establishments and Gettysburg.

## Church Plans Parish Picnic

The annual Parish Picnic for the Incarnation Congregation of Emmitsburg, in the St. James Congregation, Rt. 1, Littlestown, of the United Church of Christ, will be held on Saturday, July 20, at Mt. Tabor Park in Rocky Ridge.

The picnic supper will be served at 6:30 p.m. Each family is requested to bring its own place setting, hot dogs and hamburgers ready to cook, rolls, either lemonade or iced tea, and one covered dish of food for the table. The grills, charcoal, table covering, and napkins will be furnished by the picnic committee.

Following the picnic supper, there will be a period of group games and group singing. The group games will be led by Mrs. George J. Martin, Susan Martin and Mrs. Donald L. Sentz. Mr. Robert C. Simpson of Emmitsburg, will lead the group singing, and Mrs. Eric E. Glass will be the pianist for the informal program. Special music will be provided by various members of both Sunday Schools of the Parish. An offering will be received during the song service to provide for the rental of the park and for other expenses involved for the supper. Homemade cake and ice cream will be served following the informal program which will be held under the pavilion at the park.

The members of the picnic committee are as follows: Mr. and Mrs. Harry H. Swomley Jr., Mr. Eric E. Glass, Mrs. Glenn B. Springer, Mr. and Mrs. Lee R. Krout, and Mr. and Mrs. Fred W. Fissel. Rev. John C. Chatlos is the pastor of the Parish.

The families and friends of both congregations and Sunday Schools of the parish are invited to arrive at the park any time in the afternoon.

**LIONS TO MEET**  
All members of the Lions Club are asked to assemble at the Civic Grounds Monday evening for a work party at 6:15 o'clock.

**Fractures Nose**  
Mrs. Arthur D. Gernand, Rt. 1, Emmitsburg, fell Saturday on the patio of her home and fractured her nose. Following x-ray at the Washington County Hospital, Hagerstown, the fracture was reduced.

Newspapers call for conservation of natural resources, keep tab on Congressmen and legislators, and take readers to the heart of a news story in the making.

## Committees Agree On New School Site

Plans for the proposed new North County High School which would accommodate students from Emmitsburg and Thurmont were advanced Tuesday evening when delegations from the two north county towns met in Creagerstown to iron out any differences of opinion which might exist.

Undaunted by the recent announcement that the County Commissioners considered the purchase price for 40 acres of ground near Payne's Hill too extravagant, the committees spent two hours in deliberation and reached a unanimous decision to request the County Commissioners to begin negotiations for the ground immediately.

Present at the meeting were civic leaders, businessmen, organization presidents and influential citizens. Several other sites were considered and discussed at length but ultimately the Payne's Hill site was decided upon. The site under consideration consists of approximately 40 acres and it is here that it is proposed to erect the new modern consolidated school that would accommodate approximately 800 students from the northern section of Frederick County.

The unanimity of the group is considered a mandate to both the School Board and the Frederick County Commissioners. Plans for the consolidated school have been discussed for nearly five years. Two years ago the Board of Education asked the two towns to appoint committees to discuss the merger but up until Tuesday the two groups had too many differences of opinion to come forth with an amicable solution to the many problems confronting them.

Present at the meeting was Ross V. Smith, president of the Frederick County Board of Education, and who expressed satisfaction that the two committees had closed ranks and had reached a final agreement as to the location for the new consolidated school. The site is almost exactly half-way between Emmitsburg and Thurmont. Mr. Smith promised the group he would relay the wishes and decision of the group to the Board of Education and ultimately to the County Commissioners. It was the consensus of the two committees that the Commissioners should reconsider and enter into negotiation with the land owners, viz., Norbert Wivell and Charles Jamison.

The meeting was held at the home of Mr. and Mrs. Roland Seidel, Creagerstown and 18 leaders from the two towns were in attendance. The group included citizens from Foxville, Catocin Furnace, Creagerstown, Sabillasville, Graceham, Thurmont and Emmitsburg.

Present from Emmitsburg were: Ralph D. Lindsey, president of the Chamber of Commerce; Raymond Keilholtz, farmer; Bernard H. Boyle and Patrick B. Boyle, businessmen; Raymond Baker, Commander of the VFW; J. Norman Flax, Town Commissioner; Harry Swomley, farmer, and Arthur Elder, president of the Lions Club.

This site had previously been approved by both the County Commissioners and the School Board, and its selection, one of the most scenic in the northern section of the county, and one easily accessible off U. S. Route 15, is felt by the committees to be the most feasible and agreeable to the citizens and taxpayers of this area.

## K Of C Plans Crab Feast

Grand Knight Lumen F. Norris presided at the regular monthly meeting of Brute Council 1860, Knights of Columbus held Monday evening in the Council home, 20 members in attendance.

The selection for a date for the annual crab feast was discussed and the Grand Knight appointed Arthur Elder as general chairman of the event, the date to be August 24. J. Laurence Orendorf was appointed lecturer and Carl A. Wetzel chairman of the six-point action committee, by the Grand Knight.

District Deputy Paul A. Keepers announced a regional meeting in Hagerstown Thursday night and spoke of the various duties of committees of the four councils over which he has jurisdiction.

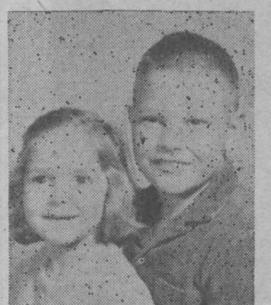

## 4-H Club Will Enter Parade

The July meeting of the Emmitsburg 4-H Club was held on July 8 at Charles Stouter's cabin. Instead of having the regular meeting, a softball game and picnic was enjoyed.

After the picnic, the group held a brief business meeting. They discussed the coming 4-H Club Week, and a number of members indicated that they would like to attend.

The president of the club asked for members interested in livestock judging, to go to some judging contests which will give them valuable experience. It was decided to make a float for the Rocky Ridge parade in August. A committee was picked to make ideas concerning the float. This committee consists of Bill Naill, David Naill, Mike Wivell, Steve Wivell and James Martia.

## CITIZENS OF TOMORROW

This week's Citizens of Tomorrow are as follows: Left picture, 1 to r., Pamela Jean, 1, and Cynthia Ann, 2, daughters of Mr. and Mrs. Alfred C. Hahn, Emmitsburg Rt. 3. Shown in the picture on the right is Cindy, 4, and Gene, 8, daughter and son of Mr. and Mrs. C. Eugene Newcomer, Emmitsburg.

## Large Number Of Scouts Camping Here

Forty-four Girl Scouts from Emmitsburg were among the 70 Scouters who began Day Camp at St. Anthony's this past Monday morning. Mrs. Harold Curry of Thurmont is the director of the camp with Mrs. John Chatlos of Emmitsburg the assistant.

Camp opened with the raising of the colors in a Flag Ceremony. This was followed by group singing and becoming acquainted with the camp personnel and rules. The girls were then divided into three units—two Brownie units with Mrs. George Danner and Mrs. Ralph Lindsey in charge and one Intermediate unit with Mrs. Robert Myers as leader. All these workers are from Emmitsburg. Other helpers from Emmitsburg are Mrs. Louis Orndorff, Gloria Orndorff, and Phyllis Chatlos. Mrs. Vernon Keilholtz of town is serving as the camp nurse for the first week and Mrs. Byron Nowell of Rocky Ridge will be the nurse during the second week. Mrs. Roland Beall and Mrs. Ralph Forwald of Thurmont are working with the Brownie units. Miss Carol Rensburg and Miss Nancy Wargney are also helping. They are from Taneytown.

The camp is located in the grove at St. Anthony's and is for the Scouts from Thurmont, Taneytown and Emmitsburg. It will be held Monday through Thursday this week and next, with a closing campfire program Thursday night, July 25 at 7:30 p.m., to which all parents and friends are invited.

Girls attending the camp from the Emmitsburg troops are: Judy Ann Miller, Lisa Orndorff, Janet Frock, Sharon Ann Danner, Vida-Marija Antolin, Laura Anne O'Brien, June Darlene Hardman, Phyllis Davis, Valerie McClellan, Mary Ann Rice, Deborah Gillespie, Cheryl Anne Topper, Susan Topper, Anna Antolin, Deborah Ann Sprankle, Sheila Ruth Chatlos, Nancy O'Brien, Nancy Carr, Connie Marie Miller, Ivanka Antolin, Mary K. Hoade, Claudia Ann Rosensteel, Winifred O'Brien, Linda Seidel, Juanita May Lindsey, Geraldine Miller, Jacqueline Balmer, Carolyn Keilholtz, Mary Margaret Koontz, Pamela Dickson, Beverly Davis, Dorothy Marshall, Linda Gillespie, Glenda McLaughlin, Mary Kay Sherwin, Pamela Topper, Debbie Baker, Diane Dutrow, Carolyn Frock, Mary Beth Eckenrode, Rose Mary Ricketts, Beverly Wetzel and Karen Waverly.

## Dog Complaints Bring Crack-Down

Due to the numerous complaints received here by the Mayor and Commissioners, the Town Council has planned a rigid enforcement of the local animal ordinance pertaining to dogs, etc.

Police Chief Wilmer E. Law has been ordered to prosecute violators in the future and it is very likely that a number of animals will be destroyed, unless their owners confine them to their premises.

The Town Fathers call local dog owners' attention to the following Town Ordinance: Article III — Animals and Fowl Running At Large Prohibited — Impounding

Section 1. It is hereby declared to be a nuisance, and as such unlawful for any animal or fowl to be turned loose or to run at large within the city limits and it shall be the duty of every town policeman to seize and impound any such animal or fowl he may find running at large in violation hereof. Any animals or fowl so impounded may be disposed of after 48 hours unless the owner thereof shall apply to the Burgess or Chief of Police within 48 hours and identify said animal or fowl to such official's satisfaction and pay the costs of impoundment or the sum of five (\$5.00) dollars, whichever is greater, and in case such owner shall provide proper identification and pay such costs, the animal or fowl may be returned to him.

