## Most Anything At A Glance

BY ABIGAIL

Oh, my gosh! Valli Ryan, director of development and college relations at St. Joseph College, excitedly reported this incident which happened last week. She exuberantly tells of a young fawn which crashed through her office window while she was working. Startled by the shattering glass and broken screen, she quickly ascertained the young deer had been badly cut and also had a broken leg. The animal had to be destroyed. Valli has restored her office to normalcy now and signs off "Deer-ly." Never a dull moment in Emmitsburg, Valli.

It never fails. Just as I was sounding off about no intersection accidents on the by-pass since recent safety precautions were taken, the paper was no sooner out on the street when wham, Friday two cars cross horns. To prove still further that I didn't know what I was talking about, two more decided to tangle early Tuesday morning. It goes to show you that a gal takes quite a risk discussing anything around Emmitsburg. If you do the reverse will happen or else you will be misquoted.

While observing children enjoying themselves the other morning at the Playground, I was amazed at the lack of shade around the place. The kiddies appeared exhausted from the hot sun and the heat and I just got to wondering if something couldn't be done to provide a little shelter or shade there for the youngsters?

Candidate Norman Flax appears to be gaining some nice support throughout the County in a quest for a seat on the Board of County Commissioners. I talked with a few people in the "know," outside of Emmitsburg this week, and they told me Flax's chances of crashing through to victory appear brighter. This indeed is good news and we hope these people know what the score really is. There is no question in my mind that Flax would do a creditable job in the office, after all, who could do worse than what we have at present?

It seems as though it is either feast or famine around here. For nearly half a century we have had no one in a county office and now we have two declared candidates and I understand there might possibly be another in the near future. Just as soon as Bob can make up his mind to file we will have the third candidate, I am told by the grapevine.

Right now, at this writing, we are in the midst of a sustained heat wave. New high temperature marks have been established during the past week and brother, it is a torrid one. With the drought in high gear and the heat wave starting into its second week citizens are hunting a spot to cool off. With no public swimming accommodations available the youngsters are trying their best to make their way "in" their neighbors' private pools. These pools are popping up almost anywhere these days and they do help ease the situation here. We only hope we have ample water reserves to keep them going, but I'm just a tiny bit afraid.

## Annual Legion Feast Saturday

The annual barbecued chicken feed of the Francis X. Elder Post 121, American Legion, will be held on Saturday, July 2 at Bud Shorb's farm north of town.

The affair will get under way promptly at 6:00 p.m. and continue until nine o'clock. Admission price is \$2 and members, Auxiliary members, social members and guests are invited. A rain date has been set for Sunday, July 3, two to five p.m.

## VFW TO MEET

The regular meeting of Emmitsburg Memorial Post 6658, Veterans of Foreign Wars, will be held Wednesday evening, July 6, at Kump's Dam Park, beginning at 8:30 p.m.

## July Fourth Parade Is Set For Monday

All indications show that Emmitsburg will celebrate the Independence holiday with a gala parade. Any and all organizations are invited to join together to make this parade successful. Leaders of Scouts in the community some years back decided to make this parade an annual affair. However, it was cancelled last year after the death of our band director, Mr. Walter Simpson. The band is trying to cling together so that we may have a showing on July 4th.

The program includes selections by the band, Invocation, Flag pledge ceremony, National Anthem, greetings by the Mayor. Our speaker will be Mrs. Edward D. Storm, wife of a local lawyer. Mrs. Storm will direct her talk to the youth of the community as she is a Director on the Central Maryland Council of Girl Scouts. She is also affiliated with Operation Headstart, the newly incorporated program for the youth of Frederick County.

The ball game usually held after the ceremonies will not be played this year.

Any youth group wishing to participate in the parade should form at the Doughboy at 9:30 a.m. and begin the lineup for the parade at 10:00. Girl Scouts, Boy Scouts, Cub Scouts, firemen, service clubs, auxiliaries, 4-H Clubs, Little League — let's make this year outstanding. The parade route is the usual — down West Main St. to the light, turning right down to the Emmitt House, and left to the ball park.

Mrs. John Chatlos, Troop leader for Junior Troop 405, will be in charge of the program.

## Cars Collide At Intersection

Another auto wreck occurred at the intersection of Routes 15 and 97 east of Town early Tuesday morning.

A car driven by a Mr. Shealer, Gettysburg, was proceeding south on Rt. 15 and a vehicle driven by a Mr. Stonesifer, Emmitsburg, travelling west on 97 collided at the intersection. Stonesifer's car apparently stopped at the intersection stop sign and then proceeded into the path of the Shealer car. State Police charged Stonesifer with failing to yield the right of way to an oncoming vehicle. The mishap occurred at approximately 6:30 a.m. and damage to each vehicle was estimated at several hundred dollars.

## BABY SHOWER

A baby shower was held recently for Mrs. Marie Champlain at the home of her grandmother, Mrs. Margaret Smith. Those present were: Mrs. Marie Champlain, Mrs. Melva Smith, Mrs. Mary Ann Hahn, Mrs. Carrie Hahn, Mrs. Anna Topper, Mrs. Louis F. Rosensteel, Mrs. Violet Wastler, Mrs. Betty Goulden, Mrs. Margaret Smith, Mrs. Ruby Sheeley, Shirley and Betty Jean Sheeley, all of Emmitsburg; Mrs. Pauline Champlain and Mrs. Helen Simpson, of Littlestown; Mrs. Doris Bigham, Mrs. Myrtle Scott and Mrs. Donna Little, Gettysburg; Mrs. Edith Kelly, Thurmont; and Mrs. Kay Champlain, Hanover.

Those sending gifts but unable to attend were: Miss Frani Hardman, Mrs. Millie Hardman, Miss Mildred Schultz, Mrs. Helen Spence, Mrs. Shirley Pittinger and Mr. and Mrs. Milburn Glass.

The recipient received many nice gifts and delicious refreshments were served.

## REUNION HELD

The O'Toole family reunion was held Sunday at Cunningham Falls Park. The following officers were elected: President, George R. O'Toole, Waynesboro; secretary, Mrs. Helen Sanders, Emmitsburg; historian, Margaret Fitzgerald, Washington, D. C., and entertainment committee, Donald Sanders, of Waynesboro. It was decided to hold the 1967 reunion at the same place on the third Sunday of June. Prizes were awarded to oldest present, Mary O'Toole, of Thurmont; youngest, Patricia O'Toole; longest married, George S. O'Toole; youngest married, Richard O'Toole; most children, George S. O'Toole and family; coming longest distance, Dawson Kelly, Cleveland, Ohio.

SP/4 Arthur S. Elder is undergoing two weeks military training with the National Guard at Blackstone, Va.

## Light Rainfall Does Little To Ease Drought

Rainfall descended on the Emmitsburg area around 4:30 o'clock Wednesday afternoon for the first time in over a month.

Parched lawns and gardens benefited little by the downpour which totalled an estimated quarter of an inch. The rain was accompanied by gusty winds but little damage was reported. In woods-boro a "twister" levelled a farmer's barn but damage was reported at a minimum throughout the county.

The rain continued intermittently for about an hour and did afford a little relief to the populace which has been sweltering in record-breaking temperatures for about a week.

The downpour did little to relieve drought conditions here but did drop temperatures a few degrees overnight. Little improvement, if any, was seen in the Town's water situation, which, if the drought continues, could become serious once again.

## Finan Adds Louis Goldstein To Ticket

Attorney General Thomas B. Finan, candidate for the democratic nomination for Governor, announced this week that he had selected Louis L. Goldstein, State Comptroller, as his running mate for the office of Comptroller. The Attorney General had previously placed State Insurance Commissioner Francis B. Burch on his ticket for the office of Attorney General.

In making the announcement, Attorney General Finan stated: "Louis Goldstein's splendid record of dedicated and enthusiastic public service is well known to Marylanders. A former president of the Senate of Maryland, he has had a distinguished record as Comptroller of this State for the past eight years."

"Under the leadership of Mr. Goldstein, the office of Comptroller has been operated efficiently and prudently. The innovations he has introduced and the positions he has taken during his administration of the office have saved the taxpayers of Maryland millions of dollars. For example, the State Treasury realizes over \$400,000 additional interest annually on State bank deposits because of a new system inaugurated by Mr. Goldstein."

"I feel certain that the Comptroller's experience and knowledge will prove invaluable as we implement our plans to reorganize the State government now that a new era is upon us because of reapportionment and the growth of our population and budget."

"Bill Burch and I welcome Louis Goldstein to the team, and we look forward to working with him in a team effort which will produce victories in September and November."

In accepting the offer to campaign on the newly formed Finan-Burch — Goldstein ticket, Mr. Goldstein stated: "As of today, I have accepted the invitation of Thomas B. Finan to run on his ticket for State Comptroller. I am honored to be a member of the team of Tom Finan and Bill Burch. My running mates and I will campaign as a team. I have known these two gentlemen for many years and have always had the highest regard for their integrity, ability, dedication and devotion to the task of providing better government for the people of Maryland."

"I find the ideas contained in Mr. Finan's 'Blueprint for Progress' both exciting and bold. I feel that Attorney General Finan is the outstanding candidate for Governor and that he has the proper combination of experience, temperament, knowledge of State affairs, and ability to provide the leadership which will be necessary to move our great State forward in the challenging years which lie ahead."

Mr. Finan's "Blueprint for Progress" will be available to the public.

## KENRON-HAYS

Announcement has been made of the marriage of Miss Helen Elizabeth Hays, Chicago, Illinois, daughter of Mr. and Mrs. James T. Hays, Colt Park Gettysburg, Pennsylvania, to Mr. Michael E. Kenron, son of Mr. and Mrs. Hans L. Kenron, Chicago, Illinois, on the 28th of May.

