The three major television systems reported this week they had lost over 28 million dollars during the suspension of all advertising during the recent be-
reavement of our beloved President John F. Kennedy. This represents a huge sum in a three day period but I have my doubts that it was all lost. At the rate the systems have been tossing commercials at the public that lost revenue will be made up in a very short time. Where there used to be one or two commercials rammed through at intervals, the commercials have increased in tempo and number now until it is absolutely irritating to have to watch any show. There really ought to be some sort of regulation against this sort of thing.

A quick glance at an Emmitsburg Election District map will show you just what has been going on in the educational system of Frederick County. I was really amazed how insidiously students were stolen from our local school over the past decade and a half. No wonder the student body has shrunk to dangerous levels. This action has been creeping up on this community for quite some time. Years ago the Rocky Ridge children were brought here and also children from as far away as Creagerstown. Then again they were brought up from the Thurmont area as far away as the Zentz Mill in the Payne's Hill area. We have lost several hundred via this system and now all these are attending Thurmont schools. Looking over the situation we find that mail routes from both Taneytown and Thurmont come practically to each door and that our school bus drivers have short routes also, as compared to neighboring towns. This community has been sleeping or else apathy has blanketed the area. I wonder where our predecessor leaders were while all this encroachment was going on? It is high time we set out to reclaim what rightfully belongs to the Emmitsburg District, and to see that it is kept here. Fewer students, shorter mail routes and shorter school bus routes are costing this area a great amount of money that would be spent locally, money which is badly needed in this locality. Adding insult to injury County officials now would even dare to take our school away from us. I wonder how much more we are going to take before we take remedial action? One way to start is to induce local residents to run for county offices and submit names of candidates to the various county agencies, especially the Board of Education, and to see that they are on the job and have the full interest of this community at heart.

Auxiliary Party Wednesday

The regular monthly meeting of the Francis X. Elder American Legion Auxiliary Unit 121, was held Tuesday evening at the Post Home. Anna Bushman, president, presided with 15 members present. Membership chairman, Ann Shorb, announced 51 members paid up to date. It was agreed by the group to give \$1.00 each to the 19 veterans and 1 local patient at Victor Cullen Hospital as is done each year when some of the members make their annual Christmas visit to the hospital. The District meeting which was to have been held in Westminster on Nov. 24, has been postponed until this coming Sunday, Dec. 8. A contribution was voted to Rehabilitation, and members reported hours spent on baby sitting, clinic work and girls' clubs, as well as donations of toys to the American Legion in Frederick and clothing to the clothing drive. Several thank-you cards were read. Mrs. Margaret Brown won the draw prize and Ann Shorb won the door prize. Refreshment committee for next month is Diane Small and Anna Bushman. The Christmas party will be held Wednesday, Dec. 11 at 7 p.m. at the Post Home. Each member may bring one guest. Cost for guest will be \$1. Gifts of \$1 value will be exchanged. A dressed turkey will be awarded during the evening. A report on the progress of the Magazine Sales Campaign was made to date. Following the meeting, the ladies joined the men of the Post for refreshments.

Mount Drops No. 1; Wins 2nd. Game

Jim Phelan's Mt. St. Mary's Mountaineers showed real promise as they pried off the lid of the new basketball season Saturday night by losing to powerful St. Joseph's College of Philadelphia in the Pennsylvania city. While dropping the contest by 11 points, Phelan's crew showed real potential during the evening and with a few more contests under its belt should jell into a winning combo.

After battling the favored Hawks to a 35-35 deadlock at half time, the Mount went scoreless from the field during the first six minutes of the second half and fell behind 51-41. They never made up the difference but several times pulled to within seven points. At the start the score was tied at 2-2 and 4-4 but then St. Joseph's pulled to the front and was never headed the remainder of the game.

The Mountaineers were behind 22-13 near the midway mark in the first half and then slowly began to whittle their opponents' lead on a bit of fine outside shooting.

