Work on our new Postoffice has finally commenced. After several months of delay necessitated in getting a legal deed prepared, the contractor moved machinery on the scene this week and excavation of the foundation is now under way. Early next spring we think the new office will be in use. There is nothing new on the Postmaster's office of the town. So far Civil Service has not called for an examination for the job and everything is status quo at this writing. There are at least three aspirants for the job that we know of and when the exam is scheduled it is felt there will be considerably more making the try. House numbering began this week when retired Postmaster Louis Stoner began the task of assigning numbers to every house in the corporate limits. Each house owner will be given a special card prepared by Town Officials, designating his number and when it has to be posted.

This is the time of the year when the spirit of fellowship and goodwill becomes more and more apparent. As Christmas nears most hearts are warmed and consideration of neighbors and friends grows deeper. When addressing your cards please remember your friends, loved ones and those who are ill. There is nothing that creates despondency more than being confined to a hospital or rest home during such holidays as we enjoy at this time of year. Just think for a minute and you will come up with the name of a friend who has been hospitalized for some time. Mail him or her a card and I am sure you will receive a morale boost, just as the recipient of the card.

Since the demise of our late beloved band leader, Walt Simpson, the Band has fallen apart. A new leader and a new sponsor is badly needed at this time while there still is a nucleus of an organization still existing. It wouldn't take much encouragement at this time to get the Band into operation once again. In recent years the Town sponsored the Band and I am wondering if it isn't just an oversight that this important little group is being neglected, just for a few words of encouragement. This important segment of our cultural life must not be let fall by the wayside by apathy. With a sponsorship, I am told, it could be reorganized and placed on a solid footing. Its importance was noted at the recent Halloween Parade when a non-descript group of "pick-ups" filled in for the occasion. Now comes the annual Christmas Parade and Party and a Band is needed. Once again we must rely on the spirit of a few ex-members of the Band. It is earnestly hoped that these kind volunteers can come to the rescue once again until a sponsorship is obtained after the first of the year, then the sponsorship will be up for grabs by any local organization . . . unless the Town again resumes custody of this fine musical organization.

Homemakers Club Christmas Party December 16

The Emmitsburg Homemakers met Nov. 18 at the home of Mrs. Verne Ray. There were 14 members present. Mrs. Charles Stout, president, conducted the meeting. Mrs. Ray gave a demonstration on "Making Christmas Green Decorations." She gave a brief talk on the proper cutting and trimming of evergreens and then showed members how to make inexpensive but attractive wreaths, centerpieces, etc. One decoration was made of Christmas greens wired together with florist's wire with the center made up of various size bells tied with a red bow. The bells were made from various size funnels, vegetable grater, measuring spoons and covered with aluminum foil. Mrs. William Slemmer reported that on Dec. 5 several Frederick County Homemakers Clubs would present three, original one-act plays at the Church of the Brethren in Frederick. Members have been asked to assist with the annual Lions Club and Town Christmas Party for the local children. The club's annual Christmas party will be held at the Green Parrot Tea Shop on Dec. 16 starting at 1:00 p. m. Committees named for 1966 are as follows:

Fairfield Studies Sewerage System

Members of the Fairfield Borough Council and Municipal Authority met in special session this week to review the results of a door-to-door survey to determine public opinion on the installation of a sewage disposal system for the town's 200 residences and business places. Based on low bids received at the October meeting which totaled \$293,885 for construction of the sewage system and disposal plant, the estimated costs for the proposed system were explained by surveyors to property owners. At the present time, the borough is eligible to receive \$34,700 in federal funds for the project. However, more recent federal assistance has been made available to small communities for rural development and local authorities are pursuing these possibilities to obtain additional grants for the project. The completed system would cost in the neighborhood of \$385,000. The survey indicated that, based on the present situation, the system and financing would cost each property owner approximately \$225 to connect to the system and about \$90 a year rental on a 40-year amortized plan. Members reported that the town is about evenly divided on whether to go ahead or delay plans. The borough engineer and legal authorities have been instructed to investigate the possibility of obtaining other assistance to supplement the \$34,700 grant already assured.