Mr. and Mrs. Kenron will continue living in Chicago where both are currently attached to the staff of Field Enterprises Educational Corporation.

## EMBLEM OF DIGNITY AND JUSTICE

## Local Soldier's Wife Continues Drive To Aid Vietnam Orphans

Open Letter To The  
Town Of Emmitsburg:

As I now have two orphanages in South Viet Nam I must make a second plea for more clothing. Word spread from Phu Lam all the way up to Pleiku (around 300 miles) of the clothing drive we are holding for the orphans of Ho-Du-Vahn. The men in the Pleiku area then called and asked M/Sgt. Culbreath if he could possibly share any of the clothing with them for their orphans. Naturally the answer was yes.

The area around Pleiku is mountainous and therefore much cooler than around Saigon. So they can use warmer clothing such as sweaters, corduroys and woolens. But still no winter coats or jackets.

I am also, along with the clothes, asking for donations of money. So that we can buy two ice boxes which they need so desperately. They only have one tiny one now and when the G.I.'s buy the milk for them it spoils overnight because there is nowhere to keep it. They have no electricity and therefore our G.I.'s must

buy the ice boxes off the Vietnamese market.

The G.I.'s themselves at Phu Lam are having an extra drive this week to buy screening for the windows. They will make them up and install them themselves. Thereby, keeping the insects out and the spread of disease down.

The Army from Fort Ritchie is giving me the boxes for the packing of the clothes and then are shipping it by air-freight to Saigon, for which I am very grateful as are the orphans.

Make all checks payable to: Mrs. Dorothy Culbreath and put in the lower left hand corner, "for Orphans' Fund", and I will have the bank make out one certified check. Arrangements have already been made with the Finance Officer at Phu Lam to change it into Vietnamese money so they can make the purchase in Saigon.

I'm sure you feel as I do, that we must help these small innocent victims of war, in any way that we can.

The drive ends the 15th of July. Gratefully,  
Mrs. Dorothy Culbreath

## Betrothed

Mr. and Mrs. James E. Davenport, R2, Emmitsburg, announce the engagement of their daughter, Toni, to Douglas A. Valentine, son of Mr. and Mrs. Ray E. Valentine of Rocky Ridge.

Miss Davenport, a 1962 graduate of Great Bridge High School in Chesapeake, Va., is a 1964 graduate of the Hagerstown Business College. She is employed with Weaver Brothers Inc., Frederick.

Mr. Valentine was graduated from Emmitsburg High School and is a senior at the University of Maryland. He is employed for the summer in Westminster.

No date has been set for the wedding.

## District Meeting

District Deputy Paul A. Keepers, Brute Council, Knights of Columbus, has called a meeting of the district councils to be held in the local K of C Hall on Tuesday, July 12. District No. 4 comprises councils from Emmitsburg, Hagerstown, Frederick and Mount St. Mary's College. All officers of Brute Council are asked to be present. Members also are invited.

## Receives Degree

PASADENA, Calif.—The master of science degree has been conferred on John D. White, Jr., of Emmitsburg, Md., by President L. A. DuBridge of the California Institute of Technology at the annual Caltech commencement.

Son of Mr. and Mrs. John D. White, 333 East Main St., Emmitsburg, he has majored in electrical engineering at Caltech and was graduated from Johns Hopkins University, Baltimore, B.S., 1964.

The world's largest and most modern laboratory dedicated to research on nickel and its alloys is operated by International Nickel at Sterling Forest, N. Y.

## Norman Shriver Installed As Lions Club President

Norman J. Shriver, Emmitsburg farmer, was installed as the new president of the Emmitsburg Lions Club at the annual installation of officers held Monday night at Mt. Manor Restaurant.

President William Kelz conducted the meeting until the new slate of officers was installed. Guest of the club was William Boyd, president of the Big M Go Kart Club, who discussed operational plans of the kart club for the present season. The club authorized a \$25 donation to a blind Thurmont man who is undergoing rehabilitation training.

Laverne Fogle, Walkersville, Zone Chairman for District 22-W, installed the following officers: President, Norman J. Shriver; first vice president, Ralph Tabler; second vice president, Ralph McDonnell; third vice president, Charles F. Troxell; secretary, Eugene Sappington; treasurer, William Slemmer, Jr.; liontamer, Clarence G. Frailey; tailwister, Charles F. Stouter and director, J. Ralph McDonnell.

## Bible School Closes Today

The Community Vacation Church School, which began Monday, June 20, will end its two week course of study today. A school picnic will be held at Elias Church at noon, and a Demonstration Program will be given by the pupils tonight at 7:30 o'clock.

The closing program will enable parents and friends of the pupils to see the results of the ten-day course of study — "God Lives Today". It will also give the children a summary of their studies of five of God's attributes: Mighty, Great, Watchful, Just, and Love.

The program will feature a Cross, formed by five teenage pupils, as they give short resumes of the ten lessons. Each speaker will cover two lessons, after which the various classes, Nursery thru Junior High, will demonstrate the lessons just reviewed.

Following the Demonstration Program, parents and friends are invited to go to the various areas in Elias and Trinity Churches, to see the displays of craft work and class projects which the pupils have prepared for the occasion.

## Brunswick Water Reserves Dwindle

Brunswick has imposed a ban on all unnecessary uses of water, Mayor Jess Orndorff has announced.

The ban prohibits use of city water for such purposes as filling private swimming pools, car washing by private citizens or garages, sprinkling of lawns and gardens or cleaning sidewalks and porches.

City water will be permitted only for drinking and the "necessities of life," Orndorff said.

However, the YMCA pool will continue to operate until further notice since water can be filtered and chlorinated repeatedly, he said.

Orndorff said that the Brunswick reservoir water level has dropped 12 inches, probably because of heavy demand exceeding the supply.

## LAWN PICNIC

A picnic was held on the lawn of Mrs. Bernadette Kaas on Sunday, June 19. Those present were Mrs. Charity Kaas, Emmitsburg; Mr. John Dubel, Rocky Ridge; ATC and Mrs. Lewis Field and sons, North Kingston, R. I.; Mr. and Mrs. Robert J. Kaas and family, Emmitsburg; Mr. and Mrs. Franklin Stambaugh and sons, Rocky Ridge; Mr. and Mrs. Robert Seidel, Sr., and family, Emmitsburg; Mr. and Mrs. David Kreitz and family, Fairfield; Mr. and Mrs. Edward Althoff, Thurmont; Mr. and Mrs. Jack Eyler and family, Emmitsburg; Mr. and Mrs. Charles Orndorff, Altoona, Pa.; Mrs. Alice McLaughlin and Mrs. Evelyn Hartdagen, Emmitsburg. Games were played and a nice time was had by all.

## EMMITSBURG LITTLE LEAGUE (Games Through Wednesday)

|           | W | L  |
|-----------|---|----|
| Giants    | 9 | 2  |
| Red Sox   | 8 | 3  |
| Cardinals | 4 | 8  |
| Yankees   | 2 | 10 |

## Next Week's Games

Monday—Cards vs. Giants  
Tuesday—Yanks vs. Red Sox  
Wednesday—Red Sox vs. Cards  
Thursday—Giants vs. Yanks

Chile covers 286,000 squares long but has an average width of only 110 miles.

## Council Imposes Limited Ban On Water Use

A water use ban which was put into effect last year but never officially declared over, will go into effect on a moderate scale, effective immediately, Mayor Guy A. Baker, Jr., announced this week.

While the situation is far from serious, says the Mayor, efforts to conserve present supplies must be made at once. In another section of this paper appears an official notice of the new ban which says it will be strictly enforced. Offenders will be dealt with in a stern manner and meters will be placed on their homes.

While there are ample supplies remaining in the reservoirs, Public Works Commissioner J. Norman Flax reports that pumping of wells has been started to augment present reserves.

Mayor Baker has declared a ban on three types of water use. (1) Henceforth there will be no watering of lawns at any time. (2) Pavement washing will not be permitted. (3) No all night sprinkling will be permitted. Automatic sprinkling must be discontinued by 11:00 p.m.

No mention of a ban on car washing, swimming pools, etc., was made but these are expected to be in the second phase of any action to be taken to curb water usage if the drought continues.

## Library Benefit Auction July 9

Only one week remains before the big auction and rummage sale to be held in the Fire Hall on Saturday, July 9 for the benefit of the Library Projector Fund. The rummage sale will begin at 10 a.m. and the auction will start at 11 o'clock. The committee hopes to realize enough from this year's auction to complete the purchase of the projector, which will be available to all organizations and groups of the community.

The committee is desirous of more articles for the sale and anyone having anything to donate should call the library, 447-2682, any morning this week.

## Police To Sponsor Driving School

Plans for a Defensive Driving program are nearing completion, Chief W. E. Law reported this week, and just as soon as enough registrants to form a class can be signed up the course will commence.

The program is sponsored by the Maryland State Police in cooperation with the National Safety Council. Present plans call for holding the class on Monday nights in the VFW Annex and drivers 16 years old up to 80 are invited and urged to join the class.

The program will consist of one night weekly of two-hour classes which will be in charge of two State Troopers and Police Chief Law. During the evening lectures will be given and movies shown. The course lasts for four weeks totalling eight hours. Following completion of the course those enrolled will be presented with a certificate from the National Safety Council, the sponsor. Those taking the course must have a driver's license. Interested persons are asked to contact Chief Law or register at the Town Office.

## Hospital Report

Admitted  
Miss Constance L. Sanchez, Emmitsburg R2.  
Mrs. Thomas Gingell, Emmitsburg.