Section 2. Barking, Howling and Biting Dogs. Any person who has in his possession or owns any dog which by barking, howling or in any other manner disturbs the peace, order and quiet of the city, within the police limits of the city, or which has bitten or attempted to bite any person, shall be guilty of a misdemeanor. In addition thereto, the party convicted shall deliver up the dog to be killed or may be required to remove such dog permanently from the city, and upon failure or refusal to do so, any such animal shall be seized and killed.

The monarch butterfly larvae dine exclusively on milkweed.

## Carnival Enters Two Big Final Nights

President Eugene Myers of the Indian Lookout Conservation Club is reported gratified by the support accorded the present Carnival being sponsored by the Sportsmen's Club.

Opening Monday night for a six-day stand, the Carnival has been drawing exceptionally well despite the torrid weather at this time. The affair, the seventh consecutive one sponsored by the club, promises to be a smash success and a well diversified array of rides has been scheduled for the entertainment of both young and old. Bingo is being played each evening and also there has been excellent and outstanding musical entertainment on the bandstand nightly.

Friday and Saturday nights will terminate this year's event and it is anticipated that these two nights will be the largest of the week. Tasty food is being served nightly and Saturday night a colored television set will be awarded some lucky winner.

Proceeds from this year's affair will go to the club's building fund and it is hoped that in several short years construction on a clubhouse can be started. Already the club owns a number of acres of ground near town and a large pond has been constructed and other improvements to the grounds made.

## Lions Club Horse Show Date Nears

The annual Lions Club benefit Horse Show will be held at the Civic Grounds, east of Emmitsburg on Sunday, July 28, beginning at 11 a.m., according to C. A. Elder, Lions Club President.

This year's show will feature twenty-five classes: Open Jump; Leadline Pony; Western Pleasure; Open Five-Gaited; Saddle Pony; Hunter Hack; Pleasure Horse; Open Three-Gaited; Harness Pony; Knock-Down-and-Out; Open Walking Horse; Open Stock Horse; Ladies' Hunter; Children's Harness Pony; Horsemanship; Working Hunter Stake; Roadster Pony; Pleasure Horse Championship; Open Jumper Stake; Five-Gaited Saddle Horse Championship Stake; Championship Stock Horse Stake; Walking Horse Championship Stake; Three-Gaited Championship Stake; Hunter Championship, and Jumper Championship.

Show chairman is Joseph "Cy" Haley; secretary, Guy A. Baker Jr., both of Emmitsburg. Mr. J. Marlin Burkholder, Greencastle, Pa., will be the show judge.

Mr. Haley said that if entries continue to come in at the present rate that this year's show will feature more than the 129 horses and ponies featured in last year's show.

## MRS. JOHN A. JORDAN

Mrs. Mary Catherine Jordan, of St. Anthony's, widow of John A. Jordan, died Friday morning at Frederick Memorial Hospital. She was 68 years old and had been under a doctor's care for several years.

Born in Frederick County, she was a daughter of the late George and Mary Sanders Althoff. Mrs. Jordan was a member of St. Anthony's Catholic Church and the Blessed Virgin Sodality. She operated a general grocery store at St. Anthony's for a number of years until her retirement five years ago.

Surviving are the following children: James E. Jordan and Miss Christine Jordan, both at home, Mrs. Dorothy Robinson, Mrs. Ann Slamowitz, Miss Rita C. Jordan and John W. Jordan, all of Baltimore, and Sergeant George A. Jordan, of New Jersey.

Six brothers, Raymond, George and Henry Althoff, of Baltimore; Frank J. Althoff, Emmitsburg; Bernard and Jacob Althoff, of Philadelphia, Pa.; three sisters, Mrs. John Brooker, Mrs. Joseph Like and Mrs. John J. Jordan, all of Philadelphia; and seven grandchildren also survive.

Funeral services were held Monday morning with a requiem Mass at 10 a.m. at St. Anthony's Shrine with the Rev. Fr. Vincent Tomalski officiating. Also in the sanctuary were Msgr. William F. Culhane and Rev. Hugh J. Phillips.

Pallbearers were Philip Little, Donald Little, Dallas McNaair, William Cook, Cecil Krietz and Samuel Cool. Interment was made in St. Anthony's Cemetery. M. L. Creager and Son, funeral directors.

### In Our Time

NEW FLOOR OF SPACED STEEL SLATS MAKES HOG-Raising cleaner, more economical, easy to install, it reduces stock management time to less than an hour a day for up to 500 hogs.

USE OF LOW-ALLOY, HIGH-STRENGTH STEEL IN POWER TRANSMISSION TOWERS MAKES THEM LIGHTER, EASIER TO TRANSPORT. NEW TYPE OF STEEL IS RUST RESISTANT, NEEDS NO PAINTING OR EXPENSIVE MAINTENANCE.

SCIENTIFIC TESTS SHOW IT'S EASY TO PAINT GALVANIZED STEEL IF YOU USE ZINC DUST OR CEMENT-IN-OIL PAINTS.

### Farmers Eligible For Assistance

Farmers who have completed conservation projects approved earlier this year under the 1963 Agricultural Conservation Program were reminded today to file their report of performance for cost-share assistance.

William L. Dudley, Chairman, Maryland Agricultural Stabilization and Conservation State Committee, points out that the earlier such reports on completed practices are filed, the sooner the ACP payment can be made. This will permit the farmer to meet the expenses incurred in carrying out the practice, and if he has other projects approved for completion this fall, the cash payments can help to get the additional conservation under way.

With spring conservation projects completed and the cost shares received, it will be easier to concentrate on other work that needs to be done.

The Chairman said that if a farmer has received approval for a practice which he later finds he is unable to carry out, he should report this to his County Committee. This may permit the Committee to approve another practice for him or for some other farmer in the County.

ACP, Mr. Dudley explained, has been authorized by Congress in recognition of the fact that the natural resources on individual farms are vital not only to the farmers and ranchers who operate the land but also to the health and well-being of each citizen, both now and in the future. The cost-share assistance available under the program is an evidence of the whole Nation's interest in helping insure the wise use and adequate protection of farmlands throughout the country.

Other local permits approved are as follows:

Norman and Dorothy Wiley of Rocky Ridge: A \$15,000 brick home with a breezeway, a two-car garage, five rooms, bath and basement south of Maryland 73 near the Legore Bridge Road.

Eugene E. Myers of the Myers Radio and Television Company in Emmitsburg: A \$1,000 new store front on the store on East Main Street in Emmitsburg.

Delbert Piper of R2, Taneytown: A \$50 home-made trailer as a tenant house on a farm on the Bridgeport Road one mile east of the Simmons Road.

### Hospital Report

**Admitted**

Mrs. Kenneth Rohrbaugh, Emmitsburg R3.

Robert F. Glass, Emmitsburg, R2.

Bernard J. Ott III, Emmitsburg.

Mrs. Robert H. Sanders, Emmitsburg.

Mrs. J. L. Nester, Emmitsburg.

William A. Warthen, Emmitsburg R2.

**Discharged**

Guy W. Warren, Emmitsburg.

Mrs. Maurice E. Bradshaw and infant son, Emmitsburg.

Mrs. Herbert T. Gingell and infant son, Emmitsburg.

Mrs. Robert R. Ridenour and infant daughter, Emmitsburg.

**Births**

Mr. and Mrs. Charles W. Bushman Jr., Emmitsburg, daughter, Wednesday.

Mr. and Mrs. Kenneth Koontz, Emmitsburg R2, daughter, Tuesday.

### Named To County Zoning Board

Robert B. Ogle of near Creagerstown, was named to the Frederick County Planning and Zoning Commission last week by the Board of County Commissioners upon the recommendation of the Democratic State Central Committee.

Mr. Ogle, 47, will replace Howard U. Quinn of R6, Frederick, whose term expired Friday. The appointment is for five years. The

### Cats Should Be Declawed

Declawing cats is one way to minimize damage to draperies, household furniture and carpets and should be considered by owners of troublesome felines, the Maryland State Veterinary Medical Association said today.

The operation is a relatively simple surgical procedure usually done on the front or "scratching" claws of the animal and is especially suitable for cats who spend much of their time indoors. Declawing, performed under anesthesia, is painless, but surgical skill is required.

If declawed cats are permitted outdoors, they can still climb trees, catch mice and even defend themselves—contrary to popular opinion which considers such animals defenseless. Most damage from fights results from bite wounds, the veterinarians reported.

When kitty is indoors, however, furniture and clothing remain free from rips and tears and he enjoys the serenity of living close to his master.

### Building Permits Are Issued

A \$60,000 bank expansion resulting in the removal of the present buildings at 4 and 8 East Second St., Frederick, was included in eight building permits released as approved by city, county and state officials last week.

The expansion of the existing facilities of the Farmers and Mechanics-Citizens National Bank at Market and Second Streets will be in the form of a two-story brick addition to the bank 28x40 feet in dimensions. The Frederick Construction Company will build the bank addition.

Also released was a county permit for a \$900 repair of the roof of an existing liquor store with dwellings above on the north side of East Main Street at the intersection of U. S. Route 15 in the center of Emmitsburg. The building is listed as owned by Ralph F. Irelan, the Mayor of Emmits-

job is not a salaried position.

A custom work farmer, Mr. Ogle was born and reared in the Creagerstown area, a son of the late Harvey Ogle. He attended public schools in the area. He is a director of the Thurmont Farmers Cooperative and a member of the Mt. Tabor Lutheran Church.

He is married to the former Helen Barriek. They have five children, three of whom are still living at home. He has one brother and eight sisters.

On the commission Mr. Ogle will be serving with Daniel E. Wight, Urbana; Glenn T. Swisher, Frederick; and Ernest W. Ausherman, Frederick. Mr. Wight's term expires July 12, 1965 and the term of Mr. Swisher and Mr. Ausherman end one year later.

**Treated For Eye Burns**

Treated in the emergency room at the Waynesboro hospital was Robert B. Eiker, 22, Emmitsburg, who sustained chemical burns of the left eye when cement flew into the eye while Mr. Eiker was working at Chesapeake Shoe Co., Waynesboro.

Mrs. V. M. Hodge and children and Miss Penny Hart, Bethesda, visited recently with Mrs. Hodge's parents, Mr. and Mrs. Fred Timmerman.

Mrs. Norman Flax and Mrs. Austin Nusbaum and daughters, visited recently with relatives in Ohio.