Sophomore John Carrell, who was high scorer for the game with 21 points, landed 15 in the first half with Mike Costello, Senior, adding 12, to spearhead the Mount. St. Joseph's led 29-21 with six minutes left in the first half but Carrell and Costello sparked a rally and Jack Campbell netted a rebound at the buzzer to knot the score at half time.

Early in the second half the Hawks led 39-37 and then ran off

nine straight points on a pair of goals by Jim Boyle, one by Billy Oakes, another by Steve Courtin and a foul by Boyle which proved the death blow to the Mount. Campbell finally scored from the foul line for the Mount to break the skid. Thereafter the Hawks, using a press effectively, were in command. With 2:12 left the Mountaineers were behind 68-61 but that was as close as they could come.

In a loosely-played free-scoring game Tuesday night the Blue and White out-pointed Shepherd College in West Virginia, 107-92.

Excepting for the opening minutes when Shepherd took a 4-0 lead, Jim Phelan's outfit was pretty much in command. However, it took a lay-up by Bernie Haag to put the Mounts ahead for keeps at 21-19 after 11:42 minutes of the first half.

Thereafter the Mounties pulled away to win convincingly. At half time the score was 58-41. Throughout the second half the Mount held at least a 10-point lead.

Haag topped the Mount scorers with 18 tallies with Lou Martin netting 16, Jack Campbell and Ed Folk, 15 each, Mike Johnson 14, John Carrell 11, and Ed Sarmir 10.

Scoring honors for the game went to Bill Thompson of Shepherd who rammed through 29 points with teammate Jim Everly contributing 21.

Last night Phelan's crew engaged American U in Emmitsburg.

Alligator Lost In Vicinity

A four-foot pet alligator, belonging to the students of Taneytown High School has wandered away from its summer home in the pond of Father Keeney, near Keysville. It is thought that this alligator may be in the vicinity of the Monocacy River, for last summer, during a heavy rainstorm, it wandered off and was retrieved later in the Monocacy River, six miles away from its pond.

Since the alligator, named Alice by the students, is a cold-blooded reptile, it may have difficulty surviving the winter outdoors, unless it is able to seek refuge in a muskrat hole.

The last five winters, this pet, which is harmless to humans, has survived comfortably on the living room floors of either the students' or teachers' homes. She is gentle enough that small children carry her around like a doll. She eats very little, but when she is fed she has to be placed in water in a bathtub and fed small fish or raw liver.

She has not only spent some time in Taneytown High School, but has been on exhibit at Emmitsburg High School as well. There is often a waiting list of pupils who want to take her home to exhibit to family and friends.

If anyone should hear of news concerning the whereabouts of this alligator, call to Taneytown High School, or to a science teacher, Mr. Paul Beale at Hillcrest 7-5493 would be appreciated.

Father Delaney St. Joseph's Coach; Will Play Princeton This Year

St. Joseph's High School will open its 1963-64 basketball season this evening against St. Maria Goretti High School in Hagerstown. This will begin a 19-game schedule which will include a two-day trip to Princeton, N. J. Sharpshooting Dennis Stahley will be the one starter returning from last year's team which posted a 7-9 record. Jack Topper, John Little, Jim Topper and Gene Lingg were lost due to graduation. Stahley will be the mainstay and quarterback of this year's team which will have only one senior, Captain George Brown.

Combining with Stahley and Brown, will be rugged Dick Wivell, who saw limited action last year, Mike Tracey and promising Sophomore Gerry Orosz. St. Maria Goretti is the perennial champion of the Blue Ridge League and figures to be equally strong as in previous years.

Assisting Wivell and Tracey under the board will be Jim May who is nursing an injured elbow, Jim Grindler and Bill Millett. In the backcourt available for action are Ned Remavage, Steve Haines

Here's your comforting thought for today: the world changes so fast that you couldn't stay wrong all the time if you tried.

Auto Accident

Fatal To Woman

Mrs. Helen Gladys Witherow, Gettysburg R2, was fatally injured Nov. 28 when her car left the Emmitsburg Rd. a mile south of Gettysburg and rolled over into a field.