## Discharged

Cyrus L. Manahan, Rocky Ridge.  
Dennis Andrew, Emmitsburg.  
Thomas E. Ott, Sr., Emmitsburg.  
Mrs. Cora F. Valentine, Thurmont.  
Ellen Hamm, Emmitsburg R1.  
Mrs. Charles Long, Emmitsburg.  
Miss Donna Faugh, Rocky Ridge.

## Births

Mr. and Mrs. Harry R. Wetzel,  
Emmitsburg R1, daughter, Friday.  
Mr. and Mrs. James W. Bentz,  
Rocky Ridge, daughter, Friday.

## Town Meeting

The regular monthly meeting of the Burgess and Commissioners has been changed from Monday, July 4, to Monday, July 11 because of the holiday, Town Clerk Yonnie Baker announced this week.

## Mahoney Drawing Enthusiastic Crowds

Wherever he has gone recently, George P. Mahoney has drawn enthusiastic crowds. The people of the state are responding strongly to Mr. Mahoney's announcement of his candidacy for the Democratic nomination for governor. The calls from well-wishers, supporters, as well as from volunteers have tied up the phone at

his headquarters for a solid week. During the period since his announcement, Mr. Mahoney has received endorsements from the first, second, and sixth districts in Baltimore City where he has always had a large following. Strong support from the third district will be forthcoming. In fact, the response from all over the state has been overwhelming. The addition of Ernest N. Cory, Jr. as his Attorney General candidate, and his endorsement of

Louis Goldstein for re-election to the office of Comptroller has increased the already considerable momentum of his campaign. Indeed, it seems as if everyone wants to join the Mahoney bandwagon.

George P. Mahoney has come out strongly against the part of the federal civil rights bill before Congress which takes away the homeowners' right to sell or rent the home in which he lives in any way he chooses. He has also promised that as governor, he would do all in his power to prevent the passage of any state bill which removes the right of homeowners to sell or rent their homes in any way they choose.

In addition, Mr. Mahoney has stated that he will strongly support vocational education as a preventive measure against juvenile delinquency, and that he will provide additional state revenue from racing.

As a business man, Mr. Mahoney says that he will put Maryland on a sound financial basis, using business methods.

## TODAY'S Meditation

from The World's Most Widely Used Devotional Guide

**The Upper Room**  
© THE UPPER ROOM, NASHVILLE, TENNESSEE

Read John 15:1-5. They that wait upon the Lord shall renew their strength. (Isaiah 40:31).

It is good to have family devotions around the table after breakfast. As a family, we make this a regular habit at home and also during the summer months as we travel and enjoy camping.

Like everyone else, our days are busy and time is at a premium, but we find our family worship prepares us for the day ahead.

During the day, when pressures tend to wear us down, a word of scripture brought to mind often means the difference between helplessness to meet the challenge or a calmness to solve some problem.

As Christians, we ought to help others and carry the Golden Rule into our everyday life. Each day we have an opportunity to renew our strength and to witness to our Maker. We witness in the way we talk and act as we meet the everyday challenges of life.

Prayer  
Heavenly Father, help us through this day to be ever mindful of Thy love and care. We thank Thee for our many blessings. Help us to recognize Thy will in our lives. We beseech Thee to guide us that we may help others know Thee better. In Jesus' spirit. Amen.

Thought For The Day  
Moments spent with Christ help me live a better day for Him.

## Skin Disorders Are Explained

**Psoriasis**  
Psoriasis is a skin disorder that affects at least one out of 50 persons in the United States. It's pronounced so-RYE-ah-sis.

Most often psoriasis appears as "silvery-scaled red patches on the elbows, knees, scalp and trunk," says Today's Health, the magazine of the American Medical Association.

The disorder affects both men and women and most frequently appears between the ages of 15 and 30 years. The individual lesions will appear and disappear, but once they have occurred, they usually will exist in varying degrees of severity for the rest of the person's life.

The exact cause of psoriasis is not known. There is no cure. Some skin specialists have noted that the tendency to this disease may be hereditary. Sometimes the lesions appear following injury to the skin, such as a cut or a burn. Psoriasis often is seasonal, worsening in the winter and improving in the summer. Many patients have flare-ups of the disease during periods of physical and emotional stress.

Some doctors have found that psoriasis responds well to sunlight or from sunlamp treatments. Ointments, creams and lotions for external treatment abound. In recent years skin specialists have had some success with corticosteroid creams and lotions, particularly when the areas are covered with thin plastic film wrappings. Therapy with tar and ultraviolet light often is recommended in addition to the creams. Recently, some particularly stubborn cases of psoriasis have responded to some of the drugs commonly used in treatment of certain types of blood diseases and tumors.

The hazards of undesirable side effects are many, and careful medical supervision is mandatory if disastrous complications are to be avoided.

Research continues into the nature of psoriasis. Until there is more knowledge of the many mysteries of the disease, the patient's understanding of the disease and sympathetic understanding by his friends, family, physician and others will greatly lessen the burden for those who must live with psoriasis.

## OFFICE CLOSED

W. S. King, district manager of the Hagerstown Social Security Office, has announced that the office will be closed to the public on Saturday, July 2. It will also be closed on Monday, July 4, for the holiday observance.

The office is regularly open to the public from 8:45 to 5:00, Monday through Friday, except holidays.

## VFW AMBULANCE

Jeaneth Brotherton, St. Anthony's, was transported to the Union Memorial Hospital, Baltimore, this week via the VFW ambulance. The driver was Guy A. Baker, Jr.

## Personals

Miss Jessica Mick, Hilford, Del., is visiting her grandparents, Mr. and Mrs. Leonard Sanders. Recent visitors at the Sanders residence were Mr. and Mrs. Donald Feaser, Littlestown.

Mrs. Virginia Sanders and Mrs. Arthur S. Elder visited several days this week with Mr. and Mrs. Michael Bobanic, Aliquippa, Pa. Re-Enlists

ATC Lewis Field who recently completed 20 years service in the U. S. Navy, has re-enlisted for two years. Chief Field and his family are on their way to his new assignment at San Diego, Calif. after spending several days with Mrs. Fields' mother, Mrs. Bernadette Kaas and family, St. Anthony's.

Mrs. William C. Smith and son, Robert, Timonium, and Mrs. Matt Paidakovich and children, Lynn and Lisa, Silver Spring, were weekend visitors of their mother, Mrs. Genevieve R. Elder.

Mr. and Mrs. Arthur Elder and family were weekend guests of Mr. and Mrs. I. V. Diffenderfer at Craft Haven on the Susquehanna, Md.

Miss Yvonne Henke, daughter of Mr. and Mrs. Robert Henke, left for Canada on Wednesday where she will attend Laval University in Quebec for six weeks pursuing graduate courses in French.

Miss Nancy Eyster has returned to the home of her parents, Mr. and Mrs. Andrew Eyster, after vacationing in the Bahamas and Nassau.

An open house was held Sunday at the home of Mr. and Mrs. Richard Weedon in honor of Mrs. Weedon's niece, Sister Marie Bernadette of Brazil.

Mr. and Mrs. Earl M. Glass and children, Eric, Mitchell and Linda, have returned to their home in Freeport, Maine, after spending a week with Mr. Glass' parents, Mr. and Mrs. Milburn Glass, DePaul St., and his sister and family, Mr. and Mrs. William Sheeley.

## Highway Fatals On Increase

Fifteen persons were killed on Maryland highways last week according to the weekly survey published by the Maryland State Police. Seven of those killed were drivers; four were passengers; and four were pedestrians. Alcohol was a contributing factor in two of the deaths; speed in three; and "driver error" was present in eleven of the fatalities. Maryland highway death toll so far this year is 45 more than for the same period in 1965.

"One of the principal causes of highway collisions between motor vehicles," said Colonel Carey Jarman, Superintendent of the Maryland State Police, "is the failure of operators to comply with the fundamental right-of-way rule."

"A motorist who barges through a stop sign without stopping is surely engaged in a form of 'Russian roulette'. Statistics show vividly the prevalence of this type of driver error, and last week's record merely adds to an already grim picture."

"Unfortunately," concluded the Superintendent, "neither a stop sign nor a law can guarantee your safe passage through an intersection. The one and only safe rule to follow is the defensive driving rule, that is, always have your vehicle under such control as to enable you to react safely to the other fellow's move no matter what it is."

## Dog Catcher Named

Army Sergeant Major (Ret.) Dexter Cann, who has worked with animals for the past nine years at the Walter Reed Institute, has been appointed as the new Frederick County dog warden.

Sergeant Major Cann was assigned to the veterinary medicine department of the Walter Reed Research Institute in Washington for nine years before his retirement last November.

Before that, he was a personnel Sgt. Maj. at Fort Detrick and he says, "I have always gotten along well with people as well as animals."

Cann has been operating a small farm in the Ijamsville-New Market area for the past 13 years.

The position pays \$3,600 annually. It requires him to be on call seven days a week around the clock but not to work regular hours, Cann revealed.

The glorious liberty of the children of God.—(Rom. 8:21—A.V.)

God, in his infinite goodness, provides for all of us the truly glorious liberty of being His children. To deserve that status we must make every effort to pattern our lives in His true image, in every way that we can.

LET ☆☆☆

FREEDOM

RING

EVERYWHERE

Life, Liberty and the Pursuit of Happiness . . . these were the inalienable rights that our founding fathers believed in and fought for at Lexington and Concord . . . these are the rights that Americans still believe in today.

But not all men enjoy the rights and privileges that are our heritage—men still live in oppression in many parts of the world. Let us keep the Bell of Freedom ringing . . . that its message of Independence may find an answering echo in every heart.