Thurmont Cop Assumes Duties

Culler of Frederick, a former Brunswick policeman, who replaces Joseph Kuhn at the Thurmont post. Kuhn recently resigned from the police force to take a job in the Thurmont Department of Streets. Says Newspaper Like Letter

Editor, Emmitsburg Chronicle:

On Tuesday morning I was most agreeably surprised to find the first of a weekly letter from home. Wherever I am, the word Emmitsburg always spells, home to me! The Chronicle appears to be better than ever and I can assure you that I didn't read it just once. I went over it five times to make sure I did not miss anything. When you are far away from home, to receive the town paper is like living the good old days over again. Unless confidential, I would like to know to whom I am indebted for such a great pleasure to look forward to. I have always loved the people of my home town, Emmitsburg, and I know I shall love them always. I wish I could visit more often. I am still in retirement, that is much better than having to say that I am still in jail. Every Halloween night I have special thoughts of Emmitsburg and its yesterdays when I traveled with the witches and hobgoblins and the bats and spooks. The program that followed those nights was in evidence the following morning on the Square. Again I am very happy to know that I am going to receive the Chronicle for a full year. J. MARK HARTING

POTTORFF-CULLISON

Miss Kathryn Irene Cullison and Eugene Dale Pottorff were united in marriage Saturday, Nov. 6 at 11 o'clock in St. Joseph's Catholic Church, Emmitsburg, the Rev. Louis B. Storms, C.M., officiating at the double-ring ceremony. The bride is a daughter of Mr. and Mrs. Harvey E. Cullison, R2, Fairfield. The bridegroom is the son of Mr. and Mrs. Chester D. Pottorff, R4, Gettysburg. White and yellow mums decorated the altar. The church organist played the traditional wedding marches.

The bride wore a floor-length gown of nylon over taffeta. The gown featured a semi-scooped neckline, finger-tip sleeves, fitted bodice and a modified chapel train accentuated with nylon rosettes. An elbow-length veil of silk illusion fell from a crown of seed pearls and crystal drops accented with a white rosette. Her flowers included a cascade of white and yellow mums and pompoms with a detachable corsage. Mrs. Margaret Sprankle, Gettysburg, sister of the bride, was matron of honor and wore a floor-length gown of pink dacron semi-sheer with lace applique and rose at the waistline. She wore matching accessories and carried a colonial bouquet of pink and white pompoms. The best man was Richard E. Flohr, R1, Fairfield. A reception was held at the home of the bride. The couple is now residing at 138 Carlisle St., Gettysburg.

The bride is a 1965 graduate of Fairfield High School and is employed in the office of the Gettysburg Shoe Co. The bridegroom attended Gettysburg High School and is employed by the Spectra Kote Corp., Gettysburg.

Cong. Mathias Pledges Aid To Local Lions

President William H. Kelz presided over the regular meeting of the Emmitsburg Lions Club held Monday night in Mt. Manor Restaurant. Lions Ralph McDonnell and Clarence G. Frailey, chairmen of the annual Kiddies Christmas Party reported advertising solicitation has begun and asked the cooperation of the local merchants. The party will be held on Saturday, Dec. 18. Lions William Slemmer and Clarence E. Hahn, co-chairmen of the ladies' night program, gave a progress report. The affair will be held at the Dec. 13 regular meeting. A request for two pairs of eyeglasses were received from two local families. The requests are under advisement at this time. The club was in receipt of a letter from Congressman Charles McC. Mathias stating that he was checking the serious situation at the intersection of Rts. 15 and 97 in Emmitsburg. The club had previously written the Congressman asking his assistance in making the intersection safer. Unless improvements are made at the intersection the Congressman will work with the club to have remedial action taken. Education is not complete if all that the student gets is a trained mind.