Mrs. Landon Edwards and family, Richmond, Va., visited during the weekend with her mother, Mrs. Valerie Overman.

Mr. and Mrs. Joseph Ladato and family, New Orleans, La., have returned home after visiting with Mrs. Ladato's father, Prof. Richard J. McCulloch the past two weeks.

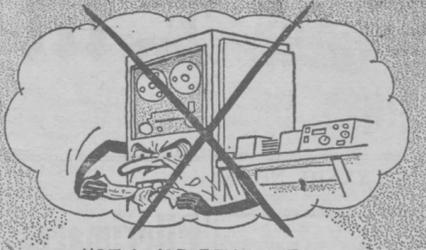

Mr. and Mrs. William Stitt, Altoona, Pa., were weekend visitors of Mr. and Mrs. Robert A. Seidel, Sr.

Mr. and Mrs. Francis X. Ligorano and family have returned home after having vacationed the past two weeks in Boston, Mass. They were accompanied on the return trip by Mr. Ligorano's mother who will spend some time visiting here.

**SENSIBLE SUMMER EATING**

So many people who take their vitamins every morning all winter long, feel that once summer is here, it's no longer necessary to have that Unicap with their morning orange juice. It's true, of course, that summer fruits and vegetables are excellent sources of vitamins and minerals. But it's also true that summer eating habits tend to be more erratic than winter schedules. Hot summer weather may not be as conducive to good appetite, and cold sodas and quick snacks may cut down on the desire for regular meals, at a season when we may be most active.

The wisest suggestion is to try to eat three well-balanced meals every day regardless of heat or busy schedules. That means including the basic food groups recommended by the U. S. Department of Agriculture: milk, poultry, meat, eggs and fish; fruits and vegetables; and bread and cereals.

But since we're all only human and there are bound to be those days when we don't eat three well-balanced meals, many prudent people continue their vitamin capsule every morning—all year round—to insure that they obtain their minimum requirements. (Write for free copy of "GUIDE TO VITAMIN INFORMATION," John Peyton, Room 914, 342 Madison Avenue, New York 17, N. Y.)

## SYLVANUS THAYER AWARD

CHAIRMAN OF THE PRESIDENT'S Advisory Committee on Disarmament, Mr. John J. McCloy, troops the line at ceremonies honoring him as recipient of the Sylvanus Thayer Award at the U. S. Military Academy. In the vehicle with Mr. McCloy are Cadet First Capt Richard E. Eckert, of Carlyle, Pa., and Maj Gen W. C. Westmoreland, Superintendent. The award is given annually to the U. S. citizen who best exemplifies the motto of the Academy, "Duty - Honor - Country."

100 YEARS AGO

## NEW YORKERS RIOT AGAINST DRAFT LAW

By Lon K. Savage

Thousands of Federal troops, who had hurried from New York City to fight in the Battle of Gettysburg, hurried back to New York 100 years ago this week to quell a new rebellion. New York was in the throes of its own little Civil War—a rebellion of the people against a hated new law—the Union draft law.

The New York draft riots of Monday, Tuesday and Wednesday, July 13th through 15th, equalled in ferocity some of the Civil War's smaller battles.

The working people of New York, many of them natives of foreign countries, had been prepared to resist the draft. They had heard speeches from respected national leaders calling the draft law unconstitutional. Several city newspapers had blasted at the draft with all their editorial fury. Especially hateful to them was a provision allowing those who could afford it to buy draft exemption for \$300. Stories circulated that army deserters were organizing the people to take violent action if the draft were to begin.

### Names Picked

And the draft, sure enough, began. It started Saturday, July 11, when a blindfolded man in downtown New York reached into a revolving drum and began picking names of the drafted.

Next day, Sunday, the names were published—1,200 of them, and the people seethed in anger.

Monday morning, workers gathered in vacant lots with clubs and pieces of iron. A mob headed downtown from Central Park, tore up railroad tracks, burst into the Provost Marshall's office and sent the employees—in the midst of drafting more men—fleeing for their lives. They wrecked the place, poured turpentine on the floor and fought off firemen as the flames burned the building and spread to adjoining buildings.

### Riot Unchecked

For the next three days, riots went unchecked. "To hell with the draft and the war!" shouted the rioters. On Monday, they burned a tavern, an asylum for Negro children, an arsenal, shops and homes. On Tuesday, criminals joined them and began looting homes. The mayor's home was sacked. A hotel was destroyed. The Weehawken Ferry house burned. A gas house, a shipyard, a factory and a police station were attacked. Hundreds were killed.

The rioters turned on Negroes in the city, chased them down, beat some of them to death and burned many of their homes.

Order finally was restored on Wednesday. Civil authorities promised to suspend the draft law. Troops, who had been at Gettysburg, returned to the city to enforce law and order.

## SPORTS AFIELD

By Ted Kesting

There is a lot about foxhounds to excite the interest of outdoorsmen and you sure can uncover a hornet's nest of verbal controversy by expounding the merits of one strain of foxhounds over another, according to Henry P. Davis, Sporting Dogs Editor, of Sports Afield Magazine. These are strains of the American foxhound: The Trigg and the Walker, like the Goodman, Trumbo, Shaver, Spalding - Norris, Birdsong and Robertson, were named for the families that originated them. The July strain was named for a famous stud hound that established the characteristics of the strain. Kentucky has been the birthplace of many strains of foxhound. These include the Goodman, Robertson, Whitlock Shaggy, Walker, Trigg and Trumbo. The

But months later, when New York's draft records were in, they had a story. Of 292,441 men whose names were called for the draft, only 9,880 actually entered the army. Next week: Morgan Rides in Ohio.

Bywaters strain was named for the Bywaters family of Virginia. South Carolina contributed the Hampton-Watts-Bennett hounds; Maryland was the birthplace of the Maryland black-and-tan, the Sugar Loaf and the Brooke strains; Georgia produced the July family, although the dog, July, came from Maryland; Arkansas was the home of the Arkansas Traveler strain, while the Shaver hound found his genesis in West Virginia. The famous Hudspeth hound originated in Kansas, and a strain called the Wild Goose appears to have been brought into Tennessee from Virginia about 1830 and made quite a reputation in the Tennessee hills.

In New England, where the fox is hunted with the gun, the Buckfield and the New England Na-

tive strains originated. In the northeastern states, where the going is rough and snow is encountered, a number of strains have been developed, some named for the originating families, others for their geographic locations. Among these are the Gossett, the Merrit, the Helderberg, Green Mountain, Adirondacks, Catskills and White Mountain. Another strain of distinction, noted for its ability to take the rough going in snow country, is the Cook hound, established by Mr. J. H. E. Cook of Detroit, Michigan. Many of these hounds were used successfully in wolf hunting. Another excellent strain is the Travis, developed by George Trav-

is and widely distributed among his fox-hunter friends.

Ford Motor Company was incorporated June 16, 1903, by Henry Ford and 11 associates. Authorized capitalization was \$150,000, but only \$28,000 was paid in. Today, the company has approximately 300,000 shareholders and total assets of more than \$5,000,000,000.

# BABSON

## Writes . . .

BY ROGER W. BABSON

### Babson Says Travel

A Good Investment  
 BABSON PARK, Mass. July 18—Last fall in these pages I discussed the bargains available in foreign travel, and I pointed out that the cost of touring was still on the way down while the cost of practically everything else was on the way up. This trend still continues. The reason is, in large part, the bitter competition not only between the air lines and the shipping companies, but also among the various ambitious concerns within those two categories.

Many Buying Travel Bargains  
 Final figures for 1962 show that Americans shelled out close

to \$2.9 billion for foreign travel during that year, an impressive gain of 10% after the temporary leveling off seen in 1961. Preliminary figures for the first part of 1963 indicate that the curiosity of Americans to visit foreign countries is still growing. The travel-now-pay-later psychology is leading many lower-budget Americans—who would never have dreamed of traveling abroad a few years ago—to give themselves a royal treat "on the cuff."

Jet flights to faraway lands are so fast that nearly all of one's vacation can be spent in romantic climes new to the traveler, instead of a slow boat getting there. Man-and-wife or entire-family bargain packages are very popular, with the cost often little more than that of a trip to some distant national park or seashore in this country. Visits to neighboring Canada and Mexico are steadily on the increase; but I am more interested at the moment in the tendency of Americans to go farther afield, to cross the open seas for new experiences.

Where People Are Going  
 The most popular parts of the world for travelers right now are the European and Mediterranean countries. During 1961 about 299,000 Americans visited these areas, while last year the total zoomed to 353,000. There was a somewhat smaller advance from the 238,000 travelers who visited the West Indies and Central and South America during 1961 to the 268,000 who toured there in 1962. Indications are that the same tendencies exist in 1963, and will for some time to come. I am told by a friend who is interested in hotels, motels, and apartments in the West Indies

that the Haitian trouble has done his business more good than harm. True, many people have moved away from the immediate area of Haiti and the Dominican Republic—also from the countries closest to Cuba. However, as a result, tourists have concentrated more heavily in other sections of the West Indies. Both the climate and the nearness of these islands make them particularly attractive to Americans, despite local political tensions in Haiti and international tensions in Cuba. Travel A Wonderful Gift.

With world travel such a bargain, now is a perfect time for parents to give their children and/or their grandchildren trips abroad. They will make wonderful new friends whom they never would know otherwise, and will become far more aware of the difference—and the similarities—among the various peoples of the earth. What could be more broadening for young, alert minds than such a wonderful experience? I consider this one of the finest investments that older people can make in the future of their younger heirs.

I have traveled widely myself, having been to most of the important countries on both sides of the Iron Curtain. Never have I taken a trip without coming home with the feeling that I have learned a great deal that I could not possibly have learned any other way. If you want to take a trip yourself, or if you want to give a trip to a relative as a gift, I advise you to deal with a travel agency in or near a city close to where you live. Details will be taken care of for you, whether the trip is to be by ship, plane, or some of each. You will find

that you can often get alternative possibilities, making the actual decisions later. Your local travel agency will keep you posted.

## Eclipse Saturday; Dangerous To Eyes

There will be an eclipse of the sun visible all over the United States on Saturday, July 20. DON'T LOOK at the eclipse unless you have first obtained expert guidance on how to do it without injuring your eyes.