## Citizens Of Tomorrow

This week's Citizens of Tomorrow are as follows: Left picture, l-r, front, Joseph, 1, and John, 3, and rear, l-r, Brenda, 5 and Allen, 6, children of Mr. and Mrs. Charles

W. Cool, R2, Emmitsburg. Right picture, l-r, is Rodney, 7, and Richard, 10, sons of Mr. and Mrs. James N. Wivell, Jr., R1, Emmitsburg.

## Laurel Plans Special Events July 4

Plans for a family-style, fun-filled and action-packed Fourth of July celebration at Laurel Raceway next Monday have been announced by track President and General Manager Dick Hutchison,

Jr. They call for free admission to children under 10, a free barbecued chicken dinner with all the trimmings to be served from 4:30 to 6:30, nine top-flight races starting at the usual 8:00 p.m., and a chance to win a 1966 fire-engine red Cadillac Convertible. Although permission was granted by the Maryland Racing Com-

mission to conduct a double-header 19-race day and night program, President Hutchison decided on a night card only, with all races featuring quality trotters and pacers. Twin Double wagering will prevail as usual on the 6th thru the 9th.

The races will be topped by two if not three sections of the \$250,000 (est.) Atlantic Seaboard Circuit Pacing Series, expected to produce Laurel's first under-2:00 mile. In the first local division, opening night, the 7-year-old New Zealand import, Tactile, skirted the million-dollar Tartan in two minutes flat, the fourth such miracle mile at Laurel Raceway since Hi Lo's Forbes turned the trick on the old half-mile in 1953.

Others who hit the 2:00 mark, in ASC competition in 1965, are Smoke Cloud N. and Scarlet Wave. The chance to win a Cadillac Convertible is open to all Laurel Raceway visitors nightly. Drawing will be Monday, July 25, at which time admission to the track will be completely free.

Getting the long Holiday Weekend under way Friday night will be the ninth renewal of the Reading Futurity Trot for 2-year-old colts.

Saturday, the new Boutonniere Stakes exclusively for 3-year-old pacers will be unveiled. It boasts a galaxy of stars including eleven eligibles to the remaining two jewels of the Triple Crown, the \$71,000 Little Brown Jug and the \$151,000 Messenger.

## Model Airplane Meet This Weekend

The annual radio-controlled model airplane meet, sponsored by the District of Columbia Radio Control Model Club (DRCRC), will be held at the Frederick Airport over the Fourth of July weekend. This year, the contest will run for three days, July 2, 3, and 4, from 9 a.m. to 5 p.m. each day.

John E. Patton of Braddock Heights, a member of the DRCRC club and president of the Frederick model club, said that this event will draw contestants from probably every state on the East coast with model airplane entries of every shape and size. Mr. Patton said, "We expect the largest registration of contestants that we have ever had for this contest."

Mr. Patton also said that the DRCRC club is receiving full support for this event from the Frederick Civil Air Patrol (CAP) Squadron and from Mr. Paul Cochran, manager of the airport. The commanding officer of the CAP Squadron, Maj. Alfred C. Denn, said that CAP will operate a food stand and will sell sandwiches, soft drinks, coffee, and ice cream for the convenience of contestants and spectators. The proceeds from the concession will be used for the cadet aerospace education program. The Squadron will also furnish first aid facilities, a mobile water tank for dust control in the contest area, generator power for electricity, and a CAP airplane to be used for air search for lost models.

The models will be flown on the north end of the north-south runway which will be closed to regular air traffic. Entries will be judged for precision and control and each plane may be entered in one or more competitive classes. Trophies will be awarded to the winners of each class at the end of the contest.

There is no charge to the public to watch this event and plenty of free parking will be available.

## Urges Traffic Safety Over The Fourth

"There's a big holiday coming up—the 4th of July," Paul E. Burke, Executive Director of The Maryland Traffic Safety Commission warns. "If a motor trip is in your plans, take time to enjoy your holiday in safety. Give yourself plenty of time to get where you are going without excessive speed. Take time to break a long journey with rest and refreshment to keep you alert. Take time to observe safety precautions on the highway. Take time to use good common sense in your driving. Remember, you are morally responsible to observe all traffic laws."

On the 4th of July Holiday last year, which was a 3-day celebration, 533 persons were killed or injured in traffic accidents in our state, the Executive Director declared. The speeded—Road Hog and Me—First are just other names for the discourteous and inconsiderate driver who, though he may bear you no ill will, has

long ago forgotten the teachings of the Golden Rule. These killers for a certainty are born of man's inhumanity to man. The lack of courtesy and consideration for others is foremost in their every action. That is why, with a little thoughtfulness and consideration on the part of the driver and pedestrian, we can starve these killers into complete submission.

You, the citizen, Burke cautioned, are responsible first to drive your own car as if your life and the lives of others depended on it; second, to help the other driver accept and understand his responsibility. You never drive alone—your passengers, people in cars who pass, pedestrians who cross your path, and certainly your family waiting at home, all depend upon your driving behavior. Approximately 80% of all traffic accidents are preventable, and we know that traffic safety, like charity, begins at home.

When celebrating the 4th of July Holiday, and at all times, drive carefully with courtesy and caution. It is your moral responsibility to drive and walk in a safe, sane manner at all times.

Be safe on the 4th and alive on the 5th.

## All Fireworks Illegal Here!

Fireworks of all types are capable of causing injury, State Fire Marshal J. C. Robertson has warned. He emphasized that even small fireworks such as sparklers and cracker balls have caused serious injuries, especially to children.

Maryland is fortunate in having the Model Fireworks Law in effect, Robertson stated. This law, which is enacted in states containing two-thirds of our country's population, prohibits the possession, sale or use of fireworks without a display permit from the State Fire Marshal's Office. Only paper caps for toy pistols are considered legal without such a permit. Permits are issued for public and private displays after certain safety re-

## ADMINISTRATRIX'S NOTICE

This is to give notice that the subscriber has obtained from the Orphans' Court of Frederick County, in Maryland, letters of Administration on the estate of CHARLES E. HILDEBRAND late of Frederick County, Maryland, Deceased. All persons having claims against the deceased are warned to exhibit the same, with the vouchers thereof, legally authenticated, to the subscriber, on or before the 4th day of January, 1967 next; they may otherwise by law be excluded from all benefit of said estate. Those indebted to the deceased are desired to make immediate payment.

Given under my hand this 27th day of June, 1966.

## LEGAL

NO. 21,334 EQUITY  
IN THE CIRCUIT COURT FOR  
FREDERICK COUNTY,  
MARYLAND

REX K. BLOOM  
112 Frederick Avenue  
Frederick, Maryland  
Vs.  
TWILA J. BLOOM  
1000 North Pine Street  
Wamego, Kansas 6547

## ORDER OF PUBLICATION

The object of this proceeding is to procure a divorce A MENSA ET THORO by the Plaintiff, Rex K. Bloom, from the Defendant, Twila J. Bloom, and for such other and further relief as the nature of the case may require.

The Bill states in substance, that the Plaintiff is a resident of Frederick County, State of Maryland, and has been so for more than one year last past; that the last known address of the Defendant was 1000 North Pine Street, Wamego, Kansas; that the Complainant was married to the Defendant on April 17, 1961 in Denver, Colorado before a duly commissioned Justice of the Peace in accordance with the laws of the State of Colorado; that as a result of said marriage one child was born, namely, Shawn Michael, aged four, who is presently in the care and custody of the Defendant; the Bill alleges that although the conduct of the Complainant toward the Defendant, Twila J. Bloom, has always been chaste, dutiful and affectionate, the Defendant, Twila J. Bloom, between the time of the said marriage and the filing of the Bill of Complaint, without just cause or reason, abandoned and deserted the Complainant on May 16, 1966 and is deliberate and final and the separation of the parties to this cause is beyond reasonable expectation of reconciliation.

It is thereupon, this 1st day of June, 1966 by the Circuit Court of Frederick County, in Equity, ORDERED that the Plaintiff, by causing a copy of this Order of Publication to be published for at least four consecutive weeks prior to the 9th day of July, 1966, in some newspaper in Frederick County, Maryland, giving notice to the Defendant, Twila J. Bloom, of the object and substance of the Bill of Complaint and warning her to be and appear in this Court, either in person or by Solicitor, on or before the 9th day of August, 1966, to show cause, if any she has, why the relief sought should not be granted.

quirements are met.

Law enforcement agencies should be advised of fireworks vendors operating in the State. Such individuals often make street sales to children. In most cases these individuals are also violating Federal statutes by transportation of fireworks across state lines into a state where they are illegal, the Fire Marshal's Office advised.

## Orioles Plan Game, Fireworks, Monday

Mitch Miller, famed master of

the sing-along, will be featured in the thirty-third annual Independence Day celebration at Memorial Stadium in Baltimore on the 4th of July, it was announced this week.

### KEEP IT SAFE AND SANE

Miller, star of his own NBC-TV show seen in Baltimore on WBAL-TV, heads up the entertainment portion of a program that starts with a baseball game between the Baltimore Orioles and Kansas City Athletics and winds up with one of the largest fireworks displays on the East Coast.

The Greater Northeast Baltimore Association, in conjunction with the Orioles, sponsors the program and uses its share of gate proceeds for charitable purposes.

The baseball game starts at 5:30 p.m. and will be played with an 8:15 o'clock curfew in effect. Immediately following the game, the entertainment begins with a performance by the widely traveled and highly regarded Mt. Carmel (Pa.) High School Band.

Under the direction of Miller, the audience will be invited to par-

ticipate in a sing-along. Assisting Miller will be the Singing Knights of Notre Dame Council 2901, Knights of Columbus, in Baltimore.