The Adams County coroner, Dr. C. G. Crist, listed the cause of death as a fractured skull and internal injuries, and said the woman was "almost torn to pieces" when her body was hurled from the car as it rolled over. He described her injuries as "about the worst I have ever seen in all my years as coroner."

Two 18-year-old youths who were occupants of the car with her suffered "contusions, abrasions and lacerations of the entire body," according to the state police report, and were admitted to the Warner Hospital after having been taken there by the Gettysburg firemen's ambulance.

The youths were Robert Eugene Wills, 18, Fairfield R2, and Harold Eugene Guise, 18, 83 Steinwehr Ave., Gettysburg.

State Policeman Clifford Lightner, who investigated, said the 1953 car was demolished and said it apparently had been going south at a high rate of speed before it failed to negotiate a curve to the left between the Codori H use and the Twin Kiss ice cream stand.

The car went off the west side of the highway, hit a mail box, came back onto the highway, crossed the road, went off the east berm, tore down 90 feet of U. S. government fence and then rolled over into the field, coming to rest 34 feet from the road. Damage to the fence was estimated at \$400, to the car at \$250.

According to the coroner, Gettysburg Borough Officers Clarence Cluck and Russell Potter were on duty patrolling Steinwehr Ave. and were about at the former Dave Oyler Motors Garage when the Witherow car passed at a high rate of speed. The two policemen followed the other vehicle out the Emmitsburg Rd. and thus were witnesses, though some distance back, of the accident.

A daughter of the late Harry Hoffman Wenschoff and Sarah Helen (Baker) Wenschoff, Mrs. Witherow was a native of Freedom Twp. She had resided near Emmitsburg for a number of years. She was a member of Elias Evangelical Lutheran Church, Emmitsburg.

Surviving are her husband, Stewart C. Witherow, whom she wed in 1927; a son, Cheston Witherow, Lineboro, Md.; two daughters, Mrs. John Henry Jr., Hanover, and Mrs. Selma Roelecke, Hanover; five grandchildren, and a sister, Mrs. Ralph Scott, Hurlock, Md.

Funeral services were held Saturday afternoon at 2 o'clock from the Bender Funeral Home, Gettysburg, with the Rev. W. Ronald Fearer and Rev. Philip Bower, officiating. Interment was in the Elias Lutheran Cemetery, Emmitsburg.

Sportsmen Plan Shrimp Feast

The regular monthly meeting of the Indian Lookout Conservation Club was held last Tuesday evening in the Fire Hall, President Eugene Myers presiding.

The club voted to hold a shrimp feast in the Fire Hall on December 21. This affair will be open to the public and the admission will be \$1 per person. A number of turkeys will be awarded during the evening. The feast will start promptly at 7 o'clock and all are welcome.

During the meeting a minute's silence in honor of our late President Kennedy was observed.

Business used advertising to maintain and increase its outlets for goods. Unless such outlets are maintained and increased, the income on which taxes are based will not be forthcoming.

Council Hears School Delegation

A representative group of Emmitsburg citizens, numbering about 50, appeared before the Town Council at its regular meeting Monday evening in the Town Office. The group filed the small office to capacity and held the floor for approximately two hours.

The discussion centered around the removal of the senior high school from Emmitsburg to Thurmont. Chairman of the Town Council John S. Hollinger, conducted the meeting and C. Arthur Elder acted as spokesman for the delegation. The delegation was called together by a group of local businessmen after it was learned that the Frederick County Commissioners had appropriated \$30,000 for the purchase of property in Thurmont for the erection of a new consolidated high school there.

During the course of the evening many reasons were given for the retention of the high school in Emmitsburg and it was cited that with the new water system now being installed, natural gas lines being piped to Emmitsburg, the possible canonization of Mother Seton, the construction of the Sixe's Bridge Dam by the U. S. Government and the erection of a 200-house building development, would make Emmitsburg possibly the fastest growing town in the State of Maryland in a few short years. It was felt imperative, under the circumstances, that the school remain here. In addition it was felt the school should be enlarged and the curriculum broad-

ened. The delegation sought permanent leadership in the Town Council and asked it to take over the reins until this school matter is decided. Various groups and individuals have been negotiating over the past decade in an attempt to keep the school here but actually no one group had any authority. It was felt that the Corporation of Emmitsburg, being a permanent body, could better guide the destinies of the town. It was then agreed that the Town would take charge of future negotiations, with the assistance of certain individuals and groups. Another public meeting is scheduled with the Council in the near future.