Ophthalmologists (medical eye specialists) know that with each recurring eclipse of the sun they can anticipate cases of serious eye damage, even blindness.

Dark sun glasses are no protection. There are No Filters generally available that make safe viewing of an eclipse possible. This includes the sooted glass that many people once believed safe. Even heavy welders' glasses do not protect.

Telescopes and binoculars trained on an eclipse are particularly dangerous. They magnify and intensify burn. Don't photograph the eclipse unless you are an experienced professional. Looking into the viewfinder of a camera pointed at the sun is highly dangerous. Even special filters don't help, unless they are chosen with great care.

Most people, especially children, don't realize that less than one second's exposure to the direct rays of the sun can, under some circumstances, cause permanent blindness. There isn't even necessarily any immediate sensation of pain before the damage is done. The only safe method of watching an eclipse is by the "project-

tion method." That is, the viewer looks at an image of the eclipse, rather than at the eclipse itself. The image is projected onto a white surface and the observer, with his back to the sun, watches the image.

Most of us have set fire to a piece of paper by focusing the rays of the sun through a magnifying glass. It is this same burning power that damages the retina of the eye in eclipse blindness. The sun's rays are brought to focus on the interior of the eye by the optical system within the eye.

In fact, the safest way to view the eclipse is on television or through photos in magazines and newspapers. Unless you obtain professional advice from an expert—an ophthalmologist, astronomer or optical scientist—don't look at the eclipse.

## Savings Bonds Sales Show Increase

State Chairman Charles P. McCormick this week announced that sales of Series E and H Bonds in Maryland, of \$40,100,763 for the first six months of the year showed a 12.4% gain over the comparable 1962 months.

Mr. McCormick said that the Freedom Bond Drive—May 1 through July 4—was an outstanding success and greatly stimulated sales of Series E and H Bonds throughout Maryland. This was reflected in June sales of \$6,823,095 showing an increase of 15.8 per cent over June sales of last year.

Somerset County is in first place with 69.4% achievement; Howard County is second with 67.1% and Wicomico County third, with 56.8% of quota made. Baltimore

City with 55.4% of quota achieved, is in seventh place.

Increased sales are anticipated during the last half of 1963 as a result of new savers and increases in allotments by employees, brought about by the Payroll Savings Campaigns conducted by hundreds of companies and federal Agencies throughout the State. Many service clubs have already qualified for Treasury Citations in connection with the Band-per-Family program con-

ducted, in which 50% or more of members represented, purchased a Savings Bond.

All of us work for a living. Advertising is a sparkplug of our economy. It helps make mass distribution possible; that in turn calls for mass production. Mass production and distribution together employ most of us. And they generate the prosperity on which all of us depend.

## Rupture (Hernia) Varicose Veins Rectal Diseases CURED WITHOUT SURGERY

It is dangerous to neglect rupture and rectal troubles. New scientific modern method cures in most cases without surgery. No time lost from home or work.

## IN THIS WORLD

DIPTERA, ZOOLOGICAL CLASSIFICATION FOR THE TWO-WINGED OR TRUE FLIES FORMS THE LARGEST ORDER OF INSECTS NUMBERING ABOUT 75,000 KNOWN SPECIES. THE DETESTED COMMON HOUSEFLY AND MOSQUITO ARE IN THIS GROUP.

FLIES POSSESS A SINGLE PAIR OF WINGS...HIND WINGS COMMON WITH OTHER INSECTS ARE REPLACED WITH SMALL ORGANS CALLED HALTERS OR BALANCERS. THE MOUTH PARTS ARE ALWAYS ADAPTED FOR SUCKING AND SOMETIMES FOR PIERCING.

THE HOUSEFLY (MUSCA DOMESTICA), ALTHOUGH INNOCENT OF BLOOD-SUCKING HABITS, IS A DANGEROUS CARRIER OF DISEASE GERMS...BEING ATTRACTED TO EXCREMENTOUS MATTER, THE INSECT'S MOUTH AND BODY BECOMES CONTAMINATED WITH GERMS AND CARRIES THEM TO ANIMALS AND HUMANS.

FARM BUILDINGS AND AROUND DOORWAYS AND WINDOWS ARE FAVORITE HAUNTS FOR FLIES. A NEW INSECTICIDE, KNOWN AS CYGON, SPRAYED IN AND AROUND THESE AREAS CONTROLS FLIES UP TO 8 WEEKS AND LONGER FROM ONE APPLICATION. SCIENTISTS RECOMMEND CLOSE ATTENTION TO LABEL DIRECTIONS, AS WITH ALL SPRAYS, FOR BEST RESULTS.

## Useful Workshop Ideas

by Enno R. Haan, Technical Consultant

### Pony Swing or Bucking Bronco

Sanded smooth and painted, a nail keg gives 3 to 6-year olds the feeling of being astride a pony. Nail 1/2-in. waterproof plywood disk in open end of keg after cutting slots in both ends to slip on frame. Adjust distance from keg to handle to suit child, then screw down blocks to hold keg in place. Cement sponge-rubber pad to keg between blocks forming saddle and add stirrups. Connecting rod has eyes at ends at right angles to each other. It moves between sides of head (3/4-in. waterproof plywood) spaced by filler block; pivoting on bolt. Head pivots on hinge giving lifelike movement. Cross-pieces at ends add stability. Welded chain is recommended.

### Decorator Clock

You fit an electric movement in this clock case made of three pieces of plywood glued together and bandsawed to form a ring. Pivot block to saw outside, inclining saw table to cut beveled portion. Likewise pivot it for sanding on a disk sander. Then saw inside circle, distance X, to suit clock movement. Drill equidistant radial holes in periphery for dowels. Fasten lightweight brass chain to dowels with 3/4-in. nails driven into tiny pilot holes. An aluminum face is bradded to case. Hands are made of light sheet brass.

## A FISHY DISH

Creamed salmon with spaghetti and artichoke hearts makes a quick, nourishing supper dish for hearty appetites.

How lucky we are to live in a country with every imaginable convenience food at our fingertips! Innumerable quick dishes can be made from the supply shelf and the freezer. Such a dish combines a can of salmon, a package of spaghetti, and frozen artichoke hearts. Supper can be ready 10 minutes after a pot of water reaches the boil. Some bread, sticks, a salad, and coffee complete the meal.

PACIFIC SALMON  
 1/4 cup butter  
 6 tablespoons flour  
 1 teaspoon salt  
 1/4 teaspoon pepper  
 1/8 teaspoon paprika  
 1 tablespoon grated onion  
 1 1-pound can salmon  
 Milk

1/3 cup cream or sherry  
 1 pound thin spaghetti  
 1 10-ounce package frozen artichoke hearts, cooked  
 In saucepan melt butter. Stir in flour, salt, pepper, paprika and onion. Drain liquid from salmon into measuring cup and add milk to make a total of 3 cups liquid. Gradually stir liquid into flour mixture and cook, stirring, until sauce thickens. Add cream or sherry. Flake and add salmon and cook over low heat for 5 minutes.  
 Cook spaghetti according to package directions. Drain, toss with a little butter, and arrange on serving platter. Pour creamed salmon over spaghetti and garnish with artichoke hearts and lemon wedges. Serves 6.

## Blast crabgrass before the damage is done

Give crabgrass an inch, and it'll take a yard — your yard! Once crabgrass starts to spread, it can wipe out all your spring gains. That's why it's so important to apply CLOUT® before the damage is done.

By treating the entire lawn evenly with the Scotts Spreader, you make sure no crabgrass escapes. But Clout attacks only crabgrass — so good grass grows merrily on. Agreed that it's worth half an hour to spare your lawn? Apply Clout now!

CLOUT to treat 5,000 sq ft, 6.95

### Space Age Question

Astronaut Gordon Cooper hav-  
 ing completed his adventure of  
 22 times around the earth, the  
 U. S. is once again enjoying  
 what is considered part of the  
 pay-off from its commitment to  
 a space program. The glory of  
 it all, the prestige among  
 nations, the unity of extreme  
 venture may not be worth the  
 billions it is costing, but mili-  
 tarily and technologically the  
 value may prove to surpass any  
 conceivable dollar measurement.  
 These matters are difficult to  
 estimate.

So the Congress, which was  
 almost unanimous in commit-  
 ting our billions last year, is  
 once again wrestling with the

priorities as well as the tremen-  
 dous responsibility of try-  
 ing to decide whether the \$5.7  
 billion next requested should be  
 granted. There are some particu-  
 larly difficult problems in-  
 volved here, especially those  
 calling for enough foresight to  
 pierce the veil of the future.  
 Thoughtful leaders in Congress  
 and out are asking whether  
 these vast government expendi-  
 tures are useful or even desir-  
 able.

### Varying Viewpoints

There was Senator Fulbright's  
 implication that the unemploy-  
 ed should be given higher prior-  
 ity than the unexplored. One  
 might consider whether this,  
 as a national policy, would lead  
 more to socialism than to full  
 employment. Then former ASC  
 Chairman Lewis Strauss attack-  
 ed the space program as "col-  
 lossally wasteful." Mr. Strauss  
 questions the value of the moon  
 as a missile site or observatory  
 post, and he predicts that the  
 cost of the present program  
 will run nearer to \$40 billion

than to the estimated \$20 bil-  
 lion. The temporary propa-  
 ganda value of a few weeks of  
 headlines, he maintains, is hard-  
 ly worth that amount of money.

Mr. Strauss has seen one of  
 the government's research pro-  
 grams at close range, that of ex-  
 ploration into the mysteries of  
 energy and the structure of  
 matter. He is acquainted with  
 the glamour angle of the atom-  
 ic age, and he knows something  
 of how far a billion dollars of  
 research will take us. He is  
 possibly familiar with the frustra-  
 tion that results from the neces-  
 sity of making something  
 practical out of a technological  
 breakthrough.

### Price Of Knowledge

As of now, the big attraction  
 that government space research  
 has for this free people is sim-  
 ply that we do not know what  
 we would like to know. The most  
 practical uses of space (except  
 for the military) are of less  
 concern right now, although in  
 time we may be able to claim  
 more direct benefits. But the  
 question remains whether we  
 can be assured of more overall  
 national gain than loss after  
 pouring many billions into the  
 moon-shoot program. If such  
 ventures prove worthless, this  
 as well as other expensive re-  
 search may tend to make us a  
 high-cost nation trying to com-  
 pete in a cut-price world.