One of the top drum and bugle corps in Maryland, the St. Mary's Lancers, will make an appearance and a part of its performance will be the presentation of colors. Mrs. Irma Beasley, a member of the Greater Northeast committee, will lead the pledge of allegiance and the National Anthem will be sung by Joseph S. Eubanks, of Morgan State College, accompanied by the Archbishop Curley High School Band of Baltimore.

Master of ceremonies for the evening will be Al Stevens, a Baltimore radio personality.

The half-hour fireworks display, officials said, will begin at approximately 9:15 o'clock.

Stadium gates open at 4 o'clock and regular Oriole ticket prices will be in effect until 7 o'clock. At that time, tickets for admission to the post-game show and fireworks will be sold—50 cents for adults and 25 cents for children 12 and under—at the gates by the Northeast Association.

## SPORTS AFIELD

By Ted Kesting

Countless miles of beckoning trail await the venturesome tyro. The salubrious summer and fall vacation seasons will soon benignly descend upon us, and battalions of eager sportsmen will, like the sunshine itself, inundate the far reaches of our glorious North American wilderness. As usual, thousands will happily venture afield on horseback—and it follows that, in the inexorable succession of new generations, many citizens will be astride a faithful steed for the first time, according to John Jobson, Camping Editor of Sports Afield Magazine.

So we timidly and shyly reveal that a horse is not some new kind of four-wheel-drive or trail bike that burns oats and hay instead of gasoline. A horse is a warm-blooded mammal with eyes, ears,

brain, sensitivity and personality. Horses are individuals, like people. They have intent-to-please, hope, fancies, complexes, inner hostilities, fears, affection and varying intelligence and accumulated experience. There are wise and there are foolish horses. Some are loyal and understanding; others are (probably for their own excellent reasons) indifferent to the way the human race is running its affairs.

There are strong, enduring horses, and there are those that are weak. But most likely you'll find your horse extraordinarily gifted. He can see in the dark like an owl and find his way home the way a Manhattan cabby can find Times Square. He'll be blessed with extrasensory perception regarding safe footing, and with four hoofs he has the traction of a bulldozer. Horses have wonderful eyesight and a sense of smell. Most of them exemplify the words

patience and tolerance.

Chances are excellent your dude rancher, stableman, trail guide or outfitter (or whoever) will do his utmost to furnish you with a dependable mount whose powerful stamina will take you comfortably and safely into and out of that rugged Marlboro Country, pa'dner. But there are a few little things new riders should know. Do not stroll quietly up behind any horse without speaking. To do so may startle the lovable, gentle old beast into doing something that would dreadfully embarrass him, such as kicking you full in the chest. Saddle horses, by the by, are not so guilty of this as are pack horses—the entire heady reasons being too intricate to go into here.

Neither salt-water nor fresh-water fishermen need to be convinced of the effectiveness of lead-head jigs traditionally salt-water

lures, lead-head jigs have been used for years in fishing for blues, striped bass and other salt-water game fishes. More recently, lead-heads have invaded the fresh-water scene and have been found to be effective for panfishes, bass, big trout and others. These lures have a well-deserved place in any tackle box.—Sports Afield.

## Bare Facts On Viet Nam

What kind of blinders and what kind of moral code are the people using who are clamoring today for the extension of friend-

ship and aid to the Chinese Communists because, they say, the Reds are really not evil but are decent people driven by fear of an "arrogant" United States? Communists within the U. S. who trumpet this appeal are understandable. They are purposely helping the Communist. But it is difficult to find an answer for the powerful voices raised in the U. S. Senate, and elsewhere, in perfect concert with the Reds, calling for "generous understanding in our relations

with Red China," calling for formal recognition and a U. N. seat. It is difficult to understand these American voices — when the bare facts about the Chinese Communists are so evident on all sides.

Here is a scene portrayed in a motion picture being given wide circulation today throughout Red China and Asia (every American citizen needs to have this scene etched indelibly upon his mind's eye):

## Shocking Big Lie

An old man is lying on the ground, and an officer with a stock whip is flogging him. A young woman dashes forward to help, but is seized by two soldiers. The officer turns with a fiendish snarl and snatches her baby from her. The woman breaks free, but two more soldiers cross their rifles with fixed bayonets in front of her. Raising the child, the officer hurls it down onto the crossed bayonets. The woman shrieks. Grinning, the officer draws a revolver and shoots her. The officer and the soldiers are plainly Americans, the mother and the baby Vietnamese.

This horrible scene opens the new Chinese Communist film entitled "Victory Is Just Ahead." It is designed to tell the people of Red China and all of Asia that Americans, in Viet Nam and elsewhere, are brutal, cowardly, whip-cracking sadists, killing innocent women and babies and seeking to overrun the world.

The bare fact is that when these same Communist bosses

first spread their powers across the vast land-mass of China they executed, according to U. S. Government estimates, more than 20,000,000 Chinese whom, they felt, would be difficult to indoctrinate. These murders constituted the most monstrous crime in history.

## Part Of World-Wide War

When I was in Hong Kong not long ago I talked with pitiful refugees from Communist China and heard shocking accounts of the continuing reign of terror conducted by the Red bosses in an effort to keep the population servile. Other information gained in interviews supported the conviction that the Chinese and Viet Nam Reds plotted the South Viet Nam invasion (with Russian help) as a part of the world-wide "struggle against American imperialism."

An authority frequently used by members of the U. S. Senate Internal Security Subcommittee is Dr. Justus M. Van der Kroef, Senior Fellow at the Research Institute on Communist Affairs at Columbia University. In a recent paper, Dr. Van der Kroef noted: "DRV (Democratic Republic of Vietnam — the Communist Government of North Viet Nam) spokesmen no longer think of the Vietnam war simply as a single salient in the 'world people's struggle against American imperialism, but rather as the principal testing ground of that struggle and hence as a prime example for the anti-colonial and anti-imperialist Communist movement throughout the world.'"

## Stakes Are High

"Hanoi's claim in this respect (Dr. Van der Kroef writes) is loudly supported by the Chinese Communists. Peking's Defense Minister Lin Piao, in a widely noted address on China's victory over the Japanese in World War II, published early in September 1965, declared that the 'struggle of the Vietnamese people against U. S. aggression and for national salvation is now the focus of the struggle of the people of the world against U. S. aggression.'"

"But more than a year before, General Giap (Haiphong's Defense Minister) had already struck a similar note. The 'war for liberation' in South Vietnam, he said, was setting an example for other national liberation movements in the way in which a weak and small nation, by means of stubborn struggle, could be victorious over the American 'imperialists' and their special war (counter-guerrilla) strategy. The failure of the American effort in South Vietnam, Giap declared, would mean that this (opposition to Communism's advance) can be defeated anywhere in the world."

Thus the Reds are trying to prove in South Viet Nam that through small wars of "liberation" the whole world can be gained—for Communism. This is the important bare fact.

## SPORTS TIPS

## Carp Bait

Here are two favorites: a whole kernel of canned corn. Good bait and stays well on hook. Second favorite: Shredded wheat biscuits,

moisten with water and with a little cotton added (for body), roll in small balls.

## Bee Sting

Rub a bee sting with sugar. It is said to lessen the pain.

## Catch Minnows

Trolling a lure with pork rind attached, slowly over a collapsible net will often attract a few curious minnows.

## Waterproof Matches

Two shotgun shells will make a waterproof match case. Slip 16 gauge over a 20 or 12 gauge over 16. New plastic shells work even better than cardboard ones.

## Top Guide

Lose the top guide on your rod? A temporary guide can be made from a safety pin. Bend shank and wrap on to rod. Bend eye to proper angle.

## Filter Fly

Take the filter from your cig-

arette. Tie a few turns around it and stick a hook through. Makes a good fly rod popper.

## Lure Kit

Use empty plastic cigarette boxes to hold fishing lures in. Paint different colors for easy identification.

## Leaky Gum

Chewing gum will help reduce a rivet leak in aluminum boat. Chew gum well and stuff around outside of leak. Allow to harden, then enjoy a dry boat ride.

To increase the reliability and life of high-power modern electron tubes, a thin film of nickel is coated on the cathodes of the tubes.

Don't throw away a leaky or damaged air mattress; you can still use it. Make a rainproof and dustproof duffel bag out of it for camping.—Sports Afield.

## OFF AND RUNNING by John I. Day

## Venerable Colors

Aqueduct's Correction Handicap has nothing to do with an equine penal system for delinquent fillies and mares, although the names of some of its winners, such as Parading Lady, Red Belle, and Brazen Brat might infer that correction was in order.

The Correction for which this \$25,000 stakes event was named, was a crack race mare of the 1890's. A full sister to the great race horse and sire, Domino, Correction was a brilliant sprinter and won 36 races during her career on the turf. Oddly enough, the first winner of the Correction Handicap, which was inaugurated at Ja-

maica race track in 1940, was won by Little Risk, a direct male-line descendant of Correction's illustrious brother Domino.

John A. Morris, today a trustee of the New York Racing Association and Treasurer of Thoroughbred Racing Associations, and one-time president of Jamaica, would like one day to see his all scarlet colors victorious in the Correction. It was the same "all scarlet," perhaps the oldest silks still active in American racing, that Correction carried when she was winning races for J. A. and A. H. Morris, his father and grandfather.

## EFFICIENT FEEDING AND LIVESTOCK MANAGEMENT

By Dr. Gustav Bohstedt  
Emeritus Professor of Animal Husbandry  
University of Wisconsin

### Stilbestrol And Other Feed Additives

A dramatic newcomer in beef cattle feeding during the recent years has been stilbestrol, a synthetic chemical having the properties of estrogen, the female sex hormone.