Also discussed was the present enrollment at the local school and its smallness in number. It was pointed out that for the past 15 years the Board of Education had been slashing away at the enrollment in such fashion that at the present time it was the smallest in many years. Rocky Ridge, Creagerstown Rd. and Payne's Hill area children used to use the local school but have been shifted to Thurmont making it impossible for the local high school to increase its student body.

In other business transacted by the Council during its business meeting Mayor Ralph F. Irelan said the contract for installing the new water system had been awarded to the Conewago Construction Co. of Hanover and that the work on the project would get under way next week.

Postmaster Stoner Urges Early Mailing Of Packages And Cards

Postmaster Louis H. Stoner had his annual Christmas "present" ready this week for his patrons, and, to nobody's surprise, it was his perennial suggestion to "Mail Early."

"Christmas shopping and mailings is, for most people, one of the heaviest chores at Christmas, and if I can persuade some people to get it done right now, I think they will agree later—when they are taking it easy while others rush around—that I have given them a very good present. "Virtually all Christmas mailing can be disposed of now by observing the following five suggestions.

1—Do your shopping for your Christmas gifts NOW!

2—Check and revise mailing lists for cards and presents.

3—Package and mail Christmas parcels promptly. Don't worry about being too early—just mark them "Do Not Open Until Christmas."

4—Buy Christmas cards now and address them right away, separating them into out-of-town and local bundles. Mail them immediately with ZIP Codes on them and you've got it made, except perhaps for the last-minute card you forgot to send to Aunt Minnie.

Homemakers Party Dec. 19

The Emmitsburg Homemakers' held their regular monthly meeting at the home of Mrs. Charles Brauer on Nov. 21, 15 members and one guest, Mrs. Margaret Seltzer, in attendance.

Mrs. Charles F. Stouter was appointed representative to the annual meeting.

Mrs. Luther Cregger and Mrs. Floyd Lewis were appointed as clothing and food and nutrition chairmen for 1964.

The annual Christmas party will be held Dec. 19 at 1:00 p. m. in the Green Parrot Tea Shop and Mrs. Robert Fitez has been appointed chairman of the affair.

Trooper E. W. Lennox of the Maryland State Police was present and talked on "Rules of the Highway." The trooper discussed driving in the city, on expressways and on county and state and dual highways. Driving handbooks were distributed to all members. Following the business meeting, refreshments were served by the hostess.

Acme Sweepstakes Winners Listed

Recent winners in the Acme Sweepstakes sponsored by the local Acme Store include Mrs. Mayme E. Hays, Fiesta electric can opener; Mildred E. Miller, Littlestown, electric can opener, and Mary S. Free, Frederick, 1964 Ford Galaxie.

5—Buy plenty of stamps now while Postoffice windows are not crowded.

For Christmas cards the Postmaster recommends the new attractive 5-cent Christmas stamps showing the National Christmas tree in Washington. Use of this stamp insures first-class mail treatment—meaning the card may contain personal messages and may be forwarded or returned free of extra charge.

Incidentally, to speed Christmas card handling, the letter carriers and postoffices will have free supplies available of "local" and "out-of-town" cards, it will expedite delivery and assist your Postoffice. A supply of these will be left in mail boxes or they may be obtained from carriers or at the local Postoffice for the asking. The Postmaster urges patrons to insure parcels. He noted that despite the department's efforts over many years to promote good packaging and addressing—the Postal Service each year has been unable to deliver or return about half a million parcels, including many lost because of poor packaging, or incorrect addressing.

"Finally, 'Mailing early with ZIP code is such a help to the mailer, as well as your Postoffice, that I really can't see why everyone doesn't do it."