FATHER GORDON DIES SUDDENLY; FACULTY MEMBER

A Solemn Requiem Mass was offered in the chapel of the Immaculate Conception at Mt. St. Mary's College, at 11 a. m. Wednesday, Nov. 24, for the repose of the soul of Rev. John C. Gordon, Ph.D., professor emeritus, who was fatally stricken last Sunday in his room at the college. The Most Rev. T. Austin Murphy, V.G., Auxiliary Bishop of Baltimore, was the celebrant. Rev. James T. Delaney, professor of psychology, delivered the eulogy. Members of the administration and faculty serving as pallbearers were: Prof. Dominic Greco, Dr. John W. Richards, Prof. William G. Meredith, Guy A. Baker, Jr., Walter Opekun and William H. Kelz. Father Gordon came to the Mount in 1922 to study for the priesthood. He previously had been associated with industry following his graduation from Pennsylvania State University in 1919. While at the Mount he received both a bachelor and master of arts degree and was ordained for the priesthood, Archdiocese of Baltimore, in 1928. He received his doctoral degree from The Catholic University of America in 1935. The college trustees named him as professor emeritus following his retirement as chairman of the science department in 1964. He is survived by his brother, Edward, and several nieces and nephews.

The highest achievement of man is to be able to think through distorted situations and arrive at the truth.

MOUNT GEARS FOR OPENER; SHIPPENSBURG IS FIRST FOE

Aside from starter Pete Johnston's pesky leg injury which looks as though it may sideline him the first month of the season, Coach Jim Phelan's cage problems are pleasant ones. With the brightest group of newcomers in years, Phelan finds that his vets are not about to roll over and play dead. Actually the veterans are showing more spark than they have since they donned Mountaineer uniforms. In the back court Phelan has four vets locked in a rugged battle. Right now Haag, the 6' senior shooting star, and Mike Lyons, 6'11 junior who missed most of last season but could be the team's hottest shooter, a throwback to the Pfeiffer-Sheing type, are running in starter's berths. But Mike Johnston and Jim Livelsberger, two 5'10 swiftness and both seniors, are just an eyelash behind. Johnston, whose big problem up to now has been his unwillingness to shoot, has been wearing out the nets from all over. There has never been any question about the rest of his game. Livelsberger is a fine floorman and a good shooter. Frequently he and Johnston spark the reserves to winning spurts over the varsity. Back court looks really solid especially when Phelan may have to shift either Fred Carter or Pete Johnston into one of the spots to insure that they play. Both are too talented to sit who ever comes up with the forward job. Bob Sutor, 6'8, certain to be one of the best big men the State has ever had if he progresses steadily in the campaigns ahead, will start at the pivot spot. The big guy makes a lot of freshman errors, but his size, agility, and speed more than compensate. He's a good shooter, an able passer and can take the ball off the boards and then head a fast break. But Frank Fenerty, a 6'5 senior with all the tools, is really pushing. A disappointment in past years, Fenerty has been doing everything right and he and Sutor have practically played one another to a standoff. If he carries his practice games into the season, Fenerty will see a great deal of action. At the forwards, 6'3 freshman ace Fred Carter and Baltimore's Dick Dohler, have really sparked. Both are quick, speedy movers, very good shooters and rugged rebounders. There will be no defensive sloughing off against either one. They have worked well together and seem certain start-

Postoffice Gives Mailing Advice

"Last year the Postoffice handled more mail than ever before, yet the operation was the most efficient in history," the Emmitsburg Postoffice says. Nationally about 99% of the Christmas mail reached its destination before Christmas Eve. "Zip Code use and the cooperation of the public in mailing early were the main reasons for our success. With the same or better cooperation this year, we expect to handle an even greater volume of mail with less effort than during the 1964 Christmas rush." The Postoffice has advice which should help mailers prepare for the upcoming mailing season. 1—Up date last year's address list and include Zip Codes. The phone book is usually a good source for local addresses. 2—Prepare a gift list as soon as possible. Be sure to have on hand enough shipping materials, boxes, tape, wrapping paper, etc. 3—Use first class postage on your greeting cards. This assures their being forwarded if the recipient has moved or that undeliverable cards will be returned if a return address is on the envelope. The Postoffice emphasized again this year that poorly-wrapped and loosely packed cartons are the major cause of parcel post damage. The Dept. urges that cartons be packed tightly by using stuffing material to fill up the empty space around the merchandise. It also asked that all mailers make an effort to address their letters, cards and packages as clearly as possible and asks they make every attempt to mail often, not waiting until the last minute to deposit all their gifts and greetings.