In extensive experimental work at many experiment stations, stilbestrol has increased beef cattle gains by from 11 to 19%, with a saving of about 10% in feed per unit of gain.

A common allowance is 10 milligrams stilbestrol daily per steer and five milligrams per heifer, though heifers, producing

ing estrogen within their own bodies, do not respond to a stilbestrol additive as well as do steers. Stilbestrol should not be fed to any breeding animal, nor should sows and gilts intended for breeding follow cattle fed stilbestrol.

The use of stilbestrol is regulated by the Food and Drug Administration at Washington, and only feed manufacturers with proper mixing equipment are allowed to add it to feeds.

But stilbestrol may be implanted in steers as well as fed, and at a cost of only about 20 cents per steer instead of about 60 cents when fed for five months. Heifers should not be implanted.

Implantation is effective for 5 to 8 months. It commends itself where steers are on pasture or on wintering rations, therefore essentially on roughage rations, and when there is slightly increased gain, with no extra feed required for a given gain.

Antibiotics of the broad spectrum kind like aureomycin and terramycin are helpful especially during shipment or other periods of stress.

About 80 milligram daily per head may be fed continuously, or several times more than that for a week or two.

Enzymes and tranquilizers have given variable results and are not fed as consistently as some of the other feed additives.

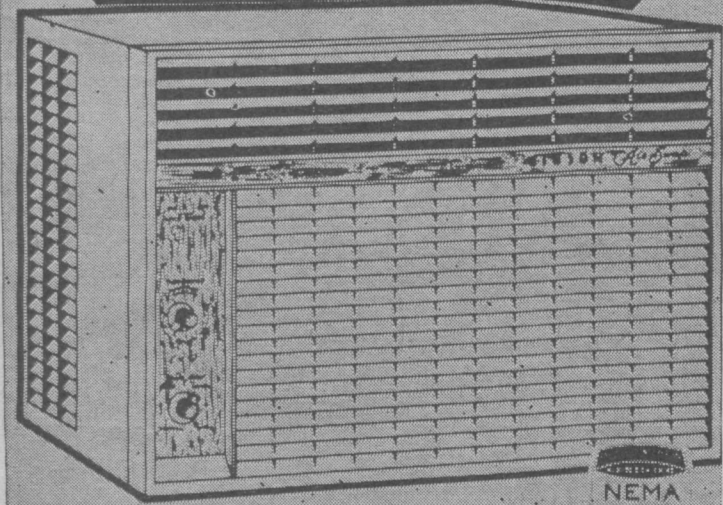

Question: Are milo and corn so much alike that one may substitute one for the other, both in yield per acre and in feeding value?

Answer: Within limits they are much alike. In typical corn belt areas and in typical sorghum belt areas each grain tends to be supreme because of its greater yield. In the marginal areas especially during dry growing seasons, the grain sorghums do better. During 3 years of experiments in South Dakota more beef was produced per acre from sorghum than from corn. In Kansas tests, trace mineral supplementation was more necessary with corn than with milo rations for steers. The trace minerals may be supplied conveniently in the form of trace mineralized salt.

Dr. Bohstedt

## BABSON

## Writes . . .

BY ROGER W. BABSON

Babson's Point of View On:  
Meeting Skilled  
Manpower Shortages

BABSON PARK, Mass., June 30—The manpower drought is about the worst in our history right now, and the reservoir of skilled and executive - type men and women is expected to dwindle still further. The problem is a rough one for employers in practically all lines of business. If you have any doubt about this, look at the "want" ads in any big-city newspaper and see how many pages they fill. Notice the wage - fringe come-ons, the frantic calls in big print from cities on the op-

posite sides of the nation.  
Worker Shortages Must Be Met

If a company is going to take advantage of our boom conditions, and plan intelligently for future opportunities, every method of building and maintaining top-notch personnel must be tried. Astute executives know this. Hence the frantic search for suitable job applicants via every possible source. This is the reason employers are offering bigger job benefits and fatter pay envelopes. This accounts for the "pirate" war going on among management officials in an effort to bid away top employees from their rivals.

Executives may have been a dime a dozen during the depression, but that's a long time ago and the situation now is diametrically different. New executives and management leaders are usually sought in the 35-44 age group, and this category is going to be on the decline for the next decade, according to population experts. This means that younger aspirants are being grabbed up as they come out of college, and polished for official positions. And the race will become more heated as the need for high-skilled workers increases.

**Worse Before It's Any Better**  
Don't think that conditions will be ironed out by some temporary cutbacks in auto production or in a occasional other industry or two. Within the next decade, it is estimated that management will need an additional 1,700,000 individuals, the professions perhaps 4,500,000 more. It has already been proven that electronic operations replace low-echelon employees, but the demand for highly educated and decision - making workers only expands.

Management should be prompt to upgrade employees within a plant so that younger newcomers may be trained and moved onto the starting rungs of the organization ladder. This is almost always wiser (and cheaper) than bringing in high-echelon outsiders at an exaggerated salary rate. Old-timers are more likely, too, to stick with a concern, less likely to be lured away with bright promises. In-plant training programs are a fine idea, and government help is usually available to help defray costs in such instances. Business colleges and trade schools are developing more programs for young men and women who want to further their education while still working.

#### Government Analyzing Worker Short-Spots

As always, there are places where the scarcity of labor is especially severe, — as well as places where there is some easing of the squeeze. The government is now issuing a monthly report to show where and in what industries labor shortages are most acute. Also, study is made of areas with surpluses. In plotting your personnel requirements for now and for the future, it would undoubtedly help you to receive these monthly summaries. Ask to be put on the mailing list for "Reports on Manpower Shortages and Reserves". Send your request to Commissioner Arthur Ross, Bureau of Labor Statistics, Labor Department, Washington, D. C. 20210.

Look into ways of strengthening your personnel, ways that you might not think of under normal conditions. See if any present workers possess unrealized skills that could be used for critical jobs. Reclassify work requirements to be sure they are not higher than need be. Inter-

view low-skill employees with an eye to increasing their potentials. Ask the unions to help you revise retirement policies so that older employees who are willing may be kept on. Increase the use of computers where possible to ease executive bottlenecks. And, as a last note, don't overlook the executive possibilities of women, especially those whose families have grown up and moved away from home.

#### WOMEN'S HEALTH

By Elizabeth Stewart  
Women's Medical News Service

##### Skin Protection From Sun A Must

Although suntan is the fashion decree for the coming months, the American Medical Association (AMA) warns that "excessive tanning can cause premature aging and wrinkling of the skin, and can be the trigger that brings about skin cancer."

If a suntan, not a burn, is what you'd like, be sure you anoint yourself liberally with a lotion or cream containing suncreening chemicals. Among the most effective (and they're worth remembering despite their impossible names!), notes the AMA, are those containing para-aminobenzoic acid and its derivatives, the salicylates, and a digalloyl trioleate compound. Read labels carefully to make sure the product you buy contains a sunscreen. If you're not certain, check with your druggist. Suntan lotions do not provide protection against sunburn unless they also contain a sunscreen agent.

Apply the protective product at least every two hours when you're in the sun, advises the AMA, as well as after each swim and whenever the protective film may have rubbed off.

After a session in the sun lubricate your skin with cream or lotion to prevent drying.

##### Babies Easier To Bear Than Rear

Americans who are poor have large families at least in part because they have not had the help they need to control their family size. However, the poor are not primarily responsible for the population explosion in the U. S. It is, rather, the more affluent four fifths of the population who are contributing most to the expansion, with three- and four-child families.

Dr. E. James Lieberman of the National Institute of Mental Health made these observations at a recent national conference on family planning. Noting that social pressures as well as the lack of attractive women's work outside the home are factors that impel middle-class couples to have as many children as they can afford, he observed: "If having a baby were somewhere near as difficult as rearing one well, the population problem would be solved." Dr. Lieberman urged that "efforts be made to prepare parents for parenthood in such a way that quality over quantity would be favored."

##### Accidents Lead As Child Killer

Although rapid advances in medicine in the past 25 years have reduced sharply the death rate of children aged one to 14, the time for complacency has not yet arrived. For accidents rather than disease are now taking an increasing proportion of children's lives. This sobering news comes from the Metropolitan Life Insurance Company, which calculates that in 1962-1963 accidents were responsible for about one third of all deaths among boys aged one to four and for nearly half the total at the school ages. Among girls almost one out of every three deaths in the age range one to 14 years resulted from injuries.

Motor vehicles are the major

cause of accidental deaths among preschool and school age children, followed by fires and drownings.

With school doors closed or closing throughout the country, motorists should be on the alert for darting youngsters. Parents should be strict and set unbreakable rules about ball playing in the street. They might also arrange for swimming lessons offered free-of-charge by many community agencies across the land.

#### Civil Service

##### Positions Available

The U. S. Civil Service Commission announced today, through its Board of Examiners, that applications are being accepted for a number of new positions located within the local commuting area.

The Board of U. S. Civil Service Examiners, Fort Detrick, Frederick, Maryland, is accepting applications until Aug. 2, 1966, for Janitor and until further notice for Electrician for filling vacancies at Fort Detrick and possibly other Federal agencies in this area. Janitor positions are restricted by law to persons with veterans pref-

erence. A veteran is defined as a person who has served more than 180 days of active military duty.