PENNY BINGO

St. Anthony's Parish will sponsor a penny bingo in the church social hall on Monday, Dec. 9, beginning at 8 p.m. Nice prizes will be on hand and the public is cordially invited.

Shaum, Ph.D., the Mount St. Mary's Seminary Schola Cantorum will present a Christmas Carol Concert with the Boys' Choir of St. Mary's Church, Gwynns, on Sunday, Dec. 8 at St. Mary's Church. The two groups will beam a second concert on Dec. 15 to Europe over Voice of America from the Mount St. Mary's College Chapel on the college campus.

Fire Doused

The Vigilant Hose Co. was called Tuesday at 4 p.m. to the home of Frank Ligorano, about three miles south of here on old Route 15 near Mt. St. Mary's College, when some clothing in a closet caught fire.

A few pieces of clothing were scorched, it was reported, and firemen were at the scene until 4:20.

Expert Driving Tips Given

In winter weather driving it is the sudden skid and inability to see out of windshields plastered with snow and road - muck that often maims or kills the unprepared driver and his passengers.

This is the statement of one of the top authorities on winter driving hazards of the National Safe-

ty Council Traffic Conference, Prof. A. H. Easton, Chairman of the Council's Committee on Winter Driving hazards and Director of the Motor Vehicle Research Laboratory, University of Wisconsin.

"Tests conducted each year by our committee have given us considerable knowledge about winter driving," Easton said. "It is my belief that many motorists have accidents simply because they neglect equipment."

The Committee on Winter Driving Hazards is made up of automotive engineers from Detroit, test drivers, government officials and university researchers.

"Our committee works in temperatures down to 30 degrees below zero on frozen lakes and fields and snow packed roadways to come up with answers that may save lives," the traffic safety specialist said.

Here are some of Easton's suggestions for safe operation in snow, ice, freezing weather and fog.

"Drivers must be able to see and be seen. Early hours of darkness make it imperative that lighting systems are perfect, with both upper and lower beams properly aimed," he said.

"Keeping lights clean is often overlooked by motorists. Keep a cloth handy to wipe off road grime and a brush to remove snow," Easton urged.

He maintains that failure to keep windshield wipers in top condition causes thousands of winter crashes.

"Drivers neglect their blades and when they hit snow or rain they drive almost blind," he said. "It is foolish to put lives and a vehicle costing several thousand dollars in jeopardy by neglecting maintenance of wiper arms and blades," Easton said.

"Wiper blade rubber must be checked frequently because sum-

mer sun bakes the rubber and causes it to harden. The arm pressure must be firm to avoid streaking. Manufacturers recommend an ounce of pressure for each inch of blade length for efficiency in clearing off rain, snow, sleet and road-muck," the educator explained.

"Equally important, our tests at Clintonville, Wis., and in Michigan, have proved that in severe conditions, reinforced tire chains are needed," Easton said.

"Snow tires give you half again as much pulling power in snow as regular tires, but when conditions are bad, chains give up to five times as much traction," he said.

Easton urges every driver to keep a set of reinforced tire chains in the trunk for emergency conditions.

He warned motorists to be on guard when the temperature is just above freezing.

"Wet ice at 30 degrees is twice as slippery as ice at zero temperature. The 'polishing' by heavy traffic also makes ice more slippery," he said.

100 YEARS AGO

LONGSTREET REPULSED; KNOXVILLE SIEGE ENDS

By Lon K. Savage

The night was cold—a bone-chilling cold that sent the temperature below the freezing mark. A fine mist fell. And huddled in their camps, trying to get a little sleep without fires, 12,000 Confederate soldiers waited for dawn to come.

It was early morning of November 29, 100 years ago, just outside Knoxville, Tenn. The soldiers were those of Gen. James B. Longstreet who for a week had besieged Knoxville and the Union troops therein commanded by Gen. Ambrose Burnside.

This night was different from those that had preceded it, however. Longstreet had been sent to Knoxville from Chattanooga to destroy Burnside's army and then to return to Chattanooga and rejoin Braxton Bragg's huge army there. But since Longstreet's departure, Union Gen. Ulysses S. Grant had defeated Bragg in the gigantic battle on Missionary Ridge. Bragg now was falling back into Georgia. Longstreet was by himself.