Perhaps the biggest problem  
 we face is that of keeping big-  
 ness under control. We must  
 not come to believe, whether  
 we have success with space probes  
 or not, that any kind of a prob-  
 lem can be solved by pouring  
 big money onto it through the  
 government. Our general ex-  
 perience so far, upon analysis,  
 may provide evidence that we  
 often have failed to achieve

net gains by this method. The  
 Soviet economy is out of joint  
 at least partly because of its  
 space program, although the  
 system apparently does not  
 count costs or concern itself  
 about lost values.

### Keep Control Of Spending

We must not allow our gov-  
 ernment do-it-all programs to  
 break us down (a thing the  
 Russians themselves, incident-  
 ally, have sworn to accomplish).  
 It takes no great imagination  
 for citizens weary of giving  
 away tax dollars to wonder  
 what this nation could accom-  
 plish with \$20 to \$40 billion worth  
 of federal aid to education or  
 to medical research. No doubt  
 tax cuts or payments on the  
 national mortgage to that ex-  
 tent would strengthen the econ-  
 omy. Anyone can pick out a  
 favorite terrestrial need that  
 might seem worthy of national  
 commitment.

By which token some minds  
 can easily jump the gap that  
 ought to exist between private  
 and public activity. Spending  
 \$20 billions plus is not likely  
 to be undertaken by any private  
 corporation nor by any of the  
 states. If the federal govern-  
 ment must spend in this man-  
 ner, let us do it only after much  
 public soul searching, counting  
 the possible consequences. If  
 we take such steps without be-  
 ing aware of the dangers, we  
 may one day be spending bil-  
 lions without having any choice  
 at all, as the Russian people do.  
 Billions spent in government  
 research will indeed be profit-  
 less if the "spillover" brings  
 loss of freedom.

## OUTDOOR SPORTS TIPS

### Keep Your Powder Dry

A fast tip for campers sug-  
 gests the use of plastic laundry  
 bags instead of duffle bags if  
 wet weather is a possibility. Wat-  
 erproof plastic keeps clothes and  
 gear dry. Added tip: Smart boat-  
 men have been using this tip for  
 years to keep duffle and dinner  
 dry.

### Picture Window Windbreaker

And while we're on the sub-  
 ject of clear plastic, have you  
 thought about all the use new,  
 tough, thick polyethylene plastic  
 sheets can be put to. They will  
 make a fine tent window. They  
 will serve admirably as a water-  
 proof cover. They can be tacked  
 between trees as a windbreak  
 that still allows a view of the  
 surroundings. They can be used  
 for storm windows on cabins or  
 as insulation when taped and

tacked around cracks. They will  
 make a basin or bathtub depend-  
 ing on how big a hole you want  
 to dig. How many more can you  
 think of?

### New Drink, The Quebec

Latest new drink is named for  
 the area where it originated. If  
 you come in late off a Canadian  
 fishing lake and you're cold, wet  
 and camp inside and out, you are  
 likely to be handed this drink:  
 two ounces good bourbon, two  
 ounces maple syrup (tapped lo-  
 cally), two ounces boiling water.  
 Don't say no if you like different  
 exciting new flavors.

### Bales Of Backstaps

We are advised that a plain old  
 bale of hay or straw makes a  
 good backstop for sighting in a  
 rifle or pistol. It's a last resort  
 backstop to be sure, and we strong-  
 ly recommend you keep the loads  
 light and check carefully that the  
 bale is stopping them well. But  
 if all is well, it might serve as  
 an easily available, low cost, ef-  
 fective bullet stopper.

### No Rings From Car Top Caps

Stop rubber suction cups on  
 car top carrier from marring paint  
 by putting plastic wrap pieces  
 under the cups. Holds just as  
 well and never a mark appears.

### More Lantern Light

You'll be surprised how much  
 more light a regular kerosene  
 lantern throws out if you line a  
 half of it with aluminum foil.  
 Light can also be focussed where  
 you want it.

### Canned Campfire Potatoes

FLASH! Did you bake pota-  
 toes in campfire when a kid? Stop.  
 They tasted great didn't they?  
 Stop. But now they taste like  
 rocks. Stop. Why? You aren't  
 a kid any longer, that's why.  
 Stop. Solution: Put the pota-  
 toes in an old tin can and put in  
 the fire. Cooks 'em even, keeps  
 'em from being burned. Stop.  
 Makes you feel like a kid again.  
 Don't stop.

## Foreign Policy Explained

"The wisdom with which our  
 foreign policies are framed and  
 the skill with which they are car-  
 ried out depend upon the men  
 and women who conduct our for-  
 eign affairs day by day. . . In  
 no other field is it more urgent  
 that our Government attract and  
 develop the ablest public serv-  
 ants."

This statement, from a recent  
 report of the Committee on For-  
 eign Affairs Personnel, well illus-  
 trates the importance of both re-  
 cruiting and retaining highly qual-  
 ified individuals as Foreign Ser-  
 vice Officers.

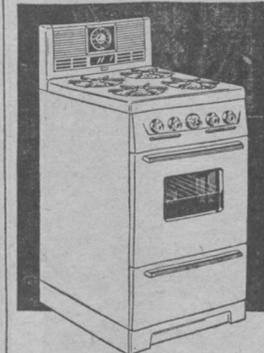

FORMER SECRETARY OF THE ARMY Frank Pace (center) congratulates Lt Col C. J. LeVan and Joseph A. Beauregard who hold the citations they received as recipients of the Pace Award. Mr. Beauregard is a communications planner for the Department of the Army's Chief Signal Officer, and Lt Col LeVan is chief of the Nike Zeus Office for the Chief of Research and Development in the Pentagon. This is the first annual Pace Award, created by former members of the Army Secretariat who served under Mr. Pace to recognize a staff officer and a staff civilian who made outstanding contributions to the Army during the previous year. Francis Shackelford (left), former Assistant Secretary of the Army under Mr. Pace, and Secretary of the Army Cyrus R. Vance listen to the former Secretary's remarks.

A man of the soil as well as an industrial genius was Henry Ford. Born on a farm 100 years ago, he once owned as much as 14,000 acres of farmland in Michigan, and held a life-long conviction that industry and agriculture had a mutual dependence. In later life he enjoyed visiting farmers who were his contemporaries, and organizing old-fashioned threshing bees and square dances. It was on such an occasion that this famous candid photograph was made.

### FBI Accomplishments Set All-Time Record

Attorney General Robert F. Kennedy announced today that according to FBI Director J. Edgar Hoover, new all-time highs were recorded in FBI accomplishments in all major phases of operations during the 1963 fiscal year.

Mr. Hoover disclosed in his report to the Attorney General that fines, savings and recoveries in cases investigated by the FBI during this period reached a new peak of \$186,225,348 — a figure representing a return of \$1.37 for every dollar appropriated for the FBI. A new record was also set for the eighth successive year with the location of 19,192 stolen motor vehicles in FBI cases.

During the past fiscal year, convictions in FBI cases increased to 12,816, the largest number for

any peacetime fiscal year. Mr. Hoover noted that convictions were recorded against 96.1 per cent of all persons brought to trial and that 93 per cent of these resulted from guilty pleas. As a result of these convictions slightly over 37,009 years of actual, suspended and probationary sentences were meted out. In addition, seven life sentences were imposed.

According to Mr. Hoover, a total of 11,887 FBI fugitives were located, an increase of 724 over the previous year. Included in this number were nine members of the FBI's "Ten Most Wanted Fugitives" list and 2,514 violators of the Fugitive Felon Act who were being sought at the request of state and local authorities after they had fled across state lines to avoid prosecution, custody or confinement.

Commenting on internal investigations, Mr. Hoover pointed out that as a result of evidence developed and witnesses supplied by the FBI, the Communist Party, USA, was convicted in December, 1962, for failure to register with the Attorney General under the Internal Security Act of 1950, and a maximum fine of \$120,000 was imposed. Following this ac-

tion, two national leaders of this organization were indicted for failure to register for the Party and 27 additionally petitions were filed with the Subversive Activities Control Board against individuals who failed to register as required by law. In addition, intelligence and counter-intelligence information disseminated by the FBI enabled the Department of State to take action against Soviet and satellite officials who engaged in activities beyond the scope of their duties in the United States.

Continuing its long-standing policy, the FBI made its cost-free cooperative services available to Federal, state and local law enforcement agencies. In this regard, a total of 3,801 local and regional police training schools were held which were attended by approximately 105,000 officers. In addition, there were two sessions of the FBI National Academy during fiscal year 1963, bringing the total number of graduates to 4,354.

The FBI Laboratory achieved new highs with the receipt of 196,057 specimens of evidence which required 247,894 scientific examinations. The FBI Identification Division, which serves as

the national repository for fingerprint identifying data, received an average of almost 23,000 fingerprint cards for processing each working day throughout the 12-month period. As the fiscal year ended, its files contained 167,397-932 sets of fingerprints representing an estimated 77,387,801 persons. Additionally, the FBI Disaster Squad, a group of fingerprint experts who are available to assist in identifying bodies of disaster victims, was dispatched to the scenes of five air crashes during the period.

Mr. Hoover also reported that approximately 130,000 items of criminal intelligence information were disseminated by the FBI to other law enforcement agencies during the 1963 fiscal year. Included were items received from FBI confidential informants which, when passed to the authorities concerned, resulted in the arrests of almost 3,400 persons.

he knows of it, in addition to notifying his post office. If possible, the report should be made before the middle of the month so as to enable the check-writing office to route the check to the new address on time.

The reporting card furnished each beneficiary at the time his claim is filed simplifies making changes of address, or advising the social security agency of other events affecting benefits, but King said any statement over the beneficiary's signature, containing his full name, claim number, and the new address to which checks should be mailed, is sufficient. This report should be sent to the payment center or to the proper district office.