Ketterman said he had been in the accident, and Law said he found frozen foods similar to the items taken from the Keilholtz garage in the wrecked car. Ketterman admitted his part in the theft, when questioned later, Officer Law said, and implicated Sheeley. Ketterman pleaded guilty, and did not testify in his own defense. He was not represented by an attorney. Sheeley, who pleaded not guilty because he said he could not remember what he did that night, was represented by E. Austin James. He said that he did not think he had helped Ketterman and the other man take the items from the garage, but admitted installing the stolen battery in his own car later. Sheeley said he was too intoxicated to recall what happened.

Two Sentenced For Robbery Here

Two Adams County men were found guilty of breaking and entering and larceny this week in Frederick County Circuit Court for their part in a theft at Emmitsburg last year. Louis Sheeley, 38, Fairfield, was sentenced to 18 months in the Maryland House of Correction by Chief Judge Patrick M. Schnauffer. James E. Ketterman, 28, was sentenced to two years in prison. Judge Schnauffer suspended the sentence and placed Ketterman on two years probation. Ketterman and Sheeley were charged, along with another man who has not yet been apprehended, with entering a garage owned by G. Andrew Keilholtz, Emmitsburg, and taking a battery from an automobile and some frozen food worth about \$57. The break-in occurred November 17, 1964, between 5 and 6 p. m. W. E. Law, of the Emmitsburg police force, said he could find no indication at the scene of the crime as to the identity of the thieves. He said that he first saw Ketterman later that night when called to investigate an auto accident near town. He said he saw Ketterman run down an alley and into an old barn, and followed him there. Ketterman was found hiding behind some barrels in the barn. He had blood on his shirt, Officer Law said.

Funeral services were held on Wednesday afternoon at 1 o'clock at the Little Funeral Home, Littlestown, with the Rev. Graham T. Rinehart, pastor of St. Paul's Lutheran Church, Littlestown, officiating. Interment was made in the Fairfield Union Cemetery.

Garden Club Will Send Gifts To Cullen Boys

The Silver Fancy Garden Club members were entertained Nov. 18 at the home of Mrs. Claude White in Littlestown, Pa., with Mrs. Margaret Alexander and Mrs. Harry Mohney as co-hostesses. Eleven members were present and the business meeting was conducted by the president, Miss Liza Carpenter. The club voted to furnish some Christmas decorations and gifts for the Boys' School at Victor Cullen. Names were drawn for exchange of gifts at the Christmas Party to be held Dec. 16, the time and place to be announced. Mrs. Simon Klosky gave a very interesting talk and showed pictures of the trip which she and her husband took this summer, through Europe, Greece and many other places of interest. The next regular meeting will be held on January 20 at the home of Mrs. John White in Emmitsburg with Mrs. Andrew Eyster and Mrs. Vernon Keilholtz as co-hostesses.

Thurmont Post Won By Benjamin

A little over one-fourth of Thurmont's registered voters turned out Monday to elect William H. Benjamin to a vacancy on the Town Council. Benjamin, 44, an employe of the Thurmont Construction Company, defeated E. Franklin Weddle by a vote of 147 to 103 for the post, which pays a \$500 a year salary. Five write-in votes were cast for other candidates. Benjamin and Weddle were nominated for the vacancy created by the sudden resignation of the late Calvin Wilhide. He died a week after his Oct. 11 resignation. Benjamin has previously been a candidate for the council twice. He was defeated on both occasions.

Weight Reduction
Are last year's clothes easier to forget than to zip?
Is your belt getting tighter?
If so, you may be on the 'weigh' to more pounds than you need.
Instead of wishing for a slimmer you, try reducing. The best diet plan takes more backbone than wishbone, but the formula

is simple: eat less, exercise more, says a new leaflet from the American Medical Association.
Plan to lose no more than one to two pounds each week. Rapid weight loss may leave you tired, irritable and vulnerable to disease. What's more, pounds that are shed in a hurry often return just as quickly. If you are more than ten pounds overweight, consult your physician before beginning to diet.
Calories are units of energy