Word Arrives

Longstreet had gotten unofficial reports that very night of the Confederate catastrophe at Missionary Ridge, but they did not change his plans for an assault. His orders were for an attack at the first sign of dawn.

When that moment came November 29th, Confederate guns boomed out three signal shots that climbed into the sky and exploded. Immediately, the woods and fields west of Knoxville were filled with moving men in grey, assembling for their day's work.

Through the dim light, the Confederates hurried forward, their gun barrels flashing as the fighting began. With little resistance, they moved into Union rifle pits, which had been captured the night before, within 200 yards of their prime target—Fort Sanders, west of the city.

From the pits, they swarmed toward the fort itself and immediately ran into trouble. A maze of wires had been spread on the field in front of the fort, and the Confederates found themselves momentarily entangled, confused and faltering. They pushed beyond the wire only to come upon a deep, frozen ditch in front of the fort. Some jumped into the ditch but were unable to get out the other side; a few climbed over their buddies' shoulders onto the fort's parapet only to be shot or captured.

Meanwhile, Union troops fired muskets and canister down into the Confederates who, now, were stopped and milling about. It was too much. Soon, the Confederates were retreating.

Withdrawal

That night, Longstreet got more bad news. Orders

came in from Richmond, announcing Bragg's defeat at Chattanooga and telling Longstreet to fall back and rejoin Bragg. Next came word from Bragg, himself, saying Grant had sent Gen. William Tecumseh Sherman, with more Union troops to aid Burnside.

Longstreet decided to stay at Knoxville until Sherman was almost on him, thereby keeping Sherman away from Bragg. Three days passed, and on December 4, Longstreet's army marched north into the Tennessee mountains, as Sherman moved into Knoxville.

The campaign at Knoxville was over; more than 1,000 men on each side had become casualties.

Next week: The two presidents speak.

Cane Poles Only

Cane pole fishermen use this trick with great success. It keeps their line from fouling and is much faster than the long job of rolling the line around pole. Tip: Tape two clothes pins to the underside of the pole. Open ends point away from each other. It makes a deep receptacle to hold the line on. A few turns winds 'er up.

Clay Storage

For a handy place to keep small

lures, flies, etc., that you put in or take out of your tackle box often, try a lump of kids' modeling clay. It stands temperature changes well, will stick in a tackle box and you can press hooks in to hold them tight.

Rubber Band Vise

A rubber band over the handles of your pocket pliers makes a useful field vise.

Eye Saver, Fish Getter

The little silicone-treated patches are so useful in keeping your glasses clean are just as useful in a tackle box. They'll shine spoons, spinners, all kinds of metal in the twinkling and silicone helps keep the shine fresh.

To clean lead from a pistol barrel, first clean the bore to remove all grease and oil. Cork one end of the barrel, fill the barrel with mercury and let it stay in the barrel for about 30 minutes. Then use a bronze bristle brush. —Sports Afield.

Frederick, Maryland
Vs.
GERALD BROOKS GILBERT,
SP5

Fort Eustis, Virginia
NO. 20,493 Equity
In the Circuit Court For
Frederick County, Maryland
ORDER OF PUBLICATION
The Petition is for the award-
ing of the care and custody of
an infant child, namely, Betty
Ann Gilbert, and recites that your
Petitioner is a resident of Fre-
derick County, State of Maryland,
where she has resided for more
than one year last past; that the
Defendant, Gerald Brooks Gilbert
is a non-resident of the State of
Maryland, presently in the Armed
Services of the United States,
whose current address is SP5,
Fort Eustis, Virginia; that your
Petitioner was married to the De-
fendant on the 28th day of April,
1957, at Frederick, Maryland, by