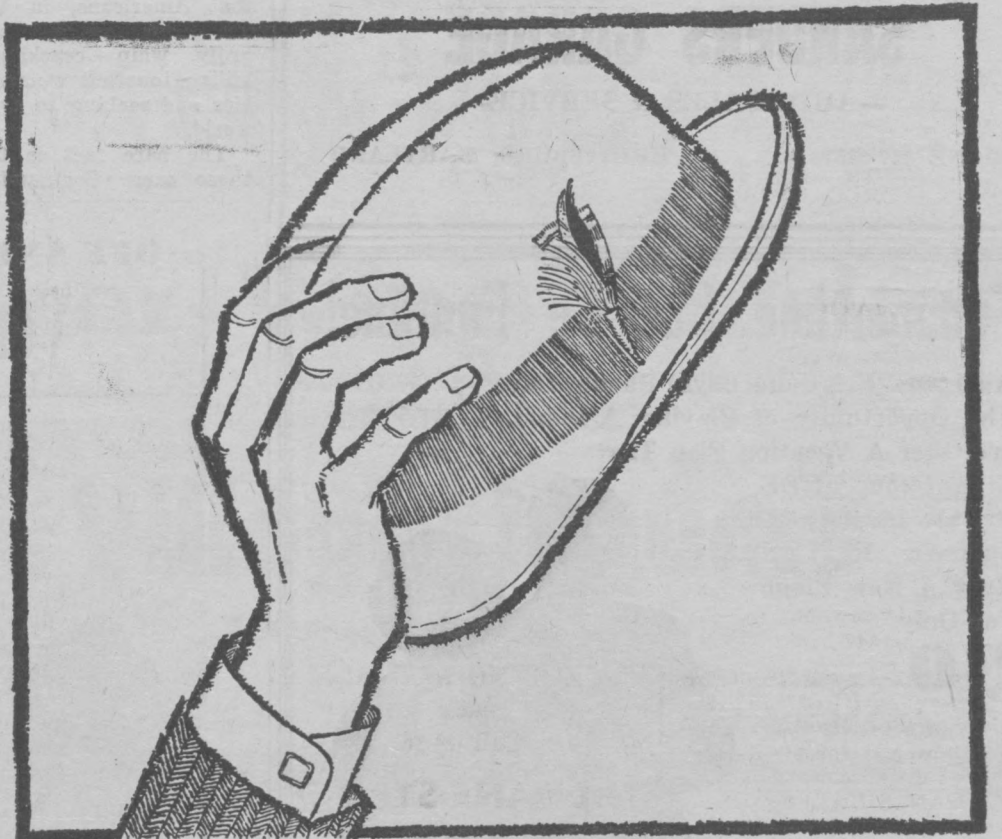

The Board of U. S. Civil Service Examiners, Letterkenny Army Depot, Chambersburg, Pennsylvania, is accepting applications until further notice for Electrician, Electrical Lineman, and Electrical Motor Repairer for filling vacancies at Letterkenny, and possibly other agencies in the area.

The National Park Service is accepting applications for Architect, GS-5 thru 12, Carpenter, Ma-

son, and Park Guide, for filling vacancies in the tri-state area.

Full information and application forms may be obtained from Mr. William F. Krepp, Examiner in Charge, Room 204, Post Office Bldg., Hagerstown, Md. 21740.

Addition of small amounts of nickel to the cast iron used in brake drums for heavy construction equipment has made it possible for the drums to operate to read heat without failure.

## To the star-spangled American boss

—And others who deserve it for doing a favor that you might not have thought about

Hats off to the many presidents and managers of companies who helped build the Payroll Savings Plan into what it is today—one of the most popular and easy ways to save money.

These business leaders provided the facilities and manpower necessary to operate the Plan—plus their own enthusiastic endorsement. And never stopped to count hours or pennies.

Thanks to them, over 8 million Americans—their employees—are building security and helping their country through this automatic savings plan.

There are others who have helped other millions of Americans own a share of their country. Volunteers in every walk of life. Folks in radio and TV, movies and the theater. Newspaper and magazine and billboard folks. And Bond "salesmen" in thousands of banks and savings institutions.

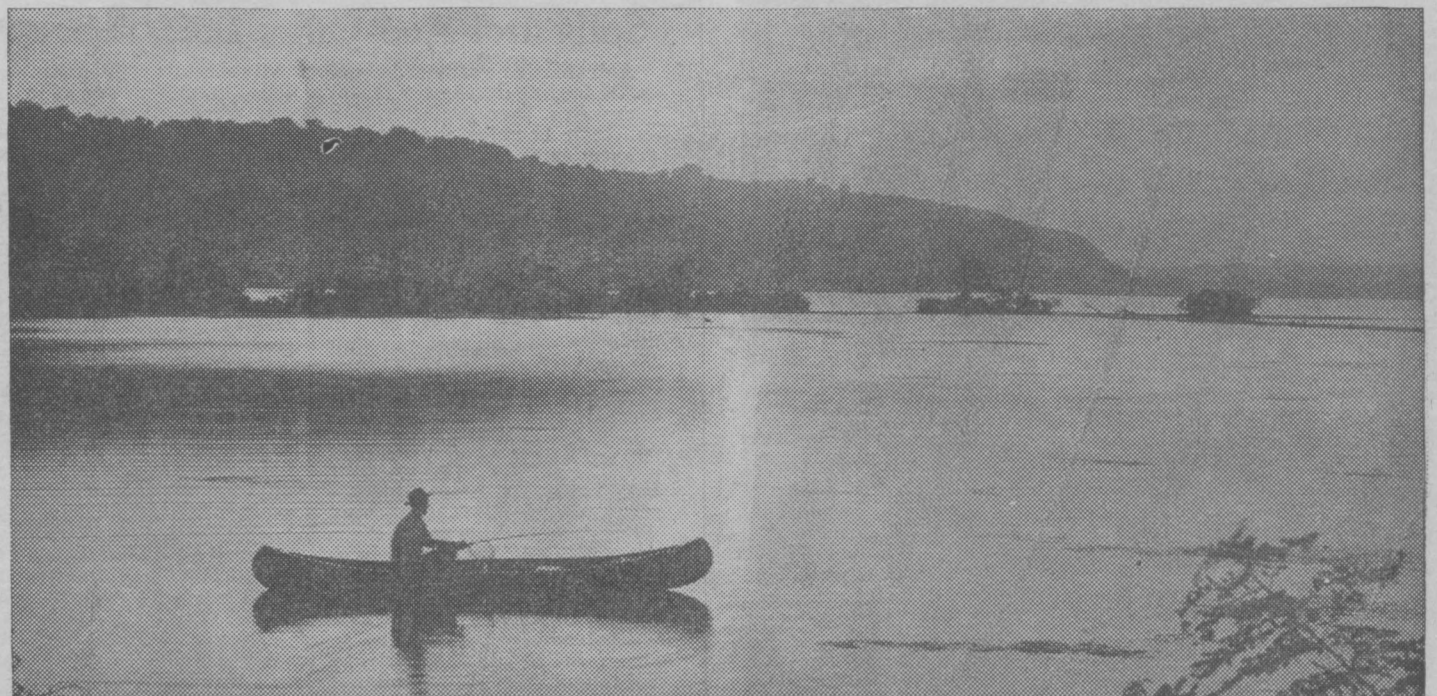

Buy Bonds at your bank, or on the Payroll Savings Plan where you work, and you'll see what a good idea it is. And the next time you see your boss (who helped make it so easy for you to save)—thank him.

He deserves it—from all 190 million of us.

## Western Maryland, ho!

Come to the land of the friendly fish. The lake and mountain country of Western Maryland.

Head west on historic U. S. 40, the old National Pike. Everything is there for you. Fishing, swimming, boating, breathtaking mountain views, hiking and cool, cool sleeping. Take your pick, or take it all.

There are a number of fine motels and hotels throughout the area. But here's a tip. Be sure to call ahead for reservations. After 8 p.m. weekdays and all day Sundays,

you can make a three-minute station call to any place in Maryland for only 40 cents or less.

How about checking on those friendly fish in person next weekend?

IN THE CIRCUIT COURT FOR  
FREDERICK COUNTY,  
MARYLAND

NAOMI J. LIPPS  
105½ East Patrick Street  
Frederick, Maryland

Vs.

RALPH F. LIPPS  
Chariton, Iowa

#### ORDER OF PUBLICATION

The object of this proceeding is to procure a divorce A VINCULO MATRIMONII by the Plaintiff, Naomi J. Lipps, from the Defendant, Ralph F. Lipps, and for such other and further relief as the nature of the case may require.

The Bill states in substance, that the Plaintiff is a resident of Frederick County, State of Maryland, and has been so for more than one year last past; that the whereabouts of the Defendant are presently unknown, but when last known was Chariton, Iowa; that the Complainant was married to the Defendant on October 9, 1928 in Frederick, Maryland at St. John's Roman Catholic Church by Father Farrell, regularly ordained minister of the Gospel; that as a result of said marriage two children were born, both of whom are of age and emancipated; the Bill further alleges that although the conduct of the Complainant toward the Defendant, Ralph F. Lipps, has always been chaste, dutiful and affectionate, the Defendant, Ralph F. Lipps, between the time of the said marriage and filing of the Bill of Complaint, without just cause or reason, abandoned and deserted the Complainant and that such abandonment and desertion has continued uninterrupted for a period of more than eighteen months prior to the filing of said Bill of Complaint and is deliberate and final and the separation of the parties to this cause is beyond any reasonable expectation of reconciliation.

It is thereupon, this 9th day of June, 1966, by the Circuit Court for Frederick County, in Equity, ORDERED that the Plaintiff, Naomi J. Lipps, be and she is, causing a copy of this Order of Publication to be published for at least four successive weeks prior to the 16th day of July, 1966, in some newspaper in Frederick County, Maryland, giving notice to the Defendant, Ralph F. Lipps, of the object and substance of the Bill of Complaint and warning him to be and appear in this Court, either in person or by Solicitor, on or before the 16th day of August, 1966, to show cause, if any he has, why the relief sought should not be granted.