found in all foods. If the foods you eat contain more calories than your body uses in daily activity, the excess is stored as fat. To reduce, you'll have to cut your caloric intake or exercise more.
People who lead moderately active lives need about 15 calories per pound to maintain their weight. To estimate your daily needs for a slimmer figure, multiply your ideal weight by 15, or by a slightly lower figure if you are not very active. Keep your caloric intake at that level.
When you're subtracting calories, don't subtract all the nutrients you need. Your body still needs the proteins, carbohydrates, fats, vitamins and minerals that are contained in the basic food groups—milk; meat or substitutes; fruit and vegetables; breads and cereals. Cut down on your portions, but balance your diet. If your stomach cries for a larger amount of food, fill in the spaces with low-calorie foods such as celery, radishes and consommés.
Americans waste \$100 million annually on phony reducing products. Forget this nonsense and stick to will power.
Exercise will help in your campaign. Remember: Weight control is a matter of balancing food intake with activity output.

SPORTING TIPS OUTDOOR

They'd Rather Fight Than Switch
A cigarette filter (from any brand) makes a good "bug" for large and small mouth bass. Fish with a fly rod like any looper.
Weed Scouring
Common horsetail weed (Equisetum) works well as a camp scouring pad. Seems the plant collects silica in its growth.
Tarpaulin Teepee
Make an ice fishing shanty out of a 12x14 foot tarpaulin. Cut long stakes and imbed in ice. Wrap tarp around them. Not as nice as an ice shanty but it breaks the wind and reflects heat from a stove.
Quail Shots
"Sa fact. Quail shooters sharpen their reflexes by "shooting" coveys with an empty gun. Dry runs (they claim) teach them there is ample time to zero in on individual birds, rather than firing blindly at flock.
Hot Head
Head hot in sweltering weather? Wrap heat-reflecting aluminum foil over your hat.
Cold Nose
Nose cold in sub-zero weather? Tape a band aid over it.

YOUR FEDERAL INCOME TAX

The Emmitsburg Chronicle, in cooperation with the Internal Revenue Service, Baltimore District, will publish each week in this column, tax information that will enable taxpayers to become more familiar with the Federal income tax laws. Clip

and save for future reference. **Questions And Answers**
 Q. I've heard that a check made out to cash or to yourself is not sufficient to establish a deductible expense. Is that right?
 A. Generally speaking, that is correct. To substantiate a deductible expense your records must indicate, among other things, the purpose of the expense, and to whom paid, as well as the amount.

A check made out to cash or to yourself gives no indication by itself to the nature of the expense. This kind of check must be supported by other records, such as receipts, to be useful in supporting any deductions you claim.

A check made out to a specific organization or person, like a charity or a doctor for example, may well be sufficient to establish that a deductible expenditure has been made.

Q. I just got my hunting license. Will this be deductible?
 A. No. Hunting licenses are not deductible.

Q. I'm partially disabled and find it difficult to get around. I have a notice to come into your office for an audit of my return. Would it be possible to mail my records in or to have your agent come here?
 A. Contact your local IRS office and explain your situation. Most likely you will be able to send the necessary records to your district office. If that is not feasible, other arrangements can be made that will be mutually convenient.

Q. I've got a dispute going with my local Internal Revenue office over last year's return. A friend told me that the taxpayer gets a better break in these disputes if he waits until the case gets into the courts. Is that true?
 A. The fact that a dispute gets into the courts does not alter the position of the Internal Revenue Service. What may happen, however, is that a taxpayer waits until he gets to court before he produces all pertinent information on his tax matters and the final outcome may give the appearance that a better settlement is reached. The truth of the matter is that if this information had been presented during the initial audit of the return, the matter could have been settled at that stage.

The Internal Revenue Service bases its position on the facts of the case and the applicable law. The fact that a taxpayer is willing to take a case to court will not affect the appraisal of these facts and the law.

Q. How can I get a copy of the 1965 tax rates? I want to do a rough calculation on what I will

owe this year.

A. As usual, a copy of the 1965 tax rates and the necessary forms will be mailed to taxpayers around the first of the year. However, you may obtain a copy of these tax rates now by writing your local IRS office.

For further information contact your local Internal Revenue Service office.