Rev. Hall, a regularly-ordained
minister of the Gospel, and that
there is now pending in the Cir-
cuit Court of Smyth County, Vir-
ginia, a proceeding for divorce,
said action being brought by the
Defendant against your Petitioner;
that since the marriage of your
Petitioner to the Defendant she
has had in her care and custody
Betty Ann Gilbert, who is pre-
sently ten (10) years of age, which
said child is the natural child of
the Defendant, Gerald Brooks
Gilbert, that your Petitioner en-
tertains a deep and abiding love
and affection for said child, has
provided for and raised said child
since the marriage of the parties
hereto, and is providing the said
child at the present time with a
good Christian home and environ-
ment, and educating said child at
her own expense; that your Pe-
titioner desires to have the cus-
tody of said child and avers that
the best interest and welfare of
said child will be promoted by
awarding its custody to your Pe-
titioner for the reason that she
can give said child the maternal
care and guidance which she pre-
sently needs and will need in the
future; that your Petitioner avers
that the Defendant is not a fit
and proper person to have the
care and custody of the aforemen-
tioned child.

The Petitioner then prays that
your Honorable Court will as-
sume jurisdiction over the said
child, Betty Ann Gilbert, the sub-
ject of this Petition; that your
Petitioner may be awarded the
care and custody of said infant
child; that the Defendant be re-
quired to pay unto the Petitioner
a sum of money to be determined
by the Court that will aid in the
support of said child; and for
such other and further relief as
the nature of the case may re-
quire.

It is thereupon this 27th day of
November, 1963, by the Circuit
Court for Frederick County, Mary-
land, sitting as a Court of Equity,
ORDERED that the Petitioner
give notice to said non-resident
of the object and substance of
this Petition, by causing a copy

Some Toys Dangerous

Parents who choose bows and
arrows and darts, or illegal air
rifles and b-b guns as Christmas
toys, may be choosing potential
blindness for their children, warns
the Maryland Society for Pre-
vention of Blindness. 150,000 eye
accidents occur to children every
year, and of these the most dam-
aging 26,000 are caused by b-b
guns, sling-shots and bows and

arrows, according to statistics
from the National Society for the
Prevention of Blindness. During
the Christmas holidays the inci-
dence and severity of these in-
juries increase, since many chil-
dren receive these weapons as
Christmas presents.

Gift-givers are advised to keep
the child's age and ability in mind
when choosing toys. Toddlers
should have sturdy toys without
sharp points, which won't splinter
if broken. This Community Chest
agency notes that boys are in-
volved in 3 out every 4 eye acci-

dents, the junior high school years
are the most dangerous and that
play with toys which may become
weapons if misused should always
be supervised.

SPORTS AFIELD

By Ted Kesting

The northern angler, who only occasionally fishes the warm waters of Florida, often confuses the redfish, or channel bass, with the red snapper. These are two different species. The red snapper is usually abundant over the whole Gulf of Mexico, where it is caught over the deep, offshore banks. There are seasonal migrations of small red snappers, when they apparently move from deep water toward the shore.

The redfish is easily identified by its more streamlined body and one or two black spots on the base of its tail. It is fun to catch on spinning gear and will strike more artificial lures.

Heavily-headed, white or yellow bucktail lures are very successful for a great many fish that are found in the upper section of Florida's Ten Thousand Islands. There

lures are available in various color combinations and weights to match the action of any rod. A 1/4 to 3/8-ounce bucktail can be handled very nicely on an average-weight, 6 1/2-foot, fresh-water spinning rod. For casting 5/8 to 3/4-ounce plugs, a heavier rod should be used. In fishing this particular area of Florida's west coast, it is a good idea to have two rods, one for plugs and another for casting 3/8 ounce lures, says Robert D. Hall, Salt-Water Fishing Editor of Sports Afield Magazine.

The inshore waters along the outer edge of the mangrove covered islands of the Everglades are fairly shallow; the Geodetic Survey chart shows a depth ranging from two to six feet outside the channels. The bottom formation off Horse Key for 200 to 300 yards is rocky, and the redfish are usually found feeding near the bottom between the rocks. This makes fishing somewhat difficult, as it is necessary to cast so the lure covers the bottom where the fish seem to congregate. Sometimes they are so plentiful that every third cast or so will connect with a five or six-pound redfish. Once hooked, the

red-fish will run, taking off line at a lively clip, and head for deeper water of the Gulf. A red-fish is not a spectacular fighter; only on rare occasions will one clear the water in an attempt to escape, but they will put up such stubborn resistance against being landed that a certain amount of skill is required in fishing for them.