Mr. King invited anyone needing information or help on this or any federal social security mat-

### A First For Nation's Golfers — Chance To Play In Big Time Meet

Bing Crosby, with an assist from R. L. (Dick) Sheppard, vice president of 3M's Duplicating Products Division, uses giant-size "props" to tee-off the "Beat Bing" contest in which winners will get a chance to play in big time competition at the Bing Crosby Pro-Am National Golf Tournament next January at Pebble Beach, Calif. The contest will be sponsored by 3M's Duplicating and Microfilm Products Divisions for their "Thermo-Fax" dealers.

The first nation-wide golf tournament which will allow the winners to get a chance to play in big time competition will be held in August.

Bing Crosby will play a round of golf on the West Coast on August 24 and entries in the tourney who beat Crosby's score become eligible for a trip to Tucson, Arizona, and a special playoff to decide the eventual three who will compete with the nation's top pros in the 1964 Crosby National Pro-Amateur tournament at Pebble Beach, January 16-19.

The 3M Duplicating and Microfilm Products Divisions, sponsors of the contest for their "Thermo-Fax" copying products dealers, have divided the country into nine geographical sections for the preliminary play with the competition open to any business or professional men, who are amateur golfers 21 years of age or over, able to compete.

The golf professionals at the local courses will authenticate the entries with the three pros

who sign the winners scorecard receiving trips to the Crosby tournament as prizes.

The 3M Company devised the tournament to go along with its full sponsorship of the National Pro-Amateur on the NBC-TV Network and a chance for a businessman to participate in an actual tourney and mix with the colorful personalities in golf and show business.

The tourney rules are simple with golfers divided into three handicap classes — zero to 12; 13 to 20 and 21 or over. One winner from each class will be drawn from entries in each geographical location for the special "Beat Bing" playoff in Tucson in October.

Entry blanks will be available from Thermo-Fax products dealers in major cities as well as sporting goods stores, pro shops and other selected locations.

In addition to the top three prizes, based on the Tucson competition, six trips for two to Pebble Beach as spectators are to be awarded.

### TROY DONAHUE AND CONNIE STEVENS, WHO ARE NOT EXACTLY ROMEO AND JULIET, will co-star in a new hour-long series at Warner Brothers.

Titled The Paper Year, it will deal with the first year in the marriage of a young couple. It's aimed for 1964-65. Warners also has announced No Time for Sergeants as a half-hour project for '64-65. CBS is in on the financing of both deals . . . Patty Petersen, 8-year-old kid sister of Paul Petersen, joins her brother as a regular on the Donna Reed Show next season. She'll play the Trisha role she originated this season. To help ease Shelley Fabares out of The Donna Reed Show, the producers will pack her off to college. She's leaving to free-lance . . . Taking over Voice of Firestone's Sunday night time for the summer will be reruns of Jane Wyman Presents. Other Jane Wyman reruns will continue on ABC daytime.

Connie Stevens . . . a series with Troy

### MERV GRIFFIN, WHOSE DAYTIME NBC SHOW WAS RECENTLY CANCELED, has found himself a new TV home, at least for the summer. He'll host Talent Scouts. The show will replace the vacationing Red Skelton on CBS . . . Another promising summertime goodie: Lena Horne to star in an NBC special Aug. 14 from 10 to 11 P.M. (ET) . . . "World Series of Golf," with the sport's biggest prize money, will be televised for the second consecutive year Sept. 7 and 8 on NBC. First to qualify is New Masters champion Jack Nicklaus, who will compete against winners of the PGA, National Open and British Open . . . NBC will also televise the women's PGA tournament Oct. 13 from Las Vegas, marking network TV's first coverage of a ladies' tournament . . . With I'm Dickens—He's Fenster kaput, Marty Ingels (he was Fenster) goes into the Tony Curtis feature film "Monsieur Cognac."

Peter Falk . . . and Tommy Sands

PETER FALK AND TOMMY SANDS GUEST-STAR IN "THE GUS MORGAN STORY," first 90-minute Wagon Train episode for ABC. The episode also sees the start of another new policy for the series: two name guest stars in every segment. . . Bing Crosby Productions, which has sold two series to ABC (Ben Casey, The Breaking Point), now has a deal with CBS for an hour Western series for 1964-65 . . . Producer Hal Stanley (Mr. Smith Goes to Washington) shoots a test film for a new series, Sweet Rosie O'Grady. It will star singer Kay Starr . . . Producer Barry Shear brings Vic Damone and The Lively Ones back for an eight-week color run as Hazel's summer replacement. Locations will probably include Georgia; Chicago; Washington, D.C.; New York; San Francisco; Acapulco, Mexico; and Laredo, Texas . . . "The Real West," which the late Gary Cooper narrated, will be rerun on NBC Sept. 12. (All rights reserved — TV GUIDE)

### Two-Billion-to-One Shot

Photo by Phila. Inquire

Adriano F. DiDomenico is one in a million—or rather, one in two thousand million. Here he receives the \$25 U. S. Savings Bond bearing the serial number 2,000,000,000 from Mrs. Kathryn O'Hay Granahan, Treasurer of the United States. Mr. Di Domenico, who lives with his wife and 13-year-old son in Camden, N. J., bought the bond through the Radio Corporation of America's Payroll Savings Plan. It turned up as one of the 10,000 bonds RCA obtains monthly for its Camden payroll savers. In presenting the bond, the Treasurer called it appropriate that the bond with the magic number two billion should be issued during the 1963 Freedom Bond Drive, and that it was bought through the Payroll Savings Plan, which accounts for about half of all E Bond purchases.

**SOCIAL SECURITY NEWS**

Every month many social security beneficiaries in Frederick County risk a costly delay in receiving their benefit checks, or even the possible loss or theft of these checks, simply because they move and change their mailing addresses without notifying their social security office. W. S. King, District Manager of the Hagerstown Social Security Office, said even though the person notifies his post office of his forwarding address when he moves, this is only a temporary arrangement and may not result in the checks being properly handled indefinitely.

Mr. King urged any social security beneficiary who plans to move or changes his mailing address to report this to the proper social security office as soon as

**TIPS FROM THE TACKLE BOX**  
by B. F. GLADDING

### More Fish For The Pan

THE RIGHT RIG, plus a simple gimmick or come-on, will bring you more bites from yellow perch, bluegills and other pan fish.

Use a small hook—a No. 10 or 12—on a 6-ft. level leader that tests between 2 and 4 pounds. Most important, use no sinker at all, not even so much as a single split shot.

The "gimmick" of using such light terminal tackle to best advantage consists of nothing more than making repeated casts. Since the small hook and wispy leader will have little effect on your worm or other natural bait, the latter will settle slowly and naturally. Give it time to reach bottom, but then bring it in and lob it out again.

It's the slow, realistic settling that turns the trick. Pan fish may not be as wary as trout, but they are nevertheless suspicious of bait that dangles unnaturally from a bobber. On the other hand, they find it hard to resist a worm or grub that drifts slowly down from above, convincingly free from all signs of restraint.

In addition, movement always attracts attention. Your slowly sinking bait will win instant notice from all pan fish in the vicinity, and a good share of these will wind up on your stringer.

Any fishing questions? Send them to me, in care of this newspaper.

**NO. 20226 EQUITY**  
in the Circuit Court for Frederick County, Maryland  
VIRGINIA PALMER CROSS  
Route 1, Walkersville, Maryland  
vs.  
CHARLES UPTON CROSS  
c/o Mrs. Iona Bryant  
1128 North Jackson Street  
Arlington, Arlington County,  
Virginia

The object of this Bill is to procure a divorce A VINCULO MATRIMONII by the Complainant, Virginia Palmer Cross, from the Defendant, Charles Upton Cross.

The Bill states in substance that the parties were married on the 14th day of September, 1946, in Washington, D. C., by a regularly ordained minister of the Gospel; that they lived together as man and wife in Montgomery County, Maryland, in Washington, D. C., and in Frederick County, Maryland; that the Defendant deserted the Complainant; that there is no hope or expectation of a reconciliation; that the Defendant has drunk excessively and has frequently inflicted physical cruelty upon the Complainant; that no children were born as a result of said marriage; that the Complainant is a resident of Frederick County and has been for more than one year last past; that the Defendant is a non-resident of the State of Maryland and that his last known place of residence was in Arlington, Virginia. The Bill prays that the Complainant be divorced A VINCULO MATRIMONII.

It is thereupon this 15th day of July, 1963, by the Circuit Court for Frederick County, sitting as a Court of Equity, ORDERED that the Complainant give notice to the said non-resident Defendant of the object and substance of this Bill by causing a copy of the same to be published in some newspaper published in Frederick County, once a week for four successive weeks prior to the 17th day of August, 1963, commanding him to be and appear in this court, in person or by solicitor, on or before the 17th day of September, 1963, and show cause, if any he has, why a decree should not be passed as prayed.

### Picnic Held Despite Rain

About 175 persons including state women's officials attended the annual picnic of the Frederick County Women's Democratic League moved inside the Woodsboro Fire House on Sunday. The planned outdoor picnic at Cunningham Falls State Park was cancelled earlier in the day when

a downpour of rain flooded the picnic grounds but the day was saved when County Commissioner Lawrence A. Dorsey offered the facilities of the Woodsboro Fire House so the picnic could be held on schedule.

S. Madelyn Himes, president of the Democratic Women's League, quickly changed the arrangements and set up picnic tables for the covered dish affair in the fire house.

Attending the picnic were County Commissioners Dorsey and A. Irvin Renn, State Delegates Chas. Collins and William Houck, former candidate of the State Senate Charles Smelser, County Attorney Samuel Barrick and Dorothy Handley, president of the Young Democrats Club, who organized games for the children.

### New Flags For Vets' Coffins

A smaller-sized American flag, more suitable for display, is now being prepared by the Veterans Administration for use at veterans' burials.

Mr. F. E. Quinn, Manager of

**NO. 20350 EQUITY**  
in the Circuit Court for Frederick County, Maryland  
ATLEE E. GREEN, and  
DOROTHY I. GREEN  
his wife  
Plaintiffs  
vs.  
The known and unknown heirs, devisees, personal representatives, descendants or successors in interest of  
SUSAN FOGLE  
Defendants

ORDER OF PUBLICATION  
The object of this Bill is that the court may take jurisdiction in the premises and enter a Decree removing the cloud upon the title of the Complainants, and that the Court shall declare that the Complainants have a good and marketable fee simple title to the property described in the Bill of Complaint, and may sell or convey or otherwise deal with such property without regard to the claims of the unknown heirs, devisees, personal representatives, descendants or successors in interest of Susan Fogle.