## Stup To Seek Orphans' Court Seat

Howard Z. Stup has announced his candidacy for re-election as a judge of the Frederick County Orphans' Court, subject to the Democratic primary.

Stup, 59, is rounding out his first term on the orphans' Court bench this year. He was elected in 1962 in his first bid for elective office.

He is a lifelong resident of Frederick County, and attended public schools here. As a young man, he served with Headquarters Company of the Maryland National Guard.

## OUR LIBRARY

Some new and interesting books have arrived recently at the local library. One in particular that should interest our patrons is titled, "Water and Life," by Lorus and Margery Milne. In this their fifteenth book, the Milne's deal in their own fascinating and thoughtful way with the crucial importance of water to all life. An exploration into the crucial importance of water to all life, describing the ways we may save our civilization from overwhelming thirst.

The prospects of solar heat is fast becoming a reality. Coal, oil and gas are not going to last much longer. Population is growing at an astronomical rate and each of us demands more power all the time. According to this book it is high time that mankind really began to use the sun, as a free source of energy. "The Coming Age of Solar Energy," by Halacy.

"The Social Security Program in the United States," by Charles Schottland, should interest a number of individuals written by the former Commissioner of Social Security under President Eisenhower, this is an up-to-date descrip-

tion of the Social Security program in this book.

The "Handbook of Auto Camping," and Motorist's Guide to Public Campgrounds by George and Iris Wells. The handbook covers basic equipment for beginners, camping practices, trip planning, camp cooking, and other aspects of outdoor experience. It also describes different kinds of public lands available. Listed by states, this book will be valuable if you plan your vacation by camping.

## BIRTHDAY PARTY

A birthday party in honor of the sixteenth birthday of Tommy Houck, was held at Kump's Dam Friday evening, by his parents, Mr. and Mrs. James A. Houck, Sr. Gifts were opened and displayed by the guest of honor, refreshments were served and fun enjoyed by all.

Houck, Sr., Marc and Tommy, all of Emmitsburg; Mrs. Mary Houck, Mr. and Mrs. Luther Houck and Randy, Detour; Mr. Kenneth Houck, Mike and Cherry; Mr. and Mrs. James A. Houck, Jr., and Jimmy, of Taneytown; Mr. and Mrs. Carrollton Houck and Mary Anne, Rocky Ridge; Mr. and Mrs. Joseph Wantz, Virginia, Debbie, Jody, Jeff, Kenny and Joe Wantz, Thurmont; Miss Linda Stottlemeyer, Foxville; Dave Cool, Emmitsburg; Betty Brown, Littlestown; and Mr. and Mrs. Roy A. McGlaughlin, Skip and Todd, Fairfield.

Those not present but sending gifts were: Mrs. Mary Needy, Mrs. Ruth Sagre and Mr. and Mrs. Wilson Glass.

A Frederick County Roads Board member for five years before he was employed by the Roads Department, Jacobs is now also in charge of all new construction and repairs in Winchester Hall, the County Courthouse and in the County jail and the Montevue Home.

ing the hospital, the alcoholic patient is more likely to have his tuberculosis reactivated. Treatment of both diseases at the same time would bring about a significant drop in the recurrence rate of infectious tuberculosis.

A treatment program for alcoholics embodies psychiatric counseling and cooperation with Alcoholics Anonymous. The recommendation suggests that professional staffs of the tuberculosis hospitals be given the opportunity to visit existing treatment facilities for alcoholics and observe the program in operation.

## Jacobs Files

### For Sheriff

Criminal P. Jacobs, county roads maintenance supervisor, has filed as a Democratic candidate for sheriff of Frederick County. The job pays \$7,500 and maintenance. Jacobs, 51, won the Democratic nomination for sheriff four years ago but was defeated in the general election.

Jacobs has traveled throughout Frederick County for the past three and one half years obtaining rights of way for all county road construction work and checking on building permits.

A Frederick County Roads Board member for five years before he was employed by the Roads Department, Jacobs is now also in charge of all new construction and repairs in Winchester Hall, the County Courthouse and in the County jail and the Montevue Home.

partment, Jacobs is now also in charge of all new construction and repairs in Winchester Hall, the County Courthouse and in the County jail and the Montevue Home.

Before joining the Roads Department, he operated two dairy farms totalling 250 acres in the Woodville area.

## Byron Is Candidate For State Senator

Delegat Goodloe E. Byron this week filed for election as State Senator in the Frederick-Carroll County senatorial district.

Byron, a Democrat, filed his candidacy in Annapolis on his 57th birthday.

Byron is completing a four-year term as a member of the House of Delegates this year. He was elected in 1962 in his first bid for elective office, and received the second highest number of votes in the general election of all candidates for the House.

During the past four years, Byron has successfully sponsored legislation creating a state water and sewer loan fund, a state school construction planning service, tax credits for historical buildings, regional councils of governments, tax reductions for medical expenses for the elderly, and tax exemption of combat pay of servicemen.

## Powell Seeks Job As Committeeman

Austin C. Powell, chairman of the Democratic state central committee of Frederick County, has filed as a candidate for re-election to the committee.

Powell, 53, has been a member of the committee for the past eight years. He serves as chairman this term and was vice-chairman before.

In his only other bid for public office he was defeated in the Democratic primary in 1954 by Arthur Huffman when he sought the office of sheriff.

## HIGHWAY SAFETY IS EVERYONE'S JOB!

## Notice To Water Consumers

The Water supply for the town of Emmitsburg is more than adequate at the present time and the town is prepared to meet an emergency should it arise. We are concerned, however, that we may go through a prolonged period of time without rain. For this reason we are imposing a partial water ban as follows:

1. Watering of lawns will not be permitted at anytime.
2. Pavement washing will not be permitted.
3. No all night sprinkling will be permitted—automatic sprinklers must be discontinued by 11:00 p.m.

It is permissible to water gardens, flowers, shrubbery, etc., so long as the foregoing regulations are complied with.

We are aware and appreciative of the concern being exercised by most consumers in the matter of water conservation. For this reason the town will take immediate action to install a water meter on the lines of any person offending these regulations or any that may be imposed at a future date.

BURGESS AND COMMISSIONERS OF EMMITSBURG

### Rothenhoefer Files

States Attorney Robert S. Rothenhoefer has announced his intention to run as a Democratic candidate to succeed himself for a second four year term.

Rothenhoefer, who will be 44 this month, was appointed States Attorney by the judges of the circuit court to fill a vacancy in that office in 1959 and has been serving for the last seven years.

He was elected to the position in 1962 without opposition in the Democratic primary.

The States Attorney position will pay a salary of \$7,500 annually in the next administration, by act of the State Legislature.

It has previously paid only \$5,000 annually.

### Taneytown Lions Club Holds Election

Shown in the picture is Donald Lawyer, center, right, presenting President's Gavel to incoming President Delmont Koons, at the installation of officers of the Taneytown Lions Club held Monday night. Others pictured are: Donald Gent, Harry Dougherty, Jr., James Trenary, Charles Little, John Hottinger, installing officer, and Herbert Bowers.

The Taneytown Lions Club installed their new officers at the Ladies Night meeting on June 28 at Taney Inn. Music by Lion Delmar Riffle was enjoyed by all with group singing led by Lion Keith Brown and Lion Murray Baumgardner. Invocation was asked by Lion Frank Dunham.

Lion President Donald Lawyer presiding at his last official meeting as president, introduced Lion Delmar Riffle, program chairman

of the evening.

The guest speaker, a former native to Taneytown, was John Hottinger from the Glade Valley Lions Club of Walkersville, where he now resides. Lion Hottinger was president of the Taneytown Lions Club 1960-62.

The new officers inducted by Lion Hottinger for the year 1966-1967 are:

President, Delmont Koons; first vice president, Charles Little; sec-

ond vice president, Herbert Bowers; third vice president, Harry Dougherty, Jr.; secretary-treasurer, James Trenary; taitwister, Donald Gent; liontamer, Keith Brown; directors for one year, Ralph Stonesifer and Homer Myers; directors for two years, Donald Wantz and John Wetzel.

After a brief acceptance speech, new Lion President Delmont Koons presented Donald Lawyer with a Past President's Pin. Delmont Koons was also presented with a President's Pin.

The Lions Club has had a very successful year under the able leadership of Donald Lawyer and his cabinet and the club is looking forward to another successful year under the direction of Lion Koons.

The next meeting will be on July

12 and will be the family picnic to be held at the Taneytown Memorial Park. Lion Ralph Stonesifer is general chairman of the picnic.

### Virts To Seek Delegate Seat

Delegate C. Clifton Virts, who has been a Frederick County member of the Maryland House of Delegates for the past 20 years, has filed for another four year term.

He serves on the House Judiciary Committee which rules on all proposed changes in the state law.

Virts also serves as chairman of the Veterans, Militia and State Police Committees.

Chairman of the Frederick County delegation at Annapolis for the

past 12 years, the 56-year-old blind legislator is considered one of the "deans" of the state legislature.

He was first elected in 1946, receiving the second highest number of votes in both the Democratic primary and in the general election in his first try for political office.

Virts was re-elected in 1950, 1954, 1958 and 1962, heading the ticket in number of votes the last three elections.

Born in 1910 in Leesburg, Va.,

he was blinded by a dynamite explosion when he was nine years old.

### Sets Picnic Date

Rt. Rev. Msgr. Louis J. Yeager, pastor of the Church of St. Ignatius Loyola, Buchanan Valley, announced to his congregation Sunday that the annual Buchanan Valley picnic will be held Saturday, August 27.