No other country compares with the U. S. in the weekly newspaper field. The weeklies in this nation reign supreme in number, size

and quality. There are about 8,300 weeklies, varying in size from a few hundred to 15,000 subscribers. They have a combined circulation of over 21,000,000 and an estimated readership of 80,000,000.

Season opening is the time to collect a prime doe or butterfat forkhorn for the locker. Well into November, during the rut, is when you'll see all the big racks you didn't believe were around anymore!—Sports Afield.

TODAY'S Meditation

from The World's Most Widely Used Devotional Guide

The Upper Room

© THE UPPER ROOM, NASHVILLE, TENNESSEE

Read Isaiah 53:1-9; John 12:35-43.

Arise, shine; for thy light is come, and the glory of the Lord is risen upon thee. (Isaiah 60:1.)

God made man very good and fine in the beginning, but man turned away from Him and became wicked and sinful. Then God promised man a Messiah who would deliver him from his sins and teach him and help him to live in the godly way.

The Jews generally thought the Messiah would appear as an earthly king who would conquer other nations that had risen against them.

Therefore, they did not recognize Christ when He came because of their idea as to the kind of savior He would be. The religious and political leaders rejected Him, and the people cried out, "Let him be crucified." However, some who believed He was the Christ accepted Him in their hearts.

Jesus Christ is, indeed, the Messiah. We need not ask, "Is He the Messiah, or shall we look for another?" We can rejoice, for our light has come, and the glory of the Lord has risen upon us.

Prayer

Our merciful Father, lead us to the conviction that the Christ whom Thou dost promise and for whom man waited has come. Forgive us for not accepting Him, for we have sinned and need Him to redeem us. We pray in the name of the Light of the world, who taught us to pray, "Our Father who art in heaven . . . Amen." Thought For The Day

The Messiah for whom we wait is already here.

Lawrence Nya Taylor (Liberia)

FBI Director**Discusses Morality**

Are we Americans ashamed to be identified today with decency and morality? Are we forsaking the time-tested principles upon which our great country was founded for a substandard, more accommodating code of conduct?

There appears to be a preponderance of evidence to indicate a truthful reply to these questions has to be in the affirmative. However, here a true answer is the "wrong" answer, and it is high time righteous, freedom-loving people take a closer look at what is happening to our moral standards.

Morality is one of the more perplexing and controversial problems facing our Nation. Why? Primarily, it is because of individual and collective moral cowardice on the part of our society. We do not have the courage to stand in conflict with the mad rush for material wealth, indulgence, and social prestige. We are condoners and appeasers of a practice which we distrust and disapprove but which we will not overtly oppose.

The lack of morality and integrity stems from a false sense of values. Many persons are so preoccupied with selfishness and greed they no longer know—nor care for that matter—where honor stops and dishonor commences. Others are simply confused. Rationalization and double standards

have so clouded some moral principles that right and wrong are no longer clearly distinguishable.

Moral retrogression is not confined to any one group or sector of our country. This social illness is universal. Immorality rears its ugly head in every American institution and profession. None is free from its stigma. It is reflected equally as much in corporate price-fixing as in teen-age vandalism; in payoffs to politicians as in classroom cheating; in sports world bribes as in law enforcement scandals; and in income tax returns padding as in voting frauds.

Immorality itself is not the only danger of the crisis. Some theorists suggest our moral standards be scrapped for a less restrictive code by which our moral derelictions can be justified. Such

thinking is a flight from responsibility and an accelerant to further moral decadence. If the destruction of our great Nation itself were the goal of these advocates, they could not devise a better means to achieve it.

With the approach of the joyous Holiday Season, let us as God-loving people shoulder our moral responsibilities, not flee from them. Let us stand proud and erect, champions all, for morality, integrity, and godliness. Let us assure that it may always be said of our country, "America is great because she is good."