The Bill recites that the Complainants, Atlee E. Green and Dorothy I. Green, his wife, are the owners of a tract of real estate situate, lying and being in Liberty Election District, Frederick County, Maryland, said tract of land lying on the west side of the road leading from Bibertown to Woodsboro, about 1.7 miles north of Libertytown, and containing 11 acres, 1 rod and 11 1/2 sq. perches more or less, it being all and the same property conveyed to the said Atlee E. Green and Dorothy I. Green, his wife, by deed from Raymond O. Smith and Annie E. Smith, his wife, dated the 10th day of October, 1941 and recorded in Liber 430, Folio 26, one of the Land Records of Frederick County, Maryland.

The Bill further states that the above described property is the same property that was conveyed to Raymond O. Smith and Annie E. Smith, his wife, by deed from Earl Steel and Margaret R. Steel, his wife, dated March 24, 1927 and recorded in Liber 632, Folio 38, one of the Land Records aforesaid; it being also the same property conveyed unto Earl Steel and Susan Fogle by deed from George T. Bowers dated January 2, 1902 and recorded in Liber DHH No. 13, Folio 193, one of the Land Records aforesaid; certified copies of said deeds being filed with the Bill.

The Bill further states that a question has now been raised as to whether the Complainants have a good and marketable title to said premises; that the Complainants are now in possession of the premises openly, notoriously, adversely under claim of right and with color of title and that the predecessors in title of the Complainants have also been in such continuous adverse possession under claim of right and with color of title since 1927; that the Complainants and their solicitor have made reasonable efforts to ascertain the heirs, devisees, personal representatives, descendants or successors in interest of the said Susan Fogle but have been unable to discover them.

It is thereupon this 1st day of July, 1963, by the Circuit Court for Frederick County, sitting as a Court of Equity, and by the authority thereof, ORDERED that the Complainants, by causing a copy of this Order to be inserted in some newspaper published in said Frederick County, once a week in each of four successive weeks, the last of such publications to be made not less than thirty days before the 3rd day of September, 1963, give notice to the unknown heirs, devisees, personal representatives, descendants or successors in interest of Susan Fogle, whether residents or non-residents, of the object and substance of the Bill, warning them to appear in this Court in person or by solicitor, on or before the 3rd day of September, 1963, to show cause, if any they have, why a Decree ought not to be passed as prayed.

EDWIN F. NIKIRK  
Solicitor for Complainants  
PATRICK M. SCHNAUFFER  
Chief Judge  
Filed July 1, 1963

ELLIS C. WACHTER, Clerk  
7/5/4t

the Baltimore VA Regional Office, said the change was made at the order of John S. Gleason Jr., Administrator of Veterans Affairs, since the flag now being issued to drape a casket is too large for any functional use by the family of the deceased veteran.

Customarily the flags have been given to the next of kin or the closest friend of the deceased after they have been used to drape the casket during the burial service.

Mr. Quinn said these flags have been 5 feet by 9 1/2 feet in size. Administrator Gleason has held the opinion that the flag would mean much more to the family of the deceased were they able to display it. Thus, the new flags will be 4 1/2 feet by 7 feet.

Blue prints and specifications are now being drawn up to permit manufacture of the new flags. They will be sent to VA field stations, to post offices and to embassies and consulates in foreign countries for issuance at the time of a veteran's death.

However, Mr. Quinn pointed out, there are more than 100,000 of the older, larger flags already on hand at depots and the above distribution points. These older flags will continue to be issued until the supply is exhausted.

Officials estimate it will not be until October-November that the newer, smaller flags begin to be used.

At the present time, about 15,000 flags are being issued each month. During the past twelve years requests for flags have increased from 81,000 annually to more than 170,000.

Skeptics sneered at Henry Ford when he entered his Model T in America's first coast-to-coast auto race in 1909. After 22 days of driving 4,100 miles over mud-covered roads, through snow storms, across streams and in heavy rain, the Model T was the first entry to cross the finish line.

**NO. 20356 EQUITY**  
IN THE CIRCUIT COURT FOR FREDERICK COUNTY IN EQUITY  
EARLE D. HIGHTOWER  
vs.  
NELLIE B. CRABBS, Widow,  
JOHN W. CRABBS and MARY E. CRABBS, his wife, the unknown heirs of SAMUEL A. CRABBS and GEORGE F. CRABBS, and all persons having or claiming to have any interest in the property assessed to DAN S. CRABBS in Emmitsburg District, Frederick County, Maryland, and CHARLOTTE W. YARROLL, County Treasurer for Frederick County, Maryland.

ORDER OF PUBLICATION  
The object of this proceeding is to foreclose all rights of redemption of the Defendants in and to a property assessed to Dan S. Crabbs in Emmitsburg District, Frederick County, Maryland, containing 3 acres, more or less. The Bill states in substance that Charlotte W. Yarroll, County Treasurer of Maryland, offered at public auction the real estate assessed to the said Dan S. Crabbs (also known as Daniel S. Crabbs) in Emmitsburg District, Frederick County, Maryland. That said real estate is now vested in Nellie B. Crabbs, widow, John W. Crabbs and Mary E. Crabbs, his wife, the unknown heirs of Samuel A. Crabbs and George F. Crabbs, and any other persons having or claiming to have any interest in said property. That said sale was held on April 9, 1962, and the purchaser was Earle D. Hightower at the sum of Eight Hundred and Fifty Dollars (\$850.00). That said sale was made in satisfaction of unpaid taxes due and owing the State of Maryland and Frederick County for the year 1961. That the purchaser paid the sum of Eighteen Dollars and Thirty-four Cents (\$18.34) toward the purchase of said real estate and that the sum of Twenty-Nine Dollars and Ninety-Seven Cents (\$29.97) including taxes, interest and costs necessary to redeem the property has not been paid and the property not redeemed, although one year from the date of sale has passed, that a final decree is prayed for, foreclosing all rights of redemption of the defendants in and to the property assessed to Dan S. Crabbs.

It is THEREUPON this 3rd day of July, 1963, by the Circuit Court of Frederick County, in Equity, ORDERED that the Plaintiff cause a copy of this Order of Publication to be published for at least 4 successive weeks prior to the 10th day of August, 1963, in some newspaper published in Frederick County, Maryland, giving notice to the non-resident defendants Nellie B. Crabbs, who resides at Route 2, Littlestown, Pennsylvania, and the unknown heirs of Samuel A. Crabbs as well as the unknown heirs of George F. Crabbs, deceased, and all other persons having or claiming to have any interest in the property, of the object and substance of the Bill of Complaint and warning them to be and appear in this Court either in person or by solicitor on or before the 10th day of September, 1963, to show cause if any they have, why the relief sought should not be granted.

## TODAY'S Meditation

from  
The World's Most Widely Used Devotional Guide

The Upper Room  
© THE UPPER ROOM, NASHVILLE, TENNESSEE

Read Matthew 10:5-11. Freely ye have received, freely give. (Matthew 10:8).

We generally think of an ambassador as one who serves in a foreign country. However, anyone who feels that he is commissioned to help spread the gospel or impart God's love to others can be an ambassador for God in his own home.

An elderly invalid, confined to her home, would jokingly say, "This old rocking chair is my means of transportation." She would add, "I have a mission, even though I am unable to go beyond my own threshold."

Because of her wonderful personality many people, including children, loved to visit her. They went to her with their joys and their problems and came away with a feeling of gain.

She always managed to inject into her conversation a few words about God's blessings. His greatness, and His love. Thus she inspired others to nobler thinking and better living. She was an ambassador of God's love in her home.

Prayer  
Dear Father, we feel humble when we think of many of Thy children who have triumphed over great difficulties to help in Thy work. Forgive us for sometimes taking the easy path. Help us to be more resolute in our purpose to be ambassadors of Thy love. In Jesus' name we pray. Amen.

Thought For The Day  
Our mission is to impart God's love.  
Beulah Bunten Stiers (Kansas)

## YOUR PERSONAL HEALTH

Tuberculin Test—Negative's Best  
The idea that tuberculosis is still a health problem often brings forth a surprise reaction. It's a two-link chain reaction. Link one: "Why, I thought they had that licked!" Link two: "Well, why haven't they?"

The answer to number one is a matter of straight statistical record. More than 50,000 people still break out with active TB in the United States every year. About 10,000 die of it. Nothing that kills 10,000 people a year is "licked."

Link number two has an answer just as direct. Why hasn't tuberculosis been "licked," or substantially wiped out, as have some other infectious diseases? There are a number of reasons, but the major one is that you've got to find it before you can wipe it out.

And with TB, of all diseases, that's the hardest thing to do. Thirty to forty million people are blithely circulating in this country right now, some of them doubtless without a care in their heads but all of them with TB germs in their bodies. Most of these infections are inactive and will never cause any trouble. But on the basis of experience, it's safe to predict that about two million of the infections sooner or later will develop into active disease.

### NOTICE TO BIDDERS

The Board of Education of Frederick County, 115 East Church Street, Frederick, Maryland, invites bids on supplying and delivering audio visual equipment for various schools in Frederick County.

Specifications and proposal sheets may be obtained at the Board of Education Office. Sealed bids will be received at the Board of Education Office until 10:00 A.M. (DST) July 26, 1963.

The Board of Education reserves the right to reject any or all proposals and to waive informalities.

BY ORDER OF THE BOARD OF EDUCATION OF FREDERICK COUNTY.  
JAMES A. SENSENBAUGH  
1t Secretary-Treasurer

### NOTICE TO BIDDERS

The Board of Education of Frederick County, 115 East Church Street, Frederick, Maryland, invites bids on supplying fuel (liquid and solid) for the various public schools of Frederick County, Maryland for the school year 1963-64.

Specifications and proposal sheets may be obtained at the Board of Education Office. Sealed bids will be received at the Board of Education Office until 2:00 P.M. (DST), August 5, 1963.

The Board of Education reserves the right to reject any or all proposals and to waive informalities.

BY ORDER OF THE BOARD OF EDUCATION OF FREDERICK COUNTY.  
JAMES A. SENSENBAUGH  
1t Secretary-Treasurer

First national presidential nominating convention in the U. S. was held in Baltimore in 1831.

ease unless first detected and treated.  
How to detect them? One reliable method is the tuberculin test—a quick, easy procedure that shows whether the germ, active or inactive, is in the body. A positive reaction is the signal to run, not walk, right back to your doctor's office for a chest X-ray, which shows whether the germ is active.  
Because nobody can be certain that he is free of inactive TB,

## It's Time For... EYE CARE

Dr. Newton K. Wesley  
WHAT IS SEEING?

Although the phenomenon of seeing is instantaneous, we don't realize the great amount of interpretation required of the brain to "unscramble" what is seen.

The driver of a vehicle involved in an accident views the mishap quite differently than the "eye-witnesses." There are so many variables that occur in an accident that the actual facts are often obscured.

Your eye doctor will tell you how different patients interpret the images and letters on the eye chart in his office. There are many valid reasons for this misinterpreting. You may not be looking directly at the object in question, your gaze was wandering. The angle of view may affect your interpretation. You may have had your mind fixed on something else. You may be tired, or your eyes are not focusing. Perhaps you need visual correction. Seeing is a very complicated process and it is exceedingly important that you are properly trained to see.

The current and very intense interest in reading courses give ample evidence of the value of accurate reading. Many executives are trained to read their material more rapidly and with greater understanding. Schools have intensified this also and we are again being taught that reading is a very vital part of learning.

According to the National Eye Research Foundation, 85% of our knowledge is gained through the eye. Have you had an eye examination lately?

### "OPINIONS FROM THE FIELD"

A recent article in the American Rifleman entitled "The Gunshot Wound" by Dr. Murdock Head, dealt mainly with the care and treatment of gunshot wounds received by hunters. While most interesting in content, this article reminded me of the danger that exists today in the field and the poor safety habits that most hunters have, myself included.

Even though I recognize that there is a certain amount of danger involved in the pursuit of deer hunting, I have never experienced any fear of being wounded while hunting. I do, however, take a few precautions such as wearing bright colored clothing, stand next to large trees, kneel down when shots are nearby, and avoid crawling through dense underbrush. These practices won't guarantee your safety but they will improve your chances.

One bad habit that I have been guilty of for many years is that of hunting alone, especially for small game such as grouse. The reason for this was partly of necessity but sometimes by choice.

However, the fact remains that most any injury I might have received could have been very serious because other hunters were seldom seen and even my family didn't know of my whereabouts. I always tried to be careful but over a span of twenty or more years I can recall falls that really "shook me up." A gunshot or knife wound could have been fatal if accompanied by excessive bleeding and my car miles away. All of this adds up to the fact that I was very lucky—you may not be.

With bow season near at hand and squirrel and turkey season not far behind, it would be a good idea to take stock of your hunting habits. If you must hunt alone, be careful and always tell someone where you will be hunting and the time you expect to return. If hunting with a partner or partners, carry a whistle and decide on some distress or help wanted signals. You say it can't happen to you? It happens to hundreds of hunters every year and they won't believe it either . . .

#### SCOTT D. HARRIS

Scott David Harris, aged 64, died suddenly Tuesday at 6:15 a.m. at his home in Mt. Pleasant. Death was due to a coronary thrombosis. He was a retired farmer. At the time of his death he was employed as a sanitarian at Fort Detrick. He was a member of the Brotherhood of Locomotive Engineers.

Born in Stanely, Va., he was a son of the late Bishop A. and Carrie Sampson Harris.

He is survived by his wife, Mrs. Irene Jenkins Harris, and ten children, Mrs. Norman Nusbaum and Homer D. Harris, both of near Frederick; Mrs. Harvey Michael, Emmitsburg; Mrs. John Cooley, Hyattstown; Sergeant William Harris, Fort Meade; James A. Harris, Burtonsville; Glenn F. Harris, Woodsboro; Mrs. William Koontz and Henry Kent Harris, both of Frederick; and Mrs. Paul May Rockville. Twenty-eight grandchildren, one great-grandchild, and a brother, Ashby Harris, Rockville, also survive.

Funeral services will be held this morning (Friday) from the Powell and Hartzler Funeral Home, Woodsboro, at 11 a.m. Father Robert Grumbeine, pastor of Grace Episcopal Church of New Market, will officiate. Interment will be in Rocky Hill Cemetery, near Woodsboro.

#### ROY W. HOUCK

Roy Walter Houck, 78, a well-known farmer of near Detour, was dead on arrival at Annie M. Warner Hospital, Gettysburg, on

Tuesday at 9:30 a.m. Death was due to a heart attack.

He was born in Frederick County a son of the late Jacob and Mary (Houck) Houck.

Surviving are his wife, Mrs. Mary (Blessing) Houck and five children: Mrs. Reta M. Schroeder, York; Luther F. Houck, Detour; Carrolton R. Houck, Rocky Ridge; James A. Houck, Emmitsburg, and Kenneth E. Houck, of Taneytown and eleven grandchildren.

Funeral services will be held this afternoon (Friday) at 2 o'clock from the D. D. Hartzler and Sons Funeral Home, Union Bridge, with the Rev. Edward Fisher, pastor of the Mt. Zion Lutheran Church, officiating. Interment will be made in Haugh's Cemetery.

#### WELTY D. ODEN

Welty De Paul Oden, 65, Emmitsburg R1, a World War I veteran, died Monday afternoon, at about 1 o'clock. The Adams County coroner, Dr. C. G. Crist, said death occurred while Mr. Oden was being brought to the Warner Hospital, Gettysburg. He listed the cause as an "accidental overdose" of barbiturates.

A native of Waynesboro and a resident of the Emmitsburg area for a number of years, Mr. Oden was a son of the late John Edwin and Addie (Welty) Oden, and was a member of St. Anthony's Shrine Catholic Church, near Emmitsburg.

A World War I Army veteran, he was a member of the Disabled

#### American Veterans.

Surviving are these brothers and sisters: Mrs. Charles A. Waynant, Philadelphia; Mrs. James Seigrist, Manquin, Va.; Mrs. R. C. Manns, Lakeland, Fla.; Mrs. Fred Huffman, Orlando, Fla.; John Edward Oden, Finksburg R1; Roy D. Oden, Texarkana, Tex.; and Bernard Oden, Chambersburg.

Funeral services will be held this morning (Friday) meeting at the Wilson Funeral Home, Emmitsburg at 9:30 o'clock to go to St. Anthony's Shrine Church for the requiem Mass, at which Rev. Fr. Hugh J. Phillips will officiate at 10 o'clock. Interment will be in the new St. Joseph's Catholic Cemetery.

#### County Graduates Statistics Given

More than 40 per cent of the June graduates from Frederick County's seven public high schools plan to continue their formal education, statistics compiled by Herman A. Hauver, Director of Pupil Services for the Board of Education show.

Fifty-six percent of the graduates planned to go to work immediately upon graduation. The remainder of the senior class had no plans to continue their education or seek employment.

The survey revealed that 293 or 10.9 percent of the students planning to enroll in colleges, academies, art, commercial, technical, nursing and trade schools will be doing so with financial help in the form of aids, awards, and scholarships. Thirty-two of the students will receive these also which will amount to \$23,870 during the next school year. Projected over the period through 1967 when all of the students should be graduated, the aid will have amounted to \$87,905. For those seniors planning to enter the state teachers colleges there is no tuition charge if they become teachers. In a sense this

#### Little League

##### Tournament Here

The Frederick District Little League Baseball Tournament play will begin tonight, Friday, July 19.

The Emmitsburg Little League tournament team's first opponent will be the Frederick American League team and the game will be played in Emmitsburg at Little League Field tonight, Friday, July 19 at 6 p.m.

Following is the Tournament schedule:

Game 1—Frederick American at Emmitsburg; Game 2—Sykesville at Westminster; Game 3—Thurmont at Frederick National; Game 4—East Frederick at Brunswick.

Semi-final games to be played on Monday, July 22 will be as follows: Game 5—Winner of Game 1 vs. winner of Game 2 at either Westminster or Sykesville; Game

is similar to a monetary scholarship award which is not included in the projected figures.

Colleges that grant degrees will be entered by 183 graduates; art trade, and commercial schools will enroll 67 graduates; and 21 will enter hospitals for training in nursing.

The report indicates that a higher percentage of seniors plan to attend colleges and universities from Linganore High School than any other school in the county. From Linganore 36.9 percent of the students are planning to enter college. Frederick High School ranks second with 28.1 percent while Walkersville is third at 25.6 percent. The percentages for the other schools are: Middletown, 23.3; Thurmont, 21; Emmitsburg, 16.6; and Brunswick, 12.9.

Going off to college from the various schools will be Frederick, 86; Middletown, 23; Thurmont, 16; Walkersville, 20; Linganore, 24; Brunswick, 8; and Emmitsburg, 4.

6—Winner of Game 3 vs. winner of Game 4.

The final game will be played Wednesday, July 24. The participants in and the location of the final game will be determined by the outcome of games 5 and 6. Starting time for all tournament games will be 6 p.m.

Mr. and Mrs. Bernard O'Daly and family, Cincinnati, O., and Mrs. Paul Claypool and son, Steve, Shelbyville, Tenn., visited recently with Mrs. David Neighbours and family.

Mr. and Mrs. William Garner and family, Kensington, visited recently with Mrs. Garner's parents, Mr. and Mrs. Frank Fitzgerald.

One of the areas most often neglected by the home owner in repainting—and yet one of the easiest to handle—is wrought iron porch railings. Sprucing them up regularly adds the final touch of beauty to a well-cared-for home.

If the old finish shows signs of peeling, cracking, or rusting, carefully sand down the bad spots to get to clean, bare metal. Then, coat the sanded spots with a good metal primer, allowing it to dry thoroughly for a day or two. Follow up with a coat of Du Pont wrought iron black—a hard, durable, dull sheen enamel that adds long-lasting protection to any metal surface.

Or, if you want a change from the traditional jet black wrought iron finishes, try chrome finish aluminum. This anti-rust formulation developed by Du Pont chemists gives a mirror-like sheen so smooth it looks like a professional spray job when you've finished brushing it on.
